Arapahoe County Case # CT1344545

On 12-14-2013 at approximately 1200hrs I was off duty and having lunch with my wife at the Black Eyed Pea restaurant, located at S Broadway and Littleton Blvd. After finishing lunch with her I dropped her off at Schomp Honda and drove South on S Broadway going back to Highlands Ranch. I was approaching Dry Creek Rd and S Broadway when I observed numerous police cars from different agencies driving code and headed East on Dry Creek Rd. I then got a text message from my wife stating there was an active shooter at Arapahoe High School. I immediately drove through the red light at Dry Creek Rd and S Broadway and drove to Arapahoe High School approximately 1 mile from my location. As I drove into the area I asked an unknown fire fighter who was rushing to the scene where the police command post was? He stated that it was at the corner of S University and Dry Creek Rd. I then drove through the Southern neighborhood of the school and made my way to the South East corner of the school. I arrived on scene at approximately 1250hrs, I parked my truck with numerous other marked and unmarked units, exited my vehicle and began to grab my active shooter gear. As I was getting my gear ready, numerous other plain clothed officers arrived at the same time and began to deploy. I grabbed my duty rifle, active shooter bag and placed numerous rifle magazines in my pockets. I had no bullet proof vest with me so I put on an APD ID vest to make myself known to other agencies. Once ready I asked the other officers getting ready where the command post was? One of them stated that it was at the Chase bank/Burger King on the Northeast corner of S University and Dry Creek Rd. I immediately sprinted across the intersection and made my way to the command post. Several other agency officers and I arrived at command post at the same time. I identified myself to the commanding officer and asked him where he needed me? He placed me with the other 3 officers that arrived at same time and told us we were needed in the school because there were student still inside. The other 3 officers and I sprinted across the street to the Southside of the school. As we approached the school, I could see dozens and dozens of students running out of the school heading south. As I got to the South side an unknown female Arapahoe County deputy yelled at me that she needed help inside the school. I then ran to her location and entered the school through a Southside door. Once inside, I observed numerous officers moving and taking up key hole positions in a main hallway. I stopped and asked an Arapahoe County deputy what they needed help with? One of the deputies stated that there was a shooter down in the library and that he had an explosive device with him. He then stated that they didn't know if there were any other explosives in the school. As I was getting briefed by the deputy another deputy stated that the science pod had not been cleared and that there were students trapped in their class rooms. We formed a FAST team and began moving toward the science pod. The deputy was in front of me leading the team and there were several other officers from other jurisdictions behind me. As we made our way down the hallway we rounded a corner and came to the library, the deputy in front of me began yelling "watch your step there is blood on the floor". I observed heavy blood splatter and pools of blood all over the floor. We then came to the main entrance to the science pod on our left side. Several officers kept moving straight and crossed in front of the open doors of the science pod which was supposed to be unsecured and not cleared. I felt this was threat area and stepped across the hallway and took a position at the open doors of the science pod, covering the officers that were moving behind me. Several other officers joined in behind me and I lead them into the science pod hallway clearing the rooms on the left side. We came to an intersecting hallway where numerous other officers joined us

from another entrance, this area was now secure. Once the hallways were secure an unknown officer arrived with a master key to all of the rooms in the science pod. A Greenwood Village officer and I began to clear rooms up and down the secured hallway. We picked a dark classroom and waited for the master key to arrive. An officer arrived and unlocked the door, the Greenwood Village officer entered the room first and I followed with both of us yelling "police". The class room lights came on and the room was full of hiding students and a teacher. Once the room and students were secure we exited the room and searched several other rooms until every room in the science pod was secure. Once everything was secure I was asked to help with the evacuation of the all the students from the science pod. We got all of the students into the main hallway in a single file line and had them place their hands on their heads. Numerous students were visibly upset and were hysterical. I began talking to them, telling them they were ok and that the police had control of the building. As we began to escort the students out of the school I was asked by an unknown female student if I could walk next to her and that she was scared. I told her I would be more than happy to. Once outside on the running track I was asked to help with keeping the parents out off of the track and to assist with searching the students. I searched approximately 50 students and helped with relaying the students one at a time to the bathroom. Once all students were evacuated and placed on buses I was relieved of my duties. As ISSDOns I walked back to the command post and identified myself to an Arapahoe County Sheriff's Captain. I told him I was with APD and I gave him my name and ID number.

LOCATION OF INCIDENT ARAPAHOE HIGH SCHOOL		TREATMENT/INVESTIGATION TAKEN 1331 CHEROKEE STREET	

On Friday, December 13, 2013 I was on vacation and at my residence. At approximately 1245 hrs. regular t.v. programming was interrupted by a "Breaking News Flash". The news advised that there was an active shooter at Arapahoe High School, located at 3201 E. Dry Creek Road, which is where my daughter was attending school.

I immediately responded to the school in civilian clothes with DPD credentials. I identified myself to deputies on the perimeter at University Blvd. and Dry Creek. I was advised that police entry teams were in the school and was asked to assist in securing the perimeter of Sheperd of the Hills church, located at 7691 S. University Blvd. This location once secured was to be used to relocate a portion of the students from the high school.

I assisted other officer's in securing the perimeter of the church and was able to locate my daughter at that facility. I then turned over my position to another officer and removed my daughter from the scene.

This concluded my involvement.

I have read the foregoing statement and the facts contained therein are true to the best of my knowledge and belief. I do not maintain that it contains all of the facts or details of the incident, but only those facts about which I have been asked.

On Friday, December 13, 2013 I was on vacation and at my residence. At approximately 1245 hrs. regular t.v. programming was interrupted by a "Breaking News Flash". The news advised that there was an active shooter at Arapahoe High School, located at 2201 E. Dry Creek Road, which is where my daughter was attending school.

I immediately responded to the school in civilian clothes with DPD credentials. I identified myself to deputies on the perimeter at University Blvd. and Dry Creek. I was advised that police entry teams were in the school and was asked to assist in securing the perimeter of Sheperd of the Hills church, located at 7691 S. University Blvd. This location once secured was to be used to relocate a portion of the students from the high school.

I assisted other officer's in securing the perimeter of the church and was able to locate my daughter at that facility. I then turned over my position to another officer and removed my daughter from the scene.

This concluded my involvement.

Father, [REDACTED]

On day and time of shooting [REDACTED] was in Mrs. McGeorge' science class (2nd floor near stairwell). [REDACTED] felt a violent vibration in the floor followed by what sounded like books falling to the floor (approximately 2). Another teacher came to [REDACTED] classroom and ordered a lockdown. At approximately 1340 [REDACTED] heard police arrive. Police knocked on the door and were allowed in by McGeorge. Police secured the room and left. Soon after police came back and escorted students out of the school to waiting buses. [REDACTED] received and sent texts to other students and her parents seeking information

Statement of [REDACTED]

Personal Cell Phone; [REDACTED]

Father; [REDACTED]

On day and time of shooting [REDACTED] was in Mrs. MELIN's Spanish class [REDACTED] heard one loud shot followed by another. MELIN moved to the door then immediately signaled the kids to move to one corner of the class room. [REDACTED] heard a female screaming in the hallway followed by loud voices in the hallway.

Soon after [REDACTED] heard the Police announcing their entering the school. [REDACTED] heard an officer attempt to open the door to the classroom and then say "locked" before he moved on. Soon after officers came to the room and escorted students out of the classroom.

[REDACTED] did not send or receive texts or calls. [REDACTED] did not observe others in class texting or on the phone.

Statement of [REDACTED]

Personal cell; [REDACTED]

On day and time of shooting [REDACTED] was in Mr. CARSON's psychology class. [REDACTED] heard a loud bang in the hallway followed by two (2) more loud bangs. [REDACTED] saw a lanky male student in a black hoodie run past the door in the direction of the exit.

CARSON went to the door and locked it, shut off the lights and directed the students to the corner of the classroom per the training. [REDACTED] heard someone come to the door and attempt to open the door and call out "help me" (2x) then it went quiet. Fire alarm was then pulled.

An announcement came over the intercom directing everyone to remain in place. [REDACTED] saw a police officer come to the classroom and attempt to open the door and place his badge on one of the door windows. The officer asked the students inside to open the door, on student moved to open the door but was stopped by CARSON who told the students to not open any doors as the real police will have keys to the classrooms.

Approximately 5-10 minutes later a police officer in a helmet came to the door, CARSON looked out and told the students that it was ok. Students were removed from the classroom and directed to the Papa Murphy's across the street and from there to a bus as a witness.

[REDACTED] was texting other friends but made no phone calls.

[REDACTED] heard the shooter was Karl PIERSON and that Claire DAVIS had been wounded. [REDACTED] heard that the intended target was [REDACTED]. Heard motive may have been because PIERSON had been kicked off of the debate team by [REDACTED] and PIERSON had made threats (that many students heard) to [REDACTED].

[REDACTED] was sitting next to [REDACTED] who had been friends with PIERSON. [REDACTED] and PIERSON were no longer friends as PIERSON had threatened [REDACTED] because [REDACTED] is a Christian and PIERSON is a known atheist and communist, feelings/sentiments that PIERSON made very obvious. [REDACTED] said that PIERSON had "communist" t-shirts on at school.

[REDACTED] knew PIERSON as a "happy go lucky kid" and could not believe that PIERSON would do something like this. [REDACTED] added "although he did have the means, he just turned 18 (yoa) and had bought a shotgun". [REDACTED] went on to say PIERSON had a history of fighting/bickering with other teachers over non-issues.

Supplemental Report -

On 12/13/13, at approximately 1258 hours, I responded to Arapahoe High School, on the report of an Active Killer in the School. Upon arrival, I saw that there were multiple Agencies on scene.

I was assigned to an Entry Team, and we entered the School.

- We began to search for Suspect(s) and Victims, room by room

I observed the following:

- in the Hallway, just outside the Science Department, was a wooden bench
- on that bench, and on the floor were two large pools of blood
- near that bench, on the floor, I saw two spent shotgun shells and one live shotgun shell

My Entry Team completed an initial search, and secondary of the northwest area of the School.

- We evacuated several students, who were upset and scared, but no reported injuries.

I subsequently stood by as SWAT Teams and Tactical Teams completed a more thorough search of the entire school.

I was relieved of my Post, and reported to the Command Post.

No further.

Statement:

On 121313 at about 1241 hrs, I was dispatched to Arapahoe High School at 2201 E. Dry Creek Rd on report of an active killer. I went enroute from Douglas County substation. I arrived on scene and parked on the south side of the school on Dry Creek where other emergency vehicles were parked. The following occurred:

I arrived on scene with Douglas County K9 officer, Todd Tucker.
We went to the front door of the school on the west side of the building.
We went inside with another two officers from another jurisdiction.
There was blood on the floor near the entrance.
We began clearing both gyms and locker rooms.
We then went down the main hallway to the east and I saw a trail of blood droppings and pool of blood by the double door going into the C hallway.
There were backpacks there also, along with 2 red shotgun shells. One was not spent.
I was then asked to post at the back school room door leading into the back of the library.
This was down the C hallway and next to the main school hallway.
At this time, I saw another red shotgun shell down the C hallway by the doors leading to the main hallway.
I stayed at this posted area until relieved by an Arapahoe Deputy around 1400 hrs.
I then checked in with the command post and signed out.
Nothing further.

On 12/13/2013 at 1247 hrs I responded to assist Arapahoe Sheriff's Office with an active killer situation at Arapahoe High School located at 2201 East Dry Creek Rd.

When I arrived on scene the following took place;

- I saw two Englewood Officers and an Arapahoe Sgt. were on scene deploying their long guns
- Douglas County Deputies Garcia, Brown, Van Noordt, Davidson, and McDowell arrived on scene
- I asked if anybody there was SWAT
- The two Englewood Officers said they were
- Not knowing if shots were being fired inside the school, we all decided to stack up and make entry
- We all made entry into the west wing of the school into the cafeteria area
- We all began to clear the hallways which ran east and west checking each door to see if the room was secured or not
- At one room, Deputy Van Noordt and I found an unsecured room
- We both made entry and found two females huddled in the corner crying
- After confirming they were not injured, we told them to stay where they were and to lock the door
- Deputy Van Noordt and I then began clearing the halls and class rooms again
- Deputy Van Noordt and I wound up regrouping with the rest of the initial entry team
- We all made our way west to the far west hall way which ran north and south
- At the far south end of the hall I could see two males standing in a common area
- I challenged the two males ordering them to show me there hands
- I then learned they were two of the school administrators
- Myself along with the rest of the entry team began to make our way north up the hall way
- The entire length of the hall way, I could see drips of blood
- Half way up the hall way I could see a small puddle of blood laying towards the center of the hall
- At the for north end of the hall, I saw a small wooden bench with the seat covered in blood
- In front of the bench, was a large pool of blood
- Along the wall beside the bench was multiple strands and clumps of hair which were brownish in color
- Also in front of the bench was a back pack with blood splatter on it
- On the bench itself was a back pack, and a cell phone, both with blood splatter on them
- By the back pack in front of the bench was a red loaded shotgun shell
- In front of the door of the science wing, on the west side of the hall way was a white shotgun shell which was empty
- I then saw a shotgun wad from a spent shotgun shell laying towards the center of the hall way
- At this time, myself and all the officers from the initial entry team began to clear the upstairs section of the science wing
- After searching the west wing and being comfortable that only students were in the class rooms I assisted Arapahoe Deputies in the initial evacuation of students
- After the initial evacuation, I assisted a Arapahoe Deputy clear the crawl spaces leading from the school's generator room
- Deputy Garcia and myself were then instructed to search the east parking lot to look for the

I responded to Euclid Middle School located at 777 West Euclid Avenue in Littleton, Colorado. There had been an active shooter at Arapahoe County High School and students had been transported to Euclid Middle School to be interviewed.

I interviewed three students and one teacher. Two students, [REDACTED] and [REDACTED], and their teacher Jessica (Jessie) COMP had all been in the same room, C-18, and all had very similar statements. Their statements reflected, in part, the following information:

- they were listening to a presentation in the class
- there was a loud bang or boom and everyone paused in the room
- it sounded like it was close to their classroom
- [REDACTED] knew it was a gunshot because she has heard gunfire before at a shooting range
- there were two more gunshots
- everyone knew they were gunshots at this point
- they heard a girl scream
- everyone went to the back of the classroom and hid away from the window next to the door
- COMP keeps the door to her classroom locked all the time
- a student, [REDACTED], had gone out to go to the restroom just a few minutes before
- [REDACTED] came back and was banging frantically on the door to be let in
- COMP was standing next to the door and let her in
- COMP turned out the lights and went to stay with the kids in the back of the room
- [REDACTED] believes she saw Russ, the school security officer, run by the window next to the door
- an announcement came over the intercom that the school was on lockdown
- nothing happened for a while
- the fire alarm went off, but an announcement was made over the intercom not to evacuate to the school
- about fifteen minutes after it had started, they could hear SWAT teams in the the hallway

Case #: 2013-114450 + 2013-114475

Case Type: Assist Other Agency

On December 13, 2013 at about 1245 hours I responded to an active shooter call at Arapahoe County High School. While en-route I called Detectives known to me as being off duty and asked them be ready to respond. On arrival I met with Lt. McCarty and together we organized a response from DCSO Detectives to assist on this call in any manner needed.

At 1430 hours, and from the request of Lt. McCarty, I directed Detectives Dave Weaver and Kevin Bechert to respond to [REDACTED] (Littleton, Douglas County CO) to assist with holding the residence as I was told the residence could be that of the suspected shooter. I was then directed to respond to Euclid Middle School (777 West Euclid Avenue) to assist with witness interviews.

I arrived at Euclid Middle School at 1445 hours and was directed to the gymnasium where students from ACHS were being taken via bus. The gymnasium was separated into two quadrants where those believed to be witnesses were separated from those who were not.

The following are statements from those students who stated they were witnesses.

At 1500 hours I was approached by ACHS student [REDACTED] who explained that he was not a witness but his friend [REDACTED] was. [REDACTED] stated he had [REDACTED] on his cell phone and that she wanted to talk.

APPROVING SUPERVISOR

On 12-13-13 at approximately 1240 hours, Lt. Adam Cataffo called my cell phone and advised there was an active shooter at Arapahoe High School (AHS) and several of our units were responding. The following then occurred:

I advised Undersheriff Tony Spurlock and LE Bureau Chief Tim Moore of what I was told.

I responded to where the LE command had been set up at the Chase Bank at Dry Creek and University Blvd.

I assisted Captain McMahan with Coordination of DCSO resources to assist ACSO.

I took tactical command of the DCSO SWAT response and assisted ACSO SWAT Commander George with the coordination of the building clearance process. I was also assisted by Captain Jason Kennedy with the tactical coordination (See Kennedy's report for additional details.)

After the SWAT team was released I was advised 3 SWAT members were potentially exposed to asbestos while clearing the school. I was told this after the members had already traveled back to the Highlands Ranch Substation. I contacted HAZMAT Deputy Ed Seal for guidance on handling the potentially exposed deputies. Seal told me the following:

Have them remove their clothing and shower thoroughly.

Give them a change of clothes and have them checked out at a hospital.

Bag the clothing in plastic and he (Seal) would take care of the disposal.

I followed Seal's instructions and I contacted Skyridge Hospital ER to advise them of the situation.

The deputies either had a change of clothes or were provided clothes and shoes.

I gave the directive to also take their shoes due to not risking the potential for future contamination.

The items taken were double bagged in plastic and sealed.

I locked the items in the oversized evidence storage and advised Sgt. McMillan (Crime Lab) of what I did.

Later in the evening I stopped in at the [REDACTED] address to check on the personnel out there to see how they were doing. I entered the outer crime scene security point but I did not enter the home.

INVESTIGATOR'S PROGRESS REPORT

**SHERIFF'S OFFICE
DOUGLAS COUNTY**

CR# 2013-00114450

CASE TYPE: Agency Assist

INVESTIGATOR ASSIGNED: Lt. Tommy Barrella

On 12/13/13 I responded to Arapahoe High School upon hearing dispatch advise that the Arapahoe County Sheriff's Office was requesting assistance for an active shooter. While enroute I saw/did the following:

- Advised the deputies working the School Marshall Program to remain in the county so our schools would be covered.
- Spoke to Lt. Cataffo via phone where we discussed a game plan to insure there was coverage in the County as well as managing our staff at the scene.
- Responded to the NW parking lot of the school to see if there were other law enforcement members to meet up with to form an element. There were no other officers so I took up a perimeter position.

Upon arriving on scene I saw/did the following:

- Heard assistance was needed at the intersection of Dry Creek Road and N. University Blvd.
- Responded to that intersection and advised the other officers on scene we would be shutting this intersection down in all directions.
- Was advised by Chief Nicholson-Kluth we would be routing the cars we had to the East and then closing down the intersection farther east and south.
- The intersections to the North and West were already taken care of.
- Directed family members to the reunification locations.
- Was requested to assist as a Bomb Technician.

In my Bomb Tech role I did the following:

- Responded back to the NW corner of the school to meet up with a member of the Arapahoe Bomb Squad.
- Was advised we would look for the suspect vehicle and deal with it accordingly.
- Located the vehicle and took no action as there was nothing of concern in view.
- Assisted with patting down the students that were leaving on the south side of the school to head toward the Starbucks for a bus.
- Was assigned to the FBI Tactical Team to assist them with clearing a portion of the school
- Responded back to the Command Post for new assignment and direction.
- Took control of our Bomb Squad Technicians who had also been assigned to other teams for the initial sweep.

- Met up with Lt. McMillan and the SWAT Team to perform another sweep of the West end of the school.
- Was advised to respond back to the Command Post for reassignment.
- Was advised I needed to take our Bomb Squad down to the suspect's residence to assist the ATF and Arapahoe County Sheriff's Office with searching the residence.

Upon arriving at the [REDACTED] address I saw/did the following:

- Investigations had the house taped off with crime scene tape.
- Members of the ATF were still on scene
- Was advised ATF forced entry due to exigency.
- They did not see anything on their safety sweep but noticed a strong odor of gasoline so they left the front door open.
- Waited for ACSO Invest to respond with the search warrant and give us permission to do a slower sweep of the house for any booby traps or suspicious devices.
- Cleared the house with other members of the DCSO Bomb Squad and two ATF Agents.
- No devices or booby traps were located.
- Turned house over to ACSO Invest and remained on scene to assist them if needed.

ON FRIDAY DECEMBER 13, 2013 I WAS ATTENDING TRAINING IN ADAMS COUNTY WHEN I LEARNED OF THE SHOOTING INCIDENT AT ARAPAHOE COUNTY HIGH SCHOOL. ON MY WAY HOME AFTER CLASS I MONITORED DCSO CHANNEL 1 AND HEARD A REQUEST FOR ADDITIONAL PERSONNEL TO ASSIST WITH THE REUNIFICATION OF STUDENTS AND PARENTS AT THE SHEPARD OF THE HILLS LUTHERAN CHURCH LOCATE AT 7691 S. UNIVERSITY BLVD. WHICH WAS LESS THAN A BLOCK AWAY FROM THE SCHOOL. I ARRIVED AT 1510 HOURS AND PROCEEDED TO THE CHAPEL WHERE I OBSERVED STUDENTS ARRIVING ON BUSES AND BEING LED INTO THE CHAPEL. IN THE LOBBY OF THE CHAPEL I MET WITH DCSO PATROL LT. ADAM CATAFFO. THERE WERE APPROXIMATELY 75 STUDENTS SITTING IN THE PEWS AND MORE EXPECTED TO ARRIVE BY BUS. PARENTS OF THE STUDENTS WERE LINING UP OUTSIDE OF THE CHAPEL TO BE REUNITED WITH THE STUDENTS. I SPOKE TO THE GROUP OF STUDENTS IN THE CHAPEL ASKING IF ANYONE HAD DIRECTLY WITNESSED THE INCIDENT SO THAT I COULD SUMMON INVESTIGATORS FOR AN INTERVIEW. SOME OF THESE STUDENTS HAD HEARD THE GUNSHOTS BUT NONE HAD ACTUALLY WITNESSED WHAT TRANSPIRED. THIS GROUP WAS APPROXIMATELY THREE CLASSROOMS AND THERE WERE TEACHERS WITH THEM. I HAD BROUGHT IN A FEW NOTEPADS AND PENS AND REQUESTED THE TEACHERS WRITE A LIST OF WHAT CLASSROOMS WERE PRESENT AND THE NAMES OF EACH STUDENT AFTER THEY WERE INDIVIDUALLY ACCOUNTED FOR BY THE TEACHER. I ALSO DIRECTED TWO PARKER POLICE OFFICERS WHO WERE PRESENT TO GUARD THE ENTRANCE AND EXIT DOORS TO ASSURE THAT NO STUDENTS LEFT THE CHAPEL UNLESS THEY WERE RELEASED TO A PARENT OR GUARDIAN AND THAT WAS DOCUMENTED. THIS PROCESS WAS BEGUN AND THE NAMES OF THE PARENT OR GUARDIAN WAS LISTED NEXT TO THE NAME OF THE STUDENT FOR ACCOUNTABILITY WHEN THEY WERE REUNITED.

DURING THE PROCESS OF REUNIFICATION AT APPROXIMATELY 1555 HOURS, I WAS MADE AWARE OF THREE STUDENTS AND TWO STAFF MEMBERS FROM ARAPAHOE HIGH SCHOOL WHO MAY BE WITNESSES TO THE EVENT. THEY WERE BROUGHT INTO THE LOBBY OF THE CHAPEL AND I IMMEDIATELY REQUESTED DCSO DISPATCH TO CONTACT DCSO INVESTIGATIONS LT. KEVIN DUFFY. HE ARRIVED A FEW MINUTES LATER AND TOOK THESE POTENTIAL WITNESSES TO MEET WITH ARAPAHOE COUNTY SHERIFF'S OFFICE INVESTIGATORS.

AT APPROXIMATELY 1630 HOURS ALL OF THE STUDENTS FROM THE CHAPEL HAD BEEN REUNITED WITH THEIR PARENTS. I WENT TO THE GYMNASIUM WHERE THERE HAD BEEN OTHER STUDENTS BEING REUNITED WITH PARENTS AND THEY DID NOT REQUIRE ANY ASSISTANCE. I THEN LEFT THE AREA AND CLEARED THE CALL AT 1715 HOURS.

AT NO POINT DID I GO TO ARAPAHOE HIGH SCHOOL OR ENTER THAT BUILDING.

NO FURTHER INFORMATION AT THIS TIME.

December 13, 2013

1241 Hours:

I was the Watch Commander for DCSO Day Shift and was advised that ASCO was requesting mutual aid for an active shooter at the high school located on University and Dry Creek at which time I did the following:

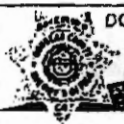

- Ordered all available day shift patrol respond to the school to assist.
- Ordered that all Douglas County Schools be placed on lockout
- Ordered that all swing shifts report to work immediately and remain in the county.
- Requested dispatch work on patching radio communications with ASCO.
- Advised Capt. Weekly of what had taken place.

All school marshal deputies and other traffic deputies were told to remain in Douglas County by Lt. Barrella who was also responding.

I responded to Arapahoe County High School and DCSO deputies had arrived and were preparing entry teams to enter the school.

I did the following during the incident:

- I met with fire command in the strip mall directly across from the high school and began gathering information regarding the incident, and was informed that the shooter had killed himself but it was not known if other shooters were still in the building.
- School staff approached me and provided me with the name of the suspected shooter, Karl Pierson and I took a picture of the school document and emailed it to Chief Kluth and Capt. Kennedy. (see attached)
- I had DOW officers, CSP troopers and Denver Public School Security officers at my location and had them remain with me as a security detail as parent, media and large groups of students began coming to the location. I had all law enforcement members sign logs for ACSO deputies.
- I had this security detail keep the students secure and directed them to use the King Soopers as the evacuation location until it was determined the church directly behind the King Soopers was available for evacuation and reunification.
- I had the security detail escort the students and staff to the evacuation point and to begin working on a reunification plan assuring student would be identified as possible witnesses and to assure each student would be released only to a parent or guardian.
- I worked with Command to develop on how students would be evacuated to the church via buses and assured no unauthorized entry was being made into the church.
- Arranged to have the chapel opened for overflow and assured there was security for the chapel and investigators for interviews.
- As entry teams began clearing from the High School I directed them to the Church to assist with security and reunification.

REPORTING OFFICER MCDOWELL, PHILLIP	DATE SUBMITTED 12/17/2013	APPROVING SUPERVISOR	
<p>On 12/13/2013 I, Deputy Phillip McDowell 0806, with the Douglas County Sheriff's Office responded to the Arapahoe High School around 1245hrs for a report of an active shooter in the school.</p> <p>Upon arrival to the scene the following happened:</p> <ul style="list-style-type: none"> - I met with Douglas County Deputies Van Noordt, Arnold, Garcia, Brown and Davidson as well as two Englewood PD officers and a Arapahoe County Sheriff's sergeant on the south entrance of the school. - We all discussed very briefly a plan of action and then stacked up to go in. - We all entered the school and began searching for any threats. - We encountered several classrooms with kids inside hiding. - As we cleared parts of the school we found a hallway by the library that had a large amount of blood pooling and blood drops leading to an outside doorway. - When we cleared the library and I could smell gun powder in the air as well as burnt smoke from the possible incendiary devices that detonated inside the library. - While in the library I could see black marks on the floor and wall. - These marks appeared to be from the incendiary devices. - I continued with my team to clear the rest of the school. - Once the school was primarily cleared I remained on a fixed post by the main office where staff and students were still being held. - I then observed SWAT team members from various agencies performing a secondary search of the school and assisting with evacuations of students in the school. - Once the school was secured I went to the church where the students were being held for parent pick up and assisted with perimeter security. - Once the church was emptied of the students and parents I checked back in with the command post and cleared the scene at the school. <p>The Mobile Command Post was then activated to stand by at the suspects house in Highlands Ranch.</p>

DCSO CASE # 2013-00114450

On December 13, 2013 I was dispatched to an active killer located at Arapahoe High School at 2201 E Dry Creek Road. The following information was given to me while en route to the High School:

- Shots had been fired at the school.
- There was at least one active killer at the school.

I arrived at the school at approximately 1245 hours and I observed the following:

- There was a fire truck attempting to block traffic from entering E Dry Creek Road.
- I went around the truck and toward the South end of the school on E Dry Creek Road.
- I observed one ACSO patrol car on scene.
- The Deputy of the ACSO patrol car was near the rear of her vehicle.

The following then occurred:

- I parked my patrol car on E Dry Creek Road near the turn in for the South Entrance to the school, on the East side, in the number one lane.
- I exited my patrol car and donned my heavy plates and my patrol rifle.
- I asked the ACSO Deputy where I was needed as I moved toward the school.
- The ACSO Deputy was unsure of where others were within the school.
- I observed an ambulance attempting to reverse up to a door at the school on the South West side.
- An entry team was formed with me, Deputy Brown (DCSO), Deputy Garcia (DCSO), Deputy Davidson (DCSO), Deputy Arnold (DCSO), Deputy McDowell (DCSO), two Englewood officers and an Arapahoe County Sheriff's sergeant.
- Our team made entry to the school through the South entrance.

- We entered into what appeared to be the cafeteria.
- I received information that the suspect was in the library.
- Our team moved toward the library by entering a hallway on the North side of the building and began to move West through the school.
- I received information that the suspect was down in the library and the library was secure.
- I assisted in clearing rooms on the first floor searching for injured parties and any other suspects.
- I cleared several rooms on the first floor that were left unlocked.
- Several rooms had students hidden in corners and they were sitting on the ground so you could not see them from the door.
- None of these rooms had injured parties or additional suspects so I continued to move through the school.
- I moved South through a hallway and connected to a hallway on the South side of the building.
- I moved West through that hallway and came to a hallway on the West side of the school nearest the gym.
- When I made entry into the West hallway on the South end I observed the following:
 - A trail of blood that spanned from the South end of the hallway to the North end of the hallway.
 - There were droplets of blood on the ground as if the injured party was moving.
 - I followed the blood trail North and saw a pool of blood approximately halfway through the hall.
- I continued to move North through the hallway and came to the Science Department first level entrance and I observed the following.
 - Two shotgun shells near a bench on the floor on the East side of the hallway, unknown whether they were spent casings.
 - A large pool of blood right in front of the bench
 - A backpack near the pool of blood.
 - A cell phone on the bench.

- I did not observe any injured parties or suspects.
- I returned to the main floor and made entry into the gym.
- Several rooms were cleared to include the weight room, locker rooms, auxiliary gym and several offices.
- I then moved East through the school and cleared open rooms where students were hiding but were unable to lock the door.
- I shined my flashlight through windows in locked rooms and observed students hiding under desks and against the wall.
- Students and staff were advised to stay on lockdown while we continued to clear the building.
- After clearing through the school and back to the cafeteria I observed other officers had secured the East side of the school.
- I then moved back to the West side of the School through the South hallway.
- Once the primary clearing of the building had taken place ACSO began an initial evacuation of students in the South West end of the building.
- I assisted in evacuating several classrooms of students and teachers out of the South doors of the school.
- Command then advised over the radio that evacuations needed to stop.
- Evacuations from the building were stopped.
- We began moving through the school and placed Officers and Deputies at rooms where students were located for security purposes and to prepare for evacuation.
- I was in a hallway where the locker rooms are located when ACSO Deputies told me the following:

- They received a report of an injured student located in a boiler room that was within the Cardio Room.
- I made entry into the Cardio Room with ACSO Deputies which was located off the hallway where the locker rooms are located.
- Once in the Cardio Room there was a door on the East side of the room that we made entry into.
- Once entry was made into that room I observed the following:
 - A female student had blood on her but I did not observe any visible injuries.
- Another student stated the female student with blood on her was next to the female party that had been shot.
- ACSO Deputies escorted the student with blood on her and a couple other students out of the school.
- I, along with one ACSO SWAT member secured the room and waited with the remaining 29 students and one teacher that were taking shelter in a boiler room within the Cardio Room.
- A tactical team returned to the Cardio Room once evacuations from the building began.
- The tactical team evacuated the students from the school.
- I then went upstairs and secured both gyms with the ACSO SWAT member and kept that location secure while secondary sweeps through the school took place.

After the building was secure I was assigned a post at the church just to the South of the school on University. Once there I assisted parents reunite with their children. Once all the students were reunited with their parents/guardians I went to the command post. I was given an email address of kjohnston@[REDACTED] to send my supplemental report to. I sent a supplemental report to that email address and signed out with the command post and left the scene.

DATE SUBMITTED

APPROVING SUPERVISOR

On 12-13-2013 at about 1240 hours I was on duty as School Resource Officer for Douglas County Sheriff's Office. I was at the Sheriff's substation in Highlands Ranch when I heard the "all call" for mutual aid coming from Arapahoe County Sheriff's Office. I responded from my location northbound on Broadway to East Dry Creek Road and east to Franklin Street. I arrived at that intersection at about 1245 hours and the following occurred:

- I was preparing to turn my marked patrol vehicle to northbound Franklin Street to meet at a "rally point".
- I was flagged down by Fire personnel who were the only professionals blocking East Dry Creek Road.
- They told me that they had stopped a box truck that had explosive materials on board.
- The truck had just left the Arapahoe County High School parking lot.
- The box truck was parked on Franklin Street at the northwest corner.

None of had enough details about what had or was occurring inside the school. We had heard that there were possible explosives involved inside the school. I was unsure if the truck could be related to the scenario inside the high school. I did the following:

- I blocked the box truck from leaving by parking my patrol vehicle in front of it.
- I advised the driver of the truck about my concerns.
- I patted him down for my safety.
- I asked the driver, Smith, if I could look thru the truck.
- Smith let me look inside the front, sleeper and back of his truck.
- There were, what appeared to be, chemicals in the rear of his truck.
- Smith told me that he delivers chemicals to the school for their swimming pool.
- He gave me the names of the people he typically delivers to.
- I spoke with his boss on the phone who confirmed Smith's delivery schedule.
- I called our dispatch (radio traffic was overwhelming) and cleared Smith and his truck.
- I let Smith proceed from the area.

I had been at the intersection for about 10 minutes when I realized the importance of staying there as a road block since the fire department was still the only entity blocking traffic. I cleared 5 vehicles and their occupants that had gotten "caught" in the road block on East Dry Creek Road. I wrote down their information and let them proceed as I believed they were unrelated to the incident. I was then approached by two students who told me they saw what occurred inside the library of the school. I did the following:

- I insured that they were physically sound and they told me they were.
- I asked if they knew who the shooter or shooters were.
- I asked if they knew anything that would keep the other students inside the school safe.
- I asked them to write a statement for me.

█ wrote the following:

- He was in the library when he heard, "shots".
- A "guy" came in the library, asking for Mr. Murphy.
- He yelled for Mr. Murphy several times.
- A few more shots were fired by the male asking for Mr. Murphy.
- The male shooting looked like a student.
- The shooter had on brown boots, gray hoodie and blue, tight pants.

- He looked like a "redneck".
- This happened around 12:45.

██████████ wrote the following:

- He was in the library with his friends, ██████████ and ██████████ (unk last, female).
- They heard two shots in the hall.
- Right after that they saw a gunman who "stormed in" yelling, "Where's Mr. Murphy?"
- He shot two more rounds in the library.
- He ██████████ and his friends ran through the Spanish classroom and then outside.
- On the way outside they saw a girl who had been shot in the chest.
- They ran to get someone to call 911.
- They saw an officer at the corner (me, Buys) and ran there.

At that time I was unsure of the status inside the school so I took the two students statements and confirmed they somewhere safe to go. They were told not to go back inside the perimeter.

Eventually the buses started staging on Franklin Street and picking up students from that location. I facilitated the road block to allow their entry.

I stayed at the intersection until 1900 hours when I was relieved by an Arapahoe County Deputy.

On 12/13/2013, at approximately 1241 hours, I responded to Arapahoe High School in reference to an Active Killer. Upon arrival, I did and observed the following:

- I made contact with a female Arapahoe Deputy who advised they had officers inside already.
- I then formed a team with Deputy GARCIA, Deputy DAVIDSON, Deputy VANNOORDT, Deputy ARNOLD, and 2 Englewood PD Officers.
- We made entry into the building via doors on the south side of the building toward the center of the school.
- Once inside we teamed up with several other officers from Arapahoe.
- We began searching the building and responded to several areas that dispatch received 911 calls from.
- Once students were located we had officers stand guard with them.
- When leaving the classroom area and going to the gym, I saw a puddle of blood and a trail of blood.
- An Arapahoe officer was left there to secure the evidence.
- I eventually was posted outside the gym until relieved by SWAT.
- I then responded to the church and helped reunite families with their children.

Nothing further to report.

Douglas County 2013- 114450

Deputy Gregory W. Howden, 02-22

On 12/13/2013 at approximately 1245 hours, all available Douglas County Deputies were requested to respond to the Arapahoe County High School for an active killer call.

I arrived at the school and teamed up with several other officers from multiple departments. We made entry on the south side into the school hallway C. The entry team I was part of cleared down the hallway clearing unlocked rooms and by passing locked rooms. We arrived outside the Science area. I observed a large pool of blood on the floor next to a wooden bench. There was a cell phone on the bench along with a back pack. On the floor next to the bench was more blood, a cell phone, and long strands of brownish colored hair. The blood trail continued down the hallway toward the cafeteria.

My entry team continued up the stairs to the second level above the science area. During the search I observed in three different classrooms approximately twenty to thirty students per classroom hiding behind desks. Once the second level was secure I assisted in gathering students into one classroom for security. While the students were exiting the class I conducted pat downs of each student for weapons and/or injuries. The order was given to evacuate the students from my area so I assisted with the evacuation down the stairs and out of the school. I then responded back to the upper level and assisted in conducting secondary and a third (slow search) of all the classrooms to include the green house.

I then went back to the area outside the science wing. I observed an empty white shotgun shell lying on the floor next to the staircase. I observed a loaded shotgun shell on the floor in the area of the doors to the Science wing. These items were guarded by officers and then traffic cones were placed over them.

I then stood guard on a hallway and an exterior door to control access in and out of the building.

I was then relieved a tactical team commander of my responsibilities and told to report to the command post. I was debriefed by command and then wrote a report reflecting my account of the incident.
