Air Force Academy and he thought the school suspension meant he would be unable to get into the school. **Interval** knew about Pierson's interest in the school because Pierson would talk about it and **Interval** went to the academy. **Interval** agreed to take Pierson on a tour of the academy. **Interval** thought this tour occurred in approximately August of this year.

Regarding his suspension, Pierson talked to about it. He remembered Pierson said, "Well, apparently if you threaten to kill a teacher you get suspended." Pierson thought that conversation occurred on Monday or Wednesday of this week. A substant also recalled another odd conversation he had with Pierson. A substant estimated the conversation took place sometime in November, in their Economics class. He remembered Pierson was angry about not being able to get into the Air Force Academy and Pierson said, "I should bring guns in her and shoot this place up." There was silence after that and neither of them talked about it again.

was asked by this TFO about any other information he knew about Pierson including drug or alcohol use, mental illness, medications, friends, or siblings. Interfect did not know of any alcohol use, but he did know Pierson was a marijuana user. This marijuana use was the reason interfect he did not want to interact with Pierson outside of school. Interfect did not know of any diagnosed mental illness or medications, and he thought Pierson did not have any brothers or sisters. He was not sure which parent he lived with or how much interaction he had with each.

TFO provided him with a business card in the event he remembered any more details.

Active and the purpose of the interview, provided the following information:

approached undersigned Agent following the shooting and stated that he had information regarding Karl Pierson. On Wednesday, 12/11/2013, was in Spanish class when Pierson asked the teacher, Ms. Lombardi, if he could go to the bathroom. When Pierson returned, he banged loudly on the window. When Ms. Lombardi opened the door, she asked him why he was banging on the windows. He replied, "The door was locked. I couldn't get in."

Ms. Lombardi replied that the door was unlocked and asked him if he was being serious. Pierson replied that he was "serious as a heart attack," yelling at Ms. Lombardi. Ms. Lombardi asked him to leave and Pierson left the room. Pierson was not present in Spanish on the day of the shooting.

About two months ago, Pierson told **stars** and other students in the class that he owned a gun and kept it under his bed. Pierson was not present in the Spanish class on the day of the shooting.

Date of entry 12/18/2013

Middle School, located at 777 West Euclid Avenue, Littleton, Colorado. After being advised of the identity of the interviewing Agents and the nature of the interview, where provided the following information:

Centennial, Colorado and is currently in the twelfth grade (Senior).

reported to Rocky Mountain Safe Streets Task Force Officer Jeffrey Himes and this writer, that he is the "best friend" of the suspect, later identified as Karl Pierson, DOB; **Street Road**, in the shooting at the Arapahoe High School, 2201 East Dry Creek Road, Centennial, Colorado on 12/13/2013.

advised that he has known and have been "best friends" with PIERSON since both were freshman at Arapahoe High School, approximately three (3) years ago. further advised that they were both in the same "U.S. History class. added that PIERSON and he additionally attended the same church, advised that they in Highlands Ranch, Colorado.

advised that back in August or September, 2013, he was aware of PIERSON getting into an argument with the Debating Team Teacher, "Mr. Murphy." Advised that PIERSON, who was the Debating Team Captain, was removed from that position by Mr. Murphy and then removed completely from the Debating Team, following the argument with Mr. Murphy. Tecalled PIERSON telling him after PIERSON was removed from the Debating Team and was very angry, that "I should kill him" (Mr. Murphy). Tecalled PIERSON as being "quick to anger," adding that he, take PIERSON's threat seriously, that he would harm Mr. Murphy and didn't believe that PIERSON would not do anything about his threat.

Investigation on 12/13/2013 at Centennial, Colorado, United States (In Person) File # 356A-DN-3878111 Date drafted 12/17/2013

12/18/2013

was

Jeff Corson, date of birth (DOB) home address

contacted on 12/13/2013. Corson, a psychology teacher at Arapahoe High School, 2201 East Dry Creek Road, Centennial, CO, was interviewed in the lot of the Burger King across from the school following the shooting that occurred on the same date. After being advised of the identity of the interviewing Agent and the nature of the interview, Corson provided the following information:

Corson was teaching a class in classroom N-3 when he heard a loud bang. After a pause, he heard two noises that sounded like gunshots and went to the door of the classroom. He saw a person wearing dark clothing run down the hallway. He closed and locked the door to his classroom and turned off the lights, securing the students. Corson described the person running in the hallway as a white or Hispanic male, 15-17 years old, 5'6'' - 5'8'', medium build, short dark hair, wearing a light t-shirt and dark pants. The person ran out of the doors of the school while Corson shut his door.

Corson and students from his classroom had been separated by Arapahoe County Sheriff's Office (ACSO) as eyewitnesses who had possibly seen the shooter.

On 12/17/2013, undersigned Agent learned from Rocky Mountain Safe streets Task Force Sergeant Andrew Howard that Corson had information about the shooter, Karl Pierson. Corson was contacted on his cell phone on the same date and he provided the following information:

Pierson began the 2013 fall semester in the International Relations class taught by Corson. Corson handed the students a "tell me" sheet and attempted to have an open discussion with the class wherein he could introduce himself and they could talk freely about themselves. During this first week, Pierson sat next to a freshman girl who asked a question during this discussion. He stated loudly, "That's stupid." Corson told Pierson and the class that there were no stupid questions. Separately during a discussion that week, Pierson pointedly asked Corson in class, "Are you a Democrat or a Republican?" Corson sidestepped the question to avoid controversy. He told Pierson to stay after class but he did not stay.

356A-DN-3878111

Continuation of FD-302 of Interviews	of	Teacher	Jeff	Corson	, On	12/13/2013	Page	2 of	3	
--------------------------------------	----	---------	------	--------	------	------------	------	------	---	--

Corson asked around the AHS faculty to determine who knew Pierson so he could find out more about him. He spoke with Karen Gerlach, who teaches social studies. Gerlach said that Pierson was very involved in the debate team and that Tracy Murphy, the debate teacher, knew him well.

Within the next day or two, Corson spoke with Murphy in Murphy's office area. He told Murphy about Pierson's disruption in class. Murphy told him that Pierson competed in Nationals for the debate team and was starting to cause trouble. He said that Pierson started one of his speeches at Regionals or Nationals with the word "penis," or something similarly inappropriate, to get attention. Murphy said that lately Pierson was not representing the school well with such behavior.

The next day, Corson heard from a senior in one of his classes that Murphy removed Pierson as the leader of the debate team and that Pierson had "flipped out." He learned that Pierson's mother had to come take him from the school as the meeting between Murphy and Pierson went poorly and Pierson yelled at Murphy.

Corson found Murphy and spoke with him about what happened. Murphy confirmed that there was a conflict between him and Pierson.

Corson was concerned about Pierson because of that incident and he called Pierson's mother. They spoke quite awhile and she said that Pierson had been difficult to deal with for an extended period of time. They talked about anger issues and she understood Murphy's position and decision regarding the debate team issue. Corson believed that the mother was genuinely concerned about Pierson, but he did not receive any significant insight into why Pierson behaved like he did. Corson told her that he wanted to help Pierson and would make every effort to do so.

Within a day or two, Corson spoke again with Murphy. They discussed how upset Pierson was when he was removed as the debate team leader. Murphy jokingly told Corson words to the effect of, "When Karl comes up with a gun someday, you know you caused this." They continued the conversation with Assistant Principal Darrell Meredith. Corson said that he thought Karl was the type of person who was vocal and vented his anger, not keeping it stored inside of him.

Corson did not see Pierson for a few days and wondered if he was suspended from the incident with Murphy. When Pierson returned to class, Corson spoke with him after class and told him that he needed help with the freshmen. They walked down the hallway and Corson told Pierson that he had the knowledge and background to help bring the freshmen along in class.

Corson discovered that Pierson liked the Soviet Union and identified

356A-DN-3878111

Continuation of FD-302 of Interviews of Teacher Jeff Corson	, On	12/13/2013	Page	3 of .	3	
---	------	------------	------	--------	---	--

with communism. He told Pierson that he had lived in Hungary behind the iron curtain and showed Pierson a photo regarding such. Pierson warmed up to Corson and began to be more involved in class.

During a two-week resolution exercise on North Korean nuclear leaks, Corson assigned mediators to Pierson's table to allow them to see arguments from a different perspective. The students were divided into two tables and were involved in mediation to resolve political differences. Although Pierson got excited and animated about the debates, he maintained his composure and performed well.

Some time during the semester, the same freshman girl said something which Corson knew that Pierson would find to be unintelligent. Corson watched Pierson and noticed he restrained himself from berating her. He asked Pierson to stay after class and Pierson thought he was in trouble. Corson instead praised Pierson for not saying anything to the girl, though he could have easily made her look foolish.

During the parent-teacher conferences, Pierson's father came to speak with Corson. The father seemed haggard and sat down with slumped shoulders. Corson told him that Pierson was doing very well in International Relations and offered examples of his participation. The father cheered up and stated that Pierson's grades were going down in his other courses because he was not turning in his homework.

On Thursday, the day before the shootings, Pierson gave a presentation on how China was providing better aid to Africa than the United States. Pierson argued that the Chinese aid was provided without strings attached, as compared to the aid from the United States. Pierson seemed well that day and gave no indication that he planned to harm the students or faculty. -1 of 1 - .

asking them if they were kidding. Said that the man did call 911 and then kept and the other kids with him at his home as Police and Sheriff's Deputies began arriving at the school. Said that he called his Mother to tell her that he was ok. Said that they stayed in front of that house until later when they were directed to get onto a school bus which brought them to be interviewed.

reported that all of the events in the Library happened very fast and that he did not recognize the subject with the shotgun at all. did not know what else may have happened in the school and said that it seemed like there were a lot of law enforcement there very quickly after they got out of the school.

The reporting Agent talked to **see** about the importance of talking to a Counselor or someone about what he had witnessed. The reporting Agent took **to** the area within the school where students were being re-united with their parents. The reporting Agent also provided **see** name and contact information to school Counselors who were present at the middle school.

FEDERAL BUREAU OF INVESTIGATION

Date of entry 12/19/2013

On December 13, 2013, Federal Bureau of Investigation Special Agent (SA) Justin D. Stern conducted the following investigation:

At approximately 7:39 p.m., SA Stern and Mary Lou Gwaltney, Investigator, Arapahoe County Sheriff's Office, reviewed surveillance camera footage of a shooting incident that occurred at Arapahoe High School (AHS) on December 13, 2013. Gwaltney has the following contact information: work telephone number for the cellular telephone number for the cellular december mgwaltney (for the cellular telephone number for the cellular december), e-mail address mgwaltney (for the cellular december). The pair's review occurred at the Littleton Public Schools (LPS) District Office, located at 5776 South Crocker Street, Denver, Colorado. Bill Cornforth, LPS Security Officer, provided technical assistance to the pair and facilitated their review. Becky Niles, LPS Facilitator of Security and Emergency Management, was also present for a portion of the review.

Niles related that there are surveillance cameras at AHS. The cameras are manufactured by surveillance cameras at AHS. The cameras installed in 2003 with a total of cameras. From September 2012 to November 2012, and additional cameras were installed at the school.

Camera is located outside. Specifically, Camera is located is located in the second se

At approximately 13:20:58 (uncorrected time), on Camera , a gunmen first appears on the footage. The gunman appears to be running southbound,

, white female, date of birth, **Sector**, address, **Sector**, cell phone, , was contacted at Arapahoe High School (AHS), 2201 E. Dry Creek Rd., Centennial, Colorado 80122. **Mother**, **Sector**, was also present during the interview. After being advised of the identity of the interviewing Agent and the nature of the interview, **Sector** provided the following information:

knew Karl Pierson from **Considered** class, as well as **Considered** him a friend and would associate with him outside of class. described Pierson as very "political" thus the kids at AHS were mean to him. The had even told staff members at the school about this, yet felt nothing had been done. **Constant** would eat lunch with Pierson on occasion and had done so a couple of time during the past couple of weeks, prior to the shooting. During some of her recent conversations with Pierson at lunch, **Constant** told Pierson she was depressed and feeling suicidal. **Constant** told him this as she felt he may relate to her as he was poorly treated by other students, however, Pierson never expressed to her that he was suicidal. Pierson did tell her he was there for her if she ever needed to talk to someone.

then discussed being concerned about a couple of students at AHS she felt may have either been involved in the shooting or knew about it prior to it happening. The first student she was worried about was **state**(LNU) from her **shooting**. The first student she was not there the day of the shooting, however when she asked **state** where he was, she told her he was a appointment. The had nothing more to base her speculation on other than the fact **shoot** was not at school at the time of the shooting. The then indicated she had talked with **shoot** approximately two days following the shooting on Facebook. The was another student in **shoot** was not sure how **show** knew this but wanted to pass this along to the Authorities.

OFFICIAL RECORD

FEDERAL BUREAU OF INVESTIGATION

Date of entry 12/23/2013

On December 19 and 20, 2013, writer interviewed the following individuals at Arapahoe High School, 2201 East Dry Creek Road, Centennial, Colorado 80122 in classroom C24:

After being advised of the identity of the interviewing Agent and the nature of the interview, the students confirmed that they were in Spanish class with Karl Pierson, however they had limited interaction with him. They noted that Pierson had an incident on Wednesday before the shooting where he was yelling for being locked out of the classroom upon return from the restroom and hence was kicked out of class by the teacher.

None of the students had direct knowledge of him purchasing a weapon. No other relevant information was discussed with the individuals noted above.

phone was interviewed at Euclid Middle School, 777 West Euclid, Littleton, Colorado after being transported there by school bus following a shooting that occurred at Arapahoe High School in Centennial, Colorado. After being advised of the identity of the interviewing Agent and the nature of the interview, provided the following information:

The interviewing Agent asked **sectors** if he was OK, willing to be interviewed about the incident, and if his family knew his status. **Sector** said the he was fine, willing to be interviewed, and his family was aware that he was safe.

said that he was in Ms. Melin's 5th period Spanish class talking to his friends about going to the Arapahoe basketball game that night. He said the class went from 12:14 to 1:12 p.m. and he was asking the part of the gunshots Unknown (LNU), a question when he heard gun shots. He said the gunshots started around 12:30 p.m. He then described one shot a short pause, a second shot and another moment passed followed by three shots in quick succession. Shortly after hearing the shots, his teacher got up and told the students to get into a corner away from the door. He could see two or three people running down the hallway from left to right as he moved to the corner.

described hearing bullet strikes against the lockers adjacent to his class. He also said that seconds after he heard the shots someone announcement over the PA that the school was on lock down. A minute later he heard the fire alarm go off and he thought the shooter was trying to draw people out. Shortly after the fire alarm went off, the PA announcer said to ignore the fire alarm. Thereafter, he recalled waiting in his classroom and hearing police in the hallway. This went on for about forty five minutes. While waiting, he accessed 9 News on his phone, and learned that a shooter was found dead from an apparent self inflicted gunshot. When asked if there were any other people in his 5th period class said he knows the LNU, the LNU, the LNU, the LNU, the LNU, and LNU.

number **Market and Second Action**, was contacted on 12/20/2013 at Arapahoe High School after she approached Investigators about information she had regarding the school shooting. After identifying the interviewing Task Force Officer (TFO) and the nature of the interview, Cornils provided the following information:

Cornils is currently employed as a Social Studies teacher at Arapahoe High School and has been employed there since 2001and prior to that she was a teacher in Texas. Cornils then described the events she remembered from 12/13/2013. Cornils was with another teacher, Karen Gerlik, in the north hallway near room C-7. She started walking when she heard a gunshot. Cornils was familiar with the sound of guns and was immediately sure it was a gunshot. She was able to look up the hall to the end of the hall where she saw a male level the shot gun and then take a shot. She saw this occurred near the library near the trophy hall. She did not immediately recognize the shooter, but could tell it was one of the students from Arapahoe High School. She could see he looked to be six foot tall, with fair skin and blonde hair and wearing something on his head.

The shooter then looked at her and fellow teacher Gerlik. Gerlik yelled gun and Cornils yelled something to the effect of active shooter. Cornils wanted everyone to hear a teacher yell that there was an active shooter so no one would think it was a joke. She then went into the social studies office where she huddled with other teachers and student **should** in the office closet. They waited there until they knew SWAT was in the school. They then evacuated to the track.

Cornils was asked about any personal knowledge she had of Karl Pierson. Cornils knew who Karl was, but never had any interaction with him. She did

, born **Market and Source and Sou**

was in the library during 5th period on 12/13/2013. She had not yet been interviewed by police and was still very upset about the event. Was in the library using the computers against the far wall. She was on the farthest computer from the entrance when she heard a loud bang that sounded like a gunshot. Someone in the library made a joke about the noise, something to the effect that someone was angry. Then heard yelling in the hallway. The library door opened and she then heard another gunshot, immediately followed by a voice that yelled, "Where the fuck is Murphy."

did not see who entered the library or shot and she immediately hit the ground and crawled under a table and through the library. She crawled into room N13 where she got up and ran out into the hallway. Upon entering the hallway, she immediately froze when she saw a girl on a bench. The girl had blood on her face and she turned and looked at **before** before she fell over. The hallway was extremely smoky and she had difficulty seeing anything else. **Before** heard more noise and gunshots and she ran out of the building through the nearest exit.

After running out of the building, and several other students bumped into teacher Stacy. Stacy was a teacher from the nearby elementary school Mark Twain. Stacy drove several other kids running from Arapahoe High School to Southglenn mall.

Centennial, Colorado and was in school on Friday, 12/13/2013.

Peeples and this writer that he considers himself a "friend" of the suspect in this case, KARL PIERSON, DOB, **Constitute** further advised that he was on the same Arapahoe High School Debating Team as PIERSON.

described PIERSON as a "It's either my way or the highway kind of guy." additionally described PIERSON as "very intelligent" and "number one on the debate team." advised that PIERSON liked to "surprise" or shock people, just to see what their reaction would be. Intelligent advised the example of PIERSON starting out a debate competition with the statement, "I woke up this morning and my penis fell off." Intelligent clarified that the subject of the debate was about trouble in the Middle East. Intelligent that it was that statement that had PIERSON removed from the debating team by the teacher, Mr. Murphy.

reported that on Monday, 12/09/2013, he had text PIERSON, "Sorry you couldn't be on the Debate Team." PIERSON reportedly told **The Source** that he actually could return to the Debate Team, but, "I hate Mr. Murphy so much." Would later post on Facebook, "Do you know if you threaten to kill a teacher, you will get suspended?"

FEDERAL BUREAU OF INVESTIGATION

Dute of entry 12/19/2013

On December 13, 2013, Federal Bureau of Investigation Special Agent (SA) Justin D. Stern conducted the following investigation:

At approximately 7:39 p.m., SA Stern and Mary Lou Gwaltney, Investigator, Arapahoe County Sheriff's Office, reviewed surveillance camera footage of a shooting incident that occurred at Arapahoe High School (AHS) on December 13, 2013. Gwaltney has the following contact information: work telephone number for the cellular telephone number for the contact, e-mail address mgwaltney(for the cellular telephone number for the Littleton Public Schools (LPS) District Office, located at 5776 South Crocker Street, Denver, Colorado. Bill Cornforth, LPS Security Officer, provided technical assistance to the pair and facilitated their review. Becky Niles, LPS Facilitator of Security and Emergency Management, was also present for a portion of the review.

Niles related that there are surveillance cameras at AHS. The cameras are manufactured by surveillance cameras at AHS. The cameras installed in 2003 with a total of cameras. From September 2012 to November 2012, and additional cameras were installed at the school.

Camera is located . Specifically, Camera is located . The camera faces Attached to this report is a map of AHS indicating Camera s location and orientation. Camera s recorded footage is stored on "Digital Video Recorder A" (DVR-A). DVR-A is located at AHS. At the time of the review, the time-stamp for Camera s recordings was approximately 48 minutes ahead of Mountain Time.

At approximately 13:20:58 (uncorrected time), on Camera , a gunmen first appears on the footage. The gunman appears to be running southbound,

as suggested by the appearance of smoke: the gunman fires the round in a southern direction.

At approximately 13:30:33, on Camera the gunman looks west, to his left. The gunman slightly depresses the firearm.

At approximately 13:30:34, on Camera the gunman raises the firearm. The gunmen appears to be donning a dark colored baseball cap and red handkerchief around his neck. A shoulder strap is visible on the gunmen's left shoulder. The gunman appears to don a watch on his right wrist.

At approximately 13:30:36, the gunman leaves Camera 's footage.

Camera is located within AHS. Specifically, Camera is located within AHS. Specifically, Camera camera faces is a map of AHS indicating Camera 's location and orientation. Camera 's recorded footage is stored on "Digital Video Recorder C" (DVR-C). DVR-C is located at AHS. At the time of the review, the time-stamp for Camera 's recordings was approximately 119 minutes ahead of Mountain Time.

At approximately 14:27:13 (uncorrected time), on Camera , two individuals are observed sitting on a bench. The bench is located east of Room N-13.

At approximately 14:30:49, the gunman opens the front door to AHS.

At approximately 14:33:57, on Camera the southernmost individual seated on the bench, shifts their posture.

At approximately 14:33:59, on Camera , the gunman faces the seated

, date of birth (DOB) , home phone , was interviewed at

Euclid Middle School, 777 West Euclid, Littleton, Colorado after being transported there by school bus following a shooting that occurred at Arapahoe High School in Centennial, Colorado. After being advised of the identity of the interviewing Agent and the nature of the interview, provided the following information:

said that he is a Sophomore at Arapahoe High School and it was about 12:30 P.M. during the 5th period of the day that he went into the Library to study with his two friends and and LNU (last name unknown). heard a loud bang, which he assumed was a locker door being slammed in the hallway. heard two more loud bangs and then smelled gun powder. said that he hunts and is familiar with the smell after a shotgun is fired. said that almost immediately after hearing the bangs the door to the Library was ripped open and he saw what he described as a white male, about 6 feet tall, wearing a grey hoodie, with the hood up, holding a black shot gun. said that the subject holding the gun yelled "where in the fuck is Murphy". said that he assumed that he meant the Librarian who was named Murphy. said that he locked eyes with the subject holding the gun and the subject pointed the gun directly dove to the floor as the subject fired the shotgun. From at him. under the table could see the subject walk towards the girl who checked out books. From his position on the floor saw and LNU run from where they were towards a side door that lead into another classroom next to the Library. **First** followed and fled into that classroom and out a door in that room that lead to a hallway. that they ran down to the right and towards the North doors of the school. said that he ran past a girl who had been shot on the bench near the doors and that he saw that she was bleeding badly and appeared to be crying. said that it appeared that the girl was hurt very badly based upon all of the blood that was there. said that once outside he and some other kids ran down by the football field onto Franklin Street. said that when an down Dry Creek and never came back. said that he and they saw a man who was about to leave his home and they approached him and asked him to call 911 because there had been a shooting at the school. said that this man did not believe them at first and kept

asking them if they were kidding. Said that the man did call 911 and then kept and the other kids with him at his home as Police and Sheriff's Deputies began arriving at the school. Said that he called his Mother to tell her that he was ok. Said that they stayed in front of that house until later when they were directed to get onto a school bus which brought them to be interviewed.

reported that all of the events in the Library happened very fast and that he did not recognize the subject with the shotgun at all. did not know what else may have happened in the school and said that it seemed like there were a lot of law enforcement there very quickly after they got out of the school.

The reporting Agent talked to about the importance of talking to a Counselor or someone about what he had witnessed. The reporting Agent took to the area within the school where students were being re-united with their parents. The reporting Agent also provided name and contact information to school Counselors who were present at the middle school.

knew Karl Pierson from Spanish class, as well as physics, but also considered him a friend and would associate with him outside of class. described Pierson as very "political" thus the kids at AHS were mean to him. I had even told staff members at the school about this, yet felt nothing had been done. Would eat lunch with Pierson on occasion and had done so a couple of time during the past couple of weeks, prior to the shooting. During some of her recent conversations with Pierson at lunch, I told Pierson I to be as he was poorly treated by other students, however, Pierson never expressed to her that he was suicidal. Pierson did tell her he was there for her if she ever needed to talk to someone.

then discussed being concerned about a couple of students at AHS she felt may have either been involved in the shooting or knew about it prior to it happening. The first student she was worried about was **state**(LNU) from **state** class. Was not there the day of the shooting, however when she asked **state** where he was, she told her he was a **state** appointment. The had nothing more to base her speculation on other than the fact **state** was not at school at the time of the shooting. Then indicated she had talked with **state** approximately two days following the shooting on Facebook. Was another student in **state** class and had told **state** during their conversation that he heard knew about the shooting prior to it happening. Was not sure how **state** knew this but wanted to pass this along to the Authorities.

ACSO AHS Investigation ACSO_0001052

On December 13, 2013, at approximately 1:45 p.m., at the request of the Arapahoe County Sheriff's Office, FBI Denver SWAT Team operators responded to and assisted in clearing Arapahoe High School, located at 2201 East Dry Creek Road, Centennial, Colorado, to allow evidence teams to safely process the crime scene. FBI Denver SWAT conducted a final clear of the interior and exterior of the eastern quadrant of the school beginning at approximately 3:44 p.m. and ending at approximately 4:46 p.m.

A roster of the FBI Denver SWAT Agents that participated, the notes maintained by the FBI Denver SWAT Tactical Operations Center (TOC) and a final clearing map of the school are attached and the original copy has been added to a 1A envelope.

Investigation on 12/13/2013 at Centennial, Colorado, United States (In Person)

3155 Report

2013-12-16 11:52:08.623

On December 13, 2013, at 13:12 hours, while located at Denver Pederal Center, Inspector Tyndell received a request via cell phone from Arapahoe County Bomb Squad Commander Sgt. Rich Anselmi for five EDD K9 teams to respond to an Active Shooter event at Arapahoe High School located at 2201 East Dry Creek Road, Centennial, CO

Contemporaneously, Inspector Tyndell relayed this response request to PPS Inspector Williamson, two EDD teams of the Denver Shariff's Office and one EDD team from Jefferson County Colorado Sheriff's Department. Inspector Tyndell then responded to law enforcement Command Post located at 7450 S. University Blvd. in Centennial, CD, directly east of Arapahoe High School. Inspector Tyndell arrived at the command post at about 1400 hours.

Upon arrival, Inspector Tyndell met with Sgt. Rich Anselmi and was assigned to sweep the main front entrance/exit of the school, located on the south side of the school, for explosives. Commencing at about 1408 hours, Inspector Tyndell completed this sweep with his K-9 partner Ajka and one unknown EDD team from the Denver Sherriff's Office. Neither EDD K-9 indicated the presence of explosives during this sweep. Inspector Tyndell then returned to the Command Post.

At the Command Post, Inspector Tyndell, now joined by Inspector Williamson, were assigned to find the suspect's vehicle, given three possible license plates for the vehicle with the goal of sweeping the vehicle for explosives when found. Inspector Tyndell located the suspect's vehicle, CO plate **section** located in the Arapahoe High School parking lot adjacent to the northwest corner and parked illegally in the fire lane next to the school. There were no other cars parked immediately next to this vehicle. Upon looking through the vehicle's window, Inspector Tyndell observed some multiple keys together on the driver's seat but nothing else notable.

Inspector Tyndell conducted a sweep of this vehicle for explosives with the K9 showing no change. Inspector Tyndell then walked to the west side entrance/exit of the school (near the school's Team Entrance) to for purposes of conducting sweeps of multiple interior locker rooms assisted by an unknown SWAT team Swaeps of these locker rooms were completed with the no change. Upon completion of these sweeps, Inspector Tyndell then returned to the Command Post.

At the Command Post, the present EDD K9 teams ware given areas of the school to sweep. Inspector Tyndell, assisted by PBI EOD swept the Gym Area, Locker Roums and Various class room on the Westside along with approximately 300 backpacks with the K9 showing no change. Inspector Tyndell and K9 along with FBI EOD entered on the Westside through the Team Entrance

Inspector Williamson swept his assigned area with approximately 125 backpacks with the KS showing no

Narrative Continuation

change.

All K9 teams returned to the school's cafeteria area, now the gathering area for law enforcement in the interior of the school, for further assignment.

-

At about 2005 hours, all K9 teams were released by Sgt. Rich Anselmi.

3155 Report A 1- 6 ----ACSO AHS Investigation ACSO_0001056

** FOR OFFICIAL USE ONLY **

2013-12-18 13:34:28.84

On December 13, 2013, at about 1:00 PM, Federal Protective Service Special (SA) Agent Adam Kowalski received notification from the Colorado Information Analysis Center of an Active Shooter event which recently had occurred at Arapahoe High School located at 2201 East Dry Creek Road, Centennial, CO.

This notification included that the suspect(s) were not currently accounted for and Arapahoe County Sherriff's Office was making assistance requests to area law enforcement for explosive detection teams.

SA Kowalski identified the FPS protected facilities near Arapahoe High School and contacted FPS Inspector Tyndell who relayed that he had also an explosive detection team request from Arapahoe County Sherriff's Office Sgt. Rich Anselmi. Inspector Tyndell indicated that both he and Inspector Brian Williamson were responding the high school with their explosive detection X-9 partners.

SA Kowalski responded to the Arapahoe High School Law Enforcement Command Post, located at 7450 S. University Boulevard in Centennial, CO, directly east of Arapahoe High School arriving at about 2:00 PM.

While at the command post, SA Kowalski contacted FBI Supervisory Special Agent Robert Evans, FBI On-Scene Commander, who relayed that the suspect was currently contained in the school, there was currently no information indicating the presence of additional suspects and there was no known terrorism nexus at that time.

SA Kowalski departed the scene at about 2:30 PM.

Incident # 13010948

MULQUEEN, J

INFORMATION:

On 12/13/13 at approximately 1235 hours I was enroute to work when I heard Sgt Guadnola air over GVPD channel 1 that there was a possible shooting occurring at Arapahoe High School located in Arapahoe County.

I then heard, over Arapahoe County's channel, a deputy stating that there was a person down in the hall and I could hear the smoke alarms going off in the background. I notified GVPD dispatch and I responded emergent to the scene from the area of Parker Road and Lincoln Ave.

I arrived on scene at approximately 1247 hours on the south side of Arapahoe High School. I deployed my rifle and responded with officers from differing agencies and entered through a south main door to the cafeterial commons.

Our group cleared any unlocked rooms and worked through hallways. As I entered a main hallway near the media center, I observed a pool of blood with drag marks on the floor as well as a couple of shotgun shells.

As we were clearing the west area of the school, we encountered an unlocked door to room #W102. Inside we located a group of students and a teacher. A deputy and I stood by to protect the room as the group of officers continued searching. While speaking with the teacher she advised that all the neighboring rooms should have people locked inside. We obtained the teacher's key and I assisted in clearing room #W101. That room also was full of students and a teacher. We prepared them all for evacuation by searching them for weapons. I assisted in evacuating them out of the school through the north doors where they were turned over to other officers.

I cleared the second floor rooms with other officers and was then advised that there were students locked in a closet in W115. I responded there with other officers and located the room. The keys we had would not work on the door including a "master key". We forced entry into the room and secured the students and teacher. I then assisted in searching them for weapons and evacuated them out the school through the south doors to waiting officers.

I teamed up with Greenwood Village ERT team members and Littleton SWAT members at the entry into the commons. We were tasked with doing secondary searches of all rooms and initial searches of locked rooms. We encountered the 'snack shop' which was locked and the master key would not work. We forced entry into that area as well as the adjoining storage closet. No one was located inside.

I was later tasked to search with the blue team of ERT. We were assigned rooms in the "C" and "S" halfways. We cleared each room and then had an EOD technician from ACSO check the room for suspicious devices. Each room was then marked with "GVPD", the clearance time, "EOD Cleared" and the officer's initials.

After completing that task, we were assigned to clear the south side exterior of the building, checking for any hiding students or any suspicious devices. We cleared the assigned area as well as a portion of the west parking lot. We did not locate any persons or items of concern.

ACSO AHS Investigation

We were then requested to respond back to the command post where we were released from the scene.

All or portions of this event were audio/video captured on GVPD unit # 912's MVR.

Incident # 13010948 (1)

CHUMLEY, J

On December 13th 2013 I arrived to my regular patrol shift (1300hrs) and was immediately notified that there was an in progress shooting at Arapahoe High School (2201 E Dry Creek Rd, Centennial, CO 80122). I, Ofc. A. Wynder and R. Hasche changed and proceeded to regular patrol routine. Collectively the swing shift decided to go immediately patrol Greenwood Village Schools to increase presence.

I was informed that all of the City of Greenwood Village schools currently had a patrol officer on scene if not two. Taking this into consideration, I contacted Commander Ed Rossmeisl and requested permission for myself and Ofc. A. Wynder to go to other Arapahoe County Schools for police presence. Knowing that ACSO resources were depleted, I assumed that not every Arapahoe County School, within the immediate area of Arapahoe High School, had been contacted or had an officer on scene. Commander Ed. Rossmeisl granted us permission.

We first responded to Newton Middle School (4001 E Arapahoe Rd, Centennial, CO 80122). There we were advised by an Arapahoe County Deputy that there was already police there. She informed us that:

- Homestead Elementary School (7451 South Homestead Parkway Centennial, CO 80123)
- Dry Creek Elementary School (7686 East Hinsdale Avenue Englewood, CO 80112)

Currently had no officers at these schools. I then drove to Homestead Elementary, Ofc. A. Wynder drove to Dry Creek Elementary School.

When I arrived I spoke to the principal Kim Kenyon who informed me I was the first officer to arrive. I asked her if the school was locked down and that if every exterior door was locked. She informed me that both had been accomplished. I remained at the front door with Kenyon until I received aN alert via my department issued phone requesting all E.R.T. members to respond to Arapahoe High School.

Upon arrival I changed into my full tactical uniform. I then met with Ofc. T. Costarella at the Command Post located directly east of the high school.

I was then assigned to secondary clearance team with the "Blue Team" of the Greenwood Village Police Emergency Response Team and Littleton Police S.W.A.T. There we cleared rooms in the "C" and "S" hallways of the high school. After clearing each room I marked on the entrance door with marker "GVPD (the time of clearance in 2400hrs) and the number "3" (as instructed by command to indicate either the 2nd or 3rd clearance of the room) and also "EOD" with a check mark next to it to indicate that a bomb technician had cleared the room with us). During this time I was given a master key to the rooms (1 of 2 for our entire clearing team). I then ran to rooms which were locked and unlocked them for the clearing team.

During this time in the hallway of the "Main Gymnasium" and "Auxiliary Gymnasium" I observed on the most western side of the hallway a trail of blood drops that had dripped on the floor spanning in direction from the north and south. All clearance members were advised and paid special attention to not step in the blood trail.

I completed the rest of our clearance which included the southern exterior (cars and landscape) and west parking lots. We looked in numerous vehicles for explosive devices and or victims/suspects. We completed our search/cleareance and returned back to the command post as instructed to do so.

ACSO AHS Investigation

There I was relieved of my position and requested to return back to my regular patrol shift.

No further action was taken by me.

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (2)

WYNDER, A

On my arrival to work on 12-13-13 at about 1250 hours I learned that there was an active shooter at Arapahoe High School located at 2201 E Dry Creek Rd. Our swing shift team was tasked to cover all the schools in Greenwood Village. Most of dayshift and SRO's were already at the schools. All the schools in the city had one or more police officers presence. I also learned that all of Littleton Public Schools were on lock down.

Officer Chumley called and asked Commander Rossmeisl if he and I could go outside the city to make sure that the schools close to Arapahoe High School had tocked down and had police present. Officer Chumley knew that most of the deputies would be responding to the shooting which would leave their schools with a lack of police presence.

We first responded to Newton Middle School on E. Arapahoe Rd, and S. Colorado Blvd. An Arapahoe County Deputy was on scene and asked if we could check on two different schools on Dry Creek Rd. I responded to Dry Creek Elementary School located at 7686 E Hinsdale Ave. I arrived on scene and walked the perimeter of the school. I stayed in front of the school until I received a phone alert asking for all ERT members to respond to Arapahoe High School.

I activated my emergency lights and responded to the scene. I then changed into tactical gear and responded to the command post. I learned that I would be assigned as a second clearance team and to meet up with other tactical units at the front doors of the school.

I teamed up with Greenwood Village ERT team members and Littleton SWAT members at the south high school entrance. We were tasked with doing secondary searches of all rooms and searches of locked rooms. Being a member of the "Blue Team" of ERT we were assigned rooms in the "C" and "S" hallways. We cleared each room and then had an EOD tech check the room for suspicious devices. Each room was then marked with the clearance time and initials.

After completing that task, we were assigned to clear the south side exterior of the high school. We checked for any unaccounted students or any suspicious devices in or around vehicles. We also checked a portion of the vehicles in the west parking lot. I was then released from the scene.

Page 6 of 31

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (3) SKOUSE, E

Supplemental

On 121313 at about 12:30pm, I responded to the Arapahoe High School, located at 2201 E. Dry Creek Rd on a report of an in-progress school shooting. I arrived on scene and began to assist the SRO Sergeant with the evacuation of numerous juveniles from the north side of the school. Numerous juveniles were shaking and crying, while at the same time thanking law enforcement for helping get them out of the building.

I also assisted with the checking of the boiler room area on the north side and there was an unlit crawlspace that led all the way underneath the school, which I left for a SWAT unit to enter later.

I relocated inside the north entrance to the school and realized that the crime scene where two juvenile girls had been shot at was unsecured. There was a large pool of blood on the ground by a bench and the bench itself had a pink cellphone lying on it with blood all over it. There were impact pellets from a shotgun shell against a brick wall that was directly behind the bench. There were miscellaneous shotgun shells lying on the ground. A vast trail of blood led from the impact area, down the hall about 100 feet to the south. There was also a pair of black sunglasses lying on the ground near the entry/exit doors (it is unknown if these came from evacuated students or from a victim/suspect).

I advised a deputy that I was going to relocate to my patrol car and grab some traffic cones and some crime scene tape in order to secure the scene in the corridor, since numerous police personnel were checking rooms nearby and could potentially contaminate and or accidentally step on blood or kick the shotgun shells.

I returned to the scene and covered the shotgun shells with traffic cones (apart from a shell which was down another corridor that I taped off access to) and put crime scene tape at the top of the cones to denote that they were obviously placed there for a reason, since there was no other better resources for scene securement as this at the time. I also ran crime scene tape along the length of the corridor to seal off access to the blood trail and I sealed off the impact area where the bench and pool of blood was. I also noticed that there were large clumps of hair on the ground, about a yard to the south of the bench. The hair looked light brown and was in long strands. There were also impact pellets on the brick wall itself, next to a glass display case. I ensured all of this was contained securely. I placed a cone next to the sunglasses (not on them) since the sunglasses were up against the stairway wall. As aforementioned, a shotgun shell was in another long corridor. I did not have any more cones so I sealed off the area where this shell was with crime scene tape and put some crime scene tape on the ground next to the shell to draw attention to the fact that there was a shotgun shell there (so that investigators did not think the area was sealed off as a continuation of the other corridor).

I then stood by and remained with the scene to continue to secure it until I was eventually relieved and relocated on over to the Command Post at around 5pm.

Incident # 13010948 (4)

GRIFFIN, J

On 12-13-2013 at approximately 1330 hours, the Emergency Response Team (ERT) was paged out to respond to Arapahoe High School in Centennial, Colorado to assist with an active shooter incident. The school is located at the intersection of E. Dry Creek Rd. and S. University Blvd.

I responded to the school and was directed by Cmdr. Varney and Ofc. Gipson to respond to the south side doorway entrance to make entry into the school. I teamed up with operators from our team and other agencies and began multiple clearances of the school, checking for students hiding, possible improvised explosive devices and evidence.

Following the interior search, I conducted an exterior search of the south side of the school building. I also searched throughout the west parking lot for additional evidence or items that could be deemed dangerous to the public. I found no such items and I was cleared by our Command to report to the Command Post. From there I was clear to return to our station for a debrief of the incident.

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (5)

O'CONNOR, R

On 12-13-2013 at approximately 1233 hours, Sgt. Mark Stadterman and I were working in the school resource office at Cherry Creek High School (CCHS) (9300 E. Union Ave, Greenwood Village, CO, 80111) when we both heard an officer report a possible active shooter in progress at Arapahoe High School (2201 S. Dry Creek Rd., Centennial, CO, 80122). We began coordinating with the school administration that a "lockout" be initiated.

Shortly after securing Cherry Creek High School I received an Emergency Response Team (ERT) page to respond to Arapahoe High School in Centennial, Colorado. Ofc. Joshua LeVey, who was working patrol, responded to Cherry Creek High School since both Sgt. Stadterman and I had been paged to respond to Arapahoe High School. While Ofc. LeVey was in route CCHS I changed into my assigned tactical uniform; once Ofc. LeVey arrived I made sure he was paired up with a school official who had a complete set of keys that was also familiar with the layout of the school; I also provided him with a school radio.

I then responded to Arapahoe High School as directed, arriving on scene at approximately 1420 hrs. I initially assisted some Englewood officers as students were being escorted out of the building's north side. I then continued around the east side of the high school and eventually linked up with the Greenwood Village Emergency Response Team (ERT) at approximately 1437 hrs on the south side of the school. As a member of Greenwood's ERT we then began multiple clearances of the school, checking for additional suspects, victims, students who could have been hiding out of fear, and possible improvised explosive devices.

Along with the other operators of Greenwood's ERT I began searching the west parking lot for additional evidence, improvised explosive devices, and other items that could have posed a concern or risk. I found no such items inside or outside the school that hadn't already been identified and marked. With the rest of my team I responded to our Command Post where we were relived, at approximately 1700 hrs., and ordered to report to Greenwood Village Police Dept. (6060 S. Quebec St.) at approximately 1730 hrs. for an after action review and debrief.

Incident # 13010948 (6)

HASCHE, R

On 121313 at about 1245 hours I was advised by dispatch that there was an active shooter at Arapahoe High School located at 2201 E Dry Creek Rd. I responded to Greenwood Elementary School at E. Berry Ave. and S. Holly St. to provide officer presence.

I received a page for all ERT members to respond to Arapahoe High/School to assist.

I activated my emergency lights and responded to Arapahoe High School. I changed into tactical gear and responded to the command post to receive further information.

I teamed up with Greenwood Village ERT team members and other SWAT team members on the south high school entrance. We completed secondary searches of many locked and open rooms and closets. In the gymnasium I used the halligan to pry open two locked wooden doors on the west side near the weight room. I marked the rooms I searched with other ERT/SWAT team members with a marker to show that we had searched them.

After the searches of the interior of the building we were assigned to¹ check the south side exterior of the building and the west parking lot. I checked numerous trash cans for suspicious items. I searched the west parking lot where numerous vehicles were located for suspicious items and people. I was then released from the scene and took no further action.

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (7)

COSTARELLA, A

On 12-13-2013 at approx 1250 hours I arrived on scene at Arapahoe High School to assist with a report of an active shooter where at least one person had been shot and there were reports that the suspect may have had or deployed a "Molotov cocktail device" somewhere inside the school. I was first assigned scene security for the tactical command post in the parking lot of the Chase bank. Approximately 30 minutes later I received a page from Greenwood Village dispatch stating that ERT members are being dispatched to the scene to assist with the tactical search of the high school. I contacted my Impact Lt. Steve Rolen and advised him that I was being requested to assist Greenwood Village Police's ERT team as a tactical officer rather than continue the scene security assignment. Lt S. Rolen agreed and re-assigned me to the ERT response.

I contacted Commander Varney who asked me to arrange for a team of at least five ERT members for me to lead into the school. Officers Hasche, Wynder, Chumley and Gipson arrived on scene a few minutes later. Commander Varney then assigned me to assist Sgt. M. Eyman with Littleton Police SWAT at the south doors of the high school. The assignments that I assisted with were the security of students being evacuated from the school and searching of several corridors and classrooms of the high school with fellow ERT members.

Later in the call I was asked to respond back to the tactical command post for a new assignment. I was informed that GVPD ERT members were being assigned specific rooms for us to search along with Arapahoe County EOD members to ensure that there are no suspicious packages inside the class rooms or students still hiding inside the school. GVPD ERT cleared the assigned rooms and documented the clearance of the rooms on the outside of the rooms with "GVPD 4" (fourth time the room had been cleared) and "EOD" showing that an EOD tech has also cleared the room. Once all tactical teams had completed their assignments we were cleared from the scene.

Incident # 13010948 (8)

STUEBINGER, B

INCIDENT

On 12-13-2013 at around 1245 hrs, I responded to Arapahoe High School in reference to a active shooter at the school. I arrived on scene, put my tactical gear on and made entry into the S/W entrance.

Once inside the building, I was directed by Sgt Mitchell (ACSO) to join a contact team that was in the Science wing. I was also informed to stay to the left of the hallway to avoid one of the crime scenes. I was advised a victim had been shot at the end of the hallway and had been drug down the hallway to safety.

I located one of the contact teams and cleared several rooms and located several students. I made sure the teachers in the classrooms were safe and did not have any trouble with students. The kids were told they were safe and we needed them to stay in the classroom until we told them to leave.

A short time later I was pulled from my contact team and assigned to another team. We were sent to the lower basement to check status on a Yoga class. We made entry and determined the students were secure .An officer from another agency remained with them and were directed to check the upper gym which we determined was clear.

We were then told to start clearing the south side classrooms and the hallway. We cleared the hallway and rooms from the west to the last hallway from lunch area until we were stopped by a ACSO contact team.

They requested that we clear the gym, pool, locker rooms and weight room.

We did as requested and located a door that we were unable to open. We would later breach the door by force and determine it was clear. In the weight room we located about 70 people and they were directed to hold in place. After the area was cleared, we held in place. A short time later, we were directed to remove the students in the weight room, the Yoga class, and another group of kids in the locker room. They were directed through the gym, to another gym, and then outside. All told, 1 estimated about 100 people were directed out of the building.

At that point we were directed to respond to the lunch room and then told to join up with our respective agencies and form complete teams.

Our team joined up with Littleton PD, some members of the FBI team, and a EOD tech. We were directed to recheck the south hallway and class rooms. We were also directed to mark the exterior doors with the time, our agency, and the #3. We cleared the hallway again, then the gym, and were told to hold in place.

The team leaders were directed to the command post and returned to us at a later time. We then given a new assignment and directed to search a small area. We completed our sweep and were directed to respond to the command post. We were directed to respond to the PD for a debrief.

Incident # 13010948 (9)

STADTERMAN, M

On 121313, at about 1233 hours, I was notified of a school shooting at Arapahoe High School in Arapahoe County, Colorado. I took steps to ensure that the seven schools in Greenwood Village were in a lockout situation with a heightened level of security. I called each school individually and also spoke with Cherry Creek School District Security Official Randy Councell.

I was then notified to respond to the Arapahoe High School as the supervisor of the GV Emergency Response Team at about 1345 hours, 121313, and was en route at about 1347 hours. I picked up the ERT equipment truck and arrived at the school at about 1355 hours.

I met with Chief John Jackson and Commander Dustin Varney at the Operations Command Post and the Tactical Command Post. I was assigned to brief witnesses and identify any eyewitnesses at a group of students south of the Burger King. I assisted ACSO Investigator Roger Landeis in screening and releasing students to their parents.

I screened and released the following students to parents:

The other students were then bussed by school bus to another location.

At about 1500 hours Chief Jackson advised me to assign officers to assist at Euclid Middle School, located at 777 W. Euclid Av. Littleton, Colorado.

At about 1512 hours, Chief Jackson assigned me to locate and stand by with the suspect vehicle on the north side of the school. I responded with ACSO Deputy James Wightman, #11080 and we secured the vehicle identifed as follows:

Tan Toyota Corolla four door Colorado license plate expiring

ACSO Deputy Brett Robson #07013 was already with the vehicle and stated that the ACSO Bomb Squad had already cleared the vehicle for explosive or incendiary devices and did not find any. At about 1620 hours I was instructed by ACSO Sergeant Orrino that per ACSO Lieutenant Kevin Heaton that I could leave the vehicle with Deputy Robson. I returned to the Command Post area for further instructions.

I was released from the scene at 1709 hours, 121313 and returned the ERT truck to the PD and met with the ERT team for a debriefing session at about 1730 hours.

On 12-13-2013 at approximately 1235 hours I was at 5251 DTC Parkway #700 on an extra duty assignment. I heard Sergeant Guadnola state over GVPD radio Channel #1 that ACSO was airing that there was a possible active shooter at Arapahoe High School. At approx 1300 hours I received a page from Greenwood Village dispatch stating that ERT members are being dispatched to the scene to assist with the tactical search of the high school. I spoke to the contact person at 5251 DTC Parkway and she stated that she was releasing me from that assignment and to go to Arapahoe High School.

Upon my arrival at Arapahoe High School, I went to the GVPD Mobile Command Post to determine what my duties would be. I contacted Commander Varney who asked me to be part of a team of at least five ERT members to go to the south side of the school. Officers Hasche, Wynder, Chumley and Costarella arrived on scene we went to the south doors of the school a few minutes later. Commander Varney then assigned me to assist Sgt. M. Eyman with Littleton Police SWAT at the south doors of the high school. The assignments that I assisted with were the security of students being evacuated from the school and searching of several corridors and classrooms of the high school with fellow ERT members.

Later in the call I was asked to respond back to the tactical command post for a new assignment. Narrative:

On 12/13/2013 at approximately 1345 hours I responded to 2201 E. Dry Creek Rd (Arapahoe High School), to assist Arapahoe County Sheriffs with an active shooter. When I arrived on scene I met with the Greenwood Village Tactical team at the south entrance to the cafeteria of the High School. I then responded inside the school. with other agency first responders I assisted in clearing rooms and hallways as requested by incident command.

When the interior was deemed safe and clear of any other threat, I responded with the Greenwood Village Tactical team to check the south exterior of the school and also check the parking lot on the west side of the school.

KRUEGER, C

On 12-13-13 at approx. 1344 hours I was notified by phone message that GVPD's Emergency Response Team was being asked to respond to Arapahoe High School at Dry Creek Rd. and University Blvd. I responded to the parking lot at the NE corner of the intersection, where the command post had been established.

I was paired up with Ofc. Joswick and sent to respond to Euclid Middle School, at 777 W. Euclid Ave. to assist in taking statements. There I went to a gym where I interviewed (told me that:

- He is a student at Arapahoe High School.
- Today he was in class in what he thinks was room N-3.
- He heard one gunshot followed by a pause and then two more gunshots.
- He knew they were gunshots because he has been shooting before.
- He heard indistinct yelling.
- He saw a male, approx. 5'9", in a black hoodie run n/b in the hallway past his classroom entrance and cut the external door.
- A fire alarm started going off.
- An announcement came over the intercom telling students to stay put.
- His teacher and class went into their lock-down protocol, with the door shut and everyone away from view of the hallway.
- At some point, people he believes were police officers came to the door and told the class to come out, but his teacher told them to remain in place, and didn't open the door.
- Later, people he believes were SWAT team members came to the door and the class exited the school to the NE comer of Dry Creek and University.

I spoke with ______), who told me that:

- He is a student at Arapahoe High School.
- He was in class in room W-106 of the science wing when he heard three gunshots.
- His teacher, Mr. Lutz, went out of the room to see what had happened.
- Mr. Lutz came back quickly and the classroom went through their lock-down protocol.
- While in the classroom, he heard what he thought was a male yelling, "Where are they?" and then some banging on the walls.
- He thought the voice was a long way off and sourided like an adult.
- Police came and his class exited the building.

I spoke with the second by the spoke with the spoke with the second by the spoke with the spoke

- She is a student at Arapahoe High School.
- She was in psychology class in room N-3.
- She heard what she believes was one gunshot, then a pause, and then two more gunshots.
- She saw a taller male in a black hoodie run n/b in the hallway and out the external door to the north of the building.
- The class went through their lock-down procedures, locking lhe door, gathering in the corner and hiding from view of the hallway.
- A fire alarm went off and an announcement was made for the students to stay in place.
- Eventually police lead them out of the school.

15.10

I returned to the area of the command post and was directed to meet at the PD for debriefing.

SPEER, A

Supplemental:

On 12-13-2013 at approximately 1330 hours, I, along with the Greenwood Village Emergency Response Team (ERT), were paged to respond to Arapahoe High School in Centennial, Colorado to assist with an active shooter.

I responded to the school and met up with several other SWAT operators from other agencies on the south east corner of the school. I advised GVPD dispatch of my location and then assisted in escorting students and teachers out of the east door to a safe location.

I was then directed by Cmdr. Varney and Ofc. Gipson to respond to the south side doorway entrance to make entry into the school. I then linked up with operators from our team and other agencies and began multiple room clearances of the school. These clearances included; hiding students and faculty, improvised explosive devices (IED's) and evidence. Each room was marked on the entry points to keep track of our progress and to eliminate redundancy.

Following the interior search, I conducted an exterior search of the south and west parking lots attached to the school building. This search was completed to insure there was no additional evidence or items that could be deemed dangerous to the public. No such items were located.

Following a complete search, GVPD ERT was cleared to leave the scene and respond to the Police Station (GVPD) for a debrief of the incident.

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (15)

MOODY, S

On 12/12/2013 at 12:33pm, Sgt. Guadnola and I were in the area of S. Holly St. and E. Orchard Rd. Sgt. Guadnola advised me that he was scanning Arapahoe County and heard that Arapahoe High School had a report of smoke and was going on lockdown. At that time, I also scanned that South Metro and Fire had just been dispatched as well. Sgt. Guadnola and I elected to start responding towards the High School at 12:35, in the event additional units were needed for the undetermined cause for the lockdown and smoke.

As we were enroute to the High School, I then heard over Arapahoe County's channel that the officer on-scene, (presumed to be the School Resource Officer) had just discovered a couple of shotguns shells. Seconds later, I heard that same officer advise that he had located blood and then a subject down with a presumed gunshot wound.

Sgt. Guadnola and I were arriving on-scene at this time, recorded at 12:37pm. Sgt. Guadnola and I parked along S. University St. just north of the school parking lot. Sgt. Guadnola and I made our way through the east parking lot and made our way up the entrance on the east side, described as the bubble entrance. I advised to GVPD Dispatch that we were making entry into the school, now that it had been aired as an active shooter situation by ACSO Dispatch and a request had gone out for mutual aid. It was immediately apparent that Sgt. Guadnola and I were some of the first law enforcement officers on scene. No other first responders were visible to me at this point as we prepared to enter the school.

Sgt. Guadnola and I entered the doorway which was in the area of the auditorium. As we began clearing the area for any suspects or victims, we encountered three other uniformed law enforcement personnel. Two of the three were Sheriff's Deputies from Arapahoe County, one of which was identifiable as a Sergeant. The third law enforcement person was quite possibly a deputy as well, but I do not recall. The five of us immediately formed one team and began searching for suspects and victims. During the next several minutes, the five of us cleared the east, central and south classroom areas of the school to include the auditorium, theater, cafeteria, and maintenance/janitorial closets. Several of the classrooms we encountered had unlocked doors with students inside. Those that were towards the interior, we told the students to stay where they were and keep hidden and quiet, also asking if they had seen anyone. A few of the classrooms that were unsecured were on wings next to an exit doorway. Those classrooms where students could be safely, and quickly, evacuated immediately after checking to make sure that an immediate threat was not present in the classroom, were sent outside to meet arriving responders.

After several tense minutes, numerous other officers and deputies began arriving to where we could hold positions once all classrooms and accessible areas were determined to be free of any immediate threats. Sgt. Guadnola and I locked down the corridors of S1 - S4 and S5 - S8 once S.W.A.T. began a coordinated entry into the school to conduct secondary and tertiary sweeps. During this time I provided relief and reassurance to a group of 13 students and a teacher, that were still being detained in our area that were not immediately evacuated. I provided whatever water and food I could secure, that were abandoned in adjoining rooms, and supplied them to the thirteen students and teacher remaining in S4. The students in the classroom were reassured that they would be fine, and I directed those feeling sick or faint to sit down with their backs against the wall and asked that they be closely monitored by fellow students and the teacher for that room.

Sgt. Guadnola and I remained at our location until such time that we were directed to evacuate the remaining students in our sector. The remaining students were safely escorted out of the building.

We remained at our designated post until duly relieved at 4:04pm. We then returned to the Command Post to await further instructions.

No further action taken by this officer.

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (16)

GUADNOLA, D

On 121313 at approximately 1233 hours I had occasion to be in the area of E. Orchard Rd. and S. Holly St. where I was meeting Detective Moody. While in the parking lot at that location I heard the SRO assigned to Arapahoe High School advise A.C.S.O. dispatch on their primary channel that the school was on lock-down.

I saw Detective Moody adjacent to the parking lot at that location and advised him that it sounded as though some event was transpiring at A.H.S. and I was going to start heading that direction. Moments later I heard the S.R.O. advise that there appeared to be a fire in the area of the library. It was evident from his transmission that he was running when he aired his traffic. At 1235 hours I telephoned Detective Moody and told him that the call in question appeared to be a fire. Just after concluding my call with Detective Moody I heard the S.R.O. advise dispatch that he had located spent shotgun shells on the floor of the school.

At that time I responded emergent in my unmarked police vehicle to A.H.S. I arrived at A.H.S. at approximately 1237 hours. Upon arrival at that location I stopped and parked my vehicle in the number two lane of southbound S. University Blvd. just north of the northernmost A.H.S. parking lot exit on the east side of the building. Detective Moody parked directly behind me. It was evident at that time that a response to an active shooter was necessitated and under way. Detective Moody and I retrieved our respective ballistic vests from our vehicles and made our way toward the school from the northeast.

Detective Moody and I checked doors on the east side of the building looking for building access from the northernmost door working south. The doors were secure until such time that we came to the main entrance commonly referred to as "the bubble". Detective Moody and I entered the building at that time and came into contact with a sergeant from Arapahoe County as well as two other deputies. All three deputies were uniformed. The A.C.S.O. sergeant advised their dispatch of our presence in the building and then designated our group of five as contact team one.

In light of ongoing radio traffic and information received, a determination was made that we needed to make our way toward the library to assist at that location. We began looking for the library as a team at that time. It should be noted that the corridors and interior of the school were eerily quiet. In the absence of hearing any form of active aggression we began looking for the library while clearing any open rooms as we went by. Most of the doors we encountered were locked, and the lights in the classrooms were turned off. Many of the rooms had windows and backpacks could be seen adjacent to desks from the hallway. We cleared several unlocked rooms as we made our way through the building.

As a team we made our way through the school in a fairly rapid manner. From the area of the east entrance known as "the bubble", we checked the corridors adjacent to the auditorium and the lower levels on the east end of the building, the area of the lunch room, and a large area of classrooms to the west of the lunchroom which were designated by S and C classroom numbers. As we were clearing the school many more officers began to arrive and many teams began operating in the building. As we were clearing classrooms designated with a C we located one unlocked room (room number unknown). We entered the room and found two female students therein. A short time after that some evacuation measures had commenced and students were being evacuated from the south side of the school. I contacted the two females in the classroom and lead them to a larger corridor to the west of our location where they joined several other students evacuating the school. I then returned to the same area and continued the search.

Our active searching ended as we were on the south side of the school in the area of the S classrooms. By this time there appeared to be an effective line-of-sight deployment of law enforcement officers throughout the building. Detective Moody and I were in the area of classroom S4 at that time, and 13 people were located therein. Detective Moody made efforts to get the occupants of S4 water while reassuring them they were safe.

After some time an evacuation plan was initiated wherein many students were evacuated out of the south side of the building. Unable to get a clear response to radio traffic, I opened an exterior door on

ACSO AHS Investigation

Tuesday, Dec 17 2013

15:10 GUTGSELL, J

Page 20 of 31

the south side of the school, which was marked door 34 cn the inside. I flagged down an officer on the exterior of the building and advised him of the 13 people needing evacuation. When prompted by officers outside the school, I advised Detective Moody to have the class begin evacuating at which time all the occupants of S4 left the building.

While maintaining security at door 34, we were reassigned to an exterior door just east of where we had been, the door was not marked. In conformance with the plan that had been established and aired to all officers inside the building, we maintained security at that exterior door location until we were relieved.

Once relieved I returned to my vehicle and responded to the command post. While in mobile command three I was requested to assist in trying to get the Dish Network signal operational so that various news feeds could be monitored from within. I worked with Officer Kazer until such time that this was achieved.

At approximately 1700 hours I was authorized to clear the scene. At that time I returned to G.V.P.D.

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (17)

GUTGSELL, J

Supplemental Report: On 121313 at approximately 1240 hours, I learned that there was an active shooter situation occurring at Arapahoe High School. Based upon the emergency nature of the situation and listening to the police radio, I identified it as one where ACSO would be calling upon other agencies in order to help them with the situation.

I responded emergent from my location which at that time which was East County Line and South Chester area. While en route, I heard information on the police radio that one suspect was 'down' on the north side of the school. There was no other information regarding the shooting involving only the one suspect so I made the assumption there were potentially more suspects.

Upon arrival at approximately 1252 hours, I parked on the south side of the school in the roadway on East Dry Creek Avenue. Being the fact I was in plain clothes/administrative attire I placed on my 'soft' vest and identifying credentials (badge & police ID card) around my neck and deployed my AR-15 rifle.

I then got into a group of approximately 10-15 officers who formed up to enter the school on the south side through the main entrance doors. We moved, searched and communicated just as we have trained to do in active shooter training. In an attempt to locate additional suspects and/or victims we moved in a northly direction through the cafeteria and then searched traveling west through the main hallway that is directly on the south side of the media/library area. As we approached the 'trophy hallway' I could smell the distinct odor of what smelled like a gun had been fired.

As we got to the trophy hallway I saw two shotgun shell casings and a pool of blood on the floor approximately two feet in diameter. I then went with another officer in a northly direction into the library area and was informed by an Arapahoe County Deputy that they had it secured and for us to continue our search in the rest of the school.

I went back out into the trophy hallway and resumed the scarch with the remainder of the group in a westerly direction into the science wing. We then went to the second floor of the science wing and continued to search for any additional threats and/or victims. Once the second floor was clear we started to evacuate several classrooms of students and faculty out of the classrooms and onto the first level of that portion of the school.

At one point, I asked one of the teachers if she had her keys with her and if they would open the classrooms. She said she did and they would and handed them to me. I forget what her name was and the keys were later passed along to other police members to help them gain access into classrooms.

I stayed with several other police officers on the second floor for approximately an hour and we conducted secondary searches of the rooms, cabinets, closets and any other areas where someone could hide or place any items intended to harm others, i.e. improvised explosive devices, not locating anything of the like. Shortly thereafter we cleared the second floor and posted two law enforcement officers at the bottom of each stairwell to keep anyone from going to the second floor.

I then continued with other police officers and searched the locker room areas, main gymnasium and auxiliary gymnasium. At one point during the search of those areas we were notified that there were several students locked in room number 115. The entrance to room 115 was through a double door that opened in an outward direction and was locked. We tried with several keys to unlock the door but were unable to do so. Due to the situation and exigent circumstances I forcefully opened the doors which most likely damaged the door/locking mechanism in order to check on the group of students that was reported to us. Inside the classroom on the east side was a small office which was unlit and dark. Inside were five students and one teacher that we ended up evacuating outside the school.

After searching the locker room and gymnasium areas I met up with Sgt. Guadnola and Det. Moody by classrooms S-8 and S-10 and held that position and another position in the hallway directly to the east of it until we were notified by tactical command that we could clear out of the school.

Incident # 13010948 (18)

VARNEY, D

INFORMATION:

On 12/13/13 at about 1323 hours, I responded to Arapahoe High School to assist with an active shooter call. Upon arrival I located and attempted to make contact with the on scene Incident Tactical Commander Lt. Chris George (Arapahoe County Sheriffs Office). Lt. George was being overwhelmed with radio request at this time, I therefore began working on other task(s) that need to be done to assist with handling the complexity of this call.

I immediately identified numerous students that had exited the school just standing around the northeast corner of Dry Creek and University. The news media had begun to approach the students and attempt to interview them on their involvement. I asked for teachers and officers to assist me in having all the students (approx. 200)step inside the crime scene tape to secure them as potential witnesses. At this time, I had all the students separated into two groups. The first group was those that heard something (approx. 180) in relation to the incident, and the second group were those that actually witnessed something in relation to the incident (approx. 16 students). Once they were separated I assigned an officer with State Patrol (unknown name) to assist with keeping the students separated until such time we could find an investigator to secure and interview them as witnesses.

I then returned to check in with Lt. George, which at this time he requested of Greenwood Village Police Department to have an tactical emergency response team deployed to assist his agency. Based on this request, I had GV police dispatch put out a tactical team call-out page for officers to response in 30 minutes or less. At this time, I also requested that the delivery of GVPD Command Post be brought to the scene. Once resources arrived on scene, and tactical and incident command was officially set up, I began working with Lt. George and other agencies in assisting with deploying officers to search, clear and safeguard the school.

No further information available at this time.

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (19)

JOSWICK, S

On 12/13/13 at approximately 1343 hours I received a call from the Greenwood Village dispatch advising that the agencies Emergency Response Tearn, to include the Crisis Negotiations Tearn (which I am a member of) had been activated and was to meet at 2201 E Dry Creek Road on an active shooter situation. While en route to that location I learned that there had been an active shooter situation at Arapahoe High School which had left at least three students injured and the gunman was presumed to be deceased. Upon my arrival I was given an order by Chief John Jackson to respond to Euclid Middle School located at 777 W. Euclid Avenue to assist area detectives interviewing students who had been a witness to the shooting which had occurred.

At Euclid Middle School I was advised by GVPD Victim Advocate Mellissa Madsen that the students I would be meeting with had either heard or physically witnessed the events that had taken place that day.

The first student I me

In speaking with	she told me the following:
Che in in Oli	sends at American Minh Cohool

She is in 9th grade at Arapahoe High School

- On 12/13/13 she was in Spanish class 5th period, which takes place in room c21
- The class is taught by Patty Melin.
- The class normally has 34-35 students but had two people absent that day however she did not know who those students were.
- The class was reviewing for an upcoming final test when there was a little bit of noise in the hallway outside the classroom.
- She then heard what she believed to be 5 gunshots close by.
- Her teacher looked outside the classroom and then told the students to get in the comer of the classroom and lockdown.
- The entire class then sat in the corner until they were checked on by a police officer.
- The class was told to sit still and another 10-15 minutes went by before they were evacuated.

Going backwards from the events that took place on 12/13/13, total told me that: On Wednesday 12/11/13 again during 5th period there was a tot of noise outside the classroom.

- A student was banging on the door of room C19, which is Mr. Murphy's class asking to get in the classroom.
- She did not know who the student was or what happened after that.

completed. The second student I ma with way:

- She is in 11th grade at Arapahoe High School
- On 12/13/13 she had Chem/Physics in room W102 during 5th period.
- This class is taught by Mr. Lutz
- There are 21 students in her call and three were absent although she did not know who was absent.
- The class was working on practical exercises and roaming around the classroom while doing so.
- She asked Mr. Lutz to go to the bathroom and he said no because something was going on in the hallway.
- She then heard 3 loud noises in the trophy hallway which she described as being right outside the classroom.
- She was unsure of what the noises were but thought they sounded like bowling balls being dropped or something like that. She did not realize that they were gunshots at first.
- Mr. Lutz then told the class to lockdown, so they went into the corner of the classroom with the lights out.

In asking **sector** to think back and tell me if she had heard or seen anything that might explain what happened to day she only said that she had heard through rumor that the shooter was a senior and recently had been off his medications or had them switched and he wasn't reacting well to them.

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (20)

VALENZUELA, R SUPPLEMENTAL

Information:

On Friday, December 13, 2013 at approximately 1342 hours, I received a call out from dispatch to respond to Arapahoe High School 2201 East Dry Creek Road, Centennial Colorado, related to a shooting at the school. I arrived to the command post on the southeast corner of Dry Creek Road and South University Blvd. I was given the responsibility to assist with students being evacuated from the school to a re-unification point. Myself and Officer Mik Smith went to the South side of Arapahoe High School and met approximately 350 students and escorted them to King Scopers located at 7575 South University Blvd. When we arrived, we had the students remain away from the front entrance since parents were also arriving to King Soopers attempting to pick up their children. I explained to the parents that there is a procedure that we must follow before we can release their child to them. I began collecting students names from the parents. We began releasing the students to parents after they provided their identification. We utilized the teachers and staff from Arapahoe High School to collect the information. At approximately 1515 hours, we were notified by Colorado State Patrol, the Incident Commander wanted all students taken to Shepard of the Hills Lutheran Church 7691 South University, Centennial for re-unification. We took the students from King Soopers through the back door which was a direct walk to the church and placed the students into the gymnasium of the church. Officer Smith and I then directed parents at the front entrance six at a time to meet with Arapahoe High School Staff to be reunited with their children. At approximately 1700 hours, all students except two had been reunited and the school took responsibility for them. Officer Smith and I cleared our post from Commander on scene Adam Cataffo with Douglas County Sheriff's Office.

We returned to Greenwood Village Police Department for debrief.

Disposition: Information forwarded to Investigations

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (21)

JACKSON, J

Upon notification of the shooting incident at Arapahoe High School, I immediately drove to the area to provide assistance and guide resources. The first phone call that I made was to Commander Rossmeisl directing him to be the situational command for the schools in Greenwood Village, more specifically to direct the lock out procedure at all schools, to include the private schools, and to post a Greenwood Village Police Department Police Officer at the front door of each school. I then immediately called and had our mobile command post en-route to the scene.

I parked my car facing north on University Avenue, north of the actual high school property and ran to the Chase Bank which was serving as the initial command post for the incident. I was met by GVPD Dustin Varney who was outside the bank coordinating witnesses and resources. I was shown a group of 10-12 people who indicated that they saw something connected to the shooting. To the east of where I was standing there was a group of 100 plus kids who I was told heard something. I created a handwritten list of the 10-12 people and then found Mr. Corsen, a AHS teacher, to remain with the kids. A short time later, an Arapahoe County Sheriff Deputy came to interview these kids. I gave the written sheet to ACSO Commander Heaton to account for both the information and names of the kids.

I entered the Chase bank and took part in an initial briefing of the incident. Once that was concluded, I went to the parking lot and assisted the parking and set up for our mobile command post. Our mobile command post was parked on the south edge of the parking It between the Burger King and the Chase Bank. It should be note that while directing the mobile command post through a tight area of vehicles, it hit and broke off a mirror on an Arapahoe County van. The damage was slight to both the van and the passenger side of the mobile command post.

Once the mobile command post was in place, and operational, I assisted with the incident command of the situation. My role in this incident command was support in nature and was limited to the direction of personnel and resources to both operationally handle the scene and command the resources present. I made numerous phone calls to notify people and assisted in directing GVPD Sergeant Mark Stadterman to locate the suspect's vehicle on the west side of the school building.

John A. Jackson, Chief of Police Greenwood Village Police Department

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (22)

SMITH, M

On 121313 at approximately 1245 hours, I heard Det. Guadnola air over the radio that something was going on at Arapahoe High School and they were responding. I heard then that an active shooter was suspected to be in the school.

I went to GVPD Dispatch and asked them where I should respond and they stated that West Middle School didn't have an officer yet. I went towards West Middle School code 3, emergency lights and siren activated, and shut down to normal when I was near the school. Another officer called out that he was at West Middle School, so I turned around and went to Greenwood Elementary School.

I went inside the school and told the administrative assistant that the other schools in our city had gone to Secure Perimeter and they needed to do the same. She stated there was not a principal on the campus, but checked her protocols and announced over the PA that the school was now on Secure Perimeter status, meaning normal operation within the school, but no persons in or out of the building.

I stayed inside the school and switched to channel 2 as channel 1 went to tactical.

One of the teachers asked if I would speak to a third grade class because they were getting scared. I went to the class and talked about safety and let them answer questions without addressing the incident itself. While speaking to the class, I was advised that I needed to respond to Arapahoe High School as a Crisis Negotiator with the Emergency Response Team.

I made certain I had a replacement officer, advised the school of the officer's name and responded to the area of E Dry Creek Rd and S University Blvd. I reported to the Mobile Command Unit and helped Ofc. Kazer set up the command post.

Ofc. Valenzuela told me we were being assigned to a group of students being evacuated near the front of the school. We went to the front of the school and walked with a group of students, teachers and employees to the King Soopers on the south side of E Dry Creek Rd.

We asked the students if anyone saw or heard anything and sequestered 3 students and 5 cafeteria workers who said they saw or heard something. Those witnesses were then escorted by one of the tactical teams to Euclid School for interviews.

We were advised, along with several Littleton PD officers, that we could release students to parents who showed us an ID and checked their student out. We began releasing students, one at a time, to parents. We were then advised that we were moving to the Shepherd of the Hills church directly behind King Scopers. We advised the parents to meet us there.

We walked the students to the church. We then began releasing students in an orderly fashion, one at a time to parents. Eventually, all the parents had been ushered through our entrance (north) and found their child.

ACSO AHS Investigation

We were advised then that we were to return to the Greenwood Village Community Room for a briefing, so Ofc. Valenzuela and I went back to our respective vehicles and cleared the scene.

GREENWOOD VILLAGE POLICE DEPARTMENT

Incident # 13010948 (23)

KAZER, C

On 12/13/2013 at approx. 1240 hours I was in the area of E. Arapahoe Rd, and S. Quebec St. when I observed several marked and unmarked Arapahoe County police vehicles drive W/B on E. Arapahoe Rd. past me. I was on my way to work for my regular scheduled shift. Upon arrival I contacted dispatch who informed me that there was an active shooter at Arapahoe High School located at S. University Ave. and E. Dry Creek Rd. I immediately changed into my uniform and went into service. I was directed to go to West Middle School located at S. Holly St. and E. Belleview Ave. After arriving at the school and staying on scene for a short time I was directed to respond to Beacon Country Day School located approx, 6100 block of E. Belleview Ave. I arrived to the school and spoke to the faculty for a few moments when I was requested to drive the mobile command truck (Command 3) to the Arapahoe High School scene for support. I immediately drove code 3 (emergency driving) to station 34 located at E470 and S. Yosemite St. and retrieved Command 3. I then drove Command 3 to the S/E corner of E. Dry Creek Rd. and S. University Ave. and set the Command post up for use. The command post was utilized as the primary command for the entire operation. I remained on scene for technical support/command post security until approx. 0030 hours when I was relieved by Detective John Carr.

Incident # 13010948 (24)

JOSWICK, S

{The following portion was cut off at the end of Supplemental Report #19 authored by Ofc. Joswick ~ Cmdr. Gutgsell has subsequently attached it so her supplemental report would be in its entirety}

In speaking with she told me the following:

- On 12/13/13 she had chemistry 5th period.
- She was not sure of the room number but it was the 1st chemistry room on the right in the chemistry hallway.
- There are 21 kids in her class but 3 were absent and she did not know who they were.
- It was a normal class where everyone was working on their chemistry projects.
- She heard one gunshot, then a second one quickly after that.
- After the second shot her teacher looked outside the classroom door.
- After the third gunshot she saw the teacher across the hall tell her teacher that "it was real".
- The gunshots were seconds apart, were very loud and sounded close by.
- The class was put on lockdown and all students went to the corner on the room.

I asked if she could think back over the last week or so and tell me if she had heard or seen anything that might assist in figuring out what happened that day. She told me that on Wednesday 12/11/13, there was "stuff" between "Karl Peterson", who she believed had done this, and Miss Lombardi who is a Spanish teacher, but did not know exactly what had taken place. I asked her if she know Karl and she said that she ran cross country with him but did not really know him well. She had only spoken to him 1 or 2 times in the past. She described him as a bit of a "band type" kid. She then told me that she had heard that he student who had been shot was Claire Davis, but she did not know her. She also didn't know how or if Karl would know Claire.

At that point all students at Euclid Middle school who needed to be interviewed had been. I waited until I was told that there was nothing more I could assist with at the Middle School and then left. This concluded my involvement for the callout.

Narrative using my emergency lights and sirens arriving at about 1400 hours.

Upon arriving, I was directed to the temporary command post which had been set up in the Chase bank located at the corner of University Blvd and Dry Creek Rd (directly east of the school). I contacted Sgt. Anselmi to advise him I was on scene. I then remained on standby, and awaiting orders, while the school was being evacuated of all students and staff. Additional explosive detection canine teams arrived and also gathered at the command post. Occasionally, Sgt. Anselmi would assign a canine team to sweep an area to assist with the evacuation of the school.

At about 1450 hours, Sgt. Anselmi provided three vehicle descriptions and plates for the suspect's possible vehicle and requested the canine teams at the command post to locate it. Each team then took a section of the school's parking lot and the lots of the shopping centers along the school's perimeter and began searching. I began searching the parking lot of the shopping center were the command center was located while also conducting an explosive search of the area. Soon, I was advised the suspect's vehicle had been located in a fire lane directly behind the school. K9 Flash and I continued our sweep for explosives around the command center completing it at about 1507 hours with no indications of explosives present and no alerts.

When I returned to the command center, Sgt. Anselmi contacted me and asked that I create a "plan to search" the school with the explosive detection teams. I was advised once I had completed the plan to advise him and he would submit it to the command post for approval and permission to proceed.

I obtained a map of the school and began dividing it up into zones for each canine team. I also contacted Officer Bob Wilson of the Golden Police Department and requested he respond to the scene with his EOD K9. Due to the large size of the school, and information on the amount of back packs left behind, I needed the additional resource. With Officer Wilson, there were six canine teams on scene, and as such the school was divided into six workable sections. Priority was given to the areas where the suspect was seen traveling at the time of the shooting. Although the suspect had been identified as a student at the school, it was not known if he had been at the school prior to the shooting. Therefore, all areas of the school would need to be searched.

Prior to assigning the teams to these zones, I needed to locate each team and have them respond to the command center. The teams which had been assigned to sweep other areas for the evacuation had remained in those areas. In addition, with reports the suspect used "Molotov cocktails" (an improvised incendiary device), some of the canine teams were recruited by various law enforcement groups to assist them as they were evacuating the school.

Once each canine team returned to the command center, I learned if there were any areas already searched. Although these areas would need to be researched once the school was completely evacuated, and the command post gave the order, those teams could return there with that prior knowledge.

The canine teams were assigned accordingly (map attached):

Zone A1, Officer Bob Wilson - Everything north of main entrance hallway / everything east of and including cafeteria.

Zone A2, Deputy Bill Swan - Everything south of main entrance hallway / everything east of and including cafeteria.

Zone A3, Deputy J.J. Smith - Everything west of cafeteria / everything east of library.

Zone A4, Deputy Pat Hynes - Everything west of and including library / everything east of gym.

Zone A5, Inspector David Tyndell - Everything west of and including gym.

Zone A6, Inspector Brian Williamson - Everything on second floor of school.

Inspector Williamson was requested to assist with Zone A3 after completing his zone. Copies of the map were made and distributed to each canine team with a master copy given to Sgt. Anselmi and the command post.

Once the school was evacuated, Sgt. Anselmi advised the canine teams to begin their searches according to the map/plan. Sgt. Anselmi assigned each canine team a bomb tech. who was to act as our cover officer as well as to check each backpack / bag we encountered (after the canine conducted a sniff). I was assigned Special Agent Bomb Technician Brian Maloney of the F.B.I.

SABT Maloney and I began our explosive search of Zone A3 at about 1706 hours. K9 Flash and I would search

Jefferson County Sheriff Office

Narrative

each room or area we encountered (to include the hallway and lockers) and advise SABT Maloney once our search was done and if any bags or back packs were located. SABT Maloney would then hand search those items. In rooms where there were numerous bags / back packs, I would assist SABT Maloney with those hand searches. Once the area was searched with K9 Flash, I would write on the door to the area "K9 JS". SABT would also mark the door indicating he had searched it as well.

K9 Flash and I searched the following within Zone A3 (Inspector Williamson would later assist us in this zone and his areas of coverage are not listed): Business Office, Rooms S1, S2, S3, S4, S5, S6, S7, S8, C7, C8, C9, C10, C11, C12, C13, C14, C15, Social Studies break room, Language Arts Bookroom, N3, N4, N5, N6, English Offices (N7), N10, Special Services Office, Learning Center/Counseling Office, (2) men's and (1) women's restroom, and approximately 3 janitor closets. This includes multiple backpacks and bags in most of the rooms. There were no indications of explosives present and no alerts by K9 Flash in these areas.

While searching in the hallway near the areas of Room N10 and the Social Studies break room, K9 Flash began to show a change of behavior indicating he was on explosive odor. K9 Flash began to trace this odor, leading us into the Library. Once In the Library, I observed a black shotgun laying on the ground, what appeared to be burn marks on walls and bookshelves, and an unknown male who appeared to be deceased. There were also two Arapahoe County Sheriff's Deputies on scene who advised this was the final area, or ending point, of the shooter and that gunshots had occurred within this room. Although K9 Flash continued to show a change of behavior and desire to find the point of saturation for the explosive odor, I concluded his search. I determined that since another K9 officer had searched the Library (which was confirmed by the deputies) the change of behavior by K9 Flash was due to the gunpowder residue from the shots fired. We then exited the library and continued to search in our zone.

SABT Maloney, K9 Flash and I completed the search of Zone A3 at about 1914 hours and Sgt. Anselmi was advised of our search results. With the completion of our search, the building was deemed safe and the investigators were allowed in to begin their work.

I remained on scene and on standby until Sgt. Anselmi dismissed me and I cleared at about 2023 hours.

LITTLETON PD INCLUSIVE CASE REPORT	

Begin Date/Time: 12/13/2013 12:35:00	Report Title: ASSIST OTHER AGENCY
Occur. Location: 2201 E DRY CREEK RD	Apt: City: UA State:
Number of Arrestees: 0	Agency ORI:

We continued clearing until we confirmed that the south side, central side, and main gymnasium were clear. We then regrouped at the South school entrance.

We then went through the same area again to make sure we didn't miss anything. We also were looking for possible explosive devices. After doing the secondary clearance, we proceeded to the student parking lot on the North West side of the school. We then checked in and around all the vehicles to make sure there weren't any explosive devices or other suspicious items.

After clearing the lot we then met back at the command post and then were released and told to report back to Littleton PD headquarters.

I have nothing further.

SUPPLEMENTAL REPORT by JT HANNA 200108 12/13/2013

On 12/13/2013 at 1301 hrs, I received a SWAT page to respond to the city shops at 1801 W Belleview Ave. I helped load the equipment into the Mobile Command Post and we headed to Arapahoe High School. Once on scene at the High School, I helped with traffic direction in the area of Dry Creek and University until they opened the parking lot and relieved me. The SWAT team was relieved from the scene shortly after I was.

JT HANNA

Category NARRATIVE

SUPPLEMENTAL REPORT BY OFC. J. GALLARDO

On 12-13-2013 at approximately 1240 HRS I was dispatched to 2201 E. Dry Creek Rd (Arapahoe High School) to aid multiple jurisdictions on a possible shots fired call. I proceeded emergent from S. Santa Fe Dr. and W. Oxford Ave.

Upon arrival I took a position on the northeast corner of the schools east parking lot. At the direction of several command Officers I assisted in escorting approximately 100 students from my position to a grassy location directly across the street. I instructed the large group of students to remain in the area directly west of the AAA office located at 7400 S. University Blvd., until we could attempt to identify them.

For the next four hours (approximate) I remained in the 7400 block of S. University Blvd, and assisted with traffic control and parental concerns. I cleared the scene at approximately 1630 HRS

SUPPLEMENTAL REPORT BY DETECTIVE S.D. MULLINS:

On December 13, 2013, at approximately 12:55 P.M., I was notified that there was a possible shooting in progress at Arapahoe High School 2201 East Dry Creek Road. I was directed to respond to the Littleton Police Department for SWAT deployment to assist with the incident.

I responded shortly after with several other members of the Littleton Police Department SWAT team, and met at the staging area at South University Boulevard and East Dry Creek Road. The Littleton SWAT members and I deployed with the Douglas County Sheriffs Department SWAT members and staged on the south east main entrance area. We made entry into the southeast area of the school and began going classroom to classroom and getting kids safely away from the building. We then conducted three additional slow clears of rooms on the bottom floor. I assisted with the clears, and also initialed with date, time, and the clearance number of the rooms and closet areas in the school. We then completed a exterior clear of the north west side parking lot area for any additional threats with explosive tactical officers from the Douglas County Bomb squad. No additional threats were located.

No further action was taken at this time.

Detective S.D. Mullins, 20005, December 17, 2013

NARRATIVE Category

SUPPLEMENTAL REPORT BY COMMANDER FERBER:

On December 13, 2013, I responded to the area of Arapahoe High School to assist the Arapahoe County Sheriff's Office on a shooting occurring inside the school. Shortly after my arrival, I was assigned to Euclid Middle School, 777 W. Euclid Ave., to coordinate the reunification of Arapahoe High School students and their parents. This is a brief overview of the process that was utilized at the school:

As students arrived they were escorted from the bus into the gymnasium where they signed into the school database with their personal account information. Investigators identified and separated potential witnesses from non-witnesses. Witnesses were interviewed by investigators from several law enforcement agencies. Once the interviews were completed the students were reunited with parent(s). Students that had not been identified as possible witnesses were immediately moved to an area where they could be reunited with their parent(s).

At approximately 1700 hrs. the reunification process had been completed and I cleared the scene. Nothing further at this time.

He stated that CARL was involved in the speech and debate team and cross country. He stated that CARL was
very involved and enjoyed his speech and debate team. He stated that CARL would read everything and anything to
include the communist manifesto and anarchist cook bcok.

He stated that CARL was just recently kicked off the speech and debate team and was irate about it.

He stated that he heard CARL say "I'm going to kill Mr. Murphy, he is now on my list". He stated that Mr. Murphy was in charge of the speech and debate team.

He stated that he has heard CARL call his list the "hit list".

 He stated that CARL met a girl at McDonalds a short time ago and he believed CARL was currently dating her (name unknown but protection rings a bell).

He stated that CARL had taken a girl by the name of to homecoming but otherwise there were no other females involved in CARL'S life.

- He stated that CARL had been posting some unusual things on Facebook lately about politics.
- He stated that CARL lived on the website cracked.com.
- He stated that CARL had a lot of problems with teachers because he couldn't handle authority

The interview was concluded and **sector** was released to his mother. I burned a copy of the interview for Arapahoe County Investigator Jeff Himes and Littleton evidence.

On 12/18/2013, I reviewed the interview with **sectors**. While **between** was sitting in the interview room waiting for me he appears to be moving and playing with imaginary items. It appears that he's playing a game of chess and possibly cards without the actual items and people involved. **Sectors** behavior ceases when I enter the room.

Nothing further at this time. C.DIMITRIC 0802 12/18/2013

Integery NARRATIVE SUPPLEMENTAL REPORT BY SGT. JOE WARD: On December 13, 2013, I responded to the area of Arapahoe High School to assist the Arapahoe County Sheriff's Office on a shooting that had occurred inside the school. After my arrival, I was assigned to Euclid Middle School located at 777 W. Euclid Ave. Littleton Colorado, to coordinate interviews with students who saw or heard anything along with separating students who were not witnesses and having them returned to their parents. The gym at Euclid middle school was divided in half and all witnesses were separated from other students who had no involvement. Witness's were placed on the bleechers until an investigator could interview them. As students arrived they were escorted from the bus into the gymnasium where they signed into infinate campus with their personal account information to document which students came through the school along with accounting for students leaving after being interviewed or cleared as not having any involvement. Witnesses were interviewed by investigators from numerous law enforcement agencies who had responded to assist. Once the interviews were completed the students were moved to the other side of the gym and reunited with parents. At approximately 1730 hrs. the interview process had been completed and I responded back to the Littleton Police department to complete my assignment I also collected numerous documents from the investigators that were turned over to the Arapahoe County Sheriff's Office. Sgt. Joe Ward 0104 12/18/13 stegery MARRATIVE Information/Supplemental Narrative: On 12/13/13 at around 1300 hours I received an IRIS Red Alert about an active shooter at Arapahoe High School. I responded to the scheen and join up with the Littleton Police Department's SWAT team. I assisted multiple Office: On 12/16/13 assisted 1000 cons are received an IRIS Red Alert about an active shooter at Arapahoe High School. I responded to the scheent sum stated clearing all of the cloarscords for possible victims or suspects. All o			: UA State:

Written By:

PERKINS, GRANT

On 12/13/13 at about 1243 hours, I overheard on the radio that Douglas County Sherlff's Deputies were en route to an active shooter at Arapahoe County High School. Once we were asked to assist by the Arapahoe County Sherlff's Office, dispatch requested that I respond to the scene. I arrived at the School at about 1250 hours. I met with members of the Arapahoe County Sherlff's SWAT, and made entry into the school. I cleared the school, assisted with assuring the safety of the students and facility, and escorting students out of the building. Once the school was secure, I assisted an Arapahoe County Sherlff's Officer with holding down the library. I witnessed that the shooter, unknown name, was lying on the floor, with a gunshot wound to his head, in the back of the library. I helped preserve evidence until investigators took over the scene. I did not touch or move any evidence in the libary. I then responded to the command post and was relieved from the scene by Sergeant Cavenah.

Nothing further.

Incident Report -		Page 27 12

ACSO AHS Investigation

SCOTT

On 121313 at approximately 1250 hours, Sgt Cavenah notified Commander Brown that there was a report of an active shooter at Arapahoe High School and that Arapahoe SO was requesting assistance from surrounding agencies. Sgt Cavenah directed four officers to respond; Det Gould and Jones; and Officer Perkins and Boos.

I subsequently responded to the location and arrived (1327 hours) at University and Dry Creek where the Command Post had been established. The Command Post was located on the east side of University between Burger King and Chase Bank. Upon arrival, the Incident Commander identified as Vince from ACSO was establishing resources available and moved representatives from the various agencies into the bank to be briefed. Shortly thereafter a mobile command post arrived and the group was moved into the vehicle. Lone Tree was asked to provide detectives to conduct interview of potential witnesses at Sheppard of the Hills Church and at Euclid Middle School. I requested members from LTPD to respond to those locations and requested that Commander Brown respond to Euclid Middle School.

I was then tasked with assisting Lt Heaton (ACSO) where I was scribing for him. I completed a spreadsheet that outlined the deployment of various officers to various locations associated with interview function of the incident. This spreadsheet was saved to Lt Heaton's computer. I also noted information about the suspect's home address and his father's home address. Lt Heaton also provided the following directions dealing with students who attended the school but did not witness the shooting. Lt Heaton stated that those individuals could be released after being identified by officers. Lt Heaton assigned CIAC to conduct research on the suspect and gave that duty to CSP Leffler.

During the incident there were six locations where Lt Heaton assigned various staff to coordinate the function of interviewing witness and assist in the reunification process. Those locations were Sheppard of the Hills Church (Peterson/Kluth), Euclid Middle School (ACSO Hines), Whitmore Elementary (FBI), Littleton Hospital (ACSO Steve), Swedish Hospital (FBI), and the crime scene investigation (Sgt Hoffman). Lt Heaton moved his investigative team to the school cafeteria and an FBI agent took over the functions of planning for the remainder of the incident.

Once all of Lone Tree officers were relieved from their role in the incident and LTPD's services were no longer needed, I cleared from the scene (1745 hours).

On 12/13/13 at approximately 1252 hours, I responded to assist Arapahoe County Sheriff's Office with an active shooter incident in progress at Arapahoe High School at Dry Creek Rd. and University Blvd in Arapahoe County, Colorado.

Upon arrival, I assisted with evacuating students through the south exit doors of the school to the parking lot on the south side of Dry Creek Rd. I then entered the school through the

Incident Report -

Page 3 / 12

area. I later assisted a team from Arapahoe County Sheriff's Office SWAT and Douglas County Sheriff's Office SWAT with clearing and securing the hallways on the southeast side of the school, as per the team leader's request.

After the scene was declared secure, I left the school building and responded to the incident command post where I met with Lone Tree Police Officer Perkins, Det. Gould, and Sgt. Cavenah. I did not handle or secure any evidence during my time inside the school building.

Nothing further at this time.

12/14/2013	LEE, JOSEPH	VANDENBERG, SCOTT

On 12/13/2013, at approximately 1545 hours, I was contacted by Sergeant John Crowley and advised that I was being held over on day shift to assist with the active shooter incident in Arapahoe County. Sgt. Crowley instructed me to respond to the Shepard of the Hills Church, located at 7691 University Blvd in Centennial, Colorado. Sgt. Crowley advised I would be assisting with the reunification of students and parents at this location.

Upon arrival, I was tasked with crowd control of a very large line of parents that were waiting to enter the north east doors of the church. I met up with two Greenwood Village PD Officers and together we controlled access to the church, through the north east doors. I assisted with allowing groups of parents inside the church, where they located their respective children, signed them out with school officials, and were then escorted back outside of the church. Once all of the parents had located and picked up their children, I was released from the scene, along with other LTPD Officers, by Douglas County Undersheriff Tony Spurlock. I called Commander Ron Pinson at the Incident Command Post and he advised he would sign me out and I was free to leave. I returned to Lone Tree and went end of watch at approximately 1715 hours.

Nothing further.

12/16/2013	BROWN, DAVID	CALLAHAN. BRETT

On 12-13-13 at about 1345hrrs, I was requested by Commander Pinson (with the Lone Tree Police Department, who was assigned in the command post) to respond to Euclid Elementary located at 777 Euclid, Littleton Colorado, to assist with interviewing possible witnesses to the shooting incident that occurred at Arapahoe High School on this date at approximately 1230hrs.

Upon my arrival at 1434hrs I met with Commander Kim Ferber with the Littleton Police Department, who stated that more than 100 students were being bused from Arapahoe High School to our location at Euclid Elementary where any witnesses would be separated and interviewed.

At about 1440hrs several buses arrived. Students on buses were escorted off the buses and into the gymnasium where possible witnesses were separated to be interviewed. Once potential witnesses were identified, investigators from multiple jurisdictions began speaking with witnesses.

At approximately 1445hrs on 12-13-13 I met with Shirley Leensvaart D.O.B. Ms. Leensvaart is a substitute teacher and was working as a substitute in the world language office on 12-13-13. Ms. Leensvaart did not have a fifth hour class and was in the world Language office with five students, two of whom were taking a test. While in the office at approximately 1230hrs she heard three to four loud noises that sounded like gun shots and yelling from the hallway area. Ms. Leensvaart could not make out any words from the person or persons yelling. Upon hearing what sounded like gun shots, Ms. Leensvaart directed the students to get under the desks as she shut and locked the two doors leading into the office and shut off the lights. Ms. Leensvaart could not recall if the doors leading into the office were already closed, but remembered making sure that they were locked. Ms. Leensvaart stated that she did not see anyone in the hallway when she locked the doors. Ms. Leensvaart and the five students remained in the office for approximately an hour prior to being contacted and escorted out by police.

At approximately 1515hrs on 12-13-13 I met with	D.O.B.	who is a student of
Arapahoe High School. Stated that at around 1230h	rs he was in his fifth hour	class (Language Arts
room C-18) with 30 to 35 other students. was givin	g a class presentation wh	en he heard a loud
bang coming from somewhere in the area of the hallway. No	t knowing what the noise	was or where it was
coming from, he stopped his presentation and looked at his to	eacher Ms. Comp. Seco	nds later he heard
another loud bang. As Ms. Comp got up from her chair a fer	male student began pound	ding on the door as if
in a panic trying to get in. could see the female throu	gh the glass partition and	opened the door and
let her in as he shut and lock the door behind her.	d not see anyone else in t	the hallway when he
let the female student in nor did he hear anyone. Ms. Comp	turned off the lights to the	class room and
directed the students to a corner of the class room where the		
escorted them out of the building.		

At approximately 1530hrs on 12-13-13 I met with **DECOMPANY** D.O.B. Who is a student at Arapahoe High School. **Example 1** that he was in his fifth hour science class room W-201 with his

ACSO AHS Investigation

Incident Report -

Page 6/ 12

teacher Mr. Lutz and about 21 other students when he heard a loud pop coming from the hallway area. stated that he was not sure what the noise was. About six seconds after he heard the first pop, he heard two more pops, one after another. **Stated** stated that he then heard a male voice yelling "where is she". **Stated** that the male voice sounded like a teenage male voice. After hearing the three loud pops Mr. Lutz ran to the door and shut and locked it as he shut off all the lights and directed the students to one of the corners of the class room. Mr. Lutz grabbed a fire extinguisher and stood to the side of the door until police arrived and escorted everyone out of the building.

At approximately 1545hrs on 12-13-13 I met with Charles Lutz D.O.B. who is a science teacher at Arapahoe High School. Mr. Lutz stated that on this date at about 1230hrs he was teaching class in room W-101 with 21 students present when he heard two loud pops coming from the hallway outside of his classroom. Mr. Lutz stated that he went out into the hallway to see what the noise was and saw another teacher (Jesse Craig) in the hallway also trying to find out what the loud noise was and where it came from. As both Mr. Lutz and Mr. Craig walked down the hallway Mr. Craig looked around the corner of the adjoining hall and immediately turned back around and stated to Mr. Lutz "we need to lock down". Mr. Lutz ran back to his classroom and locked the door and shut off the lights. Mr. Lutz told the students to all get into the corner of the room as he grabbed a fire extinguisher to use as a weapon to protect his students and himself if needed, as he stood on the side of the door. The Mr. Lutz and the students remained in the classroom until police arrived and escorted them from the building.

On December 13, 2013 I was scanning DCSO Dispatch when I heard the report of an active shooter at Arapahoe High School in the Littleton area. I proceeded that direction. I arrived on scene about 1250 at the command post near the Albertsons and Burger King off University and Dry Creek. I helped set up a perimeter for the command post and set up a media staging area. I

ACSO AHS Investigation

Incident Report -

Page 7/12

coordinated with Albertsons who began providing bottled water to the responders. I stayed on perimeter assisting parents and citizens and maintained the command area.

Through radio traffic I heard officers inside clearing the school. I heard reports of one student injured and 2-3 with possible injuries. It was then reported that there was one student deceased in the library that was soon identified as the shooter. The school was being cleared and evacuated. Students and staff were being transported to a nearby church and Euclid MS. About 1500 hours I was directed to go to Euclid Middle School in Littleton to assist with student interviews. Several bus loads of kids arrived and we began interviews with the kids that saw or heard something.

I met with student **automation (automation** who stated sometime before 1300 hours, she was in the science lab. There are about 30 students in her class. She said everything was normal during the day, they were in class when they heard a very loud noise down the hall. She said at first she thought it was something that fell in the hallway. Then they heard 2 more bangs and felt it was gunshots. She saw one girl run by their classroom door then run outside the school; she looked scared and was crying. That's when they knew something was very wrong.

said that they locked the classroom and waited to be evacuated by the police. She said the suspect did not come into her room and they did not see anyone injured. She said she didn't notice any smells since they were in a chemistry lab. Once the school went on lockdown people started screaming. She did not see anything, but had read on the internet since the incident that there was a shooting. She said she does not know of anyone that would do this and has not heard anyone make any threats towards anyone.

I spoke with student **and the second and the shooter** was looking for a teacher and he wanted to let us know of a previous incident. He said that earlier in the day when he was in the 4th period, Spanish class with Ms. Lombardi, she was telling the class that she wanted them to work on being nice to each other and work on being better people. Ms. Lombardi told the class she was upset because she had witnessed a teacher and student arguing earlier in the day and the student was crying. **Second** said he didn't know if this was related but wanted to pass on the information. He did not know any other details and didn't know anyone involved.

I then spoke with student **Sectors** (where the state of t

I spoke with student **Sector (Control**) who was in the 5th period Spanish Class, level 1 Rm C21. She said about 1230, halfway through class they heard about 3-4 gunshots and they all quickly went to ta corner of the classroom and went into lockdown. She said about 15

ACSO AHS Investigation

Incident Report -

Page \$ / 12

minutes later the fire alarms went off and they stayed there until the police came. She said the shots were very loud and sounded close. She said earlier in the day everything had been normal and that she has not heard of anyone making threats or being upset with anyone. **Constitute** did not see anything, but said she smelt gasoline when they were being evacuated. Since the incident they learned from the internet that 2 people were hurt and the shooter had shot himself and was dead. She did not know any other information.

Next I met with student) who said he was in 5th period outside in the portables when the incident happened. He said he did not see or hear anything. But once he learned of the situation he heard a student came into the school with a gun to confront a teacher and some people were shot. He said that he wanted to tell us about a situation earlier in the day. Brooks said that during his 1st period Spanish class with teacher Ms. Lombardi she told the class that she had just saw a teacher and a student in an argument and the student was crying. She was telling the class to be nicer to each other and to not hurt each other. Ms. Lombardi did not mention the names of the people arguing. said he didn't know if it was related but he wanted us to be aware of the situation. had further heard that the shooter was Carl Pierson and that he came to the school to confront Mr. Murphy and another student intervened and got shot. He heard Pierson had a previous dispute with Mr. Murphy. said that he did not know anything firsthand, that was just what he has heard since the incident. He did not said he did not know of anyone recently who has made threats towards know Pierson. anyone.

I met with student **Sector Construction** (**Construction**) who was in his 5th period Science class, C2P2 Room W2 on the first floor with teacher Mr. Lutz. **Sector Construction** stated they heard a loud bang. Mr. Lutz got up and looked out the classroom door. They heard 2 more loud bangs and Mr. Lutz told all the kids to go to a corner of the room. Mr. Lutz locked the doors and turned out the lights. They heard an announcement through the school that they were on lockdown. Mr. Lutz grabbed a fire extinguisher and hid behind the door in case anyone came in to the room.

said he felt that Mr. Lutz was preparing for whatever he needed to do to protect them. He said that he felt safer thanks to Mr. Lutz. He said he did not see anything or smell anything. He heard voices in the hallway but no screaming. He thinks he heard the police in the halls. They stayed there until they were evacuated. **Statistics** said he does not know of anyone who would do this and has not heard anyone make any threats. He did not have any further information.

Next I spoke with teacher Emily Firchau **(Example)** who stated she was teaching 5th period Chemistry in room W105. She was administering a quiz when she heard a very loud shot. She went to the classroom door and removed the magnet to secure the door when she heard another loud shot and saw smoke in the hallway straight down the hall from her door. She locked her door and told her students to hide in the corner. Firchau looked back out the window and saw a female student down the hall on a bench then slumped to the floor. The student has covered in blood. The hallway was filling with smoke. Firchau turned out the lights and they hid until they were evacuated by police about 1310 hours. Firchau had learned since the incident that the shooter was Carl Pierson. She said that Pierson was in her Chemistry class last year. She said that she got along with him but described him as being passionate and he didn't like to be wrong. She said that he would ask he "how to make a bomb" and was interested in bomb making but she said he would talk about it in a joking manner. She said that most of her student ask about makine bomb and blowing things up. She said it was pretty normal conversations and was

ACSO AHS Investigation

Incident Report -

Page 9/12

not concerning at the time. She said that Pierson was a different kid though and thinks he could be confrontational and had very strong views. She said that she could absolutely picture him being capable of this incident.

Last I spoke with student 0 had already been interviewed by . police and stated he did not see or hear anything. As he was waiting to be released to his parents he learned the shooter was Carl Pierson and said that he is good friends with him and he had some things he thought we needed to know. said he has known Pierson since they were freshmen, and both are now seniors. said that they eat lunch at the same table almost everyday. He said that they were pretty good friends but they didn't do anything together said that Pierson recently told him that he bought a shotgun a few outside of school. days ago. asked Pierson why he bought the gun and Pierson said "Because I can." is not sure if Pierson has any other guns. did say that Pierson can be very confrontational and fly off the handle and lose control. He said that Pierson has threatened to kill him in the past as well. described Pierson as being an Atheist and has strong Communist and Socialist views. Pierson had very strong political and religious views that he was very out spoken about. said they got along as long as they didn't talk about religion or politics. said he heard Pierson came to the school today to look for Mr. Murphy. said that Mr. Murphy is the debate coach and Pierson is on the debate team A few months ago Pierson got into a heated argument with Mr. Murphy and he was removed from the team. Pierson's mom came to pick him up from the school and Pierson was very upset and was velling and screaming "I'm going to fucking kill him." At this point I contacted a Littleton Sergeant that was in charge of overseeing the students and I advised him that should be taken to the PD for a formal statement by the agency investigating this incident due to his personal knowledge of the shooter. I told that we would like him to go with ACSO to complete a more formal interview and he agreed. He left with an ACSO Detective.

All the students were released to their parents and all student interviews were completed at this time. We were released from the scene.

Incident Report -

Page 11/12

0001151

door directly next to the class room. I saw several other students running towards the King Soopers parking lot. I directed the students to follow that group. The remaining rooms were locked.

We came back out to the main hallway and noticed there were several other Officers holding the hallway. We then heard over the radio that more assistance was needed in the science wing. Our team began moving towards the science wing. As we were walking down the main hallway, I could see blood on the ground and several shotgun shells lying in the area. We continued to the science wing and cleared several class rooms. A master key was brought to us and we were able to clear the rooms in the science wing. Eventually we were called to evacuate the students. The students were all evacuated from the science wing and secondary room clears were completed.

I then heard there were several people locked in the kitchen. I joined with several other people and started towards the cafeteria. After forcing entry to the kitchen area, 7 people were located inside. They were then secured in an office. I maintained coverage of the hallway near the kitchen until Tactical Teams were able to come in and take over the scene. I was told that I could be needed at the King Soopers where they were holding some of the evacuated students. I went to the King Soopers and kept guard in the parking lot. I did not speak with any of the students.

After I was cleared from King Soopers, I reported to the Command Post. I was originally asked to assist with interviews at Euclid Middle School. While en route, Sergeant Callahan told me to disregard the interviews and respond to the Police Department. I had no further involvement in this case.

- D. Investigation: On December 13, 2013, at approximately 1243 hours, Officer Kozuch and I were dispatched to Arapahoe High School, at 2201 Dry Creek Road, in the City of Centennial, Colorado, in reference to a school shooting in progress.

While traveling to the location, Arapahoe County Dispatch was advised by deputies on scene, that there was at least one student that suffered major injuries. After a few minutes, the deputy announced that the shooter was down in the library.

Upon arrival, Officer Kozuch and I reported to the command post, where we were directed into the school to assist with the initial search of the building for suspects and/or victims. We assisted Arapahoe County Deputies search the west wing of the school, consisting of the science department and basement access. During the search, we discovered that students and faculty were hiding in classrooms in the area. Once the west wing was secured, each classroom was searched for weapons and incendiary devices, as were each of the students.

Parker Police Department Supplemental Report CT 1 3 - 4 4 5 4 5 Activity # 2013-004227

A. Additional Involved Personnel:

B. Investigation: On 121313 at approx. 1243 hrs I (Sergeant Nate Schivinski) heard ACSO ask for all available units to assist on an active shooter at Arapahoe County High School. I responded to the school located at 2201 Dry Creek Rd. Upon arrival I parked my patrol car on Dry Creek west of University on the south side of the school. I grabbed my AR15 and my "go bag". I immediately assigned myself to a team of approx. 10 other officers forming an entry team and entered the school. Once inside the school we cleared unlocked rooms and hallways on the main floor and upper level. If students and staff were located an officer was assigned to stay with them. After told to do so by an ACSO sergeant I helped evacuate staff and students from the west 100's and out to the football field. After my area was evacuated I was assigned to the science door wing. From that position I observed a large pool of blood in the hallway on the floor and on a bench. The blood left a trail south down the hallway to the front of the school. I also observed a backpack and cell phone on the bench. Above the bench on the brick wall appeared to be a blast mark from a weapon. To the right of the bench on the brick wall was another blast mark. On the floor was another backpack, another cell phone and long brown hair. I stayed at this position until relieved by ACSO staff. Lastly, I checked out at the command post.

Parker Police Department Supplemental Report 13-44545 Activity # 2013-004227

A. Additional Involved Personnel:

B. Investigation:

On 12/13/13 at about 1300 hours I, Ofc Graham, was dispatched to assist on an active shooter at Arapahoe High School. I responded to the scene and maintained a perimeter security position at the intersection of Dry Creek and University for about an hour. I was then assigned to go to Good Shepard Church to assist with reuniting children bused in from the high school with their parents. I was also assigned to try and attempt to locate additional witnesses to the shooting, however was unable to find any new witnesses that other officers had not spoken with already. I did this until I was relieved of my position at about 1800 hours.

C. Investigative Leads/Follow-up: Information only; forward to ACSO.

Parker Police Department Supplemental Report Activity # 2013-004227

A. Additional Involved Personnel: Ofc. Tilch (PTE)

Ofc. Jones Ofc. Graham (PTO) Ofc. Biles (PTE) Sgt. Schivinski

B. Investigation: On 12/13/2013 at approximately 12:43 hrs I, Officer Kozuch was dispatched to Arapahoe High School, 2201 Dry Creek Road reference an active killer. While en route dispatch advised that Arapahoe County Command would like everyone to report to the command post located on the northeast corner of Arapahoe Rd and University Blvd.

Upon arrival I responded to the command post where I was advised by a supervisor from ACSO that multiple students would be exiting from the main entrance located on the south side of the building. I responded to that area and directed students that were exiting the school to the evacuation point located on the southwest corner of University Blvd and Dry Creek Rd.

After that group of students evacuated, I entered the school through the main entrance and proceeded towards the science section that I was advised needed to be cleared. Along with several DCSO and ASCO deputies started clearing the hallways leading towards the science section of the school. While walking through the main hallway that led to the science section I observed blood drops on the floor of the hallway. Blood drops started at the hallway and led all the way to the area of an exit door located on the north side of the school. Near that exit was a larger pool of blood near a bench. In the same area I also observed two backpacks and two cell phones lying on the ground. I also observed two red shotgun shells on the floor of the main hallway. After arriving at the science section of the school, along with several other law enforcement officers I conducted a clearance of two classrooms: W-102, W-103. Inside W-103 we located 33 students including one teacher. I also assisted in clearance of the science section teacher lounge and the science lab. I also assisted in clearing the science section basement. After the initial school clearance was conducted, along with Officer Tilch I conducted pat downs of all the students inside room W-103. The students were then evacuated from the school and directed to the football field where they were turned over to other officers and deputies. Following the release of the students, I assisted in conducting a secondary search of the science section of the school. After the secondary sweep was completed, I maintained security of the area until tactical teams came by and conducted a 3rd sweep of the area.

At approximately 16:30 hrs I was approached by an ACSO sergeant and asked to report to the cafeteria where more uniformed officers were needed. Once inside the cafeteria I was asked that all officers that were not a SWAT team member, to report to the command post. Officer Tilch and I reported to the command post where I was asked by Capt. Tsurapas to respond to the Shepherd of the Hills Church, 7691 S. University Blvd to assist in release of students to the parents. After arriving on scene I assisted in release of the students until I was told by Lt. Prior that I could clear the scene.

Parker Police Department Supplemental Report Activity # 2013-004227

A. Additional Involved Personnel: Officer Graham (PTO)

B. Investigation:

On December 13, 2013 at approximately 1300 hours I, Officer Biles of the Parker Police Department, responded to the assist other agency command center at Chase Bank, 7490 S. University Blvd., City of Centennial, County of Arapahoe and State of Colorado.

I arrived on scene and located the command center. I maintained the perimeter at the intersection of University Blvd and E. Dry Creek rd. for approximately 45 minutes.

I then was assigned to respond to the Shepherd of the Hills Lutheran Church School at 7691 S. University Blvd., Centennial, Colorado. There I assisted in reuniting families with children bused in from Arapahoe High School.

I left the scene at approximately 1800 hours.

Parker Police Department Supplemental Report CT 1 3 - 4 4 5 4 5 Activity # 2013-004227

A. Additional Involved Personnel: Officer Kozuch, SGT. Schivinski

B. Investigation:

On 12/13/12 at approximately 12:43 PM I, Officer Jones was patrolling the Town of Parker and heard via scanned Arapahoe County Sheriff's radio channel that an active shooter was taking place at Arapahoe High School, 2201 Dry Creek Road, Littleton, Colorado.

At this time I heard SGT. Schivinski assign me to respond to Arapahoe High School to assist. I responded emergent to the school. Upon my arrival I observed approximately 10 or 12 officers from other jurisdictions running towards the front of the school. I also observed that SGT. Schivinski was in that group. I joined the group and entered the school from the south side cafeteria with.

I assisted in clearing the main level of the school. During this clearance I observed a large pool of blood on the tile near the school library. I observed a trail of blood droplets forming on the tile. It appeared that the droplets went south in the hallway. The group I was with was advised by another officer that the rooms to the south of the library had been cleared. I then went with the group to continue north and west through the school to clear it. I also went with a portion of the group to the second floor, using the stairway on the west side near the science classrooms, and went upstairs to clear it. Several classrooms were filled with students and were evacuated after a short period.

Once the students upstairs were evacuated I went downstairs where I was posted as door security for doorway 26 on the west side of the building near the science classrooms. I also went outside and acted as perimeter security while students were being evacuated from the building.

I was relieved by an Arapahoe County Deputy at approximately 4:00 PM. I responded to the command post where they advised me that I was clear to leave the scene.

Parker Police Department Supplemental Report Activity # 2013-004227

A. Additional Involved Personnel: None

B. Investigation: On December 13, 2013 I, Detective Shannon Brukbacher, was notified of a request for agency assistance. The Arapahoe County Sheriff's Office was seeking assistance with the shooting at Arapahoe High School. I was asked to report to Euclid Middle School to assist with interviewing potential witnesses that were bussed there from Arapahoe High School. Upon my arrival to Euclid Middle School I was informed that the students who saw or heard anything were being separated from the rest of the students. I was asked to begin interviewing students as they arrived.

It should be noted that all of the students and teachers that I spoke with only reported hearing the incident take place. None of the students were eyewitnesses.

First I spoke with Contacted, **Sector 2006** DOB **Sector**. Stated stated that she went to use the restroom, but had gone to the water fountain near classrooms C4 and C6 instead. She was in the north hallway and had come from classroom C-18. She heard the first shot and then two more shots. She blanked out and panicked because she was in the hallway. She thought the shots came from the cafeteria area. She ran back to her classroom and was banging on the door. She was let back into the classroom. **She was did not know who was involved in the incident.**

Next, I spoke with Contacted, **Basedon** DOB **Basedon**. **Base** reported that he estimated the incident occurred about 30 feet from his classroom. He was in Spanish with Melin. He was not sure of his classroom, but it was either C21 or C23. He heard three shots and then two more shots. He heard it was in the library. **Basedon** was able to hear a woman scream and banging on the doors. He did not know who was involved.

Next, I spoke with Contacted, **Sector DOB DOB The sector** reported that he was in Spanish, room C21. He heard one loud boom which sounded like a chair folding. He heard three to four more shots. He thought it was right outside of the classroom. His friend, **The**, told him that he saw officers at the library.

Next, I interviewed Contacted, **Manual Contacted** DOB **Contacted**. **Contacted** reported that she was in Science, room W207, when she heard one shot that she thought was something falling. She heard two more shots. Her teacher, Mr. Wallace, went to see what was going on. He told them all to stay in the classroom and he locked the door.

I then spoke with Contacted, **Sector DOB** DOB **Sector**. **Sector** told me that she was in classroom C23 in the Spanish hallway when she heard three loud bangs. **Sector** reported that it sounded like a metal trash can. The teacher stepped out, came back, and they went on lock down. **Sector** could hear screaming and crying. Someone said that there was a girl on the ground and there was smoke, but **Sector** did not witness this nor did **Sector** know who provided that information.

Then I interviewed Contacted, **Contacted** DOB **DOB** went for water. **DOB** heard three

Activity # 2013-004227

COPY

ACSO AHS Investigation

5 of 7

Parker Police Department Supplemental Report Activity # 2013-004227

loud bangs, one right after the other, which she described as something dropping. **Second** came back to class and she was freaking out. She didn't know what happened. They were put on lockdown. She could hear screaming, but otherwise did not know anything else.

Next, I spoke with Contacted, **Contacted** DOB**CONTACT**. The reported that she was in classroom C21 and they were about 10 minutes into class. She heard two bangs, but she did not know what it was. She heard someone yell "hide" or "lock down". She did not have any further information.

Next, I spoke with Contacted, **Contacted** DOB **Contact**, **Contacted** stated that she was in classroom C21 with Mrs. Melin. She went to the bathroom. She did not notice anything unusual when she was enroute or coming back from the bathroom. She heard on gunshot but she was not sure what it was. The teacher turned off the tights. She heard a girl scream. **Contacted** stated that yesterday there was a kid banging on a door in the hallway and screaming "let me in, let me in." She was not sure if that was related or not. She did not know who the student was.

I then spoke with Contacted, **Boundary DOB DOB DOB State 1**. State 1 stated that she was in Spanish class when she heard a gunshot which sounded like someone kicking a trash can. About 10 seconds later she heard two more shots back to back. A student, **Someone** came into her class. She reported that a girl was lying on the ground. They were put on lockdown for an hour. Someone said the incident was about 30 feet from the classroom. **Someone** said the library was near her classroom.

I then interviewed Contacted, and the DOB and the Solution. She stated that they were doing presentations in English with Mrs. Comp. She thought her classroom was C19 or C18. A student, went for water. The heard one shot and then three shots in rapid secession. The reported that the shot was the custodian carry the librarian, Mr. Murphy, out of the library. She did not know who the shooter was, but she heard that he was mad at Mr. Murphy. She also heard that the was shot.

I spoke with Contacted, **Booteness** DOB **Booteness**, **Booteness** reported that she was in Chemistry 2/ Physics 2 with Mr. Lutz in room W101. She heard the first two shots that were fired in close secession. Mr. Lutz got up to look out the door. He ordered everyone to the corner. She heard people asking "where are they" and she assumed it was the police. Someone pulled the fire alarm and someone came over the PA system and told everyone to disregard the fire alarm. She heard that the incident involved Carl Pearson and Clair.

Next, I spoke with Contacted/teacher, Patty Melin DOB Unknown. She stated that it sounded like it was right outside the door. She peeked out the window on the door and saw the teacher across the hall gathering his students. Her classroom is right by the library. She heard three loud sounds. Yesterday, a student, Carl, was beating on the door. She did not know what that was about but said teacher, Vicki Lombardi, in room C20 knew what happened.

Lastly, I spoke with Contacted/teacher, Cara Syers DOB **Contacted**. Syers stated that she was in the science office at the time because it was her off period. She was with teacher, Jesse

Craig. She heard three bangs. She and Craig thought it was another class and suspected an experiment blew up. When they saw the look on the teachers face she knew it wasn't in the classroom. She called the main office and reported an explosion. She and Craig went to see what happened and attempted to close the main doors to the science hall. Craig went into the hallway a short distance before returning. He told her that they needed to go back to the classroom and they did. She did not see anything, but Craig told her that there was smoke coming from the trophy hallway.

When I was done speaking with Syers, I waited at Euclid Middle School. It was reported that there would be no more busses going to that location. We were asked to respond to Shepard of the Hills Church to assist with interviews. Upon arrival there the interviews were completed.

At about 6:00 PM I cleared the scene.

C. Investigative Leads/Follow-up: Please forward a copy of this report to the Arapahoe County Sheriff's Office.

gin Date/Time: 12/13/2013	12:33:00 PM Report Title: SUPPLEMENTAL REPORT	13-44545
cur. Location: 2201 E DRY		ENTENNIAL State:
mber of Arrestees: 0	Agency ORI: CO00	
High School, 2201 E Dry Upon my arrival, I linked help with the rescue of p University entrance. Imm located. As we did a sys pool of blood near a bench bench. Around the bench There was also a blood to Once we got to the Libra The main desk had dama a large portion of the carr gun powder while I was i gunshot wound to the het him he was deceased. If We continued to search fit was unlocked. We were students in each. We the cleared myself and three additional two times. Wi Greenwood Village. The Commander and I en together to find more offic the large pool of blood ne Officers and I then began area of the school. I four students locked in the sm cleared the boy's locker of to be missing from anoth I informed a SWAT office section in the pool room. After a few minutes we fit the group and made sure standing on the lawn of th the students on the lawn 80122. There were appro- gather in the produce are members to do a 360 sec then had the parents line word that the command of one by one and they were	imately 1233 hours I was asked to assist the Arapahoe County She Creek Rd, City of Centennial, Arapahoe County, CO on a report of up with an ACSO swat member and stated to him that I have medic obential victims. The ACSO deputy, Ofc Robinson, and I then enter- mediately we attempted to find the Library, where it was believed pol- tematic search while making our way to the Library I noticed in a we she for the bench there were two cellular phones and there were als the I noticed multiple spent shotgun shells located on the ground in d- age to it from the school from the bench. By I noticed multiple spent shotgun shells located on the ground in d- age to it from the shotgun rounds. Near the back of the Library near bet had been damaged and locked as if it was burned. I smelt an o- in the Library. In a corner and in between two book shelves was a i ad. He was lying on his back and surrounded by a large pool of blo t was believed that he was the suspect in the shooting. For students, victims, and suspects from that point on. We began cle t to the second floor and began clearing each room. I found two roo en evacuated the students from the school not the track. Once the other Police Officers from different agencies remained on the secon- tile holding the upstairs portion of the school I was partnered up with ventually linked up with other Officers on the main level of the school. The school. I was told that the area of the school was called the to clear the rooms and search for more people in the school. We de id four teachers located by the pool inside the school. They stated to real locker rooms by the pool. I cleared the girl's locker room while com. Inside the girl's locker room I found 12 students. Two of the 1 er classroom. I attempted to get in touch with dispatch but my radio r and he informed dispatch of my findings. We gathered both grou- nee the students and teachers up and lead them out of the school. No one got left behind. Once outside we linked up with a large gro e eschool. The street closest to us a	shots fired in the school. cal experience and could ed the school via the tential victims were est wing hallway a large to two backpacks near the e hair on the ground. ifferent areas of the room. Ifferent areas of the room. I
