Counselor Brad Butts and she believes she returned it to Dylan after she arrested it. She is not sure if she kept a copy. Kelly thought Dylan may have typed it on the school computer I created in the Tech Lab. The teacher for the Tech Lab is Rich Long and the lab assistant is Peggy Dodd. Kelly stated the paper did not mention trench coat Mafia but remembers that it was about a man arriving in a town and kills the popular kids with guns. The end of the story portrays a man or implies that this man is a God like figure. Kelly stated it was very well written, "literary and "gristy." She stated it was written in late February or early March of 1999. Kelly discussed the paper with Dylan stating its cruel and disturbing. Dylan replied that it's just a story she told him she found it offensive. Kelly also stated she spoke to Dylan's parents at length about him handing in a disturbing story. Kelly stated that they did not seem worried. Kelly advised that her classroom is LA 8 (LA = Language Arts). Following the interview, Kelly pledged SA Lipka to add that she was not sure if Dylan actually wrote the paper or if he plagiarized it.

Also, on 3-4-99 SA Lipka & Tom Conroy, ESP proceeded to Columbine H.S. LA 8 classroom. In the classroom SA Lipka located the paper described above; in addition 40 papers written by Eric Harris, Nate Lykeman, and Brooks Brown. Upon return, 40 Command Post SA Lipka passed on these papers, in an Evidence Bag, 40 Case Year Investigator Kake Bathara, on 5-4-99.
