APPROVING SUPERVISOR

On December 13, 2103 at about 1241 hours I responded to an assist other agency at Arapahoe High School, 2201 E Dry Creek Avenue, Centennial, Arapahoe County, Colorado on a report of an active shooter. Upon arrival at the command post I was assigned to stop all westbound traffic on Dry Creek Avenue at Adams Street.

At about 1825 hours I was advised to break down the roadblock and respond to the command post.

I signed out and cleared the scene at 1632 hours.

APPROVING SUPERVISOR

On 12/13/2013 I was at the Sheriffs Office in Castle Rock when I heard a call go out for an Agency Assist for an Active Shooter at Arapahoe High School, 2021 E. Dry Creek Rd. in Arapahoe County.

I responded code 3 from Castle Rock and as I approached dispatch was advising that traffic control was needed at Dry Creek and University. I responded to that location and conducted traffic control for about 30 minutes and was asked to move to University and Jamison and stop North bound traffic. I was there until approx. 1745hrs when I was released from traffic control and that intersection was opened up.

Nothing further this deputy.

CASE TYPE: Agency Assist

INVESTIGATOR ASSIGNED: Deputy Chad M. Teller

On December 13, 2013, at approximately 1300 hrs., I responded to the area of Arapahoe High School in Centennial, CO in response to a shooting at the school. Upon my arrival, Sgt. Ron Hanavan, Deborah Sherman and I staged at the intersection of University and Dry Creek Rd. to assist Arapahoe County Sheriff's Office with PIO duties. At the request of Capt. Jared Rowlison, I assisted him with obtaining the latest information on the victims in the shooting incident. Once I received the information from IC, the information was relayed to Capt. Rowlison. I also assisted the media set up for a press conference. I remained on scene until 1530 hrs., when I was requested to respond to another scene to assist with PIO duties.

*****ARAPAHOE COUNTY AGENCY ASSIST/CONNECTED TO DC80 CASE 2013-114450

On 121313 I was advised by Lt. McCarty to respond to [REDACTED], Douglas County, Colorado to assist with a search of the suspected Arapahoe County High School shooter's residence.

I arrived on scene at about 1535 hours and was met by Douglas County Detective Dave Weaver and Douglas County Patrol Deputy Morris. Deputy Morris advised me that the house had already been cleared by him and several on scene ATF Agents and was being held until a search warrant could be completed.

At 1558 I was contacted by Arapahoe County Investigator Kim Johnston. I assisted Investigator Johnston by relaying descriptors of the residence for her search warrant.

Also while on scene I took pictures of a tan trash can that was on the sidewalk in front of the residence. The trash can was interfering with the law enforcement activity that was taking place. Photos of the trash can exterior, interior, and placement were taken prior to it being moved. The photos will be submitted to the lab.

I cleared the scene at 2110 hours on 121313.

Nothing further.

PROGRESS REPORT

CR# 2013-00114475 [REDACTED] case)

CASE TYPE: Agency Assist

DETECTIVE ASSIGNED: DE Weaver, OSN 9920

On 12/13/13 I was directed to assist in an Active Shooter incident taking place at Arapahoe High School, in Unincorporated Arapahoe County, Colorado.

Initially I was instructed to go to an assembly point located at a church near the high school. I was subsequently re-directed to:

[REDACTED]
[REDACTED]
[REDACTED]

While enroute I was advised agents from the U.S. Department of Justice, Bureau of Alcohol, Tobacco, Firearms & Explosives, (ATF) were at the [REDACTED] address and a detective from Douglas County Sheriff's Office was requested to join them.

I arrived at the [REDACTED] address at about 1445/1450 hrs and as I arrived I observed several armed individuals wearing ballistic vest with identification displayed on the vest, front and back, with the initials ATF and or ATF Agent.

I parked my unmarked duty care and walked towards the individuals and was approached by an individual who identified himself to me as the supervisory Special Agent with the ATF, J.C. Russell.

He advised me entry was made to the residence at [REDACTED] and there were no individuals inside the residence, the residence had a strong odor of suspected gasoline, a bedroom believed to be used by Karl Halverson Pierson, the suspected school shooter, had documentation associated with a Savage shotgun and shotgun shells.

I was also told ATF agents had spoken to Karl's mother, who I was told was in Minnesota.

Deputy Morris arrived we initiated a Crime Scenc Log. I requested all the ATF Agents at the [REDACTED] address sign the Crime Scene log, which they did. The start time for the crime scene log was 1515 hrs.

The ATF agents had crime scene tape and we started to establish a crime scene area.

2013-00114475
12/17/13
dew

Page 1

DOUGLAS COUNTY SHERIFF'S OFFICE
INVESTIGATIONS DIVISION

Two CVS vehicles arrived and we placed one CSV, with the crime scene log at the intersection of [REDACTED] and [REDACTED] and the second at the south end, not allowing entry into the crime scene.

We made contact with three neighbors who live across the street from [REDACTED], Craig Kapral, [REDACTED], [REDACTED]; Lance Farr, [REDACTED], [REDACTED]; and Johanna Van De Wege, [REDACTED], [REDACTED]. We advised them they could leave but we could not assure them they would be allowed to return as we did not know what may develop as the investigation continued.

We also asked them if they knew the family living at [REDACTED]. We were told they knew the son and thought he went to Arapahoe High School, was on the debate team and/or ran track. The son (Karl) was described as polite. No one we spoke to provided any information regarding Karl's activities on 12/13/13.

While on scene numerous representatives from the local media arrived and positioned themselves juxtaposed to the CSV staffing the crime scene entry point. I requested a DCSO PIO be dispatched to the [REDACTED] location and Lt Peitzmeier and Deputy Teller arrived and assisted in communicating with the media.

While on scene an individual identified as:

[REDACTED], DOB [REDACTED]
[REDACTED]
Cell [REDACTED]

Approached us and said he was a student at Highlands Ranch High School and had heard Karl was the shooter and he, [REDACTED], had known Karl since they were at Cresthill Middle School, Highlands Ranch. [REDACTED] also went on to say he saw postings on Karl's Facebook that he thought were alarming/concerning.

[REDACTED] agreed to accompany a DCSO Detective and an ATF Agent to his residence so the Facebook posting from Karl could be observed/downloaded. Prior to [REDACTED] leaving his father, [REDACTED], cell [REDACTED] [REDACTED] was contacted and agreed to allow [REDACTED] cooperation.

I asked Deputy Morris to conduct a Neighborhood canvass, which he conducted and wrote a supplemental report. When he was done with the canvass he told us he did not learn anything of significance regarding the situation.

I went to Arapahoe High School and briefed representatives from ACSO and CBI regarding what was learned at the [REDACTED] location.

***** FORWARD TO INVEST / PERSONS *****

On 12/13/2013 at about 1435 hours, I responded to [REDACTED], Douglas County, Colorado to assist the ATF in a search. Upon arrival, I contacted two ATF agents about one block south of the address. I followed them to the address.

Upon arrival at the address, the following occurred:

- I saw an ATF agent standing in the front yard of the home with a rifle pointed towards the house.
- I heard shouting, but could not hear what was being said.
- I ran to the address with two other ATF agents.
- I followed one of the agents inside the home as the front door was open.
- I saw several other ATF agents inside the home.
- I could smell a strong odor of what smelled like gasoline inside the home.
- I got on the radio and asked for the Fire Department to be called and placed on stand by.
- I assisted them in clearing the home, looking for people.
- We didn't locate anyone inside the home.
- ATF agents advised they didn't need the Fire Department to respond.

While inside the home, I saw the following in plain view:

- What looked like an information packet with the words "Savage Arms" printed on it.
- I recognized the packet as one commonly obtained in the packaging when you purchase a firearm.
- The packet was on the floor near the closet in an upstairs bedroom.
- The bedroom the packet was in appeared to be the bedroom of a male due to the clothing I saw in the closet and the posters on the walls.
- Several pieces of cloth cut into triangles or squares on top of a trash can in the garage.

The odor of gasoline was stronger when I entered the garage.

After searching the inside of the home for people, I exited the home along with the other ATF agents.

Crime scene tape was put up by ATF agents around the home.

I drove my patrol vehicle and parked it on the corner of [REDACTED] and [REDACTED]

A short time later, I conducted a "canvass" of the area. No one answered the door at the following addresses:

[REDACTED]

I spoke with Craig Kapral (DOB [REDACTED]) at [REDACTED]. Kapral told me the following:

- He didn't know the people that lived at [REDACTED] very well.
- He had noticed that the son had seemed rushed lately when coming and going from the home.
- The son would often park his car in the garage, run inside the house, run back out, get in his vehicle and leave.

CASE NARRATIVE CONTINUATION

- The family seemed like a "nice" family.
- He had helped the son mow the grass this past summer.

I spoke with Terri Kunz (DOB [REDACTED]) at [REDACTED]. Kunz said she and her husband Lenny Kunz (DOB [REDACTED]) didn't know the family at [REDACTED]. They were both hesitant to answer when I asked them questions.

I spoke with Scott Leeper (DOB [REDACTED]) at [REDACTED]. Leeper told me the following:

- The family that lived at [REDACTED] were a "quiet family".
- He believed a mother, her daughter, and her son lived in the home together.
- The son's name was Karl.
- The mother would often email Leeper reference community safety issues.
- He thought Karl was possibly a Police Explorer or Boy Scout.

I spoke with Alicia Callis (DOB [REDACTED]) and Micah Callis (DOB [REDACTED]). They told me the following:

- There were [REDACTED] children that lived in the home at [REDACTED].
- They believe the children's father was in and out of the home.
- The son in the home was quiet and didn't say much.
- The son drove a white Subaru sedan.
- They think the mother and father of the children were divorced and the mother had recently began dating an unknown male.
- They had never seen any of the children's friends come over to the home.

I spoke with Richard Farr (DOB [REDACTED]) at [REDACTED]. Farr told me the following:

- He has known the family at [REDACTED] for about 20 years.
- The father of the children in the home is named Mark.
- Mark has a very bad temper.
- He knew that Mark had been banned from the South Suburban Ice Rink due to disruptive behavior at the location.
- The Mother at the home had seemed "down" recently and depressed.
- He didn't think the family owned any guns.
- The son, Karl seemed "socially awkward".
- The family seemed like a "quiet and nice family".

I left Detective Weaver's business card at the homes I was unable to contact anyone at.

I remained on scene providing scene security until about 2330 hours.

CASE NARRATIVE

REPORTING OFFICER

OHAROLD, MARK

DATE SUBMITTED

12/13/2013

APPROVING SUPERVISOR

On 12/13/2013 at 2340 Hours, I was dispatched to [REDACTED] at the request of Sgt. Choi. Sgt. Choi advised me I was responsible for scene security at that location. Upon my arrival, parked my marked patrol vehicle at the intersection of [REDACTED] and [REDACTED] and I observed the following:

- There was crime scene tape stretched across [REDACTED] closing traffic west of [REDACTED].
- The crime scene tape continued south and was attached to the residence located at [REDACTED].
- The tape was intact and was not broken.

While providing scene security, I contacted Winer, Chalon DOB [REDACTED] and Vanderwege, Johanna DOB [REDACTED] who were walking down [REDACTED] and stopped at the start of the crime scene tape. Johanna and Chalon informed me of the following:

- They live at [REDACTED].
- They were just coming home from a friends house.
- They wanted to get back to their house.

I asked Johanna and Chalon for their Colorado Drivers License and they provided them to me. Both Drivers License indicated a home address of [REDACTED]. On 12/14/2013 at 0010 hours, I escorted Chalon and Johanna to their residence. Both subjects were advised to remain in their residence until the scene was released.

On 12/14/2013 at 0019 Hours, I removed all the crime scene tape around [REDACTED]. I was contacted by CSV Wohlgenuth who handed me the Crime Scene Logs.

I remained on scene with Deputy Lemaster of the Douglas County Sheriffs Office and provided scene security due to the front door being unsecured. A private company arrived on scene and were accompanied inside the residence to secure the front door. The front door was secured and I left the scene.

End of report.

INVESTIGATOR'S SUPPLEMENTAL REPORT
SHERIFF'S OFFICE
DOUGLAS COUNTY

CR# 2013-114475

CASE TYPE: Agency Assist

INVESTIGATOR ASSIGNED: Deputy Chad M. Teller

On December 13, 2013, approximately 1540 hrs., I was asked to respond to [REDACTED] Highlands Ranch, CO to assist with PIO duties, along with Lt. Glenn Peitzmeier. DCSO investigators were working with Arapahoe County Sheriff's Office in obtaining a search warrant for the residence. Upon our arrival, we met with the media to address any concerns or questions they may have. The media was informed all questions on this case were going to be addressed by the Arapahoe County Sheriff's Office. Lt. Peitzmeier and I remained on scene until 1945 hrs.

REV: 01/99

Douglas County Sheriff's Office
Tony Spurlock, Undersheriff OSN#8003

Case #: 2013-114450

Case Type: Agency Assist

On December 13, 2013 at approximately 1240 hrs I received information from Douglas County Regional Dispatch Center, Arapahoe County Sheriff's Office just aired an active shooter call at Arapahoe High School. I notified Chief Tim Moore in person and called Chief Holly Nicholson-Kluth. I advised them to notify their staff and that I was responding from Castle Rock.

At approximately 1300 hrs I arrived at the intersection of University Blvd and Dry Creek and was advised the scene was secure, one male suspect down, two females were transported to a local hospital. I was advised a number of students were evacuated to a shopping center south of the high school and north into a field. I was requested to assist Chief Nicholson-Kluth at the Shepard of the Hills Church just south of the King Soopers on University Blvd.

I called Sheriff Weaver to advise him of the agency assist and told him we had approximately 50 staff members at the school or responding. I also advised him all the Douglas County Schools were on lock in with our SRO's on site in Douglas County. I further advised him Captain Denes along with a number of Lieutenants remained in Douglas County to manage any issues. The swing shift teams were called in early and the day shifts were notified they would be held over.

Before responding to the Shepard of the Hills Church, I assisted in directing students and parents from the King Soopers parking lot to the church. At one time we had members of the Colorado State Wild Life Officers, South Metro Fire personal and members of the United States Army, from a recruiting office assisting.

Once at the reunification location, Chief Nicholson-Kluth commanded the north side of the church while I managed the south. A process was developed with the Arapahoe High School staff to reunite the students with their parents. The process was to identify the students place their names on a list and then go outside where the parents were waiting and call out names of the parents. We had each parent sign out any child under 18 years old. Any child 18 or older was allowed to sign themselves out and leave the Church. A special location was set aside for students that needed to be interviewed by detectives as was an area for special needs students. Any student that approached school staff or law enforcement and indicated they had seen the shooting or had any information were taken to several rooms to be interviewed by law enforcement. This process took approximately four hours.

Once all the students from the church were reunited with parents Chief Nicholson-Kluth and I responded to the Command Post where we checked out of service.

INVESTIGATOR'S PROGRESS REPORT

**SHERIFF'S OFFICE
DOUGLAS COUNTY**

Case Number: **DCSO# 2013-114450**

Event: **Agency Assist – Arapahoe County Sheriff's Office**

Date: **December 17, 2013**

Investigator Name: **Tim Moore, Bureau Chief, #9012**

On 12/13/13 at about 1241 hours, Douglas County Sheriff's Dispatch aired a call of an active shooter at Arapahoe High School (AHS), in neighboring Arapahoe County. DCSO Patrol deputies and supervisors responded immediately to the school.

I immediately spoke with DC Regional SWAT Commander Darren WEEKLY and Tactical Commander Dan MCMILLAN and placed our SWAT Team on standby status for possible deployment to AHS. While in route to the AHS incident command post (IC) at the Chase Bank on Dry Creek at University Blvd, I learned that the Arapahoe County Sheriff's Office (ACSO) had requested our SWAT Team for mutual aid; I ordered them to also respond to the IC to assist. I arrived on scene at the IC at about 1310 hours. I also learned that all DC schools had gone on lock-out status near the beginning of the AHS event. While on scene at the IC, the following occurred:

- DCSO Chief Holly NICHOLSON-KLUTH coordinated some responding perimeter units then assisted with leadership at the reunification center at the Sheppard of the Hill Church.
- DCSO Undersheriff Tony SPURLOCK also assisted with leadership of the Sheppard of the Hill Church reunification process.
- Incident Commander (IC) was identified as ACSO Commander Vince LINE.
- DCSO Captain Darren WEEKLY served as the DCSO representative of the unified tactical command (UTC), under the direction of the ACSO tactical commander.
- I assisted WEEKLY in coordinating the DC Regional SWAT Team and DCSO Bomb Team for the duration of the event, and I also acted as liaison to the ICP from UTC, and coordinated bus transportation with an ACSO sergeant.
- DCSO Captain Jason KENNEDY assisted with logistics and resource tracking for UTC.
- DCSO Lt. Dan MCMILLAN served as DC Regional SWAT Tactical Commander and coordinated DC tactical resources under the direction of UTC.
- DCSO Lt. Tom BARRELLA served as DCSO Bomb Team Commander, under the direction of UTC.

- Learned that one suspect was in custody on the library area of AHS and there had been at least two student injury victims.
- DCSO Lt. Troy MCCARTY coordinated DCSO detectives that were assisting ACSO.
- DCSO Lt. Kevin DUFFY coordinated the DC Regional Pattern Crimes Unit that assisted on the perimeter and who also conducted some school search work. He also assisted with directing evacuated students to the Sheppard of the Hill Church.
- At about 1500 hours I spoke by phone to DC Schools Security Director Dan CLEMENTE and advised that DC schools no longer needed to be on lock-out status.
- I was informed that the suspect in the shooting lived in Douglas County at [REDACTED] Highlands Ranch. Agents from the AFT left the UTC to secure the home there while ACSO worked on a search warrant for that address. I directed DCSO Patrol deputies also to assist there also. Captain KENNEDY sent DCSO detectives.
- After the initial searches of the school were completed, the UTC coordinated tactical teams to re-search the school to make sure all staff and students were evacuated.
- After the school was rendered safe, I directed the DC mobile command post and our Bomb Team to [REDACTED] Highlands Ranch to assist ATF and investigators with making the scene safe for service of the search warrant.

Once released from the UTC at about 1800 hours, I met with Captain WEEKLY, Lt. MCMILLAN, and the DC SWAT Team at the Highlands Ranch substation for a tactical debriefing of the incident and our response. During the debrief:

- I learned that three DCSO responders may have been contaminated by asbestos inside AHS during their searches.
- Those were K-9 Deputy Todd TUCKER, SWAT Sgt. Chuck BUCKNER, and SWAT Sgt. Jason ANDERSON.
- After talking about the exposure with our Haz-Mat leader Ed SEAL, we had all three take a shower, bag and seal their clothing for destruction, and sent each to Sky Ridge Hospital for evaluation. All three were checked and released.

DOUGLAS COUNTY SHERIFF'S OFFICE

Progress Report

Holly Nicholson-Kluth, OSN#893

Case #: 2013-114450

Case Type: Agency Assist

At approximately 1245 hours on Friday, December 13th, 2013, I was advised by Under Sheriff Spurlock of an active shooter situation at Arapahoe HS. I was leaving the Highlands Ranch Law Enforcement Training facility and I headed directly to AHS. I arrived at approximately 1pm at the command post did not yet have an organized structure of command. I advised the ACSO Deputy (Lt.?) that was standing by the command board at the back of his vehicle that I would handle coordinating the traffic situation as there were still traffic coming to the intersection of Dry Creek and University. I drove to the intersections one block farther out from that location on the east and south side and placed officers there so that traffic would be diverted earlier.

I drove back to the command post and contacted several officers from other jurisdictions trying to handle cars, crowds of students and parents at the northwest end of the Shopping center of the command post. I heard on the radio that there was a reunification center being set up at Shepard of the Hills Church so I advised those officers to start directing parents and students to that location. I further advised my dispatch that I would be heading to that location to help there. I was given the names of two students that were transported to Swedish, by Lt. Kevin Duffy (DCSO) and three more that were still with Medical at the scene.

Upon arrival at the Church the Gym was completely full of students, estimated about 400. Shortly thereafter the line of parents stretched around the church and in a circle around the parking lot, estimated at about 1000. I gave the list given to me by Duffy to the school district personnel inside, in the event that their parents arrived. Students started arriving on buses and in groups from other locations such as King Soopers, Starbucks and the school. Many officers from Douglas County, Arapahoe County, Parker P.D., Denver P.D., Denver Public School District, and other jurisdictions as well as community and church volunteers arrived and assisted. After a number of hours we attempted to speed up reunification by creating numerous exit locations. Under Sheriff Spurlock arrived to assist and we eventually had 5 exit locations on the Church campus with school district personnel coupled with police officers coordinating release of students to parents.

During this time I had several messages that they were taking students to Euclid Middle School. I attempted to have all students brought to one location. Many students were texting parents from inside the school wondering what was happening or from on buses saying they were being taken to Euclid. Eventually I was told that they would take students that needed to be interviewed to Euclid middle school and that their parents could pick them up there. All others would be brought to the Church. We advised parents standing in line that if their students were texting them that they were at Euclid, they could pick them up there. Phone and radio communication was extremely degraded during this time period.

I helped at this location from approximately 1pm until 5pm communicating with parents, providing security and helping with coordination of efforts with the school district and arriving officers in the reunification of students and parents. By approximately 5 pm, all students had been released. I then checked out at the command post after turning the church over to Captain Thompson of ACSO.

INVESTIGATOR'S SUPPLEMENTAL REPORT
SHERIFF'S OFFICE
DOUGLAS COUNTY

CR# 2013-114450

CASE TYPE: Agency Assist

INVESTIGATOR ASSIGNED: Sgt. Ron Hanavan

On December 13, 2013 at about 13:00 hours, Deputy Chad Teller, Deb Mandeville (Sherman) and I responded to an active killer incident at Arapahoe County High School as an agency assist (Arapahoe County Sheriff's Office, ACSO) for Public Information (PIO) assistance.

We arrived in one vehicle together and I was the supervising PIO for DCSO. Upon arrival we staged at the corner of Dry Creek and University Boulevard. I met with the Incident Commander (unknown the name of the Arapahoe County Sheriff's Office IC) and was notified that Captain Jared Rowlison (ACSO) was the PIO on scene.

I met with Captain Rowlison and advised him we were there to assist. Captain Rowlison had us do various tasks on scene to help coordinate with media personnel on scene to include setting up for press conferences, get information updates related to the incident and report back to him and assist with coordinating media personnel and vehicles.

At one point Lt. Peitzmeier arrived on scene to also help coordinate media with ACSO and he and Deputy Chad Teller were later diverted to the suspects house/ crime scene.

ACSO was the lead PIO and the voice for all communication to the media reference the criminal episode.

During this time period I received numerous media requests related to this incident and all media was referred back to ACSO.

I cleared the scene at about 2100 hours and had no further information.

Deb Mandeville cleared the scene about 1700.

DOUGLAS COUNTY SHERIFF'S OFFICE

**Progress Report
Jason Kennedy, 9209**

Case #: 2013-114450 and 2013-114475

Case Type: Agency Assist

On December 13, 2013 at approximately 12:41 hours, I was notified via a page that there was an active shooter at Arapahoe High School, 2201 East Dry Creek Road, Centennial, CO. I was with Captain Robert McMahan in his assigned black Chevy Tahoe at about I-25 and E. Belleview Avenue. We headed West on E. Belleview Avenue and then South on Quebec Street until we made it to E. Arapahoe Road where we drove westbound. We were responding with lights and siren and we fell in behind a marked Arapahoe County Sheriff's (ACSO) marked unit around E. Arapahoe Road and Colorado. We followed this ACSO vehicle all the way into the incident at the school.

At about 12:45 hours, I contacted Lt. Duffy over the phone and advised him of the situation and requested his response. He was at the Highlands Ranch Substation and immediately went enroute. He additionally dispatched other investigative resources.

Just prior to our arrival, I received a second page that informed us that there was possibly one shooter and he may have killed himself.

We arrived at approximately 12:55 hours and pulled into the Arapahoe High School parking lot in the North East corner. We parked in the second row of parking and I noticed that the lot was filling up rapidly with responding police officers from many jurisdictions. We were both in plain clothes and Captain McMahan had his raid vest and rifle. I was wearing a dress shirt and tie with a badge on my belt next to my handgun. I retrieved a shotgun from the gunlock in Captain McMahan's vehicle.

I immediately noticed Lt. Chris George (ACSO) about ten feet away. I additionally noticed that it appeared that he was assembling responding officers in teams and sending them in. I approached him and asked if he was the Incident Commander (IC) and he told me that he was. I told him that we would assist him with establishing an Incident Command Post (ICP). I went back to Captain McMahan's Tahoe and retrieved the IC board; this consists of a large fold out dry erase board and other organizational tools. I returned and opened it on the hood of a vehicle, at that time we collectively agreed that the ICP was too close to the incident with the amount of responding units and personnel we needed to immediately move the ICP. I jumped into Lt. George's vehicle and we moved the ICP East across the street to the area between the Chase bank and the Burger King.

At this location, we resumed coordination of responding units and IC until Lt. George was relieved by Bureau Chief Vince Line as the IC. Communication between all of the different responding jurisdictions was difficult based on heavy radio traffic. We were additionally having trouble making or receiving cellular phone calls as it appeared that the cellular towers were

DOUGLAS COUNTY SHERIFF'S OFFICE

**Progress Report
Jason Kennedy, 9209**

overwhelmed with the volume of activity. Inspector Travis Steward (ACSO) and Captain McMahan coordinated the outside perimeter while several of us to include Commander Enley (Littleton PD) and Commander Varney (Greenwood Village PD) attempted to continue to track the rescue teams and arriving SWAT personnel in and out of the school. Personnel continued to arrive and they were sent in teams over to the school.

I started a sign in log for IC and it was passed amongst the group.

While conducting coordination at the IC, I was approached by Deputy Ruisi (DCSO) who advised me that he was off duty and in the area. Knowing that we already had ICP security, I offered him my shotgun if he could find some protective gear and identification, as he was wearing a sweats and hoody. He was able to locate the gear and identification, so I gave him my shotgun and he was placed in a team to be sent over to the school.

I spoke with Lt. Heaton (ACSO) and offered him investigative resources from DCSO for the large amount of interviews that needed to be completed. It was decided that the investigative resources would be needed at the reunification location, which was planned for the Shepherd of the Hills Lutheran Church just South of the school on University. I sent both Lt. Duffy and Lt. McCarty text messages to have every available detective respond to this location to assist with interviews (some text messaging was working). This was later changed to Euclid Middle School at 777 W. Euclid Avenue. The Investigative resources were updated.

A large group of students had made their way over to the Westside of the Burger King, directly next to the ICP and it appeared there were several teachers with them. Commander Varney and I contacted the group and they were separated with the help of the teachers into those that heard things and those that witnessed the crime. There appeared to be about fifteen students that were eyewitnesses. I was able to contact Lt. Heaton with ACSO and obtained authorization to have the eyewitnesses interviewed. I asked FBI Special Agent Jonathan Grusing if he had some FBI agents that would interview these students and he agreed. I told him that he would be reporting back to Lt. Heaton. I additionally assigned Detective Stadler (DCSO) to assist FBI SA Grusing with the interviews when he appeared at the ICP. I did see that Chief Jackson (Greenwood Village PD) had gone over to the group to assist as well.

I became part of the Tactical Command and it was decided to move into the Chase bank. Just prior to moving into the bank I noticed several school maintenance personnel standing on the sidewalk. I had previously asked ACSO for school maps and was told that they did not have any. One of maintenance personnel told me that he had maps/diagrams in his vehicle. I told him to go retrieve them as we needed them ASAP. Once inside the bank we continued with our assignment. I asked the bank manager to make copies of the school maps/diagrams and posted them for the Tactical Command group. By this time, we had representatives from all of the different tactical teams deployed in or around the school.

DOUGLAS COUNTY SHERIFF'S OFFICE

***Progress Report
Jason Kennedy, 9209***

I took copies of the school maps/diagrams out front of the bank where SWAT was assembling and handed copies out to several of the teams. I was informed that many of the teams had already deployed to the circle drive on the South side of the school. The roads all around were blocked off so I ran several more copies across the street to the teams at the front doors of the school. I returned to the Tactical Command and asked that school security bring up the inside cameras on the bank computers. school security began to attempt to do so and were not successful.

There were too many people in the Bank and it was too noisy for Tactical Command so Commander Varney found the ACSO mobile command post, which had recently arrived, and Tactical Command was moved to this vehicle. Once inside we had the following core group of Tactical Command:

Lieutenant George (ACSO Tactical Command)

Commander Varney (GWVPD)

Captain Weekly (DCSO)

Commander Enley (LPD)

SA Humphrey (FBI)

Bureau Chief Moore (DCSO)

Chief Vargo (SMF)

We went through several operational phases and continued to send updates to the IC.

The IC informed us that the device(s) that were located in the library were Molotov cocktails in a green beer bottles. There had not been any other type of devices found and we made the tactical teams aware of this. We had additionally paired up bomb techs and dogs with each team during the building searches.

I have attached the different operational phases and plans which were executed during the incident. These show the assignments for each phase. I have attached the 31 pages of these phases and plans.

For the final sweep, we brought all of the team leaders (TLs) over to the Tactical Command Post and gave them written instruction for the third and final slow sweep. We ensured that the teams were hydrated and uninjured.

We were able to obtain keys from the school maintenance personnel to access several doors that were locked and they provided ACSO SWAT better information about the tunnels under the school so that they could be cleared.

DOUGLAS COUNTY SHERIFF'S OFFICE
Progress Report
Jason Kennedy, 9209

I cleared the command post at 17:55 hours.

I responded over to [REDACTED] at about 18:35 hours and met with Sgt. Weaver and Lt. Barrella. They briefed me on the situation and that we were waiting on a search warrant that was being drafted by ACSO prior to the search. We were going to assist ACSO, ATF, and CBI with crime scene security and anything else they requested of us. I asked Lt. McCarty to respond to the scene and remain until the search was completed. I cleared the [REDACTED] scene at 18:54 hours.

On December 14, 2013 I went to the Highlands Ranch Substation and located the reports written by Douglas County Regional SWAT and several other investigators. I made a full copy of these reports and drove to Arapahoe High School. I was directed to turn in these hardcopy reports to investigators on scene by Lt. Heaton (ACSO). At approximately 1335 hours I entered Arapahoe High School (East door), by signing into the crime scene log and made my way to the commons area where I gave a copy of the reports to the on scene lieutenant. I never entered the actual crime scene. A list of the hardcopy reports have been attached to this report.

I then drove down to the main office and provided these same reports to the records section to be merged into the records. I advised Records that I had given a full copy of the reports to ACSO. I did notice that on the back of a hand written statement by Officer Ben Leach (CRPD), there had been a tactical drawing of the approach written. I had not noticed this before and so it was not include in the original copy given to ACSO. I have attached the two side copy of this statement to this report and it will be provided to ACSO.

On December 15, 2013 at about 0830 hours, I began to compile at the main office, the remaining reports and CAD notes.

Douglas County Case Report Number 201300114450

On 121313, I was dispatched to Arapahoe High School located on University at Dry Creek Rd, in response to an active shooter agency assist. I activated my lights and sirens also advising dispatch of a Code 3 run from south Parker. Upon arrival, the following occurred;

- I met Lt. CATAFFO (DCSO) who advised me where to meet incoming officers to form small teams to respond to the threat inside the school.
- I met up with 3 Colorado State Patrol officers and a couple Arapahoe County Officers. I did not get their names.
- We entered the school from the southwest doors and proceeded to clear an office area containing numerous children, special needs children, and staff on the North side.
- We were advised via radio, that a possible suspect had been located in the library who was deceased.
- Our group continued north bound clearing multiple hallways, finally stopping in front of the Science Dept.

Within the hallway in front of the science department, I observed the following;

- A large pool of blood on the floor below a bench.
- There was a backpack, cell phone, spent shotgun shell casing, and hair on the floor near the bench.
- On the bench was blood, biological matter, a backpack and cellphone.
- Located in the hallway was an unfired shotgun round and shotgun "wad" strewn about.
- Leading away from the bench were droplets of blood which trailed for approximately 100 yards.

The following occurred;

- Deputy HOWDEN, CHAVEZ and I, all from Douglas County, were stationed at hallways "C" and "S" to secure an interior perimeter.
- We were relieved at approximately 1620 hrs.

RUISI, JUSTIN

DATE SUBMITTED

12/26/2013

APPROVING SUPERVISOR

On December 13, 2013, at approximately 1235 hours I, Deputy Ruisi, Justin/OSN: 1306, a sworn Deputy with the Douglas County Sheriff's Office, 4000 Justice Way, Castle Rock, CO, 80109, was leaving the 24 Hour Fitness Southglenn gym on my way to work when the following occurred:

- I observed an Arapahoe County Sheriff patrol car heading towards Arapahoe High school.
- I observed several Englewood Police Department patrol cars were heading towards Arapahoe High School as well.
- I called dispatch to inquire as to what was happening. Dispatched informed me that Arapahoe High School had an active shooter.
- I called Sgt. Michael Connolly, my supervisor, to let him know that I was passing by the school. I advised him that they had an active shooter and I was calling to ask if I could respond to assist, if needed. Sgt. Connolly told me that was ok, and to make sure I checked in with the command post when it was set up.
- I parked my car on the side of South University Blvd facing south bound.
- I ran up the street about a block to the Incident Commander (east side of the school parking lot entrance) and advised him (I did not know his name) that I was a Deputy with the Douglas County Sheriff's Office, and asked him how I could help.
- He told me that he was moving over to Chase Bank across the street to meet up with the command post and to head over there to try to locate a rifle and a tactical vest.
- As I arrived at the Chase Bank I located a vest from an investigator from Lone Tree Police Department. Deputy Wagner, Andrea/OSN: 0743 asked me if I wanted her patrol rifle, as she was heading to close off traffic at an intersection. I advised her that I would take it. An Arapahoe County Sheriff's Captain (I did not obtain his name) told me to help set up a perimeter around the Chase Bank and to only let in law enforcement to the command post.
- While setting up the perimeter, a mother approached me and told me that her son was in an ambulance having an asthma attack. She was told (possibly by a member of a fire department) to head over to him to give his inhaler. I asked the lady what her son was wearing and she was able to tell me that her son had a white shirt on with black pants and had dark brown hair. I noticed a boy matching that description was sitting on the front of fire truck with an oxygen mask to his face. I verified with the Fire department that they indeed wanted the mother there and they advised that they did.
- I walked the mother over to the truck where she met with her son. Once I got to the Chase Bank, I stood on the perimeter located on South University Street.
- I stood perimeter until the school was cleared, "code 4," and all the kids from the building had been evacuated from the school. Once I left the scene, I returned back to Douglas County Sheriff's Office to return Deputy Wagner her rifle and resume normal jail duties.

PROGRESS REPORT

CR# 2013 - 114450

CASE TYPE:

INVESTIGATOR ASSIGNED: H. GARCIA/0517

DATE(S) WRITTEN/UPDATED: 12/13/2013

On 12/13/13 at about 1240 hours I was dispatched to shots fired at Arapahoe High School, in Arapahoe County, Colorado. While en route it was aired that Arapahoe Sheriff's Office was requesting assistance for an active shooter at the School. I arrived at the School at about 1246 hours. While on scene I did and observed the following;

- We created an entry team to enter the school.
- The Team consisted of me, Deputies Arnold, Brown, Davidson, Van Noordt, McDowell, Two Englewood Officers, and Arapahoe Sergeant John Sherrel.
- We were the first team to enter the West side of the school by entering through the cafeteria on the south side of the school.
- We visually cleared the cafeteria and headed towards hallways that lead towards the classrooms on the west side of the school.
- Any door that was locked we visually cleared with a flashlight through the glass on the door.
- I did notice students in the classrooms hiding in the dark corners of the rooms.
- Our unit cleared towards the gym through the hallway on the south side.
- We made it to the gyms hallway that runs north to south and I noticed what appeared to be a blood trail coming from the north part of the hallway.
- We followed the blood trail towards the north and noticed two pools of blood one of which was larger by a bench; near the bench there were multiple stands/clumps of long hair on the ground
- I also noticed a mark in the brick wall and case near it, which appeared to have been made from a shotgun.
- In that area I also noticed two shotgun shells one by the science door and one by the stairs.
- There was also a wad in the middle of the hallway.
- We continued clearing the science rooms, including the second floor of the science area.
- We cleared the gym.
- We found no additional suspects in these areas.
- About this time multiple other officers arrived on scene.
- I assisted Arapahoe deputies in the first initial evacuation of the students from the south hallway as well as the classroom across from the gym.
- I then posted up on various corners in the school with Deputy Arnold, until we needed to clear the generator room.
- We assisted Arapahoe with clearing the generator room.

DOUGLAS COUNTY SHERIFF'S OFFICE
TRAFFIC SECTION - PATROL DIVISION

-I then met up with Lt. Barrellz and he told us to search the parking lot for possible suspect vehicle. The vehicle was found by other officers.

-We were then advised to relieve SWAT members in the west side of the School so they could meet up with their respective elements.

-After relieving the swat member we met up at our patrol vehicles and were told to help out at the church behind king soopers to reunite students with their parents.

-After helping out at the Church I responded to the Command post to sign out of the crime scene.

----Nothing Further by This Officer----

2013-114450

Kohnstone [REDACTED]

On 12/13/2013 at about 1241, I was requested by Douglas County Sheriff Dispatch to respond to the Arapahoe High School at Dry Creek and Arapahoe Road for an active shooter situation in progress. On scene, we put together an entry element of 8 officers and entered the building through the East door looking for the suspect. Once inside the building, I was commandeered by Arapahoe County Deputy Mark KEENEY to assist his element with searching the East wing of the school and auditorium.

During our search, we encountered 18 students and 1 teacher locked down in Room E17. We checked all for injuries and all were pat down and secured. ACSO Deputy Keeney assigned me as the security detail on the East hallway posed outside room E17 until the students were turned over to a Tactical team from Douglas County SWAT and escorted out of the building.

Once released from my security detail, I re-grouped with Douglas County Deputies Jon ARNOLD, Hermin GARCIA, Phillip McDOWELL. Together we were tasked with attempting to locate the suspect vehicle in the parking areas outside the building. I and Deputy McDOWELL, found the vehicle [REDACTED] at the North West entrance. The vehicle was turned over to the Arapahoe County Emergency Ordinance Team to secure.

Once released from the parking lot by Arapahoe County, I re-grouped with McDOWELL, ARNOLD, GARCIA, BROWN, and VAN NOORT and responded to the church where parents were attempting to reunite with their children. We then took post at the South West door and escorted parents one at a time to find their children in the Church Gymnasium. We then reported to the command post where we were later released from duties at the scene.

Deputy Joe Davidson

INVESTIGATOR'S SUPPLEMENTAL REPORT

**SHERIFF'S OFFICE
DOUGLAS COUNTY**

CR# 2013-114475

CASE TYPE: Agency Assist

INVESTIGATOR ASSIGNED: Lt. Glenn Peitzmeier

On December 13, 2013, approximately 1540 hrs., I was asked to respond to [REDACTED], Highlands Ranch, CO to assist with PIO duties, along with Deputy Chad Teller. DCSO investigators were working with Arapahoe County Sheriff's Office in obtaining a search warrant for the residence. Upon our arrival, we met with the media to address any concerns or questions they may have. The media was informed all questions on this case were going to be addressed by the Arapahoe County Sheriff's Office. Deputy Teller and I remained on scene until 1945 hrs.

DOUGLAS COUNTY SHERIFF'S OFFICE
INVESTIGATIONS DIVISION

PROGRESS REPORT

CR# 2013-114450

CASE TYPE: Agency Assist

DETECTIVE ASSIGNED: Mike Trindle

On 12/13/2013, at approximately 12:45 hours, I received a page for the DCSO SWAT team to respond to Arapahoe High School for an active shooter inside the school. I attempted to contact Lt. Barrella to ask if the DCSO Bomb Squad was requested to respond as well. I was unable to make contact with Lt. Barrella and later learned he was involved in the initial response to the school. I then contacted Deputy Vetter who was the on-call bomb technician. We decided that we would respond and I would bring the bomb truck from Evtech.

I arrived in the area of University and Dry Creek with the bomb truck at approximately 13:40 hours. I spoke with Deputy Vetter in the parking lot of a strip mall east of Arapahoe High School. Deputy Vetter said he was preparing to enter the school with DCSO SWAT. He told me to find a place to park and get my gear. The parking lot was near grid lock and after parking, SWAT was already gone. I donned my gear and responded to the command post near the Burger King. I asked if there were any SWAT teams that still needed a bomb technician but all of the teams had already left for the school.

Deputy Vetter then text me and asked me to assemble the open vision x-ray due to a large number of backpacks that need to be cleared. I went back to the bomb truck and assembled the x-ray.

Approximately an hour later, Lt. Barrella asked me to respond to the southwest corner of the school. I joined DCSO SWAT B team and assisted them with searching the gym, locker rooms, pool, wrestling room and basement.

After leaving the school, the DCSO Bomb Squad responded to the shooter's residence in Highlands Ranch. We waited for the Arapahoe County Sheriff's Office to obtain a search warrant for the residence. Once the search warrant was obtained, we cleared the house for any explosive dangers and none were found. We remained on scene until the ACSO investigators completed their search.

Arapahoe High School Shooting

12-13-2013 Friday

On hearing the news of the shooting, I contacted Kathleen Beebe, the ACSO Victim Assistance Coordinator. I heard back from her about 8:00 that evening. She told me she was working out what she needed.

12-14-2013 Saturday

On this date, Kathleen Beebe contacted me to have a conversation about the initial response to Arapahoe HS and what other needs she would have for outside agencies. She needed staff at the counseling office on Monday and other needs were being determined.

12-16-2013 Monday

Two staff members responded to the Shepherd of the Hills Church to assist in manning the counseling center that was set-up at that location. Kathleen also requested assistance for VA's to be at the school when the faculty returned on Wednesday and when the students returned on Thursday and Friday.
Responders: Debbie Boyle and Greg Braden - 5 hours each

12-17-2013 Wednesday

DCSO VA staff and volunteers responded to assist ACSO at the school for the return of faculty.
Responders: Leslie Clemensen, Julie Schramm, Julie Koobs, Cindy Cannon, Jocelyn Rhymer, Linda Jacobs - 4 hours each

12-18-2013 Thursday

DCSO VA staff and volunteers responded to assist ACSO at the school for the return of students.
Responders: Leslie Clemensen, Julie Schramm, Sara Clay, Cindy Cannon, Jocelyn Rhymer, Linda Jacobs - 6 hours each

12-19-2013 Friday

DCSO VA staff and volunteers responded to assist ACSO at the school for the return of students.
Responders: Leslie Clemensen, Julie Schramm, Amy Flanagan, Tracey Jones, Cindy Cannon, Jocelyn Rhymer, Linda Jacobs - 6 hours each

Total VA Hours to Arapahoe SO on mutual aid: 112 man hours

CASE TYPE: Agency Assist: Active Shooter at Arapahoe Sr. High School

COMMANDER ASSIGNED:

Lt. Kevin B. Duffy #8905

On 12-13-13 at app 1300 hrs I was notified by Capt. Jason Kennedy of DCSO that ACSO was responding to an active shooter at Arapahoe Senior High School. I was directed to have all available Detectives from Special Investigations Section respond to the area to assist ACSO. I responded to the area of Dry Creek just south of the High School and stationed myself on Dry Creek. Almost immediately I saw app 300-400 students exiting the building on the south side and walking towards my position. I assisted officers escorting the kids to the parking lot area of the King Soopers at University and Dry Creek. Once all kids were in the lot, I heard on the radio that a suspected explosive device had been found in the school and no other students would be evacuated from inside the school. I also heard on the radio that the rally point for reunification with parents would be the Sheppard of the Hills Church that was one block south of Dry Creek.

I moved to the area of on the south east side of the building where Littleton Fire medical personnel were staging, to assist ACSO personnel with evacuation of any wounded students from this location. I heard that the suspect was last seen wearing an Air Force Black Hoodie and had his face covered. It was suspected that the suspect had shot himself in the school library and had died of a self-inflicted gunshot wound. It was unsure at the time if there were any other suspects in the building. At that time I was present when four female students were escorted out of the building from the door that an ACHS staff member called the study room. I obtained the females names:

1. 
2. 
3. 
4.

12-13-13
khd/895

██████████ was being treated by LFD who told me she was in shock. I was told by the ACSO at this location and confirmed by paramedics, that ██████████ was an eye witness to the shooting and had information on the shooting. I saw no physical injuries on ██████████ who was placed on a gurney and loaded into the ambulance for transport. I was told by the paramedics that she would be transported to Swedish Hospital. I attempted several times to radio and call the Command Post to advise that ██████████ was going to Swedish Hospital to confirm in ACSO wanted to have a Detective meet her there for a statement. The radio channels were all busy and the phone towers were overwhelmed and I could not get through using either method.

██████████ and ██████████ had no signs of physical injuries but were visibly scared and crying. The paramedics checked them for injuries and then advised that they refused medical treatment and did not want to be transported. Littleton Fire agreed to transport the three females to the staging area at Sheppard of the Hills Church for reunification with their parents. While with the paramedics and ACSO, I was told that just prior to my arrival, a female student had been taken from the school by the name of Claire Davis who had suffered a serious (possibly fatal) gunshot wound. She was transported by paramedics from the scene but the ACSO officer who was present was not sure which medical facility she was taken to. I was able to relay the names, locations and known information on these four students to Chief Holly Nicholson-Kluth of DCSO who was at the Command Post.

While at this post, I was with a staff member from ACHS who was pulling up data on the suspect and attempting to locate the suspect's vehicle information. He told me the name of the suspect was Karl Pierson and he was a student at ACHS. He was advised over his school radio that the suspect vehicle registered in their database was Colo. Lic. ██████████ and was a silver Subaru. He had no idea where the vehicle may be parked. Student parking is on the west side of the campus and the north east side of the campus. This information had been relayed to the Command Post by school officials.

I remained at this location when app 100 students were escorted out the door just south of the study room and walked east on Dry Creek to the crossing area. I assisted in escorting these students who were then walked to the reunification area of the Church. I moved to the main south doors where SWAT was entering to begin searching the school. I remained at this area and assisted officers when students were escorted out of the building and escorted to the reunification area. Once it was confirmed all students had been removed from the school, I responded to the church to assist officers in the reunification of students with their families.

12-13-13
khd/895

While at the church, I was contacted by Brian Graves of the Douglas County School District Dept. of Safety & Security who advised that the suspect, Karl Pierson, was a former student from HRHS and lives in Douglas County. Karl and his [REDACTED] were students in Douglas County for the 2010/2011 school year and both had transferred to ACHS for the 2012/2013 school year. They lived at [REDACTED] Highlands Ranch, CO. Their parents' names are Charles Pierson and Barbara Pierson. Graves sent me the electronic Person Summary Report for both Karl and [REDACTED] and I relayed that information electronically to Det. Dave Weaver of the DCSO who was at the residence on [REDACTED] with ACSO and ATF. I remained at this location until all students and families had been contacted and released.

I left the scene and responded to [REDACTED] Highlands Ranch, CO., to assist the DCSO, ACSO and ATF officers on scene who were standing for a search warrant of the suspects' home. I arrived at 1715hrs and met with Sgt. Jason Weaver, Det. Dave Weaver and Det. Kevin Bechert and various ATF agents and ACSO Detectives. I was given a briefing on the situation and advised that male associate who said he was the suspects "best friend" was at the scene and had told the officers that he had various Face Book posts and other electronic communications between himself and the suspect. ATF requested that a DCSO assist them in transporting the witness to his home to obtain his computer and any electronic devices containing the communications. Once this was done the witness would be taken to the HRSS, Special Investigation Section for a full interview. I made arrangements with SIS personnel to have the HRSS interview rooms available for ATF and ACSO. I responded to the HRSS and met with the DCSO SWAT Team and DCSO Command Officers to de-brief the SWAT call. While at the de-briefing, I was given written statements from all the SWAT officers who were on scene and advised that Capt. Kennedy would be the point of contact for all reports going to ACSO from DCSO personnel. These statements, my supplement report and the two page summary report from the DCSD that I had printed were relayed to Capt. Kennedy.

Prior to leaving the HRSS, I confirmed with Det. Pollard that he and the ATF agent had taken the suspects friend to his home, was given access to the computer which had access to the suspects Face Book post's. Interview was done at the residence and they would not be doing an interview at the HRSS. I released all remaining PCU officers who were standing by to assist with the interview room setup. Det. Pollard advised that he was with AFT at the Cabela's in Lone Tree where they had confirmed the shotgun used by the suspect was purchased there by the suspect.

INVESTIGATOR'S PROGRESS REPORT

SHERIFF'S OFFICE
DOUGLAS COUNTY

CR# 2013-00114450

CASE TYPE: Agency Assist

INVESTIGATOR ASSIGNED: Stadler, C. 1016

On Friday, December 13, 2013, I was advised of an active shooter located at Arapahoe High School (ACSO CR CT-1344545). I activated my emergency lights and siren and responded to the location of the incident. Upon my arrival I took a position on the south side of the school on Dry Creek just west of University Blvd. Multiple deputies had made entrance into the school and been clearing areas and evacuating students. I assisted by directing the evacuated students to the shopping center south of my location.

I was then directed to the command post, located on the northeast corner of Dry Creek and University, to assist with interviews of witnesses. I responded to the location and met with Special Agent Jonathan Grusing. Agent Grusing and I began interviewing a group of students.

I met with [REDACTED], DOB [REDACTED] [REDACTED] told me the following:

- He was a senior at Arapahoe High School.
- He had been in his Psychology class, which usually met from 12:15-1:15 pm.
- They were about half way through class when he heard a single loud noise, which sounded like a gun shot, and after a few seconds he heard two other shots closer together.
- It sounded like a handgun to him.
- The shot sounded like it had come from down the hall from where his class was located.
- He heard a total of five shots.
- His class moved to an interior corner of the classroom to begin their lockdown procedure.
- He observed a black figure run across the exterior windows of the classroom as they were locking down.

I then met with [REDACTED], DOB [REDACTED] [REDACTED] told me the following:

- She had been in her Psychology class in room N-3.
- She heard a single shot followed by two other shots closer together.
- She saw a black figure run past the door to the classroom in the hall and out the exterior doors.

2013-00114450

I met with [REDACTED], DOB [REDACTED]. [REDACTED] told me the following:

- She was in her Psychology class, which was close to the cafeteria.
- She heard one shot and then two more closer together.
- She ran to the corner of the room.
- She saw a figure wearing a dark sweatshirt about medium height run down the hall and outside.
- She heard a total of three shots.
- She then heard the official lockdown announcement and the fire alarm went off.

I then spoke with [REDACTED], DOB [REDACTED]. [REDACTED] told me the following:

- He was in his Psychology class when he heard three gun shots.
- He saw a person wearing a shirt with a thicker collar around the neck, who had medium-short blonde hair run down the hallway.
- He had heard the shooter was Karl Pierson, a student he has another class with.
- Pierson had showed him a picture of a shotgun on Thursday, December 12, 2013, he had just purchased due to turning 18 years old recently.
- The shotgun was a tactical model.
- Pierson had named the shotgun "Kurt Cobain."
- Pierson showed him a picture of the shotgun on his cell phone while they were in their International Relations class.
- Pierson has made strange comments about communism and was sympathetic to Russia and the former Soviet Union.
- Pierson's screen saver on his computer was the star and sickle from the flag of the former Soviet Union.
- A friend of his, [REDACTED], had been in the library and had seen the entire incident.
- [REDACTED] phone number was [REDACTED].
- [REDACTED] had left school and was with his mother.

After receiving this information I met with Agent Grusing and advised him. I had [REDACTED] repeat his story to Agent Grusing. Agent Grusing and I then decided to contact [REDACTED] via phone. Agent Grusing called [REDACTED] on his cell phone and interviewed him on speaker phone while I took notes of the conversation. [REDACTED], DOB [REDACTED], advised us of the following:

- He had been in the library when he heard what sounded like a gun shot out in the hallway.
- He saw a male enter the library so he hid under a table.
- After he heard the shot he saw a female lying on the floor bleeding.
- The male walked into the library and screamed, "Where's Murphy?" multiple times as he walked toward the librarian's office.
- Mr. Murphy was the librarian for their school.
- He recognized the shooter as Karl Pierson wearing what he thought was a trench coat.
- He saw Pierson holding a shotgun while he was in the library.

- When Pierson walked toward the librarian's office, he along with five other students ran out of the library through the computer lab.
- Two of the other students who were with him were [REDACTED] and [REDACTED]
- He did not have [REDACTED] number, but he did have [REDACTED] number.
- [REDACTED] phone number was [REDACTED].

Agent Grusing advised [REDACTED] that we wanted to talk to him a little bit more and [REDACTED] stated he was with his mom going to get his brother in Brighton, CO. Agent Grusing advised him to call back when he got back into town.

Agent Grusing and I then attempted to call [REDACTED], Unk DOB [REDACTED] phone went to voicemail and Agent Grusing left her a message to contact him on his cell phone.

After completing the interviews near the command post I was instructed by Lt. McCarty to respond to the Shepherd of the Hills church on South University to assist with more interviews of students. I responded to the church and was directed to a back hallway where interviews were being conducted.

I met with [REDACTED], DOB [REDACTED]. [REDACTED] told me the following:

- She was in the cardio room, which is directly below the gym working on their routine for finals.
- She heard some loud noises from the gym above her.
- She routinely hears loud noises from the gym.
- She saw a female run into their room looking for Mrs. Bradley.
- The female, who she thought was named [REDACTED] had blood on the front of her shirt and all over her hands.
- She said the girl she had been with had been shot and had fallen on her.
- They then all hid in the boiler room.

After meeting with [REDACTED] I was directed to go to Euclid Middle School to assist with interviews. I met with Detective Spezzano and Detective Ahlberg and drove to Euclid Middle School. Upon my arrival I met up with FBI Victim Specialist Anne Darr. Anne had a student with her. I met with the student, [REDACTED], DOB [REDACTED] [REDACTED] told me the following:

- He had been in English class when he heard the first shot.
- He thought the shot could have been a metal trash can that had fallen.
- He then heard two more shots and recognized those as gun shots.
- They then turned off the lights in the classroom and went to the back of the room.
- He then heard the official lockdown announcement.
- He heard some form of yelling down the hallway, but could not make out what was said.

I was then directed to respond back to the command post. I took no further action.

INVESTIGATOR'S PROGRESS REPORT

DOUGLAS COUNTY

SHERIFF'S OFFICE

CASE REPORT # 2013-11475

CASE TYPE: Assist other agency – AHS shooting 12/13/13

DET. ASSIGNED: Lieutenant Troy A. McCarty

On this date, I was at the investigative offices of the Douglas County Sheriff's Investigations Division when I received notice of an Active Shooter at the Arapahoe High School. At that point, I directed our administrative secretary to prepare a page to be sent to all investigators explaining the situation and to put detectives on a standby mode. At that point, I received a call from Sgt. Jason Weaver who informed me that he was available and could respond if needed. I requested that Sgt. Weaver respond to our Investigative offices. Shortly after, I received a text message from Captain Kennedy requesting all available detectives respond to a location just off of Broadway near Dry Creek Road, which was approximately a mile away from Arapahoe High School. Once I arrived to the area of Dry Creek Road, I asked our administrative secretary to update the page sent out to direct detectives to St. Timothy Church located at Clarkson and Dry Creek, which was approximately 2 blocks away from AHS.

As Sgt. Weaver arrived to the Church, I was informed by Chief Moore via the radio that witnesses were arriving at Euclid Middle School and needed to be interviewed. At that point, I sent Sgt. Weaver directly to Euclid to start interviews. Shortly after that, I directed Det. Herring to the school as well to assist Sgt. Weaver. Approximately 30 minutes later, I was contacted by Detective Aragon that she was in the area, at which time I sent her to Euclid as well.

During this same time frame, it was learned that the suspect in the case(Karl Pierson) residence was at [REDACTED] in Highlands Ranch. It was learned that ACSO had sent ATF agents to the residence to check for any other signs of criminal activity. At that point, Chief Moore requested that we send detectives to this location, in which I directed Detectives David Weaver and Kevin Bechert to meet with ATF at the [REDACTED] address (see Det. Weaver's and Bechert's supplement for further).

Information was provided that witnesses were also responding to the Sheppard of the Hills Church, at which time I sent Detectives Stadler, Spezzano, Ahlberg and Rodrique to assist and conduct interviews.

I was advised by Detective Spezzano that interviews were complete at Sheppard of the Hills Church, at which point I redirected Spezzano, Stadler, Ahlberg and Rodrique to Euclid to assist and finish up interviews there.

During this process, I was asked by Captain Kennedy to check history of the [REDACTED], to include all occupants. I spoke to Sgt. McMillan over the phone and asked for this information. Sgt. McMillan stated that there was a reported disturbance in 2009 between the parents of the suspect, which resulted in no criminal report. No additional history at the address, except for a minor traffic infraction was noted(See Sgt. McMillan's supplement for additional).

After speaking to CBI Assistant Director Steve Johnson, I informed him that I will have a contingent of detectives ready and available for crime scene processing Saturday morning if he would like to augment investigators from the CBI and the Arapahoe County Sheriff's Office.

Those who are available are:

- Lt. Troy A. McCarty
- Sgt. Jason Weaver
- Det. Chris Stadler
- Det. David Weaver
- Det. Brian Ahlberg
- Det. Paul Rodrique
- Det. Michael Duffy
- Det. Angela Spezzano (If needed)
- Det. Dca Aragon (If needed)

All detectives were told that this was an "Availability List" and that they will hear directly from me if ACSO or the CBI request we respond.

As the investigation at the AHS scene was progressing and the tactical response was completed, I relocated to [REDACTED] as the [REDACTED] scene command. Once on scene, I was contacted by Lt. Tom Barrella who informed me that he and his bomb team were in position and ready to secure the house once ACSO gets on scene with the search warrant. Lt. Barrella asked about a trash can that was sitting on the sidewalk in front of the driveway of the [REDACTED] residence. Lt. Barrella inquired if they could move the trash can, and after conferring with Sgt.

Bruce Peterson of the ACSO Investigations Division, it was okay with him, as long as the trash can was photographed and location was documented. Lt. Barrella coordinated that effort.

At the [REDACTED] command post, I spoke to ATF Supervisory Special Agent Jeff Russell who advised that his office received information that the suspect, Karl Pierson, had purchased the weapon used in the shooting at Cabela's, which was located in the City of Lone Tree. At that point, I assigned Detective Pollard to assist 2 additional ATF agents to gain the information on the weapon purchase.

I spoke to CBI Assistant Director Steve Johnson over the phone, at which time it was determined that I would send Detective David Weaver to his location to assist with the crime scene. Approximately an hour after that, Det. Weaver returned to my location and informed me that he was not needed at the school. At that point, Det. Weaver was released from the [REDACTED] scene.

I again spoke to Sgt. Bruce Peterson of the ACSO who advised that the warrant work up was in progress and he would advise when it was completed. I advised Sgt. Peterson on our status and availability at the [REDACTED] location.

Having enough personnel at the scene, I sent Det. Bechert and Sgt. Weaver both home, in the event that they could be called back the next day if needed. Before Sgt. Weaver left, he made arrangements for Det. Le Master to be on scene in the event the search warrant went later into the evening.

At approximately 2200, Detectives and CSI's from the Arapahoe County Sheriff's Office arrived on scene to execute the search warrant. At that time, DCSO Bomb Squad, at the request of the ACSO, entered the house securing the residence of any potential secondary devices and explosives.

At 2320, Detectives indicated that they have located several pieces of evidence that would link the suspect to the weapon purchase, as well as additional evidence linking him to the incident at Arapahoe High School.

At approximately 0040, all ACSO detectives completed the search and released the scene back to us for securing. I had Detective Le Master coordinate with COCAT Restoration and Reconstruction to secure the front door, which was damaged during ATF's entry into the residence.

Shortly after that, I released the command post as well as any remaining personnel from the DCSO.

List of Detectives/Investigations Division personnel that I had knowledge of assisting on this incident:

Lt. Troy A. McCarty
Sgt. Jason Weaver
Sgt. Jenny McMillan
Det. Kevin Bechert
Det. David Weaver
Det. Chris Stadler
Det. Michele Herring
Det. Dea Aragon
Det. Angela Spezzano
Det. Brian Ahlberg

Det. Matt Pollard
Det. Aaron Le Master
Admin Spec. Bonnie Bills

INVESTIGATOR'S PROGRESS REPORT

DOUGLAS COUNTY

SHERIFF'S OFFICE

CASE REPORT # DCSO 2013-11450

CASE TYPE: Response to Arapahoe High School Shooting

DET. ASSIGNED: Pollard, Matthew OSN 0566

On 12/13/2013 I was driving on C470 west in the area of Quebec Street when I heard radio traffic on the Douglas County Main channel advising of a shooting at Arapahoe High School. I drove using my emergency lights to the high school with several other police vehicles.

When I arrived I contacted Lt. Cataffo who requested I join a forming immediate response team and enter the building. I entered the south side building with a group of four officers. We entered the building near the cafeteria and cleared a central group of classrooms contacting several staff and approximately 50 students sheltering there. A route secured by officers to a south exit of the building was established and the students and staff from these classrooms were directed to evacuate to the south side of the building.

At the request of an Arapahoe County Captain I entered a hallway to the north and west of the cafeteria and started checking hallways and classrooms for students with other officers. We located several class rooms on the "N" Social Studies hallway that had students and staff sheltering in place. At this point there were numerous officers available inside the school and no active threat information. I posted myself in a position where I could control the Social Studies Hallway and the north exterior door of that hallway.

The incident command on Arapahoe's main channel announced that the evacuation point for students in the building would be the north athletic fields. I opened the north hallway door for two members of the Arapahoe County tactical team and they requested I escort the students from the "N" hallway classrooms to the north athletic fields. I lead approximately 60 students and staff to the track at the north side of the school.

At the track I assisted officers in searching students who were then grouped by classroom and waited for the creation of the reunification system. I stood guard for about an hour with the evacuated students until they were all released to the busses.

I walked to the command post and spoke with Lt. McCarty who assigned me to the Investigations detail at [REDACTED] in Highlands Ranch.

End of Report.

INVESTIGATOR'S PROGRESS REPORT

DOUGLAS COUNTY

SHERIFF'S OFFICE

CASE REPORT # 2013-11475

CASE TYPE: Assist other agency - AHS Shooting 12/13/13

DET. ASSIGNED: Pollard, Matthew OSN 0566

On 12/13/2013 after leaving Arapahoe High School as an active shooter responder I contacted Lt. McCarty at the command post and he requested that I respond to [REDACTED] in Highlands Ranch. This was the residence of Karl Pierson the shooter at Arapahoe High School.

When I arrived I contacted Detective David Weaver at the scene. He requested that I respond to the Highlands Ranch Substation to do an assessor's search on the property and check for relevant history on Pierson and his family.

I conducted the assessor's search and looked up in house records on Pierson and the household residents. There was very little family history and no record of Karl Pierson in Douglas County records. CCIC showed no criminal history for Karl Pierson.

I received school identification records from Douglas County Schools for Karl Pierson and his [REDACTED]. I also requested and received a MVD record for Pierson.

I returned with this information to [REDACTED] and found that this information was no longer needed on scene because it had been determined that Arapahoe County detectives would be working on the search warrant.

*** Interview with [REDACTED]

[REDACTED] ([REDACTED]) who described himself as Karl Pierson's best friend arrived at [REDACTED] and told officers the following:

- He heard about the shooting while he was at school and was concerned for Pierson.

- He checked Pierson's "Facebook" account and found things on it that concerned him.
- He heard later that Pierson had been the shooter.
- When he arrived home from school he decided to walk to Pierson's house.

Pierson had been transported by ATF Agents David Roberts and Nicholas Horn to his home at

████████████████████ I drove to the house and met with ██████████
 ██████████ his father ██████████ ██████████) and the ATF Agents.

████████████████████ said the following:

- While he was at school he heard about the shooting at Arapahoe High School and thought of his friend Karl Pierson.
- Pierson had attended school with him when they were younger and they were still friends.
- About a week and a half ago Karl had come over to his house but because ██████████ had another friend over he asked Karl to come back another time.
- He later sent Karl a message but did not hear back from him.
- He has contact with Karl about once a week.
- When he heard about the shooting he was first concerned for Karl's safety and sent him a message.
- Karl does not have a cell phone.
- He checked Karl's website and saw changes that made him worry that Karl could have been involved in the shooting.
- The main change he noticed was the main photo had been replaced by an image containing photos/images of Paul Walker (Movie star from the "Fast and Furious" movies), Nelson Mandela and the animated dog Bryan (from the TV show "Family Guy"). Walker and Madela both recently died and the dog Bryan had died in the TV show.
- He knew that Karl had been suspended from school a few months ago in an incident where he yelled at a teacher.

- He could tell Karl had taken his parent's divorce "hard" but couldn't point to specific indications of that.
- He later saw Facebook postings on Karl's Facebook page that indicated Karl had been the shooter.
- He decided to walk to Karl's house.
- He didn't think Karl had a girlfriend now but he did have one last year.
- He didn't know Karl to own guns but Karl had mentioned shooting at a camp last summer.
- Nothing he knew had indicated a problem coming.
- Karl attended Arapahoe High School because when his parent's separated one of his parent's moved north in that area.
- He was shocked that Karl had hurt people because he was always "such a good kid".

I viewed Karl Pierson's Facebook site using [REDACTED] "Friend" status and observed the following:

- The main photo had been changed to Walker, Mandela and Bryan on December 5th.
- There was a post of him holding an AR15 style rifle at what appeared to be a covered rifle range at a summer camp.
- On December 6th he posted that the movie "Natural Born Killers" was a "favorite" of his.
- On December 11th he posted a link to a Suicidal Tendencies video of their song "Institutionalized" with the comment "It's a suicidal type of day".

I took several pictures of the Facebook postings and was then informed by Agent Roberts that he had just received word that the Arapahoe County Sheriff's Office now had access to the page and would be doing a review of it.

After concluding our interview I returned to [REDACTED].

***** Pierson's Gun Purchase at Cabela's**

On 12/13/13 at approximately 1920 hours I accompanied ATF agents Mark Feltz, Levi Derosier and Ben Byrd to the Cabela's at 10670 Cabela Drive Lone Tree, CO to follow up on a tip that he had purchased the firearm used at the Cabela's.

Tim Dorcey the store's Asset Protection manager was able to locate a gun transaction under Pierson's name in the gun sale management system.

Pierson purchased a Stevens by Savage Arms Model 320 12-ga Security Pump Shotgun at the store on December 6th, 2013 at 2103 hours. He paid \$248.53 in cash for the gun.

Tim Dorcey printed a copy of the sales receipt, made copies of the "Firearms Transaction Record" completed by Pierson and store staff and a copy of the store's "Firearm History Screen".

Pierson appeared to have provided all accurate information for the firearms transaction.

I requested a copy of the sales circular for the week of December 6th from the staff and they provided me an archived copy. On page twelve of the circular the Stevens by Savage 320 was advertised on sale. This circular was placed into evidence.

Tim Dorcey reviewed video of the transaction created a video containing the following:

- Pierson entering the store alone at approximately 1902 hours through the front door.
- Pierson walking directly to the gun counter and to a part of the gun counter where "tactical" weapons are stored at approximately 1905 hours.
- An employee identified as Karl "Scott" Phillips showed him a single shotgun, the Savage 320. Pierson holds the gun, places it to his shoulder and levels it a single time before handing it back to Phillips who then points to the background check computers.
- At 1909 hours Pierson leaves the gun counter and proceeds to the back ground check computers and then to the NICS desk where he submits his paperwork and pays the background check fee. He is provided a buzzer to let him know when his check is completed.
- At approximately 2012 hours Pierson looks at ammunition in the shotgun ammunition aisle but does not appear to select any. He also browses in the aisle containing slings.

- At 2106 Pierson approaches a cashier and pays for the gun in cash. While at the counter Pierson counts the cash prior to purchase. At one point Pierson did look nervous or impatient and was tapping his fingers on the counter. The cashier Derric Brones can be seen checking the paperwork and rechecking the serial number on the gun before reboxing it and handing it to Pierson.
- Pierson did appear to either send or receive a text message while at the checkout counter.
- Pierson then walked with the gun directly out into the parking lot, entered his car alone and drove away.

Tim Dorcey did not create a seamless video of Pierson for the entire hour he was browsing in the store waiting for the background check because of time constraints. He will make a complete video tomorrow and provide it to Agent Feltz.

Mr. Dorcy conducted a check of credit card transaction and reward transactions using Pierson's name but no other transactions were able to be connected with Pierson at this time.

I conducted an interview of Karl "Scott" Phillips who showed the shot gun to Pierson with Agent Ben Byrd. Phillips was shown the short video clip of his interaction with Pierson and he said the following:

- He works approximately 15 hours a week. And Came in on Friday the 6th at about 6:00pm.
- He had worked at Cabela's since August of this year.
- He doesn't remember dealing with Pierson or anything he may have said.
- The video does show him dealing with Pierson.
- The Savage shotgun Pierson chose is "One of our least expensive guns, we sell a lot of them., Price may have been a factor."

I showed Mr. Phillips a picture of driver's license picture of Pierson on my phone and asked if he recognized him and Mr. Phillips said he did not.

I conducted an interview of Derric Brones who checked out Pierson and reviewed his background check paperwork with Agent Ben Byrd. Mr. Brones was shown the video clip of the transaction and told us the following:

- He works 40 hours a week in the firearms section and is a "Captain" in the section.
- He has worked for Cabela's since June of this year and handles 50-100 gun sales a day.
- He recognized himself in the video as Pierson's cashier.
- He recognized his signature as the Tranferor's Signature and his initials at the "Check".
- Those signatures mean that he has double checked the Serial Number, Collected the background check fees, received payment, and checked the SKU.

I showed Mr. Brones Pierson's picture and asked if he recognized him and Mr. Brones said "Yes, I recognize him.". He said he recognized him from work. He said "He is young and I always give younger people more attention, double check their dates of birth."

Mr. Brones said he remembers the following about the transaction:

- He remembers the Air Force sweatshirt and assumed that the young man was a cadet at the Academy.
- They get a lot of service members from Ft. Carson and the Air Force Academy in the store.
- I remember that he paid all in cash, mostly twenties. Cash purchases for firearms are not very unusual but he noticed it.
- He did not remember anything very specific about the transaction. It had been a long and busy day.

Tim Dorcy provided me with a copy of the video he made of Pierson in the store and it will be tagged into evidence.

*** Witnesses

Tim Dorsey
10670 Calbela Drive
Lone Tree, CO 80124
[REDACTED]

Witness is Asset Protection Manager for Cabel's. Obtained firearm purchase records and pulled surveillance video of Pierson in the store.

Karl "Scott" Phillips ([REDACTED])
[REDACTED]
[REDACTED]
[REDACTED]

Witness showed Pierson shotgun at gun counter.

Derric Brones ([REDACTED])
[REDACTED]
[REDACTED]
[REDACTED]

Witness checked background paperwork and sold Pierson the shotgun.

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED] School

Witness is a friend of Karl Pierson.

[REDACTED]
[REDACTED]
[REDACTED]

Witness is the father of [REDACTED].

PROGRESS REPORT

CR#: CT 2013-44545

CASE TYPE: Shooting/Agency Assist

INVESTIGATOR ASSIGNED: Det. Angela Spezzano #9830-Douglas County Sheriff's Office

On Friday, December 13, 2013, I was notified by Lt. Troy McCarty to respond to the Shepherd of the Hills Lutheran Church located at 7691 S. University Blvd, Centennial, Colorado; to assist in interviewing witness to a school shooting that just occurred at the Arapahoe High School, located in Arapahoe County, Colorado.

I arrived and met with: Shawna R. Lawrence DOB [REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

Shawna told me the following: (See Shawna Lawrence's written statement attached)

- She is the kitchen manager for the Arapahoe High School.
- A woman named Karen came in the kitchen and was very upset and said there is a shooter in the building and told her to lock down.
- She along with [REDACTED] and [REDACTED] were in the kitchen.
- Two special needs staff named [REDACTED] and [REDACTED] were helping a [REDACTED] named [REDACTED] in the kitchen.
- They all went and hid in the kitchen office and turned the lights off.
- [REDACTED] and [REDACTED] hid in the office bathroom.
- She could hear male voices near the north courtyard yelling to "get down".
- They then were told to go to the teacher's lounge and then they were escorted out of the school.

I met with: Karla Brachtenbach DOB [REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

Karla told me the following: (See Karla Brachtenbach's written statement attached)

- She is the secretary for the library at the Arapahoe High School.
- She heard a loud "bang" and a student said, "That sounded like a gunshot".
- About three to four seconds later she heard another "bang".
- She started to walk to the main door to the library to see what was going on and Carl Pierson walked into the library.

- Carl was wearing a hat, no mask and a jacket.
- She was about four to five feet away from Carl and knew it was Carl Pierson as she looked directly at his face and knew Carl from being a student at Arapahoe High School and knew he used to be in the Speech and Debate Club which all hung out in the library.
- After Carl walked in the library door, he was very focused.
- She saw Carl come into the library holding a "long gun" which he had to cock in a downward motion. The gun was blackish/grey in color.
- Carl said, "Where's Murphy?" he then cocked the gun and shot towards Traci Murphy's desk.
- She saw paper splinters fly near the circulation desk.
- When Carl shot he was ten feet from Traci Murphy's desk.
- She knew Carl was mad at Traci Murphy because in September or late August of 2013, Traci, who is in charge of the Speech and Debate club told Carl in a meeting with the assistant principal he thought it was a good idea for Carl to step down as the Captain of the club. She learned that Traci Murphy told Carl that he was no longer going to be on the team and if he still wanted to be on the team he would have to be "solo". Traci told her that he was afraid of Carl as Carl said he was going to kill him.
- After Carl was told he was no longer on the team, he did not hang out in the library any longer like all the other kids in the club.
- After Carl shot the first round in the library, she fell to her knees and then went into the editing room and closed the door.
- She knew that just two or three minutes prior, she saw Traci Murphy eating lunch at a table in the room behind his desk.
- Karla described when Carl shot the first round in the library he would not have been able to see if Traci was at the table in the room behind his desk, unless he walked around the circulation desk. Then he would be able to see through the door way to the room where Traci was waiting lunch at.
- She saw Carl walk in the direction to go around the circulation desk toward the room where Traci was eating lunch.
- She then heard Carl get angrier and say, "Where's Murphy?" and then she heard another shot.
- She never talked to Carl and does not know his friends, car or family.
- She does not remember seeing Carl in the library after he got kicked out of the Speech and Debate Club.
- From the time she saw Traci eating lunch and the time Carl came in a shot the first time was only a couple of minutes.
- When she was being escorted out of the library by police she saw a backpack on fire. The backpack was on a desk inside the library.
- She saw a shell from a gun on the floor of the library where Carl stood and shot the first time.

I was given a Facebook photo of Karl Pierson to show Karla. Karla looked at the photo and identified the male in the photo as Carl Pierson, the male who shot a gun in the Library towards Traci Murphy's desk.

Undersheriff Spurlock gave me a small piece of paper with the name and phone number of a witness to call. I called [REDACTED] DOB [REDACTED] who is the mother of Arapahoe High School Student, [REDACTED] DOB [REDACTED]. I learned the following from [REDACTED]:

- Her daughter, [REDACTED] was in the library when the shooting happened. She ran out of the library and saw a very seriously injured and bloody girl. She ran out of the school and flagged down a passer-by. [REDACTED] went home and called her and told her a little bit of what happened. [REDACTED] was very upset and hyperventilating.
- [REDACTED] asked me to call [REDACTED] tomorrow as she just got her calmed down.

I will call [REDACTED] tomorrow 121413 at 10:00 am for an interview.

DOUGLAS COUNTY SHERIFF'S OFFICE
INVESTIGATIONS DIVISION

PROGRESS REPORT

CR# CT13-44545

CASE TYPE: Arapahoe High School Shooting

DETECTIVE ASSIGNED: Detective Paul Rodrigue

On December 13, 2013, I was called out to assist in the investigation of a school shooting that occurred at Arapahoe High School. One of the tasks I was given was to interview some witnesses that were in the school at the time of the shooting. Stacey Cornlis, DOB [REDACTED], had the most information out the 3 people I spoke to. She provided me with the following information:

- Cornlis is a social studies teacher who was in the social studies office, sharing birthday pie with others during a break in the school day. Her contact information is as follows;

Stacy Cornlis, DOB [REDACTED]

Cell [REDACTED]

Home [REDACTED]

- Cornlis heard what she believed to be a gun shot or a firework at approximately 1220 hrs. or about 5-10 minutes into 5th period.
- She went into the hallway and saw a student with a gray hoodie with the hood up, "side skipping" towards her near the entrance to the library, approximately 20 yards away. She could see the student had blonde hair and she believes he was about 6' tall and his pants were light colored. She did not see him well enough to know who he was.
- After moving towards her but looking in the direction of the library, (side skipping), he turned towards her and made eye contact with her. There was a boy at his locker, unaware, equal distance in-between the shooter and Cornlis. He then turned and faced towards the first "center hallway" and pointed a "barrel" down that hallway. He paused for several seconds and then fired a shot down the hallway. She could not tell if the weapon was a rifle or a pistol, she only saw the barrel.
- At that point, Cornlis was being approached from the social studies office in the rear by more people and students. She immediately began to implement the training she has received and gathered all the people behind her and lock down in the social studies office. She remained there with 1 student and about 5 other adults until she was told to leave by members of SWAT.

DOUGLAS COUNTY SHERIFF'S OFFICE
INVESTIGATIONS DIVISION

- While she was there she heard one more shot but that was not as loud and she could not tell where it came from.
- She said she heard through the rumor mill afterwards who the Shooter was and he was not a student that she was familiar to her other than seeing him in passing at the school.

I also spoke with Karen Gerlich, DOB [REDACTED], her written statement had already been collected by an Arapahoe County Deputy but she did not speak to anyone. She provided the following information:

- She was also having pie in the social studies office when she heard a gunshot.
- She came out of the office and joined Cornlis in the hallway. She did not arrive in time to see the second shot, but she did see the shooter and his "shot gun". She described him in much the same way as Cornlis.
- Gerlich helped Cornlis turn others away from the shooter and broke in a different direction and went into the cafeteria to gather and remove students and notified the kitchen staff to lock down. She eventually locked down with her people in the main office conference room.
- Gerlich also remembers hearing one more shot, and one of the students that was with her [REDACTED]. Who came running down that hall where the shooter was seen. She said he was in the library before he made his escape.
- Gerlich also heard through the rumor mill who the shooter was and said that, "Karl" has been known to her since he was a 6th grader. She said she could not see down the hall well enough to say for sure if it was Karl.

I also spoke with Sandra Rimbeck, DOB [REDACTED] who was working in the cafeteria and she heard the shots. She provided the following information:

- Her contact information is as follows:

Sandra Rimbeck, DOB [REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

- Rimbeck is a permanent resident alien from Germany. She works in the cafeteria as a cook.
- She reported that she was cleaning up after lunch. There were not any students left in the cafeteria, when she heard 3 loud bangs. She did not think they were

DOUGLAS COUNTY SHERIFF'S OFFICE
INVESTIGATIONS DIVISION

anything strange because there are large bans in the cafeteria all the time when people clean things and move tables etc.

- She said after the shots, a woman came to the kitchen doorway and told them there was a gunman in the school and they needed to hide. The kitchen staffed then locked sown in the kitchen office until SWAT arrived.
- Rimbeck's recollection of the shots seemed to suggest that she remembers hearing them occurring with less time in-between each shot then Cornlis and Gerlich. (Rimbeck may have been having trouble converting her memory to English.)

Witness Statement

Stacey Cornils

2/21/72

Witness:

- Talking w/ another teacher, Karen Herlihy, in the hallway outside of the Social Studies Unit (C7 room) past Cafeteria
- The time was shortly after 2nd period at the beginning of 5th hour, approximately 1:20
- I heard loud pop (like firecracker) coming from down the hallway towards Social wing
- I saw young man, about 6 ft, medium build, light haired, hoodie jacket, pants on front of library running near run
- His body turned south (towards Center Hall) saw barrel of gun level and air - heard shot
- I yelled over gun shooter
- Turned to Social kids in hallway
- Ran to Social Studies office
- Yelled shooter
- Went into lockdown procedure
- Adults and I moved student interview office
- Awaited clearance

Witness Statement

Sandra Rimbach

Date of Birth [REDACTED]

Kitchen staff

After lunch time I heard 3 big
bang's after a view seconds
I realized the person in the
door saying "hide we have
a shooter in the building"

We hid in the kitchen office
until the police let us out

PROGRESS REPORT

CR# 2013-00114450

CASE TYPE: Agency Assist (ACSO case CT13-44545)

DETECTIVE ASSIGNED: B. Ahlberg 0213

On 12/13/2013 at about 1:41pm, I was paged to respond to the area of Broadway and Dry Creek to assist as needed with Arapahoe County Sheriff's Office investigation of a shooting event that took place at Arapahoe High School. While enroute, I was re-directed to respond to Shepard's Hill Church at 7691 S. University Blvd. The following occurred in part:

- I arrived at the Church and met up with DCSO Detectives Stadler and Spezzano.
- We were told to respond to Euclid Middle School to assist with interviews.
- Upon arrival at Euclid Middle School, I saw multiple law enforcement agency personnel engaged in interviews inside the school gymnasium.
- All interviewees had either met with detectives or were involved with interviews when I arrived and I was asked to respond back to Shepard's Hill Church along with Detective Spezzano.
- I responded to the church and contacted ACSO Detective R. Landeis.
- Landeis pointed to a group within a small chapel area of the church that he said were witnesses who needed interviewed and added in part that some had completed statements.

I approached the group of witnesses pointed out by Landeis and met with Tracy Dean (DOB [REDACTED]) who told me in part:

- She worked in the kitchen of the Arapahoe High School.
- At about 12:10pm, she and her co-workers were cleaning up.
- At about 12:35pm, she heard loud noises "bangs".
- She thought she heard at least three and maybe a fourth "bang", but she was unsure if it was three or four.
- She initially believed the noise to potentially be related to the janitor working.
- Shortly after hearing the noises, an unknown female teacher was yelling that someone was shooting.
- She and her co-workers went into the kitchen office and locked the door which is part of the school's "Dangerous Person" protocol.
- She and her co-workers were locked in the office for about one to one and a half hours and tried to make calls to family with their cell phones, but did not have service.
- The S.W.A.T. team arrived and she opened the door.

DOUGLAS COUNTY SHERIFF'S OFFICE
INVESTIGATIONS DIVISION

- She and her co-workers were escorted to a lounge area that is next door to the kitchen area. They waited in the lounge for about 45 minutes, after which they were escorted to a King Soopers grocery store, and then to the church.
- She and her co-workers were told not to use their phones or talk amongst themselves and she said they were all compliant with instructions.
- She never saw anything that happened, just heard a commotion.

Tracy identified her co-workers as follows:

- Shawna Lawrence
- Rosa Desosa
- Sandra Rembeck

- [REDACTED]
- [REDACTED]
- [REDACTED]

Tracy further added in part that [REDACTED] was [REDACTED] and was a [REDACTED] in the kitchen. Olphia was an [REDACTED] for [REDACTED] and Rose was [REDACTED] [REDACTED]

Tracy's co-workers were interviewed by other law enforcement personnel.

Tracy Dean 11-24-71

Home -
Cell -

Limon was over and we were doing Clean up
I walked out of the freezer at about 12:35 and
heard loud noises. a teacher ran in and
yelled something about student shooting.
we immediately went into the office and looked
the doors. at some point I thought there
was another shot, but had lost track
of time.

On 12/13/13 at approx 1240 hrs I responded to an active shooter at Arapahoe High School. Upon arrival I stacked on the rear of a group entering into a south door of the building, when we approached the building I stayed on the outside of the door securing the door. As the group cleared rooms several students were sent out the door I was at. I sent the students across Dry Creek to the south with the other students leaving the building. I was relieved by a Lone Tree officer and redirected to the Shepard of the Hills Lutheran Church to assist with parents and students. I assisted parents at the church signing out their students until all students were picked up.

CASE TYPE: Shooting/Agency Assist

INVESTIGATOR ASSIGNED: Det. Angela Spezzano #9830-Douglas County Sheriff's Office

On Friday, December 13, 2013, I was notified by Lt. Troy McCarty to respond to the Shepherd of the Hills Lutheran Church located at 7691 S. University Blvd, Centennial, Colorado; to assist in interviewing witness to a school shooting that just occurred at the Arapahoe High School, located in Arapahoe County, Colorado.

During my agency assist, Undersheriff Spurlock gave me a small piece of paper with the name and phone number of a witness to call. I called [REDACTED] DOB [REDACTED] who is the mother of Arapahoe High School student, [REDACTED] DOB [REDACTED]. I learned the following from [REDACTED]

- Her daughter [REDACTED] was in the library when the shooting happened. She ran out of the library and saw a very seriously injured and bloody girl. She ran out of the school and flagged down a passer-by. [REDACTED] went home and called her and told her a little bit of what happened. [REDACTED] was very upset and hyperventilating.
- [REDACTED] asked me to call [REDACTED] tomorrow as she just got her calmed down.

On December 14, 2013 I called [REDACTED] to talk to her about what she witnessed at Arapahoe High School on December 13, 2013, [REDACTED] told me the following:

[REDACTED] DOB [REDACTED]
[REDACTED]
[REDACTED] 4

Mother of [REDACTED]:

[REDACTED] DOB [REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

- She is a freshman at Arapahoe High School.
- She was in the library on her "off hour" working on her math final.
- Her back was to the door and she was sitting at the second table next to the pillar.
- She heard a male voice say, Where the fuck is Murphy, Where the fuck is Murphy",
- She crawled under a table and then crawled back to the back wall of the library.
- She heard three gun shots.

- She did not see the gun shots.
- A male was standing in the doorway, he was "big".
- She saw the man but it is not clear what he look liked and she did not look to see if he had a gun.
- She saw other people crawling out from under the tables and crawling toward the door on the far side of the library.
- She followed them and ran out the door of the library on the far side.
- She saw a girl lying on the floor with blood on her head near the trophy hallway.
- The girl was lying face up and was moving but not saying anything.
- She ran out of the school door near the trophy hallway and ran to the exit by the Forum.
- She ran into the parking lot and then went on Franklin Street. She stopped a male passerby and told him to call 911.
- She then saw a friend of her [REDACTED] [REDACTED] so she got in her car and [REDACTED] took her home.
- They were trying to call friends to tell them to get out. [REDACTED] called her, [REDACTED] mom at 12:41 pm according to [REDACTED] cell phone records. They also tried to call her, [REDACTED] to no avail.
- She did not see the man's face and does not know who he was.
- The shots seemed very close and possibly above her head.
- The first two shots were close together. The last shot was seconds later.
- She does not remember anyone yelling or saying anything.
- She does not remember if any teachers or adults were in the library.
- She knows now from her mom and the internet news that the shooter lives [REDACTED] but she does not know Karl Pierson.

I will call [REDACTED] tomorrow 121413 at 10:00 am for an interview.

Karla Brachtenbach

DOB - [REDACTED]

[REDACTED]

Was untangling cords at the circulation counter in the library when I heard a loud bang. I looked at a student who was sitting at a computer and they said "that sounded like a gunshot." After about 3-4 seconds I heard another bang. I went to go to the front doors of the library to see what was going on. I made it as far as the entrance to the Editing Room when Carl Pierson entered the library. I remember he was wearing a hat and a jacket, I could clearly see his face + I was wondering what the heck was going on when he raised the gun + cocked it at the same time yelling "Where is ~~Tony~~ Murphy?" At that time I dropped to my knees and backed into the editing room + he fired off a shot toward the circulation desk as I was closing the door. I saw ~~the~~ paper splinter + fly all over the place. I curled under the computers and I heard Carl yell even more agitated "Where's Murphy?" + another shot went off. After that it was very quiet + the next person I saw was our officer asking if anyone is in here and I opened the door a crack + he told me to stay in lock-down. ~~At~~ After a few minutes our AP Kevin came in with 3 other students + we stayed there until some officers came + escorted us across the street.

Shawna R. Lawrence

[REDACTED]
[REDACTED]
[REDACTED]

Appx 12:35 ish I heard 3 loud bangs in succession. I thought
Custodians were repairing in the cafe.

Seconds later [REDACTED] came in terribly distressed
and told us that there was a shooter and we need to lock down
immediately and hide.

We hid in the kitchen office with the door locked and lights off.

APPROVING SUPERVISOR

I responded to Euclid Middle School located at 777 West Euclid Avenue in Littleton, Colorado. There had been an active shooter at Arapahoe County High School and students had been transported to Euclid Middle School to be interviewed.

I interviewed three students and one teacher. Two students, [REDACTED] and [REDACTED], and their teacher Jessica (Jessie) COMP had all been in the same room, C-18, and all had very similar statements. Their statements reflected, in part, the following information:

- they were listening to a presentation in the class
- there was a loud bang or boom and everyone paused in the room
- it sounded like it was close to their classroom
- [REDACTED] knew it was a gunshot because she has heard gunfire before at a shooting range
- there were two more gunshots
- everyone knew they were gunshots at this point
- they heard a girl scream
- everyone went to the back of the classroom and hid away from the window next to the door
- COMP keeps the door to her classroom locked all the time
- a student, [REDACTED], had gone out to go to the restroom just a few minutes before
- [REDACTED] came back and was banging frantically on the door to be let in
- COMP was standing next to the door and let her in
- COMP turned out the lights and went to stay with the kids in the back of the room
- [REDACTED] believes she saw Russ, the school security officer, run by the window next to the door
- an announcement came over the intercom that the school was on lockdown
- nothing happened for a while
- the fire alarm went off, but an announcement was made over the intercom not to evacuate to the school
- about fifteen minutes after it had started, they could hear SWAT teams in the hallway

CASE NARRATIVE CONTINUATION

checking doors

I also interviewed [REDACTED] who told me, in part, the following information:

- she was in C-21, which is her Spanish class with Ms. MELIN
- she had been waiting to go to the restroom and was about to leave
- she heard one gunshot - it sounded like a gunshot
- she and MELIN weren't sure so they decided it would be better if she stayed in the classroom
- then she heard another shot and everyone went into the corner of the classroom
- MELIN stuck her head out of the door to see what was going on
- MELIN came back in, got her keys from her desk and locked the door to the classroom
- MELIN turned off the lights
- she heard the announcement that it was a real lockdown
- after MELIN had locked the door, a student who was not a part of her class, [REDACTED], came and banged on the door
- someone recognized her and MELIN let her in
- [REDACTED] said she had seen some smoke and a person lying on the ground
- she does not know if this is true or not

Statement:

On 121313 at about 1241 hrs, I was dispatched to Arapahoe High School at 2201 E. Dry Creek Rd on report of an active killer. I went enroute from Douglas County substation. I arrived on scene and parked on the south side of the school on Dry Creek where other emergency vehicles were parked. The following occurred:

I arrived on scene with Douglas County K9 officer, Todd Tucker.

We went to the front door of the school on the west side of the building.

We went inside with another two officers from another jurisdiction.

There was blood on the floor near the entrance.

We began clearing both gyms and locker rooms.

We then went down the main hallway to the east and I saw a trail of blood droppings and pool of blood by the double door going into the C hallway.

There were backpacks there also, along with 2 red shotgun shells. One was not spent.

I was then asked to post at the back school room door leading into the back of the library.

This was down the C hallway and next to the main school hallway.

At this time, I saw another red shotgun shell down the C hallway by the doors leading to the main hallway.

I stayed at this posted area until relieved by an Arapahoe Deputy around 1400 hrs.

I then checked in with the command post and signed out.

Nothing further.

School Shooting
Arapahoe High School

Supplemental Report -

On 12/13/13, at approximately 1258 hours, I responded to Arapahoe High School, on the report of an Active Killer in the School. Upon arrival, I saw that there were multiple Agencies on scene.

I was assigned to an Entry Team, and we entered the School.

•We began to search for Suspect(s) and Victims, room by room

I observed the following:

- in the Hallway, just outside the Science Department, was a wooden bench
- on that bench, and on the floor were two large pools of blood
- near that bench, on the floor, I saw two spent shotgun shells and one live shotgun shell

My Entry Team completed an initial search, and secondary of the northwest area of the School.

•We evacuated several students, who were upset and scared, but no reported injuries.

I subsequently stood by as SWAT Teams and Tactical Teams completed a more thorough search of the entire school.

I was relieved of my Post, and reported to the Command Post.

No further.

On 12/13/2013, at approximately 1241 hours, I responded to Arapahoe High School for an Agency Assist. Upon arrival the following occurred:

- I made contact with a female Arapahoe Deputy on the south side of the school.
- She advised they had teams inside already.
- I formed a team with officers from my agency and Englewood PD.
- Once inside the school we met up with several other officers.
- We formed groups and began a room to room search.
- I ended up with a team that searched the south wing.
- While searching, we were requested to go to the Library and clear an area that had not been searched.
- We then ended up crossing the main hallway between the classrooms and the gym, and searching the gym and surrounding classrooms, including the locker room.
- I was then relieved by SWAT and responded to the church to assist the families in locating their children.

I do not know exactly who I was with. I was with officers from Englewood, Arapahoe, Douglas, and Arapahoe Impact.

Nothing further to report.

ENB / 1217

KJohnstone@[REDACTED]

On 12/13/2013 at about 1241, I was requested by Douglas County Sheriff Dispatch to respond to the Arapahoe High School at Dry Creek and Arapahoe Road for an active shooter situation in progress. On scene, we put together an entry element of 8 officers and entered the building through the East door looking for the suspect. Once inside the building, I was commandeered by Arapahoe County Deputy Mark KEENEY to assist his element with searching the East wing of the school and auditorium.

During our search, we encountered 18 students and 1 teacher locked down in Room E17. We checked all for injuries and all were pat down and secured. ACSO Deputy Keeney assigned me as the security detail on the East hallway posed outside room E17 until the students were turned over to a Tactical team from Douglas County SWAT and escorted out of the building.

Once released from my security detail, I re-grouped with Douglas County Deputies Jon ARNOLD, Hermin GARCIA, Phillip McDOWELL. Together we were tasked with attempting to locate the suspect vehicle in the parking areas outside the building. I and Deputy McDOWELL, found the vehicle [REDACTED] at the North West entrance. The vehicle was turned over to the Arapahoe County Emergency Ordinance Team to secure.

Once released from the parking lot by Arapahoe County, I re-grouped with McDOWELL, ARNOLD, GARCIA, BROWN, and VAN NOORT and responded to the church where parents were attempting to reunite with their children. We then took post at the South West door and escorted parents one at a time to find their children in the Church Gymnasium. We then reported to the command post where we were later released from duties at the scene.

SUPPLEMENT TO ARAPAHOE HIGH SCHOOL INCIDENT

DCSO CASE # 2013-00114450

On December 13, 2013 I was dispatched to an active killer located at Arapahoe High School at 2201 E Dry Creek Road. The following information was given to me while en route to the High School:

- Shots had been fired at the school.
- There was at least one active killer at the school.

I arrived at the school at approximately 1245 hours and the following occurred:

- An entry team was formed with me, Deputy Brown (DCSO), Deputy Garcia (DCSO), Deputy Davidson (DCSO), Deputy Arnold (DCSO), Deputy McDowell (DCSO), two Englewood officers and an Arapahoe County Sheriff's sergeant.
- Our team made entry to the school through the South entrance.
- I received information that the suspect was in the library.
- Our team moved toward the library.
- I received information that the suspect was down in the library and the library was secure.
- I assisted in clearing rooms on the first and second floor searching for injured parties and any other suspects.
- When I made entry into the entrance of a hallway on the South end near the gym I observed the following:
 - A trail of blood that spanned from the South of the hallway to the North end of the hallway.
- I moved North through the hallway toward the Science Department area of the school.
- When I reached the end of the hallway where the Science Department starts I observed the following:
 - Two shotgun shells near the bench on the floor, unknown whether they were spent casings.
 - A large pool of blood near a backpack.
 - A cell phone on the bench.
- I moved into the Science Department and cleared the first and second floor of that department.
- Several classrooms had school kids locked inside and were hiding.
- I returned to the main floor and cleared through the gym to include the weight room, locker rooms, auxiliary gym and several offices.
- I then moved East through the school and cleared open rooms.
- I shined my flashlight through windows in locked rooms and observed students hiding under desks and against the wall.
- Students and staff were advised to stay on lockdown while we continued to clear the building.
- Once the primary clearing of the building had taken place I assisted ACSO members in the first initial evacuation of students in the South West end of the building.

- Command then advised over the radio that evacuations needed to stop and the school needed to be locked down and secured.
- Evacuations from the building were stopped.
- Deputies and Officers were placed at rooms where students were located for security purposes.
- I then met up with several members of the Arapahoe County Sheriff's Office SWAT team who were headed to a Cardio Room for a medical evacuation.
- I went to the Cardio Room and made entry with the ACSO SWAT team.
- ACSO members evacuated several kids from the room and out of the building.
- I, along with one ACSO SWAT member secured the room and waited with the remaining 29 students and one teacher that were taking shelter in a boiler room within the Cardio Room.
- A tactical team returned to the Cardio Room once evacuations from the building began.
- The tactical team evacuated the students from the school.
- I then went upstairs and secured both gyms with the ACSO SWAT member and stood by while secondary sweeps through the school took place.

After the building was secure I was assigned a post at the church just to the South of the school on University. Once there I assisted parents reunite with their children. Once all the students were reunited with their parents/guardians I was relieved from the scene.

//NOTHING FURTHER//

Douglas County 2013- 114450

Deputy Gregory W. Howden, 02-22

On 12/13/2013 at approximately 1245 hours, all available Douglas County Deputies were requested to respond to the Arapahoe County High School for an active killer call.

I arrived at the school and teamed up with several other officers from multiple departments. We made entry on the south side into the school hallway C. The entry team I was part of cleared down the hallway clearing unlocked rooms and by passing locked rooms. We arrived outside the Science area. I observed a large pool of blood on the floor next to a wooden bench. There was a cell phone on the bench along with a back pack. On the floor next to the bench was more blood, a cell phone, and long strands of brownish colored hair. The blood trail continued down the hallway toward the cafeteria.

My entry team continued up the stairs to the second level above the science area. During the search I observed in three different classrooms approximately twenty to thirty students per classroom hiding behind desks. Once the second level was secure I assisted in gathering students into one classroom for security. While the students were exiting the class I conducted pat downs of each student for weapons and/or injuries. The order was given to evacuate the students from my area so I assisted with the evacuation down the stairs and out of the school. I then responded back to the upper level and assisted in conducting secondary and a third (slow search) of all the classrooms to include the green house.

I then went back to the area outside the science wing. I observed an empty white shotgun shell lying on the floor next to the staircase. I observed a loaded shotgun shell on the floor in the area of the doors to the Science wing. These items were guarded by officers and then traffic cones were placed over them.

I then stood guard on a hallway and an exterior door to control access in and out of the building.

I was then relieved a tactical team commander of my responsibilities and told to report to the command post. I was debriefed by command and then wrote a report reflecting my account of the incident.

Nothing further

DOUGLAS COUNTY SHERIFF'S OFFICE
INVESTIGATIONS DIVISION

PROGRESS REPORT

CR#

CASE TYPE: AGENCY ASSIST

INVESTIGATOR ASSIGNED: DEPUTY JOHN T ARNOLD/0730

On 12/13/2013 at 1247 hrs I responded to assist Arapahoe Sheriff's Office with an active shooter situation at Arapahoe High School located at 2201 East Dry Creek Rd.

When I arrived on scene the following took place;

- I saw two Englewood Officers and an Arapahoe Sgt. Were on scene deploying their long guns
- Douglas County Deputies Garcia, Brown, Van Noordt, Davidson, and McDowell arrived on scene
- I asked if anybody there was SWAT
- The two Englewood Officers said they were
- Not knowing if shots were being fired inside the school, we all decided to stack up and make entry
- We all made entry into the west wing of the school into the cafeteria area
- We all began to clear the hallways which ran east and west checking each door to see if the room was secured or not
- At one room, Deputy Van Noordt and I found an unsecured room
- We both made entry and found two females huddled in the corner crying
- After confirming they were not injured, we told them to stay where they were and to lock the door
- Deputy Van Noordt and I then began clearing the halls and class rooms again
- Deputy Van Noordt and I wound up regrouping with the rest of the initial entry team
- We all made our way west to the far west hall way which ran north and south
- At the far south end of the hall I could see two males standing in a common area
- I challenged the two males ordering them to show me there hands
- I then learned they were two of the school administrators
- Myself along with the rest of the entry team began to make our way north up the hall way
- The entire length of the hall way, I could see drips of blood
- Half way up the hall way I could see a small puddle of blood laying towards the center of the hall
- At the far north end of the hall, I saw a small wooden bench with the seat covered in blood
- In front of the bench, was a large pool of blood
- Along the wall beside the bench was multiple strands and clumps of hair which were brownish in color
- Also in front of the bench was a back pack with blood splatter on it

DOUGLAS COUNTY SHERIFF'S OFFICE
INVESTIGATIONS DIVISION

- On the bench itself was a back pack, and a cell phone, both with blood splatter on them
- By the back pack in front of the bench was a red loaded shotgun shell
- In front of the door of the science wing, on the west side of the hall way was a white shotgun shell which was empty
- I then saw a shotgun wad from a spent shotgun shell laying towards the center of the hall way
- At this time, myself and all the officers from the initial entry team began to clear the upstairs section of the science wing
- After searching the west wing and being comfortable that only students were in the class rooms I assisted Arapahoe Deputies in the initial evacuation of students
- After the initial evacuation, I assisted a Arapahoe Deputy clear the crawl spaces leading from the school's generator room
- Deputy Garcia and myself were then instructed to search the east parking lot to look for the suspect's vehicle
- While searching, we were informed the suspect's vehicle may be on the west side of the school
- We responded to the west side and saw what we believed to be the suspect's vehicle
- At that time I was instructed to relieve any SWAT members which may be holding the perimeter of the school so they could form up with their elements
- After being relieved by Arapahoe Deputies from this position, I went to the staging area for the students to assist with the students finding their parents
- After assisting with reuniting the students with their parents, I responded to the command post to sign out of the crime scene

2013-114450

On 12-13-2013 I was the DCSO District 6 car. The following happened:

- At about 12:41pm I responded to a radio call of an active shooter at Arapahoe High School.-
- Once on scene I joined DCSO Sergeant Trujillo, DCSO Deputy Pollack, and Parker Officer Berganzoni.
- We entered the south doors of the High School into a lobby area and began clearing this room and the rooms off of it.
- We next cleared the second hallway on the left (N.W. corner of this room) and the branches off of it.
- Other Officers from different Law enforcement agencies were clearing other areas of the school as we cleared the route we chose.
- We received word that there was one shooter and he was either deceased or barricaded in the schools library.
- Other clearing teams were escorting students from their classrooms outside through the doors we had used to enter the school.
- I assisted in evacuating between 5 and 6 classrooms to the outside where other Officers took them across the street (Dry Creek).
- I proceeded to the established (South) holding area and assisted with returning students to parents and identifying and segregating witnesses for interviews by Detectives.

No further.

Narrative

I received a stand-by page, and then a call out page for an active shooter incident at Draper H.S. I responded as a SWAT Operator, and immediately reported to the Command Post (Chase Bank - Dry Creek/University). I was sent to the South entrance area of the H.S., and met with Lt. McMillan. I was assigned to enter into the east entrance of the H.S. The first hallway on the left, I covered a group of students until we were asked to have them exit the school. I then was assigned to help clear administrative offices and the kitchen. While in the kitchen, I cleared 2 adjoining levels that went to the roof, via an access ladder. Shortly after, I was assigned to assist other operators w/ clearing an exterior boiler room. The boiler area was locked, I picked a door lock w/ a knife and our group cleared the building. We were directed to go to the gym. I later led Bravo Team in clearing the gym, locker rooms, wrestling room, Cardin room, pool. Bravo Team later cleared the exterior West Side of the H.S. for possible baby traps. As a complete SWAT Team we later cleared from the suspects possibly entry point around the North side, West Side, to South side to check for possible baby traps.

Narrative					
<p>ON 12/3/13 I HEARD DISPATCH AIR THAT ACSO WAS REQUESTING ASSISTANCE ON A ACTIVE SHOOTER AT ARAPAHOE HIGH SCHOOL. I RESPONDED TO THE COMMAND POST FROM THE SHERIFF'S OFFICE IN PLAIN CLOTHES AND MY UNMARKED DEPT TRUCK. I ARRIVED AND DONNED MY SWAT VEST AND RIFLE. CAPT KENNEDY ORDERED ME W/ ACSO DEPUTIES WE PROVIDED SECURITY ON THE NORTH SIDE OF THE BUILDING AS 100'S OF STUDENTS WERE MOVED ONTO THE RUNNING TRACK. I RETURNED TO THE COMMAND POST WHEN DCSO SWAT ARRIVED. I DEPLOYED WITH SWAT TO THE SOUTH SIDE OF THE SCHOOL. I MOVED WITH AN ELEMENT INTO THE EAST WING--WE EVACUATED ~20 STUDENTS + A TEACHER FROM ROOM E-11 AND DIRECTED THEM TO OFFICERS IN THE COMMONS. WE CLEARED THE BAND ROOM, OFFICES, KITCHEN, AND ADDITIONAL KITCHEN STORAGE ROOM. WE CLEARED THE BOILER ROOM BUILDING. WE REGROUPED AND CLEARED THE WEIGHT ROOM, LOCKER ROOMS, AND 1ST FLOOR SCIENCE ROOMS.</p>

<p style="text-align: center;">Narrative</p> <p>On December 13, 2013 at about 1257 pm - I received a page to respond to Arapahoe High School for an active shooter. I then received a call from Sgt. Barker to stop by the Sheriff's Office and grab all the shields then stop by the SWAT trailer and grab shields from there as well. I responded to the Chase Bank across the street from the school. From there I was sent to link up with other SWAT members on the south east corner of the school. About 140 students exited the east doors and they collected in the grassy area near the southeast corner. From there the students where lead to the King Gooders south of the school. I provided security on one exit of King Gooders. After students where released I was tasked out to clear the west side of the school to include gym's and science classrooms. After the building was found clear I helped search the parking areas on the west side of the building. Nothing was found.</p>

<p>On 12-13-13 I was traveling in the area of Hwy 670 and University Blvd when dispatched aired a Active shooter at Arapahoe High School. I responded and arrived at the school. I parked on Arapahoe Rd, grabbed my K-9 "Zoe" and entered the school. As I entered I saw a long blood trail and puddles of blood in the hallway. There was a uniformed officer at the door. I teamed up with 3 other officers and we began going room to room. As I entered the Library Hallway I smelled a strong odor of gasoline, I entered the library and began to clear, I noticed a set of front teeth laying behind a post. As I moved further into the library I observed what appeared to be a deceased white male with a gun shot wound to head. There was a black shot gun in the area with a pistol grip. The gun appeared to have be moved by someone prior to my arrival. This ended my direct part. I continued to assist as a K9 cover to clear the building multiple times.</p>

Narrative

On December 13, 2013 I (Officer Rose / Parker PD) responded to a Douglas County SWAT call active shooter at Arapahoe High School. Upon my arrival, I met at the rally point located at Chase Bank just East of the school.

I then responded with the team to the South side of the school where I and Sgt. Turt took a perimeter position on the SE corner of the school. We remained on perimeter until DCSO sent was advised to rally on the SW corner of the school to meet for a show clear.

I then responded inside the school with team "A" where we show cleared the area near the pool and several class rooms. After clearing our area we then exited the school near the west side (North wing).

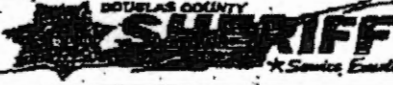

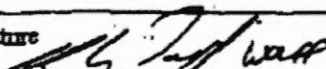

This is done in the form of a subnormal line where we cleared the west end South entry point of the school (North wing).

Narrative ON 12/15/12 AT APPROXIMATELY 1300 HOURS I WAS ADVISED OF AN ACTIVE SHOOTER SITUATION AT ARAPAHO HIGH SCHOOL. I RESPONDED TO THE DESIGNATED RALLY POINT NEAR THE INTERSECTION OF DRY CREEK & UNIVERSITY. AFTER GEARING UP I JOINED MY TEAM LEADER, JUE RYAN MCKEY INSIDE THE CAFETERIA. A SHORT WHILE LATER WE JOINED WITH SEVERAL OTHER OPERATORS FROM OTHER TEAMS. WE CLEARED SEVERAL ROOMS OFF A HALLWAY AND THEN CLEARED THE SCIENCE WING. AFTER REGROUPING WE RE-CLEARED THE INTERIOR & EXTERIOR OF THE WEST END OF THE BUILDING. I SAW NOTHING OF EVIDENTIARY VALUE.

Narrative

On December 13, 2013, I, Detective Minden, responded to Arapahoe County High School at 1316 hours. Upon arrival I joined Detective Bernardini & Sgt Ouel at the King Super at 7575 S. University to secure the building and assist with crowd control. There were approximately 200-300 students in the store awaiting transportation. At approximately 1570 hours I was asked to transport a student, later identified as [REDACTED] to Euclid Middle School at 777 W. Euclid Ave, Littleton CO. I transported him in Parker Police car #211 to Euclid Middle School where I gave custody to [REDACTED] to an Arapahoe County Deputy who was checking in students at the door. I returned to the High School & went to the S.W. Corridor of the building where I met with the remainder of the DESO SWAT team. We then cleared the exterior of the building, twice, before debriefing at the ICS.

<p>Narrative About 135 words.</p> <p>ON DECEMBER 13, 2013, I RESPONDED TO ARAPAHOE HIGH SCHOOL FOR AN ACTIVE SHOOTER. I RESPONDED AS PART OF D.C.S.G. S.W.A.T. TEAM AND WENT TO THE LAKE POINT ON UNIVERSITY AND DRY CREEK ROAD. WHEN I ARRIVED I WAS ASSIGNED TO PROVIDE SECURITY ON DRY CREEK ROAD FOR STUDENTS BEING EVACUATED TO THE KING SOOPLES AREA. AFTER SEVERAL LARGE CLOUDS OF STUDENTS CROSSED DRY CREEK I WAS RE-ASSIGNED TO HELP PROVIDE SECURITY AT THE KING SOOPLES FOR THE STUDENTS. I WAS INSIDE THE STORE I PROVIDED SECURITY AT AN EXIT POINT ON KLR 19. AFTER THIS ASSIGNMENT I WAS ASSIGNED TO HELP CLEAR THE SOUTH WEST AREA OF THE HIGH SCHOOL. WE CLEARED SEVERAL AREAS TO INCLUDE A LARGE GYM, LOCKER ROOMS, HALLWAYS AND SCIENCE ROOMS. WE THEN CLEARED A BASEMENT AREA. DOWN IN THAT AREA A LOCKER-CRAW SPACE AREA WAS FOUND. I WAS GIVEN A SLEDGE HAMMER TO BREACH THE PUSH DOOR. THE DOOR WAS METAL. AFTER HITTING THE DOOR SEVERAL TIMES DCSO SWAT MEDIC TAYLOR SCHWELT ARRIVED WITH A HALOGEN TOOL TO HELP OPEN THE DOOR. HE SET THE TOOL AND I HAMMERED IT UNTIL THE DOOR OPENED. I HELPED CLEAR THE CRAW SPACE. I THEN HELP CLEARED THE PARKING LOT LOOKING FOR BOTTLES. I DID NOT FIND ANY OR REMOVE ANY EVIDENCE FROM THE CASE.</p>

Narrative					
<p> ON 12-13-13 I responded to Alachua High School on an active shooter call. Upon my arrival I was directed to the South Entrance of Alachua H.S. I maintained a position at this Entrance during my entire tenure on this call. I was asked to put down students who exited the school and direct the students to the school buses. I completed put downs of numerous students. After completing the put downs I maintained my position as exterior perimeter. </p> <p> I TOOK NO FURTHER ACTION. </p>

Douglas County Case Report Number 201300114450

On 121313, I was dispatched to Arapahoe High School located on University at Dry Creek Rd, in response to an active shooter agency assist. I activated my lights and sirens also advising dispatch of a Code 3 run from south Parker. Upon arrival, the following occurred;

- I met Lt. CATAFFO (DCSO) who advised me where to meet incoming officers to form small teams to respond to the threat inside the school.
- I met up with 3 Colorado State Patrol officers and a couple Arapahoe County Officers. I did not get their names.
- We entered the school from the southwest doors and proceeded to clear an office area containing numerous children, special needs children, and staff on the North side.
- We were advised via radio, that a possible suspect had been located in the library who was deceased.
- Our group continued north bound clearing multiple hallways, finally stopping in front of the Science Dept.

Within the hallway in front of the science department, I observed the following;

- A large pool of blood on the floor below a bench.
- There was a backpack, cell phone, spent shotgun shell casing, and hair on the floor near the bench.
- On the bench was blood, biological matter, a backpack and cellphone.
- Located in the hallway was an unfired shotgun round and shotgun "wad" strewn about.
- Leading away from the bench were droplets of blood which trailed for approximately 100 yards.

The following occurred;

- Deputy HOWDEN, CHAVEZ and I, all from Douglas County, were stationed at hallways "C" and "S" to secure an interior perimeter.
- We were relieved at approximately 1620 hrs.

CASE TYPE:

INVESTIGATOR ASSIGNED: H. GARCIA/0517

DATE(S) WRITTEN/UPDATED: 12/13/2013

On 12/13/13 at about 1240 hours I was dispatched to shots fired at Arapahoe High School, in Arapahoe County, Colorado. While en route it was aired that Arapahoe Sheriff's Office was requesting assistance for an active shooter at the School. I arrived at the School at about 1246 hours. While on scene I did and observed the following;

- We created an entry team to enter the school.
- The Team consisted of me, Deputies Arnold, Brown, Davidson, Van Noordt, McDowell, Two Englewood Officers, and Arapahoe Sergeant John Sherrel.
- We were the first team to enter the West side of the school by entering through the cafeteria on the south side of the school.
- We visually cleared the cafeteria and headed towards hallways that lead towards the classrooms on the west side of the school.
- Any door that was locked we visually cleared with a flashlight through the glass on the door.
- I did notice students in the classrooms hiding in the dark corners of the rooms.
- Our unit cleared towards the gym through the hallway on the south side.
- We made it to the gyms hallway that runs north to south and I noticed what appeared to be a blood trail coming from the north part of the hallway.
- We followed the blood trail towards the north and noticed two pools of blood one of which was larger by a bench; near the bench there were multiple stands/clumps of long hair on the ground
- I also noticed a mark in the brick wall and case near it, which appeared to have been made from a shotgun.
- In that area I also noticed two shotgun shells one by the science door and one by the stairs.
- There was also a wad in the middle of the hallway.
- We continued clearing the science rooms, including the second floor of the science area.
- We cleared the gym.
- We found no additional suspects in these areas.
- About this time multiple other officers arrived on scene.
- I assisted Arapahoe deputies in the first initial evacuation of the students from the south hallway as well as the classroom across from the gym.
- I then posted up on various corners in the school with Deputy Arnold, until we needed to clear the generator room.
- We assisted Arapahoe with clearing the generator room.

DOUGLAS COUNTY SHERIFF'S OFFICE
TRAFFIC SECTION – PATROL DIVISION

-I then met up with Lt. Barrella and he told us to search the parking lot for possible suspect vehicle. The vehicle was found by other officers.

-We were then advised to relieve SWAT members in the west side of the School so they could meet up with their respective elements.

-After relieving the swat member we met up at our patrol vehicles and were told to help out at the church behind king soopers to reunite students with their parents.

-After helping out at the Church I responded to the Command post to sign out of the crime scene.

----Nothing Further by This Officer----

Accepted 03

On 12/13/13 at approx 1240 hrs I responded to an active shooter at Arapahoe High School. Upon arrival I stacked on the rear of a group entering into a south door of the building, when we approached the building I stayed on the outside of the door securing the door. As the group cleared rooms several students were sent out the door I was at. I sent the students across Dry Creek to the south with the other students leaving the building. I was relieved by a Lone Tree officer and redirected to the Shepard of the Hills Lutheran Church to assist with parents and students. I assisted parents at the church signing out their students until all students were picked up.

Nothing Further

DCSO

INVESTIGATOR'S PROGRESS REPORT

DOUGLAS COUNTY

SHERIFF'S OFFICE

CASE REPORT # DCSO 2013-11450

CASE TYPE: Response to Arapahoe High School Shooting

DET. ASSIGNED: Pollard, Matthew OSN 0566

On 12/13/2013 I was driving on C470 west in the area of Quebec Street when I heard radio traffic on the Douglas County Main channel advising of a shooting at Arapahoe High School. I drove using my emergency lights to the high school with several other police vehicles.

When I arrived I contacted Lt. Cataffo who requested I join a forming immediate response team and enter the building. I entered the south side building with a group of four officers. We entered the building near the cafeteria and cleared a central group of classrooms contacting several staff and approximately 50 students sheltering there. A route secured by officers to a south exit of the building was established and the students and staff from these classrooms were directed to evacuate to the south side of the building.

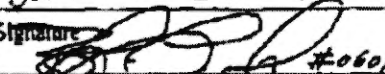

At the request of an Arapahoe County Captain I entered a hallway to the north and west of the cafeteria and started checking hallways and classrooms for students with other officers. We located several class rooms on the "N" Social Studies hallway that had students and staff sheltering in place. At this point there were numerous officers available inside the school and no active threat information. I posted myself in a position where I could control the Social Studies Hallway and the north exterior door of that hallway.

The incident command on Arapahoe's main channel announced that the evacuation point for students in the building would be the north athletic fields. I opened the north hallway door for two members of the Arapahoe County tactical team and they requested I escort the students from the "N" hallway classrooms to the north athletic fields. I lead approximately 60 students and staff to the track at the north side of the school.

At the track I assisted officers in searching students who were then grouped by classroom and waited for the creation of the reunification system. I stood guard for about an hour with the evacuated students until they were all released to the busses.

I walked to the command post and spoke with Lt. McCarty who assigned me to the Investigations detail at [REDACTED] in Highlands Ranch.

End of Report.

APPROVING SUPERVISOR

On 12/13/2013 I, Deputy Phillip McDowell 0806, with the Douglas County Sheriff's Office responded to the Arapahoe High School around 1245hrs for a report of an active shooter in the school.

Upon arrival to the scene the following happened:

- I met with Douglas County Deputies Van Noordt, Arnold, Garcia, Brown and Davidson as well as two Englewood PD officers and a Arapahoe County Sheriff's sergeant on the south entrance of the school.
- We all discussed very briefly a plan of action and then stacked up to go in.
- We all entered the school and began searching for any threats.
- We encountered several classrooms with kids inside hiding.
- As we cleared parts of the school we found a hallway by the library that had a large amount of blood pooling and blood drops leading to an outside doorway.
- When we cleared the library and I could smell gun powder in the air as well as burnt smoke from the possible incendiary devices that detonated inside the library.
- While in the library I could see black marks on the floor and wall.
- These marks appeared to be from the incendiary devices.
- I continued with my team to clear the rest of the school.
- Once the school was primarily cleared I remained on a fixed post by the main office where staff and students were still being held.
- I then observed SWAT team members from various agencies performing a secondary search of the school and assisting with evacuations of students in the school.
- Once the school was secured I went to the church where the students were being held for parent pick up and assisted with perimeter security.
- Once the church was emptied of the students and parents I checked back in with the command post and cleared the scene at the school.

The Mobile Command Post was then activated to stand by at the suspects house in Highlands Ranch.

APPROVING SUPERVISOR

On 121313 at 1300 hours I was dispatched to respond to the Chase Bank at Dry Creek Rd and University Blvd in Arapahoe County to assist on an Active Shooter. I did the following:

- Responded to the area of the Chase Bank, arriving at about 1330 hours.
- I checked in with Incident Command outside the bank and was told to wait for an assignment.
- I let Incident Command know I was a Bomb Technician and was available.
- About 30 minutes later I was attached to a group from the Douglas County SWAT Team.
- About 15 minutes later, this group responded to the school and entered the school through the cafeteria doors on the south side of the school.
- I stood by inside the doors while tactical teams from numerous agencies cleared the hallways and evacuated students.
- After this was complete, I was attached to a tactical group from the Littleton Police Department as a Bomb Technician should I be needed.
- As part of this group I stayed in the back of the group to be called forward if needed.
- This group cleared a hallway down to the athletic hallway, crossed the athletic hallway and went into the main gymnasium and cleared the gymnasium.
- Nothing was found that needed my attention as a Bomb Technician.
- I was called off this task after about 1.5 hours and told to meet with the other Douglas County Sheriff's Office Bomb Technicians and the Douglas County SWAT team outside the school.
- I was assigned to a team from the DCSO SWAT team, along with Detective M. Joachim.
- We were given an area of the school to search, which included the Main Gymnasium, Wrestling Gym, Small Gym, and Science hallway inside the school.
- Part way through this assignment the Bomb Techs were pulled off this assignment and told to respond to the suspect's residence at [REDACTED] in Highlands Ranch, unincorporated Douglas County.
- The DCSO Bomb Squad arrived at the residence at about 1745 hours and waited nearby for the Search Warrant to be signed before entering the residence to search for any hazards that would need our attention.
- At about 2130 hours, we were told the warrant had been signed and we would be entering the house shortly to search for any hazards.
- About 10 minutes later we entered the residence.
- I was assigned to search the main level of the residence along with another Bomb Tech and an Agent from the Bureau of Alcohol Tobacco and Firearms.
- I searched the living room, which was located right inside the front door to the left.
- I searched the family room to include the area of the couch and book cases.
- I searched an office which included a desk with drawers and cabinets.
- The last place I searched was the garage.
- I did not locate any hazards in the areas I searched and left the residence after about 45 minutes.
- I left the scene at about 2230 hours.

Douglas County Case Report Number 201300114450

On 121313, I was dispatched to Arapahoe High School located on University at Dry Creek Rd, in response to an active shooter agency assist. I activated my lights and sirens also advising dispatch of a Code 3 run from south Parker. Upon arrival, the following occurred;

- I met Lt. CATAFFO (DCSO) who advised me where to meet incoming officers to form small teams to respond to the threat inside the school.
- I met up with 3 Colorado State Patrol officers and a couple Arapahoe County Officers. I did not get their names.
- We entered the school from the southwest doors and proceeded to clear an office area containing numerous children, special needs children, and staff on the North side.
- We were advised via radio, that a possible suspect had been located in the library, who was apparently deceased.
- I then "married up" with Deputies ARNOLD, GARCIA, HOWDEN and MCDOWELL.
- Our group continued north bound clearing multiple hallways, offices, and classrooms, some having barricaded students and staff. Some were evacuated based on radio instructions.
- Our team, finally stopped and posted in front of the Science Dept.

Within the hallway in front of the science department, I observed the following;

- A large pool of blood on the floor below a bench.
- There was a backpack, cell phone, spent shotgun shell casing, and clumps of hair on the floor near the bench.
- On the bench was blood, biological matter, a backpack and cellphone.
- Located in the hallway was an unfired shotgun round and shotgun "wad" strewn about.
- Leading away from the bench were droplets of blood which trailed for approximately 100 yards towards the cafeteria.

The following occurred;

- Deputy HOWDEN, CHAVEZ and I all from Douglas County, were stationed at hallways "C" and "S" to secure an interior perimeter.
- We were relieved at approximately 1620 hrs.

Arapahoe High School Shooting

12-13-2013 Friday

On hearing the news of the shooting, I contacted Kathleen Beebe, the ACSO Victim Assistance Coordinator. I heard back from her about 8:00 that evening. She told me she was working out what she needed.

12-14-2013 Saturday

On this date, Kathleen Beebe contacted me to have a conversation about the initial response to Arapahoe HS and what other needs she would have for outside agencies. She needed staff at the counseling office on Monday and other needs were being determined.

12-16-2013 Monday

Two staff members responded to the Shepherd of the Hills Church to assist in manning the counseling center that was set-up at that location. Kathleen also requested assistance for VA's to be at the school when the faculty returned on Wednesday and when the students returned on Thursday and Friday.

Responders: Debbie Boyle and Greg Braden - 5 hours each

12-17-2013 Wednesday

DCSO VA staff and volunteers responded to assist ACSO at the school for the return of faculty.

Responders: Leslie Clemensen, Julie Schramm, Julie Koobs, Cindy Cannon, Jocelyn Rhymer, Linda Jacobs - 4 hours each

12-18-2013 Thursday

DCSO VA staff and volunteers responded to assist ACSO at the school for the return of students.

Responders: Leslie Clemensen, Julie Schramm, Sara Clay, Cindy Cannon, Jocelyn Rhymer, Linda Jacobs - 6 hours each

12-19-2013 Friday

DCSO VA staff and volunteers responded to assist ACSO at the school for the return of students.

Responders: Leslie Clemensen, Julie Schramm, Amy Flanagan, Tracey Jones, Cindy Cannon, Jocelyn Rhymer, Linda Jacobs - 6 hours each

Total VA Hours to Arapahoe SO on mutual aid: 112 man hours

INVESTIGATOR'S PROGRESS REPORT
SHERIFF'S OFFICE
DOUGLAS COUNTY

CR# 2013-00114450

CASE TYPE: Agency Assist

INVESTIGATOR ASSIGNED: Stadler, C. 1016

On Friday, December 13, 2013, I was advised of an active shooter located at Arapahoe High School (ACSO CR CT-1344545). I activated my emergency lights and siren and responded to the location of the incident. Upon my arrival I took a position on the south side of the school on Dry Creek just west of University Blvd. Multiple deputies had made entrance into the school and been clearing areas and evacuating students. I assisted by directing the evacuated students to the shopping center south of my location.

I was then directed to the command post, located on the northeast corner of Dry Creek and University, to assist with interviews of witnesses. I responded to the location and met with Special Agent Jonathan Grusing. Agent Grusing and I began interviewing a group of students.

I met with [REDACTED], DOB [REDACTED] [REDACTED] told me the following:

- He was a senior at Arapahoe High School.
- He had been in his Psychology class, which usually met from 12:15-1:15 pm.
- They were about half way through class when he heard a single loud noise, which sounded like a gun shot, and after a few seconds he heard two other shots closer together.
- It sounded like a handgun to him.
- The shot sounded like it had come from down the hall from where his class was located.
- He heard a total of five shots.
- His class moved to an interior corner of the classroom to begin their lockdown procedure.
- He observed a black figure run across the exterior windows of the classroom as they were locking down.

I then met with [REDACTED], DOB [REDACTED] [REDACTED] told me the following:

- She had been in her Psychology class in room N-3.
- She heard a single shot followed by two other shots closer together.
- She saw a black figure run past the door to the classroom in the hall and out the exterior doors.

I met with [REDACTED], DOB [REDACTED]. [REDACTED] told me the following:

- She was in her Psychology class, which was close to the cafeteria.
- She heard one shot and then two more closer together.
- She ran to the corner of the room.
- She saw a figure wearing a dark sweatshirt about medium height run down the hall and outside.
- She heard a total of three shots.
- She then heard the official lockdown announcement and the fire alarm went off.

I then spoke with [REDACTED], DOB [REDACTED]. Mattias told me the following:

- He was in his Psychology class when he heard three gun shots.
- He saw a person wearing a shirt with a thicker collar around the neck, who had medium-short blonde hair run down the hallway.
- He had heard the shooter was Karl Pierson, a student he has another class with.
- Pierson had showed him a picture of a shotgun on Thursday, December 12, 2013, he had just purchased due to turning 18 years old recently.
- The shotgun was a tactical model.
- Pierson had named the shotgun "Kurt Cobain."
- Pierson showed him a picture of the shotgun on his cell phone while they were in their International Relations class.
- Pierson has made strange comments about communism and was sympathetic to Russia and the former Soviet Union.
- Pierson's screen saver on his computer was the star and sickle from the flag of the former Soviet Union.
- A friend of his, [REDACTED], had been in the library and had seen the entire incident.
- [REDACTED] phone number was [REDACTED]
- [REDACTED] had left school and was with his mother.

After receiving this information I met with Agent Grusing and advised him. I had [REDACTED] repeat his story to Agent Grusing. Agent Grusing and I then decided to contact [REDACTED] via phone. Agent Grusing called [REDACTED] on his cell phone and interviewed him on speaker phone while I took notes of the conversation. [REDACTED], DOB [REDACTED], advised us of the following:

- He had been in the library when he heard what sounded like a gun shot out in the hallway.
- He saw a male enter the library so he hid under a table.
- After he heard the shot he saw a female lying on the floor bleeding.
- The male walked into the library and screamed, "Where's Murphy?" multiple times as he walked toward the librarian's office.
- Mr. Murphy was the librarian for their school.
- He recognized the shooter as Karl Pierson wearing what he thought was a trench coat.
- He saw Pierson holding a shotgun while he was in the library.

- When Pierson walked toward the librarian's office, he along with five other students ran out of the library through the computer lab.
- Two of the other students who were with him were [REDACTED] and [REDACTED].
- He did not have [REDACTED] number, but he did have [REDACTED] number.
- [REDACTED] phone number was [REDACTED].

Agent Grusing advised [REDACTED] that we wanted to talk to him a little bit more and [REDACTED] stated he was with his mom going to get his brother in [REDACTED] CO. Agent Grusing advised him to call back when he got back into town.

Agent Grusing and I then attempted to call [REDACTED], Unk DOB. [REDACTED] phone went to voicemail and Agent Grusing left her a message to contact him on his cell phone.

After completing the interviews near the command post I was instructed by Lt. McCarty to respond to the Shepherd of the Hills church on South University to assist with more interviews of students. I responded to the church and was directed to a back hallway where interviews were being conducted.

I met with [REDACTED], DOB [REDACTED]. Sydney told me the following:

- She was in the cardio room, which is directly below the gym working on their routine for finals.
- She heard some loud noises from the gym above her.
- She routinely hears loud noises from the gym.
- She saw a female run into their room looking for Mrs. Bradley.
- The female, who she thought was named [REDACTED] had blood on the front of her shirt and all over her hands.
- She said the girl she had been with had been shot and had fallen on her.
- They then all hid in the boiler room.

After meeting with [REDACTED] I was directed to go to Euclid Middle School to assist with interviews. I met with Detective Spezzano and Detective Ahlberg and drove to Euclid Middle School. Upon my arrival I met up with FBI Victim Specialist Anne Darr. Anne had a student with her. I met with the student, [REDACTED], DOB [REDACTED] [REDACTED] told me the following:

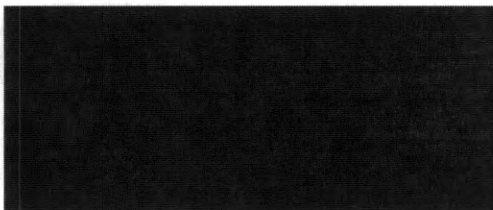

- He had been in English class when he heard the first shot.
- He thought the shot could have been a metal trash can that had fallen.
- He then heard two more shots and recognized those as gun shots.
- They then turned off the lights in the classroom and went to the back of the room.
- He then heard the official lockdown announcement.
- He heard some form of yelling down the hallway, but could not make out what was said.

I was then directed to respond back to the command post. I took no further action.

Incident report written by Officer J. Jose 00-11.

On 12/13/13, at about 1234 hours, Englewood Dispatch received a mutual aid request from ACSO reference an active shooter at Arapahoe High School (2201 E Dry Creek Road). ACSO Dispatch advised they had an active shooter, two students down, heavy smoke, and a fire coming from the high school.

Englewood Police Officers COLE, ATKINSON, E. SMITH, SGT LUTZ, B. TODIS, along with DET. SGT. K. MARTIN and several other Detectives responded to assist.

Englewood Public Schools were advised of the incident.

OFFICERS READ and T. JONES responded to Swedish Medical Center as they received information that victims may be transported there.

No other information was received at the time of this report.

NFAT

Category NARRATIVE

Supplemental report J. Cole 02-01

On December 13, 2013 at approximately 12:40 PM I responded to Arapahoe High School at 2201 E Dry Creek Rd to assist Arapahoe County Sheriff's with an active shooter in the school.

En route to the call we were advised of a shooter with a shotgun and students down and a fire inside the building and possible explosive devices.

I arrived on scene with Officer Atkinson. We deployed on the south side of the school with rifles and Go bags and joined with two Douglas County deputies and one Elbert County deputy.

As we approached the school we were told the shooter was in the library and to make our way toward the shooter.

Officer Atkinson and I informed the other officers we were SWAT operators and we would take point on the entry. We entered the school on the south side near the cafeteria and began moving north and then west making our way toward the library.

Near the library we were contacted by an Arapahoe County Deputy inside and were told the suspect was down and to begin a search of the school.

I worked my way to the west side of the school and began searching for suspects, victims or devices. I continued in this role for several hours working my way through multiple classrooms and exterior classrooms and parking lots. I encountered many classrooms which were occupied with students and staff. I asked if everyone was okay and if anybody needed medical attention. No students or staff requested assistance and at this time I reassured them they

were safe and gave them directions to evacuate and assisted with that or had them remain in place until evacuation was possible.

During this time I was partnered with many officers from other agencies as well as EPD. After several hours searching we cleared the school and went to the command post and remained until released by the scene commander at which time I returned to EPD.

Category NARRATIVE

Detective Jan Ball

On December 13, 2013, at approximately 12:40pm, Detective Dave Jones and I executed an emergency response to an active shooter situation at Arapahoe High School. We heard Officer Jim Cole air his arrival on scene, and request additional Officers on the west side of the school.

At 12:48pm, Jones and I arrived and parked our vehicle in the parking lot on the northeast side. We deployed our duty rifles and moved westbound on foot through the parking lot. We encountered an occupied white pick-up truck that was backed into a parking space. We engaged the driver, [REDACTED], and passenger, [REDACTED], and ordered them to show their hands. Both subjects were visibly upset and [REDACTED] told us they received text messages that something bad was happening in the school. [REDACTED] said his brother [REDACTED] was a student currently inside of the school. Upon request, [REDACTED] and [REDACTED] handed me their Colorado driver's licenses. They both verified their current addresses were identified on their licenses. I told them my name and agency and instructed them to stay put. I told them that Jones and I needed to keep moving, and that I intended to hold their licenses for an undetermined amount of time.

Jones and I continued west until we saw a large presence of law enforcement on the west side of the school. We quickly returned to the east side and entered the school through the main doors. We grouped with Englewood Police Detectives Ed Disner, Joe Fowler, Carl Kisselman, and a few members of the Arapahoe County Sheriff's Office. We proceeded into the cafeteria and cleared unlocked offices and rooms on the south side.

We entered a hallway through a set of doors on the south end of the cafeteria. We cleared several unlocked classrooms on the south side of the hallway. We located at least two dark locked classrooms that contained students and faculty who were hiding. We ensured that none were hurt and evacuated these individuals out of the building. As more Officers appeared in the hallway, I remained posted at the south end of the C-2 hallway. An order was relayed to seize any evacuations until further notice.

After some time, I moved students and faculty from the Business Administration classroom into the C-1 classroom where other students and faculty were located. I ensured that nobody was injured and provided Arapahoe County dispatch with my location, and the number of individuals under my control. I stayed posted in the C-1 classroom until all individuals could be safely evacuated out of the school.

After the C-1 classroom was evacuated, I returned to my original post at the south end of the C-2 hallway, and remained in this position until released by the Arapahoe County Sheriff's Office.

I regrouped with members of my agency and walked to the Incident Command Post to check-in. I told the Arapahoe County Sheriff's Deputy documenting the check-in about my encounter with [REDACTED] and [REDACTED], and gave him both licenses. I remained at the Incident Command Post until released by the Arapahoe County Sheriff's Office.

No further action taken.

Category NARRATIVE

Report by Detective Dave Jones 9609
Englewood Police Dept.

12-13-13 / 12:43pm Detectives were notified of an active shooter at Arapahoe High School. Detective Jan Ball and I responded code three to the high school. We parked in the North East parking lot and were advised by in Arapahoe County Sgt. that they needed someone on the West End of the school. Detective Ball and I went there and were joined by detectives Carl Kisselman Joe Fowler and Ed Disner. We discovered there were enough police officers on perimeter there so we went to the main entrance on the east of the school and went in. We searched the hallways and checked several classrooms. Most classroom doors were locked and the lights had been turned out. Sgt. Eric Lutz and Officer Evan Smith responded and asked over the radio what tools we need and I instructed Lutz to bring the Halligan in. I got the Halligan from lots and teamed up with Arapahoe County SWAT operator and we use the Halligan to open doors and enter classrooms. We did find some students hiding in the far corners where they could not be seen from the door in a few rooms. The students and teachers were patted down and were evacuated out the North hallway to the athletic fields. I continued to search with various teams; Arapahoe County, Englewood and Sheridan PD. Douglas County. We searched our way to the West End of the school to the pool area where we came in contact with four teachers and many students in the locker rooms. They were brought out and patted down and escorted out of the school by another agency. I conducted a secondary search of areas with various teams. And about 4:30 PM I was advised by Sgt. Martin that we were to meet at the command post across University Boulevard just north of Dry Creek we were released sometime shortly after 5 PM.

EPD cr#13-12115
12-16-2013

On December 13, 2013 at approximately 1241 hours I was informed by Master Patrol Officer Jose that there was an active shooter incident unfolding at Arapahoe High School in the city of Centennial. I advised Jose to send patrol officers but to ensure that someone remained in Englewood to handle Englewood calls for service. I than requested all detectives respond code three to Arapahoe High School.

I responded code three to the high school and parked on the south end of the school. I self-deployed and made entry

into the school along with Arapahoe County Investigator Turnidge, Agent Ross of the Impact team, Officer Todis of the Englewood Police Department as well as other officers that I did not know. I advised Englewood dispatch that I was switching over to ACSO channel 1. We began a rapid response into the school directing students and school staff that we encounter to run out of the building to the south. We were then advised that the suspect was down in the library. At that time, along with Investigator Turnidge we then began to direct a slow methodical search of the school from the commons area to the far west end of the school. When we encountered students and staff we advised them that they were safe, to remain locked in their classrooms and posted an officer or deputy at the doorway. After the initial search I assisted a bomb technician in securing a route for students and staff to be evacuated. After securing a route we directed students and school staff out of the north end of the building.

I then began a secondary search of the classrooms and offices west of the commons through the school gymnasium area, locker rooms and swimming pool with Investigator Turnidge, EOD Deputy Vaala, and other officers and deputies. We located additional students and staff and escorted them out of the school.

After completing a secondary search I responded to the commons area and met with Sergeant Eyman of the Littleton police department I advised him that we had completed an initial and secondary search of all areas west of the commons area. I then stood by in the commons area while secondary teams into the school completed additional searches.

I checked the status of all Englewood officers that had responded and as they were relieved from areas inside of the school I directed them to the commons area. At approximately 1530 I was advised by ACSO Sergeant Mitchel that the Englewood Officers could stand down and we were directed to the command post to check in. I advised a Deputy at the command post of all the Englewood Officers that had responded and that they had been with the initial group of officers to enter and search the school. I was advised to standby with Englewood officers until directed further. At approximately 1700 hours I was advised by Commander Enley with Littleton Police Department that we could clear the scene and report back to our home agency.

Category NARRATIVE
Report of Detective Carl Kisselman
Englewood Police Department

On 12-13-13 at approx. 1240 hours Detectives Disner, D. Jones, Ball, Fowler, Detective Sergeant Martin, and Officers Cole, Atkinson, and I responded to Arapahoe High School (2201 E. Dry Creek Road) on an active shooter. We were later joined at the high school by Sergeant Lutz and Officer E. Smith.

Initially Sgt. Martin and I were contacted by Master Patrol Officer Jose in the Englewood Police Department Detective Bureau. Jose told us that he just got information that there was an active shooter at Arapahoe High School. Sgt. Martin rallied the detectives in the bureau and we started to the school. Officers Atkinson and Cole left for the high school before we were notified and responded. They arrived on scene and were in the school before we arrived. We were almost at the school before Arapahoe County requested mutual aid.

Upon arrival Detective Disner and I parked on the north east side of the High School. We deployed our rifles and tactical vests. Detective Disner and I met up with Detectives Ball and D. Jones in about the middle of the school on

the north side. It seemed as though all the doors were locked so we ran to the east entrance of the school and went inside.

Once inside of the school we began to do a search of the school for injured parties or additional gunmen. While we were searching we were also informed that a improvised explosive device [IED] had been located in the library. We began looking for IEDs as well. I did note a strong smell of gas. The smell reminded me of burnt Kerosene. It's hard to say exactly what I did and in what order it occurred because we searched for almost three hours.

The searching was coordinated via small unit leadership. We had multiple agencies inside of the school all working together almost seamlessly. During the time I was searching the school I became attached to tens of different search teams. Radio communication was poor at best. It seemed as though everyone was on different radio channels. Being on different radio channels didn't seem to matter much because inside of the building certain people took charge of teams and coordinated with each other. Also, because the search teams were made up of multiple agencies, I would sometimes hear what was being said on other radio channels by listening to other officer's radios. Most of the communication that we got was word of mouth.

An example of this is that at one point we were going to evacuate a group of students, and I was posted along the egress route that had been cleared by some Explosive Ordinance Disposal specialists. Detective Disner was about 150 feet away from me on the other end of the hall. We yelled / talked to each other and coordinated the egress. Almost exclusively we were getting information verbally from one cop to another.

Initially we conducted a search of one of the "Charlie" hallways (a hallway that contained classrooms). The doors to these class rooms were closed and locked. The lights in the classrooms were turned off. I knocked on the doors and yelled police come to the door for what seemed like a few minutes, but was actually probably closer to 30 to 45 seconds. Eventually a teacher would come to the door and look through the glass verifying that we were the police and then open the door. I walked into multiple class rooms and found the students all huddled together in a corner where they couldn't be seen from the hallway. The children were all crammed into an area where it looked like only half of them should have been able to fit; they were packed together closely.

The children and teachers in the classrooms showed a range of emotions. Some of the students looked terrified, others were crying, and some had no discernible expressions on their faces at all. All of them were waiting for the police to give them some sort of direction. As I stood in these classrooms looking at the students I made a very conscious effort speak to them in a calm voice. I asked if anyone in the classroom was injured. I then told them that they were safe. I told them that what I needed them to do was stay where they were and wait until we could evacuate them. I told a few of the teachers that I spoke to that they should get a list of the students that were in the classroom, write their dates of birth on it, and give it to law enforcement after they were evacuated out of the school.

At one point I was posted at a hallway intersection along a main egress route for the students. I stood there as the children were evacuated in an orderly fashion one classroom at a time. The students walked out of the school in a single file line with their hands up. As they walked by me many of the students told me thank you.

Initially we egressed students to the north side of the school where the football fields were. Eventually we got word

verbally that we needed to egress the rest of the students out the south side of the school where the circle drive was. Apparently there were busses waiting there for them.

Throughout the event we would get periodic reports of 911 calls saying that children were hiding in this room or that room. One of the rooms kids were supposedly in was the boiler room. None of the 12 cops I was with had any idea where the boiler room was. I recalled when I was searching a room that I had seen a pink map of the school on the wall. This map was a fire egress map where someone had drawn an arrow to the nearest fire exit. I ripped this map off of the wall and found that the boiler room was actually an out building on the north side of the school. A team of us went towards the boiler room. (I noticed later that there was another pink fire map on the floor. I also saw another officer with a fire map in his pocket).

By this time we were beginning to recheck areas that we had checked before. It seemed that none of us had markers for marking the doors, but we ended up just grabbing markers out of desk drawers and off of chalk boards. The first time we searched a room we marked the door with an "X" with a circle around it. On subsequent searches we marked the doors with a number with a circle around it.

I searched classrooms, the gyms, the weight room, closets, bathrooms, the science rooms, the common area (where most of the blood I saw was at), a basement on the west side of the school, and various other locations. I participated in more searching with members of the FBI swat team. It seemed as though entire swat teams were now arriving in full gear to take over the search.

At around 1500 or 1530 hours Englewood cops and Sheridan cops assembled in the cafeteria. Sgt. Martin got a head count of us and made sure that everyone of us was accounted for. We then left that location and went to the command post across University awaiting further instructions. At approximately 1700 hours we were released.

When we arrived in our unmarked Chevy Impalas, we left our emergency lights on. This turned out to be a minor issue before we left because all four Englewood detective cars needed to be jumpstarted before we could leave. We accomplished this quickly and left the scene. No further action taken.

Supplement by Detective Joseph Fowler

On December 13, 2013 at approximately 12:43pm Detectives were notified of an active shooter at Arapahoe High School. I responded code three to the high school and parked on the North East side of the school. I teamed up with Detectives Jan Ball, Dave Jones, and Carl Kisselman.

Myself and Detective Jones jogged to the main entrance on the east of the school and went in. We teamed up with officers from other agencies and searched the building. I stayed on the east side of the building, searching classrooms. Myself and the other officers in my team made contact with approximately 200 students and consolidated them into one classroom for protection. After being given the go ahead from Arapahoe County Dispatch, the students were escorted out of the east side of the building and released to officers. I stayed inside the building and completed a secondary search and later maintained security for one of the east exit doors.

Officer Statement:	
On 12/13/13 at approximately 1241 hours, Dispatch advised that several agencies were responding to Arapahoe High School, reference an active shooter.	
Myself and OFFICER T. JONES were working Impact and responded to Englewood Dispatch, where we learned that potential victims may be transported to Swedish Medical Center.	
Myself and OFFICER T. JONES responded to Swedish Medical Center and contacted the Charge Nurse in the ER, and advised them that potential victims could be headed their way. We were advised to go to the Ambulance Bay and standby there. After waiting for a short period of time, it was learned that one victim was on the way. Once that victim was secured in an ER room, myself and OFFICER T. JONES cleared the hospital. Nothing further.	

Category	<u>NARRATIVE</u>
Supplement Written By Officer T Jones	
On Friday, 12-13-13 at approximately 1233 hours the report of an active shooter was reported at Arapahoe High School. Officer C. Read and I were advised that possible victims would be transported to Swedish Medical Center. Officer Read and I then responded to Swedish Medical Center to provide security for victims who would be coming to the facility.	
One victim from the school, a female was brought to the hospital. Upon arrival I walked with the Littleton Medics as the victim was brought into the hospital. The victim stated to me that she was walking in the hallway with her friend. The victim stated that when the shooter came into the school he began yelling, asking for a teacher.	
The victim stated as the shooter walked by her and her friend they could see the shotgun. The victim stated that her friend yelled to the shooter "What are you doing?" The victim stated it was at this time that the shooter turned and pointed the gun at her firing a shot striking her friend. The victim said she turned and ran from the area to a near by gym class. The victim then began receiving medical attention from the medical staff. It was at this time that Officer Read and I left the hospital after being notified that no more victims would be coming to the hospital.	
Nothing further to report at this time

Detective Ed Disner 02-02

On December 13, 2013, at approximately 12:40pm, Detective Carl Kisselman and I executed an emergency response to an active shooter situation at Arapahoe High School. We heard Officer Jim Cole air his arrival on scene, and request additional Officers on the west side of the school.

At approximately 12 49pm, Kisselman and I arrived and parked our vehicle in the parking lot on the northeast side. We deployed our duty rifles, were joined by Detective Joe Fowler, and moved westbound on foot through the parking lot. We encountered an occupied white pick-up truck that was backed into a parking space. We engaged the driver, [REDACTED], and passenger, [REDACTED], who said they had just talked with Detective Ball with Englewood PD and had given her their identification cards. [REDACTED] told us they received text messages that something bad was happening in the school. [REDACTED] said his brother, [REDACTED], was a student currently inside of the school. I told them to stay put until somebody could talk with them further.

Kisselman, Fowler, and I continued west until we met up with Englewood Police Detectives Jan Ball, and Dave Jones. Jones and Ball told us that the perimeter appeared secure so we went to the front (east) entrance of the school where we were joined by a few members of the Arapahoe County Sheriff's Office. We proceeded through the main entry, into the cafeteria, and cleared unlocked offices and rooms on the south side.

We entered a hallway through a set of doors on the south end of the cafeteria and cleared several unlocked classrooms on the south side of the hallway. We located at least two dark locked classrooms that contained students and faculty who were hiding. We ensured that none were hurt and evacuated these individuals out of the building. As more Officers appeared in the hallway, I remained posted at the south end of a central hallway. An order was relayed to seize any evacuations until further notice. I maintained post at that location until students were cleared from the classrooms and a secondary check had been completed.

Sgt. John Sherill with the Arapahoe County Impact Team came to my location and ensured the hallway remained secured by an unknown Arapahoe County Deputy. Sgt. Sherill asked me to assist him because he was putting together a team to conduct a third check of the classrooms on the west end of the school. Along with Sgt. Sherill's team, I assisted with third checks of the upstairs, main floor, and the basement area of the west end of the school. In

Supplemental report written by Detective Brian Ross

This is the same narrative and report I turned into ACSO as I did a report for them as well

On December 13, 2013 at approximately 12:33pm, I responded with Deputy Mike Agos and Detective Billy Todis (EPD) to Arapahoe High School, 2201 E Dry Creek, on the report of an active shooter.

Upon arrival to the school I observed a team of officers ready to enter the school so I deployed my rifle and entered the school with those officers. After entering the school I started clearing rooms and eventually ended up with Deputy John Turnidge with ACSO SWAT. Turnidge asked for my assistance with him and other members of the ACSO SWAT team to do secondary searches of the school.

After the secondary searches where completed I assisted with a third search of the school with members of the Arapahoe County Sheriff's Office Impact Team and various members of various SWAT teams.

After the third search of the building was complete I was assigned to do security at Door number 30 which was located on the west side of the building. After the exterior doors where found to be secured and locked I was relieved of my duties and left the scene.

building when I was told that evacuations were taking place. When they were not taking place we posted the teacher at the front open door to their classroom with their students inside to await instruction.

During the clearance of the school I was instructed by an ACSO Deputy in plain clothes to mark the cleared rooms with a circle around an X and he gave me a black marker to do so. After obtaining a key from an unknown teacher I was able to start entering classrooms that were locked and occupied. After evacuation of all students from the school and conducting multiple searches, we went to the north side to clear the two detached classrooms. After they were cleared and the occupants were instructed to exit I went to the south side of the school. A short time later I was asked to post on the east side of the building for security. After many sweeps were done inside the building ACSO Impact set up an interior perimeter covering every exit. On this day I was assigned to ACSO Impact and stood post on very southwest door of the school at the entrance to the gym. We held this perimeter until multiple tactical teams did a final search of the building, including K9 and EOD. After the building was given a final clear I reported to the Command Post. I then returned to the Sherriff's Office.

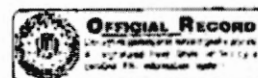

Nothing further.

Category NARRATIVE
Atkinson 8805

I responded to Arapahoe High School on a call of an Active shooter in the school. Upon arrival I grabbed my AR-15 rifle and my "Go-Bag" and along with EPD Officer J. COLE, 2 Douglas County Deputies and an Elbert County Deputy, we entered the school.

I worked my way to the west side of the school and began searching for suspects, victims or devices. I continued in this role for several hours working my way through multiple classrooms and exterior classrooms and parking lots. I encountered many classrooms which were occupied with students and staff. I asked if everyone was okay and if anybody needed medical attention. No students or staff requested assistance and at this time I reassured them they were safe and gave them directions to evacuate and assisted with that or had them remain in place until evacuation was possible.

I continued to assist in search and evacuation efforts until requested to respond to the Command Center at which time we stood down and were then relieved of duty and sent back to our respective agency.

shots, saw the male run, and heard a 4th shot. _____ also saw smoke in the hallway after the shots were fired.

In the study hall area, _____ was with _____, a sophomore, _____ Last Name Unknown (LNU), a freshman who is _____ and _____ LNU, a freshman, _____ 3 other students, whose names _____ did not know, to include another _____ were also in the study center. Also in the study center were 2 teachers, 1 white male, tall, with black hair around 27-37 years of age, and 1 white female, short, with wavy brown hair, about 30-40 years of age, who are usually in the study hall that period. _____ could not recall the teachers names. _____ believed she, plus 6 students and 2 teachers were in the study hall area at the time of the shooting.

After the shooting started, the teachers told the students in the study hall area to go into the closet in the rear of the study center. _____ first heard a lot of panic and then it was silent. About 10-20 minutes after _____ heard the first shot, she heard someone yelling "put the gun down." The male teacher who was in the closet with the students eventually opened the door and told the students to get out of the school. _____ could tell the teacher was upset by something he saw by the look on his face. The students went through the glass doors in the study center to get out of the school.

After talking to friends at the school, _____ told _____ "that's Karl" referring to the shooter. At the time of the shooting, _____ does not believe _____ knew it was KARL.

_____ drew a picture of the area of the school in which she saw the shooter and the area in which _____ was standing. The original picture was provided to Arapahoe County Sheriff's Office and a copy is attached. The "X" on the map is where _____ was standing when she heard the first shot. The original notes taken during the interview were also provided to the Arapahoe County Sheriff's Office. A copy is attached.

██████████, date of birth (DOB) ██████████, contact phone of ██████████, Parents ██████████ and ██████████, was interviewed at Euclid Middle School, located at 777 West Euclid St, Littleton, Colorado. After being advised of the identity of the interviewing Agent and the nature of the interview, ██████████ provided the following information:

██████████ advised that she is in 11 grade and attends Arapahoe High School, located at 2201 Dry Creek Road, Centennial, Colorado.

While ██████████ was in her 5th period class, she heard 3 loud "Bangs" coming from the hallway. There was a short pause and her teacher, Mr. Craig, advised to lock the doors to the classroom.

Students closed the blinds on the classroom windows and ██████████ advised that she observed students running in the west parking lot.

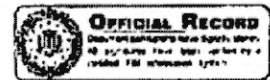

The class including ██████████ waited in the classroom for police to enter the classroom and escort the student out of the school.

ABBY HANCOCK, date of birth (DOB) [REDACTED], was interviewed at Shepherd of the Hills Church, 7691 South University Boulevard, Centennial, Colorado. After being advised of the identity of the interviewing Agent and the nature of the interview, HANCOCK provided the following information:

HANCOCK is a Language Arts Teacher at Arapahoe High School, located at 2201 East Dry Creek Road, Centennial, Colorado.

HANCOCK reported that on 12/13/2013 at approximately 12:58pm, she was standing in the North hallway of Arapahoe County Senior High School, 2201 East Dry Creek Road, Centennial, Colorado, when she observed a white male individual enter the West entrance or "Forum" doors of the school. HANCOCK immediately observed that the juvenile male was carrying a described "double barrel shotgun." The male, upon entering the school, then pointed the shotgun, as he was walking eastbound down the hallway and fired two shotgun rounds in succession. HANCOCK immediately ran out of the nearest exit to her, the cafeteria doors, where she contacted a student, [REDACTED], whom she told to run away from the school.

HANCOCK additionally advised that the Forum doors in the school are normally locked, except for at lunch time, when they remain unlocked.

HANCOCK described the male individual as:

Sex: Male

Race: White

FEDERAL BUREAU OF INVESTIGATION

Date of entry 12/18/2013

██████████, date of birth (DOB) ██████████, phone number ██████████, Student, Arapahoe High School, 2201 East Dry Creek Road, Centennial, CO, was interviewed via phone following the shooting that occurred on 12/13/2013. After being advised of the identity of the interviewing Agent and the purpose of the interview, ██████████ provided the following information:

██████████ was contacted on his cell phone after a student from Jeff Corson's classroom stated that ██████████ knew the shooter and that ██████████ was in the library when shots were fired. When ██████████ answered his phone, he stated that his mother picked him up from Southglenn Mall after he and a few other students escaped from the school. His mother was driving him up near Brighton, CO at the present time. ██████████ agreed to talk over the cell phone regarding the events surrounding the shooting.

██████████ was in the back of the library by the computers on the present date when he heard gunshots. He saw Karl Pierson enter the the library and loudly ask, "Where's Murphy?" Pierson was wearing a backpack and holding a shotgun. ██████████ and five other people quickly hid under a table. When Pierson went inside of Murphy's office, Pierson and the others ran out of the library. ██████████ heard more gunshots coming from Murphy's office as he ran. He saw a girl bleeding in the hallway before he ran outside of the school.

On Thursday, 12/12/2013, during sixth period AP US History, Pierson showed ██████████ a photo of a shotgun on his cell phone. Pierson told him that he had turned eighteen and was able to buy pornography, cigarettes and lottery tickets. Pierson did not seem to be upset, but rather happy about being eighteen years old. He did not mention anything that would make ██████████ think he was going to attack the school on Friday.

A few months ago, Pierson's mother "dragged" Pierson out of the school while he was yelling at Murphy. ██████████ recalled that this was after school and Pierson was loudly saying how he hated Murphy. ██████████ could not recall exactly when or where in the school this occurred, except that it occurred after school.

██████████, date of birth (DOB) ██████████, was interviewed at Euclid Middle School, located at 777 West Euclid Avenue, Littleton, Colorado. After being advised of the identity of the interviewing Agent and the nature of the interview, ██████████ provided the following information:

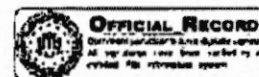

██████████ is a student at Arapahoe High School, 2201 East Dry Creek Road, Centennial, Colorado and is in the tenth grade.

██████████ reported that on 12/13/2013 after "second lunch" or right after "forth block classes," in the Arapahoe High School, 2201 East Dry Creek Road, Centennial, Colorado, he noticed a suspicious white male sitting by the West Wing, of the gym. ██████████ described the suspicious male as being "fidgety" and looking "older, out of place." ██████████ further described that the male did not have a back pack and didn't look like a student, as the male continued to nervously look around. ██████████ described the subject as a white/ male, 18 to 20 years of age, 6'03" to 6'04", medium build and had several days dark hair growth on his face. The subject was wearing a red patterned plaid jacket and a dark flat billed hat.

██████████ left the area and then heard at least two possible gunshots, at which time he was told by an unknown teacher that the school was in lock down and he was then ushered into a classroom located on the top floor of the school and remained in hiding until he was escorted out of the school by law enforcement personnel.

Christina Kolk, born [REDACTED], home address [REDACTED], [REDACTED], cellular phone number [REDACTED] was contacted at the Sheppard of the Hills Church on 12/13/2013 at approximately 3:00 p.m. After identifying the interviewing Task Force Officer (TFO) and the nature of the interview, Kolk provided the following information:

Kolk is employed as campus security for Arapahoe High School and has been so employed for about six years. Kolk knew the shooter in the incident today was Karl Pierson. She was positive it was him because she saw him in the library holding a rifle.

Kolk then talked about Pierson and what she knew about him. She remembered earlier in the year, Mr. Murphy approached her and the administration about his concern with Pierson. Mr. Murphy described a disagreement that took place between him and Pierson in the library. Murphy eventually told Pierson to leave and Pierson responded by stating he was going to kill Murphy. This upset and concerned Murphy which is why he brought it to the attention of campus security.

During another incident, Kolk remembered seeing Pierson in the school cafeteria one day a couple of months prior. She could see Pierson was on a personal portable computer and she could see he was looking at guns and scenes of mass shootings. Kolk approached Pierson about what he was doing and he stated he was just looking at guns. Kolk also knew that Pierson was kicked out of Ms. Lombardi's Spanish class the previous day. She did not think Pierson was suspended for this incident, but just made to leave class for the day.

Kolk described Karl as a senior at Arapahoe High School that everyone

knew was a loose cannon. He was very emotional and quick to anger. Kolk did not know of any friends he had at the school and did not think he had any sibling there. Kolk was unaware of any medication or special needs that Pierson had.

Kolk then recounted the events of this date. Kolk remembered at about lunch time on this date, she was in the cafeteria area where she heated her lunch and sat down in her office. She then heard gunshots. Kolk immediately ran toward the where she heard the gunshots, along with Cameron Rust. The sound was coming from the North hall and she ran to that area. Kolk thought she heard a total of about 7 gunshots. She saw students running from the class N13 and thought that was where the gunman was. She looked down the trophy hallway and she could see a cloud of smoke. She and Rust then approached the library. She looked in the library and saw a male she immediately recognized as Karl Pierson. Pierson was holding a dark colored rifle in both hands. Pierson saw her and turned his body and looked at her, keeping his rifle in both hands pointed in an upward angle. She told Rust, "There he is," and Rust called it out on the radio.

Rust then pulled Kolk back by her shirt and the two of them moved out of the way and down the hallway. They went down the center of the hallway yelling for all the classrooms to lock down, and to lock their doors and turn off their lights. They then went directly to the special needs classroom in the south hall and helped those children onto the ground. They locked that door and stayed with those children as Kolk called 911 and told operators what happened. Kolk later responded to the church where she waited to be interviewed.

Date of entry 12/18/2013

[REDACTED], date of birth (DOB) [REDACTED], phone number [REDACTED], Student, Arapahoe High School (AHS), 2201 East Dry Creek Road, Centennial, CO, was interviewed Euclid Middle School, 777 West Euclid Avenue, Littleton, CO following the shooting that occurred at AHS on 12/13/2013. After being advised of the identity of the interviewing Agent and the purpose of the interview, [REDACTED] provided the following information:

[REDACTED] was in the library working on a take-home test on the computer when he saw a student wearing a sweatshirt walk into the school entrance. [REDACTED] was facing a window and could see the sidewalk and entrance to the school by the swimming pool. He was sitting near [REDACTED] and [REDACTED]. He heard a sound like a locker door slamming and then heard another sound, recognizing the second sound as a gunshot.

A moment later, [REDACTED] heard a male student in a deep voice ask, "Where's Mr. Murphy?" [REDACTED] ducked behind a pillar close to his computer station. He saw a female library worker standing behind the counter near the shooter. She froze when she saw the shooter. A handful of students were crawling under desks in the library. Because [REDACTED] was behind the pillar with his back to the shooter, he did not see much of what happened. When students began to crawl out of a library door, he followed them.

When [REDACTED] was in the hallway, he saw a girl on her knees, slouched over a bench. He noticed blood on the floor around the girl. He ran out of the school doors where he saw the student in the sweatshirt enter the school. [REDACTED] ran directly into a bronze-colored car that was parked by the curb of the sidewalk. He figured that must have been the shooter's car because no one was supposed to park there. [REDACTED] walked out of the school lot and got a ride to Southglenn Mall with [REDACTED] and other students.

[REDACTED] spoke with [REDACTED] and learned that Karl Pierson was the shooter. Pierson was in an AP US History course with [REDACTED]. Pierson told students in the class that he did not like Mr. Murphy. He was interested in the Soviet Union and believed in socialism. At times,

[REDACTED], born [REDACTED], home address [REDACTED], [REDACTED], cellular phone [REDACTED], was contacted at the Sheppard of the Hills Church on 12/13/2013 at approximately 2:30 p.m. After identifying the interviewing Task Force Officer (TFO) and the nature of the interview, [REDACTED] provided the following information:

[REDACTED] was currently a senior at Arapahoe High School and was at school on this date. [REDACTED] was in the school at the time of the shooting and was in the Guidance center located on the East end of the building. He was near a staff member with a radio when heard someone on the radio state the shooter was Karl Pierson.

[REDACTED] knew Pierson for about three years. He was friends with Pierson, but did not talk or hang out with him outside of school.

Pierson was on the debate team with [REDACTED] until recently. Pierson was also in the same Economics class as [REDACTED] and sat right in front of him. He described Pierson as emotionally explosive

[REDACTED] knew Pierson's parents divorced recently. Pierson was also recently kicked off the debate team and was suspended from school. [REDACTED] was not sure on the date, but thought this occurred in September. Pierson was a captain on the team, along with [REDACTED] and another student [REDACTED], prior to being forced off the team. Teacher Tracy Murphy was the coach of the team and also worked in the Library. There was no public argument or disagreement in front of the team and [REDACTED] did not have any personal knowledge about any argument or problems between Murphy and Pierson. [REDACTED] did talk to Pierson about what happened and why he was kicked off the team and Pierson gave him some explanation about Pierson having ideas to help the team win more debates and Murphy did not like them. [REDACTED] did not think Pierson was being truthful when he talked to him about this and he did not pay much attention to the explanation. [REDACTED] thought
