It sounded like a train and lots of yelling the class was quiet and 1 boy and three girls ran into the room the boy said "I'm going to hide in here okay" then "somebodys shooting outside." we didnt here anything because of all the people running. Then we got on the floor and we heard 1 shot. Mrs. Mosier locked the doors and said get away from the windows we all got against the front wall and then we heard more shots later lots of faint shots and then more loud shots like it was just outside. At one point I heard a loud shot and someone yell from outside.

#1623

Now we are sitting in groups and the girls are crying on and off we make jokes sometimes so we can laugh but we are all scared #1623

the shooting has stopped for about 1:30 mins now but we all hear noises from outside we all wonder if someone we knew got hurt. we can hear a helicopter sometimes but now we just want to leave and go home. its been about 2 hours for some it feels like 2 days for others 2 minutes. For me I don't really know but im scared. were calmed a little but just hope its all over!!!

JC-001-015971

right off it was a dull roar but then it sounded like hundreds of rocks hitting the ground "The students running" then lots of yelling louder then a elephant about 12 sec. later the students ran into the door and told us what happened and then the noise stopped dead silent and loud firecrakers "gun fire" it sounded like it was just outside

the ground shook from the gun shot or it was all the students including me jumping we can hear every little sound someone accedently kicked a chair and everybody jumped its now 1:30pm were been in here for 2 hours 30 mins.

~~Tue~~ MONDAY 7/19

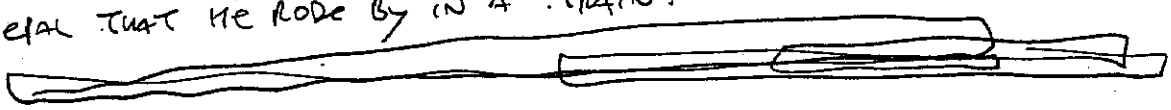

WELL, I FOUND TWO MORE SHEETS OF PINK PAGES FOR YOU. THIS IS REALLY THE END, THOUGH, SO WE USE BOTH SIDES THIS TIME.

THE LETTER ~~XXXXXX~~ YOU GOT YESTERDAY I MAILED FROM "HAYMARKET STATION". I ASKED PEOPLE IF THIS WAS NEAR THE FAMOUS HAYMARKET, BUT NO ONE AROUND HAD HEARD OF THE HAYMARKET OR THE HAYMARKET RIOT.

I SIT ALONE... WELL NOT ALONE, BUT APART FROM THE GROUP, IN THE "SIGHTSEER LOUNGE". ALL THE KIDS WERE HERE A MINUTE AGO, BUT THEY'VE GONE BACK TO THE SEATS.

OH, HERE COMES SANDY, BACK TO THE SEATS.

WEST OF NAPERVILLE, ILLINOIS, WE REENTER CORN COUNTRY AND ITS GREAT SKY. I LISTEN TO A SEASONED WORLD TRAVELER MIDWESTERN MAN, TALKING IN SLOW PLAIN SPEECH OF SOME MEGADAM IN NEPAL THAT HE RODE BY IN A TRAIN.

JAGGED RIDE. HARD TO WRITE. ★

JC-001-016003

TUESDAY MORNING. FINAL HOUR.
WE PASS A DERAILED OIL TRAIN.
GRASS ALL BURNT FOR HUNDREDS OF YARDS
"OH THAT'S NOT NICE" SAY ALL THE PEOPLE
IN THE CAR AS WE WITNESS SMASHED UP TANKS.

"NICE!"
EARLIER WE PASSED A BIG "4-WHEELER TRACK" WITH "MAD JUMPS".
PETER AND JEREMY PRETENDED TO DROOL THAN VISCIOUSLY THREW BEAT DOWN PUNCHES INTO THE AIR, SAYING "I WANT YOUR 4-WHEELER TRACK."

WERE IN EASTERN COLORADO. 1 HOUR FROM DENVER.

THE MOUNTAINS TO THE NORTH HAVE SNOW ON THEM. SANDY SAYS THAT'S NEAR FORT COLLINS. SHE TALKS W/ A MAN FROM UTAH ABOUT FEELING CLAUSTROPHOBIC IN THE TREES OF THE EAST.

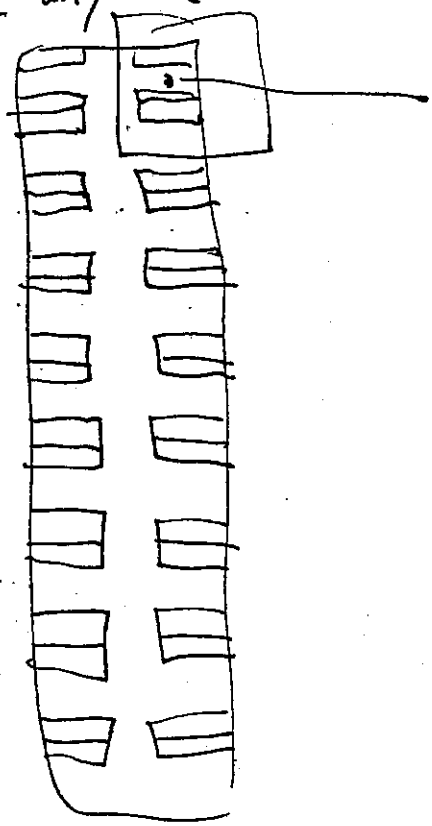

BIG AMERICA.

I SUDDENLY REALIZE WHY THE TRAIN IS UNPOPULAR HERE, I.E. IN AMERICA. BIG AMERICANS CAN'T SLEEP WELL ON IT. EVERYONE TALKS ABOUT HOW LITTLE THEY SLEEP, HOW UNCOMFORTABLE IT IS TO NOT HAVE ONE'S LEGS OUT, HOW THEY TOSSED AND TURNED, HOW THEY HAD TO WALK AROUND.

BIG AMERICANS DON'T LIKE COACH, AND IT'S MUCH CHEAPER TO DRIVE AND STAY IN MOTELS THAN BUY A SLEEPER.

WHEN WE GO TO INDIA WE'LL BE ABLE TO HAVE 2ND CLASS SLEEPERS. IT'S VERY NICE. THE WAY THE TRAIN WORK IS

JC-001-016004

IN THIS AREA, SIX PEOPLE GET A SEAT. THIS IS IN 2ND CLASS W/RESERVATIONS. THE SEAT IS JUST A FOAMY BENCH. BEHIND YOUR BACK IS A FOAMY BENCH FOLDED AGAINST THE WALL. ABOVE YOUR HEAD IS ANOTHER FOAMY BENCH THAT EVERYONE USES FOR LUGGAGE DURING THE DAY.

#10073

AMONGST YOURSELVES, THE SIX OF YOU DECIDE WHO GETS WHICH BED AND WHEN TO GO TO BED. IF SOMEONE LOOKS ESPECIALLY TIRED, THEY'LL BE ENCOURAGED TO TAKE THE TOP BUNK/LUGGAGE RACK, AND FOLKS WILL CLEAR IT OFF AND CONTINUE SITTING/TALKING/SNOOZING ON THE BOTTOM BENCH.

THE MOUNTAINS GET BIGGER AND BIGGER.

WE'RE ALMOST TO DENVER,
BUT ~~XXX~~ STILL 40 MINUTES AWAY.
THE TRAIN WILL INCH ~~CRAWLS~~ ALONG
THROUGH THE REFINERIES.

ADAM AND ALEX ARRIVE TO TAKE PICTURES OF THE MOUNTAINS AND FEEDLOTS.
I TELL THEM TO SHUT OFF THEIR FLASHES.
OLD CARS AND TRUCKS EVERYWHERE.
ALEX (SASHA I CALL HIM) IS JERRY'S YOUNG COMPANION.
HE HAS BECOME MY ~~APPRENTICE~~ NPUNOGOBATNUKA (PRIPODOVATIL) TUTOR

I ASK HIM THE WORDS FOR DIFFERENT THINGS TRAIN. TREE. SUBURB.
"KAK SKAZAT SUBURBAN SUBDIVISION?"

"NU. NU. OH!
PODGORODIYE"

THE TRAIN SLOWS DOWN
AS WE PASS ELEVATORS
METAL YARDS.

WE PASS REFINERIES.
PASS THE POWER PLANT.
PASS THE GRAVEYARD.

CONDUCTOR SAYS 15 MINUTES
I'LL GO GET THE KIDS READY.

#10073

JC-001-016005

AT THE SCHOOL. I TALKED TO YOU ON THE PHONE.

LIBERAL GIRL, SHE'S FROM MOUNT VERNON
NEW YORK. A 10TH GRADER. SHE CAN'T WAIT TO GET OUT OF COLORADO.
"THE MIND OF AN EASTERNER IS REALLY DIFFERENT THAN THE COLORADO MIND" SHE SAID. "I CAN IMAGINE," I SAID.
SHE'S GOING TO BE ON TV.

SHE'S LEADING THE MEETING HERE ABOUT SCHOOL SHOOTINGS, AND LEADING

(5)

The "PEACE ACTIVATION GROUP" GOING TO COLUMBINE HIGH SCHOOL.

"WE MIGHT GET SOME NATIONAL BROADCASTING OUT OF THIS, WHICH IS GREAT. I DID A REPORT ON SCHOOL SHOOTINGS LAST YEAR - IVE BEEN TRYING TO MAKE PEOPLE AWARE, BUT YOU KNOW, PEOPLE HAVE THIS HABIT OF NOT CARING ABOUT SOMETHING UNTIL IT'S CLOSE TO HOME. NOW IT'S CLOSE TO HOME. LITTLETON IS JUST 5 MILES AWAY. 10 MINUTES. BEFORE PEOPLE HERE WOULD SAY 'THAT'S OREGONS PROBLEM' OR 'THAT'S THE SOUTHS PROBLEM' BUT THERES LOTS OF KIDS HERE WHO CAN GET TO THEIR PARENTS GUNS. THIS IS OUR PROBLEM. THIS IS AMERICAS PROBLEM. NOW PEOPLE HERE WOULD WILL HAVE TO GET AWARE. THIS SHOOTING IS NOT JUST COLORADOS PROBLEM. IT'S NEW YORKS PROBLEM. IT'S AMERICAS PROBLEM."

LIBERAL GIRL WAS QUITE IMPRESSIVE. I TOLD HER SHE'D DEFINITELY GET ON NATIONAL TV.

THEN SHE STARTED TALKING REPEATEDLY ABOUT PEOPLE ~~BEING AWARE~~. BEING MADE AWARE.

"MADE AWARE OF WHAT EXACTLY?"

We have information about what happened at Columbine High School on April 20, 1999. We have managed to elude you all. We are directly responsible for what has happened. There is no doubt in our minds that you will find out who we ~~are,~~ but it will most definately be too late. We are giving you our first threat: Better not be in the wrong place at the wrong time! You see, Columbine was the first piece of a bloody puzzle. A puzzle that will reveal itself in due time. WE are sure that you will think this a joke, but it makes it that much more fun. Columbine was unsuspecting, and the next of our game will be even more suprising. So, we bid you farewell, and happy hunting.

Dear Frank,

Eric + Dylan were excellent "SKINNERians" for each one of them were excellent "PRODUCTS" (of their environment), great "overgrown-nonmaternal fetusses", great EVIL"utionized" animals, great situational "ethicists" for the Bible says there are many "gods".

Consequently, all truth is "relative".

Consequently, one can legally kill THE "presiDUNCE", their parents, their children, anyone due to 5 of the 9 "JUSTICES" on the Supreme Court.

Might makes RIGHT!

explosion, I would have to guess about 6 miles away. Then another one occurred closer. After recalling the night many times, I finally understood that these were diversions, to attract the cops. The last prep was bawling & trying to crawl away. The man walked up behind him. I remember the sound of the impact well. The man came down with his left hand, right on the prep's head. The metal piece did its work, as I saw his hand get buried about 2 inches into the guy's skull. The man pulled his arm out, and stood, unmoving, for about a minute. The town was utterly still, except for the faint wail of police sirens. The man picked up the bag and his clips, and proceeded to walk back the way he came. I was still, as he came my way again. He stopped, and gave me a look I will never forget. If I could face an emotion of god, it would have looked like the man. I not only saw in his face, but also felt eminating from him power, complacence, closure, and godliness. The man smiled, and in that instant, thru no endeavor of my own, I understood his actions.

The town, even at 1:00 AM, was still bustling with activity as the man dressed in black walked down the empty streets. The moon was barely visible, hiding under a shield of clouds, adding a chill to the atmosphere. What was most recognized about the man was the sound of his footsteps. Behind the conversations & noises of the town, not a sound was to be heard from him, except the dark, monotonous footsteps, combined with the jingling of his belt chains striking not only the two visible guns, in their holsters, but the large bowie knife, slung in anticipation of use. The wide-brimmed hat cast a pitch-black shadow of his already dimly lit face. He wore black gloves, with a type of metal spiked-band across the knuckles. A black overcoat covered most of his body, small lines of metal & half-inch spikes layering upper portions of the shoulders, arms, and back. His boots were newly polished, and didn't look like they had been used much. He carried a black duffel bag in his right hand. He apparently had parked a car nearby, & looked ready for a small war with whoever came across his way. I have never seen anyone take this mad-max approach in the city, especially since the piggies had been called to this part of town for a series of crimes lately. Yet, in the midst of the nightlife in the center of the average-sized town, this man walked, fueled by some untold purpose, what Christians would call evil. The guns slung on his belt & belly appeared to be automatic hand guns, which were draped above rows of magazines & clips. He smoked a thin cigar, and a sweet clovesque scent, eminated from his aura. He stood about six feet and four inches, and was strongly built. His face was entirely in shadow, yet even though I was unable to see his expressions, I could feel his anger, cutting thru the air like a razor. He seemed to know where he was walking, and he noticed my presence, but paid no attention, as he kept walking toward a popular bar, The Watering Hole. He stopped about 30 feet from the door, and waited. "For whom?" I wondered, as I saw them step out. He must have known their habits well, as they appeared less than a minute after he stopped walking. A group of college-preps, about nine of them, stopped in their tracks. A couple of them were mildly drunk, the rest sober. They stopped, and stared. The streetlights illuminating the bar & the sidewalk showed me a clear view of their stare, full of paralysis & fear. They knew who he was, & why he was there. The second-largest spoke up "What're you doin man..... why are you here...?" The man in black said nothing, but even at my distance, I could feel his anger growing. "You still wanted a fight huh? I meant not with weapons, I just meant a fist fight....cmon put the guns away, ~~you~~ pussy!!" said the largest prep, his voice quavering as he spoke these works of attempted courage. Other preps could be heard muttering in the backround; "Nice trench coat dude, thats pretty cool there...."... "Dude we were jus messin around the other day chill out man... " ... "I didn't do anything, it was all them!!" ... "cmon man you wouldn't shoot us, were in the middle of a public place..." Yet, the comment I remember the most was uttered from the smallest of the group, obviously a cocky, power hungry p*&$k. "Go ahead man! Shoot me!!! I want you to shoot me!! Heheh you wont!! Goddam p*%!y...." It was faint at first, but grew in intensity and power as I heard the man laugh. This laugh would have made Satan cringe in Hell. For almost half a minute this laugh, spawned from the most powerful place conceiveable, filled the air, and thru the entire town, the entire world. The town activity came to a stop, and all attention was now drawn to this man. One of the preps began to slowly move back. Before I could see a reaction from the preps, the man had dropped his duffel bag, and pulled out one of the pistols with his left hand. Three shots were fired. Three shots hit the largest prep in the head. The shining of the streetlights caused a visible reflection off of the droplets of blood as they flew away from the skull. The blood splatters showered the preps buddies, as they were to paralyzed to run. The next four preps were not executed so systematically, but with more rage from the man's hand cannon than a controlled duty for a soldier. The man unloaded one of the pistols across the fronts of these four innocents, their instantly lifeless bodies dropping with remarkable speed. The shots from that gun were felt just as much as they were heard. He pulled out his other pistol, and without changing a glance, without moving his death-stare from the four other victims to go, aimed the weapon out to the side, and shot about 8 rounds. These bullets mowed down what, after he was dead, I made out to be an undercover cop with his gun slung. He then emptied the clip into two more of the preps. Then, instead of reloading & finishing the task, he set down the guns, and pulled out the knife. The blade loomed huge, even in his large grip. I now noticed that one of two still alive was the smallest of the band, who had now wet his pants, and was hyperventilating in fear. The other one tried to lunge at the man, hoping that his football tackling skills would save his life. The man sidestepped, and made two lunging slashes at him. I saw a small trickle of blood cascade out of his belly and splashing onto the concrete. His head wound was almost as bad, as the shadow formed by the bar's lighting showed blood dripping off his face. The last one, the smallest one, tried to run. The man quickly reloaded, and shot him thru the lower leg. He instantly fell, and cried in pain. The man then pulled out of the duffel bag what looked to be some type of electronic device. I saw him tweak the dials, and press a button. I heard a faint, yet powerful

As I walked through the broken door entrance to the final military installation, I realized that this hellish experience was almost over. The invasion was stopped, all of the aliens were dead, and whatever wasn't dead was waiting for me ahead. While I was leaning against a granite wall in a large calmly lit room, I scanned over the dozens of marine bodies that scattered the floor in front of me. A last, futile, stand that wasn't enough to ward off the alien attacks. Bullet shells sprinkled the floor, on top of the carpet of blood. I must go on, to fight whatever waited ahead, I am the only one left on humanities side of the battle. The bright room ahead suggested that I wouldn't have anywhere to hide once I showed myself. I almost laid down beside my fallen comrades and just went to sleep, as some of them appeared to be. But that would mean that they bad guys would win, and I just could not allow that to happen. So I gathered up all the bullets and superior firepower I could scavenge off of the dead soldiers, or what was left of them, and prepared myself for the last battle.

As I entered the last military base on the moon, I came upon a hellish sight. Bodies of my former marine buddies were scattered across the stone floor. The deathly dark glow of light from above was barely enough to notice the blood and flesh splattered on the large slabs of granite that passed for walls. The platoon had tried to barricade themselves in, but with the alien fire coming through two gigantic windows and with a blitzkrieg of monsters in the small doorway between the windows, the marines couldn't hold them. Arms, legs, and heads were tossed about as if a small child turned on a blender with no lid in the middle of the room. Some were burnt off, some torn, some eaten. Even though the mass of alien bodies outside the room was at least 10 times the marines', they still fell. I must be crazy to fight this war; I must be out of my battered mind. How could one soldier stop all of these monsters? There must be someway out of here that doesn't involve firepower. It is just too much, all the death and destruction. It's pointless, there's no way, no way at all. I can't fight anymore, let them take Earth, I'll stay here on my little moon, along with my squad of dead soldiers.

Dear friends, relatives, and oher aquiantences-

First to my friends that had to live through that hell yesterday.... I want to let you know that I am okay and extremely pleased that you listened to me. I would also like to thank the psyco nutcase with a dish rag on his head for going back for our friends... Thanks Bret! I would also like to thank the rest of you for listening to me in a time when you and I had no idea what was going on. I want to tell you that I was only scared at three points yesterday. (1) When we were under the table and everyone started running away. (2) When we were in the bathrooms and store rooms hearing things go on above us and (3) When Bret was not with the group that I escorted out of the hellish enviroment. I would like to thank all of you who were there listening to me give you directions. I was gladly willing to lay down my life to save yours and you recognized it. I want to thankyou for staying low and grasping onto my every word. I am seriously afriad that if I hadn't been there you would have all run up those stairs and been shot by my friends that I thought I knew. You all know me and I am more grateful to you for listening than anything else! If you hadn't listened and took off running it could easily have been one of you still laying in the school at this hour. There isn't much I can take credit for or am willing to take credit for....except that I am fortunate because I have you all still here with me! The hell has only begun. I am hurt. I am really hurt! I still cannot comprehend that my friends were physically capable of coming in and doing this to sooooo many others. I am sorry and if anyone needs to talk please give me a phone call or if you want to hear me talk....call please!

Next to my friends and e-mail aquaitances. I am really glad to hear so many of you express your concern to us here at Columbine! My friends are not the "evil" people that they make them out to be on television...there is no "trenchcoat" posse. I would like to inform you that I am extremely sorry for the tradgedy that happened here. I want you all to pray for Dylan and Eric also. They were excellent individuals. I am sorry for what they have done but my heart and prayers go with them just as equally as they go with the victims that were slain and injured yesterday afternoon. I hope that you all hold us near to your hearts and talk about this without predjudice twoard Eric and Dylan.

The Mind and Motives of Charles Manson

Dylan Klebold
11-3-98
L.A., Per. 6

In 1994, Oliver Stone directed a film, using a Quentin Tarantino-written script about a pair of lover serial killers, (partially using the "Bonnie and Clyde" theme) entitled "Natural Born Killers." This film portrayed the main two characters who, at the point between innocent teen-ager and experienced adult, defy society, and get lost in their own little world, killing, and robbing whoever they come across. Although still on Earth, they live by their own morals, beliefs, and at the end of the film, expose the media and the law for its flaws. The truth to this movie is that it was not made to reproduce the Bonnie and Clyde theme, but it was almost an exact parallel to one man, with similar experiences in the late nineteen-sixties; Charles Manson. Oliver Stone stated later, in an interview related to the movie "The idea was that he would become more like Charlie Manson." (describing an interview with Mickey Knox, the serial killer in Natural Born Killers.) The parallels from the film to the most stunning murders in the sixties can be seen from the similarities in the interviews between Manson and Knox, to the setting and time period. The point being that the movie was later considered one of the most daring movies of all time, thus just scraping the surface of the severity of the story behind Charles Manson and his so-called "family."

Charles Manson was born near 1935 to an unknown father, and a prostitute. Not much is known about his past, just abstract things. Manson went to a foster home at age three, and his mother later was arrested for robbery. From then to the age of eighteen and

#1035

past, he was moved around from foster home to foster home, juvenile prison to juvenile prison. His prison record included two counts of forgery, two counts of mail theft, check forgery, probation violation, pimping, and GTA. It was around this time in his life that he met the early members in his family.

Patricia Krenwinkle was an average girl growing up in the suburbs. She got average grades, and sang in her school's glee club. She had one sister, a mother, and their father was an insurance agent. At age eighteen, she was a secretary, and had just joined the hippie movement. She met Charles Manson at a party at the house of her sister's friend. He was playing an original, yet sad song on his guitar. She was drawn to him by his karma, mood, and attitude, which led to their sleeping together that same night. He inticed her, by words of love and happiness, to an extent that she was happy whenever he was around, and never wanted to leave him. Two days after meeting him, they, with others, left for San Francisco. 3 Transition sentence

Leslie Van Houten had a similar upbringing. She was a suburbanite, who sang in a church choir, and was later the homecoming princess at her high school. Other than the fact that her father left the family when she was young, she had an uneventful early life. At her late teenage years, she wanted more than normal girls had at that time. She heard about Manson, how he had the answers, and how closely he portrayed christ. She too met him, and fell into what might not be called "love", but possibly an obsession, with him and with the happiness that he appeared to bring with him. With Manson she later explained her actions "I followed him because I anticipated a positive change."

Others like Krenwinkle and Van Houten had gotten word of Manson's unearthly

#16351

beliefs and prophecies. Charles "Tex" Watson, once an All-American high school athelete, later bacame Manson's biggest believer. Lynette "Squeaky" Fromme, whose father was an Aeronautical Engineer, was also a follower, and later was the acting head of the family when Manson was not around. These people, and dozens others followed Manson out West, first to San Francisco, and then further South, winding up at a place called Spahn Ranch.

Charles Manson would later have a "family" of these followers, who literally did whatever he asked. They found happiness in his and eachother's presence. It was mainly a piece of the hippie movement, a way to stray from the norm and live opposite of what one was raised to learn. The structure was simple; he was the leader, the christ, the martyr of the group, and they listened to and did what he said. This type of control, however innocent the motives, could be considered a cult, and was later labeled as such. Yet, the main principals behind their family was, and only was, Manson's will. The Mind and Motives of Charles Manson, and society's counteractions are best described when his beliefs, his actions to support and uphold these beliefs, and society's laws to stop him are taken into account.

Manson has been proclaimed by many to be insane. The question of whether or not he is insane is a question of opinion, which cannot have a "true" right answer. However, his beliefs, which fueled his and his family's actions between 1968 and 1975 conflicted with society's morals, around which this country revolves. The severity of Manson and his family's doings are reasoned behind his beliefs toward himself, his family, nature, other people, and the law.

Charles Manson, on many occasions, has compared himself to Jesus Christ. He

#10351

believed that he was Christ, and the world had made him suffer. just as Christ did two thousand years ago. He also had his family believing that he was christ. He said in an interview, when asked how he got his followers to believe that he was Jesus, "I was just being myself..... all men is Jesus Christ." He also believed that he was Satan, to come to Earth and start Helter Skelter, what he called a prophetical armageddon.

His family, he believed, had two main spiritual duties: to learn to be him and to act like him, and to also learn and believe in what he did. He and the family lived with each other, living off, what he would consider love, for each other, and the earth. He told them that the happiness is in love. He believed that they should, when necessary, die for him, and not feel remorse. He preached to them that death was not bad. just another high. The family eventually adopted these beliefs, thus putting them at his complete control.

Nature, according to Manson, was one of the most precious things in life. He subscribed to the belief that ATWA (Air, Trees, Water, Animals) kept humans alive, and we should treat ATWA with equal respect. He once metaphored that ATWA was a ship, and the human wastes to the earth, pollution, and forest destruction was like a hole in the bottom of the boat. He, when living at Spahn Ranch, would tell his family to let the scorpions crawl over them, as they were aminals, not meant to endanger the family.

Helter Skelter, revenge were part of his beliefs. Humans had corrupted the Earth and ATWA, and were ignorant about it. Manson had felt that society dumped him, and he felt great rage for society, and people, and later found an anthem for his rage. When asked

about his actions, many years after the murders, he had said that he is a part of everyone, that he mirrors people, because they shaped him.The Beatles' "White Album" included

#10351

songs (Helter Skelter, Revolution #9, Piggies, and others) that Manson felt documented his rage toward society. When at the ranch, he and the family listened to these songs many times over. Manson thought he had heard his name being said in one of the songs. Their thoughts about Helter Skelter, or the armageddon, were brought out by these songs. In Revolution #9, he heard machine gun fire, the oinking of pigs, and a man saying "rise."

His beliefs would later incite Helter Skelter, using his family as a type of "army." Some people believe that he just brutalized people, that the murders were for no cause, and he was just insane. Yet, more than twenty-five years after he and his family were convicted, he still has the same beliefs, and still can logically explain his actions.

August 9, 1969 and August 10, 1969. These two days carry a dark shadow over them. Two of the first ritual cult-style mass murders in U.S. history. The first of the two changed the mood of the entire population of L.A. for almost a year. These murders were the coming of Manson's Helter Skelter, the armageddon of the Earth.

Spahn Ranch is a small, run-down ranch near L.A. It was owned by George Spahn, who was then a decrepid, eighty-year-old wrangler, whose kids had gone away, and whose wife had died. He waas depressed near death, when a group of hippies came to his door. They agreed to take care of him, and the ranch in exchange for living space. He agreed. The group, otherwise known as Manson's family, had Squeaky take the most care of George, which included cleaning, cooking, making love to him, and other various tasks. The family, which consisted of twenty-six people, began its cultish life in the desert.

"We played a lot of music, we did a lot of drugs, we loved, we were happy" replies Manson when later asked about life at the ranch. The family, did these things, and more.

#10351

They lost their humanity at the ranch. Life was lived "now", for "today." Manson told them to always "live today." The family members never talked about the past, never thought about the past or the future. The initiation of female family members was just that they joined. Male members would pick any woman they wanted and made love to them. Manson's thoughts on this was that that's what women are for, to bait the men. The women were not allowed to deny who picked them. They had no watches, to forget time, and society. Manson would walk up to members daily, and have them mirror his actions, to try to be exactly like him. They took hundreds of acid trips, they did marajuana, and during the acid trips, he would have them reenact the crucifiction. During these times he would ask them if they would die for him, if they would "be him." The members had started to live Manson's reality. Manson would hear about the discrimination against the blacks in the South, and this was partially where he based his proof that Helter Skelter was near. the members started getting more guns, knives, and other weapons. They had lookouts at the ranch. They also robbed places to get money. Leslie Van Houten even robbed her father to get money for the cause.

By August 8, 1969, Manson had allready killed a few people for various reasons. These drug dealers, and bums that he did kill are civil compared to the two ritualistic murders, done for Helter Skelter. Manson once tried to get a record contract from a producer, living at 10050 Cielo Dr. in Bel-Air, which later failed. Manson, who had been telling the family for months that they needed to start Helter Skelter themselves, needed money to bail out a member from jail. near midnight, on August 8, he called a meeting about this. He sent Pat Krenwinkle, Susan Atkins, Linda Kasabian, and Tex Watson to

#10351

10050 Cielo Dr. to get money. He had told the women to do whatever Tex told them, and was remembered saying "I don't care how you do it, but do it, and get it done now!" Later that night, just after midnight, August 9, they pulled up to the driveway. Tex cut the telephone wires, and, bypassing the electric gate, the women scaled a fence and climbed up a hill to the yard. This house was no longer occupied by the record producer of Manson's acquaintence, but instead a beautiful new actress named Sharon Tate. Her lover and soon-to-be husband Roman Polanski, who was a movie director, was in London at the time. She was pregnant with their eight-month-old baby. She, Jay Sebring, Voytek Frykowski, and Abigail Folger were at the house for the night. Sebring was a world-wide known ~~hive~~ movie hair dresser, owning Sebring International. Folger was the heriess to the Folger coffee fortune. Frykowski was an actor, her lover. Back behind the house in a small shack was William Garretson, who was a caretaker of the house, who would later be an important witness. At the time when the women jumped the fence and were waiting for Tex, they heard four gunshots. He has seen Steven Parent driving up to the residence. He was an acquaintance of Garretson, coming by to visit. He was killed instantly, four shot at point-blank range. Tex then caught up with the women, and walked to the front door. It was locked, so he went through an open window next to the door, letting the women in first. They got the four people into the living room, together. Sebring, who tried to protect Sharon, was bludgeoned in the head once, then shot and stabbed by Tex. The other three people were panicked at this time. Frykowski tried to run out the back door, but was caught up to by Tex. He was clubbed in the head several times, shot, and stabbed. It was

#10357

later counted that he was stabbed fifty-one times. Before his death, Abigail Folger had been tied up, and now was starting to get free. She ran out the back, pursued by Krenwinkle. She was ran down, and stabbed to death. Krenwinkle later recalled her saying "I'm allready dead..." (later found to have been stabbed twenty-eight times.) Finally, Sharon Tate, the only one left, was begging for the life of her baby to Tex, who replied "Look bitch, I have no mercy for you." He then stabbed her stabbed to death. After these five brutal murders, the killers wound up taking only seventy dollars before leaving. When returning to the ranch, Manson was remembered saying only two things; "Do you have any remorse?", and "Don't tell anyone."

"Sharon Tate, four others slain in ritualistic murders." These were the headlines the following day in the Los Angeles Times. Even the New York Times, which never printed murder cases on the cover page, printed the Tate murders on the cover for almost a week. The night of August 9, 1969, Leno Labianca and his wife, Rosemary, were driving back from a vacation at Lake Isabella. It was about 3:00 AM. August 10 when they finally arrived back at their house. Manson had picked Krenwinkle, Van Houten, and Tex to go to their house. Manson still needed money, and he said that he went to a party at the neighboring house once before. He had asked Van Houten, "Can you be me, do you believe enough in me to do this?" This time, Manson came with them in a seperate car. They arrived, and walked through the front door. Tex tied up Leno, who was reading the paper in the living room. At this time, Manson had left, leaving no evidence of his presence. The two girls took Rosemary into the bedroom. Manson had told Tex "Don't

#10351

scare them like last time, just kill them." Leno was stabbed to death while Rosemary was forced to listen. Tex then came in, and also stabbed her to death also. He then handed a knife to Van Houten, who then stabbed Rosemary in the back fifteen times. Pat then went out to the dead body of Leno. She took a fork, and stabbed him on the stomach multiple times, and finally left the fork in him. No money was taken.

During the first set of murders, They had written "Piggies" and "Helter Skelter" in Tates blood on the door. In the second set, they wrote with Leno's blood "Rise". "Death to Pigs", and "Helter Skelter" on the walls before they left. These cultish writings were the only things that the police could find in common to the two murders.

By 1970, Manson and his followers had killed more people than the victims in the Tate-Labianca murders, but the severity of the two back-to-back slaughters shocked the nation. Nobody had seen killings like these. Unprovoked, uneccessary, and inhuman.

Four months after the two murderings, police finally caught up with and arrested Manson and his followers for the murders. The cultish actions and Manson's control over the family, however, didn't stop when they were all in custody of the law. It had taken years after the trials for the family to break Manson's will over them.

Manson and four of his followers were arrested four months after the murders. He, along with Tex Watson, Susan Atkins, Leslie Van Houten, and Pat Krenwinkle were charged with first degree murder counts on Steven Parent, Sharon Tate, Abigail Folger, Voytek Frykowski, Jay Sebring, Rosemary Labianca, and Leno Labianca. The main pieces of evidence were the revolver that Tex used in the Tate murders, and fingerprints around the residences. The revolver, which was later found in a field near the site, had no

#10351

gun grip, which was found in three pieces at the Tate crime scene.

Along with the seven known murders, Manson and his followers had collected a "tab" of bodies around the L.A. area, for various reasons. These others include Nancy Warren, Clida Delaney, Marina Habe, Mark Walts, Gary Hinman, Donald Shea, John Haught, James Sharp, Doreen Gual, and Ronald Hughes, the lastone, in late 1970. Also, Squeaky, Manson's acting head of the family, had attempted to assassinate president Gerald Ford in 1975.

During the trial, Manson had his three female followers do many strange things to confuse the court, including carving X's in their heads, always making stupid symbols in the courtroom, and even taking full blame for all the murders. However, the prosecution. led by Vincent Bugliosi, had verbal evidence from a testimony given to them by Linda Kasabian. She, once a family member, had traded information to the prosecution for a full pardon. It was recalled that a family member screamed at her from outside the courthouse "You're going to kill us all!" After the end if the trials, Manson and his family were all found guilty, partly due to the testimony of Kasbian, and also to the evidence found. They all got the death penalty, which was abolished about a year after the trials. Their sentances were reduced to life in prison. Since then, up until the present, Manson has been living in solitary confinement, without parole. Pat Krenwinkle, Leslie Van Houten, and Susan Atkins are still in prison, are allowed parole attempts. and never recieve them. Tex Watson is in jail, but was allowed to marry, and has three kids.

The law of America and the state of California stopped Manson from committing

#10361

more murders, and mostly put an end to his family. However, the country has been shocked for twenty-five years hearing about Manson's family. The severity of the Tate-Labianca murders has never diminished, and even though the murders are credited to Manson's ideas, the innoecnt times of a hippie cult, the family's life at Spahn Ranch can also be credited to him, and his ideas.

To this day, Manson's influence over his followers, and the entire U.S. is still lingering. He always told people he was a crazy old man, but many people followed him. However, his beliefs, and the beliefs of his followers have changed in twenty years.

Cult behavior, for the most part, sprang up after Manson's family affairs in the late 1960's. One good example of the related lifestyle is David Karesh and his followers in the early 1990's. According to Krenwinkle, the scariest thing is when Manson gets a follower from the younger generation. For example, Axel Rose recorded one of Manson's songs, and wears a Manson T-shirt at concerts. "The biggest misconception is people thinking that what we did was OK." says Krenwinkle in a recent interview. Double space

To this day, Manson still believes the same things he has all his life. He also says that he had no part of the Tate-Labianca murders, and that the government treated him unfairly. Manson will be in solitray confinement for the rest of his life, saying these things to countless reporters who choose to hear his side of the story.

Pat Krenwinkle, Leslie Van Houten, and Susan Atkins, the three women followers tried with Manson are all in jail to this day. They all have dropped Manson's beliefs, and live commendable lives. Atkils has converted to Christianity. Van Houten and Krenwinkle, who hold jobs, and help kids with drug problems, say "The thing about Charlie is that he says he's crazy to hide under people's awareness. In this way, he can get

#10351

people to do things for him, without them questioning his motives." This is what they say happened to them, and countless others, who subscribed to Manson's beliefs. and suffered the consequences.

Manson's murder case was the most extraordinary of the time period, expecially taking into accuont the hippie era. However, the murders partially stemmed from the era. As he had so many people under his control, believeing his every word, what he thought of turned into a reality. Oliver Stone compliments Manson. when describing his interview with Geraldo Rivera, saying that Manson had the upper hand of the discussion the entire time. Intelligence is not one and the same with sanity. however, which might have explained Manson's retaliation against society. It is of somebody's opinion. to decide whether or not they think Manson is insane. Yet, His mind and motives can explain why he acted how he did, and why society didn't approve.

Re: Search Warrant

Dear Ms. Zimmerman:

This letter is in response to the Search Warrant issued to United Parcel Service ("UPS") on or about May 13, 1999 ("Subpoena").

The Search Warrant requested any records related to deliveries made by United Parcel Service (UPS) to [redacted] Littleton, CO 80123, County of Jefferson, State of Colorado, and [redacted] Littleton, CO 80127, County of Jefferson, State of Colorado; to include, dates deliveries made, originator of deliveries, and party who signed for deliveries.

UPS maintains domestic shipping and delivery records for one year only. UPS implemented its one-year record retention policy in January of 1995 pursuant to the Federal Aviation Administration Authorization Act of 1994 (FAAAA), which deregulated the industry. Due to the burden of lengthy retention periods, the FAAAA preempts individual states from imposing record retention requirements on motor carriers that are longer than one year. However, in cases where a UPS package tracking number is made available, it is possible to search for a delivery confirmation for the previous eighteen months.

UPS made a diligent search for records during the time period of May 19, 1998 through May 19, 1999. As the enclosed information reflects, UPS has been able to locate delivery records for services to [redacted], Littleton, CO 80123 and [redacted], Littleton, CO 80127. These records identify by shipper number the shipper who sent the package. The enclosed delivery records also indicate the date the particular delivery was made, address, including zip code, to which the shipment was delivered, and, where available, the name of the person who signed for the package.

Customer profile documents, which identify the shippers of the packages delivered to [redacted] Littleton, CO 80123 and [redacted] Littleton, CO 80127, are also enclosed.

Please call me at (404) 828-8119 if you have questions or concerns. Until such time, UPS will consider this matter closed and your request answered.

On 05/06/99, IO (Det. Boatright) was assigned DN #4746, requesting he contact Megan Coxey and determine if she was present in the library during the incident occurring at Columbine High School. The information supplied in the lead sheet indicated Megan Coxey's wallet with personal items was found in the library. No additional information was available regarding that issue.

On the same date at approximately 1700 hours, IO contacted Megan Coxey via telephone at her residence (303-979-5089). Upon contact with the forenamed, IO confirmed her full name is Megan Kelsie Coxey (DOB: 07/20/83), home address: 9696 W. Ida Place, Littleton, CO 80123. Megan Coxey is presently in the 10th grade. IO subsequently explained the purpose of his contact and asked the forenamed if she, in fact, was present in the library when the incident began. Megan Coxey responded in the negative. When told that her wallet had been found in the library when the crime scene was processed, Megan Coxey stated she had lost her wallet approximately two weeks prior to this incident. IO again verified with Megan Coxey she was not present in the library on 04/20/99, when the incident began. IO told Megan Coxey, it was probable she would be contacted at some point later and requested to provide a complete statement regarding her knowledge/observations of this incident. Megan Coxey indicated she would be cooperative if contacted in the future. IO subsequently concluded his contact with Megan Coxey.

WITNESS: BRENTON JAMES HOOKER, DOB: July 10, 1982, POB: Littleton, CO, SSAN: 577-22-2072, 74" in height, 195 lbs., blond hair, hazel eyes, Home address: 7320 South Webster, Littleton, CO 80128, Home Phone: 303-972-0814, Occupation: Student at Columbine High School, witness to shooting.

INTERVIEWERS: Agent RICHARD K. GRIFFITH and Agent RICKEY S. MUNDINE, Colorado Bureau of Investigation, 690 Kipling Street, Suite 4000, Denver, CO 80215, phone: 303-239-4211.

OTHERS PRESENT: PAM HOOKER (mother)

DATE/TIME OF INTERVIEW: April 21, 1999, 4:00 p.m.

PLACE of INTERVIEW: 7320 South Webster, Littleton, CO 80128

With the permission of HOOKER's mother, PAM HOOKER, a witness interview was conducted concerning HOOKER's knowledge of the shooting and bombing incident at Columbine High School on April 20, 1999 at approximately 11:15 a.m. HOOKER advised that at approximately 11:15 a.m. he was in Math class taking a test when he felt and heard an explosion. His teacher, Mr. HAVENS ordered everyone out of the classroom and to evacuate the building. HOOKER stated he also heard the fire alarm sound. HAVENS led the students from the classroom out the east door just south of the main entrance, and they ran across Pierce Street into the yards of residences. As they reached Pierce Street, another explosion sounded and HAVENS ordered the students to run to Leawood Park.

When HOOKER reached the intersection of Pierce and West Fair Drive, he turned around and observed an individual he thought was ROBERT PERRY (ex-student of Columbine High School) standing outside the door just to the north of the main entrance shooting a pistol in his direction and at a group of students and ambulances parked at the intersection of Pierce and West Fair Drive. HOOKER saw dust kick up near the edge of Pierce Street from the gunshots and he continued to run east on West Fair Drive for a short distance then he turned around and looked back at the school and could no longer see the individual. He continued running east on West Fair Drive until he reached a friend's house and telephoned his mother. HOOKER described the individual he thought was PERRY as 6'8"-6'11" in height, very skinny, tight black pants, black trench coat (knee length), sunglasses, black mask covering mouth and nose. HOOKER advised he spoke with another student whom he identified as TERRY LAWSON who stated he had seen PERRY in the school commons area earlier that day on April 20, 1999.

HOOKER advised he was introduced to members of the Trench Coat Mafia (TCM) approximately three years ago by another student whom he identified as MICHAEL MARTIN. He stated MARTIN has since moved to Erie, CO with his parents and provided his telephone number, 303-664-1526. HOOKER advised on occasion he spoke with PERRY, JOE STAIRS (graduated from Columbine High School in 1998) and CRIS MORRIS. HOOKER was aware of and has seen a movie produced by MORRIS last year for his video/drafting class which depicts bomb making , firing of weapons and blowing up the school. HOOKER advised MORRIS's teacher, Mr. TALOCCO should have a copy of the taped movie. HOOKER stated he did not believe any of the group was into neo-Nazi, Gothic nor did he see any firearms ever in their possession. However, he did observe a hunting knife in MORRIS's posession on several occasions. None of the members of TCM ever shouted racial slurs or professed violence, which he heard.

HOOKER described the TCM members as a group of outcast friends that banded together who enjoyed doing similar things. He never heard them discuss or suggest violence against anyone. HOOKER knew KLEBOLD and HARRIS by sight, but rarely spoke with them.

Control Number DN

On April 22, 1999, HOOKER returned to the school site with Agents GRIFFITH and MUNDINE and showed them exactly the position of the shooter and his location when he saw the shooter. This location was approximately 200 yards east of the shooter's location outside the door. From this position it would be difficult to positively identify anyone, especially while being shot at.

HOOKER was unable to provide any additional information relevant to this investigation. HOOKER's mother, PAM was provided the means of re-contacting Agents GRIFFITH and MUNDINE in case her son remembers any additional information.

SUPPLEMENTAL REPORT

Defendant:	Harris/Klebold	Docket Number:	
Date:	4/25/99	Case Number:	99A062
Deputy D.A.:		Investigator:	Vondenkamp

****

On 4/24/99 at 11:40am I received a phone call from 15 year old Jennifer Smull. I had spoken with Jennifer's step father on 4/23/99 and he advised me he would get a message to her to contact me. I advised Ms Smull I wanted to speak with her regarding the incident at Columbine High School on 4/20/99. Ms Smull acknowledged she had filed out a statement for an officer on 4/20/99, and agreed to speak with me about this statement.

Ms Smull is a student at Columbine High School and was in the building on 4/20/99. She was on the second floor in Mr Peterson's science class at 11:25am preparing for a test. She heard a loud bang, and what she believed to be gunshots outside the room, possibly down a floor in the cafeteria. Ms Smull ran out into the hall to see what was going on when she encountered Ms Miller (teacher) in the hall who yelled at her to get back inside the classroom. She went back inside the classroom and her and several students attempted to barricade the door with tables. Around 12:15pm Ms Smull heard gunfire outside the room. She looked out from behind the table and witnessed a white male, tall (over 6') with a hat on backwards, short sleeve shirt (unknown color). She immediately recognized him as a senior in the school who was part of the "tenchcoat mafia". She later identified him as Dylan Klebold. It appeared to Ms Smull he was attempting to get into the science class next door to her. She estimated she was about 20' away from him.

Ms Smull stated at this same time a second male came into her view from her same location. She described the second man as a white

male, shorter than the other (2-4"less), chiseled face, blonde short hair - similar to a military cut. He was wearing a white T-shirt and described as "buffed". Ms Smull at first beleived him to be a police officer. She realized he was not when the two men were interacting. She saw this second man carrying a brown/black sawed off shotgun. She recalled the barrel was very wide. They were trying to get into the science room next door to her. They threw something near the door and ran away. A few seconds later there was an explosion outside the science room doors.

Ms Smull estimated she saw these two men "about 3-5 seconds" before they were out of her view. She saw them through a class window in the science room door. They did not come back into her view after this time. She continued hearing gunfire and explosions while hiding in the science room. She recalled about 3:00pm the SWAT team escorted her group out of the building.

I asked Ms Smull if she recognized the second male she saw in the hallway. She stated she did not, but was very sure it was not Eric Harris. I asked her if she knew Eric Harris. She stated she knew who he was because she would occasionally see Eric in the smoker's pit at school. On 4/20/99 around 11:10am she saw Eric Harris in the smoker's pit. She recalled making a comment that it had not been a good day for her so far, and Eric Harris responded with "not to mention it's Hitler's birthday". Ms Smull had no conversation with him and left the area immediately after this.

**Ms Smull advised me that on 4/20/99 around 11:15am, immediately after leaving the smoker's pit where she saw Eric Harris, she was walking towards the administration area near the telephones. She noticed a tall (6') white male, short brown hair, wearing a dark tenchcoat with a dark shirt and cammo pants. He was carrying a duffle bag walking towards her in the hallway. He had come inside the building through the doors by the administration and was walking into the school. She noticed the duffle bag more than anything because it was large and appeared heavy. The duffle bag was dark with yellow strips on it. Ms Smull estimated she was 7-8' away from

him as he walked passed her. She was very sure he was not a student, but believed he was friends with Dylan and part of the TCM. She believed she could identify him. Ms Smull stated it was not unusual for former CHS students, or other students to be inside the school visiting friends.

I asked Ms Smull if there was anything else she could tell me. She stated she is concerned about her backpack that was left near the door of the science room. She went on to say that her black backpack has 4..20 written on it in big letters. She said it is a total coincidence that the date of this incident is 4/20. She explained that 4..20 is a police code for "smoking marijuana in progress" and she has had this on her backpack since the 8th grade. I asked Ms Smull if there is anything in her backpack the police should be concerned about. She stated no, only her school papers.

INVESTIGATION:

On 081299, I telephonically interviewed Columbine High School Student, Jacob "Jake" Cram. Cram had not been interviewed prior to this date. Cram reported to being at school on April 20, 1999. He was in Mr. Andres choir class at the time the shooting incident began. He was first alerted that something wrong when he could see "Tons of students running past the door." He could see this through the door window. He then began to hear loud bangs. He thought someone was pulling a prank. Then fellow student Brandon Reisbeck ran into the classroom, "totally freaked", and said to Mr. Anders, "We've got to get out of here." Cram said that he could now hear, "Bang, bang, bang." Cram thought it was gunshots. Cram said that the entire class began to split up. Cram looked out the door and immediately saw a gun barrel, then a shot rang out and he could see smoke. He said he thought it was a shot gun, he said it was "Kinda like a spark with a puff of smoke." The gun was pointing down the hallway, away from the stairs and to the east. Cram did not see the shooter, only the barrel. He immediately dove back into the room when he saw Ms. Miller, she told students to get out and to hide. Cram then scrambled into the choir office with about 60 other students. He and the other students waited in the room for about three and a half-hours. While in the room students were making calls to their parents and to the police on the telephone in the room and on their cell phones.

SWAT came in and made the rescue. SWAT team members ordered the students to exit the building in-groups of ten. Cram exited the school by the west side cafeteria doors. He remembers seeing two bodies laying on the ground as he ran out. He thought the bodies were Rachel Scott and Danny Rohrbough. Police then escorted he and other students to Clement Park, this is where he was reunited with his mother.

Cram reported that he never saw the shooters, just one gun barrel. He denied having prior knowledge of the shooting incident. Cram knew Dylan Klebold well in elementary school because he and Klebold were in a gifted students program together, from 1st to 6th grade. Cram said that he and Klebold used to play together and on a few occasions went to Klebolds home.

Cram lost touch with Klebold in the high school years, he reported that Dylan became "weird", "he had funny hair and clothing styles." Cram noticed the most significant changes in Klebold between the junior and senior years. Cram reported that he did not know Harris.

Cram told me that his friend Kelly Dickson, a student council senator told him that somebody had defaced a prom poster at school. The prom date was originally advertised as April 17, 1999. The April 17, date was crossed off and April 20, 1999 was written in. He said that the words, "It's coming", were written next to the date also. He did not know who had done this and why or even what it meant.

On 05/28/99 I spoke with Michelle by telephone. Michelle stated she was a senior at Columbine and believed there were three shooters involved.

Michelle said she was in the vocal room at about 11:45 when someone came into the class and say someone was shooting a gun, they were told to leave the class. As she left the class with a group of students, she saw a person dress in black. with a black mask shoot a unknown weapon her direction

As she and the other students ran down the "SSLA" hallway she saw Eric (she could tell it was him by his voice as he was laughing) shoot at them from the middle hallway. She could hear glass breaking, and she thinks the hanging trophy case was shot out.

All of the students ran into the auditorium and hid behind the door She said she could hear what she believed were bombs going off in the hall.

As they ran out of the auditorium she heard 2 or 3 shots behind her She did not look back to see who was shooting

Michelle's reason for believing three shooters were involved is because she did not think two shooters could have covered all of the ground where she was running and being shot at.

Michelle said she only saw one shooter at a time and never all three at the same time. They were all dressed in black. And looked alike.

-CHS student,in foreign language area at time of shooting, no information on suspects or duffle bags

INVESTIGATION:

On April 29, 1999 at 1000 hours I contacted Lauren Maestas at her home for an interview. Her mother was present. Lauren then told me the following:

* She is a freshman at Columbine High.

* She does not know Eric Harris or Dylan Klebold. She said that she does not remember ever seeing them in school. She did not know them by name or face.

* She did see a male student wearing a trench coat a few times this year. The last time she saw this male was about two weeks ago. She could not say if the male she saw wearing the trench coat was Eric Harris or Dylan Klebold. She described this student as a

white male, at least 6' tall, skinny, but a little bit muscular, straight dark blonde hair, although some of the hair looked lighter, over the ears, no facial hair, wearing the black trench coat and black wrap-around sunglasses. This student was the only one she has seen at school wearing a trench coat. She has not heard of the trench coat mafia.

* She does not know Joe Stair or Chris Morris.

* She did not see any unusual object or persons the day of the shooting. She did not see anything laying around unattended. When specifically asked, she did not see any duffel bags.

* She was in her Spanish class for 4th hour until 11:10 a.m. She stayed in that area to take a quiz, sitting at a desk in the hallway of the foreign language area. (Same level as the cafeteria)

* At about 11:20 a.m. she turned her quiz into the Spanish teacher, Ms. Friend, in the foreign language office. She said a student named Mark Ofer came running into the office and said, "There's somebody outside with a gun shooting people." Mark then went into another class to warn others.

* Another teacher, Mr. Brookfield, came into the office with food he just got from the cafeteria and also said, "There's somebody outside with a gun." She then heard male voices from the cafeteria yelling, "Get down, get down."

* She then heard a couple of muffled gunshots. This was about two minutes after Mark Ofer came running in the office.

* She then went in a small storage closet by the office with Mr. Brookfield, Mark Ofer, Peter Forsberg, and another student she did not know wearing a Yankees hat. Ms. Friend, Mrs. Brugg, and two other teachers went into the closet next to them.

* Within two more minutes, she heard an explosion that sounded far away. She then heard another explosion that sounded like it came from the cafeteria. She heard people running from the cafeteria up the stairs and also heard some students leave the school via the exit door to the south that is in the foreign language area. She heard more reports of gunshots or explosions.

* She said the noise died down for about 15 minutes and she then heard a big explosion from above and then 3 to 4 more explosions. She said that the reports stopped again for about 20 minutes and she heard about 4 more single gunshots.

* Mr. Brookfield then obtained a radio from the office and they listened to the news coverage about the shooting. They heard that SWAT teams were at the school. This was around 1:15 p.m.

* She said the passing bell rang at 1:35 but it never turned off. At 2:15 p.m. they decided to leave the school. They each grabbed something to throw if they encountered a suspect and left the building via the exit door to the south from the foreign language area. They passed briefly down the hallway that connects the cafeteria before turning south and out the doors.

* They did not try to leave the school initially because they felt they were too close to whatever was going on and may have encountered the suspects.

* She never heard any voices or statements from outside the closet she was in.

This concluded my interview with Lauren Maestas.

On May 12, 1999, I spoke to Jennifer Paavilainen by telephone reference some information obtained from Michael Leary. Leary had indicated that Paavilainen was an acquaintance of Amanda Stair and that Amanda Stair had told Paavilainen that [redacted] had been involved in the Columbine shooting.

Paavilainen stated that she had not been told anything by Amanda Stair and that she doesn't even speak to Amanda very often. Paavilainen did not know why anyone would say that she had spoken to Amanda Stair.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 05/19/1999

Michael Paavilainen, DOB 07/13/1981, 5445 West Caryl Place, Littleton, Colorado, telephone (303)932-0045, a senior at Columbine High School, was interviewed at his home in the presence of his mother, Kathy Paavilainen, by Special Agent (SA) Ricky V. Wright regarding the incident that took place on 04/20/1999 at Columbine High School. After being advised as to the identity of the interviewing agent and the nature of the interview, Paavilainen provided the following information:

Paavilainen was not in the cafeteria during lunch, but was in the cafeteria third period and for a few minutes at the end of first period. During third period, Paavilainen was sitting at table marked E on the diagram sketch. During first period, Paavilainen believes that he was in the vicinity of table V. During third period, Paavilainen was sitting in the cafeteria with Jeremy Harris, Kristi Held, Kim Lorenz, Steve Trujillo, and Nate Montgomery. Paavilainen did not remember seeing any large duffle bags in the cafeteria third period or first period.

Paavilainen did know Eric Harris and Dylan Klebold and had them in his bowling class. Paavilainen saw Harris and Klebold for the last time on Monday in bowling class. Harris and Klebold were not in bowling class on the day of the shooting. Chris Morris and Nate Dykeman, who are on the same team as Harris and Klebold, were in bowling class on the day of the shooting. Paavilainen remembers that they were there, because his team was supposed to bowl against Harris' and Klebold's team.

Paavilainen pointed out two quotes, which were published in the 1998-1999 school yearbook. The first quote was on page 232 by Nate Dykeman. Dykeman made a statement regarding his two friends Eric and Dylan. The second quote was on page 237 by Zach Heckler. Heckler made a statement that he hates the school.

Paavilainen heard from David Deidel that Brian Sargent made a suspicious statement in Deidel's presence. Sargent said that Dylan Klebold was trying to get out of the shooting before it happened. The statement was made at some time since returning to school at Chatfield High.

Narrative:

On 5-10-99 I spoke with Mike Paavilainen, a student at Columbine High School [redacted]. I told Mike I had information he along with several other students were not well liked by either Eric or Dylan. Mike told me he does not know why this would be because he had little or no contact with either of those to individuals. Mike told me he never had a class with either one of them until this year. He said his team bowled their team on the morning of the 20th. he said neither Eric or Dylan were there. He said his team did bowl them earlier in the year and they beat them on both occasions. He said the other team mates of Dylan and Eric was Nate Dykeman and Chris Morris, both of them were there on the morning of the 20th. He said of the group the only one he ever spoke to was Chris. He told me these conversations were short and just small talk. Mike told me the way Eric bowled was unusual as he would chest pass the ball and if he got a strike he would do a " Hail Hitler" salute. He said sometimes other kids would tease him about that but he never did. I asked him about Eric and Dylan being teased. He told me this year was a lot less than last year. The group of jocks that graduated last year teased Eric and Dylan a lot. I asked Mike if he was a jock and he said he was. He said he played baseball for four years and lettered all four.

Mik[illegible]old me he was not in school when the incident started. He was at home as his marketing class had a ba[illegible]et and it was not mandatory for to attend. He was on his way back to school when he was told by students fleeing the school not to go there. He said he was in his car at Coal Mine and Pierce when he was made aware of what was happening. Mike was also asked if he knew the true names of the individuals referred to by Eric and Dylan by nickname which they did not like. One person "pretty boy" may be Steve Trujillo

Background:
Dannette MUSELMAN's best friend's boyfriend, Ryan SHWAYDER, reportedly contacted a trench coat mafia individual carrying a large duffel bag into school. "Reportedly" was told not to be in the school in the afternoon. This info was second hand from her friend, Deanna Shaffer.

Lead:
Interview Ryan SHWAYDER (student - junior)
- about anyone carrying large duffel bag into school;
- about the comment "don't be in school this afternoon".

Disposition:

SUBJECT: Ryan SHWAYDER
DOB: 08-30-82
6920 W. Princeton Ave.
Denver, CO 80235
(303) 984-0066

SHWAYDER was interviewed at his residence at 10:30 AM on May 18, 1999. Present during the interview was Susan SHWAYDER, his mother. SHWAYDER was at Columbine High School on April 20, 1999. During fourth hour he was in a language arts class, located in the area of the building south of the main entrance. He described the room as, "sort of in the middle" of the building.

Upon leaving the classroom at 11:10, when the bell rang, SHWAYDER went to the area by the cafeteria known as the "commons", where he met up with his girlfriend, Deanna SHAFFER, who is a freshman. She was inside the building. Just outside that area, they met with Matthew HOUCK, also a freshman; who was going with them to lunch. The three went to SHWAYDER's car, a silver Jeep Grand Cherokee that was parked in the far corner of the "south lot". SHWAYDER believes his assigned parking space is number 197.

SHWAYDER recalled that it took about a minute or two to get out of class, meet up with his friends, and go to the car.

They departed the parking lot, and drove south on Pierce Street enroute to the McDonalds restaurant located on Coal Mine Road, just east of Pierce. SHWAYDER did not recall seeing Brooks BROWN during this time.

SHWAYDER believes there was music playing in the jeep as they were leaving the school, because he said he usually has music on in the car when he is driving. He said he thought they were talking as well, so the music was probably turned down. He believed the windows were up.

SHWAYDER recalled that SHAFFER was in the passenger seat in the front, and HOUCK was in the back seat. He was not sure if HOUCK was sitting directly behind SHAFFER, on the passenger side of the car, or if he was sitting in the center of the back seat.

When they got to the McDonalds, there was no line, perhaps one car ahead of them in the drive up line. They got their food, and drove back out onto Coal Mine Road. Before they turned onto Pierce Street, an ambulance passed them. They turned north onto Pierce, and drove as far as Walker Avenue, where there was an ambulance and a fire truck blocking the street. They turned onto Walker Avenue, and went into the neighborhood west of Pierce.

Walker Avenue curves around toward the south; when it bends to the right and continues westbound the name changes to Hoover Avenue. There is a stop sign on Hoover Avenue at Peakview Avenue. They stopped behind several other cars, and SHWAYDER saw Brooks BROWN standing in the middle of Hoover Street.

SHWAYDER took me to the neighborhood and showed me where they discovered BROWN. He said BROWN's eyes were "really wide open" and that he "looked scared or confused". SHWAYDER started to roll his window down to call BROWN to come over to the Jeep, when BROWN saw them, and ran over to the Jeep. BROWN put his green backpack into the rear of the Jeep, which SHWAYDER referred to as the "trunk", but which is actually an open area behind the back seat. BROWN then got into the left rear passenger seat of the Jeep.

BROWN directed SHWAYDER to turn right on to Peakview Avenue, and directed him through the neighborhood to a cul-de-sac on the south side of Clement Park where they were able to see Columbine High School. BROWN got out of the car, and tried to see if he could see anything.

SHWAYDER wasn't sure, but believes it was about then that BROWN told them about the shooting. In any event, he said this occurred within a minute or two after they picked up BROWN.

BROWN was described as talking fast. SHWAYDER said, "you could tell from the way he was talking and acting, something was really wrong". BROWN told them that he thought he heard shots after he left the school, and that he thought HARRIS was involved. BROWN described that he was outside, and HARRIS walked by him and told him to leave. Then BROWN said, "Oh, man, I think he had a duffel bag with him". SHWAYDER recalls BROWN did not say he had seen HARRIS with a gun, but said he heard something that sounded like gun shots.

BROWN did not tell SHWAYDER where he was when he heard the shots. SHWAYDER recalls that BROWN told them that his (BROWN's) parents had told police about HARRIS.

According to SHWAYDER, BROWN used SHWAYDER's cellular telephone to call his father, then to call the sheriff's office. SHWAYDER thinks BROWN called directory assistance to get a number for the SO, and said he thought the operator then connected BROWN with the Arvada Police Department. BROWN was advising authorities that he believed HARRIS was involved in the shooting.

SHWAYDER does not recall BROWN saying anything about Dylan KLEBOLD during that time. SHWAYDER said KLEBOLD was enrolled in his 3rd hour video class; but KLEBOLD was not in the class that day. SHWAYDER had no other classes with KLEBOLD, and had no classes with HARRIS. In retrospect, SHWAYDER said he thought they might have even passed KLEBOLD as they were leaving the parking lot at the school, but when I asked him if this was because of timing or if he had actually seen KLEBOLD, SHWAYDER confirmed it was because of the timing of events. I asked if he had seen HARRIS, and he said he had not.

Following the stop at the south end of Clement Park, they drove back into the neighborhood a bit, to be away from possible bullets, which was where BROWN's father met them. By that time the battery on the cell phone was beginning to run down, so SHWAYDER let BROWN sit in the driver's seat of the Jeep, so he could talk to the SO; since the battery cord was not long enough to reach to the back seat.

After BROWN's father arrived, they followed him to BROWN's house. Since he was already in the driver's seat, BROWN drove SHWAYDER's vehicle, and SHWAYDER sat in the back seat.

SHWAYDER does not recall discussing KLEBOLD with BROWN until the next day. He said they were talking about it over coffee, and based on the fact that the second suspect was described as having longer blond hair, they thought it must be KLEBOLD, since he matched the description, and was known as HARRIS' friend.

Before we departed SHWAYDER's residence to go to the neighborhood where he picked up BROWN, Mrs. SHWAYDER commented that BROWN's backpack was still in SHWAYDER's Jeep. I asked Mrs. SHWAYDER if I could have the backpack, and provided her with a receipt for it, written on a page from my notebook. SHWAYDER and his mother took me to the car, where the backpack was removed from the back of the Jeep. It was a green Crownsport backpack with one broken shoulder strap buckle. The pack was open when it was given to me, and I observed that it contained papers and books.

Mrs. SHWAYDER told me that BROWN had previously left some books and other items in SHWAYDER's Jeep, and that she had put some of these things into his pack. Otherwise, it was the same as when he left it in the Jeep. Other items of BROWN's property that had been in the Jeep prior to April 20th were left in the Jeep.

Subsequently I booked the backpack into the evidence facility at the Jefferson County Sheriff's Department, under JCSD case number 99-7625, with property identification number 10252. A copy of the property form is included with this report. The backpack was sealed into a plastic bag with my initials and the case number.

On May 25, 1999 I telephoned Susan SHWAYDER, and asked if it would be possible to get a copy of the cell telephone bill from Ryan SHWAYDER's telephone. She explained that the phone he had at that time was actually her phone, and agreed to provide me with a copy of the bill.

Columbine High School Incident

Date of Report: 04/29/99 **Control Number:** 1699

Type or Print Name: (Report made by)	Signature:	IBM Number:
Mike Jeffries/Perry Powell		4628

Contacted Tom Tonelli by telephone at (303) 748-0252 on 04/30/99. Mr. Tonelli stated he was a teacher at Columbine and taught a video class that Eric Harris was in. He said Harris did make a video as a class project, but he did not know what was in it and he never did see it. During this conversation I became aware that Tonelli was with the Jeffco school district attorney Bill Kowalski. Tonelli would refer to him before he would answer my questions and told me I could contact the attorney or him if I needed any further information as he (Tonelli) had made a statement to the attorney already. He did say he would like to see the video.

LEAD: Interview Columbine Student John Veigel whom was shown to have fifth hour free at the time of the shooting.

On May 25, 1999, I was assigned the task of following-up on this lead initially assigned to Investigator George Mumma. Mumma's report noted that in his initial contact on May 20th Jeff VEIGEL became "increasingly irritated" and declined to have his son interviewed at that time.

TELEPHONE INTERVIEW:

VEIGEL, Jeff (Father of John Veigel)
7130 W. David Drive
Littleton, CO 80123
H: (303) 932-7807
W:(303) 986-3609

05-25-99 / 2:30pm

I telephoned Jeff VEIGEL at the number listed for his workplace and identified myself, as well as my assignment on the Columbine Task Force, to the receptionist. Jeff VEIGEL accepted my telephone call and discussed at length what he had learned of the shooting at Columbine High School. This conversation lasted approximately one hour in which Jeff VEIGEL was very cooperative sharing what he had been told by his son, John.

Jeff VEIGEL expressed his initial concern that Investigator Mumma seemed "focused" on a Highpoint 9mm firearm that his son had purchased some time ago. Jeff volunteered that his son had indeed purchased the weapon on his own accord, and that it has been kept in their gun locker at home. Jeff went on to describe that he has the only key to the locker. Immediately after the shooting he said he checked the locker and confirmed it remained secure. He described having been raised near a military base his son has practiced shooting at targets since he was young. He added that John has successfully completed a hunter's safety / weapons usage course, and that he had been in the Boy Scouts where he was awarded a marksmanship merit badge, having shot a Ruger model 1022. Jeff said he shared this with me in an effort to resolve any question as to why his son owned a firearm.

Jeff VEIGEL began by explaining that he thought his son had met Eric HARRIS in a German language class during John's freshman year. He did not think that John knew anyone else involved in the shooting and destruction at the school.

RE: CONTROL # 3592

(INTERVIEW WITH JEFF VEIGEL - CONTINUED)

Jeff provided the following account of what John had told him of his observations of April 20th, 1999.

Jeff said that on the day of the shooting John had parked his Volvo at his designated space in the senior lot on the south side of the school. John was a student assistant for Ms. Sampson and had gone in to meet with her that morning.

At about 11:15 a.m. John walked out of the school through the double airlock set of doors on the west side of the school, just north of the library. As he walked out he saw a girl laying "in a fetal position" near the sidewalk just outside the doors. John told him he had heard what he recognized as a gunshot and looked forward and saw a student wearing a trench coat shooting a gun. He had told him this person was facing / shooting away from him and he did not see the person's face and thus could not further describe or identify him.

John had further told his father that at this point he immediately "turned a 180" and went back into the west doors from where he had just exited. After he was going through the second, inner set of doors he heard and saw the glass in the doors shatter, and saw a fellow student get shot whom was standing in the doorway. This boy had told him that he had been "hit." John told him that a teacher arrived and assisted the injured boy so he continued to run from the area out of fear of being shot himself.

John told his father that he then ran by the Science wing, by the office area, where a teacher named Mrs. Miller stopped him briefly asking him what was wrong. He told him he broke away from this teacher and ran into the office where he told Mrs. Asbury of what had occurred. Immediately after this he heard additional gunshots in the hallway just outside the office area. At this time he had told him that everyone in the office became aware of what he was trying to tell them and Mr. Horvath pushed them out the faculty entrance. He described to him that they then ran out of the school, passed the east side of the tennis courts and ran to the Public Library where they waited out the incident.

Jeff said he would speak with his son, John, to determine his ability to provide an additional account in the form of an interview. Several attempts were made to conduct an interview with John Veigel; however, at the time of this report this has not been accommodated.

Melissa Chavez DOB/0605082

Littleton. C0.
(303) 979-2822

Contacted manager of the "Pretzel Maker" at the south west plaza mall Patti Fletcher.
Ms. Fletcher stated that "Abbigail Chambers" was not working, but she knew about the information regarding "Melissa".
Ms. Fletcher stated that Melissa did work for her until about one week ago. That is when Melissa told co-workers that she had prior knowledge of the Columbine shooting. Melissa told the co-workers that she had seen a map of Columbine with X's on it showing where to place bombs.

About this time "Melissa" walked up to us in the mall.

Melissa agreed to speak with us for a few minutes until she had to got to work at her new job at "tilts" in the mall.

Melissa said she met Eric and Dylan at the "Fun plax" at Coal Mine Road and Wadsworth about six months ago and they showed her a map of some school, she did not know if it was Columbine or not. She said the map had X's placed on it to show where to place the bombs.

Melissa said Eric and Dylan were with four other males that she did not know. She stated none of them were dressed in black when she would see them at the Fun Plax.

She said her friend "David" did not know his last name. but did have his phone number (303) 934-8542 did see the map at the same time she did.

From our conversation Melissa is "Mall Rat" that likes to hang around the malls and met people. most of the time boys. She does not attend school. Has never gone out with Eric or Dylan or ever any where with them.

We do not believe Melissa has knowledge of the shooting that has not already been made public.

Additional Supplementary Report

04-23-99 This detective was contacted by Autumn Black, of Parker Police, a victim advocate who has been assigned the follow-up with the family of Mark Taylor. She related that Mark Taylor was ready to be spoken to. She also related she was receiving information from Mark Taylor's mother, that Jennifer Harmon, Mark Taylor's cousin, knew more than she told the police on her first interview (conducted by this detective and Investigator Wayne Bryant, of Arvada P.D. on 4-20-99). Shultz contacted his supervisors at Denver Police and then contacted Lt. John Kieckbush, of Jefferson County. Kieckbush authorized Shultz to contact Harmon and Taylor. Shultz contacted Wayne Bryant and arranged to meet at University Hospital to interview Taylor. Shultz recontacted Autumn Black, who indicated that Jennifer Harmon was not at University Hospital at that time.

1510 hrs Shultz met with Bryant at the Third Floor Burn Unit. Taylor was described by medical personnel as "in and out" due to his medications. Shultz learned that Harmon was present at the hospital. Shultz and Bryant decided to interview her first, before losing track of her.

1525 hrs A tape-recorded interview of Jennifer Harmon was undertaken in a conference room. In summary, Harmon recalled that Pauline Covey (Colby?) age 16-17, was in class from 1110 to 1205 hrs, then never came back. She said she got the information from a teacher, Cathy Frommer (sp?), with whom Pauline went to lunch. She said Pauline related that her Dad was at the clinic to get her, but never signed out.

Harmon also recalled that while she and her boyfriend, John Reffel IV, were returning to Columbine High School from lunch, they noticed a boy named Nate behind them in line to get to the school. She said Nate was a member of the Trenchcoat Mafia. She said he was driving a white Ford F-250 truck (Further details about Nate in the transcribed audio-tape which is attached).

Harmon also gave some names of individuals she believes are acquaintances of the Trenchcoat Mafia, and Dylan Klebold and Eric Harris. She said these were a Pat McDuffy (sp?), Joe (last name unknown), Brian Sargent (sp?), Tad Bowles (sp?), Ricki Roth (sp?) - who goes to Chatfield High School, and Mike Kirby (sp?).

1642 hrs Shultz and Bryant interviewed John Reffel IV about his observations on 4-20-99 and any information he may have obtained after that interview. (Reffel was interviewed on 4-20-99 by these same investigators.)

Reffel said he had heard, from an unknown party, that a [redacted] was seen shooting in the school. Reffel said he does not know [redacted] and was not present at the school to see this. He gave the name of a Joey Malazzo (sp?) as a person who saw a shooter in a white shirt.

Reffel said he heard Nate say, as they passed him while leaving the school again, "Oh my God! I can't believe they did it today!" He said he recalled a Tara, Veronica, and an Amy Evans

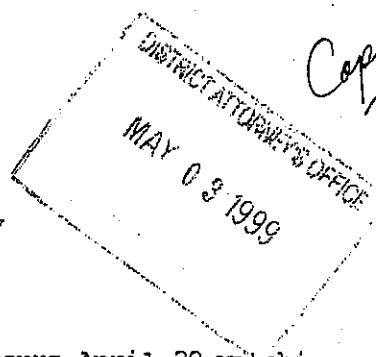

being in the car with them when they left the school after the shooting.

) hrs Shultz and Bryant went to interview Taylor and found a team of investigators from the Attorney General's Office and West Metro Task Force interviewing him. We did not interrupt and never questioned Taylor at any time.

04-24-99 Shultz left the tape to be transcribed by Gina Vargas, Criminal Justice Transcriptionist.

05-25-99 Upon returning from vacation, Shultz found the completed transcription on his desk. Shultz sent the transcription, notes and original tape with this report.

Like millions of others I spent hours April 20 watching news programs. There are two things I thought important which I have never seen brought out in any of the newscasts. One was the tall, dark haired boy interviewed that afternoon who said he was leaving the school when one of the "killers" was entering. He was told this boy really liked him and for him to leave the school grounds, or words to that affect. Why hasn't this been brought up again?

The other was a blonde young man was interviewed that afternoon and I don't really remember what information he gave as I heard so much that day. But he had information and had told the police about it and nothing was done about it. I believe it was information about the two boys, the killers.

Perhaps some of those news tapes should be reviewed. I know I didn't imagine them.

All three of you have done wonderful jobs on this investigation but it seems these two points have been overlooked.

My heart goes out to all of you. We are living it also.

MEMORANDUM

TO: Columbine Task Force

FROM: Jim Burkhalter

DATE: 5-5-99

SUBJECT: Unknown caller

While at my office a phone call was transferred to my desk. Upon picking it up a man with a German accent, stated he didn't wish to give any identifying information about himself, but wished to pass on the below information. He stated he thought it would be helpful.

The caller stated he saw a TV report on the Columbine incident and during the report it mentioned a German word or words. He couldn't remember the whole phrase or word but he knew that backwards the meaning in English is "Army of God".

The caller further stated if either Harris or Klebold were gone from their homes or school on March 13, 1999 it may because there was a rally of Clansmen and White Supremists in Tampa Florida on that date.

The caller stated this is serious information if it applies to the two suspects in the Columbine case. He went on to say he doesn't want his name or anything about him mentioned in any reports and that is one reason he would not tell me where he was calling from or his name.

The caller was informed of my direct phone line and informed he could leave a message if I wasn't at my desk. The caller was adamant that he would not leave a recording of anything and he then proceeded to ask my working hours. When informed he then asked what time it was in Colorado and when told 10:09 A.M. At this time he said it was lunch time where he was and the long distance call was costing him money.

The caller stated he would call back if he had any more information and he reiterated that this information was not to be ignored. The caller then hung up.

Date of this April 26, 1999

On April 7, 1999, at the Little Rock Zoo around 1:00 to 3:00 p.m. I met and visited with a woman and two boys from Littleton Colorado. The woman was a native of Little Rock and was on a annual vacation to visit relatives and friends. They arrived April 1 or 2 but had to be back home on April 10, 1999 because both boys had soccer games that day. They drove out.

Woman: 40's, at least 5-9, slender build, reddish collar length hair, light freckled complexion.
Boy A: student at Columbine, at least 5-7, athletic build, blond hair shaved in back longer on top some red highlights, light complexion.
Boy B: maybe jr. high or sixth grade, around 5 feet, blond hair short cut, light complexion.

It is hard to explain but as the Mother and I were talking the Boy A just started talking, I could hear some of his words.
Here are some of the things I heard, as the investigation continues I seem to remember more and what he said on April 7th, makes more sense now.

Trenchcoat Mafia, so watch your back.
This time it's for real, we have been practicing with plastic guns in the hallways.
Ready in two weeks
Eric has a diary with initials.
There is a video and home page.
The outcasts and nobody likes them.
Wear makeup and paint nails.
Suicide pact.
Lots of bombs and smoke every where.
Start in the library, then get the whole school.
Black BMW with pipe bomb in the parking lot, lots more hidden bombs.
Propane tank bomb hidden in kitchen in duffle bag.
Mentioned that town Arvado-where the search warrant was issued on Sunday but I did not know what he meant.

Arvado that's still not the right name, but what I heard is what you searched.

I told several people about meeting these people.
Linda Little Rock Zoo Entrance Booth:
The Woman compaired our Zoo to Denver's Zoo, that is a real compliment, and wanted the Zoo Personal to know about it.

Rushin Upholstery: Donny, in the back, they knew I was going to the Zoo and asked how it was, I told them I meat some people from Denver Area.

That was all on the 7th.

On April 22, 1999 I called Micheal Donnigan, Dumas Police Department, 870-382-5511 asked who to call, referred to FBI Pine Bluff, 870-535-4580.
Called them waited for return call.
No call by 5pm, called for information got Jefferson CO. Sheriff Dept, Crime Line, left a message for Randy West, 303-271-5608.
Friday called Jefferson Co. Sheriff and asked again from some one to return my call.

With each person I spoke with I told them that this young boy had told me about a blueprint for this attack. Each time I asked for help in getting this information to the right people.
April 26, 1999 Called FBI PB, told me to make a tape with these notes, a hard copy will have to do.

BRADLEY, R

ATTN: OLIN

It was a bright sunny day as I walked in the door at the SE corner and notice bodies laying on the floor and blood everywhere from gunshot wounds. The police were running around looking and the one to my right down the hall yelled "there's more here" (as in more bodies), he was packing a pistol on his right side and what looked to be a black vest. I continued to walk straight past an empty class room to my left, the wall to my right was tan and no lockers down this hall. I came up to the next room on the right where men were and on the floor by the door was a man. Inside the room I saw men and a white cloud of smoke almost like 5 people just lit up cigarettes and people were talking about gas. I wondered why nobody was helping these people on the floor and that is when I realized something else was going on. I turned around and looked back down the hall from where I came and saw lots of windows with beautiful well groomed grass outside with the door I came in to the right of the windows. I felt devastated as if I could not do anything but watch. Nobody noticed me. I looked out the window through the room with the men in it and saw more green grass and a parking lot with very few cars in it and small trees. Then to my right was the end of the hall and on the right side of the hall was a stair case that went downstairs, an open staircase as if I could lean over and look down on the floor below. Lots of ceramic tile or ceramic or smooth glossy tan color. To the left side of the hall is an empty void. I turned back around and walked back down the hall stepping over the body by the door and feeling lost, once again looking down the connecting hall at the body/ies there and to the right the wall of windows looking outside to the grass...my dream then moved to me in a back of a truck box, an 80's model going East or North down a narrow tarred road. Other people were in the cab. There were foothills to the left with green grass and snow patches and it was a bright sunny day. To the right was a large grassy birm, I then woke up. After waking I realized that the foothills and snow must be Colorado as this is the only mountainous area I know. I thought about writing this down and sending it to the Denver PD but didn't. Now I am haunted by this dream as if I lived it and am seeking counseling to help me through this.

Synopsis: Communication to provide Denver with information received by Detroit from Linda Cook, 04/23/1999.

Administrative: Telephone conversation with SA Mike Wonn, 04/23/1999.

Details: For the information of Denver, on 04/23/1999, Linda Cook, telephone number: (517) 543-1726, telephonically advised that on 04/15/1999, at 0947am, she boarded Amtrak Train #807, enroute to Winona, Minnesota. According to Cook, Train #807's final destination was Washington state. It stopped in Chicago, Illinois, as well, and left there at 215pm.

Being a smoker, Cook advised that she spent some time in the train's "smoking car" and struck up a conversation with a white female named either Cristie or Crissy (phonetic). This female was approximately 5ft/90lbs, blond shoulder length hair in a ponytail, wearing glasses and no makeup. She thought little of this contact until later.

After the train left Chicago, Illinois, she noticed a white male in the "smoking car." This male appeared was in his late teens, 6ft/180lbs, with bleached blond hair cut short. He was wearing a black "trench" coat and spoke German on occasion. He seemed to be alone and she heard him say, to no one in particular, "Someting big is going to happen."

Later on, she saw Cristie with him. She did not know where either of these people were headed and did not know when

they left the train. She left the train in Winona, Minnesota.

Cook felt that this information should be brought to the attention of law enforcement.

Additional investigation is left to the discretion of Denver.

LEAD NARRATIVE

The lead sheet actually list West 56th Circle but that address does not exist. The actual address in question is 10937 West 65th Circle.

I contacted Sandi Haze who stated that on April 8th or 9th at about 1300 hours she was walking in her neighborhood and heard glass breaking. She looked into the open garage at 10937 W. 65th Circle and saw an unknown number of junior high of high school age children. Haze was unsure of what they were doing and did not think anything of it until the Columbine incident.

I contacted Craig Moss who lives at 10937 West 65th Circle. He states that he actually is a foster parent for Jefferson County and has various foster children staying at his house at different times. Moss stated that on the weekend in question he was actually installing a garage door opener and cleaning up his garage. Interview: Marge Hendry
Address: Joliet, Illinois

Watches CNN

Marge Hendry was interviewed on 05-06-99 by Inv. Jill Reuteler (7394), Colorado State Patrol, by telephone at approx. 4:15pm at her residence.

Mrs. Hendry indicated that she watches many different news shows, CNN, 20/20, and MSNBC. She said that right after the Columbine shooting, she was watching CNN, (but it could have been another station) and she saw a girl with rings in her eyebrow named Bree. She said that she saw Bree's father and his name is Victor Pasquale. On the show she was watching, Bree said she was in the library and begged the a white male, named Morgan not to shoot her. Hendry said that she thought Jason or maybe it was Morgan had lived down the street from Bree. Hendry suggested that the shooter, either Jason or Dylan had either a stage name of Morgan or had played the role of Morgan in a stage production.

Mrs. Hendry said that she also watched another show that she thought was 20/20 and that she saw a gorgeous brunette girl crying in her living room. On this show the girl whispered, 'there's one more, I think he was blonde, I saw the pictures of the other guys and they don't have them all.' Mrs. Hendry said that this girl lived down the street from Jason and that she was easily recognized because she looks like a soap opera star.

This interview was concluded.

Lead 2418 set to interview Bree Pasquale.

Dear Friends:

1. A shocked nation, – indeed world (including President Clinton commenting from Africa), sees and hears on March 25 of another misuse of guns by American school children ("2 Boys 12 and 13" in "middle school"), – this time in a carefully preplanned wanton massacre of their fellow middle school students and teacher (5 killed, "wounded 10 other people") at Jonesboro, Arkansas, – leaving that "community racked with pain and anger" ("Painful Burials Begin in Grieving Arkansas Town").

Neither the U.S. nor the world should be "shocked" or surprised, – in view of this nation's irrational attachment to guns. See annexed *The Economist* 4/4/98 "America and guns: The love affair goes on, whatever the price."

"The suspects crouched in a wooded area, just off the school grounds, dressed in camouflage hunting outfits. They apparently fired 27 times at school mates, whom officials say were lured outside around the lunch hour with a phony fire alarm."

"Law-enforcement officers say the boys used several handguns and rifles – among them semiautomatic rifles with clips holding as many as 15 rounds and a high-powered 30.06 hunting rifle – to spray bullets into the crowd of students and teachers. A white van, reportedly belonging to Mitchell's stepfather, was parked nearby. It was apparently loaded with other guns and hundreds of rounds of ammunition."

"The Arkansas suspects used military-like tactics; clear lines of fire over manicured school grounds; camouflage clothing and firing positions hidden in a tree line. And a fire alarm allegedly set off by one of the suspects not only forced teachers and students out of the building into the firing line, it automatically locked the doors behind them."

2. The gist of this Plain Talk is that

.1 Curbing the availability of guns to those not qualified to use them properly, remains an indisputable necessity. A universal system of registration and licensing the availability of guns should be integral to the qualification.

.2 In an "information-oriented society" where adulthood in fact has become real by the Mosaic tradition of 13 years, it is time to consider limiting juvenile court in such cases, to under 13 years of age instead of the present norm of 18. The contrary consequence, as now in Arkansas, is that these two cold-blooded killers have a certainty of being released into society, not later than their 18th year, and meanwhile can be tried only in juvenile court, where "the very thing that made the crime so shocking – the ages of the two suspects – could result in sentences of just a few years in juvenile detention "despite the ominous sounding charges of murder." "Upon their release, they will have no criminal records."

.3 The time is right for a national address to civility instead of violence.

3. There is no United States Constitution "Second Amendment" "right of the people to keep and bear arms", except for the purposes of "A well regulated Militia" (as defined by the Constitution in Article I, Section 8 and Article II, Section 2) "because that is necessary to the security of a free State." ("Violence Policy Center" "online news" "The Second Amendment: No Right to Keep and Bear Arms" <http://www.vpc.org/fact_sht/secondfs.htm>.)

4. Plain Talk 115 of 6/28/93 on "Guns" stated:

"The U.S. is the most gun-abundant, law-abundant, civil-liberties-abundant, land on earth.. Yet it is the most civilian-death-by-gun, violent-in-the-streets-and-homes, liberty-extinguished-by-fear, lawless in fact, nation on earth."

No other civilized nation has such free access to guns and none approaches the U.S. record of civilian mayhem by gun.

In a culture of violence, – what is not accomplished by gun, can also be accomplished, albeit less readily, by other weapons as e.g. knives, axes, etc.

In every way, – including by television, motion pictures, video, internet, media, literature, toys, games, – American society makes a multibillion dollar business out of mindless and fatal violence.

And that culture is reflected in an excess of uncivil public language.

5. "Guns are as readily available to teenagers and even pre-teens today as baseball trading cards were to youngsters a generation ago. A Justice Department survey last year found that one household in three contained at least one firearm, with a total of nearly 200 million privately owned guns in the nation. The existence of so many guns means that, practically speaking, anyone who wants one can get one, including a child. Gunfire is expected to exceed automobile accidents as the leading cause of traumatic death in the United States in the next five years. More teenagers die from gunshot wounds than from all natural causes combined. And guns are brought to school with frightening regularity." "In a 1993 national survey of sixth to twelfth graders, 15% said they had carried a gun in the last month, and 4% said they had taken a gun to school in the previous year."

The wide availability of guns has made the world a far more dangerous place for children, escalating the level of violence young people can inflict. "If you replay the entire Arkansas scenario and substitute a slingshot, it transforms the entire event.... If it were slingshot, the flavor becomes quite benign, and, oh, those naughty boys. But with guns, it's a horrible slaughter." "We have to stop dismissing these events by saying these kids are nuts, and start saying this gun violence is a feature of the modern world that we need to change."

"Experts called attention to many factors that may have played a role in the Jonesboro killings. But the point that they nearly all agreed on was the importance of guns." "Federal research bears that out. In each year since 1988, according to the Centers for Disease Control and Prevention, about 80% of homicide victims 15 to 19 were killed with a firearm. That figure rose to 90% in 1994." "A 1996 CDC survey found that while 1 out of 24 students reported carrying a firearm in 1990, that figure rose to 1 in 12 in 1995."

6. "Since October 1, this was the third mass shooting at a Southern school."

"The toll in Arkansas was five dead, with ten wounded, five of them critically. In West Paducah, Kentucky, the young suspect allegedly used a pistol to kill three students; a fourth was paralyzed. In Pearl, Mississippi, a boy allegedly sprayed gunfire on the Pearl High School grounds, killing two students and wounding seven others. And here in California Wednesday, a 14-year-old Daly City student was arrested on charges of attempted murder after he allegedly shot at his principal with a semiautomatic pistol." "The lesson ought to be obvious by now; murderous gun violence can happen anywhere, even in a Bible Belt town where most folks are acquainted with one another. Each of the three fatal shooting incidents in the South seemed meticulously planned. In at least two of the cases the suspects are alleged to have spoken openly about their intentions, but they were not taken seriously or reported."

7. Uncontrolled stockpiling of arms including guns by fraudulent "Militias", is generally unmentioned, even by the Attorney General. It is nevertheless very germane to the security of the United States and local governments against planned insurrection by extremists. See Plain Talk 144 of 4/24/95 on "The True Meaning of the Oklahoma City Tragedy."

8. "Dale Haas, the Sheriff in Jonesboro, spoke for many when he said through tears, 'There's no explanation, in my opinion, why an 11-year-old or 13-year-old would do something like this.'"

He is mistaken. There is an explanation, and it is not just couched in abnormal psychology. The norm, for our society, is for children and their adult role models be exposed at and before that age, daily and tellingly, th images couched by the world's most expert spin-masters and image-makers. The images are of unending, mindless violence and inhumanity without conscience, through television, video, movies, internet, radio, toys, games, press and other literature, and talk at home reflecting the foregoing, supporting multibillion dollar industry and commerce, – and the related advertising.

9. "Beyond what some experts believe is excessive availability of handguns and other firearms is American society's evident romance with using the weapons to resolve disputes and express anger." "We live in a culture of violence." "There is so much violence on TV and in the media, and children are aware of it. Youngsters get to believe that the way you solve problems is by beating up on others." "Over the decades, the researchers have found that, compared to boys who watched rather mild shows on TV, boys who watched violent programs are more likely as adults to be aggressive, to be arrested for drunken driving and felonies, for instance." "I think we need to take a look at our society as a whole." "We need to look at how children are being fostered and raised."

"As families consume TV news with dinner, devouring endless clips of the slaying's aftermath and teary interviews with friends and families of the victims, parents may not be aware that the media's coverage of the tragedy can have a negative effect on their own children.

"The average sixth-grader has witnessed 8,000 murders on television and in the movies. Certainly, average sixth-graders are not likely to shoot their classmates, however much television they watch. To blame the media for this recent spate of children killing children is simplistic. However, hundreds of studies clearly show that as surely as cigarette smoking is linked to cancer, exposure to media violence is linked to aggressive behavior.

"Equally concerning is the evidence that, through ongoing exposure to television and film violence, children begin to normalize it. Research shows that they can become desensitized to violent acts and to the victims of violence. Paradoxically, they also can become more fearful of becoming victims of violence themselves.

"Finally, in another parallel to cigarette smoking, ongoing exposure to media violence increases children's appetite for more violence in entertainment and in real life."

10. "We live in an America where adults assume no consequences. So why should we be surprised that our children are missing the crucial lesson of their moral education?" "The air in American is full of adults saying it. We don't know. We don't know. In such an America, what room is there for contrition or confession or self-knowing? In such a nation, despite all the talk this week about the 'horror' in Jonesboro and the 'terror' on the schoolyard and the 'trauma,' who speaks of contrition or guilt?"

11. "Jonesboro residents love three things above all others: Guns, God and each other."

"'If we're angry at anyone, we're angry at ourselves,' said Fred Haustein, pastor at First United Methodist Church, which has 2,100 members. 'We're angry at ourselves that we did not realize in our midst there was a problem, that we were not more prepared.'"

12. "In spite of the clear evidence that it is harmful to children, sensationalized media violence probably will continue to saturate society. Violence sells. As with their counterparts in the tobacco industry, it is unlikely that TV executives will voluntarily place the well-being of children above their own financial interest. For better or worse, it is up to parents, teachers and other caregivers to try to mitigate the effects of chronic exposure to media violence on their children."

13. Conventional formulae, offer little solace or solution, as e.g.

.1 Better weapon training? (National Rifle Association)

"For instance, much of the nation was aghast to learn that the suspects in Jonesboro had learned to handle firearms at an age when other children learn to wield fly rods. In Jonesboro, though, an 11-year-old and, a 13-year-old who are crack shots don't make headlines. This may be a 'dry' town, where you can't buy a beer, but you can buy as many deer rifles as you please.

"'Heck, you gave me my first .410 when I was 9,' James Goodon said to his father, Leon.

"Yes, his father remembered. He also remembered the bigger guns he gave James as the boy got older. Nothing strange in that; age is gauged by the gauge of your latest weapon.

"'People say, "How could these kids get into a gun cabinet with 20 or 30 guns?"' Leon said, smiling. 'Well, I've got a gun cabinet with 20 or 30 guns at home. And I've got a gun on top of my bureau. And I've got a gun between my mattress and my bed.'

"Outsiders also reacted with alarm to the fact that both Jonesboro suspects wore camouflage outfits during their rampage. But around Jonesboro, camouflage is as American as the flag. Men wear camouflage caps to the stores and young boys wear camouflage to school. In three weeks, when turkey hunting season starts, camouflage will be as common around town as spring flowers."

"So beloved is hunting in Jonesboro that many ask the Goodons to adorn their headstones and footstones with engravings of guns. The grandfather of 12-year-old Paige Ann Herring, one of the little girls killed Tuesday, arranged for a picture of a hunter on his headstone, raising the possibility that Paige Ann, who the Goodons say was buried Friday alongside her grandfather, may have a rifle aimed at her for all eternity.

"Asked if guns contributed to Tuesday's tragedy, however, farmer Steve Yant didn't need much time to think.

"'No, no, no, no, no,' he said. 'Guns have been around for years and this hasn't happened.'"

.2 More religion? (National Christian Coalition)

"It seems so out of place, this violence in a city where half the population is Baptist and half is Church of Christ. But as people in Paducah, Ky. and Pearl, Miss., scenes of similar violence can attest, there is no really safe place." "Barbara Robbins, 39, works as a hotel maid. She has a son in junior high. They moved here from Memphis, because they thought it would be a safer place for their children." Nor is their succor in "questioning God. 'In times like this, I question God's judgement. It's hard to see what good will come from this.'"

"If there is great stock put in the right to bear arms, there is even more put in the power of prayer, and the religious streak of Jonesboro has been its other bulwark against rage. Known as 'The Community of Churches,' one pastor said, Jonesboro means business when it says things like, "There but for the grace of God,' and 'Turn the other cheek.'

"One religious leader thinks the startling lack of blame aimed at parents of the suspects means the community isn't shirking its own responsibility."

.3 They are only children?

Nor is the answer in the fact that "they are children." "It was pretty much premeditated. So I think they should spend the rest of their lives in prison. But we all know that's just not going to happen."

.4 Better knowledge of possible prior misconduct?

"The school's principal, Karen Curtner, insisted today that neither boy had ever gotten into any serious disciplinary problems...." "11-year-old" Andrew Golden's "parents ... are both United States postmasters in towns near here."

.5 Insufficient information?

"In the click of a computer, producers have rounded up prosecutors, lawyers, security specialists, ministers and a clinic's worth of psychologists and psychiatrists. One expert speaks of an epidemic of violence; another reports that school violence is down. Lawyers deliver short courses on juvenile justice. Some think the law should be tougher on young offenders; some think it should be more understanding. A couple of experts blame the parents of the suspects, about whom they know almost nothing." "It goes on and on, with breaks for dispatches on the Monica S. Lewinsky doings. A commotion of sense and blather, information and more chat. Now and then, as if to bring us back to those unanswerable questions, the camera pauses on the pictures of the four murdered children and their young teacher."

.6 Seek a role model abroad?

"In a recent public school-related killing, a junior high student stabbed his teacher repeatedly. His reason? The teacher had scolded him for turning up late to class. In another similar incident, a 14-year-old severed the head of an 11-year-old student and stuffed two handwritten notes in the younger child's mouth. After today's ambush in Jonesboro, Arkansas, in which ten people were wounded and five killed, these two incidents certainly would seem like another horrific example of the decay of America's youth. But it so happens that both of these school killings took place in Japan, a country Americans often think of as being filled with well-behaved and nonviolent young people. Most people mistakenly believe that school-related killings such as these take place only in the United States. They could not be more wrong. This view of the moral decline of America's teenagers is exacerbated by politicians such as Representative Bill McCollum (Republican, Florida) who has called America's teenagers 'the most violent criminals on the face of the Earth.' If this is so, then why are European leaders turning to the United States to learn about American tactics for reducing juvenile crime, particularly in big cities?" "The common thread seems to be that in each killing, there has been a feeling on the part of the teenager that he could not express in words the depth of his true feelings of rage." "The problem is that, all too often, no one is listening."

14. As in economic and political affairs (see Plain Talk 216 of 12/4/97 on "Wisdom"), there is no single answer, but every responsible person owes himself, his family and society, the obligation to make his or her contribution to a world in which inhumane violence will cease to be commonplace or accepted and access to guns will not be tantamount to religious obligation under Pastor National Rifle Association (NRA).

Culture: It isn't only in America that youthful alienation turns to violence.

By HELEN SMITH

In a recent public school-related killing, a junior high student stabbed his teacher repeatedly. His reason? The teacher had scolded him for turning up late to class. In another similar incident, a 14-year-old severed the head of an 11-year-old student and stuffed two handwritten notes in the younger child's mouth. After Tuesday's ambush in Jonesboro, Ark., in which 10 people were wounded and five killed, these two incidents certainly would seem like another horrific example of the decay of America's youth. But it so happens that both of these school killings took place in Japan, a country Americans often think of as being filled with well-behaved and nonviolent young people.

Most people mistakenly believe that school-related killings such as these take place only in the United States. They could not be more wrong.

This view of the moral decline of America's teenagers is exacerbated by politicians such as Rep. Bill McCollum (R-Fla.) who has called America's teenagers "the most violent criminals on the face of the Earth." If this is so, then why are European leaders turning to the United States to learn about American tactics for reducing juvenile crime, particularly in big cities? The mayor of Frankfurt, Germany, recently visited New York City to meet with Mayor Rudolph Giuliani to discuss New York's crackdown on minor offenses. Although Frankfurt's murder rate is only one-sixth the murder rate in New York, a disturbing trend is developing: a rise in crime among European teenagers. This trend also is present in other countries in Europe such as France and Great Britain.

As Americans, it is important for us to see the broader picture of what is happening with the youth of today. Much of the media and social institutions blame the decay on a lack of values in today's American youth.

> 'The common thread seems to be that in each killing, there has been a feeling on the part of the teenager that he could not express in words the depth of his true feelings of rage.'

But this would not account for the increase in crime in other countries.

While it is difficult to generalize about all school-related teen killers, there do appear to be some common characteristics about school killers. The common thread seems to be that in each killing, there has been a feeling on the part of the teenager that he could not express in words the depth of his true feelings of rage as a result of feeling rejected or hurt or stressed. It is put well by one Japanese student in response to the student who stabbed his teacher: "I too get angry, close to *kireru* (a Japanese expression meaning bursting into a rage) when someone who doesn't know my situation scolds me. While I've always managed to control myself . . . my frustration accumulates. I cannot possibly tell others my true feelings."

In a letter, Luke Woodham, the 16-year-old youth who shot up a school in Pearl, Miss., indicates the depth of his rage: "I am not insane. I am angry. I killed because people like me are mistreated everyday. I did this to show society if they push us, we will push back."

In most of the school killings, the killers also wrote a note about their intentions or told someone of their intended crime. Typically, school killers do not strike without warning. Usually, they leave clues that announce what they are planning, well in advance of their crimes.

The problem is that, all too often, no one is listening. In order to understand the minds of teen killers, one must understand how they think: To be rejected or considered a nobody is often worse for them than death. They prey upon us because we have turned a deaf ear. How much easier might it have been had someone taken the note Luke Woodham gave a classmate detailing his intentions more seriously? And on Tuesday, perhaps an ambush would have been only a fistfight or an angry insult if someone had taken the time to treat the threats and the two young boys as if they were important.

America and guns

The love affair goes on, whatever the price

THE funerals are over. The flurry of media coverage has already faded. There was a weary familiarity about America's reaction to the shootings in Jonesboro, Arkansas, on March 24th. Americans have seen it all before, many times. Mike Huckabee, Arkansas's governor, blamed violence in television and movies. Bill Clinton ordered the marshalling of "experts" to see what could be done. Officials tried to find a way to prosecute the two killers, boys aged 13 and 11, under federal laws to keep them in prison beyond their 21st birthday. Even as photographs were published of the youngest killer as a toddler, dressed in camouflage clothes and wielding a rifle, commentators dwelled on the question: what makes children kill? As if this were a mystery. The one issue no one was keen to address is America's love affair with guns.

To those living in other rich countries this reaction seems bizarre. The school massacre at Dunblane in 1996 prompted Britain to ban all handguns. A mass shooting in Tasmania a few weeks later also led Australia to tighten its gun laws. But mass shootings have become an American tradition. After every incident Americans pore over the grisly details, and shake their heads. And yet no one expects Jonesboro, or any other shooting, to change anything. Gun-control advocates have been reduced to pressing for restrictions which most other countries would dismiss as mere tinkering.

Naturally, the anti-control slogan is true: "guns don't kill people, people kill people". But guns certainly make killing a lot easier. It is true, too, as pro-gun groups maintain, that most of America's 200m guns are not used to shoot people; if they were, America would be laid waste. Nevertheless, it is indisputable that the easy availability of weapons results in more firearms deaths. Young boys throughout the world have violent fantasies. A small number even try to act them out. Nowhere but in America, though, could they readily assemble the arsenal of weapons used by the Jonesboro boys.

Shaming comparisons

The differences between America and other countries are stark. In 1996 handguns were used to murder two people in New Zealand, 15 in Japan, 30 in Britain, 106 in Canada, 211 in Germany and 9,390 in the United States. A 1997 study found that the firearm-related death rate among American children under 15 years old was nearly 16 times higher than among children in 25 other industrialised countries combined.

There are about 35,000 firearms deaths, including homicides, suicides and accidents, in America every year. According to the FBI, nearly one out of every three reported murders, robberies and aggravated assaults involves firearms—about half a million incidents every year. Where guns are especially cherished, as they are in Arkansas and other states in the South and south-west, gun-related violence is highest. Recent declines in murder and other violent crimes are welcome, but they have come after a sharp rise, only returning America to the violent-crime levels of the mid-1980s. They have barely dented the gigantic disparity between American levels of lethal violence and those in other rich countries.

Most Americans remain unimpressed by such compari-

Arkansas Aftershocks Are Felt All Over

■ Violence: Every child's life was touched by the schoolyard shootings. How can parents help them cope?

By SUSAN LINN

For the children who survived the schoolyard slaughter in Jonesboro, Ark., the shootings are an acute, potentially life-altering tragedy. For millions of children around the country, they represent yet another chapter in a chronic problem, also life-altering, but far less dramatic: the continuing saturation of media violence.

As families consume TV news with dinner, devouring endless clips of the slaying's aftermath and teary interviews with friends and families of the victims, parents may not be aware that the media's coverage of the tragedy can have a negative effect on their own children.

The average sixth-grader has witnessed 8,000 murders on television and in the movies. Certainly, average sixth-graders are not likely to shoot their classmates, however much television they watch. To blame the media for this recent spate of children killing children is simplistic. However, hundreds of studies clearly show that as surely as cigarette smoking is linked to cancer, exposure to media violence is linked to aggressive behavior.

Equally concerning is the evidence that, through ongoing exposure to television and film violence, children begin to normalize it. Research shows that they can become desensitized to violent acts and to the victims of violence. Paradoxically, they also can become more fearful of becoming victims of violence themselves.

Finally, in another parallel to cigarette smoking, ongoing exposure to media violence increases children's appetite for more violence in entertainment and in real life.

In spite of the clear evidence that it is harmful to children, sensationalized media violence probably will continue to saturate society. Violence sells. As with their counterparts in the tobacco industry, it is unlikely that TV executives will voluntarily place the well-being of children above their own financial interests. For better or worse, it is up to parents, teachers and other caregivers to try to mitigate the effects of chronic exposure to media violence on their children.

There are things parents can do. The most obvious and sometimes the most difficult is to set limits on the amount of media horror to which your children are exposed. Sit down and watch television with your children so that you have a sense of the kind of violence that they are seeing day after day.

When violence is reported on television news and in newspapers, help children differentiate between reality and fantasy. Share your own feelings about it so that children can learn to associate sadness and anger with violent acts. Remember that one sound bite or a brief conversation cannot undo the horror of an 11- and 13-year-old gunning down their classmates. Give your children the essential gifts of opportunity and support for processing this latest tragedy.

How children respond to the recent schoolyard murders in Arkansas will depend on their age, temperament and experience. Some children may be overtly frightened by the shootings. Some may be afraid that it could happen to them. Some may feel distanced from the possibility of violence in their own lives. Some may be unable to grasp that this really happened to real people. Some may take a protective stance of cynicism and apathy. However children respond, all of them will need help and guidance from the adults who care for them.

Jonesboro is at the epicenter of this tragedy, but the aftershocks will be experienced by children all over the country.

What Is Justice for a Sixth-Grade Killer?

By CHARLOTTE FALTERMAYER

"I HOPE YOUR BOY GETS RAPED IN JAIL AND KILLED." THE WORDS, angry and exasperated, from an anonymous caller, burn into the ears of Jackie Golden, grandmother of Andrew Golden. For a moment she is too shaken to speak. "I know people have been killed," she says, trembling from the venom. She knows it is widespread. But, she says, Andrew is still my grandson.

The tough talk that Jackie Golden fears travels fast in an area like Jonesboro, Ark. The police at the Waffle House just off Highway 63 in nearby Bono is typical. An elderly man sips coffee at the counter and snaps, "I don't care how old they are; if they kill somebody, they ought to die. I don't care if they're five years old. The Bible says an eye for an eye and a tooth for a tooth. They need to change the law."

Under state law, Mitchell Johnson, 13, and Golden, 11, will not face the death penalty. They will not spend the rest of their lives in prison. In fact, if convicted of killing five and injuring 10, they are likely be out of prison at age 18. In Arkansas children under 14 cannot be tried as adults, and juveniles face a maximum sentence described by state law as "indeterminate," which means not to exceed their 21st birthday. And, says Gerry Glynn, law professor at the University of Arkansas at Little Rock, "most children are released at age 18 because the state does not have the facilities to hold them longer." (The Justice Department is looking into whether federal charges can be brought against both boys, and whether it can charge the older boy as an adult, which would keep Mitchell Johnson behind bars until age 21. Sources say the latter is unlikely.)

In many states, though, age is no barrier to prosecution. Twenty-seven do not have age restrictions on prosecuting juveniles as adults (*see chart*). On Friday the Indiana Supreme Court upheld a department of corrections decision to house Donna Ballell in an adult prison. At 14 she burned down her parents' house as retribution for alleged sexual abuse by "family members since the age of four." In 1996 a judge had recommended that Donna be sent to a juvenile facility.

Many are asking: If the law cannot effectively go after the kids, can it not punish the parents? According to the National Conference of State Legislatures in Denver, 42 states have enacted laws making parents responsible in one form or another for their children's crimes. Of those states, 17 make parents criminally liable, sometimes with the threat of hefty fines and jail time. California's 1998 antigang law is one of the toughest. The state's Parental Responsibility Act makes parents liable for inadequate supervision, with penalties of up to a year in jail and $2,500 fines. Arkansas adopted a parental-responsibility law in 1995, under which courts can order parents or guardians to attend a "parent responsibility training program." Parents must complete the program and pay for its cost or be sanctioned for contempt. According to Glynn, Arkansas can also bring a criminal prosecution against a parent "whose gross neglect of parental duty" leads to the criminal acts of a child. Under that statute, however, parents face only a maximum $250 fine with no jail time.

Indeed, legal experts are hard pressed to cite examples of cases in which parents have suffered harsh penalties. Under a St. Clair Shores, Mich., ordinance, for example, a couple was fined $2,200 in 1996 after their son pleaded no contest to breaking and entering a church and drug-related charges. Their convictions were later overturned. Says Barry Krisberg, president of the National Council on Crime and Delinquency in San Francisco: "Parental-responsibility law is a gray area. It's a toothless tiger. We have no research on the laws' effectiveness at all."

Much harder to dismiss are child access prevention laws (or CAP laws), which hold adults—often parents and legal guardians—accountable if they allow guns to fall into underage hands. Shannan Wilber, attorney at the Youth Law Center in San Francisco, says that unlike parent-responsibility laws, CAP laws draw a direct causal relationship between adults and the crimes committed by juveniles. "Where there is a closer connection," she says, "such as a parent's possession of firearms and failure to keep them away from their kids, it's easier to connect that to a subsequent criminal act by the child. It's more concrete." Florida passed the first CAP law in 1989, and 14 other states have enacted similar legislation (*see map*). CAP laws are pending in Massachusetts, Illinois, New York, Missouri and South Carolina. In Connecticut, California and Florida, violation is a felony. In Florida adults can face five years in prison and a $5,000 fine if a minor obtains a firearm and uses it to inflict injury or death.

Critics of CAP laws say they are open to too much prosecutorial discretion and interfere with the way parents maintain control over their households, adding more grief, for example, after accidental fatal firings. Joe Sudbay, director of state legislation at Handgun Control Inc. in Washington, says that's nonsense: "The whole point of these laws is not to punish. The point is to prevent." Do they? According to a study published in the *Journal of the American Medical Association* last October, unintentional deaths dropped 23% among children younger than 15 years old in the years covered by CAP laws.

The Arkansas schoolyard deaths have given CAP laws a national push. Partly in response to the Jonesboro shootings, Senator Richard Durbin of Illinois this week will introduce federal CAP legislation. Says Durbin: "It's time for the adults who own the guns to act responsibly, to store them safely and to take responsibility for the guns in their possession."

That will not satisfy Mitchell Wright, whose wife Shannon was killed in Jonesboro. "It doesn't matter to me that these were boys," he says hesitantly. "Their age has nothing to do with the fact that they murdered my wife and four others. Kids do things on the spur of the moment. What those boys did was not a spur of the moment thing." For Wright his wife's death is likely to be a crime without true punishment. —*With reporting by Lisa August/Washington, Julie Grace and Sylvester Monroe/Jonesboro, Margot Hornblower and James Willwerth/Los Angeles and Richard Woodbury/Denver*

GRADING THE STATES ON JUVENILE GUN CONTROL

States with child access prevention laws

Grade — Handgun Inc., which lobbies for gun control in Washington, has graded the states for what they have done to protect children from gun violence and accidents. The ratings are based on the presence of laws the advocacy group deems essential to protecting young people from violence, including prohibitions on juvenile handgun sales and possession as well as child access prevention laws, which require adults to keep firearms, including hunting rifles, away from children.

Death in Young Hands

The cold precision of an ambush of students and teachers outside an Arkansas middle school would have been horrifying enough had it been executed by adults. That it was allegedly orchestrated and carried out by a 13-year-old and an 11-year-old is staggering. The Jonesboro, Ark., shooting comes after eerily similar school assaults in small towns in Mississippi and Kentucky; when will the nation wake up to the warning signs?

For the third time since October, hell-bent students apparently had little trouble obtaining deadly firepower. The Jonesboro suspects had a pair of handguns and two high-powered hunting rifles when they were seized. According to some reports, more guns and ammunition were found in a potential getaway vehicle. One can argue rightly that juveniles must not be allowed access to such weaponry and that the adults who failed to keep firearms secure should be punished. But Arkansas and other states have a lot of work to do.

The Arkansas shooting comes after eerily similar school assaults in Mississippi and Kentucky; when will the nation wake up to the warning signs?

In Arkansas, minors cannot legally possess handguns but can own shotguns and rifles. State officials say no law requires parents to lock up their guns. And the state began requiring background checks on prospective gun buyers only in January.

The toll in Arkansas was five dead, with 10 wounded, five of them critically. In West Paducah, Ky., the young suspect allegedly used a pistol to kill three students; a fourth was paralyzed. In Pearl, Miss., a boy allegedly sprayed gunfire on the Pearl High School grounds, killing two students and wounding seven others. And here in California Wednesday, a 14-year-old Daly City student was arrested on charges of attempted murder after he allegedly shot at his principal with a semiautomatic pistol.

The lesson ought to be obvious by now: Murderous gun violence can happen anywhere, even in a Bible Belt town where most folks are acquainted with one another. Each of the three fatal shooting incidents in the South seemed meticulously planned. In at least two of the cases the suspects are alleged to have spoken openly about their intentions, but they were not taken seriously or reported. It is painfully clear that any such boast deserves serious attention.

The Arkansas suspects used military-like tactics: clear lines of fire over manicured school grounds; camouflage clothing and firing positions hidden in a tree line. And a fire alarm allegedly set off by one of the suspects not only forced teachers and students out of the building into the firing line, it automatically locked the doors behind them.

Next time, threats should be reported and investigated. Starting now, a greater effort must be made to keep firearms out of the hands of children. That's how lives may be spared.

Guns for All Ages

The images are hauntingly familiar. Emergency medical technicians rush the wounded to ambulances. Body bags containing the dead are taken to morgues. Families stand entwined in circles of grief.

What shocks us most about these images are the faces of both the victims and the killers. They are the faces of children.

On Monday at the Westside Middle School in Jonesboro, Ark., four girls, 11 and 12 years old, and one teacher were gunned down. Nine other children and another teacher were wounded. Two boys from the school, ages 13 and 11, are accused of doing the shooting.

Victims and victimizers, we have seen these young faces before — in West Paducah, Ky., in Pearl, Miss. Each time, children dead and children accused.

Control firearms or expect to grieve.

Dale Haas, the Sheriff in Jonesboro, spoke for many when he said through tears, "There's no explanation, in my opinion, why an 11-year-old or 13-year-old would do something like this."

Perhaps it is more fruitful to try to understand how children were able to commit such acts. That is, how did they obtain the guns they needed?

The authorities yesterday were clarifying where the boys in Jonesboro got their arsenal. What is known, however, is that obtaining firearms was not a problem for them.

In Arkansas, it is perfectly legal for an 11-year-old to own a rifle or a shotgun. Only handguns are illegal for those younger than 21.

Guns are as readily available to teen-agers and even preteens today as baseball trading cards were in youngsters a generation ago. A Justice Department survey last year found that 1 household in 3 contained at least one firearm, with a total of nearly 200 million privately owned guns in the nation. The existence of so many guns means that, practically speaking, anyone who wants one can get one, including a child.

Gunfire is expected to exceed automobile accidents as the leading cause of traumatic death in the United States in the next five years. More teen-agers die from gunshot wounds than from all natural causes combined. And guns are brought to school with frightening regularity.

It is foolhardy to think that we can reduce gun violence among young people without reducing their easy access to weapons. Given the political power of the National Rifle Association, we had better be prepared for a tough battle. Or we had better get used to seeing the youthful faces of victims and their equally youthful killers flickering before us on the evening news. □

The Jonesboro Tragedy: Consequences Teach a Chilling Truth

By Richard Rodriguez

LAT A6 3/26/98

One of the boys in a juvenile detention center in Jonesboro, Ark., has told visitors that he wishes the whole thing had never happened. The other wants to go home to his mama.

All last week, after the terrible morning at Westside Middle School, where bullets killed four students and a teacher and wounded 10, we adults have been wringing our hands, saying we do not understand children anymore. We say we do not recognize the two boys emerging out of the forest, dressed in camouflage, rifles in hand, as our children.

In truth, nothing is surprising about the cruelty of children. It is as routine as a boring summer day when kids torture insects or animals. All of us remember from our own childhoods bullies and midget tyrants. One child puts a razor blade in a bar of soap in the school bathroom; another placed broken glass in the playground sand. Another torched the dumpster behind the church — just to see what will happen.

In truth, nothing is as terrible as the "innocence" of childhood. A man I know shudders as he remembers a June day many years ago, when he shot another boy with a BB gun, out of some terrible curiosity. He remembers the grainy black circle he caused on his friend's thin leg. He remembers the dull, comprehending moment of regret, as several adults came running across the lawn.

In some less-innocent America, adults used to scold and lecture children (their own and the neighborhood kids), trying always to teach them that actions had consequences.

I used to hang out, as a kid, with a group of middle-class boys who, when boredom settled in, would bicycle out to the edge of town to throw rocks at an encampment of hobos. "Bombing the bums," we used to call it. (We must have been 10 or 11 years old at the time.) When one of our fathers heard about it, he gathered us in his living room and promised us consequences. Made us imagine consequences. "If I ever catch you doing that again..."

I can still hear that man's threat, hanging in the air over several decades. But it seems now to belong to a different century. Another America. For the country in which we live is a nation filled with adults who have no sense of consequences in their own lives, and thus no possibility of ever teaching their children.

Last week, after Jonesboro, small-town America was blaming big-city America for its troubles. Hollywood producers were responsible for "desensitizing our children to violence." Lawyers evaded class-action suits against gun manufacturers. The gang culture of South Central L.A. had infected pastoral Jonesboro. (Hadn't one of the boys in the massacre bragged to his classmates that he was a member of the "Bloods"?)

Then there were some in big cities who talked about the violence in those little white towns, bordered by the Baptist church and Wal-Mart. Take the Greyhound bus south and you ride into the darkest sector of the American soul. West Paducah, Pearl, Lynnville, Blackville. Steoben King territory.

Some adults thought that the solution to the violent young is longer jail terms. "Give 'em life!" An army of child psychologists on CNN had one therapy or another to recommend. And, from Africa, where he was touring, President Bill Clinton came up with the idea of asking Atty. Gen. Janet Reno to convene a panel of experts to study the problem of youth gun smoke.

Continued from M1

All week long, one had the sense that none of the experts had ever read William Golding's "Lord of the Flies" or been to summer camp. One had the sense, too, that few adults in America could imagine what it is like to be a kid today in a country where there are no consequences.

We adults take a pill or get an abortion or otherwise avoid any unwanted consequence; we blame the city. If we are in the suburbs, or we blame the suburbs. If we are in the city, we blame Hostad's mother for the way we behave, or we blame the poets; we sue the cigarette company when we get emphysema or we sue McDonald's when the coffee scalds our thighs. We take kids to movies in which people get their heads blown off, but we blame Bruce Willis when our kids come out of the theater with eyes drained of all color.

We live in an America where adults assume no consequences. So why should we be surprised that our children are missing the crucial lesson of their moral education?

Samuel Beckett, the absurdist Irish playwright, was stabbed one day in Paris by an utter stranger. Beckett survived the attack. Later, he visited the person to meet his assailant to ask: Why?

The prisoner had nothing to say. To each of Beckett's questions, he would only mumble, "I don't know." There is no more chilling answer an adult can give. It is a resolute answer, a childish lament: I don't know why I did it.

The air in America is full of adults trying it. We don't know. We don't know. In such an America, what room is there for confession or self-knowing? In such a nation, despite all the talk this week about the "horror" in Jonesboro and the "terror" on the schoolyard and the "trauma," who speaks of contrition or guilt?

The father in Jonesboro gave his son a gun one Christmas, even taught him how to use it. He apparently did not teach him as well that the gun is real (not a Warner Bros. prop) and that a bullet has flesh-and-blood consequences.

The grandfather was on TV the other night, weeping at the sudden discovery of the grandson he did not know. He seemed as much a child as the imprisoned boy.

Now, they both know. And they don't. One of the boys in the Jonesboro jail has told visitors that he doesn't remember even pulling the trigger, as disconnected is he from his own behavior.

We alternately want them to be punished for their grievous action — we adults want the Arkansas law that tempers the punishment of minors to be superseded federal law. But we also recognize pathos of the boys' plight.

We wish we could spare prison of consequence. This is the gain boys will [illegible] of yo[illegible] in [illegible]

THE REASONS

Experts Note Access to Guns and Lack of Ties to Adults

By TAMAR LEWIN

The shootings in Jonesboro, Ark., on Tuesday — coming only a few months after multiple shootings at schools in West Paducah, Ky., and Pearl, Miss., — have galvanized public concern about school violence, and left parents, psychiatrists and politicians alike wondering what prompts youngsters to open fire on their classmates.

Yesterday, President Clinton asked Attorney General Janet Reno to find experts who could analyze the schools where shootings occurred to identify similarities and advise on how to prevent attacks.

Many psychologists and psychiatrists say the shootings contain common threads, similarities that highlight the increase in access to firearms, the decrease in adult connections to youngsters' emotional lives — and the unchanging stresses of adolescence.

"It's striking that these are all young adolescent boys," said Dr. Sabine Hack, a psychiatrist at the New York University Child Study Center. "One thing we know about adolescents is that when something bad happens, they often get tunnel vision and see it as the only thing," Dr. Hack said. "They feel stuck and desperate, and they don't see any way out. And unlike adults, who talk about it and get advice, they feel isolated. If something goes bad for girls, they are more likely to harm themselves. Generally, girls strike in, and boys strike out."

More than adults, she said, adolescents may be prone to copy publicized violent acts by their peers.

"All adolescents want to be like all other adolescents," Dr. Hack said. "And we do know that when adolescent suicides are publicized or glorified by getting a lot of attention, there's a copycat phenomenon. It makes it more appealing for other kids who feel lousy about themselves and may be thinking about suicide. So seeing that someone else has done something, even something horrific like shooting people at school, may give kids the idea, and make them feel this is their escape."

No evidence exists that school violence is increasing. A report released yesterday by the Justice Policy Institute, a nonprofit organization in Washington, found that juvenile homicide arrests decreased 30 percent between 1994 and 1996. Overall juvenile arrests declined 17 percent in the period.

Still, many mental health professionals said that they had seen more adolescents who did not know how to handle the stresses of life in a healthy, nonviolent way — and many who did not get the adult attention and supervision they needed to learn.

"I don't think you can blame this on just one factor," said Dr. Mark T. Greenberg, a psychologist at Pennsylvania State University who specializes in violence prevention. "There's more access to guns." Dr. Greenberg said. "And kids are more aggressive. But I think the fundamental problem is that kids these days are not getting the social and emotional learning they need. Parents aren't around as much, so there's not as much modeling of how to behave, or as much communication or emotional support."

> Adult patterns of violence trickle down.

Some mental health professionals also suggested that the school shootings, in which girls have been the main victims, reflected a trickling down to younger ages of the sex patterns that lead many men to stalk and kill their ex-wives or girlfriends.

Many mental health professionals, public health professionals and educators also see the recent rash of school shootings as striking evidence of a need for further steps to restrict young people's access to firearms. About half of all Americans live in households with guns, and in a 1993 national survey of 6th to 12th graders, 15 percent said they had carried a gun in the last month, and 4 percent said they had taken a gun to school in the previous year.

The wide availability of guns has made the world a far more dangerous place for children, escalating the level of violence young people can inflict, said Dr. Kathy Kuelter Christoffel, founder of the Handgun Epidemic Lowering Plan, a Chicago network of medical groups that consider handgun violence a public health problem.

"If you replay the entire Arkansas scenario and substitute a slingshot, it transforms the entire event," she said. "If it were a slingshot, the flavor becomes quite benign, and, oh, those naughty boys. But with guns, it's a horrible slaughter.

"We have to stop dismissing these events by saying these kids are nuts, and start saying this gun violence is a feature of the modern world that we need to change. And we need to start recognizing that when a child gets a gun, an adult somewhere is responsible, maybe the parent or neighbor who didn't lock it up, or the unscrupulous person who sold it to them."

In 1995, the latest year for which statistics were available, 5,280 children under the age of 19 died from firearm injuries, a decrease from the previous year but far higher than the levels of a decade ago.

"These shootings are not so very rare," Dr. Christoffel said. "We have an endemic problem with guns in this country and we need to treat it seriously, not explain it away. We need to make it very, very hard for kids to get guns."

The Real Lesson of the School Shootings

By JOHN R. LOTT Jr.

This week's horrific shootings in Arkansas have, predictably, spurred calls for more gun control. But it's worth noting that the shootings occurred in one of the few places in Arkansas where possessing a gun is illegal. Arkansas, Kentucky and Mississippi — the three states that have had deadly shootings in public schools over the past half-year — all allow law-abiding adults to carry concealed handgun for self-protection, except in public schools. Indeed, federal law generally prohibits guns within 1,000 feet of a school.

Gun prohibitionists concede that banning guns around schools has not quite worked as intended — but their response has been to call for more regulations of guns. Yet what might appear to be the most obvious policy may actually cost lives. When gun-control laws are passed, it is law-abiding citizens, not would-be criminals, who adhere to them. Obviously the police cannot be everywhere, so these laws risk creating situations in which the good guys cannot defend themselves from the bad ones.

Consider a fact hardly mentioned during the massive news coverage of the October 1997 shooting spree at a high school in Pearl, Miss.: An assistant principal retrieved a gun from his car and physically immobilized the gunman for a full 4½ minutes while waiting for the police to arrive. The gunman had already fatally shot two students (after earlier stabbing his mother to death). Who knows how many lives the assistant principal saved by his prompt response?

Allowing teachers and other law-abiding adults to carry concealed handguns in schools would not only make it easier to stop shootings in progress, it could also help deter shootings from ever occurring. Twenty-five or more years ago in Israel, terrorists would pull out machine guns in malls and fire away at civilians. However, with expanded concealed handgun use by Israeli citizens, terrorists soon found the ordinary people around them pulling pistols on them. Suffice it to say, terrorists in Israel no longer engage in such public shootings — they have switched to bombing, a tactic that doesn't allow the intended victims to respond.

The one recent shooting of schoolchildren in Israel further illustrates these points. On March 13, 1997, seven seventh- and eighth-grade Israeli girls were shot to death by a Jordanian soldier while they

Returning to school in Jonesboro, Ark.

visited Jordan's so-called Island of Peace. The Los Angeles Times reports that the Israelis had "complied with Jordanian requests to leave their weapons behind when they entered the border enclave. Otherwise, they might have been able to stop the shooting, several parents said."

Together with my colleague William Landes, I have studied multiple-victim public shootings in the U.S. from 1977 to 1995. These were incidents in which at least two people were killed or injured in a public place; to focus on the type of shooting seen in Arkansas we excluded shootings that were the byproduct of another crime, such as robbery. The U.S. averaged 21 such shootings per year, with an average of 1.8 people killed and 2.7 wounded in each one.

We examined a whole range of different gun laws as well as other methods of deterrence, such as the death penalty. However, only one policy succeeded in reducing deaths and injuries from these shootings — allowing law-abiding citizens to carry concealed handguns.

The effect of "shall issue" concealed handgun laws — which give adults the right to carry concealed handguns if they do not have a criminal record or a history of significant mental illness — has been dramatic. Thirty-one states now have such laws. When states passed them during the 19 years we studied, the number of multiple-victim public shootings declined by 57%. Deaths from these shootings plummeted on average by 90%, injuries by 82%. Higher arrest rates and increased use of the death penalty slightly reduced the incidence of these events, but the effects were never statistically significant.

With over 19,000 people murdered in 1996, those killed in multiple victim public shootings account for fewer than 0.2% of the total. Yet these are surely the murders that attract national as well as international attention often for days after the attack. Victims recount their feelings of utter helplessness as a gunman methodically

Unfortunately, much of the public policy debate is driven by lopsided coverage of gun use. Tragic events like those in Arkansas receive massive news coverage, as they should, but discussions of the 2.5 million times each year that people use guns defensively — including cases in which public shootings are stopped before they happen — are ignored. Dramatic stories of mothers who prevented their children from being kidnapped by carjackers seldom even make the local news.

Attempts to outlaw guns from schools, no matter how well meaning, have backfired. Instead of making schools safe for children, we have made them safe for those intent on harming our children. Current school policies fire teachers who even accidentally bring otherwise legal concealed handguns to school. We might consider reversing this policy and begin rewarding teachers who take on the responsibility to help protect children.

Mr. Lott, a fellow at the University of Chicago School of Law, is the author of "More Guns, Less Crime," forthcoming in early May from the University of Chicago Press.

There are two boys in a garage; one is kneeling, the other is standing. One is almost laughing. The other one is "following" his lead. He is somewhat reticent, as if listening, but he is going along with the other one. One is stronger, this I know. The one KNEW what he was doing was wrong, but he had a "SILENT" anger. The other one was more obvious. I believe at one time or another, the girlfriend may have been in the garage with them.

Littleton, CO

I know there are more surprises; not sure if bombs. But not just around the school. I see stainless steel, swimming pools, (elite areas of town, such as a Country Club - this keeps coming into view). One of the young men (the reticent one above-Harris, I believe) is very angry with his father (who has a military background-*maybe Vietnam*). I keep hearing these words. *"I'LL SHOW HIM!"* This is due to the apathy his father showed towards him. No attention. Hitler and the like was just a ends-to-a-means. **This was all about them.** They made a statement. THEY showed the world, not just Littleton CO.

I heard last night that they found more bombs - I found out later this is not true. The ballfield (central location for jocks) is becoming a fixation for me. I saw a reporter on television, with a blue ribbon on a tree. This evoked unbelievable agitation for me. I am unable to let go of this image. Unsure, not safe. Something around in that area. Again, pieces of visions, sounds. **It is VERY IMPORTANT to do this on a low-key scale. No ramming buildings or forced techniques. Low profile.**

I have a vision of a young girl. I know who this girl is, but I also know she is very fragile. She knows more than she is saying OR she saw something that she is unable to share with anyone. She appears to be doing very well, but she is like broken egg shells. Her name is Sara Filipak. I have had visions of her as a cheerleader. I have confirmed that she is a cheerleader. If you go in like gangbusters, you will never get any more information. Someone needs to be her friend. DO NOT PUSH with this girl. Quite frankly, I am not sure if she even KNOWS she is aware of information that would help. (I am sensing that she heard or saw something she is unable to remember, at this time.) Canvas all the kids in this disaster - Listen carefully for continuity! There is one common denominator.

These boys were EXTREMELY organized and planned for a LONG time. The sense is that the boys put "booby traps, surprises", not necessarily bombs in many places. The visions are in and out. I see many things, sometimes the variables change, (hair color, what they are wearing). There is a terrible lingering sense of foreboding, as if something hasn't happened, yet. I am unable to get rid of these feelings. The wrong place. They are centering on the wrong place and focusing on the wrong individuals.

The girl who bought the guns **definitely** knew that for what purpose she was buying them. Something is not right. Where was SHE when the gunman started shooting? I believe she knew ahead of time, or was she even at the school at the time, and if she was, was she in a safe place?. Not sure. She also knows much more than what she is letting on, however. I sense an indifference, not fear about her. She is not fragile like the other girl. Almost flippant about things. She has somewhat of the same philosophy as Kleibold.

You are looking in the wrong places. These surprises are not in obvious places. They are in places that would "make a statement" about what they were about. I do not know, right now, how many. Believe it or not, they did this for themselves, the "Hitler" route was just a way to get attention. They really didn't care a lot about this stuff; in other words, it was an ends-to-a-means. Again, **this is all about them.**

<u>Photographs would help immensely</u>. Sometimes when I see photographs, the profile is much clearer. I am able to profile extremely accurately. Although this disaster *appears* to be over, it isn't! This I know, for sure.

PLEASE UNDERSTAND THAT THESE MAY BE VISIONS FROM BEFORE. AT THIS POINT, I AM UNABLE TO TELL. I JUST KNOW THEY ARE OVERWHELMING AND THE NIGHTMARES AND VISIONS ARE NON-STOP.

The agitation, extreme uneasiness, as if "*we aren't finished, yet*", **attitude** is still ever present. I believe you are not done with the surprises, yet. They not only planned the attack, but their death, and the aftermath, as-well. You must understand that to plan this much, this far, this diligently, would be anti-climatic to not plan the ending, as-well. They were thorough. This was their life for months, possibly years. I would dare say that at least one of them was thinking of this for at least two years. There WERE signs of trouble, for this one youth back in grade school. I sense a destruction in the one youth. Don't know his name, can see his face. Did any of them have pets-even as children? Look for a marked increase in alcohol and drug consumption - to ease the pain.

I feel extreme urgencies, "calms" for about 6 or 7 hours, then an incredible agitation, again. As if, they planned, changed and planned again. Their pattern of operation - Yes - - this is it. They planned, and planned, changed their plans and planned it again. They added, they deleted. They finally chose a date. **They felt the rest of the world was stupid.** This is critical in your thinking, as this will help lead you to the conclusion of this tragedy. This thinking was their driving force. Kleibold, I believe, was the ringleader. Harris found inclusiveness with Kleibold, but was afraid, also Kleibold was not. This was their control of their lives, since they had no choices in anything else in their lives. Their pain was intense, but yet frivolous.

IMAGES, SOUNDS, FEELINGS , ET AL.

4/29/99

Last night at 11:15 pm I went to sleep and saw a "huge, extremely quick" flash of light, as if something exploded An extremely bright light for a second. Then nothing. I never really slept the entire night Very agitated Very nervous.

4 45 a.m. Woke up with an excruciating headache. I keep seeing or needing to walk the field I am shaking uncontrollably

5:32 a.m I am shivering I just keep seeing some kids. I am talking with them. The kids know more than they know. (They don't realize they know it; all of them don't, anyway; however, some of them do I MUST talk with them I MUST talk with the police. The shivering will not stop There may be only one *surprise* left, but **THERE IS SOMETHING DEFINITELY WRONG-STILL VERY WRONG**. The shaking WILL NOT STOP. I am very agitated, very nervous. I cannot explain this. I know this sounds strange, but I JUST KNOW there is still something not right.

I keep seeing the field with the blue ribbon on the tree, in the newscast. I was instantly drawn to this image Something happened on this field. Something WILL happen on this screen. I need to see and feel this place. This is making me nuts. I wish these images would stop, but yet, I know I am supposed to see them. I just know. The terror, the doubt, the anger, the sorrow. I feel them all.

THERE IS STILL SOMETHING VERY WRONG.

I am trying to stay busy Terrible week. Terrible week. This terrible turmoil will not end I did not ask for this, but I know I am involved ...and I do not like it, to be sure. I know I have a responsibility. This is my burden. My responsibility. Why me? I DO NOT KNOW. I just know I am supposed to share it. What they do with this, is THEIR responsibility. I share it I give it to them, they use it or not use it. That is my job. After that, I can do no more.

UNDERSTAND I DID NOT ASK FOR THIS. I DO NOT WANT THIS, BUT I HAVE BEEN GIVEN THIS AND I AM TELLING YOU. IF YOU *CHOOSE NOT TO BELIEVE*, I CAN DO NO MORE. I AM NOT CRAZY. I ONLY KNOW WHAT I KNOW. Also know that images change when I see things, or feel them. Profiling is really my gift, but with Littleton, the images have appeared. The sounds have come. The faces are there at times, but I really need more information, at times. Sometimes when I see a face, or see an image, or hear a certain noise connected to this, more images come.

THIS IS NOT ABOUT ME THIS IS ABOUT LITTLETON. NOTHING MORE, NOTHING LESS.

I was just watching television and had to stop...NOW and write to you.

Fred: Please help me out, here. I have never been so agitated or blocked. I am unable to formulate total things...but something is not right, and there is a sense of urgency to this thing. I keep seeing a young girl, brown hair (not sure if long or short), petite. She may be rather reticent, also. She is in "trouble". Not sure, again, how, right now. She is confused, VERY confused. She will make a very poor decision. I believe both her parents are professional people. She is quite intelligent. Could she be a cheerleader? I see her in some kind of short skirt, with sneakers. At first, I sensed the tragedy with her, still not sure...

I also see a young man. I am sensing some kind of "jock", quite popular, good-looking, but VERY introspective. Quite studious, I believe. I think Math is his forte.

Don't ask me, kiddo. I just tell you. I learned a long time ago that there were rules with this gift, but I don't know how. The WHY I know....I love serving the Lord, but to say it is frustrating would be an understatement - that why this is so important this time. I am usually able know without even trying.

This time it is making me very agitated...as if I am supposed to know, but am deliberately being blocked. YES - I feel as if I am being blocked. Please pray for me. I need to tell you something, but I am being blocked. That I DO know.

A connection has been made to you...again, dear friend. I do not know why. This relationship isn't over-yet, so just bear with me. Fred, if you think I'm crazy, I will just have to take this chance.

Is there a student in this terrible mess that *appears* to be doing very well with everything? .Has assured everyone that he is OK, well...he isn't. Watch him.

Also, watch for an increase in alcohol consumption since this tragedy. It will sneak up on you, also other "forgetting tools."

That's it....I'm exhausted.

I love you, all.

Fred, my prayer group has asked for the names of the kids so that we can send individual cards to them and the addresses where our Women's Prayer Group can send flowers, if we choose to...or do you see a need for our money in other places?

Thanks - May God Bless.

Subject: Re: PLEASE CHECK AGAIN

Which youth, which description? Which boy? The jock or the one that is supposed to be OK but isn't?

Fred - I keep seeing the girl. I really don't know where the connection is yet, but this girl is there, simply there, always there, in every moment of my mind. What about this girl? I don't know if she belongs to your church, maybe another one? Someone you may know. I believe so. I can't get rid of this "help me", "reaching" feeling. She is the one I am worried about the most! Please advise. Do you know any thing about this little one? Does her name start with S (I want to keep saying Susan, without thinking)? The wierd part is I can see her, over and over and over. She will NOT go away. It is almost as if she is stretching out her hands to someone-anyone, and no one sees her. No one is paying any attention to her. I believe she knows something that she is not telling anyone. I believe she saw something. She is crying, but there are no tears. Please pray about this child. Terrible sadness, terrible sadness, deep sadness.

I read an article out here about there being more than just the two students. Fred, I almost fell like passing out. The most awful feeling came over me. THERE IS SOMETHING NOT RIGHT, SOME WHERE. Many times, to be sure, I might say, "I may be wrong, just remember., but this is not an IFFY, this is FOR SURE!" Something is very wrong some where. Please keep looking for more bombs. I believe there are more and not just at the school.

Just keep hanging in there with me. I do not feel well any more. Must quit for now.

Will write again soon.

PS: May God Bless These Words.

Re: Suspicious Parties

Forward info to Sgt. Esther/Webb @ 271-8865

About 1500 hours, Gini Krutulis came into the Mountain Precinct to report suspicious parties she saw last night about 1900 hours.

Ms. Krutulis went to the Evergreen Recreation Center to work out. As she pulled into the parking lot, she observed an older large model vehicle—possibly light gray or blue—parked in a handicap space. The vehicle had a handicap license plate, but the number was unknown.

Two males were standing outside the car and one was talking on a cell phone. Both males appeared to be in their early 20's and dressed in black. The passenger is described as hefty, about 6' tall, lsw black jeans (tight), black T-shirt, black duster trench coat. Hair was curly and in a short pony tail and he was wearing a black hat with a wide brim.

The driver was slim and dressed in black clothing but did not have on a coat. He was also wearing a black hat with wide brim.

When the passenger got into the car, he carefully removed his coat and placed it in the back seat.

Ms. Krutulis spoke with Kathryn at the Rec. Center today about the incident. Kathryn encouraged her to contact us since the "Trench Coat Mafia" targets jocks and these parties were parked outside the rec. center.

Dear Mr. Thomas:

This letter is in regards to the Littleton massacre. The date of occurrence, Ted Koppel interviewed two young men later that evening on his television program "Nightline". During the interview one of the young men stated that he saw one of the shooters dressed in black–but, he also stated he observed a person in a white shirt throw an explosive device. It appears Mr. Koppel breezed past the information just concentrating on the two shooter's. If it were me interviewing the individual's I would have considered the observance of another person in a white shirt throwing an explosive device to be a relevant issue.

The following morning following the shooting I e-mailed my thoughts to the ABC media and the Nightline show with the suggestion they follow-up or review the Nightline tape, but no response. At the same time I e-mailed the Denver Post requesting that they follow-up on by possibly re-interviewing the young man that appeared on the Nightline television show.

From my experience in law-enforcement over many years it was clear to me within the first few hours of the shooting that there had to be more than the two shooter's involved. It appears common sense and logic would dictate that assumption when there was a reported 30 plus explosive devices found during the first day. Now as of today I understand the number might be more than 50 explosive devices.

In any event I would like to suggest that the investigator's in your office look at the interview that was done on Nightline the evening of the shooting and verify that the young student did say he saw a person in a white shirt throw an explosive device and if so, a re-interview by investigator's would in all likelihood be appropriate. If in fact that statement is true, it would clearly indicate that there were at least three persons actually taking part in the slaughter and if that is the case the probability is one that the person in the white shirt came out of the school under cover with the other students.

Also, have your investigators processed the propane tanks that were discovered in the school for

any additional fingerprints that may be on the tanks in addition to the two dead suspects prints? Hopefully, this procedure was completed. It is also my understanding that Sheriff Stone has only been on the job since January, 1999, and according to his own statements he has been away from law-enforcement for a long period of time and that may account for many of his contradictory comments and statements made by him since the date of the shooting. But, in any event, even with an alleged in-experienced Sheriff I am sure Colorado is not ready for another Boulder, Colorado fiasco where people will begin blaming law-enforcement for investigative problems and that is why I am suggesting that your office consider looking into the suggestions that I mention in this correspondence.

In conclusion I am enclosing a resume to fill you in on my background and investigative experience with the hope that you might accept my suggestions as mentioned herein.

Thank you for your kind attention in this matter. Hoping the best for your investigation. Keep up the good work. If ever I can be of assistance, please feel free to call on me.

Best Regards,

Subject: Information regarding how to identify the personality types which could be motivated to be mass killers like, the Columbine High School massacre.

When I heard about the mass shootings at Columbine High School there was something that caught my attention about the killers. The killers were described as loners, and they were looking for jocks to kill. This rang a bell for me!

My field of expertise is in defining peoples personality types, and how each of types would handle a situation.
The information included with this letter will give the actual birthdates of people that suffer extreme rejection in school.

The people born with the following birthdates are very unique and special, people, but they have the misfortune of being born with a conflict in their own personality, that will color their life forever. This conflict indicates that they would not have a complimentary friendship tie with anybody born within a year of themselves. (Approximately 6% of the worlds population has this special aspect.) This aspect creates a situation were a person feels like a total social outcast in the company of their school peer group. There is a tendency for some of the people in this peer group, to harass and abuse these people. The abuse and rejection these people experience, makes them become real loners. If they do join a group, it is only because of the commonality of their experience, not because they are really friends. The people with this special aspect are basically loving, giving people, but the rejection they received during their school years, leaves indelible memories which they will never forget. They also will never forget when someone shows them kindness, or when someone abuses them.
The average person with this special aspect just becomes a loner, and has nothing to do with their peer group. However some of the special aspect people cannot take rejection, and often plot serious revenge.

ople born with the special aspect chose friends that are either older or younger than themselves. They often have great difficulty finding a compatible marriage partners.

The group most likely to plot serious revenge, are males whose birthdates are printed in bold type. These males are very strong willed and often carry vindictive lifelong grudges.

This information about special aspects I acquired first hand, since I was born September 30, 1930, with the special aspect. My 12 years of school was a very lonesome hell. I graduated 50 years ago from high school, but I still vividly remember the people that rejected, and abused me. I have spent the last 20 years researching and developing a direct reading system to instantly identify all of the different personalities types.

NARRATIVE -- JC-001-016512

At approximately 11:53 A.M., 05-07-99 I, Detective T. Davis was contacted by Detective Sergeant Brad Shannon of the El Paso County Sheriff's Office (EPSO). Detective Sergeant Shannon informed this detective that a party at Mesa Ridge High School identified as [redacted] was at the principal's office. That he had informed Deputy Doug Bond that he had made contact with Klebold and Harris at a party the weekend prior to the shooting at the Columbine School in Littleton, Colorado. I was instructed to proceed to that location and conduct interviews to find out more details regarding this and if in fact there were any "Trenchcoat Mafia" personnel in the Colorado Springs area.

At approximately 12:15 P.M. 05-07-99 I arrived at the Mesa Ridge High School where I made contact with Deputy Doug Bond of the EPSO. Deputy Bond informed this detective that he had made contact with [redacted], DOB [redacted] in Mr. Keiley's office at Mesa Ridge High School. [redacted], a 17 year old student at Mesa Ridge High School had gotten into trouble at the school and upon looking through his backpack numerous sexually explicit photographs were located. Deputy Bond then showed those photographs to this detective and the photographs were indeed sexually explicit and appeared to be homosexual in nature. I instructed Deputy Bond that they would need to be placed into evidence with the EPSO. Deputy Bond further related that [redacted] had made the statements that he knew Klebold and Harris and had met them at a party shortly before the shooting at Columbine High School.

I subsequently made contact with [redacted], [redacted]. DOB [redacted]. Mr. [redacted] informed this detective that his son was currently seeing a psychiatrist. That his son had been diagnosed as schizoaffective disorder which had to do with impulse control and making up stories to get attention. That his son was currently on medications for this disorder.

Mr. [redacted] in the course of our conversation pointed to the fact that he did not believe that his son knew anything about the "Trenchcoat Mafia" or the persons that were involved in the shooting at Columbine High School. That his son was making these stories up to get attention. I asked Mr. [redacted] if I could talk to his son. He stated that would be fine and stated that I would probably have better luck talking to him without him being present. I then asked Mr. [redacted] to sign a waiver which he did at 12:38 P.M.

At approximately 12:44 P.M., 05-07-99 myself, Detective Shane Weis and

uty Doug Bond entered the conference room at the Mesa Ridge High School with [redacted]. I informed [redacted] that there were no charges from the sheriff's office pending against him. That I wanted to talk to him regarding the Trenchcoat Mafia and instances surrounding the Columbine shooting. [redacted] said that he would be glad to talk to this detective and understood that he did-not have to and was free to leave at any time.

I asked [redacted] to explain to this detective what the Trenchcoat Mafia was. [redacted] stated that the Trenchcoat Mafia are Goths. But not all Goths are Trenchcoat Mafia. He stated that he has some friends a white male approximately 6'3" in his 20's whose name in Donovan. Donovan lives in Acacia Park or at a Goth house which is located downtown in Colorado Springs. He also has a friend by the name of Ky who is an Asian female approximately 5'9" 21 years of age who also lives downtown in Acacia Park or at the Goth house. He also knows a black female by the name of Porcelain who is 18 years of age who lives at the Goth house and a black male in his late 20's who is known as Vince the Prince. He stated that Goths are into the Goth music and they like wearing dark clothing. Oftimes they will wear mohawk haircuts or wear long bangs with a crew cut.

He stated the Trenchcoat Mafia are Goths that believe that they are vampires. That he knows the following Trenchcoat Mafia. David also known as Mockett (phonetic) is a white male in his late 20's. Joel also known as Witchblood is a white male, Richard who is known as Settees (phonetic) is also a white male and two other parties, one by the name of Cody and one by the name of David their AKAs are unknown at this time.

[redacted] stated that the Trenchcoat Mafia believed that they are vampires. That they are into blood letting. That to join the Trenchcoat Mafia you have to be cut on either forearm, your blood is collected and drank by the other persons present. This is part of the initiation for the Trenchcoat Mafia.

I asked [redacted] if he was a Trechcoat Mafia to which he stated that he was not. He stated that he had never been cut nor had any blood letting. He stated that he was simply an associate. He stated that his friend, Amber Rubio is also an associate and that they go places together.

At this time I asked [redacted] since he had very structured life how he could go to these different functions and be at work or at home at the same time.

[redacted] stated that there are occasions when he is allowed to go out of the house but must be home by 10. He stated this is what had occurred on the Saturday evening prior to the shooting at Columbine. That he had gone to Mockett's house, which was later determined to be 37 Hayes Drive where there. [redacted] stated at the party were Klebold and Harris had been at the party. He stated that he had been the designated driver although he has no driver's license and that he was to drive local Trenchcoat Mafia home. He described the party as a Mafia event.

He stated that in the Trenchcoat Mafia there are two "chosen ones" one [redacted] whose name is unknown and one female who is known as Carrie who lives

Acacia Park. He stated on the Saturday evening prior to the shooting at Columbine they had all met at Mockett's house for a Mafia party. At the party they had watched horror movies. He stated during this time frame they had watched two to three horror movies. He said there had been a lot of drinking and around 9:00 himself and everyone had departed as he was the designated driver and he was supposed to drive them home. He stated during the course of the evening that Harris was going off about how the movie they were watching was all wrong. That the bandit should have killed his victims sooner and should have killed them as soon as they came into contact with them. [redacted] further stated that Harris and Klebold had made comments that they were tired of people harassing them and Harris stated that one day he would snap and that he would hurt someone.

I asked [redacted] how he had known Harris and Klebold. He stated that he had met them at Acacia Park while he was hanging around with other Goths and Trenchcoat Mafia. That on one occasion they had allowed him to stand in front of Harris's car and had a Polaroid taken of him holding the car keys. Another Polaroid was taken with [redacted] standing with some female acquaintances in front of the same vehicle.

[redacted] stated that on one occasion he had been driven down to Acacia Park in Harris's car. In Harris's car he had seen a book on explosives. He stated that it was the Anarchist's Cookbook that he had seen in the back of Harris's car.

[redacted] stated that to his knowledge Harris normally carried a handgun in backpack. [redacted] stated that he thought this was unusual as Goths and Trenchcoat Mafia are more into swords and knives rather than handguns. He stated that they are into swords and knives because of the blood letting. He stated that he was very surprised to find out that Harris and Klebold had used handguns in the crime at Columbine High School.

I asked [redacted] to explain to this detective where the Goth house was in Colorado Springs. Michael stated that it was on a corner and is a big white house downtown. He was unable to give a better description of this location. I asked him for the address for Amber who he stated Amber Rubio resides on Ottowi Drive. When questioned as to where Mockett's house was he related that he would have to show us versus telling us due to the fact that he was unsure. He did state that there was no grass in the front yard of the residence and you were able to see a school.

I asked [redacted] to explain to this detective how the Trenchcoat Mafia was broke down. [redacted] stated that the Colorado Springs chapter is called the Molcavia (phonetic) Trenchcoat Mafia. They basically hangout, listen-to Goth music and party. The Denver chapter is called the Gengrial (phonetic) Trenchcoat Mafia. That they are more into violence. He stated in Pueblo there is the Torradors (phonetic) Trenchcoat Mafia. He stated he does not have alot of information concerning them. He stated that in the Colorado Springs area there are possibly 20 to 30 members of the Trenchcoat Mafia that have actually been cut as an initiation into the Trenchcoat Mafia. Michael continued by relating that the Trenchcoat Mafia [illegible] ell as most Goths read the Book of Nod and the Circle of Lillith

(phonetic). He further related that most of the Mafia are out of school and there are not very many who are still in high school.

I then questioned [redacted] concerning photographs that were found in his backpack of sexually explicit material. [redacted] related that before Christmas 1998 he had been at Pedophile Bill's home. He stated that him and Amber had gone to Pedophile Bill's who lives on [redacted] Boulevard. That while there Pedophile Bill had given him the sexually explicit photographs. That he had also showed them a photo album containing photographs of small children in sexually explicit positions. He stated that upon observing this photo album it made him "sick" and him and Amber had left the residence. When asked about the content of the photographs he stated that they were sexually explicit photographs of small children. He said some appeared to be under the age of 10 and some appeared to be up to the age of approximately 14 years of age. When questioned specifically, [redacted] informed this detective that he believed the address was [redacted] Boulevard.

This completed the interview portion at the Mesa Ridge High School and Detective Weis departed with [redacted] to have him point out the various addresses that he had referred to during the interview. Detective Weis informed this detective that he had been able to locate the address of 37 Hayes Drive as the address for Mockett. That the address of [redacted] DOB [redacted]. Boulevard which registers to [redacted] Detective Weis stated that upon transporting [redacted] downtown to the "Goth House" the only location that [redacted] was able to point out was a picture that was for sale or for rent and did not appear to have been occupied for sometime. [redacted] was subsequently transported back to his residence by Detective Weis.

I intructed Deputy Bond to pull an additional case number, 99-5918 for obsenities/sexual assault on children due to the fact of the sexually explicit photographs and the mention of photographs of small children. I have no additional information.

At that location I made contact with counselor Bryan Krause of the Widefield High School. I requested to speak to Amber Rubio regarding information provided to this detective by [redacted]

[redacted]

At approximately 8:57 A.M., 05-11-99 I made contact with Amber in the dean's office. I asked her if she had any knowledge of any unusual pictures that [redacted] might have had. She stated that she had not seen or observed any pictures that could be described as unusual. I asked her if she had observed any pictures that may have contained any sexual content that [redacted] may have possessed, and she stated that she had not. I asked her if she knew of a party referred to as Pedophile Bill. She stated that she had heard [redacted] refer to a party by the name of Pedophile Bill and heard in passing by some other students a person by the name of Pedophile Bill.

I asked Amber if she had ever been to Pedophile Bill's, to which she stated that she had not. I asked her if she had been to a person referred to as Pedophile Bill sometime in the month of December. She stated that she had not. I asked her if she had ever accompanied [redacted] to any person referred to as Pedophile Bill or to any person that may have dealt in pornography. She stated that she had not. I asked her if she knew anybody at school that would know a person referred to as Pedophile Bill. Amber stated that she did not know any school members at Widefield High School that knew a person referred to as Pedophile Bill but had heard other teenagers mention the word Pedophile Bill. She could not remember the time or circumstances when she had heard this name.

Amber related that she had heard from [redacted] that the person identified as Pedophile Bill is not a nice man sexually. She further related that she

.ieves that Bill is gay.

I asked her if [redacted] is gay. She replied that [redacted] is gay.

I asked her if she had ever seen any pictures that [redacted] had. She stated that she had not. I asked Amber if she had any idea where Pedophile Bill might live. Amber related that [redacted] had informed her that Bill lives on [redacted] Boulevard. She further related that she believes that [redacted] had met Bill through a friend. She was not able to say what friend but she had believed that [redacted] had been introduced to Bill through a friend of [redacted] not neccessarily a friend of Amber's.

I asked Amber if she had ever been anywhere with [redacted] concerning a Gothic party. Amber related that she has never been anywhere with [redacted] although they are best friends. She stated that approximately three weeks ago they were going to go to a Gothic party. She stated that [redacted] got into some kind of trouble that Saturday evening and had to stay home. (It should be noted that is as related by Mr. [redacted] on 05-07-99.) I asked Amber if [redacted] had ever talked about the Trenchcoat Mafia. Amber stated that the only conversations they had ever had about the Trenchcoat Mafia was concerning the shooting at Columbine High School. That they had talked about how much publicity it had received on TV, newspaper and radio. That they wished that they would quit talking so much about it so that it would pass.

I asked Amber if [redacted] had any association with any persons considered to [redacted]renchcoat Mafia. Amber stated that [redacted] does not associate with those [redacted]ple. She stated that he reads books about Goths and hangs out with wannabe Goth people. She stated that [redacted] is not even a Goth in the sense of the term.

I asked Amber if [redacted] would have known Harris or Klebold from Columbine. Amber stated he would not have known them because if he had he would have told her and he never did. I asked her if she had ever seen pictures of [redacted] in front of a BMW holding car keys or in front of a BMW with some female persons. Amber stated that she had never seen a picture like that. Amber related further that [redacted] does not know anybody like the Trenchcoat Mafia.

Amber related that approximately two to three weeks before the shooting had occurred they had gone to Arby's. That afterwards they were planning on going to the Underground which is located on Nevada Avenue. She stated that they were not able to go because [redacted] had to go home.

I asked Amber if she knew the location of any house that could be construed as a Goth house in the Security/Widefield area. She stated that she has never heard of any such place and that if there was such a place the other kids would normally talk about it. She stated that if [redacted] had known of such a place he would have told her about it.

I asked Amber if she was able to determine when talking to [redacted] when he was actually being truthful and when he actually may be misleading. Amber s[redacted]ed that because they had been friends for so long and that she knew

so well that it was easy for her to make the determination of when [redacted] was simply elaborating on a situation or when he was actually telling the truth. Amber stated that to the best of her knowledge [redacted] reads about Goths and therefore he thinks that he may be a Goth. That he is a wannabe Goth and he is able to fixate that in his mind. Amber stated that any activities that [redacted] is involved in he talks to her about. She stated that prior to the incident in Columbine up until this date he has not indicated in any manner that he knew anybody in the "Trenchcoat Mafia" and does not even know if there is such an organization in the Colorado Springs area. That a lot of the information could have been obtained from the media. In regards to Pedophile Bill she has heard of Pedophile Bill from [redacted] and from other students of other schools. She believes that there is in fact a Pedophile Bill but was unable to articulate as to where the person may live and his description nor any circumstances surrounding his activities. She denied completely the fact that she was ever at Pedophile Bill's with [redacted] and has never seen any type of literature at the residence.

Report By:	Detective J. Ruetz 74035
Report Date:	May 7, 1999
Type of Report:	Memorandum of Interview - John Thomas Perry DOB 10-29-80

On May 7, 1999 Detective Ruetz interviewed John Thomas Perry DOB 10-29-80 at his residence, 6486 South Cody Way Littleton, CO. Perry's mother and father were both present during the interview. Perry is a senior at Dakota Ridge High School and works part-time as a delivery driver for a Pizza Hut store located at 5055 South Kipling Street Littleton, CO (303-972-1507). Perry has worked at the store for about one month.

Perry said that on April 20, 1999 he made a delivery of several "Individual Pan Pizzas" to Columbine High School. Perry explained that the Distributive Education Clubs of America (DECA) chapter at Columbine had a standing order for the pizzas which they would resell in their store in the cafeteria area.

Perry said that he arrived at the school at approximately 11:00 AM. Perry said that he drove to the school from the store and that he approached the school from the north on South Pierce Street. He parked in the lower parking lot just outside the cafeteria. Perry said that he as he exited his car and walked to the west door with the pizzas, he saw a male and female, both of whom he assumed to be students, standing near the door smoking cigarettes. He described the female as being white, having long blonde hair and wearing blue jeans and a dark colored waist length coat. He said the male had medium/short brown hair and was wearing blue jeans and a blue tee shirt.

Perry entered the cafeteria, in which he said there were about 30 students, and went to the DECA store area. He found a note saying that he should go to Business Room #5 to deliver. He said that a female student asked him if he needed directions and pointed him toward the Business Department rooms where he located room #5. He encountered Dave Sanders, a Business Department teacher, who accepted the delivery and signed for it. Perry said that Sanders explained to him that the DECA students were in a meeting and he would take the pizzas to the store area. Perry said that he helped Sanders carry the pizzas to the store and they put them in a warming oven. Perry then left. He said that Sanders remained at the store area.

Perry returned to his car at approximately 11:10 AM. He said that when he walked out of the cafeteria, he saw several students going to their cars, apparently to go to lunch. He also saw two female students walking along the outside of the cafeteria area from the north. He described both females as wearing sunglasses and said that both were blonde. He said that one was shorter than the other. He described the shorter of the two as wearing a yellow sweater-vest and blue jeans and the other as wearing a white tee shirt and blue jeans. Perry said that he left the school northbound on South Pierce Street and drove to West Bowles Avenue and then west. He said that the signed receipts from the school delivery are normally returned to the Pizza Hut and retained. (One of the signed receipts referred to by Perry was subsequently recovered from the Pizza Hut store.)

Perry said that in the spring of 1998, he attended a party at a house somewhere near Columbine High School. He said that a person, who he later found out was Eric HARRIS, was also at that party but that HARRIS stayed with a small group of others and he never spoke to him. Perry remembered having heard others refer to HARRIS as "Red" ("Reb"). Perry was shown an enlarged copy of a class picture from Columbine High School and asked if he recognized anyone. He pointed out Chris MORRIS and said that he had been with HARRIS at the party. He also pointed out a female sitting just below and slightly to the left of MORRIS in the picture as a DECA student to whom he often delivered pizzas.

REPORTED BY:	Detective J. Ruetz 74035
DATE OF REPORT:	May 7, 1999
TYPE OF REPORT:	Recovery of Item # 10118

On May 7, 1999 at 12:00 PM Detective Ruetz went to the Pizza Hut Delivery store located at 5055 South Kipling Street Littleton, CO. In an interview earlier that day, John Perry, a part-time delivery driver at the store, told Detective Ruetz that a signed receipt for pizzas delivered to Columbine High School shortly after 11:00 AM on April 20, 1999 might be located in the files there.

Detective Ruetz contacted Ms. Karen Cloud, the manager of the store. Ms. Cloud checked her file and located a receipt for that delivery which was signed for by Dave Sanders. Ms. Cloud released the document to Detective Ruetz who provided Ms. Cloud with a receipt for it.

Detective Ruetz took the pizza receipt to the Jefferson County Sheriff's Department Property Bureau where it was marked, sealed and placed as evidence item # 10118.

RE: The British System has overwhelmed the American System

The British System is a rigid class system of inherited wealth: the Royals are like the Iceni tribe of 2,000 years ago: "horse mad, war mad, head-hunters", and that from Lady Antonia Fraser's best-seller, "Warrior Queens". Elizabeth II is a warrior queen, and the British are characteristically predatory and cruel: this is "Camelot", this is the Kennedy clan, this is the cause célèbre of all America's troubles! Not only have we lost 1776, it's still German Georgy, & Jewish at that, that heads up this British regime or mob or cult for that matter. The Barons Rothschild in 5 countries hold the Royals in place; Americans don't have a clue as to the real nature of these bad families; however, they are very well known and directly despised in Russia, Africa, China, the Balkans, Tibet, India & Pakistan — This baron-based British regime (Rothschild, Jacob, calls himself an "Imperialist", alluding to his claim he learned his tricks from the Hapsburgs) these families possess the world and all the monopolies, oil, electronics, diamonds and banking, as well as military (NATO, Pentagon, U.N.) fall under the Barons' command & the echelons near them of Royals, Kennedys, Rockefellers, media, especially OUTS: our so called media is happily engaged in purging

about 90% of the information which the American people should be getting. This is how they artificially create a vacuum around people and events, so very little actual truth escapes).

2. The British don't believe in educating the young:
The British Royals & Barons have a sinister mind-set: criminal.
The World is theirs to conquer and re-conquer.
"Why in God's name would anyone bother to educate defeated people!? Why, man, they're to be despised of!"

In England under the Rothschilds (from 1815), public education was better in the 17th century (puritan) than it was in the 19th (Fabianism). And that's what's overtaken us and pulled us down, and back. You see this account for the child labor and Victorian factories that disgraced Kathy Lee Gifford - render this British Regime of German George and Kennedys' sex obsessed, and pornography + drugs + bad family aggression; standards of moral reasoning are dragged to their death. Joseph Kennedy went over to this British regime/mob easily on - there's not one doubt that the Kennedys, Rockefellers, Bushes, Greenspans & Kissingers are 100% British agents.)
It's a terrible heresy for Kennedy to feign Catholic family, to the extent that millions of well-meaning Americans have nearly a ~~shrine~~ shrine in their homes to them. This heresy must be expunged from the American Christian culture, as they are gung-ho Rothschild agents: Racist, anti-catholic, anti-civilization.

3. A Tibetan Buddhist swami in the Boulder, Colorado settlement described America in a word: "Defeatism."

You should visit Swami Jyoti to get a real & true perspective on what has been done to us.
We are all victims of British agression, reigning down on us through counterfeit families & the media they bend to their will.

"The British encourage suicide"

Like the Roman Empire of 2,000 years ago, the conquerors "casts aspersions" on the defeated people as a matter of course. Pitting youth against youth (School as Roman circus) makes a nice "gladatorial spectacle" for the jaded appetites of the imperial cult. You see, Americans are just "hanging around" for their amusement, and these British have let everyone know its going to be bloodsport (eg. the British have established a demand for human sacrifice - it amuses them - and pornography keeps them "interested" — "Why, doesn't everybody want them around?!"
That is what Kennedy & Bush specialize in: manufacturing lurid crime and stunning slaughter here: Tell can open up this communication channel to men & young men, for example, & lead them to believe there special, or just poison their mind, & goad them and push them and get them to act out in anti social & criminal behaviorisms. Our loss — the British Inn. That's how they tally it up.

So the youngsters are picked up in this diabolical game, whereas their parents, teachers & local authority suffers a British mental block, and are baffled, useless.

All this is a Victory for the Crown.

4. In 1975 I completed my teaching credentials at the University of Puget Sound, Tacoma, WA.

Twenty-five years ago the key word was "self esteem". The lesson plan had to be destroyed to result in a "successful" experience for the student to build self-esteem. Research had determined that "low self esteem" & low feelings of self-worth led directly to jail. This theory cannot be cast down, so its worth a hard look at just what happened to it. The reason the social structure at our schools is rigid is because the Kennedys have American types "pegged" and put into slots. Youth doesn't fit naturally into cultural stereotypes, shards and faction — it isn't normal. It's been done to us, imposed on us, and forced with an extraordinary effort by this foreign regime of which Kennedy is the right hand man, an instrument. As the hymn goes "O God of youth whose spirit in our hearts is stirring hope and desire for noble lives and true!" You see, this is natural & normalcy. This bespeaks the American system, and was manifest under Eisenhower: as the generations came of age here, unifying principles weren't encumbered. Camelot severed (curtain) and turned down moral reasoning from 1960. Now we have an entirely different situation where youth is broken off into many little pockets of privilege or impurity. It's well known that Ted Kennedy stimulates & directs gang behavior here, to ensure American defeat, for the next phase.

5. You may want to read a book by C.P. Snow entitled Corridors of Power. It will put everything in perspective for you: in the 1950's in London the British "happily" applied game theory to nuclear energy, and changed the whole destiny of America by dubbing us "The West", which they simply made up. What did "The West" really mean? It meant we were going to pick up the tab. That's the way the Royals are — they freeload; the British steal. And that's why our society manifests so much "Wormwood": embittered men, & now youth. As one analyst said "We have lost our adaptive responses" to the demands they've imposed on the American people, having booted out our civil government and rudely, crudely, taken over. Anymore we have to give up. It's not understood at all by Americans that the British monarchy has absolutely no intention of co-existing with any civil gov't, nor the Vatican nor any Holy See, nor any United Christian council. Everyone is "derecognized" — all are "of no consequence to the Baron & their Royal Regime. They broadcast our low estate to everyone in the world: Americans are dead, the Democracy — defunct

6. The Clintons are quislings. How can this be true. Well, the British Rothschilds & Royals did, in fact, run the Third Reich. Shocking that the richest Jewish family, the silent benefactor of Zionism even, would turn on their "own people" but then haha "he owned them". The Baron explains it this this way: "Who better than

a Jew to know what the Jews need – or deserve?"
It was a case of "Saturn eating his own children".
(Many Jews were Communists, but they were eating
out of the Baron's hand. He simply made a "fist".)

And since we all know Bill Clinton made a British
connection at Oxford, and that actually Ted &
George are over Bill – they're all British agents,
this is why the B.B.C. no less, did say Bill
was a quisling, an aperture for these
power mad predators to cut a swath through any
one of their possessions like Yugoslavia or Tibet (or Russia
and Bill's role is to simply "cover it" and
have a dalliance if he feels like it. If Americans had had
a president in 1998, this Roman-British spectacle wouldn't have occurred

Conclusion: there's more, but "The burden of
truth" has become a stone in my life,
displaced my life, and as an American
citizen, at least by what the law still says,
I very much want to lay down this burden.

Some level of co-ordinated committee of law
enforcement and legal professionals must prove
this simple truth which shows our record to
be pure bunk – it's our obligation, even job
description to inform & warn the American people
that this country is not a democracy at all,
but a British holden pen where sick rich men can get away with murder

Please contact me if I can be of any help to you.

Sincerely,
Judy Ryon

Postscript:

Consider enrolling these students (OR their parents even) in Naropa Institute, near Boulder, for the Summer Quarter. Or any one of these wonderful teachers who have a perfect understanding of American defeatism. Naropa may offer to come to you, and set up their program, in order to accommodate everyone. I can't tell you how very sorry we are, but these British pride themselves in being hard-line and unrelenting. What good does it do to know they are "emotionally backward", "damned" even, if no one can stop them?

DEAR MR DAVIS:

ON TUES. APRIL 20th I WAS WATCHING CNN ABOUT 2 P.M. (CT). ABOUT THE SECOND OR THIRD PERSON (A WOMAN) REPORTING THE SHOOTING TURNED AROUND AND LOOKED DIRECTLY BEHIND HER WHERE A MAN ALONE CAME OUT OF THE SCHOOL BUILDING AND SHE SAID "WONDER WHAT HE'S DOING" THEN SHE CONTINUED WITH NEWS AS IT WAS HAPPENING. (I BELIEVE THIS WAS WHEN ALL PEOPLE WERE FOCUSSED ON THE MAN CLIMBING OUT THE WINDOW). NOTHING WAS EVER (TO MY KNOWLEDGE) SAID AGAIN ABOUT THIS MAN.

IS THERE ANY WAY SOMEONE COULD GET THE EARLIER FILMING & SEE IF THIS COULD BE SIGNIFICANT REGARDING ANOTHER SUSPECT.

I DON'T KNOW EXACTLY THE SHAPE OF THE SCHOOL SURROUNDINGS IT APPEARED SORTA LIKE THIS:

THIS HAS BEEN ON MY MIND AND I JUST HAD TO TELL SOMEONE. IT MAY BE NOTHING SO FORGIVE ME. THIS IS ALL SO SAD. I KNOW YOU PEOPLE WILL NEVER FORGET THIS TRAGDY BUT I HOPESOMEDAY IT WILL BE EASIER TO BEAR.

GOOD LUCK ALWAYS

She said Sam told her he was in the cafeteria when the suspects came in with their guns. He said he ran to the kitchen to hide, and he and others were in a small room within the kitchen area, and had locked the door. He said he could hear conversations going on, and it sounded like it was on a walkie talkie. The individual he could hear talking had a deep voice, and he could hear a lot of movement in the kitchen area. Sam said someone tried to come into the storage room they were hiding in.

Eric Harris, one of the two killers in the American school bombing, is my cousin. After searching through my saved emails this morning, I came across an email Eric posted to me about two months ago. It reads:

"Dear Alex,

This may be a final farewell. Me and my posse have decided to complete a task set by Adolf. He told me to exterminate anybody who gives us shit. Me and Dylan, my closest friend have decided to complete a killing at school, and in the town centre. All of the jocks and coons who called us freaks will pay a very high price. I will kill them all. I have been reading up how to make pipe bombs and other powerful explosives. My plans are:
1)To kill all jocks
2)To kill all coons
3)To rig the school with nitroglycerine
4)To detonate bombs in the cafeteria and library
5)To place a large explosive in the cafeteria, maybe a propane explosive, i'm not sure
6)To place a final farewell in the centre of Littleton. This is my main task. It should take out about 100-200 lifeless humans.

If you think I am insane, Maybe. Is it my fault? No. This life has been a failure, and I will change that. Adolf is awaiting, I must hurry. Keep this a secret until the massacre is complete.

I have drawn plans. These are the procedures:
1)Enter cafeteria after rigging 2 cars with pipe bombs
2)Shoot all coons and jocks
3)Enter stairwell
4)Shoot all coons and jocks
5)Enter library
5)Tell jocks to stand up and take them one by one
6)Strap explosives to myself and Dylan
7)Set timer
8)Detonate all nitroglycerine and explosives
9)BOOM
10)Meet Adolf in a nicer world.

The more extensive death will come on April 26th, my hearts birthday.

Goodbye Alex, it's been nice knowing you."

Eric sent me this on February 24th 1999 at 10:09. I didn't take this seriously as Eric had been known as a joker and a bit of a soft touch. I am shocked at what he has done. If I had told anybody sooner, 13 innocent souls would still be alive. I feel terrible. After reading extensively about the shootings, I wonder, will this ever happen in England, and I think back to Dunblane, and I think "yes".
Please, this is not a hoax, all I am trying to do is help. Have the police found the nitroglycerine yet. I have heard this is a very powerful explosive.

Have the police found anything in the town centre yet? I think he has made a very large explosive or something.

Yours sincerely

Alex Harris

INVESTIGATION:

On 05-27-99, I received a lead sheet reference a threat to witnesses of the Columbine shooting. This is based on an e-mail ser from Lindaeall@AOL.COM to NEWSHAWK known as Jason Quibb. E-mail address is MONTAUKET@HOTMAIL.COM This e-mail was sent to The Denver Post and subsequently sent to Columbine Task Force. In this e-mail, Linda tell NEWSHAWK that she has new information for him. Last night she spoke with a friend (the mother of my best friend) and "sh went to visit xxx at the hospital" whose mother said he has been getting death threats. Someone is threatening to finish off th injured students and the rest of Columbine. This e-mail continues, indicating that this is the reason that witnesses from th Columbine have been reluctant to speak with law enforcement. I then contacted Investigator John Healy to research the websit and e-mail addresses of those involved. Investigator Healy was able to bring up NEWSHAWK but unable to identify from where this e-mail is originated. Investigator Healy, at my request, did send them an e-mail requesting them to contact me for additiona information.

On 06-01-99, we did receive an e-mail from NEWSHAWK a.k.a. the MONTAUKET@HOTMAIL.COM, subject death threats NEWSHAWK stated that they had no other information other than what they received from Lindaeal@AOL.COM and that the entire text of the message contained herein was all that they had. In this information, the person identified as being interviewed the hospital and hesitant to talk to law enforcement was identified as "Mark Taylor." Taylor is one of the injured victims of the Columbine shooting. Subsequently, NEWSHAWK did send us another e-mail in that NEWSHAWK says that there is a conspiracy to change witness statements and investigators are covering up information that has been given to them. Additionally, NEWSHAWK claims Chris Wisher knows a student who saw 7-8 individuals dressed in trench coats who were inside the school while shots were fired outside. Statements given to investigators in previous interviews refute this information. (See attached lead sheets). At my request, Investigator Healy did a search of NEWSHAWK and additional documents were found on the Internet. These documents are directed at the U.S. Government claiming covert operations of mind control are being conducted. NEWSHAWK appears to be a small publishing company who attempts to manifest the idea the U.S. Government is conducting mind control of all citizens.

COLUMBINE SURVIVORS THREATENED WITH DEATH IF THEY "TALK"!!!

To NEWSHAWK:
I HAVE SOME NEW INFO FOR YOU. LAST NIGHT I SPOKE WITH A FRIEND (THE MOTHER OF MY SON'S BEST FRIEND).

SHE WENT TO VISIT XXX AT THE HOSPITAL, WHOSE MOTHER SAID HE HAS BEEN GETTING DEATH THREATS; SOMEONE IS THREATENING TO FINISH OFF THE INJURED STUDENTS AND THE REST OF COLUMBINE.

THIS COULD EXPLAIN THE HESITATION OF SOME OF THE INJURED TO TALK ABOUT WHAT THEY SAW. I DO NOT KNOW FOR A FACT IF OTHER INJURED STUDENTS HAVE RECEIVED THREATS BUT THE TONE OF XXXS MAIL SEEMS TO POINT IN THAT DIRECTION. OF COURSE THERE IS ALWAYS THE POSSIBILITY THESE THREATS ARE ONLY A HOAX.

THE POLICE HAVE BEEN INFORMED. RUMORS AT THE SCHOOL ARE RUNNING RAMPANT ABOUT MURDERERS WITHIN THE STUDENT BODY. XXX'S FAMILY WILL NOT SPEAK TO THE PRESS; PLEASE DO NOT CONTACT THEM.

I HAVE SOME NEW INFO FOR YOU LAST NIGHT I SPOKE WITH A FRIEND (THE MOTHER OF MY SONÕS BEST FRIEND) SHE WENT TO VISIT MARK TAYLOR AT THE HOSPITAL, HIS MOTHER SAID HE HAS BEEN GETTING DEATH THREATS, SOMEONE IS THREATENING TO FINISH OFF THE INJURED STUDENTS AND THE REST OF COLUMBINE. THIS COULD EXPLAIN THE HESITATION OF SOME OF THE INJURED TO TALK ABOUT WHAT THEY SAW. I DO NOT KNOW FOR A FACT IF OTHER INJURED STUDENTS HAVE RECEIVED THREATS BUT THE TONE OF MARK TAYLORÕS MAIL SEEMS TO POINT IN THAT DIRECTION, OF COURSE THERE IS ALWAYS THE POSSIBILITY THESE THREATS ARE ONLY A HOAX. THE POLICE HAVE BEEN INFORMED. RUMORS AT THE SCHOOL ARE RUNNING RAMPANT ABOUT MURDERERS WITH IN THE STUDENT BODY. MARK TAYLORÕS FAMILY WILL NOT SPEAK TO THE PRESS PLEASE DO NOT CONTACT THEM.

Subject: Death Threats to Littleton survivors

Investigator Healy-

In your email of Fri. 5/29/99, you wrote, re: death threats against Columbine survivors --

"...We would like to begin an investigation into this matter, but we need to speak with you briefy....

"We are interested in protecting the victims of this crime and identifying the person(s) making the threats. Please help us!"

Naturally we would and will do anyhing we can to help, as you put it "protect the victims of this crime."

NewsHawk is a small publishing company. We have pursued information regarding the Columbine massacre rather closely, and have published several articles about it.

Perhaps most significantly, we interviewed Columbine student/witness Chris Wisher. Chris stated to us that he knows for a fact that witnesses have been coerced by investigators into changing their testimony regarding other gunmen witnessed. Mrs. Wisher concurred absolutely with this statement.

Chris Wisher also stated that he has personal knowledge of a female student/witness, who saw a group of 7-8 people in trenchcoats with weapons, UPSTAIRS at Columbine not long after the shooting broke out. Chris stated that a number of other students witnessed this, and that at this time Harris and Klebold were DOWNSTAIRS.

Quite frankly, sir, we have found instance after instance of inconsistencies, peculiarities, oddities, unexplained loose ends regarding what went on a Columbine on 4/20/99, and as I just stated, most troublingly we found numerous indications that law enforcement seems literally to be engaged in a coverup of certain facts.

Many people have emailed us with what they witnessed or experienced regarding the tragedy at Columbine. Almost unanimously the information we have received conflicts in varying degrees, and often outright contradicts "official" statements from investigators concerning circumstances of the massacre and related issues.

The email we sent you yesterday, received from Linda (Lindaeal@aol.com) in fact states plainly that law enforcement had ALREADY BEEN ADVISED OF THE DEATH THREATS!

How can you say with any VALIDITY that you can't begin investigating death threats made to survivors of the massacre, until you "speak" with us? Are you serious? We strongly protest this statement and any and all implications intended. These victims are THERE, Littleton-- AND they have ALREADY INFORMED LAW ENFORCEMENT!

As stated, we at Newshawk have absolutely nothing whatsoever to add to the information

contained in Linda's email.

INTRODUCTION

I have already written and disseminated one report on the U.S. government's secret electromagnetic/radio frequency mind control project [illegible] underground subterranean facility beneath the derelict Montauk Air Force Station, at the extreme east end of Long Island's south fork. These activities, an outgrowth of some very esoteric research directly linked to the (in)famous "Philadelphia Experiment" (Project Rainbow--later Phoenix) and both the interdimensional and psychotronic (linking mind to machine [computer]) ramifications of this work, reached literally heretofore unimaginable levels of human (technological) control over the parameters of our "reality" in the Montauk experiments, including all conceivable implications of that word. As has been stated by others, the masterminds behind the Montauk/Phoenix Project attempted to "play God".

WHAT'S WHAT--A RECAP

This entire field of research, including the legendary Philadelphia Experiment activities, dates back originally to the later 1930s. These were the early attempts at achieving radar invisibility ("Stealth") and according to some sources literal sight invisibility as well using "interdimensional" technology devised primarily by Nikola Tesla and Janus Von Neumann. By all accounts these experiments at the Philadelphia Naval Yard ended in uncontrollable and nightmarish failure when the ship was thrust into hyperspace: reappearing with a severely damaged crew only after the generators, transmitters and other equipment had been destroyed. During the 1950s, under the scientific leadership of Von Neumann, these earlier efforts gave birth to both the interdimensional/ time travel and the psychotronic/mind control aspects of the Montauk Project operations.

Columbine

by Townes Van Zandt

Tossin' hair a-ravin'
eyes of flashin' blue
all the livin' that you're savin'
won't buy you dreams for you

Cut yourself a columbine
tear it from the stem
now breathe upon the petals fine
and throw them to the wind

Watch the petals dancin'
see them twirl and sing
all your pride and prancin'
how much does it mean?

Watch the petals start to fly
and then come falling down
hear the wind begin to cry
as she sees some touch the ground

Ah, lady, like the flower fair
some day you'll have to fall
and you can find me standin' there

LITTLETON

A GORE GALLERY RETROSPECTIVE

On March 18, 1998 the Jefferson County Sheriff's Office took a "suspicious incident" report from Randy Brooks Brown. In his report, Mr. Brown stated that his son, Brooks Brown, had received threats from Eric Harris. These threats were reported to have been contained on Eric Harris' web page.

Mr. Brown stated during the report that he desired to remain anonymous and that due to concerns of his son's safety, he did not wish Harris, or Dylan Klebold, who was also mentioned in the report, to have knowledge of the report.

With the report was submitted ten pages of "internet info" in which the threats were contained. Investigator John Healy attempted to access the web site to no avail. The web site addresses provided by the Browns were not on-line. Without heading information, it could not be determined that the information had in fact come from Eric Harris.

Because of the nature of the threat, that explosives and computers were used, the report was forwarded to the Jefferson County Sheriff's Office Investigations Division for follow-up.

Investigators completed a NCIC/CCIC clearance check on Eric Harris on 4/2/99. Additionally, attempts were made to determine if any reports of found pipe bombs could be linked to the report, none of which could be.

On 4/11/98, Judy Brown phoned in a supplemental report that her son had received an additional e-mail message that outlined threats. Mrs. Brown stated that her son, Brooks Brown tried to respond to the sender but the sender was unknown. Additionally, she reported that her son had accidentally removed the e-mail message.

Investigator John Hicks reviewed the 4/11 report and later spoke with either Mr. or Mrs. Brown. Hicks saw no computer crime violation and referred them to the District Attorney's Office for clarification of legal questions.

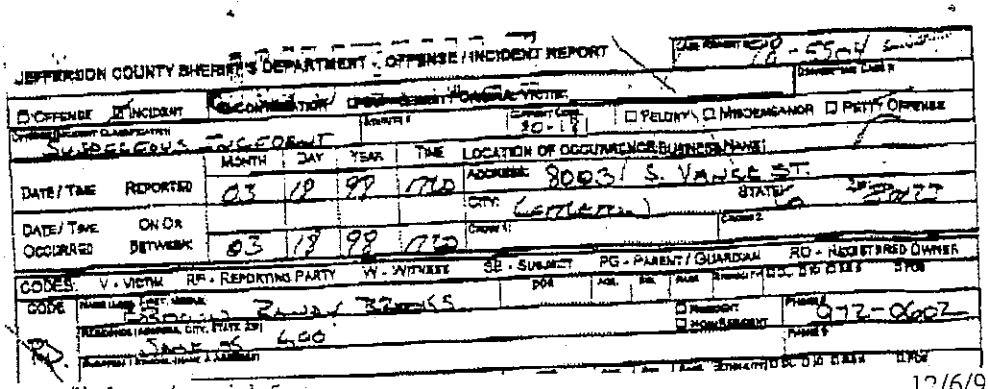

Because of the request of Mr. Brown, neither he nor his son, or Harris or Klebold were contacted. Without the ability to speak to a victim, or positively identify a suspect, elements of a crime could not be established.

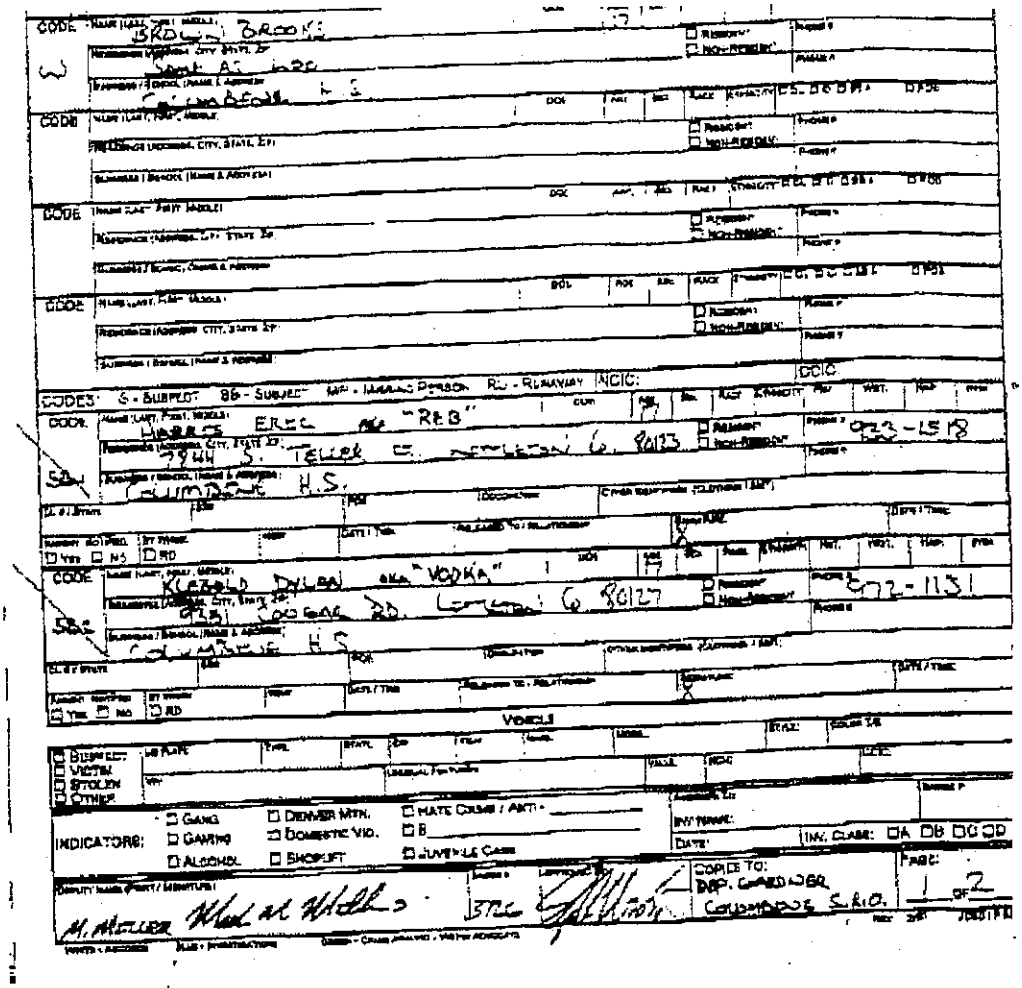

The investigators have maintained the report as a "open lead" since it was originally reported.

School Resource Officer. Deputy Neil Gardner was briefed as to the information by investigator Mike Guerra. Deputy Gardner, with this knowledge occasionally engaged Harris, and Klebold, along with several of their friends and associates in light conversation. Deputy Gardner made no observations of inappropriate behavior and has stated that both Harris and Klebold treated him with appropriate respect.

It is the position of the Jefferson County Sheriff's Department that, in light of the information available at the time, reasonable action was taken with the all reports received from the Brown family.

For your leisurely perusal, I've put up four more documents (I know, they must be coming out my ass I've got so many now, but I digress...). Please enjoy them, they show the courts lack of understanding and the general ignorance the law has about "serious" juvenile offenders. If they let these two go (since they had "potential", as the docs state) who the hell else is running around?

TERMINATION REPORT
JUVENILE DIVERSION

NAME: Dylan Klebold CASE NUMBER: 98JD337

DATE ACCEPTED: 3-25-98 STATUS: 12 month CA

TERMINATION DATE: 2-3-99 DCJ CRITERIA: YES

DIVERSION OFFICER: [redacted]

STATUS: Successful Early Termination

TERMINATION REASON: Complete compliance with Diversion

PROGRAM PARTICIPATION: Dylan accepted Diversion on the presenting charges of 1st Deg. Criminal Trespass (F5), Theft (F4), and Criminal Mischief (M2). Dylan's Diversion contract included a Drug and Alcohol Evaluation, Ethics Class, CJ Class, Progress reports, Apology Letter, Community Service, Fees, Adult Legal Issues and Daytimer.

Dylan did a very nice job on Diversion. He quickly completed the drug evaluation and no further tx. was recommended. He was able to attend the Discovery Class at ISAE although, he did not feel that it was of much use to him. Dylan's attitude while on Diversion was solid and he remained motivated even when I added the Adult Legal Issues Packet to the contract. As a result of the responsibility he displayed I removed the CJ Class from the contract in August. 45 hours of CSW were complete at various locations in the community and Dylan felt like this was the most effective piece of Diversion. He learned a lot from having to give up free time to work for no money. All fees and the two negative UA's provided while on Diversion were paid in a timely manner. Dylan had a tendency to struggle with motivation around school work so we focused on this area for some time. He was able to maintain a good grade point average after some confrontation and is set to graduate in the Spring 1999.

PROGNOSIS: Good Dylan is a bright young man who has a great deal of potential. If he is able to tap his potential and become self motivated he should do well in life.

RECOMMENDATIONS: Successful Termination
Dylan has earned the right for an early termination. He needs to strive to self motivate himself so he can remain on a positive path. He is intelligent enough to make any dream a reality but he needs to understand hard work is part of it.

NAME: Eric Harris CASE NUMBER: 98JD336

DATE ACCEPTED: 3-25-98 STATUS: 12 Month CA

TERMINATION DATE: 2-3-99 DCJ CRITERIA: YES

DIVERSION OFFICER: [redacted]

STATUS: Successful Early Termination

TERMINATION REASON: Complete Compliance with Diversion

PROGRAM PARTICIPATION: Eric accepted Diversion on the presenting charges of 1st Deg. Criminal Trespass (F5), Theft (F4), and Criminal Mischief (M2). Eric's Diversion contract included a CJ Class, Progress reports, Apology Letter, 45 hours Community Service, Fees, Adult Legal Issues, Anger Mgmt, MADD Panel, Ind. Counseling.

Eric did a very nice job on Diversion. He remained focused on Diversion despite completing a few classes that he felt had not impact, such as the MADD Panel. He did enjoy completing the Anger Mgmt. at ISAE which seemed to fit nicely with the individual counseling he was involved with. Eric excelled in school and never had any problems in this area. All fees including the two negative urine scans were paid in a timely manner. Community Service was completed at the Link Rec. Center and the comments from the supervisor were very good. Eric completed the Adult Legal Issues Packet very quickly and stated that he thought that piece was interesting because he discovered things he did not know.

PROGNOSIS: Good Eric is a very bright young man who is likely to succeed in life. He is intelligent enough to achieve lofty goals as long as he stays on task and remains motivated.

RECOMMENDATIONS: Successful Termination
Eric should seek out more education at higher levels. He impressed me as being very articulate and intelligent. These are skills that he should grow and use as frequently as possible.

This is a copy of the suicide note e-mailed to police shortly after the Columbine shootings. The message was sent anonymously, and the police have suspicions it is either fake, or possibly sent by another member of the Trenchcoat Mafia. Well, you've read the Eric Harris web pages, you decide if this came from the same mind.

By now it's over. If you are reading this my mission is complete. I have finished revolutionizing the neoeuphoric infliction of my internal terror. Your children who have ridaculed me, who have chosen not to accept me, who have treated me like I am not worth their time are dead. THEY ARE FUCKING DEAD. Surely you will try to blame it on the clothes I wear, the music I listen to, or the way I choose to present myself -- but no. Do not hide behind my choices. You need to face the fact that this comes as a result of YOUR CHOICES. Parents and Teachers, YOU FUCKED UP. You have taught these kids to be gears and sheep. To think and act like those who came before them, to not accept what is different. YOU ARE IN THE WRONG. I may have taken their lives and my own -- but it was your doing. Teachers, Parents, LET THIS MASSACRE BE ON YOUR SHOULDERS UNTIL THE DAY YOU DIE. Am I insane? Maybe. Is it my fault? No. I did not choose this life, but I have indeed chosen to exit it. You may think the horror ends with the bullet in my head -- but you wouldn't be so lucky. All that I can leave you with to decipher what more extensive death is to come is ``12Skizto." You have until April 26th. Goodbye.

Eric Harris, April 19th

SYNOPSIS:
On 5/27/99, SA Traver contacted Michele Hartsough at BlackJack Pizza located at 5500 S. Simms Blvd., Littleton, Colorado. In a previous interview Hartsough made mention that she had shown Klebold and Harris how to get powder out of fireworks.

NARRATIVE:
1. Hartsough stated that it was around the 4th of July 1998, at the BlackJack Pizza where they all used to work(at 6557 W. Ottowa)that she had taken powder out of fireworks and that Klebold and Harris had watched her. She stated that during the 4th of July for about a week, it was a nightly occurance, that they would remove powder from fireworks and place the powder in Pepsi cans and milk jugs and light them.
2. She stated that Harris and Klebold also used to take fireworks and place them in used pineapple cans, that they had at work. Date of transcription 05/11/1999

Nicole Renee Markham, DOB 02/23/1982, 7156 South Pierce Court, Littleton, Colorado, telephone (303)904-3538, was interviewed at her home in the presence of her mother, Sherry Markham, by Special Agent(SA) Ricky V. Wright regarding the incident that took place on 04/20/1999 at Columbine High School. After being advised as to the identity of the interviewing agent and the nature of the interview, Markham provided the following information:

At approximately 11:10 am, Markham got out of History class, taught by Mr. Fleenor. The class was located in a classroom near the main entrance to the school. Markham went west down the north main hall, then south to her locker, locker #905, located across from the library. After going to her locker, Markham went downstairs to the cafeteria and sat down at a cafeteria table(either DD or EE on diagram sketch). Markham believes she was sitting at table EE, but her backpack and a Macbeth book, which belonged to her, were found at table DD. Markham remembers that Lidie Perry, Alex Marsh, Vanessa Last Name Unknown(LNU), Jennifer Colby, and Krista Hanley were also sitting at her table. When the lunch line got low, Markham, Perry, and Hanley got up and got in a serving line.

While Markham was standing in line, her brother, Chris Markham, ran by the serving lines and was yelling for everyone to get down. Markham could tell by her brother's actions that something was seriously wrong and she crouched down by the serving line. Mr. Kritzer and a janitor were also yelling for people to get down. While crouched by the serving line, Markham saw a canister, with lots of smoke coming out of it, fly through the air and land in the parking lot. Markham did not hear the canister explode, but did hear four or five pops coming from outside. Everyone then got up and started running. Markham ran through the backstage door of the auditorium, where Mr. Andres was waving people in. Markham went though the auditorium and out a door on the north side. Markham estimates that there were 50 to 100 students going through the auditorium. Once outside the auditorium, Markham went east down the north main hall. Markham noticed broken glass at the main entrance to the school. Markham then turned north down the art hallway and then out the exit at the back of the gym. Once outside, Markham was helped over a

fence by Zach Heckler and then went to Clement Park. Heckler, Eric Jackson, Jessica Brown, Chris Stanford, and Christie Bell, may have also been in the cafeteria that day.

Markham was in the cafeteria before first period for 20 or 25 minutes. She was sitting at one of the tables near the faculty lounge with Eric Jackson, Krista Hanley, and Joe Ragole. Markham recalls that Brian Anderson, Frank Zirger, Jean Paul Zirger, Chantel Beery, and Kristen Theibault were also in the cafeteria then and sat near her.

Markham did not see the gunmen during the shooting and did not remember seeing any large duffle bags sitting in the cafeteria during lunch or before first period. Markham knew Eric Harris and Dylan Klebold through her boyfriend, Chris Morris, who was a friend of Harris and Klebold. Markham advised that she had already been interviewed regarding her association with Harris and Klebold. Markham did add that she has photographs of Prom night and After Prom, including photographs of Klebold and his date, Robyn Anderson, if investigators needed them.

On the day of the shooting, Markham was wearing overalls, a black tank-top, and blue and white athletic shoes.

All you dumb ass jocks and preb bitches need to shut the fuck up! your dumb. I think you should all die. Just remember- no one took Klebold and Harris seriously before they bombed Columbine. Haha- those kids deserved to die. No wonder why they were all jocks! All the rebellious kids (or the 'smokers) of this school are stereotyped so much. You know what- were all the same. We do the same shit. Except the only thing is- we are different when it comes to school. We hate it (no school spirit I guess) and you guys have fans. That's the only difference. ENGLEWOOD POLICE DEPARTMENT
INVESTIGATION PROGRESS REPORT

Summary:

On April 21, 1999 at approximately 9:45 A.M., a subject entered King Soopers at 5050 South Federal Blvd, Englewood, CO 80110, and purchased four 2-litre bottles of Mountain Dew soda. When the clerk asked the subject how he was doing, the subject made comments about being " not too good." The clerk also noted the subject's depressed attitude and his appearance which was similar to the "Trench Coat Mafia" look as publicized by the press. The same day the subject was in the store, graffiti appeared in the men's bathroom which said, "I bombed that high school and Goddard is next." The subject used a King Soopers discount card which was traced by King Soopers Security to the owner information. King Soopers waited one day before reporting the incident to police.

Following is the follow-up information located by Englewood Detective Christian Contos:

NARRATIVE:

ON 072099, I WAS WORKING SECURITY AT COLUMBINE HIGH SCHOOL. ABOUT 1555 HRS, I WAS CONTACTED BY (SB) CROWSON. HE GAVE ME A RED SCHOOL NOTEBOOK WHICH HE FOUND ON THE STREET IN FRONT OF CHATFIELD HIGH SCHOOL. HE SAID THERE WERE MORE NOTEBOOKS AND PAPERS DIRECTLY IN FRONT OF THE MAIN ENTRANCE TO THE SCHOOL IN THE MIDDLE OF THE STREET. (SB) CROWSON WAS ALARMED BY WRITINGS HE FOUND INSIDE THE NOTEBOOK, SUCH AS "SHOOT TO KILL", "I'LL PUT UP THE MADDEST FIGHT ANYONE HAS EVER SEEN. I KNOW HOW I WILL DIE BECAUSE I'VE SEEN IT IN MY DREAMS. I KNOW THE BULLET WILL TAKE ME DOWN", AND "I WILL BE READY. SO YOU BETTER AIM FOR MY HEAD."

I CONTACTED DISPATCH AND REQUESTED A DISTRICT CAR CHECK THE STREET IN FRONT OF CHATFIELD HIGH FOR MORE PAPERS OR NOTEBOOKS. NONE WERE FOUND.

I MADE PHOTOCOPIES OF EIGHT PAGES CONTAINING VIOLENT WRITINGS OR POSSIBLE IDENTIFYING INFORMATION. (ATTACHED.)

ABOUT 2155 HRS, I WAS CONTACTED BY R-1 SECURITY OFFICER LEWIS. I GAVE HIM A SET OF THE PHOTOCOPIES TO FORWARD TO R-1 SECURITY INVESTIGATORS. (R-1 CASE # C199-110

THE NOTEBOOK WAS SUBMITTED TO THE JCSO EVIDENCE VAULT.

My fears I dont really have many fears, but probably my one fear would be to watch my mom die. That is my only fear. I'm not afraid to die. A difficult choice me and a friend had to make was one night my friend stole his sisters car. We snuck out and we were going to pick up some more people. We parked in front of their house and me and Lambi got out of the car to go get them. The driver well call him Butthead stayed in the car. The next thing I see is the 50 on the street next to the car and I jump up and over the fence in 2 seconds and Lambi followed me. Then I see Steve drive the cop away by driving off that also meant we had to walk 25 miles to get home at 5:00 in the morning but we didn't get caught.

INVESTIGATION

On 8-18-99 ABOUT 1000 HRS I WAS ASSIGNED TO DETERMINE THE ACTIVITY OF A FOUND NOTE BOOK. THE NOTE BOOK WAS FOUND BY (SB) CLOWSON ON THE STREET IN FRONT OF CHARLIES HOT TAMALE ON 8-20-99. THE BOOK CONTAINED A JOURNAL THAT CONTAINED PASSAGES REFERRING TO ANARCHIST STATEMENTS AND CRIMINAL ACTIVITY. SEEMS TO BE FIXATED ON GUNS. THE COVER HAS A DRAWING OF AN AK47 WITH THE WORD NIGGAZ ABOVE IT.

THE NOTE BOOK WAS GIVEN TO DEPUTY BOWMAN WHO WRITE THE INITIAL REPORT. HE CALLED SOME AGENCY AND ALSO GOOGLE CENTER TO PH SECURITY - LEWIS. LEWIS MADE A FOUND PROPERTY REPORT AND DEPUTY BOWMAN ENTERED THE NOTE BOOK INTO JCSO EVIDENCE VAULT.

I OBTAINED THE NOTE BOOK FROM OUR EVIDENCE VAULT TO SEE IF THERE WAS ANY ADDED INFORMATION ON ANY OF THE NON COPIED PAGES. THERE WAS A PHONE NUMBER 530 2058. IT CHECKED BACK TO THE POWERS 449 WELLINGTON RD BOULDER CO. DULL HAS NO RECORD FOR HER. ABOUT 1120 HRS I CALLED THE NUMBER AND SPOKE TO AN ADULT FEMALE. I IDENTIFIED MYSELF AND TOLD HER THE NATURE OF MY CALL. I ASKED IF SHE WAS CATHY POWERS AND SHE SAID NO, SHE HAD RECEIVED OTHER CALLS ASKING FOR THAT NAME. I ASKED FOR HER NAME AND HOW LONG SHE HAD THE NUMBER. SHE WOULD NOT GIVE ME ANY INFO BECAUSE HER CALLER ID SAID "NOT AVAILABLE." I EXPLAINED THAT GOVERNMENTAL AGENCIES ARE ALL NOT AVAILABLE ON CALLER ID. I ASKED HER TO CALL DISPATCH TO VERIFY WHO I AM AND HAVE THEM TRANSFER HER CALL TO ME. I STILL HAD NOT HEARD FROM HER AT 1145 HRS SO I CALLED HER BACK AND SHE SAID SHE DID NOT WANT TO TALK TO ME RIGHT NOW. SHE SAID SHE MAY CALL ME BACK LATER. SHE WAS VERY RELUCTANT TO TALK TO ME. ON 8-20-99 I STILL HAD NOT RECEIVED A RETURN PHONE CALL FROM HER SO I CALLED PHONE SECURITY TO FIND OUT WHO THE NUMBER IS ISSUED TO — THE ADDRESS — AND HOW LONG — IE DATE IT WAS ISSUED. CATHY AT PHONE SECURITY SAID THE NUMBER WAS NON PUBLISHED AND I WOULD HAVE A SUBPOENA TO GET THE INFORMATION.

ON 8 19 99 I DROPPED OFF COPIES OF THE NOTE BOOK TO BOTH DEPUTY BRANDSKI AT CHATFIELD HS AND DEPUTY GARDNER AT COLUMBINE HIGH. THEY WILL TRY TO DETERMINE THE AUTHOR OF THE NOTE BOOK.

ON 8 20 99 ABOUT 0815 HRS I RESUBMITTED THE NOTE BOOK BACK INTO THE JCSO EVIDENCE VAULT.

ON 9 01 99 I RECONTACTED DEPUTIES BRANDSKI & GARDNER TO SEE IF THEY HAD DEVELOPED ANY LEADS AS TO THE AUTHOR OF THE NOTE BOOK — BOTH DEPUTIES STILL HAD NO LEADS BUT WILL TRY TO DEVELOP SOME THROUGHOUT THE SCHOOL YEAR.

RL SECURITY MADE OUT THEIR REPORT, THERE WAS NO FOLLOW UP DONE PER RL SECURITY SUPERVISOR

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 10/12/99

The following investigation was conducted in Arvada, Colorado:

Dorothy McCain, white female, date of birth December 14, 1917, residence 6226 Simms Street, Arvada, Colorado 80004, home telephone number (303) 424-8067, was advised of the identity of the interviewing Agents and the nature and purpose of the interview. Ms. McCain provided the following information:

Ms. McCain was being interviewed regarding two letters found in her mailbox located at her residence, 6226 Simms Street, Arvada, Colorado on Friday morning, August 27, 1999, between 11:00 a.m. and 12:00 noon while placing personal mail in her mailbox. Ms. McCain initially thought the two letters identified were left behind from the day before. The letters found in her mailbox were addressed to The Denver Post and The Rocky Mountain News. Ms. McCain read one of the letters found in her mailbox and was disturbed with the contents of the letter. Ms. McCain resides in a duplex adjacent to her sister, Ruby Stucker, living next door at 6228 Simms Street, Arvada, Colorado 80004, home telephone number (303) 424-8057. Ms. McCain advised she contacted and showed her sister the letter found between 1:00 p.m. - 1:30 p.m.

Ms. McCain stated the letters found should be reported to the Arvada Police Department (APD). Following Ms. Stucker reading the letter, she contacted her niece, Shirley Thompson, 11870 West 73rd Drive, Arvada, Colorado 80005, home telephone number (303) 431-1186. Ms. Stucker took custody of the two letters on Friday, August 27, 1999 from her sister Dorothy McCain and took them to her home prior to taking the letters to APD.

Ms. McCain advised there is no high school parking permitted adjacent to her residence, however, there is always a lot of Arvada West Senior High students walking to and from school. Ms. McCain stated her sister drove the two letters which were found in her mailbox to APD at approximately 3:00 p.m. for the purpose of reporting. The two letters found were described as "looked like off a press" on white paper measuring legal-sized 8 ½" x 14".

NARRATIVE

ELEMENTS/METHOD

Initiating Statement; On 042499 at 2004 hrs. I (Officer Troy A. Kananen, 1250P of the Colorado Springs Police Department) was dispatched to a to meet with Russell Crissman at his residence regarding information he discovered pertaining to the Columbine High School shooting. I arrived on scene at 2011 hrs and spoke with Russell Crissman who explained he was looking at Eric Harris's "Suicide Note" with a friend, Patrick Obrien on the internet. Russell Crissman further explained that he believes the "12Skizto" portion of the note translates to the phone # 1-800-275-4686 which he believes is a remote computer at an unknown location. Russell Crissman further stated that he believes important information may be obtained if this computer can be accessed. I called the this phone number and could only hear a series of beeps and tones. CSPD communications also attempted to obtain further information via the internet with no results.

NARRATIVE

Officer Statement: After meeting with Russell Crissman at his residence, I responded with Mr. Crissman to Patrick Obrien's residence where we accessed the "Suicide Note" on Patrick Obrien's personal computer at the website NBCNEWS.COM. (See attached note). Russell Crissman explained that by using the letters that correspond to the common telephone he obtained the phone number of 1-800-275-4686. I personally was unable to understand Russell Crissman's method of decoding. Russell Crissman stated that he believes this phone number connects to a computer. Both Russell Crissman and Patrick stated they were worried they would get into trouble if they attempted to access this computer without law enforcement's knowledge. I advised Russell Crissman and Patrick Obrien to advise me if they discover anything further. I also advised Jefferson County Sheriff's Office of the incident. A copy of this Report was faxed to Jefferson County SO. No further follow up at this time.

,o The Associated Press

DENVER (April 24) - The text of a note received by e-mail by police late this week. At first, authorities said it was being taken seriously, but they later said there was little reason to believe that was written by either Eric Harris or Dylan Klebold.

It was obtained by the Denver Rocky Mountain News.

By now it's over. If you are reading this my mission is complete. I have finished revolutionizing the neoeuphoric infliction of my internal terror. Your children who have ridiculed (sic) me, who have chosen not to accept me, who have treated me like I am not worth their time are dead. THEY ARE (expletive) DEAD. Surely you will try to blame it on the clothes I wear, the music I listen to, or the way I choose to present myself - but no. Do not hide behind my choices. You need to face the fact that this comes as a result of YOUR CHOICES. Parents and Teachers, YOU (expletive) UP. You have taught these kids to be gears and sheep. To think and act like those who came before them, to not accept what is different. YOU ARE IN THE WRONG. I may have taken their lives and my own - but it was your doing. Teachers, Parents, LET THIS MASSACRE BE ON YOUR SHOULDERS UNTIL THE DAY YOU DIE. Am I insane? Maybe. Is it my fault? No. I did not choose this life, but I have indeed chosen to exit it. You may think the horror ends with the bullet in my head - but you wouldn't be so lucky. All that I can leave you with to decipher what more extensive death is to come is "12Skizto." You have until April 28th. Goodbye.

Eric Harris, April 19th.

Narrative:

ON 5-12-99 I spoke with [redacted] by telephone. He was contacted regarding an incident which was related to the Task Force by the Lakewood Police. On 5-3-99 students at Bear Creek High School had reported to school administrators that [redacted] had been seen with weapons and military type magazines. He was interviewed by school administrators and Agent John Hunt of the Lakewood Police Department. During the interview [redacted] had told them he was interested in the military and had enlisted. He also stated he did have military magazines in his back pack but did not have any weapons. His back pack was searched and he offered to allow school administrators search his residence for weapons. Lakewood Police Agent Hunt sent a copy of the report to the Task Force for follow up.

During my interview with [redacted] he told me he was looked down on by administrators and students who did not agree with his desire to make the military his career. He said he was accepted into the Marines and would be in boot camp in two weeks. He said he would be out of highschool in two days and held not hard feeling for anyone who did not support his goals. He said he wanted to become a pilot and was working hard to maintain his gpa of 3.7. [redacted] told me he was living with his grandparents as he did not get along with his mother who lives in Denver or his father who lives in Miami. [redacted] told me the schools in Miami did not offer the classes Bear Creek High School did that he needed to support his goals.

It is my opinion [redacted] is not a threat to safety or security of Bear Creek High School. No additional follow up is required.

ON WEDNESDAY, 4-28-99, AT APPROXIMATELY 1515 HOURS, AGENT HINES WAS DISPATCHED TO MOLHOLM ELEMENTARY SCHOOL REFERENCE THREATS BEING MADE TO A YOUNG STUDENT.

UPON ARRIVAL, CONTACT WAS MADE WITH ASSISTANT PRINCIPAL TODD FUKAI WHO ADVISED THAT TAYLOR GERDES IS IN THEIR AFTER SCHOOL PROGRAM. HE HAD BEEN IN THE PLAYGROUND AREA ON THE NORTH SIDE OF THE SCHOOL JUST AS SCHOOL WAS LETTING OUT WHEN HE HAD BEEN APPROACHED BY AN UNKNOWN MALE, A MIDDLE SCHOOL OR HIGH SCHOOL STUDENT, WHO TOLD TAYLOR THAT HE WAS GOING TO "DO A SHOOTING" AT THE SCHOOL. THE SUBJECT THEN LEFT THE AREA W/B THROUGH THE PLAYGROUND. TAYLOR HAD THEN CONTACTED A STAFF MEMBER AND MADE THEM AWARE OF THE SITUATION. THEY IMMEDIATELY CHECKED THE AREA WITH NEGATIVE RESULTS.

OTHER AGENTS MADE AN AREA CHECK OF THE MOLHOLM NEIGHBORHOOD WITH NEGATIVE RESULTS.

A[illegible] HINES SPOKE WITH TAYLOR WHO APPEARED TO BE A VERY BRIGHT, A[illegible]CULATE BOY. HE SAID THAT SCHOOL GOT OUT AROUND 1445 HOURS, AND HE HAD BEEN OUTSIDE FOR ABOUT 10-15 MINUTES WHEN THE SUSPECT APPROACHED HIM FROM THE EAST. TAYLOR WAS STANDING WITHIN 20' OF THE SCHOOL. THEY BOY CAME UP AND WHISPERED TO HIM, "I'M GOING TO DO A SHOOTING HERE. GET IT? DON'T TELL ANYBODY." THE BOY THEN RAN OFF W/B THROUGH THE PLAYGROUND.

TAYLOR THEN WENT INSIDE THE SCHOOL AND NOTIFIED A STAFF MEMBER.

TAYLOR PROVIDED A DETAILED DESCRIPTION OF THE SUBJECT AND EVEN DREW A SMALL PICTURE OF THE EARRING. IT WAS ROUND, BLUE, WITH PARALLEL LINES RUNNING THROUGH IT. AFTER AGENT HINES WROTE DOWN THE DESCRIPTION, SHE COMPARED IT WITH THE INFORMATION TAYLOR HAD GIVEN MR FUKAI AND FOUND IT TO BE IDENTICAL.

TAYLOR DID NOT KNOW THE SUSPECT NOR DID HE THINK HE HAD SEEN HIM BEFORE.

AGENT HINES OBTAINED A COPY OF THE MEMORANDUM OF INTERVIEW COMPLETED BY MR FUKAI AND A STATEMENT FROM ONE OF TAYLOR'S TEACHERS, MS JEAN FERGUSON WHICH HAD BEEN REQUESTED BY SGT BROWN REFERENCE TAYLOR'S CONCERNS FROM THE COLUMBINE SHOOTINGS.

SGT BROWN REMAINED AT THE SCHOOL AND SPOKE WITH MR FUKAI, TAYLOR AND HIS MOTHER, SALLY GERDES.

Taylor Gerdes didn't mention anything about the Columbine incident to me today. The only conversation I remember having was at a class meeting, April 22nd to answer questions and concerns the kids may have had. Taylor told the class that his dad was asked to help and that Taylor went with him. He also told the class that he was shown the bombs. Any other details I don't remember from the class discussion.

On approximately April 24, 2002 the Evidence Vault received a letter from Arapahoe County Sheriff's Office stating that we had an item of evidence to pick up. After calling and speaking with an Evidence Technician from Arapahoe County, it was determined that the item was a large overhead photo from case 99-7625. I called Randy West and he advised that we go ahead and retrieve the item. I called Randy West due to Kate Battan being out of town and not expected back until May 13th. I called Arapahoe County S.O. back and spoke to Lisa Peters, Evidence Technician. She suggested that since we were both going to be at CAPET Spring Conference on May 15th, that she just bring the item there and could take custody at that point.

I met Lisa Peters at the CAPET conference, signed for and accepted custody of the item, indeed a large, overhead photograph. The item was brought back to the JCSO Evidence Vault at the end of the day and locked in an evidence locker. On May 16th, 2002, I told Kate Battan that the item needed to have submission paperwork done for it. On this date, May 21, 2002, Kate Battan requested that I write this supplemental report.

INVESTIGATION:

During the week of April 22, 2002 I met with Ken Kreutz, the father of Lisa Kreutz. Mr. Kreutz expressed concern that his daughter's medical records regarding her injuries sustained at Columbine High School might be released. Mr. Kreutz explained that when Lisa signed the waiver she did so to assist the Jefferson County Sheriff's Office in their investigation. She never intended for those records to be used for any other purpose and never wanted those documents to be released to the public. Mr. Kreutz said that he wanted to make sure the Sheriff's Office understood their position due to the recent media coverage regarding the Attorney General's Task Force wanting to release additional Columbine documents.

Mr. Kreutz then provided me with a letter from Lisa Kreutz, addressed to me. The letter indicates that Lisa Kreutz has revoked the release of her medical records as of April 22, 2002.

I assured Mr. Kreutz that I would contact the Attorney's General's Task Force as well as the County Attorney, Lily Oeffler, and make them aware of the revocation of the medical release waiver.

On August 26, 2002 I received a telephone call from Mr. Kreutz who asked the status of the medical records. I explained that the Attorney General's Task Force had been advised that several victims, to include Lisa Kreutz, would not consent to the release of medical records. Mr. Kreutz asked that he be provided something in writing to assure him that they would not be released. I explained that the Attorney General's Task Force does not have the authority to release those records and that they remain in the control of the Sheriff's Office.

On August 26, 2002 I met with County Attorney Lily Oeffler and discussed Lisa Kreutz' revocation of her medical records. Ms. Oeffler agreed that the revocation would prohibit the Sheriff's Office from releasing the medical records. She added that if any one seeks those records in the future the Courts would address it and Lisa Kreutz would be notified.

The letter from Lisa Kreutz is attached to this report.

INVESTIGATION:

On Friday, August 23, 2002, I met Robyn Berger, Andy Efaw and Dave Hersch in the JCSO public lobby. Robyn Berger is from the legal firm representing the Harris family, Andy Efaw is an attorney representing Solvay Pharmaceuticals, and Dave Hersch is a Video/ Presentation Consultant retained to digitize video. Previous to this meeting, I had obtained evidence item numbers 265, 298 and 333 from Investigator Kathleen Battan. These were three 8mm-video tapes.

I escorted the 3 individuals upstairs to the Support Services conference room where Hersch set up the computer equipment for digitization. I obtained an 8mm camera from the Lab, as Hersch did not have a means of playing the 8mm tapes. Hersch did a test to set the recording levels and check the sound. This was at 1011 hours. At this point, he discovered that he needed two female to female RCA type connectors for connecting the audio to the camera. I gave him directions to the local Radioshack®. While Hersch was gone, Efaw, Berger and I remained in the room with the tapes and the equipment. When Hersch returned, he finished setting up the equipment and he started digitizing Item # 265. This was at 1103 hours. At approximately 1300 hours, Hersch finished digitizing the first tape. He started to burn the Mpeg files to a CD-ROM.

I called Lily Oeffler at the County Attorney's Office to seek clarification of the court order as to what was to be the final disposition of the completed disks and equipment when we finished making the copies. It was decided that Efaw would submit the equipment to the Special Master when the digitizing was completed and that I would maintain custody of the digitized copies on CD-ROM, and Lily Oeffler would submit them to the Special Master on Monday with other materials she had in her possession.

At 1330, Berger, Efaw and I went down to the Evidence Vault. I maintained custody of the 8mm-video tapes when we went to the Evidence Vault. Item #324 is the 2 Luvox bottles recovered from the Harris residence. At 1331, the items were shown to counsel. At 1332 it was determined that in order to count the remaining pills, it would be necessary to unseal the item and open one of the bottles. I unsealed the item and opened the bottle in the presence of

Evidence Technician Melinda Moss at 1332, while wearing a clean pair of latex gloves. Counsel and I counted the pills and found the quantity to be 13. It should be noted that no one other than myself handled the evidence. At 1337 the evidence was resealed and was resubmitted at 1340.

We then returned upstairs and Hersch started digitizing #298 at 1346 hours. After finishing with #298, Hersch started digitizing #333 at 1504 hours. Hersch finished burning the Mpeg files onto CD-ROMS at 1603, and I watched as he deleted the files from the hard drive at 1604 after verifying the disks. It should be noted that as Hersch finished burning each disk, I marked it with the evidence item number and the tape number. Bergen then left the Sheriff's Office. Efaw and Hersch left at 1620, taking the computer equipment with them to deposit it in the Special Room with the Special Master per the telephone conversation with Lily Oeffler. I took possession of the 4 disks per the telephone conversation with Lily Oeffler, as she was to submit them to the Special Master on Monday August 26, 2002. At 1627, I returned the 8mm camera to the Lab and at 1635, I secured the tapes and the disks in the Columbine Room for the weekend.

On Monday August 26, 2002, at 0830, I turned the tapes and the disks over to Investigator Kathleen Battan, who was to deliver the disks to Lily Oeffler at the County Attorney's Office.

Disposition: Exceptionally Cleared.

INVESTIGATION:

On Tuesday, November 5, 2002, I received a call from Melody Glogowski at the Jefferson County Courts. She informed me that the materials that needed to go to the State of Colorado Court of Appeals were ready.

Previous to this date, I was informed by Investigator Kathleen Battan that a box sealed with evidence tape and having a detailed list of the contents of the box would be secured in the "cold homicide "room. This box needed to go with the materials from the County Courts to be delivered to the Court of Appeals. I obtained the box from the secured room and proceeded to the Jefferson County Courthouse, where I contacted Melody at approximately 1515 hours. I left the Courthouse at approximately 1520 and proceeded to the State of Colorado Court of Appeals.

I arrived at the State of Colorado Court of Appeals at approximately 1555 hours where I met Clerk Diane Unger. I gave her the materials. I was given a receipt, which is attached to this report. I asked Unger how the materials would be returned to Jefferson County and was told that, normally, the materials are mailed by U.S. Postal Service. I told Unger that due to the nature of the materials, we would like to be notified when the Appeals Court was finished

with the materials, so that someone could go pick them up. She agreed and I gave her contact information for County Attorney Lily Oeffler, Investigator Kathleen Battan and myself.

I left the State of Colorado Court of Appeals at approximately 1600 hours and returned to headquarters.
