EXECUTIVE SUMMARY

COLUMBINE INVESTIGATIVE TASK FORCE
LIBRARY TEAM - TEAM V
APD CR 99-12067/JCSO CR 99-7625

ADMINISTRATIVE SUMMARY

Team V was assigned the responsibility of investigating the events, which transpired in the Columbine High School library on April 20, 1999. In order to accomplish that task, Team V was required to conduct detailed interviews with surviving victims and witnesses. In conjunction with the victim/witness interviews, Team V utilized the 911 tape, physical evidence collected at the scene, ballistic reports, medical reports and autopsy reports to determine the sequence of events as they occurred in the library. In addition, Team V consulted with the Jefferson County Coroner and various pathologists to assist in determining the suspects' actions while in the library.

Team V was comprised of six investigators from various agencies. The investigators are identified as Detective R. Boatright, Arvada Police Department (team leader), Detective Diane Obbema, Jefferson County Sheriff's Office, Special Agent John Elvig, Federal Bureau of Investigation, Investigator Jim Burkhalter, Jefferson County District Attorney's Office, Investigator Mike Gallagher, Jefferson County District Attorney's Office and Detective Brice Moomaw, Arapahoe County Sheriff's Office. Detectives Boatright and Obbema along with Special Agent Elvig conducted all interviews with surviving library victims and witnesses. Team V determined there were a total of 56 people present in the library at the time the suspects entered. Of the 56 people present, four were faculty/staff (all female), while the remaining 52 individuals were students. In terms of the 52 students, 24 were male, while 28 were female. Students were of various grades and ranged in age from 15 to 18.

Based on the totality of the investigation, only two suspects were identified as being responsible for injuring or killing those present in the library. The two suspects were identified as Eric Harris and Dylan Klebold. There were no discrepancies regarding that issue. In respect to those present in the library, 14 received injuries of varying degrees while 10 were murdered. The injured were identified as follows:

1. Brian Anderson (treated and released) - shot by Harris (actually injured by west doors prior to entering the library).
2. Jennifer Doyle (hospitalized) - shot by Klebold.
3. Steven Eubanks (treated and released) - shot by Harris.
4. Makai Hall (hospitalized) - shot by Klebold.
5. Patrick Ireland (hospitalized) - shot by Klebold.
6. Mark Kintgen (hospitalized) - shot by Klebold.
7. Lisa Kreutz (hospitalized) - shot by both Klebold and Harris.
8. Patricia Nielsen (treated and released) - shot by Harris (actually injured by west doors prior to entering the library).
9. Nicole Nowlen (hospitalized) - shot by Harris.
10. Kacey Reugsegger (hospitalized) - shot by Harris.
11. Jeanna Park (hospitalized) - shot by Harris.
12. Valeen Schnurr (hospitalized) - shot by Klebold.

13. Danny Steepleton (hospitalized) - shot by Klebold.
14. Evan Todd (hospitalized) - shot by Harris.

To summarize the above information, Eric Harris was responsible for injuring seven people by himself while Dylan Klebold injured six people. Dylan Klebold and Eric Harris were both responsible for injuring one of the individuals.

The deceased were identified as follows:

1. Cassie Bernall - shot by Harris.
2. Steven Curnow - shot by Harris.
3. Corey DePooter - shot by Klebold and Harris.
4. Kelly Fleming - shot by Harris.
5. Matthew Kechter - shot by Klebold.
6. Daniel Mauser - shot by Harris.
7. Isaiah Shoels - shot by Harris.
8. John Tomlin - shot by both Klebold and Harris.
9. Lauren Townsend - shot by both Klebold and Harris.
10. Kyle Velasquez - shot by Klebold.

In summary, Eric Harris was responsible for killing five students, while Dylan Klebold killed two. Together Eric Harris and Dylan Klebold killed an additional three students.

INVESTIGATION DOCUMENTATION

Team V prepared individual detailed reports related to all interviews conducted. Each of those interviews were summarized in a standardized format for quick reference of specific information. All victim/witness interviews were compared to the physical evidence, ballistic reports, medical reports and autopsy reports for consistency where applicable. After analyzing the above investigative materials, an event summary was prepared describing each significant occurrence while the suspects occupied the library. The event summary is supported by 47 individual event diagrams. Various other diagrams were also prepared to identify each individual's location at the time of this incident while other diagrams were utilized to identify the location of physical evidence.

COMMON VICTIM/WITNESS PERCEPTIONS DURING THE INCIDENT

(Not contained in the summaries.)

1. Initially heard popping sounds which did not arose any concern (some student thought they were hearing construction noises).
2. During the initial phase of this incident believed the suspects were engaging in a senior prank.
3. The belief they were actually hiding at the point the suspects entered the library.
4. The inability to estimate the number of gunshots during the course of the incident.
5. Inability to distinguish between the gunshots and explosions.
6. Distortion of time.
7. The belief the suspects were enjoying themselves during the incident.

8. Impaired observations or recall at the point the suspects came within close proximity of their location.
9. For those who were injured (even slightly), the belief they were the last one shot (impaired recall after being injured).
10. The belief playing dead would discourage additional violence.
11. The belief they were one of the last people to leave the library (most students failed to provide assistance to anyone when leaving the library).
12. Many of victims/witnesses were able to recall various details of the incident but had difficulty recalling the events in chronological order.
13. It was evident the media had an impact on witness' statements. Those problems were rectified during the interviews.

SUMMARY OF EVENTS OCCURRING IN THE LIBRARY

On 04/20/99 at approximately 1120 hours, witnesses in the Columbine High School library began to hear what was described as popping noises coming from the northwest outside area of the school. A short time later witnesses described hearing what they now believed were gunshots and explosions inside the school. Some of the witnesses described hearing those sounds emanating from the commons area, in addition to directly outside the library. During that time frame, both Eric Harris and Dylan Klebold are seen in the hall directly outside the library. Eric Harris is subsequently seen in the hall outside the library throwing a lit device (resembling "dynamite") in a southerly direction. Moments later there is an explosion in the hall directly outside the library.

At approximately 1132 hours Eric Harris enters the library and he is seen firing two shotgun rounds in a westerly direction with a pump action shotgun (pellets). Flying wood splinters injures Evan Todd, who is hiding behind a copier stand.

Both Eric Harris and Dylan Klebold are then described entering the library and moving in a westerly direction. Dylan Klebold is subsequently seen shooting a double barrel shotgun (pellets) towards the north computer table as he moves west past the main counter of the library. (The investigation disclosed Kyle Velasquez was shot twice with shotgun pellets while seated at the north computer table.)

Eric Harris and Dylan Klebold are next seen setting down backpacks on the southeast corner of the south computer table. Both suspects are then seen walking west between the north and south computer tables.

Witnesses reported Dylan Klebold stopped at the west end of the computer tables while Eric Harris continued around and then began walking south. After arriving on the south side of the computer tables, Eric Harris got down on his left knee and began shooting out the west library windows. According to witnesses, Dylan Klebold subsequently positioned himself east of Eric Harris and ducked down. Witnesses reported Klebold subsequently fired a weapon in the direction of the west windows.

Dylan Klebold is next seen dropping his black trench coat just to the north side of table #18. During that same time frame, Eric Harris is seen shooting Steven Curnow with a pump action

shotgun (slug). Eric Harris is then seen shooting Kacey Reugsegger with the same pump action shotgun (slug).

According to witnesses, Eric Harris then walked to the south side of table #19 where he slapped the table top twice with his left hand and states, "Peek-a-boo." Eric Harris then points the pump action shotgun under table #19 (held in his right hand) and shoots Cassie Bernall (pellets). After shooting Cassie Bernall, Eric Harris turned to Bree Pasquale and asked her if she wanted to die. Bree Pasquale begged for her life during which time she observed blood began to flow from Eric Harris' nose.

Dylan Klebold is next described firing a shotgun in a southerly direction at table #15 hitting Daniel Steepleton and Makai Hall with pellet rounds. As Patrick Ireland attempts to administer first aid to Hall, he is shot with a second shotgun round (pellets).

Witnesses next described Isaiah Shoels as he was scooting backwards to the east while under table #16. Dylan Klebold subsequently moves to the east side of table #16 and is seen grabbing Isaiah Shoels in an effort to pull him from underneath the table. During the same time frame Eric Harris moves towards table #16 (from the west) and fires the pump action shotgun (slug) shooting Shoels. Klebold is then observed firing a double barrel shotgun under table #16 from the east side, shooting Kechter with a slug round.

While standing to the west side of table #16, Eric Harris is seen throwing a device referred to as a "cricket" in a southerly direction. The device rolled under table #15 making contact with Daniel Steepleton's body. The device is retrieved by Makai Hall and thrown to the south, where it explodes. Around that same time frame witnesses describe seeing smoke rising from the abdominal area of Matthew Kechter, who was located under table #16. (Note: this is the area where Harris was standing when he threw the "cricket" and there is a clear match strike mark on top of table #16.)

Witnesses next describe Eric Harris as he moves south in the library to the west bookshelves where he jumps up on the shelves and begins shaking them back and forth swearing. Eric Harris then walks between the bookshelves (moving in an easterly direction) where witnesses lose sight of him. Witnesses did report hearing books being shot in the area near the west set of bookshelves shortly after Eric Harris walked into that area.

At the same time witnesses explained seeing Dylan Klebold walking on the north side of the library (south of the main counter) moving in an easterly direction. Dylan Klebold continues moving east, stopping near the entrance to the library (north of the display case). Dylan Klebold then fires a Tech 9 into the display case. Witnesses reported Dylan Klebold then moved back around the display case and fired one double barrel shotgun round (pellets) under table #1 hitting Mark Kintgen. Dylan Klebold then stepped east towards table #2 and fired one double barrel shotgun round (pellets) under that same table, hitting both Valeen Schnurr and Lisa Kreutz. Klebold then continued walking south along the west side of table #2, firing multiple rounds (rapid fashion) with the Tech 9 under that same table, hitting Townsend.

Witnesses subsequently see Eric Harris entering the east section of the library (near table #3) from a pathway between the bookshelves. Dylan Klebold subsequently moves west of table #3

near where Eric Harris is standing, after which one of the suspects looked under that same table and states, "Pathetic."

Witnesses next describe both Eric Harris and Dylan Klebold moving to the south of table #5 where it is reported they begin reloading. It is during this time frame one of the suspects begins taunting Valeen Schnurr regarding her belief in God.

Eric Harris is next seen stepping east towards table #6 and pointing the pump action shotgun under that table firing twice (pellets) hitting both Nicole Nowlen and John Tomlin. At approximately the same time Dylan Klebold moves south/east past table #6 standing near John Tomlin (now lying on the east side of table #6) where he then shoots the forenamed four times with the Tech 9.

Eric Harris is next seen moving northeast of table #6, where he shoots Kelly Fleming once with a pump action shotgun (pellets). Once Eric Harris has repositioned himself to the east side of table #4, he then again fires the pump action shotgun under table #2, hitting Lauren Townsend, Jeanna Park and Lisa Kreutz with pellets. Eric Harris subsequently walks to the south library windows and begins damaging the blinds as he looks out into the south parking lot and comments about the police.

Witnesses report Eric Harris and Dylan Klebold then passed through the east side bookshelves in the center section where another reloading process took place at table #13. During that time Eric Harris was seen walking north through the center section to the south computer table where he gained access to the blue backpack reportedly containing ammunition. Eric Harris then returned to an area near table #11. While at that location Eric Harris asked a student under table #11 to identify himself. The student identified himself as John Savage. Eric Harris then moved north of table #11 as Dylan Klebold made contact with John Savage. Dylan Klebold eventually told John Savage to leave the library, which he does.

While standing north of table #11, Eric Harris then shot Daniel Mauser twice (who was located under table #9) with a high point carbine rifle.

Eric Harris and Dylan Klebold then moved south in the library towards table #14. Dylan Klebold then begins firing under table #14 with his Tech 9, hitting Corey DePooter. Eric Harris then begins firing with the high point carbine rifle under the same table, hitting Corey DePooter and Jennifer Doyle. (Note: A fourth 9 mm. round was fired under table #14 hitting Austin Eubanks. The origin of that round cannot be determined.)

Witnesses reported Dylan Klebold and Eric Harris then moved north in the center section of the library and are seen together as they pass by the east side of table #7. Dylan Klebold and Eric Harris then proceed to the southeast corner of the far south computer table. Eric Harris is then seen throwing a device with an orange liquid (southerly direction) in the west section of the library. There was no sound associated with that device being thrown.

Witnesses reported Dylan Klebold then walked around behind the main counter from the west while Eric Harris walked around the counter from the east. At that point Dylan Klebold confronts and threatens Evan Todd, who is now hiding behind the main counter. The investigation revealed Dylan Klebold turned away from Evan Todd and fired a 9 mm. round

back into the "kitchen" area of the library, striking a television. Dylan Klebold and Eric Harris next discussed leaving the library and going to the "commons." Prior to leaving the library, Dylan Klebold slams a chair down on a computer terminal (located on the main counter). Dylan Klebold and Eric Harris subsequently leave the library at approximately 1139 hours. (Note: From the point the suspects entered the library until the time they left was approximately 7 1/2 minutes.)

Most victims and witnesses begin to leave the library, exiting out the north door. A short time later Patricia Nielsen crawls into the break room ("kitchen") and hides in a cupboard. Carol Weld and Lois Keen remain hidden in the television studio. Peggy Dodd was hiding in the periodicals room. All the above named remained in the library until they were evacuated by SWAT. Note: John Ireland laid near table #15 seriously injured and later climbed out a west window. Lisa Kreutz laid seriously injured under table #2 and was evacuated by SWAT.

Team V did not conduct an investigation related to the suspects' activities after leaving the library. Additionally, Team V did not conduct any investigation into the deaths of Eric Harris or Dylan Klebold.

Event #1: Klebold is seen walking south past the library window. Observed by Schnurr (LY9).

Event #2: Klebold is seen standing outside the library window (hallway area) with a weapon. Observed by Kreutz (LY10), Park (LY11) and Nowlen (LY12).

Event #3: Harris is seen standing in the hall outside the library throwing a lit device (resembling "dynamite") in a southerly direction. Moments later there's an explosion in the hall directly outside the library. Observed by Todd (LY2).

Event #4: As Harris enters the library he is seen firing two gunshot rounds in a westerly direction with a pump action shotgun (pellets). Todd, who is hiding behind the copier stand, is injured by flying wood splinters. Observed by Todd (LY2), Welsh (LG33), and Lapp (LG31).

Event #5: Both Harris and Klebold are seen entering the library and moving in a westerly direction. Observed by Schnurr (LY9), Kintgen (LY8), Lagos (LG20), Todd (LY2), Eubanks (LY14), Jacobson (LG19), Holiday (LG22), Wyant (LG7), and Johnson (LG16).

Event #6: Klebold is seen shooting the double barrel shotgun (pellets) towards the north computer table as he moves west past the main counter in the library. Observed by Savage (LG25), Houy (LG29), Hall (LY6), and Welsh (LG33). The investigation disclosed Velasquez was shot twice with shotgun pellets while seated at the north computer table.

Event #7: Klebold and Harris are seen setting down backpacks on the south computer table. Observed by Steepleton (LY5), Greenwood (LG11), Wyant (LG7) and Welsh (LG33).

Event #8: Klebold and Harris are seen walking west between the north and south computer tables. Observed by Pasquale (LG10), Johnson (LG16), Steepleton (LY5), Hall (LY6), and Fair (LG9).

Event #9: Klebold stops at the west end of the computer tables while Harris continues and begins walking south. After arriving on the south side of the computer tables, Harris gets down on his left knee and begins shooting out the west library windows. Klebold subsequently positions himself east of Harris and ducks down. Klebold subsequently fires out the west window and then turns south firing his shotgun at table #15. Steepleton, Hall and Ireland are hit with pellet rounds. Observed by Pasquale (LG10), Johnson (LG16), Steepleton (LY5), Hall (LY6),
Welsh (LG33), and Greenwood (LG11).

Event #10: Klebold is seen dropping his black trench coat on the north side of table #18. Observed by Ruegsegger (LY3) and Johnson (LG16).

Event #11: Harris is seen shooting Curnow with the pump action shotgun (slug). Observed by Welsh (LG33), Ruegsegger (LY3), and Johnson (LG16).

Event #12: Harris is seen shooting Ruegsegger with a pump action shotgun (slug). Observed by Greenwood (LG11), Welsh (LG33), Ruegsegger (LY3), Johnson (LG16), Pasquale (LG10), and Stair (LG6).

Event #13: Harris walks to the south side of table #19, slaps the table top twice with his left hand and states, "Peek a boo." Harris then points the pump action shotgun under table #19 (held in his right hand) and shoots Bernal (pellets). Observed by Pasquale (LG10), Kirkland (LG13), Cohn (LG12), Wyant (LG7), and Schnurr (LY9).

Event #14: After shooting Bernal, Harris turns to Pasquale and asks her if she wants to die. Pasquale observes blood begin to flow from Harris' nose. Observed by Pasquale (LG10), Wyant (LG7), Scott (LG15), Johnson (LG16), Hall (LY6), and Cohn (LG12).

Event #15: Klebold is seen firing a shotgun (pellets) back at table #15 hitting Ireland as he attempts to administer first aid to Hall. Observed by Steepleton (LY5), Hall (LY6), Kirkland (LG13), Pasquale (LG10), and Ireland (LY7).

Event #16: Shoels is observed scooting backwards to the east while under table #16. Klebold moves to the east side of table #16 and is seen grabbing Shoels in an effort to pull him from under the table. Observed by Scott (LG15) and Park (LG14).

Event #17: Harris moves toward table #16 (from the west) and fires the pump action shotgun (slug) shooting Shoels. Observed by Pasquale (LG10), and Salmon (LG8).

Event #18: Klebold is observed firing a double barrel shotgun under table #16 from the east side, shooting Kechter with a slug. Observed by Park (LG14).

Event #19: While standing to the west of table #16, Harris is seen throwing a device referred to as a "Cricket" in a southerly direction. The device rolled under table #15 making contact with Steepleton's body. The device is retrieved by Hall and thrown in a southerly direction where it explodes south of table #15. Observed by Steepleton (LY5), Hall (LY6), Pasquale (LG10), and Greenwood (LG11).

Event #20: Smoke is seen raising from the abdominal area of Kechter under table #16. Note: This is the area that Harris was standing when he threw the "cricket " and there is a clear match strike mark on top of table #16. Observed by Salmon (LG8), Fair (LG9), and Scott (LG15).

Event #21: Harris moves south to the west bookshelves where he jumps on the shelves and begins shaking them back and forth. Harris then walks between the bookshelves moving in an easterly direction. Observed by Pasquale (LG10).

Event #22: Harris walks north between the west bookshelves. He fires shots southward at the bookshelves (pellets). Observed by Parker (LG27), Doyle, (LY13), Houy (LG29), Schnurr (LY9), Lagos (LG20), Holliday (LG22), Perez (LG17), and Park (LY11).

Event #23: Klebold is seen walking on the north side of the library (south of the main counter) moving in an easterly direction. Klebold continues moving east, stopping near the entrance to the library (north of display case). Klebold then fires the Tech9 into the display case. Observed by Greenwood (LG11), Kintgen (LY8), Lapp (LG31), Welsh (LG33) and Perez (LG17).

Event #24: Klebold moves back around the display case and fires one double barrel shotgun round (pellets) under table #1 hitting Kintgen. Observed by Kintgen (LY8), Blair (LG18) and Kreutz (LY10).

Event #25: Klebold steps east towards table #2 and fires one double barrel shotgun round (pellets) under that same table hitting Schnurr and Kreutz. Observed by Kreutz (LY10), Jacobson (LG19), Schnurr (LY9) and Blair (LG18).

Event #26: Klebold walks south along the west side of table #2 firing multiple rounds (rapid fashion) with the Tech9 under that same table hitting Townsend. Observed by Blair (LG18) and Perez (LG17).

Event #27: Harris seen entering the east section of the library (near table #3) from a pathway between the book shelves. Observed by Jacobson (LG19).

Event #28: Klebold moves west of table #3 near Harris after which one of the suspects looks under that same table and states, "Pathetic." Observed by Jacobson (LG19) and Blair (LG18).

Event #29: Klebold and Harris move south to table #5 where reloading occurred and one of the suspects then taunts Schnurr regarding God. Observed by Ball (LG23), Schnurr (LY9), Jacobson (LG19), Blair (LG18), Savage (LG25), Holliday (LG22), Kintgen (LY8), Nielson (LY1), Scott (LG15), Lapp (LG31), Todd (LY2), Elmore (LG26), Nowlen (LY12), Welsh (LG33), Bollerud (LG32), Kreutz (LY10), Park (LY11), and Steepleton (LY5).

Event #30: Harris steps east towards table #6 and points the pump action shotgun under that table firing twice (pellets) hitting Nowlen and Tomlin. Observed by Nowlen (LY12).

Event #31: Klebold moves south/east past table #6 and stands near Tomlin (now lying east of table #6) where he then shoots Tomlin four times with the Tech9. Observed by Nowlen (LY12).

Event #32: Harris moves northeast of table #6 and shoots Fleming once with the pump action shotgun (pellets). From the east side of table #4, Harris fires the pump action shotgun under table #2 hitting Townsend, Park, and Kreutz with pellets. Observed by Savage (LG25), Blair (LG18), Kreutz (LY10), Schnurr (LY9) and Park (LY11) and Perez (LG17).

Event #33: Harris goes to the south library windows and looks out into the south parking lot (damaging the blinds, identified as W15 on the diagram). Observed by Jacobson (LG19), Elmore (LG26) and Lagos (LG20).

Event #34: Klebold and Harris pass through the east side book shelves into the center section. Both suspects stand near table #13 where reloading occurs. Observed by Holiday (LG22), Ball (LG23), Doyle (LY13), Eubanks (LY14), Lagos (LG20), Huntington (LG22), Savage (LG25), Lapp (LG31), Welsh (LG33), and Woodman (LG28).

Event #35: Harris walks north to the south computer table to gain access to the blue backpack reportedly containing ammunition. Harris then returns to the area near tables #11 and #13. Observed by Savage (LG25), Parker (LG27), Welsh (LG33), and Johnson (LG16).

Event #36: Harris asks the student under table #11 to identify himself. The student identified himself as John Savage. Harris moves north of table #11 as Klebold contacts Savage. Klebold eventually tells Savage to leave the library, which he does. Observed by Savage (LG25), Eubanks (LY14), Ball (LG23), Doyle (LY13), Huntington (LG21), Holiday (LG22), Greenwood (LG11), Lapp (LG31), Elmore (LG26), Parker (LG27), Woodman (LG28),

Bollerud (LG32), Houy (LG30), Perez (LG17), Lagos (LG20), and Hall (LY6).

Event #37: While standing north of table #11 Harris shoots Mauser twice with the high point rifle. Mauser is located under table #9. Observed by Blair (LG18), Jacobson (LG19), Lapp (LG31), Elmore (LG26) and Parker (LG27).

Event #38: Harris and Klebold move to the south (towards table #14). Klebold fires at least one round (with the Tech9) under that table hitting DePooter. Harris then fires at least two rounds (with the high point carbine rifle) under the same table hitting DePooter and Doyle. A fourth 9 mm round was fired under table #14 hitting Eubanks. The origin of that round cannot be determined. Observed by Eubanks (LY14), Ball (LG23), Parker (LG27) and Doyle (LY13).

Event #39: Klebold and Harris move north in the center section and are seen on the east side of table #7. Klebold and Harris then proceed to the southeast corner of the far south computer table. Observed by Lapp (LG31) and Welsh (LG33).

Event #40: Harris is seen in the west section of the library throwing a device containing an orange liquid toward the south. Observed by Welsh (LG33).

Event #41: Klebold walks around behind the main counter from the west, while Harris walks around the counter from the east. Observed by Lapp (LG31), Todd (LY2), Fair (LG9), and Nielson (LY1).

Event #42: Klebold confronts and threatens Todd who now was hiding behind the main counter. Observed by Todd (LY2), Nielsen (LY1) and Greenwood (LG11).

Event #43: The investigation shows Klebold shoots back into the "kitchen" area of the library with the Tech9 hitting the TV.

Event #44: Klebold and Harris discuss leaving the library and going to the "Commons." Prior to leaving, Klebold slams a chair down on a computer located on the main counter. Observed by Todd (LY2), Nielsen (LY1) and Jacobson (LG19).

Event #45: Klebold and Harris leave the library. Observed by Todd (LY2), Nielsen (LY1), Jacobson (LG19) and Schnurr (LY9).

Event #46: Most victims and witnesses begin to leave the library exiting out the north door.

Event #47: Nielson crawls into the break room and hides in a cupboard. Ireland, who is seriously injured, crawls from Table #15 to the west windows. Ireland pulls himself up and falls out the window into the hands of SWAT.

Event #48: Weld and Kean were hidden in the television studio. Dodd was hidden in the Periodicals Room. Nielson was hidden in the break room. Kreutz laid seriously injured under table #2. All the above remained in the library until they were evacuated by SWAT. SWAT discovered the bodies of Dylan Klebold and Eric Harris near the bookshelves in the southwest corner of the library.

NG: Neil Gardner
RB: Russ Boatright (Detective)

RB: This will be a pre-tape. Detective Boatright reporting, uh, I.D. eighty-two-O-six, uh, present, uh, for the shoot team interview is myself, um, Officer Brian Thompson with the Arvada Police Department and Deputy Neil Gardner, I.D. number three-zero-one-zero, uh, with the Jefferson County Sheriff's Department. Time now is, um, seventeen thirty-five hours and we're located at the Lynnwood, is that right? Leawood Elementary School. Um, Neil, why don't you tell me, what, what year did you start with your department?

NG: Eight-four.

RB: Nineteen...

NG: November of eighty-four.

RB: And what have been your duty assignments since, uh, you started there?

NG: Uh, the jail for five years, then I went to civil for a couple, and then on patrol ever since.

RB: Okay, a couple years in civil, I'm sorry.

NG: Yeah.

RB: Okay. And then.

NG: The rest of time on patrol. And I've been assigned at Columbine for, this is my second year.

RB: And you're the, uh, S.R.O., the school resource officer.

NG: Um hmm.

RB: Okay. And, I'm sorry, this is your second year assigned at the, at the high school there?

NG: Correct.

RB: Okay. And I think for, for purposes of the Shoot Team, you may have other information related to, uh, the investigation just because of your knowledge of these individuals.

NG: Okay.

RB: But I think initially what we'll do is just go through the, the incident itself and then we can deal with, uh, some of the other aspects if we need to at that point. Okay?

NG: Okay.

RB: Um, your current assignment is the, is the S.R.O. position, correct?

NG: Um hmm.

RB: And when you're not doing, uh, the S.R.O. position, it's a patrol position, then, after that?

NG: Yeah, my, eight, five days, eight hours a day, uh, here at the school, Monday through Friday.

RB: Okay.

NG: Um, and, um. I don't do any, you know, I take outside calls, um, in the neighborhood when there's not enough deputies (inaudible). But I'm usually in the school.

RB: That just depends on manpower, then, right.

NG: Right.

RB: And what about, um, um, uh, during spring break, uh, those types of things, summer vacations, you're, you're back in a patrol rotation then, at those times?

NG: Yes. Um, this spring break I just took, uh, comp time and, uh, uh, a couple vacation days.

RB: Okay.

NG: And usually in the summer, um, we take the bulk of our vacation and then the rest of the time we spend back on in the district on patrol.

RB: Okay. In any kind of specific training you have received, um, specifically related to SWAT, anything there?

NG: No.

RB: Okay. Is that your normal, uh, uniform?

NG: No. This, this is, we also patrol on bikes.

RB: Okay.

NG: Being at the school and within that I have Clement Park.

RB: Okay.

NG: I patrol the Clement Park area, the lake area, on the bike, bicycle, that's what this is all about.

RB: Okay.

NG: I guess they want us to be seen.

RB: Okay.

NG: Bad day to wear yellow.

RB: So the Clement Park assignment is coordinated through the, the S.R.O. position at Columbine, then.

NG: Right.

RB: Okay. And it's probably due to the traffic of the kids back and forth from the park to the school and...

NG: Correct.

RB: (Inaudible) black, uh. Now the, the uniform that you're wearing today, that's for the bike patrol?

NG: Uh huh.

RB: Standard bike patrol uniform or. . .

NG: Most every day I wear it cause when it's, when it's nice out I'll wear this so I can do the bike patrol.

RB: Okay.

NG: I know I took a lot of stuff from the kids for wearing this (inaudible).

RB: Now if you, and then when you're not wearing it, like in the winter time or whatever, you're just wearing your regular uniform at that time?

NG: Um hmm.

RB: I know this sounds ridiculous but this just came up the other day. You, you had to go through some kind of training for the bike, didn't you?

NG: Right.

RB: Okay.

NG: Yeah.

RB: And that's primarily for liability reasons again.

NG: Um hmm.

RB: Okay. And I think, too, I think with our, uh, um, our school resource officers, they also attend some specialized training for that. Did you do anything there?

NG: For the S.R.O. program?

RB: Um hmm.

NG: Yes.

RB: What was, what did that entail?

NG: Um, it was forty hours of, um, what the job was gonna be, what to expect and, um, how to set up classroom lectures and, uh, just pretty basically how to deal with the kids.

RB: Okay.

NG: In that kind of environment.

RB: So it basically encompassed all the aspects you'd be dealing with, um, with that

population at the school.

NG: Yeah, they even were trying to teach you how to, to do a class, for 'em, do some classes for 'em. Like the DUI goggles shows you what it's like to be drunk without actually being drunk...

RB: Oh, okay.

NG: I taught a lot of those classes.

RB: And how long was the bike training?

NG: It was, uh, thirty-eight hours.

RB: Okay. And again, that was primarily just to deal with just the mechanics of riding the bikes and how to be safe and...

NG: Right.

RB: And if you fall, how to fall, that kind of...

NG: Yeah, and how to do take downs on...

RB: Oh, okay.

NG: On prisoners, how to do, I would never do a traffic stop, but how to do a traffic stop.

RB: Okay. And then you said you primarily work, uh, right now you're working a Monday through Friday...

NG: Um hmm.

RB: Schedule.

NG: And work eight to three.

RB: And again we already covered what happens on those days when school's not in session, what your, what your duties might be, uh, regarding that. Um, so obviously you've, you've been off over the weekend and then you came on to work, um, yesterday was Monday...

NG: Yeah.

RB: So today would have been your second day back?

NG: Yeah. I did work. uh, the after prom on Saturday night from midnight to six in the morning.

RB: Okay.

NG: And I was off on Sunday.

RB: So normally your first day of the week is going to be Monday, but this weekend you had, uh, you did a special...

NG: Special event. And I was flexing tomorrow for it, so.

RB: You said, you said, you said Saturday was, uh, after prom party?

NG: Right. At the school.

RB: Okay. And that was from when to when?

NG: Midnight to, I left here at five o'clock in the morning.

RB: Did you do that alone or were you working with anyone?

NG: I was, did that alone.

RB: Okay.

NG: I mean, there was a lot of volunteer parents, I mean, there was as many parents as there was kids.

RB: Okay.

NG: But, I was the only officer.

RB: Okay. Um, so, just, just so we're clear on it, you worked, the previous week you worked Monday through Friday and then you did a special, uh, the special event Saturday night,

you were off Sunday.

NG: Um hmm.

RB: Umm, and then Monday started your regular work week again.

NG: Right.

RB: I need to kind of run through with you, too, um, the time, what time did you go to bed last night?

NG: Nine o'clock.

RB: How'd you sleep last night?

NG: Good.

RB: Normal night's sleep?

NG: Yeah.

RB: Um, and then what time did you wake, this morning?

NG: Six fifteen.

RB: Now, again, that's pretty much normal time. And then you reported to, uh, you report straight to work? Or to, uh...

NG: No, I have to go to Golden and get a patrol car in case I have to transport.

RB: Okay.

NG: So I go to Golden, from Lakewood, I live in Lakewood, from Lakewood I go to Golden, which takes about fourteen minutes.

RB: You say Golden, you talking about the S.O.?

NG: Yeah.

RB: Okay. So you report to the S.O., about what time do you get there?

NG: I get there about seven-twenty, between seven-twenty and seven-thirty.

RB: And, do you have a briefing? Do you brief with anybody or you just...

NG: I go to briefing one day a week and it's usually on Thursday.

RB: Okay. Uh, so then basically today all you do, normally all you do is just go to pick up a, pick up a unit...

NG: And get to the school.

RB: Okay. And of course you've got your bike with you in the, the patrol unit, right.

NG: I leave it locked up at school.

RB: Oh, okay.

NG: This is probably a good, I mean, today I had an unmarked car. It wasn't a marked unit.

RB: Okay, so it was different than a normal...

NG: Than a normal patrol car.

RB: Okay. So most of the time you are in a marked patrol unit.

NG: Um hmm.

RB: Okay. Um, today just happened to be a day you did not.

NG: Yeah, there's a lieutenant's car that they just put on patrol.

RB: Okay.

NG: And, uh, it was just in the garage, so I took it, so, it, I mean, it's got the spots and everything, the antennas all over it, but it was a plain, just a dark blue unmarked car.

RB: What's the make of that car, what is it, do you know?

NG: It's a Caprice, Chevy, I don't know what year it is (inaudible).

RB: Okay. Is the first time you've taken an unmarked?

NG: No.

RB: Okay.

NG: No, I've taken it before.

RB: How often would you say?

NG: Probably, well, I used to take one, no one else would take it. I used to bring the gray one here all the time.

RB: Okay.

NG: But just rec... I brought the blue one yesterday and today. So, two times in the whole school year.

RB: Oh, so just twice, you've used...

NG: The blue one.

RB: The blue one. Okay.

NG: This year. It's usually a marked unit.

RB: You said something about a gray one you used to bring all the time?

NG: Um hmm.

RB: When was that? And again that's an unmarked.

NG: That, right, that was at, the same kind of car, that was at the beginning of the year from, uh...

RB: Okay.

NG: And then they gave it back to, uh, the lieutenants.

RB: So roughly for about a month, um, at the beginning of the year you drove the light, the

gray unmarked.

NG: Um hmm.

RB: And then primarily from then on you took a marked.

NG: Right.

RB: Within the last two days you've, uh, been using the unmarked...

NG: Right.

RB: Blue...Caprice. Okay. And, there was something else that came up with that. Um, oh, let's see, um, once a week you looked into briefing. Right?

NG: Right.

RB: And that's usually on a Thursday.

NG: Thursday. Cause that's, actually I'm assigned to, we're on teams, and I'm assigned to Team B and they come in, if they don't have a training day on Wednesday I know they're gonna be there on Thursday.

RB: You said you were assigned to team...

NG: B.

RB: Is that a, uh, is that a shift?

NG: Um hmm.

RB: Designation.

NG: Right.

RB: Like we use, uh, watch one, watch two, watch three.

NG: No, that's just, um, see we split our weekends. You can either have Saturday, or Thursday, Friday, Saturday off, or Sunday, Monday, Tuesday.

RB: Okay.

NG: And, and Team B is off Sunday, Monday, Tuesday, except for me.

RB: Okay.

NG: Because I work the Monday through Friday.

RB: You can't have a guy without a team.

NG: That's where my supervisor is, is on Team B.

RB: Okay.

NG: If I'm on Team A on a Monday or a Tuesday, then I would just, I just use the Team A sergeant.

RB: Okay, but technically you're assigned to, uh, the, the team designation just designates basically which end of the week.

NG: Right.

RB: Okay. Uh, what time did you have, um, did you eat breakfast this morning?

NG: Hmm, no I didn't.

RB: How about lunch?

NG: We had Subway right before this all went down.

RB: So prior to what time do you think?

NG: Um, we left for Subway at about, I think it was about ten thirty-five.

RB: And you're saying "we."

NG: Uh, I had a campus supervisor with me.

RB: And who would that have been?

NG: Andy Martin.

RB: And you say campus supervisor, is that like an assistant principal or...

NG: No, it's what you would, they used to call the school narc.

RB: Oh, okay. We called them the yard guard.

NG: Right.

RB: Okay.

NG: Yeah.

RB: Okay. So they provide basically, R-one security type...

NG: Yeah, they're unarmed but. . .

RB: Right.

NG: They just know the kids. They do all the parking.

RB: Okay.

NG: And the in school rules.

RB: Um, any alcohol consumed over the last twenty-four hours?

NG: None. I don't drink it ever.

RB: You don't drink at all then?

NG: Hmm umm.

RB: Any, any prescription drugs, any (inaudible).

NG: High blood pressure.

RB: Okay. What time did you take that?

NG: Uh, right before I left, around seven.

RB: Okay. And what is that?

NG: Lo-tin-son.

RB: Do you know how to spell it?

NG: No, not really, it's like, uh, L-O-T-I-S-Y-N or something like that.

RB: Okay. And that's a blood pressure medication, right?

NG: Yeah, for hypertension. The high number's high.

RB: And that's a normal medication you take daily?

NG: Um hmm.

RB: Okay. How long you been using that?

NG: Uh, about eight months now.

RB: Does it cause any noticeable side effects or any, can you even tell you're taking it?

NG: No, and I actually had to go to that because the stuff I was trying eight months ago was making me dizzy.

RB: Okay.

NG: But I don't remember what that was called.

RB: Okay, but you're not, I guess what I'm getting at with this medication, no side effects...

NG: Oh, no, I'm perfectly fine, yeah.

RB: Okay. And it's not the type of medication that you notice a change with when you take it.

NG: Huh uh.

RB: Okay. What I'm getting at is if you took a pain medication, you might feel drowsy or something like that.

NG: Oh, yeah, no.

RB: Okay. This sounds like one of those medications if you take it, it really has no noticeable affect, for you.

NG: Right, yeah. If I forget to take it, there's just no difference.

RB: Okay. At least that you can tell, right.

NG: Right.

RB: And then let's see, um, we're thinking, do you have a ball park time frame when you think this event took place.

NG: Yeah, we went, we went to Subway and we got our sandwiches cause we wanted to come back because it, what normally happens is we go to, since the kids are eatin' at around like eleven, we go to the cafeteria and we actually eat right next to the kids.

RB: Oh, okay.

NG: But we went, I went there today and the camp, like Andy was with me and the campus supervisor, I says, oh, look, they're having teriyaki chicken, let's go to Subway real quick and bring it back.

RB: Okay.

NG: But normally we'd-a been where the shooting, inside where the shooting took place.

RB: So what you're saying is normally you eat your lunch in the cafeteria with the students.

NG: Yeah, right, yeah, the students are here and we're right here next to the faculty lounge is right next to the students.

RB: Okay. Oh, so you'll eat in the, in the faculty lounge.

NG: Right, yeah, right next to the students.

RB: And I'm not even familiar with the, with the layout of the school but there sounds like there's a separation with the faculty lounge.

NG: Right, normally, that's our normal routine.

RB: Okay.

NG: Just because there's so many kids down there at that time and that's usually when, if they're gonna get in a fight, that's usually when it'll happen. But today we went to Subway and then once we got Subway, we went back to Clement Park in the parking lot.

RB: I got one other question.

NG: Okay, sorry.

RB: When you got the, uh, you said something about the teriyaki, I guess that's maybe what I didn't understand.

NG: Yeah.

RB: They were having teriyaki at school.

NG: Right.

RB: Okay.

NG: That was the school...

RB: And you didn't want to eat, that.

NG: We didn't want teriyaki.

RB: Okay. Okay. So the teriyaki.

NG: We've had the teriyaki before

RB: Okay. So that's why you went to Subway.

NG: Right.

RB: And you, you just did a pick up order, um, and came back to the school.

NG: Yeah.

RB: With that, uh. and you were saying normally you eat in the faculty lounge which is, uh, sounds like connected to the, to the, uh...kid lunch area.

NG: Yeah, it's a room right next to all the kids.

RB: Okay. And that, is that the lunchroom, is that what you call that?

NG: Right.

RB: Where the kids eat.

NG: Well, they call it the commons area.

RB: Okay. Um, let's see, now in the commons, okay, and I assume you have obviously quick access to the, to the commons area from the faculty lounge and you can see...

NG: One door and you can see everything.

RB: You can see what's going on.

NG: There, actually, there's cameras that should have been on during the shooting. We, they, they film the kids because they don't like them to leave trash and that's how they bring 'em in, so the, you know, but with all the pipe bombs and stuff going off they probably blew, blew all of those to smitherines.

RB: Okay.

NG: But usually the camera is running during the time.

RB: And then what time do you think you got back?

NG: It was shortly before eleven that we parked in the park.

RB: Okay, this is a little bit different because you didn't go into the, uh, the faculty lounge today.

NG: No. We took our sandwiches from Subway and drove from Subway which is at Coalmine and Pierce. We drove directly to the back, the south side of Clement Park because Andy wanted to watch, we have a smokers pit that's just off the school grounds.

RB: Uh huh.

NG: And he wanted to see who was hanging out at the smokers pit. So we were eatin' our lunch watching the smoking pit.

RB: Um, how often do you do that?

NG: Probably, uh, we do that a lot. We don't eat lunch there but we'll, I'll, if I'm not on my bike making a loop through Clement Park, I'll be in the car making a loop because sometimes, they're, they're not allowed to be in Clement Park at the time during lunch periods.

RB: Okay, so this, okay. So the smokers pit basically is off limits during school hours, is that what you're...

NG: No. They get permission from their folks. And what it does is it keeps them from loitering in the neighborhoods smoking.

RB: Okay.

NG: So they give them a pit pass that's off, it's in Clement Park's jurisdiction. It's weird, welcome to our tobacco free school, but we still give them. . .

RB: So the students get a pit pass, they can go to Clements Park to smoke.

NG: Yeah.

RB: Okay.

NG: In that designated area.

RB: And it's not uncommon, uh, for you guys, for either you, yourself alone...

NG: Or Andy.

RB: Or with, your, uh, school, whatever he (inaudible) school campus supervisor, to be monitoring...

NG: Oh no.

RB: That area. What you were saying was unusual today, though, to, to have not been...

NG: Yeah, cause normally we'd have been in the cafeteria.

RB: Okay, had there been other times during that lunch period where you'd monitor the pit or was this just like really a strange day as far as that was concerned.

NG: Uh, during lunch, not too often cause we're usually down in the...

RB: Okay.

NG: This was kind of a different...

RB: So this was, this was unusual as far as routine-wise for you.

NG: Right.

RB: Do you have a ball park how many days it would have been over a school year that you might not be in the cafeteria for lunch?

NG: When they have teriyaki chicken. No, I, I'm probably thinking maybe ten times the whole school year, so far that we haven't been in the commons area.

RB: Okay. And that may be for a variety of reasons...

NG: Cause they, the staff, the staff likes us down there during that time. We actually take our lunch usually at, uh, ten-thirty so we can monitor the kids.

RB: Okay.

NG: Who start about a little, I guess a little after eleven.

RB: What is their, what does their lunch period run, from about eleven, somewhere in there...
NG: Eleven, I think it's eleven-ten to eleven-fifty, that's lunch A, and then lunch B is from eleven-fifty to twelve-forty or something like that.

RB: Okay.

NG: I'm not definite on that.

RB: And there's two lunch periods, lunch A and B?

NG: Right.

RB: Out of curiosity, how many students attend Columbine?

NG: Two thousand and twelve. I think that's what our enrollment is right now.

RB: Okay, so, let's see where we're at here. What had you done, had you, kind of give me a layout of what your day was that day, anything unusual happening that, today, um, do you have a, do you have a set routine that you go through when you, uh, when you get to the school?

NG: Okay. I, you know, I try to do the, the bike patrol, I didn't do the bike patrol today which a lot of times, you know, I'll be out at eight-thirty and I'll take a quick bike patrol around the lake and the park area. And then I usually do it again about ten o'clock before lunch and then I -u- and then I come to do lunch about ten twenty everyday so I take a quick couple in the morning and then I try to get one in the afternoon.

RB: So you do one when you arrive and then you have like a mid-morning, did I understand that right?

NG: Yeah.

RB: Okay. Then you say one in the afternoon then?

NG: Uh, not every day, but...

RB: Okay.

NG: Sometimes I get out to for that.

RB: But today you hadn't done, you hadn't been able to do any of the bike patrol today.

NG: No, I was actu, the reason I didn't go this morning cause I was working on a third degree assault supplement in my office.

RB: Okay. Um, so you were doing a report?

NG: Um hmm.

RB: Were you doing any interviews today?

NG: No.

RB: Um, anything about the early morning hours of this day that were particularly stressful, unusual for you...

NG: No. It was going really well.

RB: Comments. So basically just another day at the school.

NG: Yeah, a normal, a normal every day.

RB: Okay. I'm sorry, you said it was a trespass report?

NG: Uh, third degree assault. I was just finishing up the supplement that I had to write.

RB: So you weren't doing anything today that you felt in any way affected your, uh, affected you in any, notable capacity.

NG: None. None.

RB: Either from an emotional stand point or physical stand point or anything like that?

NG: No.

RB: Okay. Um, have you been, experienced any family problems at home or anything stressful recently?

NG: Well, yeah, I'm going through kind of a separation, right, I mean, my wife and I are separated but it's not like a major factor.

RB: Okay. About when, how long you been separated?

NG: Uh, three months.

RB: And then nothing unusual with that had happened...

NG: No. Huh uh.

RB: Recently, over the weekend, the last week, or anything...

NG: Huh uh.

RB: Nothing...

NG: No fights.

RB: That's weighing on you or anything? Okay.

NG: Actually we're getting along better now than we have in the past.

RB: Okay. Do you have kids?

NG: Um hmm.

RB: Okay. Is that going okay?

NG: Yeah, real good. Actually, the oldest daughter is with me.

RB: Okay. How many kids do you have?

NG: Three.

RB: And your oldest is with you.

NG: Yeah.

RB: She's how old?

NG: Thirteen.

RB: Nothing going on with the kids, I, I guess what I'm kind of getting at, maybe the whole series of questions here, that, that pick at this, but was there anything going on in your life that was causing you great concern, side tracking you in any way, um...

NG: No. I mean I've been dealing with this for a while.

RB: The, the separation?

NG: Yeah.

RB: Family issues and that.

NG: Yeah. And like I said, it's actually been going pretty good, so.

RB: Okay.

NG: It hasn't been a major problem. Yeah, sure, I mean there's that, you know, what's gonna happen to your family, but it's not like...

RB: But there hadn't been any, any...

NG: I wasn't, I wasn't thinking about it today.

RB: Okay. And there, there isn't anything going on with that that has changed in any dramatic way recently.

NG: No.

RB: Okay.

NG: It was.

RB: And you say, you say separation, is it leading to a divorce or is it just...

NG: We're not sure.

RB: Okay. So at this point you're just, you've separated...

NG: Yeah.

RB: And you're trying to feel your way through the situation and find out what's going on...

NG: Exactly. Yeah.

RB: And there isn't anything that's happened, uh, in any recent time that's...

NG: No.

RB: Causing, causing you to lose concentration or uh, occupies your mind for any length of time or anything?

NG: No.

RB: Okay. Any recent, uh, work related problems?

NG: None.

RB: Have you had any stressful events at the school recently? I mean, outside of today?

NG: No. We were actually just talking about how good the year was going, a couple weeks ago.

RB: Is that, you, when you say "we," you and Andy?

NG: Yeah, and, and, well, there's another gal there, Sid, that is a campus supervisor. We talk a lot about the problems at the school, that it's been, they've been a little rowdy because of the, the good weather and stuff, but nothing major's been going on.

RB: That was kind of another general question I was going to ask, as far as, as far as your assignment there. Is it, um, is, is, would you put it in a category of a high stress situation, or pretty relaxed.

NG: It is the best job I've ever had in this department.

RB: Okay.

NG: Which you know. . .

RB: So, you obviously enjoy it...

NG: Oh, yeah, I love it.

RB: And it's not...

NG: Getting paid to ride a bicycle, I mean, what more can you do. I mean, you, you, and you know what's good about, I mean, coming off the road, you think, everyone of these kids

is a dirt bag, when you're on the road, but when you're in the high school, you see the really, you can see the really good ones, which...

RB: Sure.

NG: You know, (inaudible).

RB: Cause typically we deal with the ones that...

NG: There's some damn good kids here, yeah.

RB: That's right.

NG: And it's, it's been a real positive job for me.

RB: Okay. So, obviously this isn't something that you're looking to get out of, or...

NG: No.

RB: Tired of or anything.

NG: No.

RB: So, if you can...

NG: Of course this throws a wrench in it, it'll never be the same, as it was, but...

RB: Sure. Yeah. Uh, do you wear any type of prescription glasses, contacts?

NG: Um, I do have prescription sunglasses but I didn't, I didn't have them today. I had my patrol bicycle ones and they're not prescription.

RB: You say prescription sunglasses, I assume you have, you have prescription glasses for just regular...

NG: Yeah, I have stigmatism in my right eye.

RB: Okay. And I'll get in, probably here in a little bit I'll get into what you, sunglasses, what you were wearing today and that as we get a little bit further but. . .

NG: Um hmm.

RB: But, um, you mentioned that you were on the high blood pressure medicine. Any kind of medical problems you've experienced recently?

NG: None.

RB: Last thing maybe might have been some dizziness when you were on that other, that other medication.

NG: Um hmm.

RB: As far as the, um, the weather conditions today, I mean it seemed like, I mean, there was, a pretty nice day.

NG: Pretty nice. Well, actually I thought it was going to be colder cause we can wear shorts too but I thought it was going to be a little cooler so I wore the long ones today.

RB: That's an option you have?

NG: Right.

RB: Okay. Was it kind of overcast, do you remember?

NG: Yeah, it's off and on, mostly sunny.

RB: Okay. Partly cloudy, maybe.

NG: Yeah.

RB: Partly sunny? However you want to look at it.

NG: Most, mostly sunny.

RB: Okay. So as far as the weather was concerned, it was a non-factor today.

NG: Right.

RB: Okay. Even sun glare or anything like that wasn't really a factor. Okay. Uh, what kind of duty weapon do you carry?

NG: Uh, Sigsauer forty-five.

RB: Can you give me the serial number off that...

NG: (Inaudible) G.

RB: G as in George?

NG: Yeah.

RB: Okay.

NG: One-seven-one-one-three-eight.

RB: So, that's G as in George, one-seven-one-one-three-eight.

NG: Correct.

RB: Okay. And how many round capacity is with that?

NG: Uh, seven and eight. Seven in the clip and. . .

RB: Okay, seven in the clip, one in the chamber, eight.

NG: Um hmm.

RB: Okay. How long have you owned your weapon?

NG: I've had it for eight years.

RB: Okay. And then, you carry additional ammunition with you?

NG: Um hmm.

RB: Okay, you've got two additional, uh...

NG: Now, one's in there now and the other clip is in my pants, the one I emptied.

RB: Okay.

NG: That one's actually short a bullet.

RB: Okay, so each of those, um, each of those magazines should have eight, I'm sorry, seven.

NG: Seven.

RB: Okay. And we'll get into what all you have left here in just a second.

NG: Okay.

RB: Um, and then as far as, um, I, I assume you go through qualifications regularly. What is your, what is your schedule on those?

NG: Every three months.

RB: Okay.

NG: And I'm, I'm trying to think if I made the last month.

RB: That's what I was going to ask, when the last time was if you remember.

NG: God, I'm, I'm thinking it was February that I went. But I, you know, I'm not, don't hold me to that cause.

RB: Okay.

NG: I hope I made this quarter.

RB: Possibly February?

NG: Yeah.

RB: Okay, if you hadn't made it in February, would that be, uh, where you hadn't qualified for a quarter or...

NG: Yeah, January, February, March. That would mean I hadn't qualified yet.

RB: Okay. Do they normally notify you, though, when you haven't qualified?

NG: Right.

RB: Okay. So. And you hadn't received notification that you didn't?

NG: No, no.

RB: So if somebody came in and said, hey, we just found out you're not, you haven't qualified...

NG: Yeah.

RB: The last quarter, that would be news to you. Okay. Um, do you always qualify?

NG: Um hmm.

RB: As far as. . .

NG: Oh yeah.

RB: Do you know what your range scores normally are? What, like an average.

NG: Well, they're all, they're different courses.

RB: Okay.

NG: I usually, eight times out of ten shoot expert, um...

RB: Okay.

NG: If don't shoot expert I, I've never been low, below marksman, which would be an unqual, you know, under marksman you don't qualify, but I've never not qualified.

RB: Okay, so never below marksman.

NG: Right.

RB: So they don't give you necessarily percentages, they just give you, uh, uh, a standing (inaudible).

NG: Yeah, some courses are, I think the cut off is one-thirty.

RB: Okay.

NG: Never shot under a one, probably one-forty, I'll probably never shot under one...

RB: What, what I guess what I'm understanding from you, you're proficient with your weapon obviously. Okay. Do you know, so you've had this for eight years and you basically qualified quarterly with the weapon.

NG: Yeah.

RB: Could there have been other times where...

NG: There's been a few time, or probably maybe in the fifteen years I've been here, I probably haven't made a qualification three times, I either spaced it out or...whatever.

RB: Okay.

NG: But they always notify you.

RB: What's the model on that Sig, do you know?

NG: Uh, two-twenty, P-two-twenty.

RB: What type of ammunition are you carrying?

NG: Spear hollow point.

RB: It looks like it's got a copper, uh, copper jacket. Have you been involved in any prior, uh, shooting situations?

NG: I, this is the first time I've shot back. I've been shot at before but I never.

RB: The first time you returned fire.

NG: Right.

RB: I guess this would be the first time you've fired your weapon...

NG: Right.

RB: On duty.

NG: Um hmm.

RB: Okay. Outside of the range.

NG: Right.

RB: How many times have you taken fire?

NG: Uh, twice, other than this, other than today.

RB: Okay, so two outside of today.

NG: Um hmm.

RB: Okay. Briefly, what were the, what were the incidents there?

NG: Both, both were drunk suicidal males, um, we pulled up to one house.

RB: Let's start with the first one, what year about was that?

NG: Oh, my God. I would say eighty or ninety, yeah, probably ninety.

RB: Okay, nineteen-ninety.

NG: Yeah.

RB: And the other one would have been what year?

NG: It was ninety-two.

RB: Okay. Um, the incident in nineteen-ninety, what, what happened briefly?

NG: I was covering on a call and, um, I parked behind the other deputy and as we were getting out of the car, the guy stuck a high powered rifle out the front door and shot over our heads.

RB: Okay, was it, was it obvious to you, he wasn't trying to shoot you, it was a warning shot,

or was it...

NG: I think he shot high on purpose.

RB: Okay.

NG: Cause we didn't see it coming.

RB: How many shots did he fire?

NG: Just one.

RB: Um, was that a situation where you thought you could have returned fire?

NG: No, we couldn't see him.

RB: Okay.

NG: We, we saw the muzzle flash and then we just took cover and then, um, they called SWAT out.

RB: Okay.

NG: It ended up he'd shot himself in the house.

RB: And then the second one in ninety-two. What was that?

NG: Um, I was working graveyards and I got called up to a house in Soda Creek where the guy had just boughten a gun and he had just found out that he was dying of kidney cancer and that he was intoxicated and he was going to shoot himself. So we went, I went to the house...

RB: Is this your call, or are you covering on it?

NG: No, this was my call.

RB: Okay.

NG: Um, we went to the house and I, you know, was checking the windows. And I could see, when I, when I got to the side window on the door, I could see him behind, he was behind

a, a bar, and he, he took a gun and he put it up in the air like this and then I ducked back and he like went like this like, see ya, goodbye, then I watched him walk, he walked up the stairs and then I lost sight of him, he went into a bedroom and then I heard a, a gunshot go off. So by that time, the cover car was there and we told the dispatcher we think he just shot himself and we're gonna kick the door.

RB: Okay.

NG: So, as I was, I kicked the door twice. Well, during that time he came back, he didn't shoot himself, he came back to the top of the stairs and he shot through the door but the bullet went through the door jamb and the wood splinters went through my hair.

RB: Okay.

NG: And, uh, that's another case where we ducked down into cover and waited for SWAT and then they ended up, smoking him out.

RB: So that was, uh, another situation where you, you really weren't in a position to return fire, with him at that point.

NG: Right.

RB: It sounds like you hadn't got the door open yet.

NG: Right. I couldn't kick the door.

RB: Okay.

NG: It's probably a good thing because that was a suicide by cop.

RB: Okay.

NG: Kind of deal.

RB: Has anybody handled your weapon since, uh, since the incident, other than yourself?

NG: Hmm mm.

RB: Why don't, let's run through today then.

NG: Okay.

RB: As far as what, um, what happened today. I'll just let you just kind of give me a narrative.

NG: Okay. So after the Subway sandwiches...

RB: Let's start, let's start at the beginning of today. You pick up your car...

NG: Oh. Okay.

RB: You, you get to, to the S.O., you pick up your, your unmarked, you bring it to the school and...

NG: And, yeah, I get here about, eight o'clock.

RB: Okay.

NG: So what I did then, I made a couple...

RB: This will be side two, um, continuing with the interview of, um, Officer Gardner. Time now is, uh, eighteen twenty-five.

NG: Okay. I arrived at the school about eight o'clock. I was gonna make some phone calls but then I got, I started my supplement report and probably finished that at about eight twenty. And from eight twenty to approximately ten fifteen, I was in my office. I was doing some, I was getting rid of some reports and...

RB: I'm sorry, ten fifteen?

NG: Yeah, around, probably around then.

RB: Ball park?

NG: Yeah.

RB: I'm sorry, you were doing what, at that point?

NG: I was just kind of like house cleaning and sitting there talking to Andy for a while. Really doing not much of anything.

RB: Okay.

NG: Just cleaning out my desk drawers and, um, and about, he goes, I remember him telling me it was about lunch time, so at about ten twenty-five we went down to the cafeteria. We drove. We took my car from the upper parking lot and drove down to the school.

RB: Okay, why don't you give me a little better description of that.

NG: Okay. Okay. I'll try. Um, okay, let's say this being, this being the front of the school...

RB: Okay, and it faces what direction.

NG: This is, this is north.

RB: Okay.

NG: Okay. Uh, I usually park on the north side of the building right here.

RB: Okay.

NG: Okay. The lunchroom is down here and this, this is the student lot. And this is the faculty lot.

RB: Okay. So you park in the north lot.

NG: Right.

RB: And you drove down to the south lot.

NG: We drove down and parked in the side parking of the student lot. So we both got out of the car and went into the cafeteria area, the commons area, and looked on the, just outside of the kitchen on the board and that showed that they were having chicken teriyaki. So I told, I told Andy, I said, you, ew, do you want chicken teriyaki, I said let's go to Subway and he said okay, that sounds like a plan.

RB: Let me ask you, what time did Andy come to your office today, do you remember? Ball park.

NG: Uh, probably about a little after ten we started talking in my office.

RB: Okay, so he got there about ten.

NG: Yeah. Yeah.

RB: I'm sorry, go ahead, so you guys decided no teriyaki and you were gonna go to Subway.

NG: We were gonna go to Subway and then he wanted to go back to Clement and check out the, the smoking pit.

RB: And just, just for clarification again, you guys, um basically left, uh, to go to Subway about ten thirty-five.

NG: Right.

RB: Got a pick up order, uh, and then returned, um, like you said, to the, uh, Clement Park.

NG: About, I would guess around five 'til eleven.

RB: (Female talking in background) - - Okay, um, we're just going through the narrative of the day, so it'll be, it'll be a little bit still. Okay.

Where is the smoking pit located in the park?

NG: Okay, this being the north side of the school, and this being the west side, it's right in the northwest corner. The tennis courts are right here, on the northwest and the pit pass is right caddy corner to the tennis courts.

RB: Okay, so it's, it's located in the northwest area of the park.

NG: Right.

RB: Basically.

NG: Right.

RB: Okay.

NG: And then from the Clement Park parking lot, you, you have a direct view to the smoking pit area.

RB: Okay.

NG: And that's where we were eating our lunch in the car.

RB: Okay. There's a little, it looks like there's a little, uh, covered area somewhere. I was over there earlier. I'm just trying to get my bearings, but we seem to be on the east side of the park, so where would you guys be, and, and the school seemed to be south from where we were earlier today.

NG: Okay.

RB: I'm trying to just get a mental picture of where you guys were.

NG: Okay. We would have been west.

RB: Okay.

NG: From there.

RB: Okay.

NG: From where all the people are on Pierce.

RB: Okay.

NG: We'd-a been kind of, kind of southwest, in a southwesterly direction.

RB: Okay. But, but to say that the smoking pit's generally located in the northwest area is accurate.

NG: Right.

RB: And you can see that area from the parking lot.

NG: Um hmm.

RB: Okay. And you guys stayed in your car?

NG: And ate our sandwiches. We were totally done eating.

RB: How long do you think it took you to eat?

NG: I'm guessing like, it's gotta be pretty close to eleven fifteen when we were done. And, and as soon as we were done, we have, we each have school radios.

RB: Okay.

NG: I heard Jay, the janitor, say, Neil, I need you in the lunchroom quick.

RB: And who's the janitor?

NG: Jay.

RB: Do you know Jay's last name?

NG: Um.

RB: Or is that an initial?

NG: No, I don't know his last name.

RB: But his first name is Jay.

NG: Right.

RB: J-A-Y?

NG: Yeah. So we...

RB: And, I'm sorry, he called who?

NG: He called us, he just keyed the radio and said, Neil, I need you in the lunchroom.

RB: Okay, so he was actually calling for you though.

NG: Right.

RB: Okay. Can you describe his voice?

NG: Um, shoo, shoo, shaken. It was obvious he was in a panic.

RB: And he said, Neil, I need you in the lunchroom?

NG: Right. As I exit the park and turn south on Pierce...

RB: He didn't give you any other information at that point.

NG: No, none.

RB: Okay. His voice was...

NG: Not at this time.

RB: Okay.

NG: Not at this time.

RB: Okay.

NG: Okay.

RB: So, once you get that message, you, you can detect in his voice some panic?

NG: Uh huh.

RB: Some urgency, I assume, is what...

NG: Right.

RB: Okay.

NG: Correct.

RB: Um, and, um, from there you left immediately, left the park immediately, you and Andy.

NG: And drove to the student lot. But, I mean, a lot happens between...

RB: Oh, okay.

NG: Coming down Pierce...

RB: But, but you left immediately.

NG: Right.

RB: That's where I'm at. Okay, so when you...

NG: Pretty fast.

RB: Alright. So, as soon as you leave...

NG: Cause I could tell that, I, I thought maybe there was a big fight, at the time I thought maybe there was big fight.

RB: Just, just from his request and the tone in his voice, this was, sounded serious to you.

NG: Yes. It was a panic stricken voice.

RB: Okay, yeah. Had you ever heard him like that before?

NG: Never.

RB: Had you ever gotten a call like that before?

NG: Umm hmm.

RB: Okay, and that usually...

NG: On a fight.

RB: Okay, and that usually meant there was something serious occurring and they needed you...

NG: Right.

RB: Quickly. Okay. And don't want to put words in your mous, mouth but this was, sounded serious to you when you left.

NG: Yes it did.

RB: Okay.

NG: But I, I still at this time don't know what's going on.

RB: You don't know the details. Right.

NG: Right.

RB: But just the little bit you got, it sounded...

NG: It, it made me race out of the parking lot to Pierce.

RB: Okay, okay. Go ahead.

NG: Okay, once on Pierce, um, we get stopped at the light at, at Fair. The, this, I hear the, I remember hearing the dispatchers say, she called, I think she called...

RB: I'm sorry, Fair?

NG: Yeah.

RB: Is that F...

NG: F-A...

RB: F-A...

NG: I-R.

RB: Okay.

NG: Fair Drive. Okay we're stopped at the light at Fair Drive. I hear the dispatcher dispatch one...

RB: You're talking about your dispatch.

NG: Right. Jeffco dispatcher, dispatch, I don't know why they didn't dispatch me but they dispatched car one-forty-seven. I believe, and I don't know for sure exactly what she said, but I thought she said there is a female down in the parking lot.

RB: Okay.

NG: So at this point I bust the light, lights and siren. Because, and, and now I'm thinking, and this has happened before, that...

RB: You're referring to a code three?

NG: Right.

RB: Run.

NG: Right.

RB: Okay.

NG: And, I mean, it's just a short little hop after the light down to the parking lot. But I'm thinking, Andy and I are thinking, somebody must of got hit, run over again, cause we got a girl down in the parking lot.

RB: Is that what your discussion is with Andy...

NG: Right.

RB: You're thinking somebody was run over?

NG: He's going, you know, maybe somebody's run over or something.

RB: Okay.

NG: So we pull...

RB: Again this is something that's definitely caused you some concern, based on what the janitor said.

NG: Right.

RB: But now you've heard the dispatcher say, so your, your radar's on at this point, I mean, you're...

NG: Exactly.

RB: Okay.

NG: I, and, and we pull into the lot and we could see several kids running. They were just running. And we, we.

RB: So you'd be going south to get into...

NG: No, now we're going west cause we're into the parking lot. Now we're going west again.

RB: Okay.

NG: Okay. Into the student lot.

RB: And you're still, you're still running code?

NG: Um hmm.

RB: Um, and you see students running?

NG: Right. I mean my car, it don't have the overheads but they do have the spot in the middle and on the back.

RB: Right. And you have the siren.

NG: Right.

RB: Okay. How many students do you think you saw?

NG: Three or four. Just off to the, the corner of my eye. I, I'm still looking for somebody at this point in the parking lot.

RB: Okay.

NG: Or a bunch of people around in the parking lot. And I don't see anything.

RB: Had you made any transmissions to your dispatch?

NG: I said, as soon as I pulled west in the lot, I said seventy-one, I'm on scene.

RB: And this is about the time you see these three to four students running?

NG: Right. I'm airing that I'm on scene as I see these kids running.

RB: And so you, your call sign was seventy-one.

NG: Um hmm.

RB: You said seventy-one on scene?

NG: Right.

RB: And obviously that identified your, your dispatch, that that, you were at the scene of the school.

NG: Right.

RB: Okay. And then you're, at this point you're still looking for this, this party, this female that's down in the parking lot.

NG: Right. So we pull, as you come around there's a little driveway and then you get into the bulk of the parking. And as we get into the bulk of the parking, I kinda stop.

RB: So there's kind of a driveway.

NG: Yeah. I stop because I didn't know whether to go, cause you can go left into the parking lot or right into the parking lot.

RB: What, you just call it like the main parking area?

NG: Right. Yeah.

RB: Okay, so you reached the main parking area and you were trying to decide which way to go.

NG: Right.

RB: Okay.

NG: Yeah. And at this time as I'm stopped, I hear, um, Peter Horvath, who is the dean of students, on the school radio.

RB: I'm gonna need that name, uh, Peter, how do you spell that?

NG: H-O-R-V-A-T-H.

RB: And he is...

NG: The dean of students.

RB: Okay, he's on the school's radio.

NG: Uh huh.

RB: And he said what?

NG: He says, Neil, I need you in the, the school, there's been a shooting.

RB: Okay. Describe his voice to me. But, what, how did he sound?

NG: Uh, scared.

RB: Okay.

NG: He sounded scared, and, he's a pretty mellow guy. For the most part, he's pretty mellow.

RB: And when you say scared, what, what identified that for you?

NG: Uh, just the way he, he was saying, he was, Neil, I need you in the, I need you in, in the building now, there's been a shooting. And it was just like really fast and...

RB: Okay, so speaking rapidly.

NG: Um hmm.

RB: Okay, something not normally...

NG: That he...

RB: Not his normal tone.

NG: Usually his talk is nice and slow and clear so you can understand him on the radio. I mean, I think he makes it a point on the radio to make sure he's nice and clear.

RB: Okay.

NG: And he talks, usually talks really slow.

RB: So, for sure it was rapid speech which was distinctly different from other times that he had, uh...

NG: Right.

RB: Contacted you. Alright, so now, now you've been informed that there's potentially a shooting, um, or there has been a shooting, I guess you've been told that. What, what's going through your mind now, what are you thinking?

NG: What's, what, I, I don't, at this point I still don't know where to go and then Andy tells me, Neil, there's smoke at the end of the lot which would be the far west end. There's a big puff of smoke, white smoke, and we could see that.

RB: Okay, Andy points out, what?

NG: A big puff of smoke. And I could see, I also did see it too, after...

RB: What color was the smoke?

NG: White.

RB: White.

NG: Yeah. And I don't know how it came from, where it came from, I don't know what it was.

RB: And it was, I'm sorry, where in the...

NG: The very far west end by the, the cars on the very west side of the student lot.

RB: Okay, so a lot of things have happened. The, the janitor has notified you in a panicked

voice that there's been, uh, that he needed you, um, in the lunchroom.

NG: Right.

RB: Okay. As you're responding, your dispatch notifies you, or at least you hear over the air that there's a female down in the parking lot.

NG: Right.

RB: Okay. As you proceed further into the scene, then you're hearing from your, uh, dean of students in a, in a scared voice, what you described as scared voice...

NG: Um hmm.

RB: That there has been a shooting.

NG: And I, and that he needed me inside of the building.

RB: He needs you inside the building. And then Andy points out to you a puff of smoke.

NG: Look, look at the, go to the smoke, he actually, I think he said go to the smoke.

RB: Okay, now, would that have been a way to enter the building or was this like, again something that...

NG: We're still at this point trying to find the shooter, somebody down...

RB: Okay, that's. . .

NG: That's what I'm, I'm looking for a shooter or somebody down. I'm not even, the shooter's that way and I'm not even actually looking that way because we see the puff of smoke, so I race over to the puff of smoke. It's not 'til I turn back towards the building that I see some windows shot out.

RB: Okay. But, I guess what I'm getting at here, is you've got a variety of things going on.

NG: Right.

RB: Okay. Which all may or may not be connected.

NG: Right.

RB: I mean, probably you're assuming that an event took place but you're not real clear what's even going on, really, for the most part, other than...

NG: Until I know that I had, have a shooter in the building.

RB: Okay. I mean, you knew that from the principal.

NG: Right, right.

RB: When he notified you of that. But I guess what I'm saying to you too, is there's, there just seems like there's a lot of information coming at you which all sounds very serious.

NG: Right.

RB: And you're trying to assess the situation at this point.

NG: Exactly.

RB: Trying to figure out what exactly do I have here.

NG: And I, and I, you know, I'm thinking about me and Andy, if there is a shooter, you know, I don't know if he's on the soccer field, I don't know if he, where he's at, because at this point I don't hear any, any gun fire.

RB: So you, you're definitely focused on this, on the information you received about the shooter.

NG: Right.

RB: Okay. But then Andy has directed you to the puff of, he's kind of indicating that would be where to go.

NG: He says, look over there, smoke. So we...and which actually put us in pretty good position compared to where we could have been.

RB: Okay.

NG: Yeah.

RB: I guess, too, what I'm getting at, there wasn't any defined, I mean, there wasn't an obvious place to go at this point, I mean, you've been told to go to the lunchroom, you've been told there's a shooting, go to the school.

NG: Right.

RB: You, you may have somebody down in the parking lot. And now you're seeing a puff of smoke.

NG: Right. And see, and the school is this way, we're still faced this way going to the puff of smoke.

RB: Okay.

NG: Okay.

RB: And that is again, you're driving so you'd be going in a westerly direction.

NG: Right.

RB: Okay.

NG: Right.

RB: I'm sorry, now go ahead, so you're going towards that puff.

NG: Then I get to the, as far west as I can go, then I turn back up north in the lot. The very last row in the lot. And then I hear gun fire. Coming from the library area. Which is the upper area of the school.

RB: You got your windows down?

NG: Um hmm.

RB: Okay. Describe the gun fire.

NG: Loud.

RB: And you could...

NG: Once I had turned around and got parked, I could see some windows were blown out on the upper...

RB: Is that prior to hearing the gun fire? Or is that after you hear the gun fire?

NG: That's right after.

RB: Okay, so you hear the gun fire, and you say it's loud.

NG: Yeah.

RB: Was it rapid or was it?

NG: That, and that may have been one of the pipe bombs.

RB: Okay.

NG: I'm not clear if it was. . .

RB: That's what I was gonna get to. Was it one or was it one loud one...

NG: One big one.

RB: Okay.

NG: And then probably twenty seconds after that, it was...

RB: Is that when you noticed the windows though?

NG: Right.

RB: Okay, so you hear the one loud, the one loud noise.

NG: Boom. And I look up to where the, I think the noise is coming from and I already see the window is like shot out.

RB: And this is a library window?

NG: Uh huh.

RB: And those windows face which direction?

NG: They face northwest. I, I'm sorry. Southwest. It's on the south side of it.

RB: It's okay.

NG: Southwest.

RB: And you see one of those windows break out.

NG: Shot out. Well, no. it was al-r, I didn't see the glass fall out, it's, it's out.

RB: Okay, it's broken. It's gone.

NG: It's gone.

RB: Okay.

NG: Big hole in it. There's jagged edges around it.

RB: Okay, let me, when you hear the one loud noise, was it, um, would you describe it as gunshot or would you, cause you said.

NG: It was too loud. I think it was.

RB: Okay, so you think it was an explosion.

NG: Right.

RB: Okay.

NG: But that was followed up by several like rifle shots.

RB: And that's after you, so, hear the noise, you look to the southwest library window, see at least one window that is broken out, jagged glass, um, then you start hearing what you think is gunshots at that point.

NG: Right. Rapid fire gunshots.

RB: How many do you think you heard?

NG: Eight to ten.

RB: Can you tell what, what type of gunshots they are? Okay, so you're just hearing what you, what you understand to be gunshots.

NG: Right.

RB: Um, about eight to ten. Where are they coming from? Do you know?

NG: Upper library area.

RB: Okay. Okay. Um, at this point do you have a handle on what's happened yet or are you still trying to assess...

NG: Yeah, I have a good idea someone's shooting up the school.
RB: Okay.

NG: Yeah.

RB: That, that's what's going through your mind now.

NG: Right.

RB: Okay, now, are, I don't want to put words into your mouth here but...

NG: I, I, right, I told Andy, I said, we got a shooter in the building Andy. Get down on the floor. So he got down on the floor board of the patrol vehicle in the front, the passenger side. And I told him to stay there.

RB: I'm sorry, you said, we got a shooter in the building, get on the...

NG: Get on the floor.

RB: Okay. Why did you tell him that?

NG: Cause I didn't want him to get shot.

RB: Okay, what did you recognize that situation to be?

NG: A shooting and a possibility that we could become under fire any minute. Because once, now after the gunshots and I tell him to get down on the floor, I glance over to the, the doors and the doors to the window are all broken out. The doors to the, the southwest entrance, I noticed those were all shot, they're all busted out too. There's two windows and they're all busted out on the doors.

RB: Okay, again, I don't want to put words in your mouth, but you got, you got somebody that you know is in the building, you, you've had reports somebody down, you've got reports from somebody calling for help to the, to the cafeteria, yeah, the lunchroom, principal's identified shooter, you've pretty much verified you've got somebody in the building shooting.

NG: Right.

RB: And I guess based on your experience as a cop, you, you understand this to be pretty much a life threatening situation. That's why you're telling Andy to, to get down. You don't want him getting shot.

NG: Correct.

RB: Okay.

NG: So at that point I open, I tell the dispatcher, um, I, I give a code thirty-three.

RB: Which means what?

NG: Which officer needs assistance, as fast, you know, as fast as you can get here. That's our code.

RB: Is that an emergency?

NG: Yes.

RB: And when do you typically, when do you hear code thirty-three's going out? Typically.

NG: Um.

RB: When are you taught to use a code thirty-three?

NG: When an officer's gonna need assistance or be in trouble.

RB: Okay, so when an officer's...

NG: And at, and at this, at the time I'm doing the code thirty-three, the suspect comes out the doors that had been shot out. He, he steps outside of the door. As I'm telling that.

RB: Okay, these are the same doors that you had already mentioned that, uh, had the windows shot out of them, or they were broken.

NG: Right.

RB: Okay, had you seen the shooter up to this point at all?

NG: No.

RB: Okay, hadn't...

NG: No. But you could, then there was another loud, there was another loud bang just before he came out somewhere else in the building.

RB: Before you, okay, now, you say he came to the, uh, you said he came to the doors. He hasn't come out yet, right, you're just seeing somebody at the door, at the doors?

NG: No. As I'm doing the code thirty-three, I look up and he's outside of the door, he's got a flack jacket on, it was dark colored, I believe...

RB: I'm, I'm gonna get to that in just one second, but, okay, so he's actually outside, right?

NG: Right.

RB: Outside the doors.

NG: Right.

RB: How far outside the doors?

NG: Um, probably a good two feet outside of the southwest doors.

RB: And you said just prior to that, you heard another...

NG: Big loud boom inside the building.

RB: Okay, you're describing an explosion?

NG: Right.

RB: Okay.

NG: Yeah.

RB: So, is this prior to you giving the code thirty-three or as you're giving the code thirty-three?

NG: As.

RB: Okay. And this, um, can we call it an explosion, is that what you heard?

NG: Um hmm.

RB: Okay.

NG: Yeah.

RB: So you hear an explosion as you're giving this code thirty-three. And it came from inside the school?

NG: Right.

RB: Can you tell where?

NG: Huh uh. It was deeper inside of the school. Somewhere.

RB: Okay. So now you've given the code thirty-three, this explosion you've heard, you're looking up and you see, uh, this person you're going to describe to me about two feet outside the door, right? And what, okay, describe this person to me.

NG: Light colored hair, um, it wasn't too long, I guess it was about to here.

RB: You're talking white male?

NG: White male. Dark baseball cap on. Uh, flack jacket and a white...

RB: Are you saying collar length hair?

NG: Yeah.

RB: Okay. I'm sorry, he had on a...

NG: Flack jacket, blue, dark blue. And a white t-shirt on underneath. And I didn't, I can't tell you what kind of pants they were wearing other than they were dark.

RB: So dark blue flack jacket, white t-shirt?

NG: Um hmm.

RB: And you said something a hat?

NG: Yeah, a baseball cap on backwards.

RB: Do you know the color?

NG: No. I know it was, I, I can't tell you what color it was.

RB: That's okay.

NG: It was a darker color.

RB: About how tall was this person?

NG: Five-ten, six foot. He was pretty tall.

RB: Okay, uh, weight?

NG: Skinny.

RB: Okay. Um, anything else about him, physical appearance you noticed?

NG: No, other than he was holding a rifle.

RB: How was he holding the rifle?

NG: He had it, he was out the door like this and he was kind of like this and then...

RB: Okay, so you're kind of describing a crouched...

NG: Yeah, he was...

RB: Position with uh...

NG: With the rifle. And then he...

RB: Now the rifle, is the rifle pointed slightly up?

NG: Yeah, in the air.

RB: Okay.

NG: It looked like he was fidgeting here somewhere, doing something, I mean this happened so fast.

RB: Right.

NG: And then, then he sees me. And he sees the, the car. Cause, well, it's not hard to see me in this and they know what I wear. And, um, he sees me and he pulls the rifle up.

RB: How far away are you from him?

NG: Probably...

RB: You're kind of describing a Port Arms.

NG: Sixty yards. Sixty to seventy yards.

RB: Okay, so when he sees you, what did he do?

NG: Well, as, as I...

RB: Are you still in your car?

NG: No, I'm out. I'm, I'm moving out. When I see him, I move out, I, I'm getting behind the

car tire that was right next to my patrol vehicle. Cause I wanted to take cover behind the tire.

RB: Okay, so you're getting behind the driver's side front tire?

NG: Right. Back. Back tire.

RB: Back tire.

NG: It was a little Blazer, a mini Blazer. Cause it...

RB: This isn't, you're, you're not getting behind your vehicle?

NG: No.

RB: You're behind...

NG: See, cause once I pulled back this way to, so I can see the school, that's when I call it out.

RB: Right.

NG: And I get out of the vehicle, after I tell Andy to get down I do the code thirty-three and then, um, I get behind the tire.

RB: So you moved to another vehicle to hide behind?

NG: Right.

RB: Okay.

NG: Yeah.

RB: And you thought it was a what? A Blazer?

NG: Yeah, it's a white Blazer. Chevrolet Blazer.

RB: Okay, now, so you're in this position when he starts to, to bring the weapon around towards you.

NG: Right.

RB: Okay.

NG: And he fired...

RB: What, what you described was he pointed the weapon at you.

NG: He fired two shots.

RB: Okay. Is the weapon pointed at you?

NG: Yeah, it's, it's hitting, it hit the Blazer.

RB: Just to take one step back, when you, this, this rifle that you see, does it have a scope on it, does, what does it look like?

NG: I can't tell. It, it almost looks like...

RB: Does it look like a rifle as opposed to a shotgun?

NG: It looked like more of a little long automatic type of rifle. It, I mean, it was hard to see cause I was, you know, I saw him and I kind of went down under the car again and then he shot twice.

RB: You're looking around the car or are you looking through the window?

NG: No. No, I'm looking through the window. Cause of the window inside here...

RB: Okay.

NG: And then he shoots twice and one hits the, the windshield of the car. The front windshield.

RB: Which round hit the windshield.

NG: I mean, I mean, they were like bang, bang, like that.

RB: Okay, so it was rapid.

NG: Yeah. And, and at that point after the two went down I just ducked behind the tire like

this.

RB: Okay, so you're taking cover again at that point.

NG: Right. But it was just for a second.

RB: Okay.

NG: Cause then I did a peek back up and he was crouched down again with his gun. He was, he was going like, he was doing, I don't know if he was changing clips or whatever but he was fiddling with his gun.

RB: Is the barrel of the weapon pointing down at this point or is it...

NG: Yeah, it's, it's down.

RB: Can you tell anything about the weapon, at all?

NG: Hm umm.

RB: I mean, the color...

NG: No, other than it's a dark, dark colored, some type of a long rifle. And, and the way he was, afterwards the way he was shooting it, it was almost like a semi-automatic type rifle. But I didn't know that at the time.

RB: Okay. You couldn't see a, you couldn't see a magazine or, or anything? Okay. Um, and then, okay, so you've, you've peeked back up. You see him kind of bent over the gun...

NG: Right.

RB: That's what you were kind of describing.

NG: Right.

RB: And you described like a fiddling with it, you're not quite sure what he's doing with it.

NG: Right. He's crouched down...

RB: He's reloading it or...

NG: I don't know what he's . . .

RB: Maybe there was a jam and you don't know what he's doing.

NG: Right.

RB: Okay. Uh, let's see. What happens at that point?

NG: I move to the front tire so I can get over the hood, you know, the front of the hood like this.

RB: Okay.

NG: And I try to get in front of the engine block and the tire.

RB: An the reason is in case he's...

NG: Starts shooting again I, I...

RB: Okay.

NG: I tried to stay right as much behind the front tire as I could get.

RB: Okay. So you've got your weapon over the hood?

NG: Uh huh.

RB: Alright, go ahead.

NG: He starts back up with the rifle so I take, I take four quick shots over the hood of the car.

RB: Have you announced yourself...

NG: No, I didn't do that.

RB: Okay.

NG: I took four quick shots.

RB: Well, you were saying that he, based on the uniform you had on, that the kids would have been able to recognize what that is.

NG: Oh yeah. Yeah.

RB: It's a bright yellow shirt and...

NG: Right. And I'm around the halls all day long. They, they know what I wear. Is it, at the, at the time that I get over to the top of the vehicle, he's bringing the, the rifle back up.

RB: I think you said he was bringing up the weapon again?

NG: Um hmm.

RB: I assume leveling at you, pointing at you?

NG: Right. It was starting to come my way so I took, I shot four quick rounds off.

RB: Was he bringing it up or was he bringing it over.

NG: He was bringing it this way.

RB: Okay. So he's bringing it across his body.

NG: Over this way.

RB: Okay, so at the point the weapon, is it pointed at you at the time you...

NG: Um hmm.

RB: Okay.

NG: Yeah.

RB: And what happens at that point?

NG: I take four quick and I'm back underneath the tire. I'm, my back's crouched underneath the tire because now he's shooting a volley.

RB: How many do you think he has fired at you at this point?

NG: Uh, six or seven.

RB: Did he fire first again, or had you, you got your four shots off.

NG: I got boom, boom, boom, boom. I shot for times and I crouched back down. But when the, the first time I shot, that's when I was telling you, that when I shot, he spun around like that, again, and then he came back...

RB: This is with that first four shots?

NG: The first, it had to be the first one. Because I saw it.

RB: Okay.

NG: Cause after the fourth one I just ducked back down again. I don't know if it was close, it scared him, if it hit his flack jacket or, or what.

RB: And he spins, which direction does he spin?

NG: He spins, he spins this way and he comes back. And then he starts his...

RB: Okay, give me a, give me a right/left.

NG: Okay. That would be, he would spin all the way around to his right.

RB: Okay. In a full circle?

NG: Uh huh. And you could see him kinda, he really got down low as he was spinning.

RB: Okay.

NG: And this, I mean, this all happened so fast.

RB: And this is when you think you possibly hit him with that first round.

NG: Right, yeah. It either hit him or it, it came real close.

RB: Could you tell where, if you hit him, where you hit him?

NG: It would of, the way he spun or whatever...

RB: You're thinking maybe in his right shoulder?

NG: Yeah, cause I was. It didn't get a real good beat on center mass but maybe the right upper.

RB: Okay. You can't confirm at this point that you actually (inaudible).

NG: No, because the way he ran back in the building, I didn't think that maybe I didn't get him.

RB: So what happens after he spins around, you fired your four rounds, he spun around.

NG: I see him spinning and I'm back ducking down and then I hear a volley of probably seven to eight shots. I, I mean, you could hear 'em, they were going over, you could hear 'em (whistling type sound effects).

RB: So he's, he's firing at you.

NG: Um hmm.

RB: And then how many rounds to you think?

NG: Uh, seven to eight. I mean whatever, he was just poppin' 'em off.

RB: Could you tell where they were hitting or...

NG: Hm mmm. It sounded to me like, they weren't hitting, it didn't seem like they were hitting in front of me, it seemed like they were going...

RB: Okay.

NG: They all went over.

RB: Okay. Um, and again, this Bronco was very close to where you stopped your car I assume. Is that...

NG: Yeah.

RB: What I'm gonna end up doing is have you draw me a diagram.

NG: Okay.

RB: So I can get a better picture of it.

NG: Yeah, my car's here and the Blazer's right here and my car door's open right here.

RB: Oh, okay, so you, you're at the rear of the Blazer.

NG: Oh yeah, yeah.

RB: Okay. So you get out and that's why you're at the rear originally, you're peeking up, seeing through the glass, you can see the door, him and all that, and then you move up towards the front, okay.

NG: Um hmm.

RB: Then you're moving up towards the front. Alright. Um, so you have these seven to eight rounds that, uh, that are fired at you by him at that point. What do you do then?

NG: I, I just stay ducked.

RB: Okay.

NG: And then once I, after they, um, the fire was gone I peeked up again and he was gone. He was gone.

RB: Do you know where he went?

NG: He went back inside of the doors I'm sure. Because I would have seen him going down, that's the only way he could have gotten back in.

RB: So, based on a educated assumption, or your knowledge of the school and the conditions right then, he had to have probably gone back inside.

NG: He had to of. Cause he, I would have seen him go to the left and I would have seen him go to the right. He woulda had to go down a big huge stairwell.

RB: Okay, so he went back inside.

NG: He had to have.

RB: Okay.

NG: Yeah.

RB: What happens at that point then?

NG: That point, cars start pulling up. Another...

RB: You talking about...

NG: Jeffco.

RB: Okay.

NG: Another Jeffco came from...

RB: Is this immediately right at, right at this point, or...

NG: Right after the volley.

RB: Okay.

NG: So they probably heard the volley. And then I see them up on top of the hill.

RB: How many cars did you see?

NG: One. At this point. Plus.

RB: You said they. Is there more than one in a car.

NG: There was a motorcycle unit with another dep, with one-forty-four, which is unit one-forty-four. Somehow they hooked up together before they got up, up there.

RB: So he's in, he's in the vehicle.

NG: Right.

RB: The motorcycle officer.

NG: Right.

RB: Correct? Okay, so you've got two in a unit.

NG: Right. Well, he's actually, they're, they're moving real slow but he's actually behind the door as they're moving up. He's on the passenger door.

RB: Okay. Okay. So they're taking a tactical position trying to come up on the school.

NG: Right.

RB: Okay. What happens then?

NG: Then we're, we're holding perimeter, um, unit one-forty-four is pretty much directing the other cars come in and we get a solid perimeter around the school. Before anything... You can hear, you can hear bombs and then, and then right after that everybody's in position. There was a big fire ball blast in the lower commons area.

RB: Okay, now you, you're starting to establish your perimeter.

NG: We've got it established.

RB: With unit one-forty-four. How long did it take you to do that?

NG: After that last volley of fire, probably three minutes.

RB: Okay, so, so about three minutes to establish your perimeter.

NG: Right.

RB: Okay. And this is other units coming into the area also.

NG: Um hmm.

RB: How many do you estimate came in?

NG: About five.

RB: Okay. So about five units are used, uh, that's counting you and, and, uh one-forty-four?

NG: Um hmm.

RB: And three additional.

NG: One-forty-nine.

RB: Okay.

NG: One-forty-four. One-forty-seven. And one-forty. Were all there.

RB: Okay. And then you're seventy-one, did you say?

NG: Right.

RB: Okay. So that's the five units. Alright. So you've got your perimeter, about three minutes to get that established. Um, what I'm gonna do is have you just diagram, um, basically what happens and how you establish your perimeter when we get finished here.

NG: Okay.

RB: So we don't have to, to go through all that. But, you've got your perimeter established, what happens next?

NG: Um, we're, we're just holding the perimeter. We've got, uh.

RB: You mention, I'm sorry, you mention an explosion.

NG: Yeah. Then there was an ex, a fir, you could see the fire ball in the, the lower commons area. A really loud bang and then a big fire ball.

RB: Okay. And then.

NG: And then what happens after that, I am watching the upper windows and the lower windows of the commons and library area.

RB: Okay.

NG: Um. Unit, the M.C. unit that was with forty-four, so that was actually a two man car now.

RB: Okay.

NG: Um, they're up checking the doors where I had shot at the guy. They're watching that part and I'm watching...

RB: Just so I can clarify this, do you recognize this person you've shot at?

NG: No.

RB: Do you know who he is?

NG: No.

RB: Okay. Do you believe that he was a student there? I mean, are you saying, do you know everybody that goes to school there?

NG: I have no idea who he was. Other than he was a, a young adult.

RB: Okay. He could have been a student.

NG: Whatever. Yeah. I don't know if he's a student or, or what.

RB: Okay. You didn't get a good enough look at him to identify him.

NG: No.

RB: So he could have been a student you would have recognized had you seen him.

NG: Right. Up close and without him shooting at me.

RB: I think when we were getting to the description, I made an assumption that he was probably a young adult but you estimate him to be what age.

NG: Late teens, early twenties. Would of been my guess.

RB: Okay. Facial hair that you saw?

NG: I don't know.

RB: Unknown. Okay. Alright. I'm sorry. So unit one-forty-four with the motorcycle unit are checking the doors.

NG: They're watching the door southwest doors.

RB: They're watching it or they're checking it?

NG: They're, no, they're, they're, we're all just, just establishing a, cause we know at this point we're gonna need SWAT.

RB: Okay.

NG: Okay.

RB: So this is part of what their assignment was and the perimeter was to, to watch that.

NG: Right. Now after the volley of fire and we get the perimeter set, we could see two kids, um, from the door area. They were laying way over here to the right in the gravel area. One, one wasn't moving and one was moving their hand up and down on occasion. We could see two, two victims. Uh, the actually the M.C. unit and one-forty-four could see 'em. I couldn't see 'em. I could occasionally see...

RB: So you were...

NG: I could occasionally see the person's hand up in the, up in the air.

RB: And these, these two victims were in a, what area?

NG: They were at the, um, just to the far right of the, the southwest doors. It, it's real hard to explain, it's hard to do without a diagram. But the doors are here and then there's a little gravel area that goes down a hill. They were laying over here. And there were other, uh, victims laying down in front of the commons area.

RB: You know what I'm gonna do to make this easier for both of us? I'm gonna, I'm gonna stop the tape and give you like five minutes...

NG: Okay.

RB: Just to do a little quick diagram.

NG: Okay.

RB: Uh, do you need any water or anything?

NG: No, I'm fine.

RB: Okay. I'll give you that. Do you want to write on something or is that...got that. I'm gonna, I'm gonna stop the tape here. It's, um, nineteen ten, and I'll be resuming at, um, at the point we resume the interview.

Okay, we'll be resuming the interview. Time now is nineteen, looks like thirteen. Sorry, go ahead.

NG: Okay, this is the pa, patrol car here.

RB: Which way is north?

NG: Um, this is north.

RB: Okay.

NG: Okay, and this is west here.

RB: So this is the southwest parking lot you've described.

NG: Right. Right.

RB: Okay.

NG: And I am behind this Blazer here. I mean, there's cars everywhere.

RB: Okay.

NG: All of these cars are here. Andy's in the floor board down here.

RB: Why don't you just put an X on the rear of your vehicle there so we can identify that. Okay.

NG: Okay. These are the doors.

RB: And the vehicle directly, um, adjacent from your vehicle is going to be the Blazer.

NG: Um hmm.

RB: The white Blazer.

NG: Right.

RB: Okay.

NG: And there's, I think you can see a, there's a bullet hole, there might be two bullet holes. I, I know there's one right here on the window.

RB: Okay.

NG: Okay. And then I think he hit the door or something like that. But anyway, there's a, there's victim here.

RB: Okay.

NG: And this victim's not moving. These are stairs. They go up to the doors.

RB: Okay, that's what I'm saying, there, there must be some kind of hill here.

NG: Hill. Yeah.

RB: Okay.

NG: And then the one-forty-four now is right here.

RB: Why don't you put one-forty-four on this.

NG: Okay. One-forty-four is right here. And we've got an officer behind this door, well, actually they're, I'm sorry, they're more kinda caddy corner this way, I'm sorry.

RB: Just cross that one out then.

NG: One-forty-four. And then we got the M.C. unit right here.

RB: Okay.

NG: And then the...

RB: And that's at the rear of the vehicle.

(TAPE TWO):

RB: Continuing with the statement. I'm sorry I think we ended where we had identified the other deputy that was behind the engine block as one-forty-four.

NG: Right.

RB: Okay. Go ahead from there.

NG: So, we're communicating back and forth. Deputy Smoker tells me Neil you've got upper library and lower common windows.

RB: Okay, and that's what you already indicated you were watching.

NG: Right.

RB: And this was all part of how you established your perimeter.

NG: Right. One-forty-four and MC unit and one-forty-four are going to watch the doors.

RB: Okay.

NG: Uh one-forty-nine pulls in and we set him up here on the south end of the school because these windows also come out here and then there's a main entrance right here so he's watching this side behind.

RB: I'm sorry, and that's one-forty-nine.

NG: Yeah, one-forty-nine, and then, I can't tell you exactly where one-forty-seven was but he was here on Pierce, then we had one-forty on this side of the school.

RB: That's gonna be the far north side.

NG: Right.

RB: And I'm sorry, one-forty-nine would have been to the south.

NG: Uh huh.

RB: Okay and then one-forty-four is basically kind of north...

NG: Northwest.

RB: Or northwest. Okay and you're still in your same, your same position.

NG: Right.

RB: Okay. Alright everybody has their assignments and you've identified the two people that are basically down, one not moving, the other moving an arm periodically that you can see, but you can't see the one that's down and not moving.

NG: Right I can see this on.

RB: And that's the one closest to the doors.

NG: Yeah.

RB: Okay.

NG: He's probably about, he's on the ground probably about twenty feet from the door.

RB: Okay.

NG: In the gravel, this is a gravel area.

RB: Okay.

NG: He's laying in the gravel area.

RB: And again that's the one moving.

NG: Yeah I can see his hand going up and down every now and then and then he would just

drop it but this one here is not moving at all.

RB: Okay.

NG: Okay. Um, so these windows are all...

RB: I'm sorry to interrupt you but this would have, these people probably would have been here prior to your arrival or...

NG: Well yeah, they were, they were already down, yeah.

RB: Okay, okay, and you hadn't seen them yet though.

NG: I hadn't seen cause I...

RB: Cause you were dealing with what was going on at this point.

NG: Yeah and actually this car told me that they were down on the ground by the building.

RB: Okay, okay.

NG: And then we had, we had, God, I can recall we had a girl down here, she was down.

RB: Are you describing another victim...

NG: ----- she's rolling in some serious pain.

RB: Okay, which is gonna be east from almost just across from you, east, looks like in the roadway that leads into the parking lot.

NG: Yeah she was actually just on the edge of the sidewalk area of the roadway.

RB: Okay now had you come in this way.

NG: Uh huh.

RB: Okay did you see her before there.

NG: Uh uh.

RB: Okay.

NG: Did not see her.

RB: More than likely she probably was there, is that...

NG: More than likely, yeah.

RB: You're focused on some other things, I understand that.

NG: Yeah, yeah, yeah but we don't. for some reason we don't see her because we didn't see her actually until the paramedics showed up.

RB: I'm sorry, go ahead with your statement.

NG: Okay, then as, as I'm watching this and they're watching this the shooter at this window, okay the doors are like this and it's all metal down here and this window is all broken out like this, okay...

RB: And that was already broken out.

NG: Yeah, and this one's kind of shattered, so this is all glass right here so I could see...

RB: You're describing glass that's to the, which would be to the right as you look at the doors.

NG: Right.

RB: Okay.

NG: I can see the white t-shirt and flack jacket coming back to the door and at the same time the MC unit pretty much simultaneously we both yelled shooter at the door.

RB: You're yelling this to each other or over the radio.

NG: To each other just by voice cause we're only like, this is really only about 30 yards away from the...

RB: Again, was it the MC.

NG: The MC guy, ah, Deputy Smoker.

RB: And you said shooter.

NG: Uh huh.

RB: At the door.

NG: Uh huh. And then you could see the rifle being propped over the edge of the door here.

RB: That's the right door.

NG: Right. And the suspect crouches down behind the door.

RB: So he's down behind the metal.

NG: Uh huh.

RB:: Okay.

NG: With the rifle end sticking out and we yell shooter at the same time, then he starts, he starts a volley at I believe, cause I didn't hear anything, a volley at these deputies here and I can't, I mean it happened so fast, I don't know, I mean it was quite a few and then I could hear...

RB: More than what had been fired before.

NG: Right. And as he starts shooting, uh, I'm back on the front, I'm still on the front tire.

RB: Okay.

NG: I raise over the hood and I shoot four more times towards the door. I shot a total of eight shots and these two officers I believe were both shooting towards the door and at this time there's a Denver officer that comes up and he gets, uh there's another car here and he, he actually was down by this car and then he moved up to my car cause he had an automatic rifle.

RB: Okay.

NG: And this was just after this last exchange, so he had to hear the shots too.

RB: Now these other four shots, do you know where they went.

NG: Towards the door.

RB: Okay, but one you'd indicated that possibly hit him would have been your first shot and these other ones you don't believe would have hit him.

NG: Uh huh.

RB: Okay, you're not quite sure where they went but...

NG: I'm not sure.

RB: I mean in the area up here but

NG: Yeah, I mean I was directly aiming at, at the door, the door frame right here, because he was shooting at these deputies at that, at that point.

RB: Okay, so you're aiming at the door he's behind because he's obviously firing at...

NG: Right, other deputies.

NG: Right. Uh huh.

RB: Okay. Plus you have other people that are down...

NG: Right

RB: In the area.

NG: Right.

RB: Okay.

NG: Yeah. And you can't, if, with this person didn't raise their hand, you can't see them lying there.

RB: Okay.

NG: From where I'm at cause it's such a big hill.

RB: Do you, when you're standing here knowing the layout of the school, could you see those people there do you think.

NG: Oh, oh, yeah, definitely.

RB: Okay, so the shooter would have had access to not only your deputies here, you, but anybody that may have, these three people you identified as being down in the area.

NG: Uh huh.

RB: Okay.

NG: Now at this point we've got, then several other Denver officers come up on their side here and I can't tell you how many but they all have automatic, you know they have the short rifles, the automatic.

RB: Is that what he had.

NG: Yes.

RB: Short rifle.

NG: And he is right here, and the next time I see the suspect which is, I mean we're talking just a few minutes later after this last volley, you can see him in his flack jacket up in the library and that's when the DPD officers and I don't know who else, I didn't shoot anymore, they started shooting at the upper window.

RB: So at least one DPD and others...

NG: Oh, I'm, I'm thinking three or four were shooting.

RB: Okay.

NG: I mean, I mean it was a lot of gunfire. I mean if this person, I don't know how he didn't get hit, if he didn't get hit with that exchange...

RB: How many rounds do you DPD fired?

NG: Oh my God, uh, I don't know, I mean it was so fast and it was just (sound effect of

automatic gun), you know you could see the glass breaking up on top.

RB: How long did it last.

NG: Uh, probably about 15 seconds.

RB: So continuous rounds.

NG: Uh huh. And I believe the suspect even got some more volleys off from the top.

RB: After that or during that.

NG: During, during.

RB: Okay. so it's pointless to ask you how many rounds were being fired at this time. You know that there's about 15 seconds where DPD is firing continuing continuously, you're seeing glass breaking up in the library, the upper library window area, suspect's returning fire to some degree at that point.

NG: Short bursts...

RB: Short bursts.

NG: Yeah he didn't stay there too long. I, I, you know I would guess that he'd had to have been hit at some point, you know, they're saying that, that they maybe have self-inflicted wounds but you know he did have a flack jacket on, so I don't know, I don't know.

RB: Okay. Now let me, is this the same guy do you think that you engaged initially.

NG: I think that it's the same guy...

RB: The second time and now this third time up here.

NG: Right, I never did see a second suspect.

RB: Okay, you only saw one suspect and you think it was the same guy...

NG: In the dark blue and white t-shirt and I believe it to be the same guy.

RB: Okay. There wasn't anything that told you it could have been a different guy.

NG: No.

RB: Okay, so if two guys were dressed identically and had similar features it could have been two but there wasn't anybody that was distinctly different from what you had seen originally.

NG: Uh uh.

RB: Okay, so basically from what your observations were you got at least one guy.

NG: Right.

RB: Okay.

NG: Okay, now after the last volley quieted down for about five minutes and you could hear shots going off deeper into the building, rifle shots going off deeper into the building.

RB: During this five minute period or there's five minutes of quit.

NG: Yeah, no during this five minute period the suspects had moved deeper into the building, you could tell by the muffled gunfire.

RB: So you're hearing shots inside the school.

NG: Uh huh.

RB: Assuming it's the suspects.

NG: Right.

RB: Or suspect at that time. Was there anything that was telling you there was more than one guy at this point.

NG: No.

RB: Okay, so right now you think you're dealing with one guy...

NG: One guy...

RB: You know obviously thinking may be more but don't know for sure.

NG: I don't know for sure.

RB: Okay. And how many shots do you think are going off in this five minute period.

NG: I probably hear about six.

RB: Okay.

NG: (Inaudible word) muffled way in the background.

RB: And that's what telling you that it was further into the school.

NG: Yeah.

RB: Okay.

NG: So then we have a kid run out limping, he runs out to this door and he's kind of got his hands up and he's going 'don't shoot, don't shoot, don't shoot,' so we're saying stay low.

RB: This kid is what, a male, female.

NG: Juvenile male with no shirt on and just shorts.

RB: Where did he come from.

NG: He came from the lower commons door, he obviously had been hit the way, or I he was limping pretty bad.

RB: And he's yelling don't shoot.

NG: Yeah, yeah.

RB: He said that a couple of times, 'don't shoot, don't shoot.'

NG: Uh huh, yeah.

RB: And you thought he'd been wounded cause he was limping.

NG: Right.

RB: Did you know this kid.

NG: No.

RB: Okay.

NG: I didn't recognize him.

RB: Okay

NG: When it's 2000 it's, anyway, we get him to a point right here.

RB: So he's running in a westerly...

NG: Right...

RB: ---------- a southwesterly direction...

NG: And I make him get behind the rear of this one car here just to the right of my, or actually to the left of my patrol vehicle.

RB: Okay.

NG: So since there isn't any gunfire going I had Andy move out of the car into the back car here and just crouch down behind.

RB: Is that DPD's car or just ----------

NG: Just a car in the parking lot.

RB: And that's gonna be on the west end of that parking lot.

NG: Right, yeah.

RB: And that was for his protection.

NG: Right.

RB: Okay.

NG: So I yell over to the kid I said, "Did you see the suspects" and he said, "There's a big suspect," the only one he saw was dressed all dark clothing, so at that time I knew there were some more.

RB: But he gives you a description of a different guy.

NG: A different guy.

RB: Give me what he says to you.

NG: He said it's a big guy dressed in all dark clothing. I said, "Do you know who he is" and he says, "I have no idea."

RB: Based on what he said, this identifies to you another possible suspect.

NG: Right.

RB: Okay.

NG: Yeah.

RB: So now you're thinking you got a couple of gunmen in there.

NG: Right.

RB: Okay. Go ahead.

NG: So I asked the kid if he was alright, he says no I think I've been shot in the upper hip area. I couldn't see any blood or anything, I don't think he took shrapnel from a pipe bomb or what, so what I did was I got in the patrol car and I rolled it over to him and picked him up.

RB: You say roll, you drove over.

NG: Yeah, I drove over and picked him up.

RB: I mean obviously you're relatively certain based on what you've seen so far, this wasn't a suspect.

NG: Right.

RB: Okay.

NG: Right.

RB: You're confident (inaudible).

NG: I'm confident he's a victim, he's scared to death.

RB: Okay.

NG: Okay, I pick him up. I swing the car back around to an empty space right here.

RB: So you just basically turn around in the parking lot and drive, parking...

NG: Yeah, open this door and I kind of position my vehicle here where he could slide into the vehicle.

RB: Okay.

NG: Okay then I swung around and then took an empty space and told him just to stay down in the car. And then the gunfire kind of quit totally and then as the gunfire had quit for about 10 to 15 minutes, we started having kids, the SWAT team moved in and they started getting kids out (inaudible).

RB: So for about 10 to 15 minutes you don't have any gunfire...

NG: Uh uh...

RB: You stay with this kid at the car here.

NG: Yeah.

RB: Okay, have you taken up.

NG: I'm staying with him.

RB: You're, okay.

NG: Cause I've got the, when I, when I pulled out here I had everybody cover me in case they went here cause I wanted to evac this kid here so they uh, the DPD guy was here and I have plenty of cover when I did that.

RB: This kid's alert, he's not, I mean...

NG: Right he's in pain but ...

RB: Right. But it's, I mean obviously it could have been serious but it wasn't at a point where you thought he might die.

NG: Right.

RB: Okay.

NG: Yeah.

RB: Uh, I'm sorry, so for about 10-15 no gunfire, ...

NG: No gunfire...

RB: Swat's arriving.

NG: SWAT's, everybody's getting into position and our SWAT is actually in the front and most of these SWAT guys were Denver guys.

RB: Okay. So basically SWAT's arrived at this point.

NG: But as they're, as they're staging and getting ready, I mean we're having kids just pile out of that back door, I mean they're running, they're running everywhere.

RB: How many kids would you estimate.

NG: Twenty, twenty to twenty five.

RB: Between this 10-15 minute period.

NG: Uh huh, after the gunfire had quit, they all, they couldn't stand to be in that building anymore and they just started running out.

RB: And again, about twenty you think.

NG: Yeah.

RB: Did you say twenty.

NG: Yeah.

RB: Okay. Okay.

NG: I mean there was a lot more after SWAT finally went in and could evac but at that point they called me.

RB: Where were these twenty kids going, I mean when they came out, they're coming out that same exit that you said that...

NG: Yeah. well up here, up here just above us there's a big metal shed and we got a lot of cops back here and we got a lot of evac'd people back here. What we were doing is uh Deputy Swederman was now, he's the Zebra-1, the main bike guy, he's there now on scene so he's helping us evac. What we're doing is we're sending to the back car where Randy is and then we're getting them over the fence and then he's loading him up and then he's driving right back up and putting them back behind here.

RB: So basically you're evacuating these kids to a safe location.

NG: Right.

RB:: Okay, which is to the west of the school.

NG: Uh huh.

RB: Okay.

NG: Behind the athletic shed, it's actually a cinder block building.

RB: Okay.

NG: And then we just pretty much just stayed there and watched the windows I would guess for a good hour.

RB: Okay.

NG: And then they...

RB: No additional gunfire.

NG: No, no. And they actually called me back to the Command Post because they needed help with the layout of the school.

RB: Okay. And that's what you did after about an hour, went back to CP and uh...

NG: And what I would do is I would uh, at the Command Post screen people to make sure since I, now they're telling me who it is, it's the two suspects and now I know who, who they are.

RB: You know them by name.

NG: Yeah.

RB: Okay, who are they, who were you told were the suspects.

NG: Uh, Dylan Klebold and, ah, Jesus, I'm drawing a blank now, God, I don't know this kid as well but we had two Deans that did and I'm sorry I can't remember his name.

RB: If I said his name would you recognize it.

NG: Yeah.

RB: Eric.

NG: Yeah.

RB: Harris.

NG: Eric Harris, yeah, because I had the two Deans with me, I could recognize Klebold but I couldn't recognize Scott so the two Deans were with me.

RB: Scott or.

NG: Dylan Klebold.

RB: Right you say you can recognize Dylan but...

NG: But not Eric Harris.

RB: Okay.

NG: Yeah, and we were screening kids as they were getting 'em evac'd to make sure we didn't have a bad guy with them.

RB: Okay. The suspect that you saw that you exchanged gunfire with, was he Dylan?

NG: I believed him to be Dylan.

RB: That's who, that's who you think...

NG: He was more in stature of Dylan cause Dylan's a lot taller than Eric Harris.

RB: But you wouldn't know Eric Harris, correct.

NG: Uh uh.

RB: Okay...

NG: I didn't know till I saw a picture of him.

RB: Okay. Did you recognize him from the photo then.

NG: No.

RB: Okay so you really don't know this kid at all.

NG: I had never dealt, I had never dealt with Eric Harris.

RB: So based on the descriptions you have given of the suspects and your knowledge of Dylan, you, based on what you saw occurring it's your belief it was Dylan that you exchanged the gunfire with...

NG: Correct...

RB: At the door.

NG: Correct.

RB: Okay, alright, but you can't I.D. him though from that.

NG: I couldn't tell, I couldn't tell you as I, we were exchanging gunfire and that was Dylan...

RB: Right, okay...

NG: All I know he was a younger male.

RB: Maybe with some 20/20 hindsight you think now it's your belief that it was probably Dylan that you were...

NG: Just based on the stature of Dylan compared to Eric is a shorter person.

RB: Okay, okay. Uh, anything else you recall from that incident that I didn't touch on.

NG: No, I mean, I mean we've been talking about (inaudible word) it like happened like so fast.

RB: I understand that and you've actually done a good job as far as what you can recall and...

NG: Yeah...

RB:: Handling these questions. I know they're

NG: Yea.

RB: A pain to go through.

NG: But that's the best of my recollection of, you know, of exactly what happened.

RB: Uh, had you, so I, assuming when you got back to the Command, I assume when you got to the command post you had related to them portions of what had occurred.

NG: Uh huh.

RB: Okay. Just bringing people up to speed as to the incident and what they need to look for and what's potentially going on there.

NG: Right, right.

RB: Okay.

NG: I was giving them places where they could possibly hide and I was giving you know tactical information.

RB: And you related to them your, your experiences there too to some degree.

NG: And then once we knew it was Dylan Klebold, see he worked in the auditorium a lot and he knew all the rafter, boardwalks and everything cause he used to do the lighting for the plays.

RB: Okay.

NG: So I was relaying that.

RB: Now are you at Jeffco, are you at your Command Post, cause there were a lot of SWAT units that had Command Posts coming in...

NG: I was at mine.

RB: So you were at, okay.

NG: And I was, and then they sent me up to the top with Denver to screen people as they were coming out cause they didn't know the good guys from the bad guys.

RB: And you didn't do any evidence collection.

NG: Correct.

RB: Okay, and uh let me take a quick look at your magazine that you'd, no leave the one in the gun but just the two that you've got there. Okay, so you have one empty...

NG: Um hmm. And I don't know where that bullet is, that should be loaded, I didn't even use that clip.

RB: Okay.

NG: This is the one I pulled out of here.

RB: You got one empty, one, and the empty one was in your pocket, right.

NG: Right.

RB: Your left front.

NG: Uh huh. I mean when I was, after I had run out I just shove it to the ground, I picked it up at a later time.

RB: Okay, I was going to go back and ask you that, I didn't want to interrupt at that point but at the point after you fired eight rounds you're going (inaudible word) eight...

NG: Right...

RB: Okay slide locked open. So you immediately reloaded at that point.

NG: Yeah.

RB: Okay, and you dropped what would be the empty, empty magazine right on the pavement and you left it there.

NG: Uh huh.

RB: Okay.

NG: Just like training at the range.

RB: Right.

NG: All the training comes back.

RB: Now there's one round, um, this was from your, which pouch, this was on the outside or inside your gun, so your closest to the gun...

NG: Right.

RB: Okay. Normally this would carry seven.

NG: Right.

RB: To your knowledge did you ever take it during this.

NG: No. I never took that one out, I used the first one.

RB: Okay, so it's unclear where that other round is for that.

NG: Yeah.

RB: Okay. And then you should have, let me see the magazine in that one real quick. You have one in the chamber now.

NG: Yeah, there should be cause there were seven to start with, there should be six.

RB: Okay and that's what's in here.

NG: Uh huh.

RB: Okay.

NG: Cause it, I mean you only get eight the first go around.

RB: Right.

NG: Then you get seven.

RB: Let's do this, can you just pull the slide just a little, I can't, there we go, okay, and then one in the chamber.

NG: You want me to clear that.

RB: Why don't you just leave it as is, just go ahead and put that, put that magazine back in it there.

NG: Okay.

RB: Okay. You can put that one back in there.

NG: Okay.

RB: And you're the only one that's handled your weapon correct.

NG: Right.

RB: Okay. As we, I'm basically at the end of this, if you can just initial your diagram there.

NG: Okay.

RB: And I asked you this before. Any other information I didn't go through with you think was relevant to this.

NG: Not that I can recall.

RB: Okay, and then I think...

NG: You know there may have been more shots fired but I mean cause there was a lot of stuff.

RB: And I understand that you're not counting every round that getting exchanged when there's a lot of gunfire going on.

NG: No.

RB: Okay.

NG: I did see the big flash bang in the, I mean it was a big ball of fire.

RB: And that's the one you told me about.

NG: Right.

RB: Okay, uh and I mean it certainly there may be other aspects to this investigation...

NG: Right...

RB: In terms of what your knowledge is about who the potential suspects are and what their involvement in and may be other suspects peripherically involved which I'm not going to go into with you right now because our focus was simply uh the shoot...

NG: The shoot...

RB: Deal with the shoot and uh, so I'm probably going to leave it at that right now and then whoever gets assigned with the follow-up and that we'll cover that aspect of it. Do you have any questions for me.

NG: Uh uh.

RB: Okay. Time now is 1945. End of the interview.

04-20-99

On 04-20-99, I was attending a class and was informed via television that a serious incident was occurring at Columbine High School in Littleton. I contacted Criminalist Jennings from our crime lab and he indicated to me that I would be needed at the scene later in the evening as the Bomb Squad was still searching the school. I arrived at the scene Command Center at approximately 1800 hours and contacted Criminalist C. Andrist. I was informed that the Bomb Squad was still clearing the building and that we could not enter until the school was deemed safe. As we were waiting, I assisted Criminalist Andrist in organizing the Forensic/Crime Scene personnel from the various agencies that were at the scene to help process the school. After receiving the names of all the personnel that would be available to help process the scene, Criminalist Andrist and I placed everyone into five separate teams. We also had a team from Denver P.D. and two teams from the F.B.I.. We were informed later that it would take most of the night to clear the school and we were sent home and asked to arrive back in the morning about 0600 hours on 04-21-99. I cleared the scene at approximately 0030 hours on 04-21-99..

04-21-99

On 04-21-99, at approximately 0600 hours, I returned to the scene at Columbine High School. When we arrived at the scene we were notified that we were still waiting for the scene to be cleared before the initial group could enter the scene for a walk through. I assisted in getting personnel from all agencies assigned to various Forensic teams. The location of where each team would be working would be decided later. I also assisted in helping organize a group of people to search Pierce St. and Clement Park, from the Command Post to the stop light in front of Columbine High School and beyond, for any evidence that might be related to the crime scene. The Command Post was to be moved down the road and it was suggested that the road and park be searched for evidence before any moving all the personnel to that location.

At approximately 1100 hours Criminalist T. Adair from the Arapahoe County Sheriffs's Office (ACSO), Criminalist T. Griffin from the Colorado Bureau of Investigation (CBI), Criminalist B. Lloyd from the Thorton Police Department and I were asked to enter the school and take overall video and photographs of the library and storage room where the victims were located. T. Griffin and I took photos and T. Adair and B. Lloyd took video of the two locations. After we completed the overall documentation of the scene we exited the school. At this time the teams were being organized and given a briefing on the processing of the scene and what areas the team would be working. I was placed on Team #1 and our team worked the east portion and hallway in the library.

After taking lunch, each team entered their area and began processing. I was assigned to Team #1 as the Jefferson County Sheriff's Office (JCSO) liaison. It was my responsibility to collect all the evidence from our portion of the library. Also on Team #1 were the following people: Barie Goetz, Ted Ritter and Don Sollars from the CBI, Tom Adair from the ACSO and Deputy D. Swavely from the JCSO. B. Goetz was the team leader, T. Ritter was our Firearms Expert and did most of the photography, D. Sollars was our Latent Print Examiner and T. Adair was in charge of sketching the scene. Deputy Swavely helped in the collection of the evidence.

In the east section of the library we had a total of five deceased victims. We concentrated the initial processing of our side of the library to the evidence around the five deceased victims so that the Coroner's office could get to the bodies and remove them form the scene. We continued to work the evidence around the bodies which included locating, marking, photographing, sketching and collecting. The five deceased victims were removed by the Coroner's Office and I exited the scene by about 2135 hours. All evidence collected and film taken on 04-21-99 was placed into the evidence command area by myself on this date.

On 04-22-99, at approximately 0800 hours, I entered the scene at Columbine High School with other members of Team #1 to continue to process the east side of the library. All the deceased victims had been removed from the library on the previous day. We continued to locate, mark, photograph, sketch and collect items of evidence throughout the day. We also started to inspect the backpacks for evidence and to see who they belonged to. We continued the processing of the library until approximately 1700 hours when we cleared the scene. All evidence collected and film taken on 04-22-99, was placed into the evidence command center by myself on this date.

On 04-24-99, at approximately 0635 hours, I entered Columbine High School and picked up film that I had taken on my initial walk through on 04-21-99. I transported the film to the Arapahoe County Sheriff's Department where I meet Criminalist Adair. Adair printed 3 x 5 photographs of the eight rolls of film. We then took the film and photographs back to Columbine High School were we entered the library at approximately 0800 hours. Evidence placards had previously been removed when the evidence was collected. We replaced evidence placards where they were originally located. After replacing the placards we started working in the back hallway of the library. We located, marked, measured and photographed evidence located in the hallway and office area. We completed the processing on 04-24-99 and I cleared the scene at approximately 1200 hours.

On 08-11-99, I photographed a bullet that had been located in Item #729-C. Item #729-C is the red and black 'North Face' backpack of Corey Depooter. There was an entrance hole in the lower left side of the backpack. Inside of the backpack was a white notebook. The spine of the notebook had a hole in it and a bullet just on the inside of the spine of the notebook stopped by the metal binder. I photographed the backpack, notebook binder and bullet. The evidence was then resealed and returned to the evidence vault.

The following is may photo log.

On 062199, at approximately 0850 hours, I entered the Evidence Vault to photograph evidence located in backpack #2372. The backpack was property of Rachel Scott. The backpack had been struck by a bullet which entered the back of the backpack, traveled through a checkbook and book and ended up in the backpack setting on the books. I photographed the backpack, books and bullet and then collected the bullet. The bullet was entered into evidence as Item #10283 and later submitted to CBI. The following is my photo log.

On April 20, 1999, Criminalist V. Spelman and I were requested to respond to Columbine High School. We arrived at approximately 1300 hours and were briefed by Sgt. R. West. I videotaped the students as they arrived at the northeast parking lot of Clement Park. I then took three (3) rolls of aerial photographs.

At approximately 1800 hours I was requested by Lt. J. Kiekbusch to proceed to Wadsworth and Coal Mine Rd. to assist West Metro Fire Department Investigators. Deputy J. Savage took me to that location where we were briefed by Lt. D. Pfannenstiel and Investigator W. Maron. Deputy Savage and I assisted in the photographing, sketching and collection of evidence (see photo log and Evidence Report). We cleared the scene at approximately 2230 hours and returned to Columbine High School. I was then requested to photograph picnic area G in the southeast corner of Clement Park where "420" and "187" were discovered on one of the picnic tables.

On April 21, 1999, I assisted in the scene search of the southeast area of Clement Park and Pierce Street. I was then assigned to Crime Scene Team 2 with T. Griffin, R. Swanson, A. Hammond of CBI and L. DeLong from Arapahoe S.O. where I documented, collected, and sealed evidence in the west section of the library. I was assigned to Team 2 until Monday, April 26, when I was requested to return to the J.C.S.O. lab to process and print photographs of this scene.

Sgt. Chris Tomford

On 04/21/99 at about 1400 hours, Sgt. Pat Woodin advised me that some graffiti had been etched into a picnic table in one of the shelters in Clement Park. She felt the graffiti may be related to the Columbine High School suspects and requested that photographs be taken. I borrowed a 35-mm camera from a Littleton Police Department investigator and located the table in a shelter on the southeast side of the park. The graffiti read, "187" and "4 20" with some sort of design below it. The following photographs were taken about 1405 hours:

1. CR Placard
2. Overall of shelter facing west
3. Overall " " facing east
4. Overall " " facing north
5. Overall " " facing west
6. "4 20" and design on picnic table
7. "187" on picnic table
8. " "
9. " "
10. Overall of picnic tables
11. "A>" etched on adjoining table
12. Overall of shelter facing south

The camera was returned to the Littleton Police Department investigator and the film was submitted to the JCSO Criminalistics Unit for processing.

PROPERTY RELEASE

JC-001-011777

TO: Karen Joyce-McMahon

FROM: Chris Andrist

DATE: June 14, 1999

SUBJECT: Release of Victim's Backpacks and Personnel Effects

The following guideline needs to be utilized by all personnel releasing evidence back to the victims.

1. A written request must be made to Chris Andrist about specific items to be released. Chris will then OK the request and then give the request to A. Simmons or C. Loptien to release the evidence. The evidence will be examined by one of the above listed people to see if it contains any evidentiary value.

2. The evidence will be released at the evidence vault with the victim services representative and one of the following people: C. Andrist, A. Simmons or C. Loptien. The evidence will have the chain-of-custody initialed by the Victim Service representative at this time.

3. A return-to-owner(RTO) sheet will be given to the VS representative. The RTO sheet will be filled out by the representative and the owner of the evidence.

4. The original RTO sheet will be returned to the evidence vault. A copy of the RTO sheet will be directed to C. Loptien in the lab. A copy should be kept by Victim Services for their records.

5. No evidence will be released to the victims if the item has any Biohazard on it. (Unless the blood may be collected by a swab by C. Andrist or C. Loptien of the lab).

This guideline is intended to keep the release of evidence a smooth process for everyone involved. It is also intended to keep good records of the released evidence as well as allowing only authorized personnel to make decisions on the release of the evidence to the victims.

TO: Victim Services Staff
Columbine Connections Staff

FROM: Karen Joyce-McMahon KJM

DATE: August 23, 1999

SUBJECT: **Release of Victim's Backpacks and Personal Effects**

When family members are asking for the return of evidence from the Sheriff's Office, please reference the attached memo from Chris Andrist dated June 14, 1999.

1. A written request must be made to Chris Andrist about specific items to be released. **Have the families be as specific as possible. Ask for all the effects of a victim rather than a notebook or backpack.** Chris will okay the request and pass it along to Al Simmons or Chris Loptien to release the evidence. Remember that all evidence will be examined to see if it contains any evidentiary value.

2. The evidence will be released at the evidence vault with the victim services representative and one of the following people: Chris Andrist, Al Simmons or Chris Loptien. The evidence will have the chain-of-custody initialed by the Victim Service representative at this time.

3. A **"return-to-owner (RTO)" sheet** will be given to the VS representative. The representative and the owner of the evidence will fill out the RTO sheet.

4. The original RTO sheet will be returned to Jo Ella in a timely manner.

5. The original RTO sheet will be returned to the evidence vault. A copy of the RTO sheet will be directed to Chris Loptien in the lab. A copy will be made for Victim Services (Golden) for our records.

6. No evidence will be released to the victims if the item has any Biohazard on it. If an authorized person in the lab can clean the blood from the item, then Chris Andrist might reconsider release of the item.

Please follow the above steps at all times when working with deceased and injured families as well. When in doubt of what a family is asking for, try to get them it be a specific as possible. In addition, since many of these families may not know all the items their child had that day, the final entry in your written request should read, "any additional items for (child's name)." The intent is to attempt to return all items belonging to the individual at one time. If these steps are followed, we will not have as many requests to the lab for return of property as you have had recently.

EVIDENCE LOGS

JC-001-011878

ORIGINAL

TO: John Kiekbusch, Lieutenant
Investigations Division

FROM: J.T. Warren, Sergeant
Detention Division

DATE: April 29, 1999

SUBJECT: **99-7625**

On April 28, 1999, I, along with Cadet Tory Wells, responded to the Evidence/Property rooms of the Denver and Lakewood Police Departments for the purpose of retrieving all evidence/property in their possession relating to the Columbine High School shooting that took place on April 20, 1999. This property was then turned over to Evidence Custodian, Bob Miller.

The property/evidence in the possession of the Arapahoe County Sheriff's Office will be delivered, by them, to our Evidence/Property Custodian today, April 29, 1999.

IMPORTANT NOTICE

NO PROPERTY CAN BE RELEASED FROM THE EVIDENCE SECTION WITHOUT AN APPOINTMENT BEING MADE NOT LESS THAN 24 HOURS IN ADVANCE. CALL 795-4725 OR 795-4727 TO SET UP AN APPOINTMENT. IF NO ONE IS IN THE OFFICE LEAVE A MESSAGE ON THE VOICE MAIL AND A TECHNICIAN WILL RETURN YOUR CALL TO SET THE APPOINTMENT.

PROPERTY WILL ONLY BE RELEASED TO THE OWNER OF RECORD, HIS/HER SPOUSE OR WITH A NOTARIZED AUTHORIZATION FROM THE OWNER OF RECORD. PHOTOGRAPHIC PROOF OF IDENTITY WILL BE REQUIRED AT THE TIME OF RELEASE.

IF THE PROPERTY BEING HELD IS EVIDENCE IN A CRIMINAL CASE, WRITTEN AUTHORIZATION FROM THE ASSIGNED INVESTIGATOR OR DEPUTY DISTRICT ATTORNEY MUST BE RECEIVED PRIOR TO MAKING ANY APPOINTMENT FOR RELEASE.

PERSONS CLAIMING ITEMS SUBMITTED AS FOUND PROPERTY MUST PROVIDE PROOF OF OWNERSHIP OR SIGN AN AFFIDAVIT OF OWNERSHIP.

REQUESTS FOR COPIES, PHOTOGRAPHS, OR TAPE COPIES OF ITEMS HELD IN EVIDENCE MUST BE SUBMITTED THROUGH THE ARAPAHOE COUNTY SHERIFFS OFFICE RECORDS SECTION 795-4780. (A FEE IS CHARGED FOR THIS SERVICE)

NO ITEMS WILL BE RELEASED TO A JUVENILE UNLESS THE JUVENILE IS ACCOMPANIED BY A PARENT OR LEGAL GUARDIAN.

UNDER NO CIRCUMSTANCES WILL PROPERTY WHICH IS ILLEGAL TO POSSESS BE RELEASED, IE: CONTRABAND DRUGS, DEFACED FIREARMS, ITEMS WITH DEFACED, ALTERED OR REMOVED SERIAL NUMBERS, ETC.

THE ARAPAHOE COUNTY SHERIFFS OFFICE WILL NOT HOLD PROPERTY SOLELY FOR USE IN A CIVIL COURT MATTER. ONCE PROPERTY IS NO LONGER NEEDED FOR A CRIMINAL COURT ACTION, THE OWNER OF RECORD WILL BE ADVISED TO CLAIM THE PROPERTY AND FAILURE TO CLAIM IT IN A TIMELY MANNER WILL RESULT IN THE DISPOSAL OF THE PROPERTY.

ITEMS SUBMITTED FOR SAFEKEEPING MAY, IN MOST CASES, BE CLAIMED UPON REQUEST. SPECIAL REQUIREMENTS EXIST FOR ITEMS HELD IN THE CASE OF DOMESTIC VIOLENCE AND SUICIDE ATTEMPTS OR THREATS.

BREATH SAMPLES HELD FOR SECOND TESTING WILL BE RELEASED TO ANY LAB OR COURIER UPON RECEIPT OF A WRITTEN REQUEST FROM THE ATTORNEY OF RECORD OR THE DEFENDANT IF NO ATTORNEY HAS BEEN RETAINED. THE SAMPLE WILL NOT BE DELIVERED DIRECTLY TO THE DEFENDANT. BREATH SAMPLES ARE ONLY AVAILABLE FOR ONE YEAR FROM THE DATE THEY WERE TAKEN.

ALL PROPERTY MUST BE CLAIMED IN PERSON UNLESS SPECIAL CIRCUMSTANCES PRECLUDE THE POSSIBILITY OF IN PERSON CLAIM. ANY EXPENSES FOR SHIPPING MUST BE ARRANGED PRIOR TO ANY ITEMS BEING RELEASED. NO PROVISION EXISTS FOR PROPERTY TO BE DELIVERED BY THE ARAPAHOE COUNTY SHERIFFS OFFICE.

FAILURE TO CLAIM PROPERTY WITHIN 30 DAYS OF WRITTEN NOTIFICATION BEING MAILED TO THE OWNERS LAST ADDRESS OF RECORD WILL RESULT IN THE PROPERTY BEING DISPOSED OF IN ACCORDANCE WITH ARAPAHOE COUNTY SHERIFFS OFFICE POLICY.

OFFICE HOURS FOR THE EVIDENCE SECTION ARE 8:00am UNTIL 4:00pm MONDAY THROUGH FRIDAY EXCEPT ON HOLIDAYS.

THE MOUNTAINS GET BIGGER AND BIGGER.

WE'RE ALMOST TO DENVER,
BUT ~~[illegible]~~ STILL 40 MINUTES AWAY.
THE TRAIN ~~[illegible]~~ WILL INCH. ALONG
THROUGH THE REFINERIES.

ADAM AND ALEX ARRIVE TO TAKE PICTURES OF THE MOUNTAINS AND FEEDLOTS.
I TELL THEM TO SHUT OFF THEIR FLASHES.
OLD CARS AND TRUCKS EVERYWHERE.
ALEX (SASHA I CALL HIM) IS JERRY'S YOUNG COMPANION.
HE HAS BECOME MY ~~[illegible]~~ [illegible] (PRIPODOVATIL)
TUTOR

I ASK HIM THE WORDS FOR DIFFERENT THINGS TRAIN. TREE. SUBURB
"KAK SKAZAT SUBURBAN SUBDIVISION?"

THE TRAIN SLOWS DOWN
AS WE PASS ELEVATORS
METAL YARDS.

"NU. NU. OH!
PODGORODIYE"

WE PASS REFINERIES.
PASS THE POWER PLANT.
PASS THE GRAVEYARD.

CONDUCTOR SAYS 15 MINUTES
I'LL GO GET THE KIDS READY.

AT THE SCHOOL: I TALKED TO YOU ON THE PHONE.

LIBERAL GIRL, SHE'S FROM MOUNT VERNON

POEM

NEW YORK. A 10th GRADER. SHE CAN'T WAIT TO GET OUT OF COLORADO.
"THE MIND OF AN EASTERNER IS REALLY DIFFERENT THAN THE COLORADO
MIND" SHE SAID. "I CAN IMAGINE," I SAID.

SHE'S GOING TO BE ON TV.

(3) SHE'S LEADING THE MEETING HERE ABOUT SCHOOL SHOOTINGS, AND LEADING

THE "PEACE ACTIVATION GROUP" GOING TO COLUMBINE HIGH SCHOOL.

"WE MIGHT GET SOME NATIONAL BROADCASTING OUT OF THIS, WHICH IS GREAT. I DID A REPORT ON SCHOOL SHOOTIN LAST YEAR. I'VE BEEN TRYING TO MAKE PEOPLE AWARE, BUT YOU KNOW, PEOPLE HAVE THIS HABIT OF NOT CARING ABOUT SOMETHING UNTIL IT'S CLOSE TO HOME. NOW IT'S CLOSE TO HOME. LITTLETON IS JUST 5 MILES AWAY. 10 MINUTES. BEFORE PEOPLE HERE WOULD SAY 'THAT'S OREGONS PROBLEM' OR 'THAT'S THE SOUTHS PROBLEM' BUT THERE'S LOTS OF KIDS HERE WHO CAN GET TO THEIR PARENTS GUNS. THIS IS OUR PROBLEM. THIS IS AMERICAS PROBLEM. NOW PEOPLE HERE WOULD WILL HAVE TO GET AWARE. THIS SHOOTING IS NOT JUST COLORADOS PROBLEM. IT'S NEW YORKS PROBLEM. IT'S AMERICAS PROBLEM."

LIBERAL GIRL WAS QUITE IMPRESSIVE. I TOLD HER SHE'D DEFINITELY GET ON NATIONAL TV.

THEN SHE STARTED TALKIN REPEATEDLY ABOUT PEOPLE BEING MADE AWARE.

"MADE AWARE OF WHAT EXACTLY"

"OF SCHOOL SHOOTINGS" AND HERE HER REPUTATION TOOK A NOSEDIVE

BECAUSE "THERES LOTS OF ISSUES INVOLVED..."

BUT IT ALL BOILED DOWN TO

"IF THAT KIDS MOTHER COULD HAVE HUGGED HIM MORE, WE'D HAVE PREVENTED A SHOOTER"

JC-001-011919

I JUST LISTENED... SHE'S YOUNG. IT'S TRUE, IF THEIR MOTHERS HAD HUGGED THEM MORE, MAYBE THIS WOULDN'T HAPPEN.

BULLET-PROOF

THESE KIDS HAD BODY ARMOR AND UZI SEMI-AUTOMATIC WEAPONS AND IT WAS THEIR PARENTS'!

I LOVE YOU

(4) THOUGHTS AND ACTIVITY OF THE [illegible]

THE MOUNTAINS TO THE NORTH HAVE SNOW ON THEM. SANDY SAYS THAT'S NEAR FORT COLLINS. SHE TALKS OF A MAN FROM UTAH ABOUT FEELING CLAUSTROPHOBIC IN THE TREES OF THE EAST.

BIG AMERICA.

I SUDDENLY REALIZE WHY THE TRAIN IS UNPOPULAR HERE, I.E. IN AMERICA. BIG AMERICANS CAN'T SLEEP WELL ON IT. EVERYONE TALKS ABOUT HOW LITTLE THEY SLEEP, HOW UNCOMFORTABLE IT IS TO NOT HAVE ONE'S LEGS OUT, HOW THEY TOSSED AND TURNED, HOW THEY HAD TO WALK AROUND.

BIG AMERICANS DON'T LIKE COACH, AND IT'S MUCH CHEAPER TO DRIVE AND STAY IN MOTELS THAN BUY A SLEEPER.

WHEN WE GO TO INDIA WE'LL BE ABLE TO HAVE 2ND CLASS SLEEPERS. IT'S VERY NICE. THE WAY THE TRAIN WORKS IS

IN THIS AREA, SIX PEOPLE GET A SEAT. THIS IS IN 2ND CLASS W/ RESERVATIONS. THE SEAT IS JUST A FOAM BENCH. BEHIND YOUR BACK IS A FOAM BENCH FOLDED AGAINST THE WALL. ABOVE YOUR HEAD IS ANOTHER FOAM BENCH THAT EVERYONE USES FOR LUGGAGE DURING THE DAY.

POEM AMONGST YOURSELVES, THE SIX OF YOU DECIDE WHO GETS WHICH BED AND WHEN TO GO TO BED. IF SOMEONE LOOKS ESPECIALLY TIRED, THEY'LL BE ENCOURAGED TO TAKE THE TOP BUNK/LUGGAGE RACK, AND FOLKS WILL CLEAR IT OFF AND CONTINUE SITTING/TALKING/SNOOZING ON THE BOTTOM BENCH.

~~Too~~
MONDAY 7/19

WELL, I FOUND TWO MORE SHEETS OF PINK PAGES FOR YOU. THIS IS REALLY THE END, THOUGH, SO I'LL USE BOTH SIDES THIS TIME

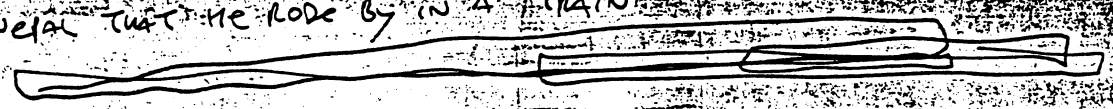
THE LETTER ~~[illegible]~~ YOU GOT YESTERDAY I MAILED FROM "HAYMARKET STATION". I ASKED PEOPLE IF THIS WAS NEAR THE FAMOUS HAYMARKET, BUT NO ONE AROUND HAD HEARD OF THE HAYMARKET OR THE HAYMARKET RIOT.

I SIT ALONE... WELL NOT ALONE, BUT APART FROM THE GROUP, IN THE SIGHTSEER LOUNGE. ALL THE KIDS WERE HERE A MINUTE AGO, BUT THEY'VE GONE BACK TO THE SEATS.

OH, HERE COMES SANDY, BACK TO THE SEATS.

Poem

WEST OF NAPERVILLE, ILLONOIS, WE REENTER CORN COUNTRY AND ITS GREAT SKY. I LISTEN TO A SEASONED WORLD TRAVELER MIDWESTERN MAN TALKING IN SLOW PLAIN SPEECH OF SOME MEGADAM IN NEPAL THAT HE RODE BY IN A TRAIN



JAGGED RIDE. HARD TO WRITE. ☆

Quote WAR II

TUESDAY MORNING. FINAL HOUR.
WE PASS A DERAILED OIL TRAIN.
GRASS ALL BURNT FOR HUNDREDS OF YARDS
"OH THAT'S NOT NICE" SAY ALL THE PEOPLE IN THE CAR AS WE WITNESS SMASHED UP TANKS.

Nice! OUTHNESS to Dear DENVER WHEN YOU'RE DEAD

"NICE."
EARLIER WE PASSED A BIG "4-WHEELER TRACK" WITH "MAD JUMPS".
PETER AND JEREMY PRETENDED TO DROOL THAN VISCIOUSLY THREW BEAT DOWN PUNCHES INTO THE AIR, SAYING "I WANT YOUR 4-WHEELER TRACK."

WE'RE IN EASTERN COLORADO. 1 HOUR FROM DENVER.

INVESTIGATION:

On 4-21-99, at approximately 0600 hours, I responded to the Columbine High School Command Post, where I was assigned the duties as the evidence investigator for this case.

Upon being assigned duties as the evidence investigator, I contacted the JCSO Evidence Vault and requested that they transport the evidence trailer to the crime scene, along with boxes and all packaging materials which would be needed. With the assistance of the Arapahoe County Sheriff's Office, I also made arrangements to have South Metro Fire Department transport their all weather inflatable garage to the crime scene. Once the evidence trailer and portable garage were on scene, the portable garage was set up on the outside of the east entrance of the school and the evidence trailer was backed up to the all weather garage. Evidence tables and evidence packaging stations were then set up inside the evidence garage and boxes were set up inside the evidence trailer by team numbers.

At approximately 0959 hours, I was escorted inside the school building by Criminalist Lab Supervisor Chris Andrist for the purposes of identifying areas within the school building which would be broken down by sections and assigned to teams. I exited the school building at approximately 1047 hours and at that time still and video photography of the crime scene began.

Forensics teams were then assigned to specific areas and I provided each team with a block of numbers which that team would utilize to identify items of evidence they collected. Each team was assigned a representative of the JCSO and it was determined that individual would be responsible for the collection of all items of evidence for their team. At this point crime scene security had been set up at the east entrance of the school and logs were maintained throughout the processing of the crime scene to reflect entry and exit from the scene. (See attached logs for additional information).

At approximately 2233 hours, on 4-21-99, the evidence trailer was secured and locked and I maintained possession of the key to the lock. Items collected by teams 6 and 8, as well as the weapons recovered by Forensics team #2, were transported to the JCSO Criminalistics lab where they were secured. At 2251 hours, on 4-21-99, all bodies had been removed from the crime scene.

The crime scene was secured on 4-21-99, at approximately 2257 hours. I departed the scene at 2302 hours.

On 4-22-99, at approximately 0754 hours, I accessed the crime scene. Due to the inclement weather and the fact that the foyer at the east entrance of the school had already been cleared by Forensics team 5, the decision was made to set up the evidence station inside the foyer of the school, which was accomplished. At approximately 1135 hours, on 4-22-99, I accessed the evidence trailer.

The evidence trailer was secured at approximately 1657 hours on 4-22-99 and I maintained possession of the key to the lock.

The crime scene was secured at approximately 1811 hours and crime scene security was posted at the east entrance.

On 4-23-99, at approximately 0800 hours, I accessed the crime scene, and at approximately 0810 hours, I accessed the evidence trailer.

On 4-23-99, at approximately 1907 hours, I secured the evidence trailer and maintained possession of the key to the lock.

On 4-23-99, at approximately 1942 hours, the crime scene was secured and crime scene security was posted at the east entrance of the crime scene. It should be noted that perimeter security for the building was being provided by Colorado State Patrol personnel. The security for the crime scene entry point on the east side of the building was maintained by JCSO personnel.

On 4-26-99, at approximately 0723 hours, I accessed the crime scene. At approximately 0849 hours, I accessed the evidence trailer. At approximately 1159 hours, on 4-26-99, I provided the keys to the evidence trailer to Sgt. Pat Woodin and departed the scene at approximately 1201 hours.

Sgt. Woodin and Criminalist Vicky Spelman then accepted responsibility for the evidence trailer. Sgt. Woodin secured the evidence trailer at approximately 1800 hours and maintained control of custody of the evidence trailer key.

On 4-28-99, at approximately 0745 hours, Sgt. Woodin accessed the evidence trailer and provided the key to Criminalist Spelman. Criminalist Spelman secured the evidence trailer at approximately 1745 hours.

On 4-29-99, at approximately 0730 hours, Criminalist Spelman accessed the evidence trailer. At approximately 1500 hours, on 4-29-99, the evidence trailer was secured and transported to the JCSO where all items of evidence were removed from the evidence trailer and placed into the JCSO Evidence Vault.

NOTE: All references in this report are to the CBI exhibit number for each item of evidence above.

On April 23, 1999 through July 6, 1999, the Reporting Agent conducted an analysis of the evidence items above. Standard CBI Computer Evidence Analysis Protocols were followed.

On July 2 through 6, 1999, Agent RONALD E. CARSCALLEN conducted an analysis of exhibits 1050 through 1063 above. Standard CBI Computer Evidence Analysis Protocols were followed.

Exhibit 1 was found to be LINUX format drive. A copy was made and sent to the FBI National Laboratory. The FBI provided several files from their analysis, but no information related to guns, the shooting, or the making of bombs were recovered.

Exhibit 2 was found to have no disks drives.

Exhibit 3 was found to have one completely blank drive from which all files had been deleted and overwritten. The second drive in exhibit 3 was found to contain various 3-D games.

Exhibit 4 was found to contain a copy of the Anarchist's Cookbook, and various school assignments from ERIC HARRIS. Several of these appear to be creative writing assignments and deal with violence and dream sequences similar to the shooting. These files were burned to CD-ROM, printed, and given to the case agent.

Exhibit 5 was found to contain no files related to guns, the shooting, or the making of bombs.

Exhibit 6 was found to contain various files related to a web site on the Internet operated by Kibbz/Lord Kibbz and Zoulex. The site purports to be an H/P/C/V/A site. In the experience of the RA, this indicates the site and those operating it are involved in hacking (illegal entry into computers), phreaking (illegal use of the telephone system), carding (illegal use of credit cards), viruses or violence, and anarchy.

Also recovered from exhibit 6 was a file transfer protocol log (FTP) of the uploading to the computer 204.98.20.35 of the pages above. These files were accessible from the Internet as of the date of the FTP log, 2/15/98. The computer at Internet protocol address 204.98.20.35 is identified through the registry at check.domain.com as belonging to Colorado Supernet and registered to the Jefferson County Public Schools.

Also recovered from exhibit 6 was a file of what appears to be login certificates for the Internet service provider America On-line. Special Agent MATT HELLMAN of the FBI is contacting AOL to identify these certificates.

Also recovered from exhibit 6 was a file containing approximately 37 credit card numbers, as well as an 800 number and access code to check for the validity of such numbers. This file contains a header that the numbers were supplied by Surge, Inc, in care of Kibbz and Zoulex..

Also recovered from exhibit 6 were several electronic mail messages from Zoulex to Kibbz containing what are purporting to be credit card numbers.

Also recovered from exhibit 6 were two files, the first of which is an Internet invoice for a credit card purchase for one Richard Long. The second file is an apology letter, possibly written by [redacted] and addressed to Mr. LONG. In it, the author admits to the unauthorized use of Mr. LONG's credit card number.

Also recovered from exhibit 6 were several files that appear to indicate the sending of e-mail bombs (unsolicited electronic mail messages) using the program FAGKILLA.

Also recovered from exhibit 6 were several files that appear to be the locker combinations to all lockers at Columbine High School.

Also recovered from exhibit 6 were several files of e-mail from [redacted] (identified by a subpoena to AOL as BOIREGURL) and sent to Kibbz/LordKibbz (identified in the e-mails as [redacted] In addition, several love letters, graphics files, and other items are in this exhibit that identify [redacted] as Kibbz/LordKibbz.

The disks in exhibits 7 through 18 were found to contain original software, games, and no information related to guns, the shooting, or the making of bombs.

Recovered from exhibit 15 were several dozen graphic files that depict what appear to be females under the age of 18 engaging in sexual activity and posing in the nude.

Also recovered from exhibit 15 were files from the Netscape Internet program that indicate the main user of this program to be KIBBZ. Also recovered from this system were files indicating use by the AOL screen-names BBUZZ, BOIREGURL, NEFFRET, NMFCUDDLES, and SHADOOZ.

Exhibit 17 was found to be non-operational due to a lack of a battery.

Exhibit 19 was found to be LINUX format drive. A copy was made and sent to the FBI National Laboratory. The FBI provided several files from their analysis, but no information related to guns, the shooting, or the making of bombs were recovered.

Exhibit 39 was found to contain various pictures of adult pornography, but no information related to guns, the shooting, or the making of bombs were recovered. The RA notes that this system appeared to have been used extensively to access AOL, but no information related to e-mail was recovered.

Exhibit 901 was found to have a heavily damaged hard disk drive. No files related to guns, the shooting, or the making of bombs were recovered.

Exhibit 902 was found to have files indicating extensive access to AOL, but no files related to guns, the shooting, or the making of bombs were recovered.

Exhibit 903 was found to contain several graphics files in the ERIC HARRIS student directory that appear to be bomb-making plans. These files appear to be scanned images from a diary found at the HARRIS home, and were scanned into the school server on 4/19/99. In addition, one video was found that appears to depict HARRIS, KLEBOLD, MANES, and an unknown female shooting a rifle, a

shotgun, and a TEC-9 pistol into trees. These files were printed, burned onto CD-ROM and given to the case agent.

Exhibits 999 and 1000 were found to contained several dozen student video projects, many of which appeared to depict either violence or guns. These files were burned onto CD-ROM and given to the case agent.

Exhibit 1034 was found to contain no files related to guns, the shooting, or the making of bombs.

Exhibit 1035 was found to have files that indicate extensive access to the Internet, but no files related to guns, the shooting, or the making of bombs were recovered.

Exhibit 1036 was found to have a non-operational hard disk drive.

Exhibits 1050 through 1063 were found to contain various software applications. Disks at exhibit 1051 and 1053 were found to contain parts of the Anarchist's Cookbook related to making pipe bombs (duplicate information from exhibit 4).

Exhibit 1064 contained a sales report from the cafeteria that detailed times and names of students making purchases on credit at the cafeteria on 4/20/99. It should be noted that the reported times are ten minutes ahead, as the computer system clock was ahead by 10 minutes. These files were printed and given to the case agent.

Tom J. Griffin 0607 PG/10

EXAMINED BY/ TOM J. GRIFFIN, LABORATORY AGENT/CRIMINALIST

DATE COMPLETED/MAY 28, 1999

ITEM	DESCRIPTION
#20	SAVAGE ARMS SHOTGUN, SERIAL NUMBER A232432.
#21	HI POINT 9MM CARBINE, SERIAL NUMBER A59610.
#22	SAVAGE ARMS DOUBLE-BARREL SHOTGUN, SERIAL NUMBER A077513.
#23	INTRATEC 9MM TEC-DC9 PISTOL, SERIAL NUMBER D076305.

RESULTS:

EXAMINATIONS OF THE ITEMS FOR BLOODSTAIN PATTERN EVIDENCE REVEALED THE FOLLOWING:

#20 AREAS OF SMUDGES AND/OR POSSIBLE TRANSFERS ARE PRESENT ON THE GRAY DUCT TAPE AROUND THE WOODEN STOCK, PORTIONS OF THE RECEIVER NEXT TO THE TAPE, AND EXPOSED AREAS OF THE WOODEN STOCK. (SUCH STAINING COULD BE THE RESULT OF AN INDIVIDUAL HANDLING THE FIREARM WHILE HAVING BLOOD ON THE HANDS OR ANY FABRIC IN CONTACT WITH THE FIREARM. THIS IS TRUE FOR ALL OF THESE ITEMS.)

OTHER STAINS PRESENT RANGE IN SIZE BETWEEN 1 AND 2MM. THEIR APPEARANCES INCLUDE CIRCULAR, IRREGULARLY-SHAPED, AND ELONGATED. SURFACES WITH THESE STAINS INCLUDE THE TRIGGER GUARD, THE BOTTOM AND LEFT SIDE OF THE OPERATING HANDLE (FOREARM), THE FRONT OF THE MAGAZINE TUBE, THE RIGHT AND LEFT SIDES OF THE RECEIVER, THE FRONT OF THE BARREL AND THE MUZZLE. IRREGULARLY-SHAPED STAINS, 3-4MM IN SIZE, ARE ON THE LIFTER (LOADING GATE). NO BLOOD WAS VISIBLE IN THE BARREL. (STAINS IN THE RANGE OF LESS THAN 1MM TO 2MM ARE CHARACTERISTIC OF GUNSHOT WOUNDS AND CONSISENT WITH THE ITEM BEING IN THE VICINITY OF GUNSHOT WOUNDING EVENT. THIS IS TRUE FOR ALL OF THESE ITEMS.)

#21 AREAS OF SMUDGES AND/OR POSSIBLE TRANSFERS ARE PRESENT ON THE BOTTOM AND LEFT OF THE STOCK, ESPECIALLY NEAR THE PISTOL GRIP, AND THE LEFT SIDE OF THE (METAL) RECEIVER SHROUD. A

TJG
4/5

SMALL BLOOD POOL IS ON AND UNDER THE FRONT AND REAR OF THE SIGHT HOLDER ASSEMBLY (REAR SIGHT).

OTHER STAINS PRESENT RANGE IN SIZE FROM LESS THAN 1MM TO 3MM. THEIR APPEARANCES INCLUDE CIRCULAR, IRREGULARLY-SHAPED, AND ELONGATED. SURFACES ON THE RIGHT SIDE WITH THESE STAINS INCLUDE THE TOP AREA OF THE STOCK, THE PISTOL GRIP, THE OUTSIDE OF THE RECEIVER SHROUD, THE FRONT OF THE STOCK BETWEEN THE RECEIVER SHROUD (FOREARM PORTION) AND THE LASER SIGHTS. NO BLOOD WAS VISIBLE IN THE BARREL.

#22 STAINS PRESENT RANGE IN SIZE FROM LESS THAN 1MM TO 2MM. THEIR APPEARANCES INCLUDE CIRCULAR, IRREGULARLY-SHAPED, AND ELONGATED. SURFACES WITH THESE STAINS INCLUDE THE LEFT FRONT OF THE GRIP AREA OF THE STOCK, THE OUTSIDE OF THE CHAMBER AREA AT THE REAR OF THE BARREL, THE BOTTOM OF THE FRAME (RECEIVER), AND THE FRONT OF THE WOODEN FOREARM. NO BLOOD WAS SEEN IN THE BARREL.

#23 AREAS OF SMUDGES AND/OR POSSIBLE TRANSFERS ARE ON THE TOP, LEFT AND BOTTOM OF THE BARREL. THERE WAS A FLOW PATTERN EXTENDING INSIDE THE BARREL MUZZLE ABOUT 1 TO 1/2 INCHES. STAINS PRESENT RANGE IN SIZE FROM LESS THAN 1MM TO 3MM. THEIR APPEARANCES INCLUDE ONE CIRCULAR STAIN ON THE FORWARD PORTION OF THE UPPER RECEIVER; IRREGULARLY-SHAPED AND ELONGATED STAINS ON THE FRONT AND SIDES OF THE TRIGGER, THE EXTERIOR OF THE MAGAZINE WELL, AND THE RIGHT SIDE OF THE FRAME TO THE REAR OF THE UPPER RECEIVER.

#262 INKED FINGERPRINTS (POST MORTEM) SUSPECT: DYAN KLEBOLD

#263 INKED FINGERPRINTS (POST MORTEM) SUSPECT: ERIC HARRIS

#264 INKED FINGERPRINTS (LIVE SCAN 01-31-98) SUSPECT: DAVID ERIC HARRIS.

RESULTS:

AN EXAMINATION OF ITEMS #20 THROUGH #31, #33 THROUGH #38 DISCLOSED 5 (FIVE) LATENT PRINTS MARKED #24-01, #31-02, 03, #32-04 AND #33-2-05 SUITABLE FOR COMPARISON TO KNOWN PRINTS.

THE LATENT PRINTS WERE COMPARED TO ITEMS #262, #263 AND #264 RESULTING IN (2) TWO IDENTIFICATIONS WITH ITEM #264 DAVID ERIC HARRIS:

#24-01 RIGHT THUMB

#31-02 RIGHT MIDDLE FINGER

ITEMS #262, #263 AND 264 ARE OF INSUFFICIENT QUALITY AND DETAIL FOR A CONCLUSIVE COMPARISON TO LATENT PRINTS #31-03, #32-04 AND #33-2-05.

NO MAJOR CASE PRINTS INCLUDING LEGIBLE ROLLED FINGERS WITH SIDES, TIPS, JOINTS AND PALMS OF ERIC HARRIS AND DYLAN KLEBOLD WERE OBTAINED NOR SUBMITTED.

EXAMINED BY/ KATHREN M. BROWN DRESSEL, LABORATORY AGENT/CRIMINALIST

DATE COMPLETED/MAY 27, 1999

ITEMS	DESCRIPTION
#20A-20F	BLOODSTAINS FROM SHOTGUN (SAVAGE PUMP ACTION).
#21A-21D	BLOODSTAINS FROM CARBINE.
#22A,22B	BLOODSTAINS FROM SHOTGUN (DOUBLE BARREL).
#23A-#23C	BLOODSTAINS FROM TEC 9 PISTOL.

RESULTS:

DEOXYRIBONUCLEIC ACID (DNA) WAS ANALYZED BY POLYMERASE CHAIN REACTION (PCR) TECHNOLOGY AT THE FOLLOWING LOCI: DQA1, LDLR, GYPA, HBGG, D7S8, GC AND D1S80.

THE DNA PROFILES DEVELOPED FROM ITEMS #20A-20F, 21A-21D AND 22A MATCHED EACH OTHER.

THE DNA PROFILES DEVELOPED FROM ITEMS #23A AND 23C MATCHED EACH OTHER.

THE DNA PROFILE FROM ITEM #23B REVEALED THE PRESENCE OF A MIXTURE. THE MAJOR COMPONENT OF THE DNA PROFILE FROM ITEM #23B MATCHED THE DNA PROFILES DEVELOPED FROM ITEMS #20A-20F, 21A-21D AND 22A. THE MINOR COMPONENT OF THE DNA PROFILE FROM ITEM #23B WAS CONSISTENT WITH THE DNA PROFILES FROM ITEMS #23A AND 23C.

AN INTERPRETABLE DNA PROFILE COULD NOT BE OBTAINED FROM ITEM #22B.

INTERPRETATION OF THE DNA RESULTS WILL BE PERFORMED WHEN AN EDTA BLOOD CONTROL AND SALIVA SWABS FROM THE SUSPECTS ARE SUBMITTED TO THE CBI LABORATORY.

THE ITEMS SUBMITTED FOR DNA ANALYSIS AND THE EXTRACTED DNA WILL BE PRESERVED FROZEN AT THE CBI LABORATORY FOR TWO YEARS FROM THE ORIGINAL SUBMITTAL DATE.

RESULTS:

HUMAN BLOOD WAS IDENTIFIED ON ITEM #288. BLOOD WAS INDICATED ON ALL OF THE FOLLOWING ITEMS: ITEMS #626 THROUGH 661.

SAMPLES COLLECTED FROM THE FOLLOWING ITEMS HAVE BEEN FORWARDED TO THE DNA SECTION FOR FURTHER ANALYSES: ITEMS #288, 628, 629, 633, 634, 647, 653, 654, 660 AND 661. THE RESULTS FROM THOSE ANALYSES WILL FOLLOW UNDER SEPARATE COVER.

SAMPLES COLLECTED FROM THE FOLLOWING ITEMS WERE GIVEN DIRECTLY TO THE DNA EXAMINER: ITEMS #525, 576, 577, 578, 617 AND 624. THE RESULT FROM THESE ANALYSES WILL ALSO FOLLOW UNDER SEPARATE COVER.

SAMPLES FROM SOME OF THE STAINED ITEMS ARE BEING RETURNED WITH THE EVIDENCE.

ITEMS	DESCRIPTION
#966C	BLOODSTAIN STANDARD FROM HARRIS.
#1001C	BLOODSTAIN STANDARD FROM KLEBOLD.

ESULTS:

DEOXYRIBONUCLEIC ACID (DNA) WAS ANALYZED BY POLYMERASE CHAIN REACTION (PCR) TECHNOLOGY AT THE FOLLOWING LOCI: DQA1, LDLR, GYPA, HBGG, D7S8, GC AND D1S80.

THE DNA PROFILES DEVELOPED FROM ITEMS #20A THROUGH 20F (SAVAGE PUMP ACTION SHOTGUN), ITEMS #21A THROUGH 21D (CARBINE) AND ITEM #22A (DOUBLE BARREL SHOTGUN) MATCHED THE DNA PROFILE FROM HARRIS.

THE DNA PROFILES DEVELOPED FROM ITEMS #23A AND 23C (TEC 9 PISTOL) MATCHED THE DNA PROFILE FROM KLEBOLD.

THE DNA PROFILE FROM ITEM #23B (TEC 9 PISTOL) REVEALED THE PRESENCE OF A MIXTURE. THE MAJOR COMPONENT OF THE DNA PROFILE FROM THIS MIXTURE MATCHED THE DNA PROFILE FROM HARRIS. THE MINOR COMPONENT OF THE DNA PROFILE FROM THIS MIXTURE WAS CONSISTENT WITH ORIGINATING FROM KLEBOLD.

THE ITEMS SUBMITTED FOR DNA ANALYSIS AND THE EXTRACTED DNA WILL BE PRESERVED FROZEN AT THE CBI LABORATORY FOR TWO YEARS FROM THE ORIGINAL SUBMITTAL DATE.

RESULTS:

ANALYSES OF ITEMS #1016, 1017 AND 1019 REVEALED THE PRESENCE OF A FLAMMABLE/COMBUSTIBLE LIQUID FROM THE GASOLINE CLASS. EXAMPLES OF MATERIALS IN THIS CLASS ARE ALL BRANDS AND GRADES OF GASOLINE, INCLUDING GASOHOL, AS WELL AS SOME CAMP FUELS.

ANALYSIS OF ITEMS #1018 AND 1033 DID NOT REVEAL THE PRESENCE OF A FLAMMABLE/COMBUSTIBLE LIQUID. THIS DOES NOT PRECLUDE THE POSSIBILITY THAT THOSE TYPES OF LIQUIDS WERE PRESENT AT AN EARLIER DATE.

EXTRACTS OF THE EVIDENCE HAVE BEEN ATTACHED TO THEIR ORIGINAL CONTAINERS.

ITEM	DESCRIPTION
#1020	BLACK, LEFT HAND, FINGERLESS LEATHER GLOVE.
#1021	BLACK, RIGHT HAND, FINGERLESS LEATHER GLOVE.
#1022	BLACK BALLCAP.

RESULTS:

#1020 EXAMINATION DISCLOSED THE PRESENCE OF SEVEN RED STAINS ON THE BACK OF THE GLOVE. TWO OF THESE STAINS ARE ELONGATED, BETWEEN 0.6 MM AND 1.1 MM WIDE, WITH A GENERAL DIRECTION OF TRAVEL FROM THE MIDDLE OF THE WRIST TOWARD THE LITTLE FINGER. THERE IS ALSO A GENERALLY CIRCULAR STAIN, ABOUT 0.5 MM WIDE, BELOW THE KNUCKLE AREA OF THE INDEX FINGER. THERE ARE THREE RED STAINS ON THE PALM/THUMB SIDE. ONE BY THE STITCHING AT THE WRIST BEHIND THE THUMB IS ELONGATED, ABOUT 0.2 MM WIDE, WITH A DIRECTION OF TRAVEL GENERALLY BACK TOWARD THE WRIST. THESE FOUR STAINS ARE THE RESULT OF PROJECTED (AIRBORNE) BLOOD DROPLETS. THE OTHER STAINS ON THIS GLOVE ARE EITHER SMEARS OR IRREGULARLY SHAPED STAINS.

#1021 EXAMINATION DISCLOSED A VARIETY OF STAINS (SMEARS, IRREGULARLY SHAPED, ELONGATED [WIDTHS LESS THAN 1 MM TO 8 M] OF VARIOUS DIRECTIONS OF TRAVEL, AND GENERALLY CIRCULAR [LESS THAN OR APPROXIMATELY 1 MM WIDE]). ANY NUMBER OF EVENTS COULD ACCOUNT FOR THE PRESENCE OF THESE STAINS, INCLUDING TRANSFER FROM A BLOODY OBJECT AND A GUNSHOT WOUND. SMEARING IS ALSO PRESENT ON THE WRIST LINING.

#1022 EXAMINATION DISCLOSED THE PRESENCE OF APPARENTLY BLOOD SOAKED AREAS TO THE TOP AND BOTTOM OF THE BILL AND THE INSIDE AND OUTSIDE OF THE FRONT OF THE CAP. NO APPARENT BULLET OR PROJECTILE HOLE IS OBSERVED. TJG:LK 082099

Conclusions

Mechanical function checks on the firearms in items #20, 21, 22, 23, 40, 42, 46 and 47 disclosed that they are functional firearms capable of producing serious injury or death; deadly weapons as defined by Colorado statutes.

During the mechanical function check on item #20 (Savage Springfield 12 gauge shotgun), it was noted that the barrel length was 14" long and the overall length is 25".

On item #22 (Stevens double barrel 12 gauge shotgun), the barrel length was measured at 12 and 15/16 inches and the overall length was 21 3/16 inches. The measurements of the barrels and overall length of the shotguns in items #20 and 22 are below the legal limits of 18 inches of barrel length and overall length of 26 inches.

Item #21 (Hi-Point 9 mm carbine) was test fired using three rounds of the ammunition from item #38 with the magazine in item #38. The firearm did function as designed during the test firing.

Item #23 (IntraTec 9 mm Luger caliber pistol) was test fired using the magazine from item #34 with laboratory ammunition and this pistol was also test fired using the magazine from item #213 and test firing three of the live rounds from item #213. This firearm did function as designed during the test firings.

Item #20 (Savage/Springfield 12 gauge shotgun), was test fired using two of the live rounds of ammunition from item #26.

Item #22 (Stevens double barrel 12 gauge shotgun) was test fired using two of the live rounds from item #27.

The firearms in items #40, 46 and 47 were test fired using the ammunition and/or magazines found in items #41, 42, 43, 44, 45, 48, 49 and 50.

Laboratory examinations of item #30 disclosed the following: a magazine tube and spring. This magazine is missing a foreplate and a follower. In this condition, it is not a functional magazine, however this magazine does fit into the IntraTec pistol (item #23). The magazine in item #991 does fit and function in the item #23 IntraTec pistol.

The magazines in items #24, 31, 32, 38, 84, 102, 110, 291, 703, 922 and 926 fit and function in the item #21 Hi-Point 9 mm Luger caliber carbine.

Macro and microscopic comparisons of the cut end of the double barrel shotgun (item #22) with the cut end of the double shotgun barrel in item #1049 disclosed significant individual characteristics to conclude that these items (#22 and 1049) once formed a single unit.

The fired shot shells in items #36, 268, 274, 277, 278, 280, 282, 283, 293, 296, 299, 300, 303, 304, 309, 310, 313, 330, 331, 332, 335, 677, 680, 682 and 937 were microscopically identified as having been fired in the item #20, 12 gauge Savage Springfield pump action shotgun. (Harris)

The fired shot shells in items #22a, 22b, 61, 73, 306, 307, 311, 312, 675, 676, 685 and 686 were microscopically identified as having been fired in the item #22, 12 gauge Stevens Savage double barrel shotgun. (Klebold)

The fired cartridge cases in items #25, 52, 53, 54, 55, 56, 57, 58, 59, 74 through 82, 85, 86, 87, 89, 90, 91, 92, 93, 94, 95, 97, 98, 99, 100, 101, 103, 104, 105, 106, 107, 175, 177, 179, 180, 181, 182, 183, 204, 289, 290, 292, 301, 305, 317, 318, 319, 320, 321, 322, 323, 325, 326, 327, 328, 329, 337, 338, 339, 347, 681, 683, 684, 689, 690, 700, 701, 702, 704, 705, 706, 707, 708, 709, 715, 913, 914, 915, 918, 923, 925, 927, 929, 930, 931, 933, 979, 981, 982-A and 983 were all microscopically identified as having been fired in the item #21 (9 mm Luger Hi-Point carbine). (Harris)

The fired bullet jacket fragment in item #525 was microscopically identified as having been fired from the item #21 (9 mm Luger caliber Hi-Point carbine). (Harris)

The fired bullets and bullet fragments in items #63, 166, 185, 197, 224, 231, 233-A, 243, 244, 260, 393, 406, 484, 487, 490, 624-A, 624-B, 664, 692, 721, 730, 732, 735, 736, 770, 786, 791, 801, 802, 805, 832, 834-A, 834-B, 834-C, 835-B,C, 836-C, 837-B, 844, 845, 846-A, 856, 880, 881, 882, 883, 885, 945, 947, 948, 970, 973, 974, 975, 976, 982-B, 985, 1045-B and 1048 were found to be consistent with the test fired bullets fired from the item #21 Hi-Point carbine. However, due to a lack of significant individual characteristics, they could not be positively identified. It should be noted that these items were not consistent with any of the other firearms submitted in this case. (Harris)

The fired bullets in items #239-A, 239-B, 239-E, 237 and 949 were microscopically identified as having been fired from the item #23 (IntraTec 9 mm Luger caliber pistol). (Klebold)

The fired cartridge cases in items #62, 173, 205, 265, 266, 267, 269, 270, 271, 273, 276, 279, 281, 294, 297, 324, 333, 668, 670, 672, 916, 924, 935, and 936 were microscopically identified as having been fired in item #23 (IntraTec 9 mm Luger caliber pistol). (Klebold)

The fired cartridge cases in items #187, 272, 275, 284, 286, 298, 669, 671, 673, 678, 688, 698B-T, 900 and 980 were found to have consistent class characteristics with the test fired cartridge cases fired in item #23. However, due to a lack of significant individual characteristics, they cannot be positively identified. (Klebold)

The fired bullets and bullet fragments in items #200, 349, 351, 356, 357, 372, 374, 376, 377, 382-A, B, 385, 424, 427, 448, 492, 571, 734, 737, 784, 788, 792, 793, 794, 797, 798, 846-B, 868, 869-1, 870, 871, 941, 950, 972, and 1013 were found to be consistent with test fired bullets fired from item #23. However, due to a lack of significant individual characteristics, they could not be positively identified. It should be noted that these items were not consistent with any of the other firearms submitted in this case. (Klebold)

The following items, #40, 42, 46, 47 and 904 through 910 are law enforcement firearms and were submitted for comparison/elimination in this case.

The fired cartridge cases in items #208, 209, and 210 were microscopically identified as having been fired in the item #40 Glock 45 auto caliber pistol. O'Neil

The fired cartridge cases in items #206, 216, 217 and 218 were microscopically identified as having been fired in item #42 (Glock 9 mm pistol). Smoker

The fired cartridge cases in items #188, 189 and 190 were microscopically identified as having been fired in item #46 (Colt 223 caliber semi-automatic carbine). Manwaring

The fired bullets in items #184, 315, 428, and 508 and the fired cartridge case in item #228 were all microscopically identified as having been fired by item #47 (Sig Sauer 45 auto caliber semi-automatic pistol). Gardner

The fired cartridge cases, items #65, 66, 67 and 68 were microscopically identified with the test fired cartridge cases in item #904. Romero

The fired cartridge cases in items #221 and 222 were microscopically identified with the test fired cartridge cases in item #905. Orgem

The fired cartridge cases in items #207, 212, and 236 were microscopically identified with the test fired cartridge cases in item #906. Bloodworth

The fired cartridge cases in items #119, 121, 122, 123, 124, 125, 126, 127, 130, 133, 136, 139, 143, 145, 146, 147, 148, 153, 155, 156, 157, 158, 159, 160, 163, 172, 174, 191 and 192 were microscopically identified with the test fired cartridge cases in item #907. Gray

The fired bullets and bullet fragments in items #723, 807, 833, 834-F, 841, 848, 849, 861-2, 861-5, 863, 866, 877 and 1044-A were all microscopically identified with the test fired bullets in item #907. Gray

The fired cartridge cases in items #51, 64, 70, 71, 72, 83, 88, 96, 108, 109, 111, 112, 113, 114, 115, 116, 117, 118, 128, 129, 131, 132, 134, 137, 138, 140, 141, 142, 144, 149, 150, 151, 152, 154, 161, 162, 164, 165, 167, 168, 169, 170, 171, 176, 194, 195, 196, 199, 215, 219, and 220 were all microscopically identified with the test fired cartridge cases in item #908. O'Shea

The fired cartridge case (item #235) was microscopically identified with the test fired cartridge cases in item #910. Moneghan

The class characteristics of the fired bullets and bullet fragments in items #120, 178, 226, 233-B, 429, 430, 436, 437, 438, 439, 443, 444, 446, 447-A,B, 472, 473, 476-01, 476-02, 519, 568, 620, 698-A, 789, 790, 808, 809, 815, 817, 818, 819, 820, 824, 825, 826, 827, 830, 834-D, 834-E, 834-G, 834-H, 835-A, 835-D, 836-B, 836-D, 836-E, 837-A, 837-C, 838-B, 840, 842, 850, 852, 853, 854, 855, 857, 858, 859, 860, 861-1, 861-3, 861-4, 864, 873, 878, 879, 884, 977, 984, 995, 998, and 1042 were found to be consistent with the test fire bullets from the law enforcement firearms. However, they lack significant individual characteristics and could not be positively identified. These bullets and fragments were not consistent with the suspect's firearms.

One of the live rounds of 12 gauge Winchester Super-X shot shell ammunition from item #26 was disassembled into its component parts. They consist of 15 lead, 00 buck

shot pellets, white granulated buffer material, two thick fiber wads, tan in color, and one thin cup over the powder wad.

One of the 12 gauge Federal premium 00 buck shot shells from item #27 was disassembled into its component parts which consisted of 9 copper wash, 00 buck pellets with granulated buffer material, a white plastic shot cup with a flat base and an over the powder white plastic shot wad.

The specimens in items #246, 479, 481, and 867 are consistent with 12 gauge shot slugs.

Examination of item #245 disclosed one shot cup consistent in size with 12 gauge and one slug that was consistent in size also, with 12 gauge.

Examination of item #594 disclosed one white plastic shot shell wad that is similar in diameter and appearance to the shot shell wads found in the Federal 12 gauge slug loads. Also in this item are two gray metallic fragments. The largest fragment has a portion of the base resembling a rifle shot shell slug. The smaller fragment is of no comparative value.

Items #227, 379, 388, 410, 412, 416, 495, and 954 consist of fiber shot shell wads consistent in size with 12 gauge and similar in appearance to the fiber shot wads found in the disassembled shot shell from item #26.

The plastic shot wad/cup and fragments in items #240, 252, 256, 302, 353, 354, 355, 358, 361, 373, 386, 400, 401, 408, 409, 451, 477, 478, 485, 491, 493, 494, 501, 502, 503, 504, 507, 520, 523, 595, 602, 724, 743, 744, 747, 754, 767, 778, and 779 are consistent in size and appearance to the plastic shot wad/cups found in the disassembled Federal 12 gauge, 00 buck shot shell from item #27.

The plastic shot wads in items #247, 480, 482, 553, 573, 800, and 1003 are consistent in size and appearance to the shot wads found in Federal 12 gauge slug loads.

Examination of item #971 disclosed a light brown, plastic shot shell column. It appears to have a heavier plastic than found in a normal shot shell column and has 8 longitudinal grooves along the exterior of the column. This item is consistent with 12 gauge diameter shot shell columns, but is not consistent with the suspects' Federal or Winchester ammunition in this case.

Examination of item #234 disclosed a white, plastic shot cup. This shot cup is not consistent with the shot cups found in the disassembled shot shells of items #26 and 27. The shot cup in this item is shorter and has smaller indents on the interior surface. These smaller indents suggest that perhaps a smaller size shot was contained within this cup, such as shot size 5 to perhaps 9.

The shot pellets found in items #585, 589, 592, 603, 1009-A,B and 1045-C are consistent in size with #8 to 8 ½ shot.

Examinations of item #251 disclosed the following: seven copper color, flattened, gray metal fragments. These metal fragments, although flattened, do have areas of apparent spherical shape. The average weight of these fragments is consistent with that of 00 buck. The other item is a white, translucent, plastic piece of shot shell wadding. This wadding is of the pedestal type, which is consistent with the wadding in the disassembled Federal shot shell from item #27.

The pieces of shot in items #232, 238, 239-C, D, 241, 242, 253, 254, 255, 257, 258, 352, 359, 360, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 380, 383, 384, 387, 390, 391, 392, 394, 395, 396, 402, 403, 404, 405, 407, 411, 413, 414, 418, 421, 422, 431, 449, 450, 454, 456, 461, 462, 463, 464, 465, 466, 467, 468, 470, 471, 474, 475, 498, 499, 505, 506, 510, 511, 512, 513, 514, 515, 516, 517, 526, 530, 531, 533, 534, 536, 546, 552, 558, 561, 563, 565, 569-A, 569-B, 569-D, 570, 572, 574, 575, 583, 586, 590, 593, 596, 598, 606, 607, 608, 609, 610, 612, 613, 618A,B, 740, 742, 745, 746, 748, 749, 750, 751, 753, 757, 759, 760, 762, 763, 765, 766, 769, 773, 781, 782, 898, 899, 1002, 1006, 1010, 1011, 1014, and 1015 are consistent in size and appearance with 00 buck size shot.

The metallic fragments in the following items, #135, 186, 193, 198, 201, 202, 203, 211, 229, 230-A,B,C, 248, 249, 259, 350, 375, 378, 381, 397, 398, 399, 415, 417, 419, 420, 423, 425, 426, 432, 433, 434, 435, 440, 441, 442, 445, 452, 453, 455, 457, 458, 459, 460, 469, 483, 486, 488, 489, 500, 509, 518, 521, 522, 524, 527, 528, 529, 532, 535, 537, 538, 539, 540, 541, 542, 543, 544, 545, 547, 548, 549, 550, 551, 554, 555, 556, 557, 559, 560, 562, 564, 566, 567, 569-C, 576, 577, 578, 579, 580, 581, 584, 587, 591, 597, 599, 600, 604-A,B,C,D, 605, 611, 614, 615, 616, 617, 619, 621, 622, 623, 624-C, 722, 726, 727, 729, 731, 733, 738, 739, 741, 752, 756, 758, 761, 764, 768, 771, 772, 774, 775, 776, 777, 780, 783, 785, 787, 795, 796, 799, 803, 806, 810, 811, 812, 813, 814, 816, 821, 822, 823, 828, 829, 831, 834-I, 834-J, 835-E, 836-A, 837-D, 839, 843, 847, 851, 862, 865, 869-2, 872, 874, 875, 876, 938, 939, 940, 942, 943, 944, 946, 951, 978, 996, 997, 1012, 1043, 1044-B,C, 1045-A, 1045-D, 1046, and 1047 are of no comparative value.

Macro and microscopic examinations of items #250 and 601 disclosed that they are flat, copper color disks. The diameters of these disks are similar in size to the base of a 223 caliber boat-tail bullet.

Item #223 is a fired, FC 9 mm Luger cartridge case. Microscopic comparisons of this cartridge case with the test fired cartridge cases from the suspect firearms in this case and from the law enforcement firearms resulted in no identifications.

Examination of item #239-F disclosed a very small, white and yellow color fragment. This fragment is non-magnetic and non-metallic and is not consistent with fired bullet material.

Examination of item #710 disclosed a brass color clasp, possibly from a necklace or bracelet. This item is not consistent with fired bullet material.

Examinations of item #725 disclosed three, 2 inch long finishing nails, a piece of apparent gray duct tape, one hexagonal machine screw nut, and one approximately 1/8 inch diameter ball of white, gray and red fibers. These items are not consistent with fired bullet material.

Examination of item #728 disclosed a gray and black non-metallic fragment. This fragment is not consistent with fired bullet material.

Examination of item #994 disclosed two fired, Fiocchi master key 12 gauge shot shells, one small section of apparent duct tape and one white, plastic shot wad. Microscopic comparison of the two fired shot shells in item #994 disclosed that they were fired from the same shotgun. However, they were not fired in the shotguns submitted in this case. Examination of the white plastic shot wad disclosed that it is consistent with an over the powder type of shot wad. Kraemer

Examinations of items #104 and 105 disclosed that they are of no value for muzzle-to-target distance determinations.

Images of the test fired cartridge cases from items 20, 21, 22 and 23 were entered into the Mid-America Drugfire database. A search of the database to see of these firearms could be linked to any other criminal activity resulted in no hits.

The test fired cartridge cases and bullets fired by these firearms should be retained by your department for possible future comparisons as a result of entry in the Mid-America Drugfire database.

Also Submitted

Items #25 (three green ammo pouches on a belt), 28, 29, 33, 35, 37, 60, 69, 214, 225, 261, 285, 287, 295, 308, 314, 316, 334, 386, 674, 679, 687, 691, 693, 694, 695, 696, 697, 699, 711, 712, 713, 714, 716, 717, 718, 719, 720, 755, 804, 917, 919, 920, 921, 928, 932, 934, 986, 987, 988, 989, 990, 992, 993, 1008, 1044-D, 1045-E.

CBI Case #D99-1333

Section: Firearms

Examined by: Ted A. Ritter, Laboratory Agent/Criminalist

Date Completed: May 16, 2000

Date of Submission: 082799

CBI Item #	Jefferson Co. S.D. #	Description
0	--	Test-fired bullets and cartridge cases from firearm Item #'s 40, 42, 46 and 47.
1048	10283	One fired copper jacketed bullet.
1065	10285	One fired R-P 9 mm Luger caliber cartridge case.
1066	20288	Two copper wash shot pellets.
1067	10311	One fired copper and lead bullet fragment.
1068	10312	One small piece of fired copper bullet jacket material and one small silver color metallic fragment.
1069	10313	One small piece of fired copper bullet jacket material and one small silver color metallic fragment.
1070	10314	One silver and copper color metallic fragment.
1071	10315	One silver metallic fragment.
1072	10309	One fired deformed copper jacketed bullet.
1073	10317	One large metallic fragment.
1074	10318	One copper and silver color metallic fragment.
1075	10319	One fired copper and gray color metallic fragment.
1076	10320	One fired Fiocchi 12 gauge shot shell.
1077	10321	One fired Fiocchi 12 gauge shot shell.

CBI Item #	Jefferson Co. S.D. #	Description
1078	10322	One small shot pellet.
1079	10323	One fired copper jacketed/ core bullet fragment.
1080	10324	One deformed piece of copper color fired bullet jacket material.
1081	10325	One fired, deformed copper jacketed bullet.
1082	--	One 12 gauge Remington model WP870 pump action shotgun, serial #W329083M.

Examinations

Please note item #1048 was reported on previously in the original Firearms Report dated June 16, 1999/July 15, 1999. See page #54 of 58.

Mechanical function checks on the Item #1082 Remington shotgun discloses that it is a functional firearm, capable of inflicting serious injury or death, a deadly weapon as defined by Colorado statutes. This shotgun was test-fired with ammunition selected from laboratory stock and it did function as designed.

The fired shot shells of Items 1076 and 1077 were microscopically identified as having been fired in the Item #1082 Remington shotgun.

The class characteristics observed on the breech face area of the fired cartridge case in Item #1065 were found to be consistent with those observed on images made of the test-fired cartridge cases fired in the Item #21 Hi Point carbine. However, since the test-fired cartridges from Item #21 were not re-submitted for comparison, no stronger conclusion can be rendered at this time.

Microscopic comparisons of the fired bullets and bullet fragments in Items 1067, 1068, 1072, 1074, 1079, 1080, and 1081 with the test-fired bullets from Item #0 resulted in the following conclusion: Items #1067, 1068, 1072, 1079, 1080 and 1081 were not fired from the firearms of Items #40, 42, 46 or 47 (submitted as Item #0).

The copper color shot pellets in Item #1066 are consistent in size with 00 buck size shot.

2/47 R

The small shot pellet in Item #1078 is consistent in size with #7 ½ and #8 size shot.

The fired bullet fragments of Items #1069, 1070 and 1075 are not suitable for comparison with test-fired bullets.

The silver color metallic fragments in Items #1071 and 1073 are devoid of rifling characteristics and therefore, are of not comparative value with test-fired bullets.

The barrel bore patch from Item #1082 will be returned with Item #1082. The test-fired cartridge cases fired in Item #1082 will be packaged and returned with Item #0.

Attention CBI Laboratory

REFERENCE: **Homicide**
CASE NO: **99-7625**
VICTIM: **Columbine H.S.**
SUSPECT: **Harris, Eric & Klebold, Dylan**

Dear Mr. Cantwell:

On April 20, 1999 an incident occurred at Columbine High School involving two gunmen, resulting in the death of thirteen victims and the possible suicide of the two suspects.

Currently there is a pending lawsuit filed by the Rohrbough family, who have claimed, in part, that a law enforcement officer in the parking lot shot their son Daniel Rohrbough. Many witnesses of the shooting have claimed that Eric Harris shot him from the top of the stairs and Dylan Klebold shot him at close range.

Please analyze the following items of evidence to see if it can be determined if there is powder or powder burns on the clothing which may indicate a close range shot. In addition, Dylan Klebold and Eric Harris both had 9mm weapons and we would like to know if CBI could make any determination as to the size of the bullet by examining the hole size in the clothing.

J.C.S.O. Item #8751-A - Pair of blue jeans from Daniel Rohrbough collected at autopsy.
J.C.S.O. Item #8752-A - Green T-shirt from Daniel Rohrbough collected at autopsy

All the above items were submitted into the Jefferson County Sheriff's Office Evidence Vault by members of this Office. This evidence is being submitted in connection with an official investigation of a criminal nature. It was not, nor will it be, subject to the same type of technical examination by other experts.

We respectfully request that you return all evidence in their original containers to this Office upon completion of your examination. Please include written results of your findings. Should you have any questions regarding this case, please direct all inquiries to Investigator Kate Battan at (303) 271- 5619.

Sincerely,

JOHN P. STONE, SHERIFF

EXAMINED BY/ TED A. RITTER, LABORATORY AGENT/CRIMINALIST

DATE COMPLETED/NOVEMBER 3, 2000

ITEM	JEFFCO SD #	DESCRIPTION
#1092	8751	ONE (1) PAIR OF POLO BLUE JEANS SIZE 31/30.
#1093	8752	ONE (1) GREEN "T" SHIRT WITH SONY LOGO.

EXAMINATIONS:

MACRO AND MICROSCOPIC EXAMINATIONS OF THE POLO BLUE JEANS IN ITEM #1092(8751) DISCLOSED A HOLE IN THE LOWER LEFT FRONT LEG AND A HOLE IN THE BACK OF THE LOWER LEFT LEG. ACCORDING TO THE AUTOPSY REPORT THE HOLE IN THE LEFT FRONT LEG WOULD BE MORE CONSISTENT WITH A BULLET HOLE OF ENTRY. MICROSCOPIC EXAMINATIONS OF THE OUTSIDE SURFACE AREA AROUND THE HOLE IN THE LEFT FRONT LEG FAILED TO DISCLOSE ANY PHYSICAL FORMS OF GUNPOWDER. THE OUTSIDE SURFACE AREA AROUND THE HOLE IN THE LEFT FRONT LEG WAS PROCESSED CHEMICALLY FOR THE PRESENCE OF A GUNPOWDER PATTERN AND LEAD RESIDUES AND NONE WERE DEVELOPED. THE ABSENCE OF A GUNPOWDER PATTERN PRECLUDES THE POSSIBILITY OF DETERMINING A MUZZLE-TO-GARMENT DISTANCE.

MACRO AND MICROSCOPIC EXAMINATIONS OF THE GREEN "T" SHIRT, ITEM #1093(8752), DISCLOSED TWO (2) HOLES IN THE FRONT, ONE (1) LOCATED IN LEFT FRONT SHIRT SLEEVE AND ONE (1) IN THE LOWER LEFT FRONT ABDOMEN AREA. ACCORDING TO THE AUTOPSY REPORT THESE HOLES WOULD BE CONSISTENT WITH BULLET HOLES OF ENTRY. THE OUTSIDE SURFACE AREAS AROUND THESE HOLES WERE EXAMINED MICROSCOPICALLY AND PROCESSED CHEMICALLY FOR THE PRESENCE OF GUNPOWDER PATTERNS AND NONE WERE OBSERVED OR DEVELOPED. THE ABSENCE OF A GUNPOWDER PATTERN PRECLUDES THE POSSIBILITY OF DETERMINING A MUZZLE-TO-GARMENT DISTANCE. POSITIVE REACTIONS FOR LEAD AND COPPER RESIDUE WERE FOUND AROUND THE OUTSIDE SURFACE OF THE PERIPHERY OF THESE HOLES.

SUBJECT: ATF evidence

Here is a list of all the additional ATF evidence that I put together from the evidence list. It is all boxed up in the evidence vault with a list of the evidence on the outside of the boxes. I would like all three of you to take a look at the list. If there is anything that you want to add or delete be my guest. The list is in my file under filename (evidence). I will be gone until the 13th of July so you can send it off with out me.

EXHIBITS (continued)

Submission 2, received on May 19, 1999:

K-1. Six (6) photographic copies of fingerprints and six (6) photographic copies of palm prints of Eric David Harris
K-2. Four (4) photographic copies of fingerprints and six (6) photographic copies of palm prints of Dylan Bennet Klebold

RESULTS OF EXAMINATION

Exhibits 1, 2, 5, 10, 22, 24, and 25 were examined and processed for the presence of identifiable latent prints with positive results:

Exhibit 1: Three (3) latent prints were noted on the adhesive side of the tape.

Exhibit 2: One (1) latent print was noted on the adhesive side of the tape.

Exhibit 5: Two (2) latent prints were noted on the side of the metal cartridge.

Exhibit 10: One (1) latent print was noted on the adhesive side of the tape.

Exhibit 22: Two (2) latent prints were noted on the adhesive side of the tape.

Exhibit 24: One (1) latent print was noted on the adhesive side of the tape.

Exhibit 25: One (1) latent print was developed on the adhesive side of the tape.

The inked fingerprints and palm prints of Harris (Exhibit K-1) and Klebold (Exhibit K-2) were compared to the recovered latent prints. Identifications were made, as follows:

Exhibit 1: The three (3) latent prints were identified as the left middle finger, left index finger, and right middle finger of Harris.

Exhibit 2: The latent print was identified as the left index finger of Harris.

Exhibit 5: The two (2) latent prints were identified as the right palm of Klebold.

Exhibit 10: The latent print was identified as the left index finger of Harris.

Exhibit 22: The two (2) latent prints were identified as the right index finger and left index finger of Harris.

JC-001-012227

RESULTS OF EXAMINATION (continued)

Exhibit 24: The latent print was identified as the left index finger of Harris.

Exhibit 25: The latent print was identified as the left index finger of Harris.

The remaining exhibits in submission 1 were examined and processed for the presence of identifiable latent prints with negative results.

DISPOSITION OF EVIDENCE

The evidence will be retained in the laboratory for further examination.
