FEDERAL BUREAU OF INVESTIGATION

Date of transcription 02/02/2011

On 01/11/2011, Federal Bureau of Investigation Special Agent [] received 2 DVD's from FBI CART containing 204 Olympus Raw Format (ORF) files. These files were recovered from a Compact Flash card contained in evidence item 1B(23).

b6
b7c

Without proper software, camera raw files such as the ORF files above are not viewable to a computer user. SA [] loaded the 204 ORF files into Iphoto 08 version 7.1.5, which has the software built in to view the raw files. SA [] found that of the 204 images, 38 of those images were relevant to the captioned investigation. The remaining 136 images contained pictures of family events and outings.

Using the export JPEG feature of Iphoto, SA [] exported the 38 relevant images to a compact disc and provided that disc to SA []

On 2/2/2011, SA [] made two duplicate copies of the compact disc containing the 38 relevant images and provided them to SA []

On 1/8/2011, SA [] a certified firearms instructor in the Phoenix Division, rendered a Glock 19 semi-automatic pistol (serial number PWL699), two 31 round capacity magazines, and two 15 round capacity magazines safe.

b6
b7c

Upon observing the weapon and the magazines in the trunk of a marked Pima County Sheriff's Department vehicle, SA [] noted that the weapon had a 31 round capacity magazine inserted in the magazine well. This magazine was empty. Next to the weapon were two 15 round capacity magazines, each containing 15 rounds, and a second 31 round capacity magazine. The second 31 round capacity magazine contained 31 rounds. While removing the ammunition from the 31 round capacity magazine, SA [] noticed the magazine appeared to be defective. The spring in the magazine did not properly feed the ammunition to the top of the magazine when ammunition was removed.

Congress on your Corner was initiated and coordinated by RAHM EMANUEL, the former chairperson of the DEMOCRATIC CONGRESSIONAL CAMPAIGN COMMITTEE (DCCC), from circa 2006 - 2008. In 2008, Congressman CHRIS VAN HOLLEN (Maryland) became the chair of the DCCC. VAN HOLLEN and his staff continued to coordinate the Congress on your Corner initiative for the Democratic Party.

The purpose of Congress on your Corner is to meet directly with constituents in their neighborhood. The Democratic Party uses automated robocalls to notify constituents of events like Congress on Your Corner.

The DCCC provided Democratic Congress members with best practices and general guidance about how to hold successful Congress on your Corner events. These events are a low cost way for Congress members to connect with the community and to meet with constituents to address their concerns. Any expenses used to fund these types of events are paid for through the Member Representative's Allowance (MRA).

GABRIELLE GIFFORDS and her staff frequently used the Congress on your Corner events to meet with constituents. The Congress on your Corner would typically appear on the Congress member's official calendar. The Congressional staff members from the district offices like Tucson are accustomed and expected to work these types of weekend events. The Congress members usually spend the week in Washington D.C. and many weekends back in their respective districts working and meeting with their constituents.

The Congress on your Corner event held on January 8, 2011 was not a campaign event because Congresswoman GIFFORDS was sworn in a few days before the event and the election was over. The Congress on your Corner event would be considered official business of the Congresswoman and her staff.

[REDACTED] who is currently employed as [REDACTED] for Chief Justice John M. Roll, District of Arizona, recently conducted research for Judge Roll regarding the application process for a Judicial Emergency. [REDACTED] research, which began in November 2010, assisted in Judge Roll's decision to apply to the Judicial Council directly.

Judge Roll, who kept the Congressional Delegation appraised of the judicial matters within the District of Arizona, was asked by Congresswoman Giffords' staff if they could be of assistance regarding the Judicial Emergency. Judge Roll advised the issue was a matter for the Ninth Circuit.

Unsolicited, Congresswoman Giffords and Congressman Pastor sent a letter, dated December 21, 2010, to the Honorable Alex Kozinski, Chief Judge, United States Court of Appeals, encouraging the Judicial Council to declare a Judicial Emergency in the District of Arizona. Shortly thereafter, Judge Roll received information regarding the Ninth Circuit Judicial Council's decision to schedule a special meeting on January 21, 2011, to discuss the matter.

Upon receiving this information, Judge Roll sent a message to Congresswoman Giffords' Office, on January 6, 2011, advising of the presentation scheduled later in the month and to thank the staff. Congresswoman Giffords and her staff have been most supportive of the judicial district.

[redacted] is employed as the [redacted] to Chief Federal Judge John M. Roll (deceased). [redacted] advised that Judge Roll maintained a professional relationship with Congresswoman Giffords. Since becoming the Chief Federal Judge in 2006, Roll frequently communicated with Giffords or her staff members on a variety of issues to include the need for additional judges, the need for a new courthouse in Yuma, and cellblock modifications at the Tucson courthouse.

Most recently Judge Roll's communication with Giffords centered around his efforts to secure a judicial emergency which would extend the time limit for a felony defendant to be brought to trial from 70 days to 180 days after arraignment. As part of this effort, Judge Roll sent a letter on 11/24/2010 to Chief Judge Alex Kozinski, United States Court of Appeals, requesting the Judicial Council of the Ninth Circuit declare a judicial emergency in the District of Arizona. After becoming aware of Roll's request, Giffords, along with Congressman Ed Pastor, authored a letter dated 12/21/2010, to Chief Judge Kozinski, requesting him to declare the judicial emergency.

In addition to specific agenda items mentioned above, Roll sent quarterly letters to each representative in which he updates them on the various issues affecting the federal courts..

Judge Roll has met with Congresswoman Giffords both in person and via teleconference on numerous occasions over the last few years. [redacted] provided a listing of the specific meetings between Judge Roll and Congresswoman Giffords from May 2007 through June 2010. Roll also visited Washington D.C. each year in April and would attempt to meet with Giffords and/or her staff.

[redacted] advised that she has spoken to [redacted] since the shooting death of Judge Roll on 01/08/2011. [redacted] that she received an automated call from Gabrielle Giffords office on the morning of 01/08/2011 announcing the event at Safeway. When Judge Roll returned home from church, [redacted] advised him of the telephone call. Judge Roll told his wife something to the effect of "I'm going to run down to Safeway, I'll be back in about 10 minutes."

[redacted] advised that prior to 01/08/2011, Judge Roll had not been able to thank Giffords for her letter in support of the judicial emergency request.

- 09/11/10 - 04:05PM - I thought about your last memory on earth.
- 09/11/10 - 03:47PM - You won't get a dirty smile at the end of the last memory.
- 09/05/10 - 04:07PM - The US constitutin is impossible to accept because of the date and place.
- 09/02/10 - 10:36AM - I finished the Quran in less than 6 hours. I love Logic! I'll kill a fucking police officer and commit suicide in a crowd with a bomb! Ah!
- 08/29/10 - 03:07PM - The police are gangsters! They can't locate the jursdiction. Notice the signs in the neighborhood. Do you see them?
- 08/24/10 - 02:04AM - I know you all are going through genocide; this is from our unrealistic government.
- 08/19/10 - 04:05PM - I'm dreaming of a suicidal nightmare.
- 08/16/10 - 12:27PM - I'll tell you how to kill a pig in my bulletin. They tortured you in school and at a work site! .Why am I the only Lucid dreamer?
- 08/10/10 - 11:02AM - Don't stop thinking about the future, there's no reason for the thoughts of death, there's the walk of shame; threats of nature are here. R
- 07/27/10 - 05:46PM - Get the hand gun, fill the tank with gas, and haul ass to phoenix.
- 07/23/10 - 04:23PM - Police scan speed in any section! There going 60 in a 25. Fuck pigs
- 07/22/10 - 02:55PM - Wow! The videos of war are horrifying. I can't believe how many of you are loners! I can't respect a police officer.

- 07/18/10 - 04:10PM - Did you know the government printed the wrong date on your cult money? Save a life and kill a pig!
- 07/14/10 - 10:09AM - I realized with death, it doesn't matter in the next second. Fuck...everyone is illiterate.
- 07/14/10 - 12:27AM - Wow! You wouldn't talk to someone dreaming in a illiterate society. Is suicide a option for you?
- 07/13/10 - 01:43PM - I know top secret information that is unknown to the public because of censorship! How funny it that? talk to me
- 07/12/10 - 11:33PM - How fucking sad! Everyone of you spent 18,000 hours to graduate illiterate. How do you trust a pig?
- 07/11/10 - -03:14AM - There is an infinite source of currency. The new currency is able to be printed with infinite amount. Rethink the pigs that run the cult.
- 07/11/10 - 02:48AM - I keep hearing VOICES IN MY HEAD!
- 07/04/10 - 11:45PM - The war crimes are now creating unemployment. Ouch !
- 06/30/10 - 01:59PM - I disagree with your cult.
- 06/27/10 - 04:18PM - I know you don't want to talk to a dreamer who is against war crimes with the police you love.
- 06/26/10 - 04:21PM - WOW! Your not listening to someone who know that the country is committing war crimes and you are subject to the situation!big sentence?
- 06/25/10 - 03:20PM - When you vote, I bet you think of how the government controls grammar?
- 06/25/10 - 03:19PM - I brainwashed my child like the college teachers instructed. They are now strapped with bombs to kill the pigs. They cant read or write.
- 06/24/10 - 02:08PM - Hmm. I think that the government is able to control the people through being social. I realize that you are accepting the cult society.
- 06/24/10 - 12:11AM - Well! I can't forget that the U.s in two wars. Hm. Infinite Money and Language. I have no name. brainwashed fascist.
- 06/23/10 - 05:03PM - I know you can commit suicide for no reason, .
- 06/22/10 - 04:18PM - Don't be mad that you forgot this day! Ready to create a new money system within the old?
- 06/22/10 - 03:16PM - Top Secret! The judges don't believe anything! They are a cult because of the controlling of language and food source.

I hope your literate someday.

Finally, the Bulletins section of MySpace was reviewed. Several items of interest were found. Following are these items:

- 01/08/11 - 04:12AM - Dear friends, Please don't be mad at me. The literacy rate is below 5%. I haven't talked to one person who is literate. I want to make it out alive. The longest war in the history of the United States - good bye. I'm sadden with the current currency and job employment. I had a bully at school. Thank you. P.S. Please the fifth!
- 12/29/10 - 05:48PM - Dear reader, I'm searching. Today! With every concern, my shot is now read for aim. The hunt, a mighty thought of mine, for everyone to see. The vastnesses of the people are now under mind control - be fearful, sadden, and in shock - with censorship: The government controls your mind with grammar control. You're important to society. The time in - days, hours, minutes, and seconds - are coming to an end: We all die. There's no one listening to my thoughts which involve censoring a human, but the dreams are communicating to you. There's a very important person reading this who isn't for you. This person, who you are aware of, shouldn't be watching me. They watch everything in private, anyone of the government officials can. You should control the grammar, yet the government is controlling the grammar. Most people believe in their government, but I don't. If you're literate in English grammar then you're able to read and write. You're literate in English grammar. Therefore, you're able to read and write. I'm an anarchist without the brainwash of the current government knowledge. The sorrow of today becomes a problem of the future, but no one cares about the people's future like me-slave. Aw! None of you are

89A-PX-86099

Continuation of FD-302 of _____, On 02/22/2011, Page 7

able to protest. Slaves- they're debit is in paper slips from the treasurer. Slaves - need to be the treasurer. Slaves - unhealthy, brainwashing, humans. See you soon! Thank you.P.S. I don't know the day, I'm not part of this cult; America, P.s.s - Fuck You!

12/02/10 - 02:33AM - I'm scared. My life, which is very important to me, became in danger recently by police. There's an important event in my life that's going to happen, but this event is in the near future. My schooling is now over - sadly. I'm done being in a torture room which is freighting. I can't keep this to myself that I forget, and you forget also. The website, my space, is bugged. They watch me: It's from the protesting on the internet. Please don't be fearful of my protesting in the future; I told you ahead of time.

(There are several lines about dreams and dreaming) P.sI have a new tattoo on my back: 2 9mm bullets. I'll upload them soon. I don't know you, but you are in touch with my thoughts as of now. There are important figures in my dreams that accomplished political aspirations: Hitler, Hilary Clinton and Giffords to name a few.

08/16/10 - 12:25PM - What's the point of working and going to school? In other words, I can put any answer to receive credit. If A.D is infinite in year then B.C.E is infinite in year. A.D. is infinite in year. Thus, B.C.E is infinite in year. Where is the universe? My death certificate is wrong in some of the subjects. Date of death and birth, Name, where of the death and birth. I'll shoot a mother fucking pig in the dead of night. Yeah, I'm fucking right. I'll Shoot a mother fucking pig off of the interstate. Yeah, My semi-auto shotguns aim is great. The money is mind control for your slave labor ice cream. Only is you could dream! The money controls your mind to catch fish in the stream. I'll Jump out of the bush and take a shot. The pigs head is bloody on the steering wheel. I hope to grab the pigs gun and not get caught. I shouldn't worry about my next and last meal. Scream*I'll kill a fuckin pig!

LOUGHNER posted a picture on his MySpace account of a Glock semi-automatic handgun sitting on top of a United States history book. Within the About Me section of his MySpace profile, LOUGHNER advertised a link to his YouTube page located at www.youtube.com/classitup10.

LOUGHNER appears to be associated with two YouTube profiles. The first profile, under the username "starhitshnaz" was created on 10/2/2010. This profile contains one 7-minute video of a hooded and masked individual who burns an American flag. A second profile, under the username "classitup10" was created on 10/25/2010, and was publicly identified as being Jared Lee Loughner's YouTube channel. The second channel contained five videos that appear to have been created and uploaded by LOUGHNER, discussing some of his theories. This channel also favorited the single video uploaded on the "starhitshnaz" YouTube channel.

The Classitup10 YouTube profile was created on 10/25/2010. The profile itself publicly stated "My name is Jared Lee Loughner! and listed his hometown as Tucson. Five videos were uploaded to the YouTube profile. On 11/22/10, a 2 minute video titled "How To: Your New Currency!" was uploaded to Classitup10. This video included ideas about creating his own currency system.

On 11/30/2010, a nearly 3 minute video titled "This Student At Pima Community College: An Unconstitutional Crime!" was uploaded to Classitup10. In this video, LOUGHNER attacks his teachers and fellow students as ignorant and argues the school is operating illegally because it is receiving and spending legal tender other than gold or silver. He mentions Article 1, Section 10 of the Constitution, believing that he was a victim of fraud.

On 12/6/2010, a nearly 1 minute video titled "How To: Mind Controller" was uploaded to Classitup10. This video contained nonsensical arguments about controlling peoples minds.

On 12/15/2010, a nearly 4 minute video titled "Introduction: Jared Loughner" was uploaded to Classitup10. This video began with a slide "My Final Thoughts: Jared Lee Loughner!". In the video, LOUGHNER focused on dates and mentioned "B.C.E making the argument that because there is no earliest B.C.E date, then the C.E dates could never begin." LOUGHNER mentioned making one's own currency and his attempt to join the US Army. Toward the end of the video, there is anti-government language including, "You don't have to accept the federalist laws. Nonetheless, read the United States of America's Constitution to apprehend all of the current treasonous laws. You're literate, listener?" The video concluded with the following statement: "In conclusion, reading the second United States Constitution, I can't trust the current government because of the ratifications: The government is implying mind

control and brainwash on the people by controlling grammar. No! I won't pay debt with a currency that's not backed by gold and silver! No! I won't trust in God!"

On 12/15/2010, a nearly 1 minute video titled "Hello" was uploaded to Classitup10. The video accused government officials of being corrupt and "in power for their currency."

The Starhitshnaz YouTube profile contained one video which was uploaded on 10/2/2010. The video was approximately 7 minutes long and was titled "America: Your Last Memory In A Terrorist Country!" During the video, five comments by the uploader appear embedded in the video, several of which included language Loughner used in his videos on Classitup10 such as "B.C.E". The five comments, in order they appear within the video are:

- "You didn't know that B.C.E. isn't starting?"
- "I only have my right arm!"
- "Are you not seeing that rare bird on my shoulder?"
- "Are you watching this protest in reverse that's less than 1 second!"
- "I want you never fearing of wrongful incrimination by local police [cult leader]."

In addition, the 2001 song "Bodies," by the metal band "Drowning Pool", played over the first half of the video. The song's lyrics are as follows:

Let the bodies hit the floor
Let the bodies hit the floor
Let the bodies hit the floor
Let the bodies hit the floor

Beaten, why for (why for)
Can't take much more
Here we go here we go here we go, now

One, nothing wrong with me
Two, nothing wrong with me

Included in the video is the following description:

- If there's no flag in the constitution then the flag in the film is unknown. There's no flag in the constitution. Therefore, the flag in the film is unknown. Burn every new and old flag that you see. Burn your flag! I bet you can imagine this in your mind with a faster speed. Watch this protest in reverse! Ask the local police; "What's your illegal activity on duty?" If you protest the government then there's a new government from protesting. There's not a new government from protesting. Thus, you aren't protesting the government. There's something important in this video: There's no communication to anyone in this location. You shouldn't be afraid of the stars. There's a new bird on my right shoulder. The beak is two feet and lime green. The rarest bird on earth, there's no feathers, but small grey scales all over the body. It's with one large red eye with a light blue iris. The bird feet are the same as a woodpecker. This new bird and there's only one, the gender is not female or male. The wings of this bird are beautiful; 3 feet wide with the shape of a bald eagle that you could die for. If you can see this bird then you will understand. You think this bird is able to chat about a government? I want you to imagine a comet or meteoroid coming through the atmosphere. On the other hand, welcome yourself to the desert: Maybe your ability to protest is from the brainwash of the current government structure"

[redacted] was interviewed at Tucson Medical Center. After being
advised of the identity of the interviewing agent [redacted] provided the
following information:

[redacted] entered the Safeway supermarket on 01/08/2011 and
noticed that Gabrielle Gifford's was having a town meeting in front
of the store. [redacted] was in the store shopping for approximately
fifteen minutes when he went up to the front of the store with his
items to check out. [redacted] was in the check out line when he heard a
gun shot and then 3 or 4 gun shots in sequence. Through the front
of the store [redacted] could see the shooter. [redacted] described him as a
white male and he thought he might be wearing a hood and a brown
shirt. [redacted] didn't see the shooter with anyone else.

[redacted] then ran from the check out to the back of the store
where the supermarket's overstock inventory was located. He waited
approximately 5 to 10 minutes, and after he didn't hear any more
gunfire he returned to the front of the store. [redacted] observed
approximately 6 wounded victims at the front of the store and that
law enforcement had responded to the scene. [redacted] then hesitated
because he didn't know if he wanted to get involved or not. [redacted]
then exited through the front door and into the parking lot.

After [redacted] was in the parking lot an elderly person asked
if there was a doctor that could help her. [redacted] then started to
perform cardiopulmonary resuscitation (CPR) on [redacted]
continued CPR for approximately 10 minutes. Then his boss Dr.
[redacted] tapped him on the shoulder, and they both checked [redacted]
for a pulse. They could not find a pulse and stopped CPR. [redacted]
then assisted a female onto a gurney that had bullet wounds to her
legs.

[redacted] then left the scene after he assisted the woman onto
the gurney. [redacted] related that he did give his name and phone
number to Pima County Deputies before he left the scene.

On 01/08/2011, the Phoenix Division's Evidence Response Team (ERT) responded to a shooting at 7110 N. Oracle Road, Tucson, Arizona. According to initial reports among the victims were Congresswoman Gabrielle Giffords and Federal Judge John Roll. The initial notification came at about 11:00 a.m. Upon notification, SA [] ERT Senior Team Leader, placed additional ERT resources on standby.

FD-302 (Rev. 10-6-95)

SA [] ERT South Team Leader, entered the outer perimeter of the scene at about 12:00 p.m. The scene consisted of the Safeway supermarket and the immediate vicinity of its west entryway at the southeast quadrant of the Ina Road and Oracle Road intersection in Tucson, Arizona. Access to the scene was controlled by the Pima County Sheriff's Office (PCSO). The outer perimeter consisted of the entire shopping center parking area. A command post was in place and numerous law enforcement, emergency response and civilian vehicles were present. An inner perimeter [] was also set in place limiting access to all traffic and personnel. This perimeter encompassed nearly the entire west side of the Safeway supermarket entryway and the majority of the supermarket, itself. All access was controlled by PCSO personnel.

Initially, PCSO was designated as the lead agency in this matter. During this period, FBI personnel assisted PCSO in identifying and photographing the vehicles within the outer perimeter. At approximately 3:00 p.m., it was determined that the lead agency in this investigation would revert to the Federal Bureau of Investigation. SA [] was notified by SA [] that additional ERT resources would be deployed from Phoenix and a request for additional FBI Laboratory resources was made.

Once the FBI obtained control of the scene, overall photographs of the exterior and interior were taken documenting the condition of the scene. PCSO Lieutenant [] then provided a preliminary walk-through of the scene. Upon completion of the walk-through, SA [] accompanied by Det. [] and Det. [] began searching for and identifying potential evidence at the scene. As evidence was marked, it was photographed by SA [] and further documented on a sketch by SA []. As scene processing progressed, Phoenix Division's Central Team and representatives of the Pima County Office of the Medical Examiner (OME) arrived at approximately 6:00 p.m. and began assisting with processing the scene. Case Agents obtained a search warrant for the residence of Jared Loughner, address 7741 Soledad Avenue, Tucson, Arizona. Several ERT members were diverted to that location. Details of the response to the Loughner residence are reflected on a separate FD-302.

In preparation for removal of the victims OME personnel, the victims were photographed in place by PCSO Forensic Unit personnel, ID [REDACTED] and ID [REDACTED] assisted by PCSO Det. [REDACTED] and Det. [REDACTED]. Photo logs were maintained by FBI personnel [REDACTED] and SA [REDACTED]. During this effort, Dr. [REDACTED] briefly examined the victims prior to their removal. The OME departed the scene shortly before 8:00 p.m.

SA [REDACTED] Central Team Leader, arrived shortly before 8:00 p.m. with additional ERT members. SA [REDACTED] assumed responsibility for continued processing of the interior of the Safeway supermarket and locating the trajectory of shots penetrating the storefront. At this time, SA [REDACTED] had initiated a sketch and SA [REDACTED] had taken overall photos of the interior of the supermarket.

The first day's evidence recovery efforts continued until 2:05 a.m. on 01/09/2011 at which time the team departed the scene with evidence recovered up to that point. Most evidence recovered from the scene to this point was taken to the Tucson Resident Agency (TRA) where it was secured by SA [REDACTED]. Because the TRA had limited evidence drying capability, some items of evidence were transported to Phoenix Division by SA [REDACTED] to be placed in additional drying cabinets. The majority of the team was asked to return at 2:00 p.m. in preparation for the arrival of the Bullet Trajectory/Shooting Reconstruction Team from FBI Headquarters. Scene security was maintained by PCSO and FBI SA's [REDACTED] and [REDACTED]. Safeway management personnel were allowed inside the outer perimeter in order to access their facility and maintain a 24-hour presence. Their activities were limited to the deli area of the store near the south entrance.

On the morning of 01/09/2011, people whose vehicles were enclosed in the outer perimeter shortly after the incident were allowed to retrieve them while under escort. This effort was coordinated through the command post and, in some cases, victim/witness services. Access to vehicles was allowed after registration information was verified through PCSO.

SA [] and SA [] Capitol Police, Washington D.C., requested a briefing on the crime scene. SA [] escorted them through the scene at about 2:20 p.m. Later, at about 5:00 p.m., SA [] provided the prosecutive team an overview of the scene. Assistant United States Attorney (AUSA) [] and AUSA [] along with United States Attorney Dennis Burke and United States Marshal [] attended the briefing which included a walk-through of the scene.

b6
b7C

At about 6:30 p.m. the Bullet Trajectory/Shooting Reconstruction Team led by SSA [] of the Evidence Response Team Unit arrived on scene. The team consisted of [] and [] of the Firearms and Toolmarks Unit, [] of the Special Projects Unit, and [] of the Photographic Operations and Imaging Services Unit. The team was briefed on the scene and advised of the actions taken by the ERT. Most evidence related to the trajectory analysis remained on scene for the reconstruction team. Some of the evidence such as shell casings and fragments had been previously collected and marker left in place to mark where they were found. The reconstruction team collected all available information and departed the scene to conduct planning for subsequent operations. Prior to the reconstruction team's departure it was decided with SSA [] concurrence to compress the outer perimeter to allow the western third of the lot for access to business traffic. The majority of the ERT departed the scene by 9:10 p.m. Later that evening at about 11:55 p.m., it was brought to SA [] attention that there was some graffiti inside the men's bathroom that was not previously noticed by store personnel. The restroom was secured limiting access. The scene was secured overnight by PCSO and FBI SA [] and SA [].

On 01/10/2011, at approximately 7:15 a.m., SA [] escorted SA [] United States Postal Inspector, into the scene to recover mail contained within two mail boxes at the scene. The interior of the boxes were searched and mail addressees examine to ensure no evidentiary items were present. SA

[redacted] left shortly thereafter with the mail. The reconstruction team arrived at about 8:30 a.m. and conducted a pre-brief. After the pre-brief, a decision was made to conduct a line search of the entire parking lot and of the exterior of the shopping center to locate additional fragments and impact points. Once this was completed, a digital mapping of the entire scene was conducted using a Total Station. While the mapping was in progress, team members began searching the interior of the Safeway for additional evidence. This search included the men's bathroom area previously identified. Results of this portion of the search are reflected on a separate FD-302. Both the ERT and reconstruction team remained on site until about 11:50 p.m. Scene security was maintained by PCSO and FBI SA [redacted]

b6
b7C

On 01/11/2011, the reconstruction team continued digital mapping and documenting the crime scene while ERT continued to provide support and collect evidence. The teams were later supplemented by a second Total Station team, SA [redacted] and SA [redacted] from the FBI's San Antonio Division.

At approximately 11:00 a.m., US Bank employees [redacted] and [redacted] arrived on scene and were escorted by SA [redacted] to retrieve items from the bank vault located at the bank inside the Safeway. At 11:15 a.m., [redacted] exit the bank and Safeway with SA [redacted]. Operations continued till about 9:30 p.m. Scene security was maintained by PCSO and FBI SA [redacted] and SA [redacted].

On 01/12/2011, the teams returned to the scene at about 7:00 a.m. and continued to document the scene via Total Station. At about 8:30 a.m., Case Agents, SA [redacted] and SA [redacted] and AUSA [redacted] and AUSA [redacted] returned to the scene to review the progress of the crime scene processing effort. They departed at approximately 10:20 a.m.

Shortly after the departure of case agents and AUSAs, management from Safeway requested to remove perishable food items due to spoilage issues. Their request was approved under strict oversight from FBI personnel. SA [redacted] oversaw the operation and was assisted by SA [redacted] and SA [redacted]. This effort is reflected in a separate FD-302. Two other search operations were conducted off-site during the course of the day. Team members were diverted from the scene to manage these efforts. Both SA [redacted] and SA [redacted] diverted to the area near Magee Road

and Thornydale Road to manage the searches. Their efforts are reflected on separate FD-302s.

Due to evidence recovery efforts, some damage was incurred by the Safeway supermarket. A window damaged by two impact points was recovered as evidence as well as a piece of flooring and trim to the entrance door. Private consultants were used in each recovery and repair instance. The window was removed and replaced by Architectural Openings Inc. [redacted] and [redacted]. The flooring was removed and replaced by [redacted] of Brenbecke Flooring and the trim was removed and replaced by [redacted] of Automatic Doors. All consultants were escorted by FBI personnel. They departed the scene by 7:20 p.m.

b6
b7C

Upon completion of the documentation and recovery efforts on 01/12/2011, the teams accomplished a walk-through prior to departure from the scene to verify that all major tasks were complete. The walk-through was completed and the teams departed the scene by approximately 9:15 p.m. Scene security was maintained by PCSO and FBI SA [redacted] and SA [redacted].

On 01/13/2011, SA [redacted] relieved FBI scene security personnel at about 6:39 a.m. The team accomplished removal of a ceiling tile as a final piece of evidence from the scene and organized a clean up of the scene. Once complete, exit photos were accomplished and exterior clean-up efforts were coordinated with [redacted] of ER Experts. Once all actions were deemed complete, the scene was turned over to Lt. [redacted] PCSO, at about 9:55 a.m. The team cleared the scene shortly thereafter.

All logs, photographs, sketches, and administrative documents associated with this search effort may be located in the 1A portion of the file.

PX-86099-302-(478)

On Monday, 01/10/11 at approximately 0930 hours, per Sergeant [REDACTED] [REDACTED] instructions I returned to the scene located at the Safeway located at 7110 North Oracle Road. Myself and multiple other detectives were advised that we would be assisting Federal Bureau of Investigation (FBI) agents in conducting a line walk throughout the parking lot at the location in an attempt to locate any further evidence.

We proceeded to conduct the line walk at approximately 0940 hours. Prior to doing so, I assured to sign my name on the crime scene log with Deputy [REDACTED] [REDACTED] During the course of the line walk, I assisted with searching the exterior of a red Honda passenger car bearing Arizona License Plate [REDACTED] a white Ram 2500 pickup bearing Arizona License Plate [REDACTED] a white Mitsubishi bearing Arizona License Plate [REDACTED] a gray Ford Fusion bearing Arizona License Plate [REDACTED] a gray Chevrolet Suburban bearing Arizona wheel chair License Plate [REDACTED] and a silver Toyota bearing Arizona License Plate [REDACTED]

During the course of the line walk, I also assisted with searching carts that were stacked along the Safeway wall between the north and south entrances with FBI agents.

Once the line walk was completed, it was requested of me by an FBI agent, who provided me with keys to a minivan bearing Arizona License Plate [REDACTED] to enter and drive the van to the north side of Walgreens in order to turn it over to the owner. She identified the owner as [REDACTED] and her husband, [REDACTED] [REDACTED] and they were there waiting for the vehicle. I did as she requested and made contact with Mr. [REDACTED] and ensured that he had my contact information from when I interviewed him at St. Mary's Hospital on Saturday. He advised that he did so and took control of the vehicle and left the area.

Once I completed this task, Sergeant [REDACTED] advised that he would need me and Detective [REDACTED] to accompany FBI agents, to include Special Agent [REDACTED]

[REDACTED] We were advised that Deputy [REDACTED] would be assisting as uniform support.

I arrived at [REDACTED] at approximately 1220 hours. I had it explained to me by Agent [REDACTED] that the reason that we were at the residence was due to information that there was possibly a black backpack that Jared Loughner had in his possession prior to the incident that the whereabouts were unknown. He stated that he wanted to ensure that the backpack had not been left at the residence.

Upon approaching the residence we found that the walkway leading from the carport to the front door had been obviously barricaded with a large piece of wood. Items in the yard had been maneuvered to prevent easy access to the front

door. Special Agent [] then proceeded to knock on the window closest to the barricaded area in order to attempt to make contact with anyone inside. This was at approximately 1225 hours. At approximately 1228 hours, a male subject called out to us from a gate directly to the north of the carport, which appeared to lead into the backyard, asking who we were.

b6
b7C

Special Agent [] and I provided him with our credentials and requested that he would allow us to speak with him inside. He proceeded to allow us inside the gate then immediately locked the gate. He identified himself as [] allowed Special Agent [] and I to enter the residence in which we began speaking in the kitchen area. [] was [] who was inside the house. [] as Special Agent [] and I stood by.

Special Agent [] was very familiar with the entire exterior and interior of the residence due to having served the search warrant on Saturday at the residence. He advised [] that he was aware of all the coverings on the veranda and knew that it would be difficult for anyone to photograph it until after he had taken the sheets down.

We then re-entered the residence and Special Agent [redacted] requested that [redacted]
[redacted] explain to us what had occurred prior to the incident. [redacted]

b6
b7C

Special Agent [redacted] requested that [redacted] give us consent to
walk through the house in an attempt to possibly locate any other items of

evidentiary interest. [] agreed to allow us to do so. They completed a consent to search form that Special Agent [] provided to them. We then began to walk throughout the house.

b6
b7C

Once we entered the living room area, at 1330 hours I noted that there was a brown and black backpack laying underneath one of the tables. I inquired of Special Agent [] if anyone had already searched that bag and he stated that he was not sure. I requested of [] to allow us to look into in which they stated that we could. Upon opening the backpack, we found that there were items inside of it indicating the bag belonged to []. However, there were also items in it indicating that Jared had used it at one point, specifically video games and music compact discs.

I located two spiral notebooks inside of the bag. One having a red cover and the other not having a cover at all except for the brown backing. They had numerous entries of writing into them that were obviously made by Jared as he had signed his name throughout the notebooks. Special Agent [] and I set these items aside and continued to walk through the residence with [].

NOTE: I located the backpack at 1330 hours.

We walked throughout the rest of the residence, including Jared's bedroom, and did not locate any other items of interest. We then returned to the spiral notebooks. Special Agent [] and I examined the entries inside noting that Jared had made numerous entries regarding violent acts, about not being in the right state of his mind, and being in a dream state. We inquired of [] if they knew when he had used these notebooks and they were unsure. I noted there were entries regarding Jared stating that he had decided to no longer attend school as well as entries regarding his employment at Eddie Bauer. [] confirmed that he had worked at Eddie Bauer for approximately one year, but had been let go, which upset him greatly as he had not been able to find employment afterwards.

Special Agent [] requested [] allow us to take the two spiral notebooks as evidence and they agreed to do so. Special Agent [] filled out an FBI property receipt form listing the two spiral notebooks on it, which [] signed and received copies of. At this time, we were advised that multiple media personnel had now gathered in the street of Soledad and had been given access to the backyard of the neighbor to the north. We then advised []. He advised me that he had spoken with Lieutenant [] of the Foothills District Office regarding the media personnel who had trespassed onto his property earlier today.

Special Agent [] requested that [] allow him to photograph the indentations made by the ladder in the backyard as well as the general area of

where the skull had been prior to us leaving. [] allowed him to do so as I stood by. Once we had completed the walk through of the residence and removed only the two spiral notebooks, [] escorted us to the same side gate that we had entered through and thanked us for our time. We exited through the side gate and he proceeded to lock the gate behind us. We then left the area.

b6
b7C

NOTE: []

The FBI agents, Deputy [] Detective [] and I left the [] residence at 1415 hours and responded back to the scene located at the Safeway at Oracle and Ina. Upon my arrival there, I made contact with Sergeant [] and briefed him on our interaction with [] at their residence.

I also made contact Homicide Sergeant [] and briefed him as well. After speaking with Sergeant [] it was decided that myself and several other detectives from Pima County Sheriff's Department, as well as several FBI agents, would respond to the area of Magee and Thornydale. We would search the desert area north of Magee along Thornydale in an attempt to locate the black backpack. This was due to it being confirmed that Jared did not have the black backpack in his possession at the Circle K where he was picked up by the cab driver or at the scene of the incident.

Detective [] three FBI agents and I responded to the post office located on Thornydale just south of Magee at approximately 1555 hours. We made contact with Detective [] there and began our search of the desert area.

During the course of our search, I made contact with the employee at the Valero, store #1624, located on the southwest corner of Cortaro and Thornydale. She provided her manager's name of [] and provided store phone #579-3571. She advised that [] worked from 0300 hours to 1300 hours and she would be in the following morning. I inquired of their surveillance that they have at the store. She advised that they only have camera that pointed towards the front doors from the south to the north. She stated that she believed her manager would be able to pull up any surveillance we would need. I provided my name and phone number to the employee and requested that she have the manager contact me regarding the footage.

An FBI agent and I responded to the Wells Fargo located on the southeast corner of Cortaro and Thornydale. We made contact with [] at 1550 hours, who advised that FBI agents had already contacted their security personnel for any surveillance footage that might have shown Jared in the area prior to being picked up at the Circle K.

b6
b7C

The other personnel present and I then proceeded to search along the desert area on the east side of Thornydale, returning to Magee, then the post office at approximately 1720 hours. Once we had returned to the post office, I then made contact with Sergeant [] and advised him that we had not located the backpack along the area.

Detective [] and I then responded to the Sheriff's Administration Building where I made contact with Sergeant [] and advised him that we had not located the backpack there. Sergeant [] then requested that I make contact with victim, [] to inquire if there was anything he wanted to add to his statement that I received from him on Saturday, 01/08/11.

I made contact with Mr. [] at his home telephone number. Mr. [] wanted to stress that he was not upset with Sheriff C. W. Dupnik #1 or the Sheriff's Department, but was concerned about some of the diagrams that were being shown on the news stations. Mr. [] did not have anything new to add to his account of the incident from his initial statement. I ensured that Mr. [] had my contact information and we ended our conversation. I briefed Sergeant [] of my conversation with Mr. []

This concludes my involvement.

graduating high school, [REDACTED] did not have any contact with LOUGHNER.

LOUGHNER did not show any signs of mental health problems while in high school. LOUGHNER's grades were decent and he received Cs or better in his classes. LOUGHNER was not rebellious and did not act out in high school. LOUGHNER did not have a lot of friends, but he was not a loner either. LOUGHNER did not wear black trench coats to school like the media has been reporting. LOUGHNER usually wore a T-shirt and jeans.

[REDACTED] never saw LOUGHNER with any type of gun and never heard LOUGHNER talk about a gun. None of [REDACTED] friends owned a gun. Although it is possible that a friend's parents owned a gun, none of his friends ever talked about having access to a gun.

LOUGHNER was not racist and did not agree with HITLER's ideas. LOUGHNER did not talk about politics and did not have a specific cause he was passionate about promoting or pursuing.

LOUGHNER did enjoy playing the guitar or the bass guitar and would have "jam sessions" with other musicians.

During LOUGHNER's senior year he started keeping a dream journal. LOUGHNER thought the dream journal was "awesome" and advised [REDACTED] to keep one also. LOUGHNER wanted to have a lucid dream so that he could control everything that was going on in his dream. LOUGHNER mentioned the dream journal on two occasions. The first occasion was when LOUGHNER told [REDACTED] that he should also keep a journal and the second occasion was when LOUGHNER was able to have his first lucid dream. [REDACTED] does not remember what LOUGHNER said about his first lucid dream, but it could have revolved around having super powers and being able to fly.

LOUGHNER would occasionally make odd statements, but [REDACTED] could not remember a specific example. Although [REDACTED] could not remember a specific example the type of statement LOUGHNER would make would be something like, "I wonder what the purpose is for us to have toes."

[REDACTED] met LOUGHNER's father one time, but it was only a brief encounter.

which occurred on January 8th. [redacted] reiterated that, as
outlined in his letter, he would only cooperate with authorities if
he was transferred out of the ADX into a prison in Arizona.

[redacted] explained that he overheard two inmates
discussing the shooting while in the recreation yard. According to
[redacted] the inmates are members the Aryan Brotherhood gang and
the shooting was being planned to retaliate against Arizona's gun
laws. The inmates, [redacted] LNU, are in the same
unit as [redacted] and they all participate in recreation activities
at the same time. TFO [redacted] and SIA [redacted] identified [redacted] and
[redacted]

[redacted] advised that he mailed the letter with special
handling instructions ("Legal Mail") so that investigators at the
prison would not be legally permitted to review the correspondence.
According to [redacted] the Investigators might have withheld
delivery of the letter if they were aware of its contents.
[redacted] admitted that he has been on mail restrictions on at least
three occasions in the past for improperly utilizing the Bureau of
Prisons legal mail system to deliver threatening letters and
correspondence containing unfounded information about newsworthy
events. (It should be noted that [redacted] is currently
incarcerated for mailing threatening letters and has a projected
release date in 2030.)

When asked why he didn't verbally notify his Counselor about the information, _____ said, "Because no one believes me anymore." _____ conceded that he has routinely utilized the Bureau of Prisons mail system to mail letters that contain completely fabricated information. _____ has done this so often that he is well known by administrators at the prison.

When confronted about the veracity of the letter he mailed to United States District Court in Phoenix, _____ initially claimed that the letter was accurate and that he would voluntarily submit to a polygraph examination. _____ then admitted that it would be highly unlikely for a letter mailed on January 5th from Florence, Colorado to arrive in Phoenix, Arizona in time for authorities to digest and act upon information in less than three days.

_____ then admitted that he fabricated all of the information outlined the letter. _____ advised that he saw the events of January 8th unfold on televised news and he made up the information contained in the letter. _____ dated the letter to make it appear as if it was written several days before the shooting. _____ advised that he seized this opportunity in an effort to get transferred out of the ADX and into a more accommodating penal facility. When asked why he requested in his letter to be transferred to a prison in Phoenix, _____ said, "That is the only place the opportunity came up."

_____ outlined a series of medical conditions from which he believes he suffers. According to _____ he is not getting proper medical treatment at the ADX and he believed that law enforcement authorities would transfer him out of the ADX in exchange for his information. _____ said, "You are my lifeline out of here."

_____ further advised that he has another, similar letter ready to be mailed to New York to warn authorities of a threat to Congresswoman Kirsten Gillibrand. _____ when pressed for specific information about this alleged threat, was unable to provide any tangible information. _____ outlined a threat to Congresswoman Gillibrand identical to the fabricated information _____ wrote in the aforementioned letter to Phoenix. According to _____ the letter claims that inmate _____ (same as above) is initiating an Aryan Brotherhood assassination of Congresswoman Gillibrand. It should be noted that SIA _____ is aware that the inmate known to _____ is affiliated

Search form signed by [redacted] from Immigration Customs Enforcement (ICE) SAs [redacted] This signed form provided authorization to search a white in color 1966 Chevy pick-up truck, bearing AZ license plate [redacted] and Vehicle Identification Number, [redacted] located across the street but on a public road from 7741 N. Soledad, Tucson Arizona 85741. SA [redacted] subsequently executed a search of aforementioned vehicle with negative results.

b6
b7C

[redacted] from Kittle's Lock and Safe Company arrived on scene to open aforementioned safe in the presence of SAs [redacted] and Photographer [redacted] at approximately 10:04 pm.

At approximately 10:15 pm [redacted] from Pima County Sheriffs Department dropped off items of evidence retrieved from Pima County Sheriff's Department and Tucson University Medical Center. Although [redacted] informed SA [redacted] that all evidence was from the medical center, upon further inspection it was determined that some evidence was removed from Jared Loughner, once taken into custody, and not from the medical center. It should be noted that SA [redacted] may have inadvertently discarded a clear plastic sandwich bag during the organization and separation of evidence received from [redacted].

The search of the location was completed at approximately 11:52 pm and the evidence collection began. SA [redacted] took custody of all evidence pursuant to the search at approximately 2:45am. This evidence was transported by SA [redacted] and submitted to the Phoenix Division, Tucson Resident Agency (RA), FBI Evidence Control Room. Photographer [redacted] began exit photographs at approximately 3:00 am. Prior to departing the scene, copies of the search warrant and FD-597's (Receipt for Property) were left at the residence on the kitchen table and photographed in place.

The Scene was released to Lt. [redacted] of Pima County Sheriff's Department at approximately 3:35 am.

All Paperwork, to include a list of items seized, and photographs associated with this search will be maintained in the 1A section of captioned file.

[redacted] for Gabrielle Giffords Washington D.C. office, was interviewed via telephone number [redacted] from her place of employment, 1030 Longworth House Office Building, Washington, D.C. After being advised of the identity of the interviewing Agent and the purpose of the interview, [redacted] provided the following information:

The automated telephone calls (robo-calls) sent from Congresswoman Giffords office to constituents regarding the 01/08/2011 Congress on Your Corner event were conducted by an outside company, Stones Phones. [redacted] contact at Stones Phones is [redacted] telephone number [redacted]

[redacted] advised that Giffords office designed the 01/08/2011 robo-call to target persons born prior to 1955 who lived within a specific geographic area. [redacted] provided [redacted] with a listing of zip codes to which the telephone calls were to be made. The zip codes were prioritized by [redacted] as 85704, 85718, 85737, 85742, and 85741. The telephone numbers of people who were determined to be on the do not call list, do not mail list, or who were deceased were removed.

Stones Phones charges Giffords office for each call made. The actual recording was made by Congresswoman Giffords on the morning of 01/07/2011.

[redacted] reviewed the office files and could not determine why Jared Loughner's telephone number was included in the robo-call. She suspected that there may have been a problem with the date of birth formula used to filter the calls. According to her records, Loughner's name was originally placed on their telephone list from a 2007 voter conversion record obtained from the Pima County Recorders Office.

[redacted] provided internal e-mails discussing coordination for the 01/08/2011 robo-call. [redacted] also provided the data files for the telephone numbers contacted and the actual robo-call recording made by Congresswoman Giffords. These documents were sent to SA [redacted] government e-mail account.

[] recalled a previous Congress On Your Corner event
held at the Foothills Mall in 2007. During this meeting a young
male asked Congresswoman Giffords a bizarre, off the wall,
question. The question was something to the effect of "Do you
understand the meaning of words?" When Giffords was not able to
respond the male appeared frustrated. [] does not remember the
male carrying anything or reading from a note card during the
exchange with the Congresswoman.

[] explained that if the male signed in, he would
have received a generic letter thanking him for his attendance at
the meeting. If he had asked a specific comment about an issue or
policy matter, Giffords would have provided a specific response in
the letter.

[] advised that Giffords began holding COYC meetings
in January of 2007.

[redacted] was interviewed at the offices of the Tucson Unified School District (TUSD), 102 North Plummer, Tucson, Arizona 85748. After being advised of the identify of the interviewing Agent, [redacted] provided the following information:

[redacted] was one of Jared Loughner's teachers while he attended Aztec Middle College, located at Pima Community College Northwest Campus. Loughner was in her business class from August 2006 through December 2006. The class, also credited as college course Computer Science 101, met twice a week for 2 1/2 hours. In this course, [redacted] taught the students how to use computer business forms. [redacted] recalls Loughner's primary teacher at Aztec Middle College was [redacted]

She described students attending Aztec Middle College as "square pegs", commonly fitting in to two profiles. Half of the children were brilliant and just wanted to get out of high school and half are unable to make it in any school. She described Loughner as being in the first half, just wanting to get out of school.

[redacted] described Loughner as a great kid whom she never had any problems with. He turned in all of his assignments on time. She was aware that he loved playing the saxophone, and she remembers discussing the possibility of him playing music in California after graduation as a possibly career. He made straight A's, exceeding in all his assignments. She further described him as a computer genius. The only thing she can recall him saying on a personal level was that he was tired of people "Bush bashing."

[redacted] explained that the computer provided to the FBI by TUSD was at Aztec Middle College until it was taken out of service in April 2011. She knows this computer to be the one Loughner used because of where it was located in her classroom. It is possible that Loughner may have created a folder on this computer to organize his class work. In addition Loughner had access to the Internet on this computer through Pima.edu.
