Hey w assuup.

REBEL NEWS: Atlanta, Phokus, Petro, and Pazzie are complete. For those of you that don't know who they are, they are, they are the first 4 true pipe bombs created entirely from scratch by the rebels (REB and VoDkA). Atlanta and Phokus are each 1 1/4" by 6" pipes, Petro is 1" by 6", and Pazzie is 3/4" by 5". Each is packed with powder that we got from fountains, mortar shells, and cracking balls. Each also has a 1/4" mortar shell type fuse. Now our only problem is to find the place that will be "ground zero." Me and VoDkA also have made 2 more noisy crickets.

God damn it! I'm sick of people saying "wicky" when talking about fireworks! Don't falkin' say another falkin' WICK or it's gone to rip yer falkin' HAID off and YOU-rinate down ya' falkin' neck! IT'S FUSE!

If you haven't made a CO2 bomb today, I suggest you do so. Me and VoDkA detonated one yesterday and it was like a fucking dynamite stick. Just watch out for shrapnel.

I have created a duke map that's almost exactly like the area in which we do our missions. Please check it out if you want to learn a bit more and see for yourself what it's like. It's a good dm map and it's got bunchloads of awesome explosions. It's on the clan page. Updated often.

Special thanks to Excaluber, KBBz, VoDkA, Jester, and Imaginos for helping me make this page happen.

Hey, the clan page is currently down. If you have a strong desire to learn about us, just mail me. Ill let ya'll know when I decide to put the page back up (so don't even try to click on that little thingy below). This will not work with AOL 3.0's browser because aol sucks to much.

Remember, these pages are viewed best with Netscape or Microsoft Internet Explorer. Not with AOL's browser. It sucks

NEXT MISSION—arrest whenever.

Ok, people, I'm gonna let you in on the big secret of our clan. We ain't no god damn stupid ass quake clan! We are more of a gang. We plan out and execute missions. Anyone misses us off, we do a little deed to their house. Tags, keepers, superglue, busy boxes, large amounts of fireworks; you name it and we will probably or already have done it. We have many enemies in our school, therefore we make many missions. Its sort of a night time tradition for us.

Download CORRIDOR.MAP. Its a very close replica of the missile sites. But we have never seen the inside of the house...so we just guessed. Its also cut off where the area isn't important (I think), I didn't want to put in all of the neighborhood.

The mission has been done. And the rebels...once again...emerged victorious. Vees taking blow de sheet outta losse stool.

As for the next mission, we haven't decided what to do or where to do it. I had some thoughts about hiding in some large bushes or trees and shooting stuff. Or maybe some more solid attacks. But we need to go up to Wyoming and lead up on that stuff. We are running low. Plus we just got our paychecks...they aren't big...but they can cover quite a bit of stuff. We still need to get the future too. So far, the next mission will probably be in July sometime. But we AREN'T SURE.

MISSION LOGS:

6: Awww yea. This mission was so fuckin fun man, ok, first of all, my dad was the only parent home, so it was much easier getting out...but still hard since all these rocks is my backyard and makes much noise. Plus, the neighbors dog barking its faulting head off. First we went through the corridor...going through some very tall grass fields, not as tall as the ones in the Lost World, but close. Felt kinda cool. Then we set up the strip of 1122 firecrackers. Using 2 cigarettes as starting fuse, we set it off. Time to square. We also had a nice little trickery fountain hooked up to the fuse too. After a few minutes of nothing it lit up, it went and went and went...up the big cement pipe going under a steeple. We were on the side of hill we hid in the glass. There was also a full moon that night, and a half moon in the sky. So we tied the rope around the steeple when we were out in the open. But...black clothing and felt glasses sure helps. After about 5 minutes (forever) it began. Beforehand we watched as some lights in the targets house went...then off. Maybe the bastard heard something. But when the lights started, he turned in his bedroom lights off. The strip went up into about 20 seconds...we heard...it was very fucking loud, almost all of it. We went off, loud and bright, everything worked exactly how we wanted it too. After about 10 minutes we started down the bike trail to the next target, the first target lights were on again in the backyard, but we think we got away undetected. While we were walking to the next target, we shot one round. Hah, Vodka thought he saved off Biggun and a few others too. So we loaded it, pumped it, and fired off a few shots at some houses...and trees and stuff. We probly did some damage to any houses, but we went sure. The glass was not bent at all, which was very good. At the next target, we set up the second missile battery and the rockets. These had been fixed, about 2 feet long. At them was Vodka and 12B were neat hiding in the shadows. Luckily there were some trees and a few of the 2nd targets so we could hide pretty well. Anyway, we went over to the others. We watched as the firecracker burned and burned...then the rockets went off. It was pretty nice, not too much mess as a prank, but more as a nice little fireworks show. They made some noise, but nothing to shout about. But the battery didn't work so well. Back in the room, and the bat had burned down to about 2 inches, so I just put up some white stuff and lit it. Right as I made it to the others it went off...phew. Pretty quick and loud too. Since the missiles were wildly, they probly woke up a few residents. YES, then we started heading up to this construction site. Its right on the side of a kinda busy road, but before the houses. We dodged a few cars, dressed around at the site. And we also swept from side to side from the fence on the other side. Just put up around the fence, we were looking for whatever is being built. The signs read "RENT-A-FENCE" and had some 19B0 numbers on them. So we got some very nice firecrackers..."shocked" and it from their place. Then at Kibbi and Vodka went down the foundation hole and I was up on a car drive by. We had enough time to see it, take down theLt, and then the blow. We decided it was time to leave the house. He didn't stop, drove right by, but sat he might been looking for us. So we got out of the fence, grabbed some stuff and went into the neighborhood again. We didn't have that much trouble getting back home, just some stops and stuff. Once we got in, we were sent as a priest after a 3-hour stay. The total mission took about 3 hours; We left around 12:30 and got back around 3:30.

We went very sure, but it lasted a while. And damn it, it was well worth it. We needed that mission too, we were all pretty tired of waiting and our moves were just about. So it was pretty relaxing to be fresh like that.

This mission was one of the best we ever did. It was from Kibbi's house to several positions in his neighborhood. That night was pretty the longest we ever did. We first went to this soccer field playground. It was right on the corner of a very, busy intersection in his neighborhood. So every minute we had cars go by. There was a lot of moonlight that night. We got to the play area and dodged the lights of cars for about 20minutes. Then we decided what our first strike would be. We got a big MO's cop, and went to the center of the soccer field. We got out about 20 bottles of rockets that were slipped to the top, and a total of 100 strips of thick stuff. Each very good and long fuse. So we hid each other. We hit them, and saw over and got behind these big pine trees. We were totally out of vision. The rockets went off. We then. They launched out over the field and things went off after that, we started back track we came. Which went through the road about 25yards wide with houses on either side. We found this large plastic tube. We decided that Kibbi and Vodka would walk off towards the street on the other side of the road and hide behind some trees while I hit it. Except, the tire was over 100 yards away. And they were about 16yards, and it. Once they signaled me, I sent the small assortment of thunderstorms and about 30 thick, thick, thick. The would only make sound, no visual effects. But anyway, I hit, and sprinkled the whole fuckin way. About 3/4ths of the way the fireworks went off.
This mission was freetkin' time. The mission was from my REB (Retro), through the corridor, past the gares, and to the place where we do all our fireworks. It was supposed to be like the other missions to this place. The weather was nice, we had 4 items made up and ready for use. The first fuse didn't work. The second fuse functioned also. Both of those items were just about 100-125 thunderbots stripped together. We had one more like the first 2 and we also had a little container of bottle rockets. Those bottle rockets were stripped together and put into a bottle. We placed this bottle atop of a large hill. So quite a few people could see. After about the 3rd fry, I decided to just light the fuses that were already in the rockets. Usually we use knockout fuses so we have time to get away. But this time, with Vodka and Kibbee standing over the hill and some bigass shrapnel at the direct fuse. After lighting it up, I ran like a sonofabitch to Vodka and Kibbee. By the time I reached them the rockets were starting to go off. We had about 50 in the assortment, so it lasted a while. It was rather perty. Then we decided the bottle and went BACK to the 2 strips that didn't work. They both had really crappy quality fuses so they went out before they got to where they were. I took the last one, tied the remnant of the first 2 fuses to it, and at 11 for the final 'lucky time.' Since I was the fastest, the group, I started light the fuses and Kibbee would be at the point when we stop running. Vodka would keep going while I light. This time both of them went over and had fun all the way to the top of the hill, about 100yds away. This would be the last time we've ever seen our own work in action. All the other times we just heard the bangs and hit the hill, and watched the angry vet. Fireworks go off. They lasted about 45 seconds, a blast of around 400 went up. They were both better and everything. It was really a nice way to end it. After that we went to this point in the trails that looked like the Q from quaker. We smoked some cigarettes and headed home. Except, when we were a few blocks away from our house, we had a problem. We were walking along the sidewalk when a fucking garbage truck stopped us. The driver of the truck from us just passed us. He stepped, got out and yelled, 'WHO ARE YOU?' We got up, got inside and threw our trash in the trash can. We then had left. We had been on our bikes and smoked a joint. This was the first time we'd ever been caught in a joint. A person named brooks brown (303-471-2012) was in charge of us. Calling my parents that I had been and shit in my room. My parents, like a fuckin' salesman to my parents. All because Brooks Brown thought I put a joint in his windshield from a snowball. ........BS? yes. Anyways, that was mission 1.

This mission was an attack on the people who shot Vodka's bike. On some random houses. First, after sneaking out of my house at around 1:55, we left off of 1 strip of thunderbots, and 6 bottle rockets. We had also a time delayed assortment too. This was made of 10 bottle rockets and a few cracking balls. We aren't really sure what went off, though, because by the time we would have, we were a mile away. After the fireworks we went over to this asskiss house. His name's brooke brown. We called him, 'Brooks,' number is 303-872-6602. He was in bed. Any of you feel like punching him? Anyway, we didn't really mean to do it. Just put some model paint on his name then, we went to another kids house, and started to respect his big, fat, thick, hairy-ass tree. We set off the motion detector's about 4 times, and we stood outside, we didn't get caught. His tree was completely sawed up and wrapped in aass whipping paper. Even though we only had 4 rolls, we did one hell of a good job. After that we had some father-large rocks onto peaceful streets and logged RC into a mailbox. Then, we came home and got drunk while watching Bennie's Boobs.

Our second mission was against this complete and utter fag's house. Everyone in our school hates this immature little weakling. So we decided to hit his house. On Friday night (2/7/97) at about 12:15AM we arrived at this guy's house. Fully equipped with 3 eggs, 2 rolls of toilet paper, the cheap brand, no party. Flowers. We were disappointed, and the proper tools to make his phone box a baby box (for those of you that are stupid, a baby box is where you set your box so that when they try to make a call, they get a busy signal and when someone else calls, they get a busy signal too). We placed 2 eggs in his very high, thick bushes. We just barely cracked them open so they would be producing a rather expensive and extremely BAD idea for someone. We placed the last egg on his welcome mat. It was very neat. I cracked the egg, put the yoke in the water, and the 2 eggs on the other side of the yoke. Then we taped it up large pole tree and then. Then we taped it up large pole tree and then. I don't know, it's big though. I went a complete trip, but it was enough to irk the name owner greatly. We also put the superglue on the front door and on the little red mail box flag.

The first was when we put an entire assortment of very loud fireworks in a tunnel, and lit them off at about 1:20AM. This mission was part of a rebellion against these vehicles that shot one of our bikes one day. They were rather angry that night, and we were very happy. We will be doing another hit on their house sometime in the near future. God! That one will be much closer. And louder.

After each mission we get drunk. Not with straight beer, we only use hard liquor. Aftershock, Irish Cream, Tequila, Vodka, Whiskey, Rum, and sometimes a few shots of Scotch. We also make our own shots. And sample others. (never from a prime, but killed). In our next few missions, we are planning to hit the decks, house a few more times, along with a few other houses. And also set off some more fireworks at that time. We each have a huge supply of fireworks, but ones... and don't we will have to lose so and we can drive around any place we want to. Yes, honey. Soon I will be putting my directions for more tricks that we make up. We will put up by good friends or other thing that we try. So check this place out often.

Wie gehts.

Well all you people out there can just kiss my ass and die. From now on, I don't give a fuck what almost any of you muthafuckas have to say, unless I respect you which is highly unlikely. But for those of you who happen to know me and know that I respect you, may peace be with you and don't be in my line of fire. For the rest of you, you all better fucking hide in your houses because I'm comin for EVERYONE soon, and I WILL be armed to the fuckin teeth and I WILL shoot to kill and I WILL fucking KILL EVERYTHING! No I am not crazy, crazy is just a word, to me it has no meaning, everyone is different, but most of you fuckheads out there in society, going to your everyday fucking jobs and doing your everyday routine shitty things, I say fuck you and die. If you got a problem with my thoughts, come tell me and I'll kill you, because......God dammit, DEAD PEOPLE DONT ARGUE!

God DAMNIT I AM PISSED!!
Philosophy:

My belief is that if I say something, it goes. I am the law, if you don't like it, you die. If I don't like you or I don't like what you want me to do, you die. If I do something incorrect, oh fucking well, you die. Dead people can do many things, like argue, whine, bitch, complain, narc, rat out, criticize, or even fucking talk. So that's the only way to solve arguments with all you fuckheads out there, I just kill 'em! God I can't wait till I can kill you people. I just go to some downtown area in some big ass city and blow up and shoot everything I can. Feel no remorse, no sense of shame. I unsage, I will rig up explosives all over a town and detonate each one of them at will after I mow down a whole fucking area full of you snotty ass rich mother fucking high strung godlike attitude having worthless pieces of shit whores. I don't care if I live or die in the shootout, all I want to do is kill and injure as many of you pricks as I can, especially a few people. Like crooks brown.

America:

Love it or leave it motherfuckers. All you racists (and if you think I'm a hypocrite, come here so I can kill you) motherfucking aholes in America who burn our flags and disgrace my land, GET OUT! And to you aholes in Iraq and Iran and all those other little piece of shit desert lands who hate us, shut up and die! We will kick your ass if you try to fuck with us or at least I will! I may not like or government or the people running it or things like that, but the physical land and location I DO fucking love! So love it or leave it!

Society:

I live in Denver, and god damn it I would love to kill almost all of its residents. Fucking people with their rich snobby attitude thinkin they are all high and mighty and can just come up and tell me what to do and then people I see in the streets lying their fucking asses off about themselves. And then there is all you fitness fuckheads saying shit like "yeah do 50 situps and 25 pushups each morning and run a mile every day and go to the gym and work out and just push yourself to be better and I can achieve anything and set high goals and have great expectations and be happy and be kind and treat everyone equal.

I give to charity and help the poor and stop violence and drive safely and don't pollute and don't litter and take shorter showers and don't waste water and eat right food and don't smoke or drink and don't sell guns and don't be a bad person".phew. I say "fuck you.....shutup....and die..." And then pull the trigger of a DB#3 that is in your fucking mouth. All you fucking people with your set standards and shit, like you have to go to college and be smart and shit, and you have to have a job and pay taxes, blah blah fucking biah, shutup and DIE! I really don't give a good god damn about what you think is "right" and what is "wrong" and what is acceptable and what isn't nice, I just don't fucking CARE! SHUTUP AND DIE!!!!!!
Hello everyone. These are the words of wisdom from REB.

This page explains the various things in the world that annoy the SHIT outta me. God I just LOVE freedom of speech. Keep in mind that these are just my point of views, and may or may not reflect on anyone else. I do swear a lot in this page, so fuck off if your a pussy who cant handle a little god damn bad language. now lets get started:

YOU KNOW WHAT I HATE???

---When im walking around in a mall and there is this SLOW AS SHIT person walking in front of me! Godamnit im tryin to get somew here! So move it or else it BITCHES!!
YOU KNOW WHAT I HATE???

---When there is a group of assholes standing in the middle of a hallway or walkway, and they are just STANDING there talking and blocking my fucking way!! Get the fuck outta the way or ill bring a friggin sawed off shotgun to your house and blow your snotty ass head off!!

YOU KNOW WHAT I HATE???

---When people dont watch where THEY ARE GOING!! Then they plow into me and say “ooops, sorry.” or “watch it!!!” Next time that happens ill rip out 2 of your damn ribs and shove em into your fuckin eye balls!!

YOU KNOW WHAT I LOVE???

---When some rich ass stuck up piece of shit white trash person gets in a car wreck with their brand new car!

The retard didn’t press enter or anything. He just waited. Then he started cursing at the computer saying it was screwed up. Then the freshman went and got a teacher and the fucking teacher could not figure out why it wasn’t going anywhere!!! JESUS!!! Personally I think they should be shot.

YOU KNOW WHAT I LOVE???

natural SELECTION!!! God damn its the best thing that ever happened to the Earth. Getting rid of all the stupid and weak organisms....but its all...
This is Eric Harris' original page. I found this by knowing his screen name on AOL and assuming he has a web page. For this web page just copy the address below and go there on any internet service.

Wie gehts.

REBEL NEWS: Yo, this page will be getting some big ass changes soon. I'll be adding some new pages to it such as "New group names" and "Top 10 lists." Gonna have some cool shit. check it out. or I'll blow you up. cause jo mamma.............is so fat.

Homework sucks.

Mother f**ker blew BIG. Pazzie was a complete success and it blew deh f**k outta a little creek bed. Flipping thing was heart-pounding gut-wrenching brain-twitching ground-moving insanely cool! His brothers havent found a target yet though.

Atlanta, Pholus, Peltro, and Pazzie are complete. For those of you that dont know who they are, they are, they are the first 4 true pipe bombs created entirely from scratch by the rebels (RES and VoDkA). Atlanta and Pholus are each 1 1/4" by 6" pipe, Peltro is 1" by 6", and Pazzie is 3/4" by 5". Each is packed with powder that we got from fountains, mortar shells, and crackin' back. Each also has a 3/4" mortar shell type fuse. Now our only problem is to find the place that will be "ground zero." Me and VoDkA also made 2 more noisy crickets.

God damnit I'm sick of people saying "wick" when talking about fireworks! Don' f**kin' say anothuh f**kin' WICK or I's gone to rip yer f**kin' HAID off and YOU-rinate down yo' f**kin' neck!! ITS FUSE!

natural! YES! I wish the government would just take off every warning label. So then all the dumbasses would either severely hurt themselves or DIE! And boom, no more dumbasses. heh.

YOU KNOW WHAT I HATE?!

---ASSHOLE THAT CUT!!! Why the fuck cant you wait like every other human on earth does. If you cut, you are the following: Stuck up, self centered, selfish, lazy, impatient, rude, and... I am not even sure anyway. Every fucking time I get into a store having to wait a fucking hour when there WAS only me and 1 other person in the line! Then the queer sucking asshole lets all his/her so called friends cut in behind me! If that happens 1 more time I will have to start referring to the Anarchists cookbook (bomb section)

YOU KNOW WHAT I REALLY HATE?!

---LIARS!!! OH GAWWWW!!! I HATE LIARS. And living in this fucking neighborhood there is thousands of them!!! Why the fuck must people lie so damn much! Especially about stupid things! I hate "Yeah, I just bought 5 cases of M-80's in Oklahoma for about $5. And you are legal there and everything. Yeah my parents buy most of my guns, every once in a while I'll use my 4,000 dollar paycheck and buy a shotgun or 2. And my brand new hummer just broke down on the highway when I was going 250mph. Stupid car." like that now. What the fuck part if any would a normal human being believe? And that's just one person! Another BIG example is Brook Brown (303-972-0662). Now, according to him, he has a 215 IQ, 5 other homes (2 in Alaska, and 3 in Florida), 95 mph fast ball (he is only 15), runs a mile in 9 minutes, has an uncle that is the former head of all the armed forces and has access to... Thesee Button... His other uncle is a multi-millionaire that lives in downtown Detroit, and his neighbors are the chick that sang "n.e.p.e.t." and the lead singer of Aerosmith. And that same uncle owns 30% of the stock of that tylenol company. And his grandparents give...him about 1000 dollars for each month, and his other Grandpa can blow up every house in America because all the houses have C-4 in the foundations. Again, according to Brook Brown. OK, when people lie like that, its not impressive, no one believes it, it sounds just plain stupid, and its a fucking waste of my time.

YOU KNOW WHAT I HATE?!

---R rated movies on CABLE! My DOG can do a better damn editing job than those dummshites! For the sake of all television they can atleast try to make it sound like actual words the person would say! If you have ever seen Aliens or Predator you know what I'm talking about.

YOU KNOW WHAT I HATE?!

---Worlds Keys!!!

YOU KNOW WHAT I LOVE?!!

---WAREZ!!! Why pay when its free?

YOU KNOW WHAT I HATE?!

---People who think they can forecast the weather!!! Then they think that everyone else will think that they are cool just because you said that we were gonna have a 4 foot blizzard starting today! Like just the other day, this punk i know was saying: "Yeah tomorrow we are gonna get like, 2 feet of snow in just a few hours. They were saying its gonna be the biggest snow in ten years. Yeah, ill be about -50 outside too." And that day we got an inch of snow and its 26 out. I feel like getting a baseball bat, breaking it over his head, and then STABBING him with the broken end!!!

YOU KNOW WHAT I HATE?!

---Country music!!!

YOU KNOW WHAT I LOVE?!!

---Zippo Lighters!!!

YOU KNOW WHAT I HATE?!

---People who say that wrestling is real!!! Now, im talking about the matches like hulk hogan or undertaker. If you think that these matches aren't faked and that these guys are REALLY punching and breaking arms, then please mail me. I would love to know where you live so i can BOMB your fucking house and ACTUALLY BREAK YOUR ARMS!
I KNOW WHAT I HATE?

--- YOUNG SMOKERS!! they think they are so god damn cool with their big bad cigarettes and their "sooo cool!" attitude. I can't wait until they are about 25 and have to breathe through their fucking noses and talk with a computer hooked up to their X-vocal cords.

YOU KNOW WHAT I HATE??

--- PAYING FOR MY CAR INSURANCE!!

YOU KNOW WHAT I LOVE??

--- FREEDOM OF SPEECH!!!

YOU KNOW WHAT I HATE??

--- Freedom of the press. I hate that part of the Bill of Rights.

YOU KNOW WHAT I HATE??

They are only funny the first time! Think up other stuff! They suck! They are stupid! We get sick of them very fast! VERY FAST!

YOU KNOW WHAT I HATE??

--- People who don't believe in personal hygiene. For the love of god and for the sake of god, CLEAN UP! Fucking people with 2 inch fingernails and a whole fuckin pot full of dirt under them and raggy ass hair or shirts stained to hell. Or people that just plain stink, and they don't do anything about it. Now, I'm not making fun of anyone if they can't help it, or afford it or anything like that, that's not their fault, but if your some kid drivin a ford explorer and have yellow teeth, then that just plain unhuman.

YOU KNOW WHAT I HATE??

--- People who use the same word over and over plain! Like, "actually", or "fuck you", or "bitch". Read a fuckin book or two, increase your vocabulary ya fucking idiots.

YOU KNOW WHAT I HATE??

--- People who try to impress me by TRYING to brag about the militaries weapons! Now, to some of you this might seem, weird, but its happened. Like this, "dude, they just came out with this new chemical that can destroy denver only using a cubic inch of it. The military is keeping it all locked up because if it gets to close to water it explode, and the force would create a green earth, meanin." Yeah, right, butshit, or like this, "Dude, the air force has tracked sarten clause for like, 10 years now, he is real man. Its all a cover up." or "The air force just made a plane that can bend light, its completely invisible." now, this is just some of the shit I've heard. It makes me SICK. And they aren't even in the fucking military more do they know anyone that is!

YOU KNOW WHAT ELSE I HATE??

--- People who THINK they are martial arts experts! They are all cocky and thinkin that they are all big and bad. sayin bullshit like, "yeah if you snap your fingers right here the sound waves will melt the brain and you'll die from your own brain poring out your ears" or "If you flick someone right here arteries will burst and they'll down in there own blood." fuckin hate it when they keep sayin "your own", like it would be someone elses??? when these shitheads get in real fights the get their fuckin asses whooped all over the place by some little girl.
YOU KNOW WHAT I HATE!!

---STAR WARS FANS!!! GET A FRIKIN LIFE YOU BORING DICKHEADS!!

YOU KNOW WHAT I HATE!!

---RACISM!!! Anyone who believes that blacks, asians, mexicans, or people from any other country or race besides white-american...people who think that should be drug out into the street, have their arms ripped off, be burnt shit at the stumps, then have every person of the race that YOU hate come out and beat the shit out of you. And if you are female, then you should be raped by a male from the race you hate and be forced to raise the child!! You people are the scum of society and aren't worth a damn piece of worm shit. You all are trash. And don't let me catch you making fun of someone just because they are a different color because I will come in and break your fucking legs with a plastic spoon. I don't care how long it takes! And that's both legs mind you.

YOU KNOW WHAT I HATE!!

---THOSE F***ING ADVERTISING OR CHARITY CALLS!! People saying "Hi, in not selling anything but"...good, now shut the fuck up and go get a real job! "Well, you are so rude!" damn straight bitch and if you don't get off my line I'll come down to your building and shove that phone list up your ass and take the phone and shove it up your bosses ass! "Hey!" Greetings, I love that.

YOU KNOW WHAT I HATE!!

That's all for now folks, hope you enjoyed! If I think up any more things, I'll post 'em on here! And sorry if I offended you, but if I did, that means that you are one of the people that I mentioned that I hate, so I guess I'm not sorry, your asshole.

belief is that if I say something, it goes. I am the law, if you don't like it, you die. If I don't like you or I don't like what you want me to do, you die. If I do something incorrect, oh, fucking well, you die. Dead people can do many things, like argue, whine, bitch, complain, narc, rat out, criticize, or even fucking talk. So that's the only way to solve arguments with all you fuckheads. I just kill! God, I can't wait till I can kill you people. NEXT MISSION=aaaaan whenever.

Ok people, im gonna let you in on the big secret of our clan. We aint no god damn stupid ass quake clan! We are more of a gang. We plan out and execute missions. Anyone pisses us off, we do a little deed to their house. Eggs, teepee, superglue, busyboxes, large amounts of fireworks, you name it and we will probly or already have done it. We have many enemies in our school, therefor we make many missions. Its sort of a night time tradition for us.

Download CORRIDOR.MAP. Its a very close replica of the mission site. But we have never seen the inside of the house...so we just guessed. Its also cut off where the area isn't important (ya know, I didn't want to put in all of the neighborhood!).

The mission has been done. And the rebels...once again...emerged victorious. Vee faaling blew de sheesit outta lossa stoff!!

As for the next mission, we havent decided what to do or where to do it. I had some thoughts about hiding in some large bushes or trees and shooting stuff. Or maybe some more aerial attacks. But we need to go up to Wyoming and load up on that stuff. We are running low. Plus we just got our paychecks....they aren't big...but they can cover quite a bit of shit. We still need to get the fuses too. So far, the next mission will probly be in July sometime. But we AINT SURE.

:MISSION LOGS:
f its residents. Fucking people with their rich snobby attitude thinkin they are all high a nd mighty and can just
come up and tell me what to do and then people I see in the street s lying their fucking
asses off about themselves. And then there is all you fitness fuck heads saying shit like

and what is "wrong" and what is acceptable and what isn't nice, I just don't fucking CARE!
SHUTUP AND DIE!!!!!!!
6: Awww yaya. This mission was so fuckin fun man. ok, first of all, my dad was the only parent home, so it was much easier getting out...but still hard since all these rocks in my backyard make so much noise. Plus the neighbors faulting dog barking its faulting head off. First we went through the corridor...going through some very tall grass fields...not as tall as the ones in the Lost World, but close. Felt kinda cool. Then we set up the strip of 152 fire crackers. Using 2 ciggarettes as starting fuses, we had plenty of time to spare. We also had a nice little crackering fountain hooke d up to the fuses too. After a few minutes of setting it up, we lit it and went over and hid in ontop of this big cement pipe going under a street. We were on the side of a hill so we hid in the grass. There was also a full moon that night, and not a foaming cloud in the sky. So it was like noon on the equator when we were out in the open. But, black clothing and tall grass sure helps. After about 5 minutes (forever) it began.

Beforehand we watched as some lights in the Targets house went on. ...

then off. Maybe the bastard heard something. But when the strip started, he turned his bedroom lights off. The strip lasted for about 33 seconds...we think...it was very fucking long. Almost a ll of it went off. Loud and bright. everything worked exactly how we wanted it to. After about 15 minutes we started down the bike t rail to the next target. The first targets lights were on again in the bedroom, but we think we got away undetected. While we were w alking to the next target, we shot some stuff. Heh, VoDKA brought his sawed off BBgun and a few BB's too. So we loaded it, pumped it , and fired off a few shots at some houses and trees and stuff. We probly didn't do any damage to any houses, but we arnt sure. The gun was not loud at all, which was very good. At the next target, we set up the saturn missile battery and the rockets. These both had the same fuse about 3-3 feet long. I lit them as VoDKA and KLASS were over hiding in the shadows. Luckily there were some trees and stuff at the 2nd target so we could hide pretty good. Anyway, I lit and went over to the others. We watche d as the fuses burned and burned...then the rockets went off. It was pretty nice, not so much ment as a prank, but more as a nice li ttle fireworks show. They made some noise, but nothing to shit yer pants about. But the battery didn't work. So I went back, checked it out, and the fuse had burned down to about 2 inches. so I just said up yours baby and lit it. right as I made it to the others it went off. It was pretty quick, and loud too. Since the missiles a re whistlers, they probly woke up a few residents. YEY. Then we st arted heading up to this construction site. Its right on the side of a kinda busy road, but before the houses. We dodged a few cars, messed around at the site. And we also swiped some signs from thi

Hello everyone. These are the words of wisdom from RDB.

This page explains the various things in the world that annoy the SHIT out of me. God I just LOVE freedom of speech. Keep in mind that these are just my point of views and may or may not reflect on anyone else. I do swear a lot in this page, so fuck off if your a pussy who can't handle a little god damn bad language.heehehehe. And now to get started:

Well all you people out there can just kiss my ass and die. From now on, I don't give a fuck what almost any of you muthafuckas have to say, unless I respect you which is highly unlikely. But for those of you who happen to know me and know that I respect you, may peace be with you and don't be in my line of fire. For the rest of you, you all better fucking hide in your houses because I'm comin' for EVERYONE soon, and I will be armed to the fuckin' teeth and I will shoot to kill and I will fucking KILL EVERYTHING! No I am not crazy, crazy is just a word, to me it has no meaning. Everyone is different, but most of you fuckheads out there in society, going to your everyday fucking jobs and doing your everyday routine shitty things, I say fuck you and die, if you got a problem with my thoughts, come tell me and I'll kill you, because... god dammit, DEAD PEOPLE DONT ARGUE!

God DAMNIT I AM PISSED!!

Remember, these pages are viewed best with Netscape or Microsoft Internet Explorer. Not with AOL's browser. It sucks.
REBEL NEWS: Yo, this page will be getting some bigass changes soon. Ill be adding some new pages to it such as "New group names" and "Top 10 lists." Gonna have some cool shit, check it out, or ill blow you up, cause yo mamma.............is so fat.

Homework sucks.

Mother fucker blew BIG. Pazzie was a complete success and it blew dee fuck outa a little creek bed. Filpping thing was heart-pounding gut-wrenching brain-twitching ground-moving insanely cool! His brothers havent found a target yet though.

Atlanta, Photius, Peliro, and Pazzie are complete, for those of you that dont know who they are, they are, they are the first 4 true pipe bombs created entirely from scratch by the rebels (REB and VoDKa). Atlanta and Photius are each 1 1/4" by 6" pipes, Peliro is 1" by 6", and Pazzie is 3/4" by 5". Each is packed with powder that we got from fountains, mortar shells, and cracking gun balls. Each also has a +14" mortar shell type fuse. Now our only problem is to find the place that will be "ground zero." Me and VoDKa also have made 2 more noisier crackers.

God damnit I'm sick of people saying "wick" when talking about fireworks! Don't killin' say another! Killin' WICK or Its gone to rip yer killin' HAID off and YOU-knead down yo' killin' neck!! ITS FUSE!!

It would be great if god removed all vaccines and warning lables from everything in the world and let natural selection take its course. All the fat ugly retarded crippled dumbass stupid fuckheads in the world would die, and oh fucking well if a few of the good guys die to. Maybe then the human race can actually be proud of itself. World war II is the last time I bet America was proud of its self. We beat the fuck out of the damn zipperheads and the nazis. We came back, from being bombed and loosing major battles to nuke that little piece of shit island and to take over that cool place called Deustchland. I say its cool because I love the German language and "BRUTE" stuff. Kein mitleid fur die merheit. Put everyone in doom I and see who can get past atleast level 1. Actually, then put them into MY worlds. Like Thrasher, Whiskey, UAC Labs, und TIER. I would love to see all you fuckheads die. NBK. I love it! sometime in april me and V will get revenge and will kick natural selection up a few notches. Armed with the following; a terroist bag full of noisey crickets, noisey crickets strapped to WD40 cans, pipe bombs with a shit load of shrapnel, fire bombs, chlorine gas bombs, and smoke bombs. Fire arms we arnt sure of yet, hopefully V will have his #3 and plenty of ammo for it. thats another thing, ill fuck around with some shotgun shells for more bombs also. For me, I don't know what weapon ill have. I just want a firearm that can hold lots of bullets and that wont jam on me. I'll need lots of clips to. ill have those strapped onto my chest. Maybe a bullet proof vest too. We will be in all black. Dusters, black army pants, and we will get custom shirts that say R or V in the background in one big letter and NBK in the front in a smaller font. We will have knifes and blades and backup weaponry all over our bodies, I will have a tattoo of REB on my right arm. Once we start we will wear balaclavas. First we will go to the house of (___ and ___) in the morning before school starts and before anyone is even awake. We go in, we silently kill each inhabitant and then pin down (___ and ___) Then take our sweet time pissing on them, spitting on them, and just torturing the hell out of them. Once we are done there we set time bombs to burn the houses down and take any weaponry that we find, who knows we may get lucky. Then get totally prepared and during Alunch we go in and park in our spots. With sunglasses on we start carrying in all of our bags of terrorism and anarchism shit into our table. Being very casual and silent about it. its all for a science/band/english project or something. Then, we sit down, play some pummp music, light a 50$ stoge, and get ready to start throwing out the first wave of crickets. Then, we light them, and throw them as far as we can, once the first wave starts to go off and the chaos begins, V opens fire and I start lobin the firebombs. Then I open fire and V starts lobin more crickets. Then if we can we go upstairs and go to each classroom we can and pick off fuckers at our will. If we still can we will hijack some awesome car, and drive off to the neighborhood of our choice and start torching houses with molotov cocktails. by that time cops will be all over us and we start to kill them to!we use bombs, fire bombs, and anything we fucking can to kill and damage as much as we fucking can. if it comes to the time when we are trapped with absolutely no way out, we eat crickets along with a ton of chlorine or some other deadly gas. so when we die, so will anyone close to us. if we have figured out the art of time bombs before hand, we will set hundreds of them around houses, roads, bridges, buildings and gas stations. anything that will cause damage and chaos. if you have ever seen the first few clips of violence in INVASION USA youll know what im talkin about. ill be like the LA riots, the oklahoma bombing, WWII, vietnam, duke and doom all mixed together. maybe we will even start a little rebellion or revolution to fuck things up as much as we can. i want to leave a lasting impression on the world. and god damnit do not blame anyone else besides me and V for this. dont blame my family, they had no clue and there is nothing they could have done, they brought me up just fucking fine, dont blame toy stores or any other stores for selling us ammo, bomb materials or anything like that because its not their fault, i dont want no fucking laws on buying fucking PVC
pipes. we are kind of a select case here so dont think this will happen again. dont blame the school, dont fucking put cops all over the place just because we went on a killing spree doesn't mean everyone else will and hardly ever do people bring bombs or guns to school anyway, the admin. is doing a fine job as it is, i dont know who will be left after we kill but damnit dont change any policies just because of us. it would be stupid and if there is any way in this fucked up universe we can come back as ghosts or what the fuck ever we will haunt the life out of anyone who blames anyone besides me and V. if by some wierd as shit luck my and V survive and escape we will move to some island somewhere or maybe mexico, new zeland or some exotic place where americans cant get us. if there isnt such place, then we will hijack a hell of a lot of bombs and crash a plane into NYC with us inside iring away as we go down. just something to cause more devistation.

i will get over him
ok
i am not sure
prolly just when he compliments me
but i get so aggrevated with him sometimes
i dont think that i am in love really
alright.
doesnt sound like it
no it doesnt
but then again, remember this:
love in my view means something different to everyone. what one person calls true
love can
be just another cheap thrill to another
i think i am just obsessed with the idea of a great boyfriend and hes the closest i got
yeah i guess your right
hm, that might be it
might just want love so much we exagerate our feelings
and romanticize them
i think that i am just comfortable with him and right now i dont feel comforatable
about much
why do you feel comfortable with him?
in other words...what is so great about Mr. ?
cus i know he likes me as a person
we can talk about anything
life goals
hes alot like you
only there
damn
and hes fun
mhm
we can goof off or have a deep conversation
see i am really insecure
it doesnt seem like he can have a deep
and so when he tells me that i am his best
just seems that he would say things like
yeah.
well, i can see that
it is easier to have a deep conversation
because i need to look into their eyes
ah.
i need to see what they are feeling
i dont know
he has such beautiful eyes
you see, i have never had any conv.s like this in real life
i fall into them when i look at him
so i wouldnt know.
really never
nope.
do you not have many close girl friends
just conversations at school about school things
wow
no, i hardly have any
that seems strange to me
i think with things like this it is easier to talk
i am not sure though

REB DoMiNe: heh. i have a big ass feeling you would hateрат a few people here

REB DoMiNe: mmmhmm
REB DoMiNe: i hate people like that
REB DoMiNe: i am so glad that you arnt like that
REB DoMiNe: as am i
REB DoMiNe: it would be scary cus i prolly never would have met you

REB DoMiNe: go on
REB DoMiNe: i dont see how there couldnt be the universe is so big
REB DoMiNe: mhm
REB DoMiNe: but then i wonder why havent we found em yet
REB DoMiNe: ah
REB DoMiNe: ya know i mean we have been searching for so long

REB DoMiNe: could be
REB DoMiNe: i know thats what i would think
REB DoMiNe: yeah i would think man as a whole this planet sucks and the people are pretty
damn stupid
REB DoMiNe: yyyyyyyyye p
REB DoMiNe: we only use 10% of our brain, that i just dont get
REB DoMiNe: yeah.
REB DoMiNe: and the people that use more than 10% are called crazy

JC-001-026572
you and me are the ones who should be running the world, not all these lameasses

yah that would be so cool we'd have all the answers

i would love to be the ultimate judge...and say if a person lives or dies

yeah could i be your goddess

"you'll be god-like"-KMFDM

hell yeah

ho yeah

like my quotes in my profile say, its only cool if i say so and it only sucks if i say so

i would love to hold someones life in my hand

hey hold on i want to read your prof and say "you dont deserve to live, you are worthless, die"

do you know how many people i would do that to

the world would be a much smaller place

someone once told me no one is worthless, maybe so, but they are definitely pointless

there would be about 100 people left on earth if we could do that.

have you ever seen that movie made for tv "the Stand" by steven king?

no

i dont think that people are worthless but i agree pointless

check it out sometime. it has a nice view of the world after 98% of it is dead

like their life is going nowhere

yeah. and they only are helpful because of their "job"

but some of them dont even have jobs

like, yeah thanks you made a movie, so the flip what and half of them could be replaced by robots

yes, very true
hey so what's up
REB DoMiNe: wow i'm so glad i found you online. here i was just about to mail this to you:
REB DoMiNe: well, i wrote my mom a 2 page note last night and put it on the counter. i told her about our conversations and why i stay up so late and how its my life and i am in control of it and a lot of other stuff that they have been bitching at me about. so we will have to see what they say
REB DoMiNe: about that when they get home from work tonight. i'm happy, i finally got the courage to tell my parents what i really think. i put it on paper so they wouldnt think i was "talking back" or haveing a "bad attitude" or something.
REB DoMiNe: wow i am so proud of you
REB DoMiNe: thanks!
REB DoMiNe: well you have to tell me everything they say
REB DoMiNe: ok i will
REB DoMiNe: so you have to tell me bout your dream world
REB DoMiNe: alright. how long can you be online right now. i mean do we have time to talk?
REB DoMiNe: yeah i got all day no plans
REB DoMiNe: awesome. ok picture this: (typing)
REB DoMiNe: your in a large rectangular room, about 10 feet by 4 feet. it reminds you of the inside of a hull of a boat. there are old computer screens around you on the walls. except something is different about them, they are futuristic looking, but yet hundreds of years old. they are covered with dust and mold and vines. the only light in the room is from a full moon that seems to dance around in the sky, so the shadows are all creeping around you.
REB DoMiNe: now, in the front of the room, and on the ground, are windows, you can see out the windows and you are looking onto a vast sea. large hill of water going up and down constantly, the only sound is the wind and the movement of the water. the room that you are in is moving, like a blimp would. and you are just standing there, staring out into the sea.
REB DoMiNe: that is one place i have imagined i would like to be.
REB DoMiNe: wow kind of gloomy
REB DoMiNe: yeah. but its still nice. no people at all. kind of like, everyone is dead and has been for centuries.
REB DoMiNe: wow that does sound nice
REB DoMiNe: ....can only wish.
REB DoMiNe: i would love that but i would need some people
REB DoMiNe: eventually i would only want 1 or 2 people.
REB DoMiNe: i think i would want 4 or 5
REB DoMiNe: it would be tough to decide who though.
REB DoMiNe: not so much for me
REB DoMiNe: i keep my friends close
REB DoMiNe: what kind of people would you want with you?
REB DoMiNe: i know for sure my best friends and you.
REB DoMiNe: =)] thanks.
REB DoMiNe: sure
REB DoMiNe: i hope you could stand my friends
REB DoMiNe: if everyone was dead except say 4 or 5 of us. would you want to build up a new human race or eventually let us go extinct?
REB DoMiNe: i think i would want us to go extinct but it would be inevitable that people would have sex
REB DoMiNe: true.
REB DoMiNe: maybe if we were all sterile. (couldnt reproduce)
REB DoMiNe: it just is inevitable
REB DoMiNe: he he
REB DoMiNe: yeah.
REB DoMiNe: smoking seeds makes you sterile
REB DoMiNe: and i think all stupid should be sterile anyway
REB DoMiNe: yeah. in our dreams. it would be great if we were that lucky
REB DoMiNe: i dont think i would want to bring a child into this world.
REB DoMiNe: he he been around the world and found that only stupid people are breeding
why too many stupids
REB DoMiNe: maybe its natures way.
REB DoMiNe: yeah.
REB DoMiNe: jst the world itself.
REB DoMiNe: i dont know.
REB DoMiNe: but i think i would want us to go extinct also.
REB DoMiNe: i know what you mean we are all pieces of shit
REB DoMiNe: but i would definitely leave behind some things.
REB DoMiNe: like ancient civilizations have done. (pyramids, stone hedge, etc)
REB DoMiNe: mmmm. i just wish i could actually DO this instead of just DREAM about it all
REB DoMiNe: yeah i always wonder what we have done and left behind that others will wonder about
REB DoMiNe: lately we havent left anything worth leaving.
REB DoMiNe: i know
REB DoMiNe: just buildings. yey doggie.
REB DoMiNe: yey doggie?

oh please

so are you lookin forward to CSU?

I am really really excited, especially to get out of this house

yeah

lucky. i got another year still.

hahaha! you going to college?

mmm. not sure yet. probly not. maybe just a 2 year college or something small. major in computers graphics or something. but im almost positive not a 4year deal.

I know your dream is to work at Tortilla Wraps for the rest of your life!

oh yeah man...SSSShhhh dont tell thought!!

it will be our little secret!

thanks! hehehe

so what got you interested in....communications was it?

yeah and journalism, broadcast journalism or magazine journalism or advertising

wow. you sure know what your doin huh. well that is very cool. good luck.

well i hope i still like it when i get to college :-(

yeah. i hear people change majors a lot once they are in college....not to get ya all nervous or anything...

that has already made me nervous, thanks though!

heh.

what do you REALLY want to do then

well what i REALLY want to do is go on a nice long vacation with someone for a few months. maybe costa rica or something. even a nice long road trip. but i just want to leave denver and all the damn people for a while. kind of take a break ya know?

I suggest you do that then

buuuut. i guess something to do with computers. maybe games, maybe graphics, maybe internet. kind of wide area.

mm. thanks.

do you do any of that stuff now?

yeah. i am pretty familiar with computers right now.

especially computer games..heheh.

you make games?

oh no. but i play a few games in particular a lot.

which games?

mostly doom2. but i play quake and quake2 and duke nukem also.

ever heard of them?

nope, don't play computer games really

yeah. gee your wierd, all the other girls i know are always on the computer!!! heheh. justkidding sorry!

gawd jen.

what?

heh. nothing.

but yeah. im usually doing something with doom2. but i love making graphics and stuff too.

what kind of graphics?

umm. hm. kind of hard to explain. i like very intense, deep, colorful, graphics. things that are out of a dream or something from deep space.

things that make you go "awwhhhhhhhhhhh...... thats. ...aaaawwwsome"

that sounds pretty cool

arg, hey, have you ever had a dream that you just cant stop thinking about? i had this wierd daydream today and i cant stop thinking about it.

what was the dream?

you really want to hear it?

yeah
ok

ok, i am walking through this very deep forest at night time...i am wearing all this military gear
like im a marine or something...there are these big flares going off way up high in the air and they are flying
through the sky so there are shadows dancing all around. then i come out onto this beach that reminds me of one of
those marine life posters with all the dolphins, whales, stars, oceans and everything. i look up into the stars and they
are everywhere, like

10 times as many stars as you have ever seen. then i hear this voice saying "watch out for the
flares and have a swell time!" and i get launched into space right into the stars.

that is pretty crazy, I don't usually remember that much detail in my dreams, just bits and pieces
same here. i cant belive i remembered all that. sounds kind of fun though...i guess

that is a fun dream...I just get flashbacks during the day if I dream and that is all I think about
them

yeah.

hey, can i ask you a kind of personal, "deeper" question?
sure

what do you think about when you look at the sky at night, when there is no clouds out and you can
see all the stars?

I'm not sure if i should answer that

? what do you mean...

i'm sorry if i said something wrong...forget i ever asked it.
it's just that my mom keeps talking in here and I feel kinda weird when she sits next to me to talk
if i am typing stuff like that

oh. yeah i know how you feel. my mom does that too.

my dad is out of town and I think she is lonely

so i didn't like...offend or scare or anger you did i?

that's so sad

no, not at all

phew. heh. sorry to put you in a kind of weird position. you don't have to answer that if you don't
want to.

no worries

coo

hey, tell yer mom i said "hi" if she's still there!

she is in the room right next to me, I told her

I have been playing doom since November of 1994, so it is basically my life. These levels are better than anything you have ever seen before. I don't want to brag about my own sh*t, but these levels come from the Herrgott of DOOM himself...so just play each one, and don't miss any rooms, and you'll see why I say these are the best levels ever.

How to Play: Load up the dehacked patch and run "doom2 -file tier.wad -fast -warp 01" and if you are using DM.exe to do a deathmatch or coop game, run "dm.exe -fast". Anything else, you figure it out on yer own.

Description: Tier is a 7 level patch for doom2. It has 6 new monsters, 2 new guns, 9 new gory sprites, a few new sounds, new music, and tons of new textures. The theme for these levels is totally Phobos-base post-war UAC lab type stuff. So just imagine returning to good old episode 1 of doom with a ton of new twists. I even put in an actual part of the orginal doom in the first level. It's very nice, and not to hard to find. Lots of the rooms and secrets in this place come directly from my imagination, so you are basically running around in my own world. I live in this place. I mean a person could write a freakin book on all of the symbolism and double-meanings used in these levels. So show some respect, ya bastages.

Advice from REB:

First things first, use the f*ckin map. You will never find all of the secrets or atleast above 80% without it. Almost all of the secrets are visible on the map, and they aren't to hard to find.
Second: Each level has 4 symbols in it, locate all of them and you are Godlike.
Third: Watch the demo.
Forth: If you are playing with fast mode on, and you should be, you can NOT save your game, if you do save it some wierd ass bug f*cks up the game and some tweaky stuff happens to it, so don't save when on fast.
Fifth: Remember this about the machine gunners: They have bad aim when you are more than about 5-10 feet away. So use that to your advantage. Plus watch the first demo to find out how to beat the blue key battle field in map3.
Sixth: Do not try to use the cheat codes, except for idclev. They have all been changed besides that one, so if you try to type one in the game will bomb you out. If you are having a hard time beating a level, then play it without fast mode on, so then you can save your game and it'll be easier. I want you people to
see everything in every level, not get your asses kicked every other room.

Story
Once the demon was destroyed on Earth the war seemed over for you. However, the re-taking of Earth had just begun. Helping out here and there with teams of marines to take over our lost cities, you grew tired of the same old battles. When you heard reports that Phobos was becoming an active base for demons again, you made a final decision. You will return to Phobos and finish the job. You will destroy every damn monster on the whole friggin rock and take over every base that you missed during the first siege. What do you have to live for anyway? Every friend you had was wasted on Phobos and your family was killed on Earth, so why the hell not? 7 installations were skipped during your first battle. You knew that a few teams made it over to those bases, but all of them were killed off before you even made it through the hanger. So you pack up a few things and head on back to Phobos. The 9 bases that were already passed through are basically in the same condition you left them in, which was only a few weeks ago. The new bases that you are going to have been "worked on" a little by the aliens. So expect some unusual architecture and probably some ambushes. They know you're coming. One other thing, keep an eye out for new weaponry. There are 2 UAC weapons that you saw training videos on months ago, but never found in the bases. One is an earlier version of the BFG9000, and the other is a modified plasma rifle. Both, as you remember, are very good at getting rid of enemies real damn quick.
