INVESTIGATION:

JC-001-007001

On 07-27-99, at approximately 1200 hours, I contacted witness Tyler Benjamin Pearce by phone, who is a Columbine High School student. This was in reference to the shooting that occurred on 04-20-99 at Columbine High School.

Tyler first said on 04-20-99, at approximately 0730 hours, he arrived at Columbine High School for his scheduled classes for that day. Tyler said his first class on 04-20-99 was a video productions class on the upper level of Columbine High School. Tyler said one of his classmates in this video productions class was Eric Harris. Tyler said on 04-20-99, Eric Harris was present in this class. Tyler said he could not remember anything unusual in the way Eric Harris acted or talked on 04-20-99. Tyler said Eric Harris "seemed normal" and said Eric Harris was on time for the beginning of this class as far as she could remember.

Tyler Pearce said he went to his scheduled classes after the video production class on 04-20-99 until his lunch period began at approximately 1110 hours on 04-20-99. Tyler said when his lunch period time began on 04-20-99 he left Columbine High School for lunch. Tyler did not advise me of any suspicious people he could remember seeing upon leaving the school

Tyler Pearce said he has known Eric Harris since they were in the 7th grade. Tyler said Eric Harris "was a normal person" to the best of his knowledge. He said Eric Harris previously played on sports teams. Tyler said Eric Harris also dressed normal and said he did not believe that Eric Harris began wearing a trench coat until approximately two years prior to the shooting on 04-20-99. Tyler said thinking back, he remembered that Eric Harris "really loved" fireworks, and especially those that would explode.

Tyler Pearce said approximately one to two weeks prior to the shooting on 04-20-99, Eric Harris made a video in their video productions class with Dylan Klebold. Tyler described this video that Eric Harris and Dylan Klebold made as being "weird" and said it was animated. Tyler said this video was about graveyards and skulls. Tyler said the Trench Coat Mafia students would stay to themselves. He said he would see them gather in the cafeteria/commons area of Columbine High School either at a table on the west side of the cafeteria near the windows, or on a bench underneath the stairway that leads from the upper level of Columbine High School to the lower level and into the cafeteria/commons area. Tyler said that Brian Sargeant seemed to be friends with the Trench Coat Mafia students, and particularly with Dylan Klebold and Eric Harris. Tyler said he knew who Brian Sargeant was because Brian Sargeant got into a physical fight last year with Isaiah Shoels. Tyler said that Isaiah Shoels is a friend of his, and said that Isaiah Shoels won this fight, and said that may be the reason why Isaiah Shoels was shot in the library on 04-20-99. I asked Tyler Pearce about anybody racially harassing or racially intimidating Isaiah Shoels. Tyler said he never saw anybody do either one to Isaiah Shoels and said in fact, "Everybody loved Isaiah." Tyler said he did not ever witness any of the other minority students at Columbine High School be racially harassed or intimidated either. Tyler said he never saw anybody harass the Trench Coat Mafia students, and said the reports that he has seen in the media of the Trench Coat Mafia students being harassed were false. Tyler said he did not see the "Trench Coat Mafia" students harass anybody either.

I asked Tyler Pearce if he had any knowledge of anybody else being involved in the shooting incident on 04-20-99. Tyler said that he knew Robyn Anderson was good friends of Eric Harris and Dylan Klebold, and said he could not see any way that

Robyn Anderson could have not known what was going on. He also said he knew Brooks Brown was friends with Dylan Klebold and Eric Harris, or were previously friends with him. Tyler said he does not know of anybody, nor has he heard any rumors of anybody that may be manufacturing explosive devices and/or possessing or selling firearms.

I asked Tyler Pearce how he and his family have been doing since the shooting on 04-20-99 at Columbine High School. Tyler advised me that he and his family have all been doing well. I gave Tyler my name and phone number and asked him to contact me in the future if anyone in his family wants to speak with a JCSO Victim Advocate. I told him I would make the necessary arrangements for them at that time.

INVESTIGATION:

On 06-10-99, at about 1700 hours, I responded to 7321 S. Webster Street, to contact and interview Jennifer Katy Perlman, who is a graduated student of Columbine High School. This interview was in reference to the shooting that occurred at Columbine High School on 04-20-99.

Upon arrival at Jennifer Perlman's house, I interviewed her in reference to what knowledge she may have about Dylan Klebold, Eric Harris [REDACTED] and any other Trench Coat Mafia students she may have known while attending Columbine High School. Jennifer advised me that she knew who Dylan Klebold was, but other than that, the only thing she knew about him was that she believed he wore a trench coat when she would see him in the hallways. Jennifer said she was not even sure of this.

Jennifer advised me that she had never heard of Eric Harris prior to this incident.

JC-001-007007

Jennifer also told me that while she attended Columbine High School during the 1997-1998 school year she remembers a female by the name of Michelle, however, she could not remember her last name. Jennifer said that Michelle is an ex-Columbine High School student as well and also now attends the University of Northern Colorado. Jennifer said she recalls that Michelle wore

a trench coat, tall black boots and said that they were "tie up Indian type boots." Jennifer could not recall any further information about Michelle.

Jennifer said that she had known Joe Stair since they both attended elementary school at Dutch Creek Elementary School. Jennifer said she did not know much about him other than she recalled that he was "really quiet around people." She said while they attended Dutch Creek Elementary School, people would make fun of Joe Stair due to the way he acted, and due to the way he would stand in the same spot and just stare at the female students. Jennifer said that she recalled in high school Joe Stair would wear a jean jacket with some type of racial comments on it, and she believed these racial comments had something to do with slavery, however, she was not positive. Jennifer said he also had something on the jacket that was written against females, however, she was not sure what that was either. Jennifer said she has not seen Joe Stair since graduation in the spring of 1998.

Jennifer told me in the fall of 1997, a student by the name of Robert Malin Craig murdered his father and then committed suicide. She said this occurred in one of the residential areas in the area of Coal Mine and Pierce. Jennifer said that she believed that Robert Craig was a Trench Coat Mafia student, and said that he had sat next to her in a math class and listened to "weird music." I asked Jennifer what type of music this was that Robert Craig would listen to that she considered weird, and she said she recalled he listened to "Clown Posse." Jennifer said she could not recall any further information about Robert Craig.

I asked Jennifer if she had ever witnessed the "jocks" or any other students harass the Trench Coat Mafia students, and she said no, she had not. She also said she had not seen the Trench Coat Mafia students harass any other students either.

I gave Jennifer Perlman one of my business cards and asked her to contact me in the future if she could locate any further information about any of the Trench Coat Mafia students. Jennifer said she would contact me should she find any more information that may be beneficial to this case.

DISPOSITION: Case remains open, pending further investigation.

JOSIAH TOLD ME THAT HE LEFT THE SCHOOL ON 04-20-99 AT ABOUT 1110 HOURS. HE AND FRIENDS WENT TO TORTILLA WRAPS RESTAURANT NEAR WINDMILL BLVD AND CHASE ST.

AS HE LEFT THE SCHOOL HE SAW NOBODY OR ANYTHING THAT INDICATED THE WTS OR WOULD BE A PROBLEM.

WHEN HE LEFT THE SCHOOL HE GOT INTO A CAR OWNED BY A FRIEND AND THE FRIEND DROVE. JOSIAH SAID THAT THE CAR HE DROVE IN, WAS A COUPLE OF PARKING SPACES AWAY FROM WHERE DYLAN KLEBER PARKED HIS CAR. HE DISCOVERED THIS THROUGH THE MEDIA AFTER THE SHOOTING.

JOSIAH REPORTED THAT HE ATE LUNCH WITH FRIENDS, THEN TRIED TO RETURN TO SCHOOL BUT COULD NOT BECAUSE OF POLICE LINES AND HE WAS TOLD BY STUDENTS RUNNING AWAY FROM SCHOOL IN CLEMENT PARK THAT SOMEBODY HAD A GUN. HE THOUGHT IT WAS A JOKE UNTIL HE HEARD AND SAW A GIRL CRYING IN THE PARK.

INVESTIGATION:

On 06-15-99, I was assigned Lead #4406 to interview Robin Piro, who was a Columbine High School student on 04-20-99, and had "A" lunch.

On 06-15-99, at about 1029 hours, I contacted the listed phone number for Piro, 303-978-9769. At that location, I spoke with a woman who identified herself as Piro's mother and stated that Robin Piro was sleeping. At 1252 hours, Piro left a message on my voice audix. At 1300 hours, I again contacted the home phone and spoke with Piro.

Piro stated that during fourth hour, she had a language arts transitions class with Mr. Capra. She stated that she walked out of the classroom and met her friends downstairs, then walked up the stairs, past the cafeteria. I asked her if she had seen anything unusual in the cafeteria and she stated she did not. She stated that they left through the front doors near the main offices. She stated that they walked across Pierce, where her car was parked near Leawood. She stated that she was with her best friend, Natalie Green, her boyfriend, Jason Cornelius, and Green's boyfriend, Matthew Mayhew. Piro stated that they left to go to lunch at McDonald's at Pierce and Coal Mine. Piro stated that upon attempting to return to the school, they were stopped and directed by Mr. Capra and Mr. Ortiz, who told them to get out of the area. Piro stated that she did not do that, but went around through some back roads to Leawood, where they again parked and met up with numerous people who were in the park. Piro stated that from there she heard what she believed to be gunshots and a bomb.

I asked Piro if she knew either Eric Harris or Dylan Klebold. Piro stated that she had seen Harris walking around in his trench coat, but never actually spoke with him. She stated that she never actually had even seen Dylan Klebold. Piro stated that she had a feeling that there were more individuals involved in the incident. I asked her why. She stated that during her freshman year, she had dated [REDACTED] who was a Trench Coat Mafia associate. She stated that [REDACTED] told someone that he was going to blow up the Capitol, at one point in time, and that he had also told someone that he had killed his girlfriend when he was five years old. Piro stated that she believes that [REDACTED] moved away some time ago, but stated that she had seen him prior to the incident in a car. Piro stated that she also believed [REDACTED] who started the Trench Coat Mafia, might have some link to it also. Piro stated that the Trench Coat Mafia sticks together. Piro stated she had heard on the news that Robyn Anderson had purchased the guns and she didn't understand why Robyn Anderson was not in jail.

I asked Piro if she had either seen or heard anything prior to or since the incident that she thought might be helpful. She stated she had not, but stated that her friend, Natalie Green had also hung out with these same individuals their freshman year as well.

INVESTIGATION:

On 06-15-99, I was assigned lead #4409 to interview Stephanie Planck, a Columbine High School student, on 04-20-99, who was assigned "A" lunch.

On 06-15-99, at 1006 hours, I left a message on an answering machine at the listed home phone number for Planck, 979-7013. Again, at 1541 hours, I left a message.

On 06-16-99, at 0921 hours, I again called the home phone number and spoke with a female who identified herself as Stefanie Planck. I told her I was calling Columbine High School students reference the incident at the school on 04-20-99. She stated that she was at school on 04-20-99. She stated that in addition to having "A" lunch, she also had fourth period free. I asked Planck what her third period class would have been. She stated it was Algebra II with Mr. Haven. She stated that she went right out of the math hall toward the Social Studies hall and then went toward her locker, going back by the library and down the stairs, into the Commons. I asked her if she noticed anything unusual and she stated she had not. I asked if there were kids in the cafeteria at the time and she stated that there probably were and there was nothing unusual that she noticed. I asked her if she had noticed any unusual bags in the cafeteria and she stated she did not. Planck stated that she went outside to the junior parking lot, where she was parked in either space #346 or 347. I asked her if there was anything unusual in the parking and she stated there was not. I asked her if she had noticed any cars that were not normally parked near hers and she stated she did not. Planck stated she then left and went home. She stated she tried to return later, but found the roads blocked.

INVESTIGATION:

On 5-3-99 between the hours of 0923 and 1015 I had an opportunity to speak with Stephanie Plank in reference to the Columbine High School incident that occurred on 4-20-99

Stephanie stated that she arrived at school around 0700 hours and proceeded to the student store, which is located at the "Rebel Corner" down near the cafeteria. She remained in that general area until about 0725 hours. While in the Rebel Corner she stated she was seated at a table with a friend of hers by the name of James Helms. I provided Stephanie with a map of the cafeteria. Unfortunately, the seating diagram does not depict the tables located in the Rebel Corner, thus she was unable to give me an exact table location. Stephanie stated that after she left Rebel Corner she proceeded to class. She stated after her third period class, which is Arts of the World, taught by Miss Nelson, she left the school building at about 1010 hours for lunch with her friends, Kendra Fagler, 303-521-4913, and Lacy Veech, 303-979-3102.

The vehicle that they drove to lunch in was Kendra's vehicle. Stephanie stated that it was parked near Leawood Park. She stated they went to lunch in the Southwest Plaza area and they were not on campus when the incident occurred, and it wasn't until 1136 hours when they tried to return to school that they found out about the incident.

Stephanie was asked if she saw anything out of the ordinary when she left to go to lunch. Stephanie told me that at about 1020 hours she remembers they were driving north on Pierce and they observed Chris Morris in a small red compact car, which she described as a Probe. She stated Chris was driving out of the teacher's parking lot and described he was dressed in all black and had a green beret hat on and sunglasses.

Stephanie was asked if she knew any of the members of the Trench Coat Mafia. She stated in her freshman year she knew a few of the members, Tad Bowles and Chris Morris, but she stated she hasn't really paid much attention to the group and she really doesn't know much about them.

I asked Stephanie if she went to the prom and the after-prom party. She stated her date was Ryan Wagenhuecht, 303-979-0746. Stephanie was asked if she saw Eric Harris or Dylan Klebold at the prom of the after-prom party. She stated she did not. Stephanie was also asked if she observed two large duffle type or sports bags in the cafeteria, one described as being blue and the other orangish-red. She advised me that she did not see those bags.

Stephanie could provide no additional information concerning this incident.

INVESTIGATION:

On 6-15-99, I was assigned lead #4414 to interview Tamara Pollard, a Columbine High School student on 4-20-99 who was assigned "A" lunch.

On 6-15-99, I left a message at the listed home phone number for Pollard, 978-1331, with Pollard's mother. She stated that Pollard was working and would not be returning until after 1800 hours. She stated that Pollard would have 6-16-99 off and should be at home.

On 6-16-99, I left a message on the answering machine for Pollard at 0908 hours. At 1636 hours, I again tried the number and reached Pollard. I informed her that I was calling Columbine High School students to find out where they had been on 4-20-99 and what they might have seen or heard. I asked Pollard if she was assigned "A" lunch, and she stated she was. She stated that she had fourth period math class with Mrs. Moore. I asked her where she went after she left that class. She stated that she went down the stairs, into the commons area and waited near the Rebel store for her friend, Jessica Hodack. She stated that Hodack did not show up immediately so Pollard walked back up the stairs and was near the library entrance when Hodack walked around the corner. She and Hodack then walked back down the stairs and past the cafeteria. I asked Pollard if she noticed anything unusual in the cafeteria. She stated she did not. She stated that it was really busy as usual. I asked her if there was anything unusual in the way of backpacks or bags. She again stated there was nothing unusual and stated that they were normally everywhere and were on that day. Pollard stated she and Hodack then went outside to the junior lot. She stated that Hodack was driving and believes they left the parking lot at about 1118. I asked Pollard if she noticed anything unusual in the parking lot.

and she stated she did not. She stated she and Hodack then drove to Burger King at Pierce and Coal Mine. Pollard stated they then tried to come back to the school, but the road was blocked on Pierce. She stated they then went through the neighborhood, but again found that the road was blocked. Pollard stated eventually they made it to the Columbine library.

I asked Pollard if she knew either Dylan Klebold or Eric Harris. She stated she did not. I asked her if she recognized them, and she stated she didn't. She said she was sure she had probably seen them, as she had attended elementary school with Klebold, but did not know either one to recognize them.

I asked Pollard if she had seen or heard anything prior to or since the incident that she thought might be of assistance to us. She stated she had not.

INVESTIGATION:

On 06-15-99, I was assigned lead #4419 to interview Trevor Pousson, a Columbine High School student on 4-20-99 who was assigned "A" lunch.

On 06-15-99, at about 0945 hours, I contacted Trevor Pousson at the listed home phone number, (303) 795-8910. Pousson stated that he had not been at the school during the incident. Pousson stated that his fourth hour class was Trigonometry with Mr Smith, however, on that date they had a substitute teacher. Pousson stated that the class got out at ten after the hour, however, he didn't know which hour that was. Pousson stated that he went out the door in the math hall. He stated that he does this at all times to avoid the rush in the halls. He stated that he met his friends, Kyle Kennett and Joe Murillo. They then went to Pousson's car in the junior parking lot. Pousson stated he had no idea which parking spot he parked in. I asked Pousson if he noted anything unusual in the parking lot, and he stated he did not. I asked him if he noticed any cars parked in unusual places, and he stated he did not. Pousson stated they went to New York Bagel. Upon attempting to return to the school, they found the roads blocked and cops all over the place.

I asked Pousson if he knew either Eric Harris or Dylan Klebold. He stated that he didn't. I asked him if he had seen them previously, and he stated that he had. I asked him if he had seen them on 4-20-99, and he stated he had not.

I asked Pousson if there was anything he had either seen or heard prior to the incident or since the incident that he thought might be of assistance, and he stated there was not.

INVESTIGATION:

On 06-15-99, I was assigned Lead #4427 to interview David Proctor, who was a Columbine High School student on 04-20-99, who was assigned "A" lunch.

On 06-15-99, at about 1000 hours, I left a message on an answering machine at the listed home phone number for Proctor, 973-0082. At about 1051, Proctor left a message on my voice audix.

On 06-15-99, at about 1107 hours, I again contacted Proctor's home residence, where I spoke with a male who identified himself as David Proctor. Proctor stated that on 04-20-99, he was not at the school during the incident. He stated that in addition to having "A" lunch, he also has fourth period free.

I asked Proctor what his third period class was. He stated that it was Calculus with Mr. Higgins. He stated that he left through the Math hall and then to the English area where he went to the publications room and dropped off his backpack. Proctor stated that he then left the school through the main hall office area and walked to Clement Park, where his car was parked. Proctor stated that he went home for lunch and then loaded up his bike, for a bike ride he planned to take after school. I asked him if he tried to return to the school. Proctor stated that he had and upon approaching Pierce, he saw people running and turned into Clement Park, where he was told that there had been a shooting.

I asked Proctor if he knew either Dylan Klebold or Eric Harris. He stated that he had known both. Proctor stated that he knew Klebold since 5th or 6th grade and had become reacquainted with him during his sophomore year. He stated that he and Klebold played Doom over the Internet. He then clarified that it wasn't actually the Internet that it was actually a direct modem connection. I asked Proctor how often he saw or did things with Klebold. He stated that they got together every couple of weeks for midnight bowling. He stated that they played Doom sometimes as often as twice a week. Proctor stated that he did not want to play as often as Klebold did, as his skill level was not near as good as Klebold. He stated that Klebold would "kick my butt" and stated that both Klebold and Harris were "absolutely amazing" at playing the game.

I asked him about his relationship with Eric Harris. He stated that he had known Eric Harris since his sophomore year. He stated that he played Doom with Harris via a direct modem connection, as well. He stated that he played with him only once a week. He stated that he played primarily with them during his sophomore and junior year. He stated that Harris and Klebold had gotten better computers than his, during their senior year.

I asked Proctor when the last time was that he had spoken with Klebold. He stated that it was hard to tell, but possibly two to three weeks prior to the incident. I asked him if he recalled the conversation. He stated that it was not anything unusual, along the lines of "How ya doing? Okay." I asked Proctor if he had seen Klebold on the 20th and he stated he had not.

I asked Proctor when the last time was that he had spoken with Eric Harris. He stated that it was also about the same time, possibly a month prior to the incident. I asked him if he had seen Harris on the 20th and he stated he had not. I asked if he had seen either Klebold's or Harris' vehicles on the 20th. He stated he had not seen Klebold's "Beamer", but didn't know what Harris drove.

I asked Proctor if finding out that the incident involved Klebold and Harris surprised him and he stated it did. He stated that he initially heard that students were involved and heard generic descriptions, and initially wondered about Klebold and Harris, but then immediately dismissed it, knowing they wouldn't be involved in something like this.

I asked Proctor if he had heard Klebold or Harris talking about pipe bombs and he stated he had not. He stated earlier this year, Harris told him he had designed a Doom level that was Columbine High School. Proctor stated that he assumed that it was a terrorist attack on the school and that you acted as the SWAT team. I asked him if he had ever seen the game, and he stated he hadn't. I asked him if Harris told him who else he may have shown the game to and he stated he did not. Proctor stated that since the incident, he had spoken with another student, Scott Carpenter, who stated that he had also heard about the Doom game involving the school. Proctor stated that he and Carpenter were at more the same skill level, but he knew that Carpenter had played the Doom games with Harris and Klebold as well.

I asked him if he had ever heard Dylan Klebold or Eric Harris talk about guns. He stated he did not recall anything specifically, but they had probably talked about guns in the same sense as everyone else does, with passing comments. He stated there would have been nothing that stuck out reference guns or anything that seemed unusual.

I asked Proctor if there was anything else reference Klebold or Harris that he thought might be helpful. Proctor stated that since the incident, he has thought about them frequently and said that he has not seen anything in thinking about it that would have pointed to this incident occurring. I asked about other friends of Klebold and Harris who he thought may have played the game Proctor stated the only ones he was truly familiar with were Robyn Anderson and Patrick McDuffy

I asked Proctor if there was anything he had seen or heard prior to or since the incident that he thought might be of help. He stated there was not anything that he could think of. He then stated that a very coherent memory he has of Harris was playing another game similar to Doom, called Hexen. Proctor also described it as being a "3D shoot 'em up type of game." Proctor stated that Harris was a very nice guy over the phone and in person, but that during the game, he was "a sadistic prick." He stated that in the game there is some sort of a morph egg that turns you into a helpless little pig that runs away, but after Harris had turned Proctor into the pig, he also hit him with a fireball. He then, via the game, said "I smell bacon" after that. Harris called Proctor "bacon" for quite some time.

JC-001-007043

I asked Proctor if he had spoken with Robyn Anderson since the incident. Proctor stated that he was being hounded by a Time

photographer following the incident. He stated that he was the photo editor for the yearbook and somehow this individual found that out. He stated that he called Robyn Anderson a couple of days after the fact, having no idea that there was any connection between her and the guns. He stated that he left a message and she returned his call. He explained to her that he didn't want to talk to this individual, but gave Anderson the phone number in case she wanted to talk to him. He stated that he didn't talk to her after that. I asked Proctor if either she or Klebold or Harris ever said anything about going to gun shows and he stated they had not. I asked him if he was surprised when he heard that Robyn Anderson had helped purchase the guns and he stated he was extremely surprised. Proctor stated he had known Anderson since his freshman year and they had been close friends for a period of time. He stated that in his junior or senior year, they had drifted apart to some degree. I asked Proctor why he thought Anderson would buy the guns and he stated he didn't know. He stated that Harris was incredibly smart and knew how to handle people and could probably convince her. He stated that Klebold was extremely smart as well, but was shy. I asked what the relationship was between Klebold and Anderson. Proctor stated that they were good friends and that they hung around at each other's houses and went bowling together, but that was as much as he knew.

I asked Proctor to call if he thought of any other details or things that might assist in the investigation and he agreed to do so

Narrative:

On 5-4-99 I spoke with Ray Rawls the father of Travis Rawls reference information of this lead indicating Eric and Dylan did not like Travis. I was told by Ray Rawls Travis was part of the group that coined the name "Trench Coat Mafia". Travis was the quarter back of the Columbine High School football team in 1997/1998. Ray told me Travis and some of the other "jocks" were in the cafeteria of Columbine in the fall of 1997 when a group of the individuals walked through the area wearing trench coats. At the time it was very warm outside and the majority of the students in the school were wearing shorts and "T" shirts, they thought this was weird and through talking about the group the term "Trench Coat Mafia" was coined. Mr. Rawls told me his son had graduated last year and is currently attending college at Western State. He said his son would be back in two weeks but did offer a telephone number for me to call.

I then called Travis Rawls. He was told I was following up a lead that Eric Harris and Dylan Klebold did not like him. He told me he never did anything directly to them to harass them but was part of a group of guys who coined the name "The Trench Coat Mafia". I asked him to tell me about this. He said he along with the other guys "jocks" were at their table in the cafeteria in the fall of 1997. It was about 90 degrees outside and everyone in school was wearing shorts except this group of guys wearing trench coats. When they walked through the cafeteria his group began making comments like look at the trench coats, one person said they look like they are in the mafia, then someone said they are in the Trench Coat Mafia. He said he had made at least one of these comments but could not remember what he had said at that time. Since that date that was their identity. Travis told me after the term "TCM" was given to the group there was less harassment than before they had a name. It seemed they now had a name and enjoyed the identify. He also told me he was the quarter back for the football team and that group did not like the "jocks". I asked him what he meant about "their table" he said every since the school was remolded there was a table next to the tall windows under the vaulted part of the cafeteria which all the jocks and their girlfriends sat. It was just their area which only jocks sat at. Travis told me he did have a class with Dylan in 1996 and knew Joe Stair but did not know the others in the group known as "TCM". Travis told me he would be back home next week for the summer and if we need additional information to call him at his fathers residence.

ADDITIONAL WITNESS:

MATTHEW RAY

8498 S. Saulsbury Street #B

Littleton, CO

(303) 948-7972

INVESTIGATION:

On 6-15-99, I was assigned lead #4430 to interview Matthew Ray, a Columbine High School student on 4-20-99, who was assigned "A" lunch.

On 6-15-99, at 1002 hours, I left a message on an answering machine at the listed home phone number for Ray, (303) 948-7972. At 1539 hours, I left a message with a female who answered that phone. On 6-16-99, at 0915 hours, I again left a message on an answering machine at that number. At 1650 hours, I again left a message with the female who answered the phone. She stated at that time she was going to call Ray at his friend's house and ask him to call me.

On 6-16-99, at 1700 hours, a male called, identifying himself as Matthew Ray. I explained to him that I was calling reference Columbine High School and the incident occurring on 4-20-99. I asked him if he had been at the school. He stated that he had not. He stated he stayed home that day. I asked him if he was sick, and he stated he was not. I asked him why he stayed home, and he initially did not answer me. In the background I could hear numerous voices and giggling. Ray eventually stated it was a ditch day and said, "You know 4-20." I asked him what he meant and he again did not answer, but giggled. I again asked him what he meant and he said all his friends had ditched because it was "you know 4-20." I asked him if he meant marijuana, and he responded, "Yes." I asked Ray if anyone had called him in with an excused absence. He stated that he didn't think his mom would call him in as excused for that reason. I asked him who had been at his residence with him, and he stated he had been alone, and that he had watched events on t.v.

I asked Ray if he knew either Dylan Klebold or Eric Harris, and he responded, "Kinda." I asked him what that meant. He stated that his sister's friend's brother knew them. I asked him if he had any personal acquaintance with them, and he stated he did not. He then stated that his friend, Eric Ulrich told him that either Klebold or Harris had "hit" on Ray's girlfriend over a year ago. I asked him who the girlfriend was, and he stated it was Jessica Busick. Ray stated they had been at 7-Eleven and one of them had "hit" on Busick and had ended up pulling a knife on Ulrich. Ray then stated that he didn't remember anything of the events that his friend Ulrich had told him. I asked him if he knew either Klebold or Harris by sight, and he stated he did not. I asked him if he had seen either one of them on 4-20-99, and he stated he had not and he had been home all day.

10 REFFEL: No, not that I know of. No.

11 SHULTZ: Any further description?

12 REFFEL: No. I don't know.

13 SHULTZ: Okay.

BRYANT: Is there anything else that we asked you ...

15 REFFEL: Uhm ...

16 BRYANT: ... the other day ...

17 REFFEL: There's a kid named Nate that I think Jen's ...

18 BRYANT: N- ...

19 REFFEL: ... talked about or I've talked about before.

20 Uhm, he was in one of her creative writing classes and when, when we

21 were leaving the, like the, ya know, the vicinity, kinda like ...

22 BRYANT: Uh-huh.

23 REFFEL: ... a- ... in the Woodmar residence, he was driving

24 off and, uh, we saw him. And I believe somebody from the backseat of

25 the car ... I didn't, I didn't exactly see who said it ... they said that

26 they overheard Nate saying, oh, my god, I can't believe they did it

27 today.

JC-001-007061

BRYANT: Okay. I can't believe they did it today?

2 REFFEL: Yeah.

3 BRYANT: That was...they overheard Nate say that?

4 REFFEL: Yeah.

5 SHULTZ: Did you hear him say that?

6 REFFEL: I didn't hear him say that, no.

7 SHULTZ: And who told you they heard that?

8 REFFEL: Uhm, there was four girls in the back of the car.

9 It coulda been Tara, uhm, Veronica, uhm, geez...some girl starts with

10 the name L, starts with...

11 BRYANT: That's...

12 REFFEL: ...uhm...

13 BRYANT: ...okay.

14 REFFEL: And, uh, one more girl...Amy Evans (sic/sp) was

15 in the car too.

16 BRYANT: Amy Evans?

17 REFFEL: Yeah.

18 BRYANT: Did Jennifer say that to you, or did?

19 REFFEL: Uhm, I think I overheard J-...Jen talking, uh, to

20 Briana about it...

21 BRYANT: Okay.

22 REFFEL: ...earlier...

23 BRYANT: But did...

24 REFFEL: ... (unintelligible) ...

25 BRYANT: ...any of these other girls said this too?

26 REFFEL: I, I, I think so, yeah.

JC-001-007062

SHULTZ: Do you know if any of these girls have been
2 interviewed by law enforcement?
3 REFFEL: I don't know.
4 SHULTZ: Okay.
5 BRYANT: Okay.
6 SHULTZ: Thank you, sir.
7 BRYANT: Thank you. That's pretty quick, huh?
8 SHULTZ: Thank you.
9 BRYANT: See. Look at (unintelligible)...
10 REFFEL: Alright. Good deal.
11 BRYANT: (LAUGH)
12 SHULTZ: It's, uh...
13 REFFEL: Thanks a lot. Yeah, I'll, I'll..
SHULTZ: ...sixteen forty-six hours.

 6668 S. Ammons Court
 Littleton, Colorado
 (303) 904-0302 / Pager: 891-1494

INVESTIGATION:

On 06-15-99, I was assigned Lead #4617 to interview Gary Reininger, a Columbine High School student on 04-20-99, who was assigned "A" lunch.

On 06-15-99, at 0835 hours, I left a message with a female at the listed home phone for Reininger, 904-0302. On 06-16-99, at 1351 hours, I received a return message from Reininger, providing me his pager number of 891-1494

On 06-16-99, at about 1425, I contacted the Reininger phone number and spoke with a male who identified himself as Gary Reininger. I told him I was calling Columbine High School students reference the incident on 04-20-99, and understood that he had "A" lunch. Reininger stated that he also had fourth period free. Reininger stated on 04-20-99, he was at the school. He stated that during third period, he has Spanish class. He stated that he left the Spanish class, which is on the lower level of the school, walking up the stairs, past the commons and cafeteria area. I asked him if he noticed anything unusual in that area, and he stated he did not. He stated that during that time frame there was a large crowd of kids leaving the foreign language hall going upstairs, as well as numerous kids coming down the stairs. He stated that in the cafeteria sitting down, there are not normally too many kids at that time, however, there are a few. Reininger stated that he did not notice anything unusual. I asked him if he had noticed any unusual bags or backpacks in the cafeteria and he stated he did not. Reininger stated that he went upstairs to his locker, leaving through the main entrance, near the office area of the school. He stated that he went to his car, which was parked in Clement Park and went home for lunch. Reininger stated that about 11.20 or 11.25, he attempted to return to the school, parking again at Clement Park. He stated that he noticed lots of kids running both from the school and the ball fields and assumed there was a fire. He stated that some kids told him that there were kids shooting and he then heard what he believed

to be gunshots.

I asked Reininger if he knew either Dylan Klebold or Eric Harris. He stated that he didn't know them personally, but had seen them in the school. I asked him if he had seen either one of them on 04-20-99, and he stated he didn't believe he had. I asked him if he knew either of their vehicles and he stated he did not. I asked Reininger if there was anything either prior to or since the incident that he might have heard or seen which he thought might be helpful. Reininger said that during the previous school year, he had seen Klebold and Harris yelling at "jocks", who were seniors and who would have already graduated. I asked Reininger if he knew who these students were and he stated he did not.

SUMMARY:

05-18-99/Tuesday

Per information control sheet #3392, I contacted (W)Reinking by phone, regarding information he might have relevant to the investigation

(W)Reinking stated, upon the completion of his fourth period math class, at approximately 11 15am, he walked down the stairs near the commons area and met with friends, John Losh and Matt Good. They exited the building using the main doors near Rebel Corner and walked to his vehicle which was parked in the Jr parking lot. They got into his vehicle and immediately left school grounds for lunch.

(W)Reinking stated, he did not know either Harris or Kleboid and was not familiar with their vehicles. He did not notice anybody or anything suspicious around the school prior to the shootings, nor did he observe and suspicious individuals or items while in the commons area. He had no idea the shootings had taken place until they tried to return to school and found the roads blocked by emergency vehicles.

INVESTIGATION:

On 06-15-99, I was assigned Lead #4616 to interview Zachary Rissmiller, a Columbine High School student on 04-20-99, who was assigned "A" lunch.

On 06-15-99, at 0836 hours, I left a message with a female at the listed number for Rissmiller at the listed home phone number, 973-0821. At about 1610 hours, I received a return call from Rissmiller. I told Rissmiller that we were contacting Columbine High School students to find out where they were at on 04-20-99 and told him that I understood that he had "A" lunch. Rissmiller stated that he had actually been off campus and had been ditching school. He stated that his fourth period class was marketing with Ms. Fromer and that was the class he ditched in order to go to Taco Bell. Rissmiller stated that his third period class was Philosophy with Mr. Kreutzer. He stated that upon leaving the Philosophy class with another student, Dave Malone, he went through the Social Studies hall by the main offices and out through the upper commons down the outside cement stairs. Rissmiller stated that he and Malone went to his car, parked in the senior lot in space #271. I asked Rissmiller if he noticed anything unusual as he exited the school and he stated he did not. I asked him if he had been in the cafeteria at any point during the day. He stated he was not sure but believed that during first period, which is a video production class, he had gone to the cafeteria for a donut. I asked him if there was anything unusual in the school at that time. He stated there was not. I asked him if there were any unusual backpacks or duffle bags and he stated nothing other than the normal. Rissmiller stated that upon trying to return to the school, they found that police had the road blocked off. He stated that he thought it was an accident as there had

been an accident the previous day and the road had been blocked. Rissmiller stated they had gone around the back way, into Leawood Park, where they heard gunshots and ended up with numerous people piled inside of his car, taking them home. I asked Rissmiller if he knew either Dylan Klebold or Eric Harris. He stated that he did. He stated that he had previously been interviewed by a Lakewood detective who told him

[REDACTED]

I asked Rissmiller if it surprised him when he discovered that Klebold and Harris were involved and he stated it really did. He stated that they both were really quiet and had been nice to him. I asked him if he knew either of their cars. He stated that Klebold had a black BMW, which he had torn all the BMW emblems off of and had a giant Ramstein sticker on the back. I asked him about Harris and he stated that he thought Harris had a red car with a Ramstein sticker, but was not sure. I asked Rissmiller if he noticed either of their cars in the parking lot when he let. He stated that he didn't recall and wasn't sure. I asked him if he had seen either of them on 04-20-99. He stated that he had not. Rissmiller stated that he had both video and Philosophy classes with Eric Harris, but didn't seem him at either class.

I asked Rissmiller about conversations he may have with Klebold or Harris. He stated that they were both kind of weird, but didn't recall any specific. I asked him if they had ever discussed pipe bombs with him and he stated they had not. He stated that they did talk about guns and that when they would do so, he would leave. Rissmiller described himself as "anti-gun" and stated that he frequently tries to leave when such a discussion is going as he frequently gets into arguments with people over guns. I asked if there was anything specific that he remembered either of them saying about guns. He states it was generally just a debate over why you should or shouldn't be allowed to have guns. He stated that both Klebold and Harris indicated they had guns, but did not discuss them specifically.

JC-001-007078

I asked Rissmiller if there was anyone that he could think of whom Klebold or Harris hung out with who might have had specific conversations with them. He stated that he believed Brooks Brown was about the only one.

I asked Rissmiller about Robyn Anderson. He stated that he did not know her and was not aware of her relationships with them. I asked him if he had discussed the Doom game with them and he stated he didn't remember anything specific to that. I asked Rissmiller about videos which Harris and Klebold had done. He stated that one in particular stood out in which Harris and Klebold had smashed a bike with a sledgehammer. Rissmiller described this as "not the common." He stated that there was another music video which they had done and taken scenes from the movies "Predator" and "Starship Troopers" in which there was a lot of gunfire. He stated that they had put it with the music of Nine Inch Nails (NIN), which has the word "Fire" repeating frequently.

I asked Rissmiller if there was anything specific about either Harris or Klebold which he thought might be of assistance to us. He stated there was not. I asked him if there was anything he had either heard or seen prior to or since the incident that he thought might be of help and he stated there was not. I asked Rissmiller to call me if he thought of anything else and he agreed to do so.

INVESTIGATION:

On 05-24-99, I spoke with Bryant Rodemich reference lead #3543. This lead was to determine Bryant's whereabouts during 5th period as the records reflect he had this period free. During my telephone interview with Bryant on 05-24-99, he told me that he had left the school at approximately 11:10, after attending his 4th period class of Math. He said he walked from the classroom downstairs into the cafeteria and then exited the building. He then went to a vehicle owned by Mike Writz and they left the parking lot. Mike Writz drives a white Honda and parks in the junior lot. I asked Bryant at the time he went into the cafeteria, if he saw anything suspicious Bryant told me he did not. I specifically asked him if he saw a duffle bag anywhere in the cafeteria that seemed out of place and he said he did not recall anything. I asked him when he was in the parking lot if he had seen anyone suspicious and he said he had not. Bryant told me that he had left the school with three of his friends, Mike Writz, the owner of the white Honda, John Harrison, and Derek Johnson. He said he does believe that Mike and Derek did see two people walking toward the school in trench coats as they were leaving the parking lot, but in conversation with them, since the incident of 04-20-99, it is his understanding that Mike or Derek could not tell who these people were, only that they were two individuals dressed in black. I asked Bryant if there is any additional information that he could lend to this investigation. He told me at this time he could not think of anything, but if he did hear something of interest he would recontact me.

INVESTIGATION:

On 05-24-99, I spoke with Kirk Rodibaugh. This lead was to determine his whereabouts during fifth period as records reflect he had this period free. During my interview with Rodibaugh, he told me he had walked home at the end of fourth hour as his home is a very short distance from the school. He said he left the school through the front door out onto Pierce, and during his walk away from school he did not notice anything unusual. He was not aware of the incident until he was called by his mother while he was still home at lunch. He said he remained home and did not return to the school.

asked Rodibaugh if he knew of the Trench Coat Mafia group, and he said he did not. He said he did not socialize a lot at school, and was not aware of these individuals until seeing the news reports

INVESTIGATION:

On 06-15-99, I was assigned Lead #4615 to interview Scott Rodibaugh, a Columbine High School student on 04-20-99, who was assigned "A" lunch.

After several attempts to reach Rodibaugh at the listed home phone number, 797-7365, I was able to contact him on 06-22-99 at 1628 hours. I told Rodibaugh that I was contacting Columbine High School students reference the incident on 04-20-99. I asked him if he was present at the school on that day. He stated he was not. I asked him if he was sick. He stated that he takes courses at Red Rocks Community College and was at that school on that day. I asked him if he knew either Eric Harris or Dylan Klebold and he stated he did not. I asked him if they were people he recognized in the halls and he stated he had seen them. I asked him if he had seen them at any point on 04-20-99 and he stated he did not. I asked him if there was anything he had either seen or heard, either prior to or since the incident, which he thought might be of assistance to us and he stated there was not.

INVESTIGATION:

On 06-15-99, I was assigned Lead #4614 to interview Crystal Roth, a Columbine High School student on 04-20-99, who was assigned "A" lunch.

On 06-15-99, at 0848 hours, I attempted to contact the listed home phone number for Roth, 303-989-2039 and discovered it to be disconnected.

On 06-18-99, at 0915 hours, I went to the listed home residence, 9194 West Monticello Avenue, where I contacted Crystal Roth's younger brother and gave him a business card requesting Crystal Roth contact me. At 1036 hours, Crystal Roth left a message on my voice audix stating that I could call her at her home phone number 303-904-3781, after 1800 hours, or contact her at this time at 303-988-4596.

On 06-18-99, at 1320 hours, I contacted 303-988-4596 and spoke with a female who identified herself as Crystal Roth. I told her that I was contacting Columbine High School students about the incident occurring at the school on 04-20-99. I told her I understood she had "A" lunch. She stated that she did. Roth stated that her fourth period class was World History with Mr Fleener. I asked where she went after that class. She stated that she went out the main hall, by the main staircase, going down the stairs and out through the commons. I asked her if she meant near the Rebel Corner and she stated that she did. I asked Roth if she noticed anything unusual in the cafeteria or Commons area and she stated that she did not. She stated it was normal. She

stated she did pass a male who seemed "mad." She stated that he pushed his way past her going into the school. She stated that all she recalled was he had dark black hair. I asked her if this was anyone she recognized from school and she stated she didn't. I asked her if she recalled how he was dressed and she stated she did not.

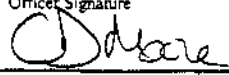

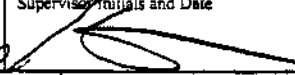

Roth stated that once outside, she went to her friend Hannah Balay's car in the junior parking lot. She stated she did not know Balay's parking space number but stated it was on an isle close to the school. I asked her if there was anything unusual in the parking lot or if she noticed any unusual cars and she stated she did not. I asked her if there was anything she had seen or heard outside and she stated there was not. Roth stated that she and Balay left and went to Taco Bell near Southwest Plaza on Wadsworth. She stated they attempted to come back to the school at about 1135 hours. She stated there were police cars and they did not actually pull into the lot but left, found a phone, and called her mother. Roth stated she then went to Clement Park in order to attempt to find her sister.

I asked Roth if she knew either Dylan Klebold or Eric Harris. Roth stated that she had seen Klebold in the school, but did not believe she had ever even seen Harris. I asked Roth if she had seen Klebold on the 20th and she stated she had not that she recalled.

I asked Roth if there was anything that she had either seen or heard prior to or since the incident that she thought might be of assistance to us and she stated there was not.

ROUBIDOUX, JAMIE, DOB/07-19-82

6956 S Newland St.

Littleton, CO 80123

INVESTIGATION:

On 05-27-99, I spoke with Jamie Roubidoux. This lead was to determine her whereabouts during 5th period, as records reflected she had this period free. During my telephone interview with Jamie, she told me she was at lunch at the time of the event, that she had left her English class, which is located on the east side of the school and had exited the school grounds through the main doors. She and a friend of hers by the name of Whitney Larson then had got into a red Camaro and drove south on Pierce Street, going to her bank. I asked Jamie if she had seen anything suspicious when they drove out of the area and she said she had not. I specifically asked her if she could identify anyone that was walking away from the school at the time and she said she could not remember anyone she had seen walking. Jamie told me that at approximately 12:15, she and Whitney had attempted to return to school, but the school was blocked off and they had thought that there was a fire. When they went to Whitney's house, she was told by Whitney's mom that there had been a shooting at the school. I asked her if anything had occurred since that event that she had heard that I would need to know. She said that the mother of her friend, Dana Remming, had reported to law enforcement officers that she had seen a David Caravan next to the area where a diversion bomb had blown up. This information will be researched to be sure a lead has been issued on this information. I asked her if there is anything else that she could tell me and she had said that she had not heard anything else of significance since the event. I asked her if she knew the individuals associated with this incident and she said yes, that she knew who Eric and Dylan were, along with other members of the Trench Coat Mafia. I asked her if she had seen them on that day and she said she could not recall seeing either Eric or Dylan in class and had been told that the other members were mostly at school, but some of them had ditched school that day.

CONTROL NUMBER: 3748
JCSD CASE NUMBER: 99-7625
FBI CASE NUMBER: 174A-DN-57419
GOLDEN POLICE NUMBER: 99-1362
REPORT DATE: 05/27/99
DETECTIVES: Jon Watson

Background:

Tamara RUMER, a CHS teacher who lives in Sedalia, Telephone (303) 688-0214, advised that a CHS student, Brooks BROWN, at TCM associate, hung out with a bunch of TCM members at a house in Sedalia.

Lead:

Interview Tamara RUMER re: her knowledge of Brooks BROWN. ID location/resident of house in Sedalia where TCM members and BROWN allegedly hung out.

Disposition:

SUBJECT: Tamara RUMER
Attendance Office
Columbine High School

RUMER said she has known Brooks BROWN at Columbine High School since he was a sophomore. She said when she first met him, he was going with a girl who was a student assistant in the Attendance Office, and she said she was a little upset with him about what was going on in the attendance office. She did not elaborate, but the implication was that BROWN and his then girlfriend were "making out".

RUMER recalls that about two months prior to the incident, BROWN came up to her and made the comment "I know where you live" and "I've seen you riding your horse". She said it unnerved her, because "nobody knows where I live". She resides in Sedalia; lot number 99 on the attached map.

She said she has seen BROWN at a residence in Sedalia, which she identified to me on a telephone book map of her development as being lot number 83. The residents at that location, as listed in the telephone book, are Ronald and Jerri EDLUND. The address is 6846 Cherokee Drive; telephone 303-688-6582.

RUMER describes the specific person which BROWN visited as an "older" male, who was employed at Blackjack Pizza as a delivery driver. She did not know anything about EDLUND's.

RUMER said the encounter has caused her to feel uneasy about BROWN. A check of RAPID START reveals no record of anyone named EDLUND; nor is there any record of any other leads involving Sedalia. A check of DMV records reveals the following persons and vehicles at the listed address; 6846 Cherokee Drive, Sedalia.

INVESTIGATION:

On 6-14-99, I was assigned lead #4613 to interview Meredith Russo, a Columbine High School student on 4-20-99, who was assigned "A" lunch.

After numerous attempts to reach Russo, I contacted her at her listed home phone number, (303) 979-8377, on 6-24-99 at about 1440 hours. I told Russo that I was calling Columbine High School students reference the incident at the school on 4-20-99. She stated she had been in school that day. I asked her what her fourth period class was and she stated she had philosophy with Mr. Kreutzer. I asked Russo how she exited the school. She said that she walked through the "library hall," past the gym, and out the door, down the outside cement stairs, into the senior parking lot. Russo stated she was parked in space #153, and from there she drove home. Russo stated that she didn't know anything was wrong until she attempted to come back to the school. I asked Russo if there was anything unusual she either saw or heard inside the school as she exited, and she stated there was not. I asked her if there was anything unusual that she saw or heard outside. She stated there was not. I asked her if there was anything unusual about any cars in the parking lot or vehicles being out of place, and she stated there was not. Russo stated that she was with her friend, Erin Spizali.

I asked Russo if she knew either Eric Harris or Dylan Klebold. She stated she had both in video class last semester. I asked her if she had seen either one of them on 4-20-99. She stated that she didn't recall seeing them that day. She stated that she usually saw them every day when she was leaving to go home for lunch. She stated their cars were almost always parked at the bottom

INVESTIGATION:

On 06-15-99, I was assigned lead #4612 to interview Patrick Ruybal, a Columbine High School student on 04-20-99, who was assigned "A" lunch.

On 06-15-99, at 0900 hours, I called the home phone number listed for Ruybal, 904-2993. Ruybal stated that on 04-20-99, he was sick with walking pneumonia. He stated that he had been home for several days and his mother told him not to go to school but that he told her he needed to. Ruybal stated that he went for first period, an Advanced Woods class with Mr. Aslison. Ruybal stated that he did know how to spell Aslison, and stated that everyone calls him "Coach A." Ruybal stated that first period got over at 0820 hours and that he called his mother and asked her to pick him up. Ruybal stated his mother did pick him up in the office and signed him out at about 0830 hours.

I asked Ruybal how he got to school. He stated his mother dropped him off at the main entrance outside the offices. I asked Ruybal if he had ever been to the cafeteria on the 20th and he stated he had not.

I asked Ruybal if he knew either Dylan Klebold or Eric Harris and he stated that he did not. I asked him if he would recognize them in the halls and he stated he wasn't sure if he had even seen them.

DISPOSITION: Open, pending further investigation.

INVESTIGATION:

On 6-22-99, between the hours of 0845 and 0850, I had an opportunity to speak with Ariel Salazar in reference to the Columbine incident that occurred on 4-20-99. Through the use of school records, we had identified Ariel as having lunch period "A" and I was calling to see if he was on campus when the incident occurred.

Upon contacting Ariel, he told me that he left school at about 1120 with his friends, Josh Hampshire, and Robbie Shorten. Ariel explained that they exited from the school using the main entrance, walked through the teacher's parking lot, and into Clement Park, where they got into Josh's car. The three went to Wendy's, located at Belleview and Wadsworth, for lunch. I asked Ariel if he observed anything out of the ordinary when he was leaving school that day. He told me that once they got to Josh's car, which was in Clement Park, he does recall that they heard gunshots and they saw some students running from the school, but they had no idea what was occurring. Between the hours of 1130 and 1135, Ariel stated that they tried to return to school, but they were stopped by emergency personnel.

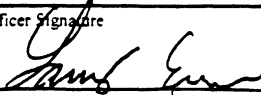

I confirmed with Ariel that he did not observe any gunmen, nor did he have any additional information to provide reference this incident.

On 5-19-99 I contacted Saltzman who told me that he is a DPD cadet and was at home for lunch at the time of the incident. While at home he saw what was happening at CHS, immediately grabbed his bullet proof vest and went back to the school. Upon his arrival he contacted Dep. T. Flowers, gave Flowers his vest and began assisting with traffic direction at W. Polk and S. Pierce. While at that post he did hear shots and explosions from the school but it was hard to tell exactly who was doing the shooting and exactly where it was coming from. While directing traffic an unknown female student approached him and said that she saw [REDACTED] in the school shooting some people then [REDACTED] left out the back doors.

Saltzman said that he did know both Harris and Klebold but never spoke with them.

FBI CASE NUMBER: 174A-DN-57419
GOLDEN POLICE NUMBER: 99-1362
REPORT DATE: 05/18/99
DETECTIVES: Jon Watson

Background:

Dannette MUSELMAN's best friend's boyfriend, Ryan SHWAYDER, reportedly contacted a trench coat mafia individual carrying a large duffel bag into school. "Reportedly" was told not to be in the school in the afternoon. This info was second hand from her friend, Deanna Shaffer.

Lead:

Interview Ryan SHWAYDER (student - junior)

- about anyone carrying large duffel bag into school;
- about the comment "don't be in school this afternoon".

Disposition:

SUBJECT: Ryan SHWAYDER
DOB: 08-30-82
6920 W. Princeton Ave.
Denver, CO 80235
(303) 984-0066

SHWAYDER was interviewed at his residence at 10:30 AM on May 18, 1999. Present during the interview was Susan SHWAYDER, his mother. SHWAYDER was at Columbine High School on April 20, 1999. During fourth hour he was in a language arts class, located in the area of the building south of the main entrance. He described the room as, "sort of in the middle" of the building.

Upon leaving the classroom at 11:10, when the bell rang, SHWAYDER went to the area by the cafeteria known as the "commons", where he met up with his girlfriend, Deanna SHAFFER, who is a freshman. She was inside the building. Just outside that area, they met with Matthew HOUCK, also a freshman; who was going with them to lunch. The three went to SHWAYDER's car, a silver Jeep Grand Cherokee that was parked in the far corner of the "south lot". SHWAYDER believes his assigned parking space is number 197.

SHWAYDER recalled that it took about a minute or two to get out of class, meet up with his friends, and go to the car.

They departed the parking lot, and drove south on Pierce Street enroute to the McDonalds restaurant located on Coal Mine Road, just east of Pierce. SHWAYDER did not recall seeing Brooks BROWN during this time.

FBI CASE NUMBER: 174A-DN-57419
GOLDEN POLICE NUMBER: 99-1362

DETECTIVES: Jon Watson

SHWAYDER believes there was music playing in the jeep as they were leaving the school, because he said he usually has music on in the car when he is driving. He said he thought they were talking as well, so the music was probably turned down. He believed the windows were up.

SHWAYDER recalled that SHAFFER was in the passenger seat in the front, and HOUCK was in the back seat. He was not sure if HOUCK was sitting directly behind SHAFFER, on the passenger side of the car, or if he was sitting in the center of the back seat.

When they got to the McDonalds, there was no line. perhaps one car ahead of them in the drive up line. They got their food, and drove back out onto Coal Mine Road. Before they turned onto Pierce Street, an ambulance passed them. They turned north onto Pierce, and drove as far as Walker Avenue, where there was an ambulance and a fire truck blocking the street. They turned onto Walker Avenue, and went into the neighborhood west of Pierce.

Walker Avenue curves around toward the south: when it bends to the right and continues westbound the name changes to Hoover Avenue. There is a stop sign on Hoover Avenue at Peakview Avenue. They stopped behind several other cars, and SHWAYDER saw Brooks BROWN standing in the middle of Hoover Street.

SHWAYDER took me to the neighborhood and showed me where they discovered BROWN. He said BROWN's eyes were "really wide open" and that he "looked scared or confused". SHWAYDER started to roll his window down to call BROWN to come over to the Jeep, when BROWN saw them, and ran over to the Jeep. BROWN put his green backpack into the rear of the Jeep, which SHWAYDER referred to as the "trunk", but which is actually an open area behind the back seat. BROWN then got into the left rear passenger seat of the Jeep.

BROWN directed SHWAYDER to turn right on to Peakview Avenue, and directed him through the neighborhood to a cul-de-sac on the south side of Clement Park where they were able to see Columbine High School. BROWN got out of the car, and tried to see if he could see anything.

SHWAYDER wasn't sure, but believes it was about then that BROWN told them about the shooting. In any event, he said this occurred within a minute or two after they picked up BROWN.

BROWN was described as talking fast. SHWAYDER said, "you could tell from the way he was talking and acting, something was really wrong". BROWN told them that he thought he heard shots after he left the school, and that he thought HARRIS was involved. BROWN described that he was outside, and HARRIS walked by him and told him to leave. Then BROWN said, "Oh, man. I think he had a duffel bag with him". SHWAYDER recalls BROWN did not say he had seen HARRIS with a gun, but said he heard something that sounded like gun shots.

CONTROL NUMBER: 2139

FBI CASE NUMBER: 174A-DN-57419
GOLDEN POLICE NUMBER: 99-1362
REPORT DATE: 05/18/99
DETECTIVES: Jon Watson

BROWN did not tell SHWAYDER where he was when he heard the shots. SHWAYDER recalls that BROWN told them that his (BROWN's) parents had told police about HARRIS.

According to SHWAYDER, BROWN used SHWAYDER's cellular telephone to call his father, then to call the sheriff's office. SHWAYDER thinks BROWN called directory assistance to get a number for the SO, and said he thought the operator then connected BROWN with the Arvada Police Department. BROWN was advising authorities that he believed HARRIS was involved in the shooting.

SHWAYDER does not recall BROWN saying anything about Dylan KLEBOLD during that time. SHWAYDER said KLEBOLD was enrolled in his 3rd hour video class; but KLEBOLD was not in the class that day. SHWAYDER had no other classes with KLEBOLD, and had no classes with HARRIS. In retrospect, SHWAYDER said he thought they might have even passed KLEBOLD as they were leaving the parking lot at the school, but when I asked him if this was because of timing or if he had actually seen KLEBOLD, SHWAYDER confirmed it was because of the timing of events. I asked if he had seen HARRIS, and he said he had not.

Following the stop at the south end of Clement Park, they drove back into the neighborhood a bit, to be away from possible bullets, which was where BROWN's father met them. By that time the battery on the cell phone was beginning to run down, so SHWAYDER let BROWN sit in the driver's seat of the Jeep, so he could talk to the SO; since the battery cord was not long enough to reach to the back seat.

After BROWN's father arrived, they followed him to BROWN's house. Since he was already in the driver's seat, BROWN drove SHWAYDER's vehicle, and SHWAYDER sat in the back seat.

SHWAYDER does not recall discussing KLEBOLD with BROWN until the next day. He said they were talking about it over coffee, and based on the fact that the second suspect was described as having longer blond hair, they thought it must be KLEBOLD, since he matched the description, and was known as HARRIS' friend.

Before we departed SHWAYDER's residence to go to the neighborhood where he picked up BROWN, Mrs. SHWAYDER commented that BROWN's backpack was still in SHWAYDER's Jeep. I asked Mrs. SHWAYDER if I could have the backpack, and provided her with a receipt for it, written on a page from my notebook. SHWAYDER and his mother took me to the car, where the backpack was removed from the back of the Jeep. It was a green Crownspport backpack with one broken shoulder strap buckle. The pack was open when it was given to me, and I observed that it contained papers and books.

Mrs. SHWAYDER told me that BROWN had previously left some books and other items in SHWAYDER's Jeep, and that she had put some of these things into his pack. Otherwise, it was the same as when he left it in the Jeep. Other items of BROWN's property that had been in the Jeep prior to April 20th were left in the Jeep.

Subsequently I booked the backpack into the evidence facility at the Jefferson County Sheriff's Department, under JCSD case number 99-7625, with property identification number 10252. A copy of the property form is included with this report. The backpack was sealed into a plastic bag with my initials and the case number.

WITNESS

Self, Edward 9-14-80

7180 S. Sheridan Ct. Littleton, Co. 80123 303 978-9579

Narrative:

On 5-19-99 I contacted Self who told me that on 4-20-99 he was off campus for lunch at a friends' house. The friend was Craig Ward. Also present at that time was Donny Klein and Derrick Lessmann. As they watched the TV they learned what was happening at the school and did not return.

Self further told me that he has had both Harris and Klebold in classes over the years but didn't really know either of them and never socialized with them.

No further information.

informed me that several days after the incident at Columbine High School, Gifford Seawright went to be with his father in California for the summer. She provided me with a home address and phone number for Gifford Seawright.

On 5/17/99, I spoke with Gifford Seawright, Sr, and Jr, by telephone. I explained to them the status of the investigation and the need for an interview with Gifford; and explained that this could be done over the telephone.

Gifford Seawright, Jr, stated that he had been driven to school by his sister, and that she had dropped him off at the main office and that he arrived at school at approximately 8:35 hours. He says that he has first hour off, and he entered the school through the main entrance by the offices. Then he went to his second hour jewelry class which is located by the gymnasium and taught by Ms. Neilson. He said that he then went to his third hour weights class which is located in the gymnasium and from his weights class he went to his fourth hour math class, which is in the upper level, taught by Ms. Diammana. He said that he then left his fourth hour math class and went to the "A" lunch. He said that he was let out early and arrived in the lunchroom at approximately 11:10am. He said that he went to the far west corner by the faculty lounge entrance and met his friends, Robbie Wisher, Nat Owens, Chris Wisher, and Jake Abodacca. He said that he and Robbie Wisher decided to go to McDonald's and walked back to the commons, up the stairs and out the main entrance, and then drove to McDonald's at Pierce and Coalmine. They ordered their lunch through the drive-through and then drove back to school. When they arrived back at school, the roads were road-blocked by fire trucks and police officers. Then they went through the neighborhood and ended up parking near Leawood Park. He said that when they arrived, they got out of the car, went into the park and spoke with several students who were enmassed at the park, and asked what had happened. Seawright said that he did not hear any explosions or gunshots, and had no information about possible suspects.

Denver Police Department**Metro Gang Task Force**

Date: 05-05-99

To: The Jefferson County District Attorneys Office

From: Detective Terry Demmel 78007-Assigned with the Columbine Law Enforcement Task Force

Supplementary Report

Ref: Interview Columbine Senior student John Selander DOB 09-19-80

On 05-05-99 at 9:00 A.M. Detective Terry Demmel, who is assigned with the Columbine Law Enforcement Task Force, interviewed Columbine Sr. student John Selander DOB 09-19-80 by phone. John reported that on the evening of Monday the 19th that he had stayed until 11:00 P.M. working on a school project in the Tech Lab which is located in the middle of the school on the main floor. John stated that his father Paul Selander, whom is a Denver Police Sgt. in the Anti-Fencing Unit, arrived at the school that evening about 7:30 P.M. and stayed approximately a half an hour. His brother Michael DOB 11-10-81, who is a Columbine Jr, stayed with John until about 10:00 P.M.

John reported that a female janitor who was approximately 35 yrs old, 5'4" and 175 pounds came into the Tech Lab a little before 11:00 asking if he was almost done because they had to lock up at 11:00. John called his father at home who advised John to just go out the door and make sure it was locked and that they hoped that would not trip the alarm.

John then went to his 1979 Green Ford pick-up that was parked in the west student parking lot and went home. He did not notice any other vehicle's in the lot and reports that there were none around or near his pick-up.

The following day on Tues. the 20th John went home for lunch and when he returned he found that the shooting had taken place and the area cordoned off.

John stated to Det. Demmel that he did know who Eric Harris and Dylan Klebold were but that he had not talked with either of them for a long time and that they certainly were not friends of his. John played football and is an athlete.

Paul William Selchert

DOB 072782

Phone: 303 979 8690

Student: Columbine High School

INVESTIGATION

On 081799 I telephonically interviewed Paul Selchert, a student at Columbine High School. Selchert told me that he was at school on April 20th, 1999, but was not at the school at the time of the shooting. He said that he left the campus and ditched. He left at 1115 hours and did not return until 1140 hours. He was supposed to be in Mr. Moore's math class. He and a friend, whom he did not know the name of went to the friend's house and watched television. He said his friend's house was two minutes away from the school.

When he came back to the school he saw students outside and in a panic. This is when he learned there had been a shooting. He waited at Leawood Park for two hours and then went to Leawood Elementary where his dad picked him up.

Selchert did not know Harris or Klebold, but had seen them on the school campus. He did not know any members of the Trench Coat Mafia and denied being a member himself.

Selchert did not see anything but he thought he may have heard bombs.

He said that he was in the cafeteria on the morning of the 20th, but recalls seeing nothing unusual.

INVESTIGATION:

Former Columbine High School student Emily Settle was interviewed on 5-18-99 by D.A. Investigator Michael Gallagher reference control #3806.

Emily was interviewed again on 7-14-99 by CBI Agent Jerry Means reference control #4456.

Per Investigator Gallagher's report, Emily did not attend school on 4-20-99 because her grandfather died earlier that morning.

Per Agent Means' summary report for Mr. Johnson's Science class, Emily was in Science room #3 when the shooting occurred on 4-20-99.

I reviewed the lead sheet (control #4456) assigned to Agent Means. In the disposition part of the lead sheet Agent Means documented that Emily was home sick on 4-20-99. This is contrary to what Agent Means documented in his summary report.

JC-001-007156

On 11-18-99 I contacted Emily's mother, Sarah Settle, on the telephone for the purpose of clarifying Emily's whereabouts 4-20-99. Sarah told me that Emily was, in fact, home with her on 4-20-99 because of the death of Emily's grandfather.

SHAFFER was interviewed at her residence at 10:00 AM on May 19, 1999. Present during the interview were her parents, Lanna and Jeffrey SHAFFER.

SHAFFER was at Columbine High School on April 20, 1999. During fourth hour she was in Jewelry class, located in the general area of the main office. Following the bell at 11:10 AM, SHAFFER left the class, and walked past the area of her locker to the stairs; which she took down to the Commons. There she met with Ryan SHWAYDER, and they went outside through the vestibule by the school store. Outside they met up with Matthew HOUCK, who was waiting for them.

The three walked across the parking lot to SHWAYDER's Jeep, which was parked in space number 197, at the far south west end of the senior parking lot.

SHAFFER sat in the right front seat of the Jeep. She recalls that HOUCK sat in the back seat; she believes in the middle. She does not recall that the windows of the Jeep were open, and believed that there was music playing, but said they were talking, and did not have to shout to be heard over the music. She said they did not hear or see anything unusual as they were leaving the school.

SHAFFER thought it took them 5 or 10 minutes to get from class to SHWAYDER's Jeep, and a few minutes to get out of the parking lot, due to other traffic that was leaving at the same time.

They drove out of the parking lot and went south on Pierce Street, to the McDonalds restaurant on Coal Mine Avenue, just east of Pierce. SHAFFER does not recall seeing or hearing anything

unusual or out of the ordinary during the time they were leaving the school, or driving away on Pierce Street. She does not recall seeing Brooks BROWN during that time.

SHAFFER believes that McDonalds was “as busy as usual” at lunchtime. She stated that there were several cars ahead of them in the drive through line, so it took “a while” to get through the line; but according to SHAFFER, “I’m impatient”, so it might have seemed longer to her than it actually was.

After they got their lunch at McDonalds, they drove back toward the school. When they got to the traffic light at the bottom of the hill (Walker Avenue), there was an ambulance in the street, so they turned left into the neighborhood to try to get around what SHAFFER thought was a traffic accident in the roadway, because according to SHAFFER they were running a little late getting back.

SHAFFER recalls it was by a stop sign in the neighborhood that they found Brooks BROWN, who was walking in the opposite direction to that of the Jeep.

SHAFFER describes BROWN as normally “kind of mellow”, and said, “things don’t get to him”. She said, “he doesn’t over react”. SHAFFER knows BROWN casually. She met him through SHWAYDER, who is BROWN’s friend, and she has been with SHWAYDER on occasion when he has taken BROWN home after school.

That day, however, SHAFFER states “his face was really, really white “. They pulled over to see where he was walking, and picked him up. SHAFFER describes BROWN, saying “he was shaking”, and said at first they were unable to understand what he was saying because he was not making any sense. He was “talking in fragments”. Her description suggests BROWN was very upset.

SHAFFER recalls BROWN eventually told them that there had been a shooting at the school, but said he didn’t elaborate. SHAFFER initially thought that it was something involving one person shooting another person, but a short time later, after seeing three helicopters overhead, she came to the realization that this was more serious than that.

SHAFFER recalls that they pulled over in a cul-de-sac, but did not know exactly where they were. It was during this time that she saw the helicopters.

SHAFFER believes HOUCK was the first one in the group to use SHWAYDER’s cellular telephone to call his father. She recalls that BROWN used the phone to call the Sheriff’s

Department. He was outside the Jeep, sitting on the curb while he was talking to them. She said she was also outside the Jeep, "pacing".

SHAFFER's recollection is that BROWN only said that Eric HARRIS was involved in the incident. She doesn't remember BROWN saying anything about Dylan KLEBOLD being involved. She recalls that at some point when BROWN was talking to police, he was giving a description of HARRIS' blue Toyota. She also described KLEBOLD's car, and said their cars had "Ramstine" (phonetic) stickers. She said KLEBOLD parked his car in the area near the doors by the school store.

BROWN told them he was going to "the smokers pit", when he saw HARRIS. He said HARRIS told him that he liked him, and for BROWN to get out of there. BROWN told them that if HARRIS tells you to do something, you do it. SHAFFER said, "because he's psycho", but clarified that was her description not BROWN's. SHAFFER does not know where the smoking pit is located, but thought it was somewhere up the path from the door out of the cafeteria by the teachers' lounge.

SHAFFER recalled that during the times they were using the cell phone, the car radio was turned off or down because otherwise it was hard to hear the phone. She does not recall that BROWN called his father from the cell phone; however, BROWN's father came to their location. He wanted BROWN to get into the car with him; however, BROWN was on the phone to the Sheriff's Department at that time, sitting in the driver's seat of SHWAYDER's Jeep, so they followed Mr. BROWN to the BROWN residence.

SHAFFER said BROWN did not talk on the phone during the entire trip because the cigarette lighter adapter for the cell phone was broken and it kept slipping out of the phone. It had to be held in place to get the phone to work properly, and since BROWN was driving, he was not able to keep it in.

SHAFFER recalled that BROWN was upset because he did not know where his brother was, and when they got to BROWN's residence, he was relieved to find his brother there. She does not remember where BROWN's house is located, but said it was somewhere in the general area where they were.

Mrs. SHAFFER told investigators that about 11:35 or 11:40 she got a call from SHAFFER's friend DANETTE (LNU), who needed a ride. Mrs. SHAFFER picked up DANETTE (LNU), and brought her back to the SHAFFER reference before going back out to look for her daughter. Between 11:35 and 11:40, SHAFFER called the residence and spoke to DANETTE. Later, after

INVESTIGATION:

On 05-28-99, at about 3:00 p.m., I telephoned the Shaffer residence as follow up on DN3570. At that time, I spoke with a woman who identified herself as Raven Donahue, Scott's mother. Raven told me that Scott was not at Columbine High School during the shootings which occurred on 04-20-99. She told me that on that day, Scott was in the city of Denver, playing basketball with two friends. She told me that Scott did not find out about the shootings until later that day.

Ms. Donahue informed me that Scott was currently out of town on an extended camping trip with his father. She said that she did not know when he would be returning. She then provided me with the phone number 303-948-5987, and said that I might be able to obtain additional information from Levi Yazzie, one of Scott's friends. She explained that she and Scott's father are

I then called the Yazzie residence and spoke with an individual who identified himself as Levi Yazzie. Levi confirmed that Scott has been living at his home for some time, and is currently on a camping trip with his father somewhere in Oregon. Levi said that he did not know when Scott is due to return; he said it may be another "two or three weeks." Levi said that Scott is planning to move in with his father after their return from Oregon. Levi confirmed that Scott was playing basketball with friends during the shootings at Columbine on 04-20-99, and did not find out about this incident until after it happened.

INVESTIGATION:

On May 19, 1999, I was finally able to speak to Chad Sharrai after having left several phone messages for him.

I advise Sharrai why I was calling and asked if he had time to answer a few questions. Sharrai indicated he was willing to answer question. I asked Sharrai what he knew about the Trench Coat Mafia and the members of it.

Sharrai said that he did not know very much about the TCM or it's members. He said that he did not know Eric Harris or Dylan Klebold personally. He said that he had seen the at school but he did not associate with them.

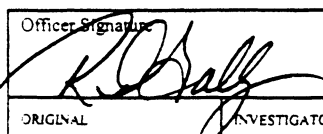

I asked Sharrai if he knew Thad Boles, Brain Sergeant, Pat Mc Duffy, Abbey Boles or Adrian Grimm. Sharrai said that he was friends with Pat Mc Duffy and Adrian Grimm, and that he had in 1st and 2nd hour class with Brian Sergeant.

Sharrai said that he "hung out" with Pat Mc Duffy 1st semester but had not seen much of him since he quit school. Sharrai said that he and Adrian Grimm were in class all year together and that they worked together at the Pizza Hut located at Pierce and Ken Caryl.

JC-001-007167

I asked Sharrai if he was member or former member of the TCM and he indicated that he was not a member and has never been a member of TCM. I asked Sharrai if he knew if any of the people I had asked him if he knew were members of the TCM.

Sharrai said that he was more of a loner and did not know if the people named were members or not.

I asked Sharrai what type or style of dress he had. He indicated that he wears black baggy pants and black or white t-shirts most of the time. I asked him what type of music he listens to and he said that he listens to heavy metal music such as "Tool" or "Marilyn Manson." I asked him if he knew Harris or Klebold he said that he had seen them around the school before but that he did not associate with them because he was "Goth" and their style of dress was more military style while his was not.

I asked Chad Sharrai if he had heard anything around school about anything such as the shooting was to take place on or around the 20th of April. Chad Sharrai said that he had not heard anything prior to the incident. The interview with Chad Sharrai was terminated.

ACTION TAKEN:

On May 19, 1999 the Reporting Agent, Linda R. HOLLOWAY, contacted RYAN SHUMER by telephone. A personal interview was also conducted on the following day, May 20, 1999.

Ryan lives with his girlfriend, Stefanie ANGERSINGER at her residence. His parents are Katherine and Edmond KINNEY who live on South Webster Street in Littleton.

He has assigned parking next to KLEBOLD and HARRIS. They drive a black BMW and a black Honda. He recalled that both were at school on the previous Monday, April 19, 1999. Neither of the defendant's vehicles was at school when he and Stefanie arrived between 0800 and 0810 hours.

When he got to school he went immediately to the band room for concert band. He went into the cafeteria at about 0945 hours and sat by the vending machines. When shown a diagram of the commons, he pointed to table FFF as the one he sat at. He did not see anything suspicious such as someone carrying in large duffel bags or the duffel bags lying around the cafeteria floor. He and Stephanie left for lunch off campus at 1025 hours as per usual. They go home for lunch. They were running late as they returned from the one half-hour lunch period. They were returning at about 1150 or 1155 to the school when they were stopped and not allowed back into the school

Ryan stated that he had a Video Production class with DYLAN KLEBOLD. He considered himself friends with the two defendants. He talked briefly about the video class when KLEBOLD did a simulation of blowing up the school with computer graphics. He did not think that their videos were inappropriate and the media had exaggerated their significance. He did not have any of the videos in his possession.

JC-001- 007172

Ryan claimed that he was aware that the defendants made pipe bombs one and one half years ago. He has been to ERIC HARRIS and [REDACTED] residence in the past. He feels that [REDACTED] knew about what was going to happen, although he could not give any reasons why he felt that way. He did not have any clue that the incident was going to happen.

He stated that he is having a difficult time because he was a friend of the defendants and bowled and drank with the two.

Ryan could not remember what he was wearing on April 20th. He does use the Internet and his screen name is RYST 52469. He does not pay any attention to the daily announcements as he is in band during that period. He also was not aware of the "thought for the day". He does not know anyone with a double pierced eyebrow.

Other friends of the defendants who may not have been contacted yet are CHRISTY EPLING, JASON THOMPSON and ALYSSA SECHLER.

No other significant information was gleamed from the interview.

INVESTIGATION:

On 6-16-99, between the hours of 1520 and 1530, I had an opportunity to speak with Hilary Snyder in reference to the Columbine incident that occurred on 4-20-99. Through the use of school records, we have identified Hilary as having lunch period "A" and I was contacting her to see if she was on campus when this incident occurred.

Hilary explained that she arrived at school on 4-20-99, between the hours of 0710 and 0715 and had attended her first hour Spanish class taught by Ms. Brug. I asked Hilary how she entered into the high school that morning. She stated that she parked her vehicle in the junior parking lot and walked in the south doors of the cafeteria and proceeded to her routine classes. I asked if she observed anything out of the ordinary while out in the junior parking lot or right after she entered into the school cafeteria. I specifically asked her if she observed anyone bringing two large duffle bags into the cafeteria, one being blue in color and the other one being an orangish/red color. She could provide no information about the duffle bags, telling me that she never saw them. After Hilary attended her routine classes throughout the day, she told me that she left the school at about 1115 hours, after being released from her fourth hour chemistry class taught by Ms. Miller.

Hilary accompanied her friends, Mary Grass, Karen Henry, and Ann Ayala out of the high school, telling me that they again exited from the south doors of the cafeteria, walked out into the senior parking lot and got in Mary Glass' car. After leaving the high school they went to Southwest Plaza for lunch.

Hilary was asked if she observed anything out of the ordinary when she exited from the school or out in the senior parking lot. She stated she did not see anything out of the ordinary. I asked if she had ever observed any gunmen or heard any gunshots or explosions while at school. She stated she did not.

At the completion of my initial interview, I asked Hilary if she had any additional information to pass on. She did tell me that the black BMW vehicle which belonged to one of the suspects in this shooting, who she believed was Harris' car, was parked in Mary Glass' parking space. I asked how she knew that. She stated from the account of the news media, they had identified his car being in Mary's parking space. Hilary also proceeded to tell me that two of her friends told her that they saw [REDACTED] in the high school on the incident date. She told me that her friends were Rachel Danford, home telephone number (303) 904-2529, and Janel Phiebolt, telephone number unknown. Both the individuals told her that they observed [REDACTED] down near the choir room and he was described as wearing a tie dye shirt. Rachel had also told Hilary that she later saw [REDACTED] down at the Columbine public library after the incident.

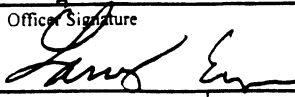

At the completion of my interview, I again verified that Hilary did not observe any gunmen while at the high school, nor did she hear any gunshots or explosions.

INVESTIGATION:

On 05-12-99, between the hours of 1101 and 1215 I had an opportunity to speak with Trevor in reference to the incident that occurred at Columbine High School on 04-20-99. Also present at the interview was his mother, Doreen.

Trevor started the interview by telling me that he had seen Eric Harris on Monday, 04-19-99, at about 0720 hours. Trevor told me they were in the main hallway at school near the west end when the two of them had bumped into each other. Trevor stated it was on pure accident that he bumped into Eric, telling me that he wasn't paying attention, he had turned around to say hi to a friend and he accidentally walked into Eric. The two got into a verbal argument about who should be watching out where they were walking. Trevor described Eric as being dressed as he always is, was wearing a black trench coat, black boots. about mid-

calf, had his pants tucked in the boots, and Eric was alone at the time. Trevor told me that the reason he recalls this and is telling me about it, is after the two separated, and as he started to walk away from Eric Harris, he remembers Eric telling him to have a good day tomorrow, which would have been 04-20-99. Trevor was asked if he saw Eric Harris again on Monday the 19th. He told me after he was released from his fourth hour class he recalls seeing Eric Harris and Dylan Klebold at about 1115 hours, and they were walking on the sidewalk out near the senior parking lot. He stated Eric had smirked at him as they made eye contact and he remembers Eric and Dylan walked to the football sheds, just west of the school and he doesn't know where they went from there.

Trevor arrived at school on 04-20-99 at about 0715 hours and his first hour Humanities class is taught by Ms. Judy Kelly. After Humanities, he has a second hour government economics, which is taught by Mr. Tony Tonelli. After second period class, he has third hour German, which is taught down in the foreign language halls, which is near the cafeteria area and is taught by Ms. Amy Burnett. I showed Trevor a map of the cafeteria and asked if he observed anyone down in the cafeteria while he was passing o his German class, carrying in two large duffle bags or sports bags, one being blue in color, and another being an orangish red color. He did not recall seeing those two items. After he was released from his German class, he went upstairs to his fourth hour math class, which is taught by Ms. Lori McMullen.

At 1110 hours, he was released from his fourth period math class and stated he walked downstairs into the cafeteria and exited through the south doors at about 1118 hours, where he proceeded to his car which was parked in the senior parking lot in space number 77. He described his car as being a gray Mazda four-door displaying Colorado passenger plate GAP606. After reaching his vehicle, he stated he drove out of the parking and proceeded home since he has fifth period off. He told me after he left school between 1123 and 1124 hours he saw emergency vehicles and they appeared to be heading Columbine High School. Trevor was asked if he observed anything out of the ordinary after he exited the senior parking lot, or if he saw Dylan Klebold or Eric Harris day. He told me he did not see the two and he did not see anything which would lead him to believe something was wrong.

JC-001- 007199

Trevor was asked if he had any additional information reference this incident. He did tell me on the 20th, as he was leaving the senior parking lot, he recalled seeing a black BMW, which was in the junior parking lot and was attempting to drive into the

senior lot. He stated he has seen this black BMW before, and proceeded to tell me he has seen Eric Harris driving this car in the past. He also told me he has talked with friends of his who told him the BMW actually belongs to Dylan Klebold and Dylan has let Eric drive it in the past. He could not tell me who was driving the vehicle and he did not pay particular attention to the vehicle after he passed it in the lot.

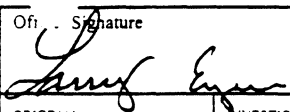

Trevor was asked if he knew any associates of the Trench Coat Mafia. He told me he believed Chris Morris was involved in the group and an individual by the name of Brian Sargent. Trevor was asked if he had heard any rumors of anything was going to occur on the 20th. He told me 04-20 was some type of a marijuana or pot smoking day. I asked Trevor if he went to Prom and The After Prom party at Columbine High School, he told me he did attend. I asked him if he ever saw Eric Harris or Dylan Klebold there. He stated he does not recall seeing the two individuals. I asked Trevor if he had any additional information which could be helpful. He told me he had left prior to the incident and he didn't have any additional information.

Columbine High School Incident

Date of Report: 05/03/99

Control Number: 1415

Mike Jeffries / Perry Powell		7160

Susan Stewart and Aaron Stewart dob/10/12/80

Contacted Susan Stewart at her home at 7817 S. Marshall Ct. on 04/27/99

Ms Stewart said her son Aaron has mental problems. He was enrolled in special classes at Columbine and is now in Jeffco jail for stealing money she had for her church group. Aaron has mental problems and was in jail during the time at Columbine and is not enrolled at school at this time. He did not know anyone involved just liked to dress in the gothic look.

His sister Emily K. Stewart dob/08/10/83 was in the lunch room at about 11:25 on the 20th, was told to get down, heard shots and ran down back hall into the auditorium and onto the stage into the band room and out of the building onto the soccer field. This took about ten mins. She said she did not see anything. She thought there was about 10 to 15 people in the TCM. The only name she knew was Frank Zirger.

On 05/03/99 Aaron Stewart was contacted at the Jefferson County Jail.

Aaron Stewart advised TCM was a group of outcast students. The individual membership did not like school and did not like the jocks. The individuals felt the jocks were getting all the recognition in school. The individual members would hang around together, drink beer and smoke marijuana. One of the meeting places they would always use was a tunnel under Peirce Street.

Aaron Stewart stated he never became a member of the group although they tried to get him to join. Aaron stated he knew the individual that started the TCM but could not remember his name. Aaron described him as being 5'11" to 6'0" tall, always wore a black hat and worked at Black Jack Pizza. The individual graduated from Columbine High School in 1997.

Aaron Stewart advised Erik Harris had mentioned on previous occasions that he was going to get even with the jocks and make the high school famous.

Aaron Stewart was unsure of the names of the members of TCM but thought there was approximately 15 members.

Aaron Stewart has been in custody at Jefferson County Jail since 03/11/99. He claims he has no knowledge of the incident or who could be involved.

Aaron Stewart, 18 yr old, is in our jail. Hung out with Trenchcoat members from yesterday before he was arrested and incarcerated. Mr. Lee does not want the media to get a hold of this. He stated that Aaron's mother has a restraining order against him. Mr. Lee thought you might want to see who's been visiting him in the jail, and maybe he could be of some help to you. You can contact Mr. Lee, just not the mother.

-witness James Stewart's sister, not present at school when shooting began, interviewed about any knowledge of Trench Coat Mafia.

INVESTIGATION:

On April 21, 1999 after interviewing James Stewart at his home, I talked with Laura about this case. Laura told me the following:

* She was off campus when the shooting started. She was just getting back to school when the incident was on-going.

* When asked if she knew Eric Harris, she said that she did not know him personally but does know of him. She did not know if he was part of the trench coat students.

* When asked if she knew Dylan Klebold, she said she knows him by face and name. Dylan was in her French class last year. She said Dylan and another student named Zach Heckler got kicked out of that

class all the time. They were disruptive. She said that Dylan was an obvious trench coat wearer.

* When asked if she knew a [REDACTED] she said the only [REDACTED] she knew of like that was a [REDACTED] (possible last name) who was part of the trench coats who committed suicide a year ago.

* She did not know a [REDACTED] nor anyone associated with a white Bronco.

* She did talk to the Denver Post but did not have any other media contact.

* She added that she thought the suspects were shooting at Leawood Park because of all the commotion she saw in that area as she was arriving in the area of the school.

This concluded my interview with Laura Stewart.

REPORT BY JACKLYN GEE (ACSO)

On 052899, this Investigator spoke to a subject identified as:

Stewart, Laura
DOB: 112180
7287 S. Gray CT.
Littleton, CO 80128
Ph# 303 979-0246

Laura advised the following:

That Laura is a student at CHS.

That last year (1998), Dylan Klebold and Zack Heckler were in Laura's French class.

That Laura described Dylan and Zack as good friends and further advised that they were very disruptive in class and were eventually "kicked out".

That Laura did not associate with Dylan or Zack at all because "they were very annoying".

That Laura did not have any contact with Dylan and Zack this year and did not know Eric Harris.

That on 042099, Laura had gone home for lunch and was returning to school when the incident occurred, so she did not witness anything that day.

Control Number 1671, Assigned 04-48-99 Kreutzer/Watson

On 04-28-99 we were assigned lead #1671 to contact Chris Lyn Stinson (DOB: 10-09-80). [REDACTED]

On 04-28-99 at 2030 hrs. Chris Stinson was interviewed at his residence (6383 W. Burgundy Dr.). His mother and stepfather were present for the interview (Shellie O'Brien and Douglas O'Brien). [REDACTED]

He knows them, in 7th and 8th grade knew Harris well, when they got to high school basically grew apart. [REDACTED]

Chris Stinson has many friends who are in sports, he is not. Chris Stinson's interests in school are mostly with the acting classes and choir. He knows of Chris Morris and Brooks Brown who are friends of Harris. There was a incident involving Chris Morris where he was in an acting class, he was assigned to a group for a play and he never attended the class. The members of the group told Chris Morris if he doesn't attend and help out they wanted him out of the group. Chris Stinson is very aware Chris Morris is a known associate to the Trench Coat Mafia.

Chris Stinson was part of the Homecoming Royalty and a close friend Brandon Ricebeck was Homecoming King. [REDACTED]

Chris Stinson knows Brooks Brown who he describes as a good choir student. For the last 2 weeks of class Brooks Brown did not go to class for a unknown reason. Brooks Brown according to Chris Stinson has ties to the Trench Coat Mafia.

Chris Stinson was home sick on 04-20-99, he did not attend school at all. He was home sick with a temp. of 104 degrees which his mother explained.

Narrative:

On 5-20-99 I contacted Strohman who told me that on 4-20-99 he left campus at approximately 1115 hrs for lunch. He went home and while at home received a call from his father who told him what was happening at the school and told him to stay home, which he did.

Strohman further told me that he only knew Harris and Klebold to recognize them in the hallway and had no interaction with either and did not have either of them in any of his classes that he could recall.

On 6-16-99, between the hours of 1305 and 1310, I had an opportunity to speak with Brian Sullivan in reference to the Columbine incident that occurred on 4-20-99. Through the use of school records, we had identified Brian as having lunch period "A" and I was contacting him to determine if he was on campus when the incident occurred.

Upon contacting Brian, he told me he arrived at the school on 4-20-99, between the hours of 0715 and 0720, and that he entered into the school through the commons area, also known as Rebel Corner. Brian was asked if he observed anything out of the ordinary that particular morning. He stated he didn't. Upon entering into the school he attended his normal classes, telling me

that after his fourth hour English class, which is taught by Mr. Samson, he was released at about 1115 hours and that he went off campus for lunch. Brian told me that he went to lunch with Chris Clary and they went to New York Bagels, located on Bowles, just east of Wadsworth. I asked Brian when he left for lunch which exit he used. He told me that he used the Rebel Corner and proceeded out into the senior parking lot, where they took Chris' car to lunch. Again, I asked Brian if he observed anything out of the ordinary when he was out in the senior parking lot. He stated there was nothing occurring which would lead him to believe anything was wrong.

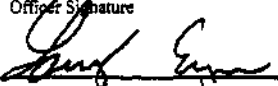

I confirmed that Brian left prior to this incident occurring, he did not observe any gunmen, nor did he hear any gunshots or explosions.

Steven Sumida advised me on 04-20-99, he did not attend any of his classes at Columbine High School, due to the fact that "Christ told me not to go to school that day." Steven advised he was not sick on that day and Christ was the only reason why he stayed home on 04-20-99.

Steven Sumida advised me that prior to the shooting at Columbine High School on 04-20-99, he had never heard of the Trench Coat Mafia or the Trench Coat Mafia students. Steven Sumida said that he plays football, wrestling and lacrosse at Columbine High School, however, he has never been picked on or harassed by anyone that may have been a Trench Coat Mafia student. Steven Sumida advised that he had heard of "jocks" picking on and/or harassing members of the Trench Coat Mafia, however, he has not personally witnessed any of this.

I asked Steven Sumida if he had seen anyone in the hallways or in Columbine High School that he may believe was a Trench Coat Mafia student. Steven Sumida said that he had noticed a few students who may have been Trench Coat Mafia students and he identified by their method of dress only. He said that he had never talked to any of them nor have they talked to him.

Steven Sumida said since the shooting on 04-20-99 at Columbine High School, he has been doing fine dealing with the incident. I asked him to contact me in the future if any of his family members or himself want to talk with a J.C.S.O. Victim Advocate. I advised him I would make the necessary arrangements at that time.

1120 and 1125 hours that they actually left the school parking lot and they drove to Chatfield and Kipling, where Joshua had to pickup newspapers for his paper route. After picking up the newspaper, the three of them then proceeded to Joshua's house where they ate lunch. Joshua explained that it wasn't until they arrived at his home that they started to hear sirens. At about 1150 hours, they attempted to return to school, but were stopped by emergency personnel.

Joshua also provided the additional information, telling me that on the morning of 4-20-99, he attended a bowling league at Belleview Lanes, which is located on South Federal Boulevard and West Belleview Avenue and he arrived at about 0615 hours and left at about 0735 hours. I asked Joshua if he saw Eric Harris or Dylan Klebold at bowling class that morning. He told me he knew they did participate in the league, but he didn't recall seeing them there that morning. He told me he arrived at Columbine High School for his regular scheduled classes at 0820 hours. Joshua entered the school through Rebel corner and proceeded up to the main level of the school, where he attended his normal classes. Joshua told me that he did not observe anything out of the ordinary the morning of April 20th which would lead him to believe anything was wrong.

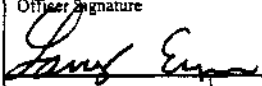

At the completion of this interview, I confirmed that Joshua did not see any gunmen prior to leaving the school, he was not present during the incident, and he did not hear any gunshots or explosions.

INVESTIGATION:

On 6-16-99, between the hours of 1150 and 1200, I had an opportunity to speak with Bonnie Swensen, who is Stacy Swensen's mother. I was attempting to contact Stacy in reference to the Columbine incident that occurred on 4-20-99. Through the use of school records, we had identified Stacy as being on lunch period "A".

INVESTIGATION:

On 06-24-99, between the hours of 1400 and 1406, I had an opportunity to speak with Anne Tatarsky in reference to the Columbine incident that occurred on 04-20-99. Through the school records, I identified Anne as having lunch period "A" and I was contacting her to see if she was on campus when this incident occurred.

Anne told me that she had left school after her fourth period History class taught by Ms. Greene and she believes she left school between 1115 and 1120 hours. Anne told me that she walked down into the commons area of the cafeteria and walked out the south doors, also known as Rebel Corner. She went to lunch with her friends, Lindsey Neam, Alana Knudsen and Jennifer Davis

The four of them walked out of the school, went out into the junior parking lot where they got into to Lindsey's car and went to the Burger King located at Pierce and Ottawa.

I asked Anne if she observed anything out of the ordinary. She stated that it was just a normal day at school. She never observed anything out of the ordinary and had no idea anything was going to happen. At this point, I verified that Anne did not observe any gunmen nor did she hear any gunshots or explosions. I also verified that Anne had no additional information reference this incident.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 5/19/99

On 5/13/99, Spencer Taylor, DOB 8/28/81, 6225 West Coal Mine Place, Littleton, Colorado, was advised of the identities of the interviewing Agent and Detective, and the nature and purpose of the interview. He was interviewed in the presence of his Mother, Tina Taylor, DOB 12/1/57. He provided the following information.

On 4/20/99, Spencer arrived at the Columbine High School at approximately 7:10 a.m., and went to the commons. He sat with Spencer Grange, Daniel Grange, Aaron Wright, and Spencer Wright. They sat there until their first classes started at approximately 7:30 a.m. Spencer didn't see any duffel bags or packages that looked out of the ordinary to him. His last class prior to first period lunch was chemistry class. He departed from this class, walked down to the commons, and exited the south side of the cafeteria. He walked in the cafeteria lot, placed his backpack in his truck, and then walked to the Mormon Seminary house on the corner of Pierce and Polk. He did not see anyone or any activity that caught his attention while in the parking lot. He went into the house, and just as he was sitting down, several students ran into the house yelling that there was a shooting at the school. He remained there for several hours, and later departed with friends after the incident.

Spencer has seen Klebold and Harris around, but didn't really know them. He has also seen other Trench Coat Mafia students around, but didn't really know or associate with them. He noted that when he was a freshman, the TCM members wore their trench coats more often than they did in the past year. He stated that he thinks that the TCM is just basically a group of outcasts. They dress differently than most other students, and don't participate in school activities such as football games. He didn't believe that they were violent or prone to violence. He does know a girl named Alejandra Marsh that does hang out with the TCM, but he doesn't think that this girl is actually one of the TCM. He said that she was a bit odd, but that she was very intelligent. He has had classes with her on and off during the course of the past few school years. She actually asked Spencer to the sweetheart dance in 1998, however he declined. He again said that he doesn't spend time with Alejandra, but only sees her around school, in the halls, or in an occasional class.

Narrative:

On 5-13-99 Inv. Craig Schoshke, Assistant Principle Chris Mikesell and I interviewed Andrew Thomas. Andrew was contacted as his name was brought up in an interview with Eric Veik in lead 3314. He reportedly took part of the conversation were Eric discussed bring in a device into the school to prove a point that it could be done.

At the beginning of the conversation I asked Andrew if he was aware of why we had asked him into the office. He told me he thought it would be reference the conversation he and Eric had about security at the school. He said everyone he talked to was paranoid. He said they discussed how it would be easy to bring a back pack of stuff into the school but he said no one would really do what Eric Harris and Dylan Klebold had done. He went on to say he was "pissed" about not being able to go to school at Columbine and all he had to do to go to school at Chatfield. I asked who he was "pissed" at and he told me Dylan and Eric. He said he thought the use of parents guarding the doors was silly and would feel better if there were police there who would look into back packs.

I asked Andrew to tell me who all was in the conversation and he said Eric Veik and Adam Dressel. He said after they talked about what the security concerns were they began discussing what could be brought into the school in a back pack. He had said why not some empty PVC pipe and just dump it out on the table. This would show everyone how inadequate the security was. He said they talked for a while but could not really remember all that was said because he did not mean to do anything or believe anyone else would do something like this. I asked him if he remembered anything about gasoline. He said Eric had said something about it but could not remember what he said. I asked him if fifty five gallons was discussed and he said not that he could remember. It was more like one to five gallons. He said at least that is what he thought they would be talking about. We then discussed if anyone spoke on how to build a device or a fake device and how to bring it in to the school. He said he did not. He said he was only partially involved in the conversation and quickly lost interest. He said he never gave the discussion a second thought and now thought it was a stupid conversation. He was asked if thought any one involved in the conversation would attempt to carry out what they spoke about and he said no it was just talk.

After speaking with Andrew he was allowed to discuss in status as a student of the school with Assistant Principle Chris Mikesell.

After speaking with all individuals involved in conversation with Eric Veik I believe these conversations were inappropriate and where not intended to be acted on. Lead closed.

On 4-29-99 I contacted Thurmon who told me that he is acquainted with both Harris and Klebold because they are both in his bowling class. Thurmon said that he is an athlete (wrestler) and has had problems with Harris and Klebold in the past particularly on incident last school year where Harris wanted to fight Thurmon in the parking lot of the school. The fight never occurred because friends of Thurmons soon arrived. Thurmon also told me that he was the originator of the term "Trenchcoat Mafia" and explained that during the last school year (his junior year) he would see a group of seniors always wearing trenchcoats or dusters and made a comment, "What's with the trenchcoats? re you guys trenchcoat mafia or something?" The term stuck with the group. Thurmon did not think that either Harris or Klebold were involved in the group at that time. Thurmon concluded by saying that Harris almost never wore his trenchcoat at school while Klebold almost always wore his.

Thurmon could offer nothing else.

OBSERVATION/INVESTIGATION:

On 043099 I contacted Dustin and his father at home by phone and asked if I could speak to them regarding some information I had received, both agreed to speak to me.

I asked Dustin if he had been in any of either Dylan or Eric's classes this year or in the past. Dustin stated that he had had some classes in the past with them but couldn't remember what they were; However, this year he had only been in a bowling class that both of them were in together. I asked Dustin if he had ever had an argument with either of the boys and Dustin replied that he had not but that Brian Sargent had an argument with Eric about the jocks. Dustin then stated that last year he had made fun of both of them when they had worn their trench coats to school and it was 90 degrees outside, Dustin thought that is where they got the nickname "Trench coat Mafia" because it just stuck from that day forward.

I asked Dustin if he ever had any direct contact with the boys this year and he stated no. I asked if he had ever made any comments to them in bowling class and he stated well we always taunted them during the game because we jocks thought we could play the game better. I asked Dustin who was on the team with him and he stated that it consisted of:

Steve Burk
Clint Woodman
Matt Oliver

I asked Dustin if anything else had happened, or if either of the boys had said anything to them and Dustin replied no.

Dustin's father then asked if I was investigating [REDACTED]. I asked him where he heard that and he stated that he had heard it from the news media that had come to his home. I told Mr. Thurmon that I was in fact working on [REDACTED].

Neither Dustin nor his father could provide any further information regarding [REDACTED].

No further action taken by this investigator.

INVESTIGATION:

I was assigned the lead to contact Dustin Thurmon in reference to the Columbine incident that occurred on 04-20-99. I was to determine if Dustin was on campus when the incident occurred.

Information I obtained was that Dustin had left campus prior to the shooting incident. He left after his fourth hour class between the hours of 1110 and 1115. Dustin exited the school through the cafeteria, walked out into the senior parking lot, got in his vehicle and went to Nick Jackson's house for lunch. There was no additional information provided reference the incident.

On 06-23-99, between the hours of 1310 and 1315, I had an opportunity to speak with Brandi Tinklenberg in reference to the Columbine incident that occurred on 04-20-99. Through the use of school records, I had identified Brandi as having lunch period "A" and was contacting her to see if she was on campus when the incident occurred.

JC-001-007265

Brandi explained that she had left school about 1115 hours and had left with her friend Margaret (Mollie Vaughan). They exited from the school using the main entrance, walked out through the teacher's parking lot and proceeded to Clement Park, where

On 5-20-99 I contacted Todd who told me that on 4-20-99 he had stayed home from school.

Todd further told me that he had both Harris and Klebold in his 1st period Video Production class in the 2nd semester. Both were fairly friendly but kept to themselves always sitting together and almost never with anyone else. Todd described their videos as "Dark and Weird". Todd did not socialize with them at all. Todd also remembered that he did not see the trenchcoats being worn very much this year but saw them a lot last year. As far as friends, Todd used to see Zach Heckler and Chris Morris hanging around with Harris and Klebold.

OBSERVATION/INVESTIGATION:

On 050399 I contacted Erik Trenck at his home by phone, with his father on an extension listening in. At that time I advised Erik that I was doing follow up on a lead that has his name attached to it. Mr. Trenck then asked if [REDACTED]

Erik stated that he had played soccer with Eric when he was in 4th grade, but has never had him in a class or seen him in the halls of school since the soccer days. Erik went on to say that his parents had taken Eric Harris to practice and brought him home on several occasions during the soccer season just because it was convenient for Eric's parents. I asked Erik if he had ever exchanged words or looks with Eric Harris and he stated no, I just didn't like the kid, but I never had any contact with him after 4th grade. I asked Erik if he participated in sports and he stated that he was on the school hockey team and the golf team.

Erik and his father were unable to provide any further information. No further action taken by this Investigator.

On 6-16-99, between the hours of 1145 and 1150, I had an opportunity to speak with Erik Trenck in reference to the Columbine incident that occurred on 4-20-99. Through the use of school records, we had identified Erik as being on lunch period "A" and I was calling to confirm if he was at school that day.

Erik told me that he arrived at school on 4-20-99 at about 0810 hours and that he attended his second hour Physics class taught by Mr. Cram. Erik was asked how he entered into the school that particular morning. He told me that he walked from the junior parking lot, space number 348, and went into the commons area through Rebel corner, then proceeded to his class. Eric was asked

if he observed anything out of the ordinary that morning when he walked into the cafeteria area/Rebel corner. Erik told me that he did not see anything which would leave him to believe anything was wrong. Erik attended his regular classes that day and after being released from his fourth hour history class, taught by Mr. Fleener, that he and his friend, Ryan Stephens, exited from the school at about 1120 hours. Again, he told me that they exited through Rebel corner, went out in the junior parking lot and left school. Erik explained that he went to New York Bagel for lunch that day and the bagel shop is located on Bowles Avenue, just east of Wadsworth. He told me that while he was eating lunch at the bagel shop, he saw two teachers from the school, Mr. Moore and Mr. Tonelli.

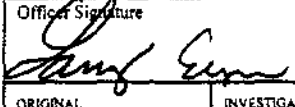

At this point I confirmed with Erik that he had left prior to the incident, he did not observe any gunmen, nor did he hear any gunshots or explosions. Prior to finishing my interview, I asked Erik if he had any additional information. Erik told me that as he was walking out of school, going to lunch at about 1120 hours, that he recalls Brooks Brown was walking out of the school behind him. He told me that he believes Brooks is an associate of the "Trench Coat Mafia." He described Brooks with brown curly hair, but wasn't wearing a trench coat that day. I asked him if he recalled where Brooks went. He told me that after he exited the school he didn't pay much attention to him and has no idea where he went. Erik also proceeded to tell me that he was contacted by an investigator about two weeks after this incident, who explained to him that [REDACTED] Erik was unable to provide any additional information as to who that investigator was that contacted him

INVESTIGATION:

On 08-12-99, after attempting numerous times to make contact with witness Kelly Trinniman, and not being able to get in contact with her, I was able to contact her by telephone. The reason I needed to contact Kelly was for an interview in reference to the shooting that occurred at Columbine High School on 04-20-99.

When I contacted Kelly Trinniman on 08-12-99, she advised me that on 04-20-99, she was not in attendance at Columbine High School. Kelly told me that she was home sick all day on 04-20-99.

I asked Kelly Trinniman what information she could provide to me about the Trench Coat Mafia, the Trench Coat Mafia students and in particular, what information she could provide about Dylan Klebold and Eric Harris. Kelly told me she had no information about Dylan Klebold or Eric Harris. Kelly advised me that in her second hour class at Columbine High School, there was a female student that Kelly knew only as "Lydie" or "Lydia," that wore a trench coat in this class. Kelly advised me that this female student sat at the back of the classroom, and stayed to herself in the class. Kelly said she could not remember anybody that this female student had associated with in the Math class.

On 06-15-99, I was assigned lead #4618 to interview Elena Trujillo, a Columbine High School student on 4-20-99, who was assigned to "A" lunch.

On 6-15-99, at 0830 hours I left a message for Trujillo at the listed phone number, 795-8873. At 1530 hours, I called the phone number and a female answered and identified herself as Elena Trujillo. I told her that I was calling reference Columbine High School and the incident on 4-20-99 and asked if she had been at the school at that time. Trujillo stated that she had been home sick that day and the entire week prior. I asked if her mother had called her in with excused absences, and she stated that she had. I asked Trujillo what was wrong with her, and she stated that she had some sort of sinus infection.

I asked Trujillo if she knew either Eric Harris or Dylan Klebold, and she stated she did not. I asked her if she had them in any classes or recognized them in the halls and she stated she did not.

INVESTIGATION:

On 7-14-99, at approximately 1330 hours, I contacted witness Ryan E. Typher by telephone. Ryan is a student at Columbine High School and the purpose for this interview was in reference to the shooting on 4-20-99 at Columbine High School.

Ryan Typher said on 4-20-99, at approximately 0730 hours, he arrived at Columbine High School for his scheduled classes. Ryan said his first hour class was a German class that was located in the foreign language department on the lower level of Columbine High School. Ryan said this German class lasted from approximately 0730 to 0830 hours. Ryan said he had his second class off so he went into the cafeteria/commons area of Columbine High School and selected a table to sit at. Ryan said he selected a table that was near the vending machines in the "Rebel Corner." Ryan said he could not remember which way he was facing while seated in the cafeteria on 4-20-99, and it was also unknown who else was present with Ryan on 4-20-99 in the cafeteria/commons

area. I asked Ryan if he remembered seeing a duffle bag or propane tank in the cafeteria on 4-20-99. Ryan said he did not see either item prior to the shooting. I asked Ryan if he remembered seeing any of the "Trench Coat Mafia" students in the cafeteria or commons area on 4-20-99, and Ryan said he did not remember seeing any of these students on that day. Ryan told me that at about 0930 hours, on 4-20-99, he exited the Columbine High School cafeteria and went up the stairway to the upper level of the school to attend his biology class. This biology class lasted until approximately 1030 hours. Ryan said his fourth hour is "A" lunch time, so he exited Columbine High School with a friend of his by the name of Mike Kompinski, and said they went to Ryan's vehicle (a red Toyota Celica) that he had parked on West Fair Drive, east of south Pierce Street, in the one hour parking area. Ryan said he and Mike got into this vehicle and left for Ryan's house to eat lunch. Ryan said while he was in the school and while they exited the school, he did not see any of the "Trench Coat Mafia" students that he can remember. He said he did not see anybody or anything out of the ordinary while leaving. Ryan said he took Mike to his residence at 7610 West Friend Avenue to eat lunch. Ryan said after lunch, Mike and he tried to return to Columbine High School for their next classes, however, was unable to do so due to the police presence in the area of the school.

Ryan Typher said prior to 4-20-99, he did not know the names of any of the "Trench Coat Mafia" students. He said he knew who the "Trench Coat Mafia" was due to their style of dress, but said he did not know any more about them. Ryan said when he would see the "Trench Coat Mafia" students in Columbine High School, he did not see anybody harass or picking on them, including the "jocks." Ryan said he had not seen the "Trench Coat Mafia" students harass or pick on other students either. Ryan said that he played baseball, however, he was not harassed by any of the "Trench Coat Mafia" students for being an athlete. Ryan said he knew who Isaiah Shoels was and I asked him if he ever witnessed any type of racial harassment or racial intimidation by anyone towards Isaiah Shoels. Ryan said he had not seen any racial intimidation or problems towards Isaiah Shoels and in fact said that everybody seemed to like Isaiah.

Ryan Typher said that he has not heard about anybody who may have possibly been involved either prior to, during, or after the shooting at Columbine High School on 4-20-99. He said he has not heard of anybody, nor has he heard any rumors of anybody who may be manufacturing explosive devices and/or possessing or selling firearms. Ryan also said he did not know anybody with a double pierced eyebrow.

ADDITIONAL INFORMATION:

Ryan Typher advised me that approximately three to four years ago, his sister, Tiffany Typher, went to Homecoming with Eric Harris. He said he did not know if Tiffany had been interviewed by law enforcement yet or not. I checked with the FBI Rapid Start personnel, and was told that Tiffany Typher had been interviewed and the report showed an information control number of 4254.

I asked Ryan Typher how his family has been doing since the incident on 4-20-99, and he said that he is doing better, however, he said his sister, Tiffany, is taking it rather hard due to the fact that she knew Eric Harris previously. I advised Ryan if anyone in his family or himself wanted to talk with a JCSO Victim Advocate to contact me and I would set up the necessary arrangements for them at that time.

DISPOSITION: Case is open, pending further investigation.

On 06-29-99, between the hours of 0830 and 0835, I had an opportunity to speak with Elizabeth Ulatowski in reference to the Columbine High School incident that occurred on 04-20-99. Through the use of school records, I identified Elizabeth as being on lunch period "A" and I was contacting her to see if she was on campus when this incident occurred.

Elizabeth told me that she left school right after her fourth period class and believed she was gone between 1110 and 1115 hours. Elizabeth told me that she went to McDonald's on South Pierce with her friend, Jennifer Paavilainen. Elizabeth was asked which exit she used when she left school. She stated that she walked out the east exit from the math science hallway, walked across

exiting from the high school, the four of them proceeded out into the junior parking lot, where they got into Emily's car and left the school. Ryan told me that after they had finished their lunch hour they attempted to return to the high school at about 1135 hours, but they were stopped by emergency personnel.

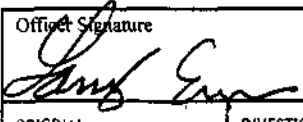

I confirmed with Ryan that they had left prior to the incident, they did not observe any gunmen, nor did they hear any gunshots or explosions.

VAN DELL, Courtney Jane (DOB:091683)
6463 W. Canyon Avenue
Littleton, CO 80128
H: (303) 933-7024

Telephoned Courtney VAN DELL whom was said to have been removed from class early the day of the incident. She advised she withdrew from the school about a week prior to the incident to be home-schooled. She said she knew Eric HARRIS and Dylan KLEBOLD, but was not friends and did not speak with them. She added that she was also acquaintances with some of the other persons in the class photos shown on television; however, had never heard of the term "Trench Coat Mafia," prior to the broadcasts. She later heard that the group had dropped the name sometime last year due to the group having "disintegrated." She did not provide any of the names of the person she thought was in this group.

A search of Columbine High School records showed VAN DELL was indeed withdrawn on April 12, 1999 refuting the lead information.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 6/3/99

On 5/28/99, Courtney Van Dell, DOB 9/16/83, 6463 West Canyon Avenue, Littleton, Colorado, was advised of the identity of the interviewing Agents, and the nature and purpose of the interview. She was interviewed in the presence of her Attorney, Kalman Elinoff, and her Mother and Father, Solie and Gregg Van Dell. She provided the following information.

Courtney is in her freshman year at Columbine High School, and attended Columbine until 4/14/99. Her parents withdrew her from Columbine on the aforementioned date because she was having conflicts with both the staff and students at the school. Courtney was at home on 4/20/99, the day of the Columbine incident. She later learned of the incident from viewing news reports on television.

While she was still attending Columbine, she did associate with alleged Trench Coat Mafia (TCM) members and associates. She stated that she befriended them because they were different than most of the other students, not unlike herself. She associated with Chris Morris on a semi regular basis at school. She and Chris compared poetry that they had written, and often spoke of their views on life. They also spoke of being different than the rest of the students, and the harassment that they were both getting at school. Some of the harassment included having food thrown at her, as well as verbal abuse such as being called "Satan". She attributed this to the fact that she used to wear a set of horns to school. A teacher had also complained about Courtney's appearance to the Dean of students, Mr. Horvath. The teacher told Horvath that Courtney's mode of dress was distracting while trying to teach. Chris Morris had a lot of anger pent up inside due to the harassment and non acceptance at school. Courtney actually thought that Morris ironically had a superior attitude reference himself in comparison to other students. Morris never spoke of guns, bombs or any plans that he or others had that may have been similar to the assault that occurred on 4/20/99. Although they were called the TCM, Courtney rarely saw any of the students wearing trench coats. In fact, she believes that the TCM basically split up during the past school year.

She had second period free, and would go to Chris Morris' house to "hang out" during the free period. On at least one occasion, Eric Harris and Dylan Klebold were also at Morris' residence. The conversation was casual, and they didn't talk about guns, bombs or plans of an assault on the school. Courtney thought that both Eric and Dylan were nice and polite. There was however some discussion of harassment that they were all going through, and some casual talk of revenge, but nothing really serious. She couldn't remember specifics of this conversation, but again stated that it was nothing serious.

Since 4/20/99, Courtney has had no contact with any of the TCM or associates. She did see a girl named Kristen (LNU) who was an associate, working at the AMC 24 movie complex, but only said hello. Another individual named Brian (LNU) who was an associate was also working at the AMC 24 and only said hello. She has talked to other friends since the incident, to include a girl named Michelle Schott. Michelle told Courtney that she thought that she saw a man on the roof of the school on 4/20/99, in a white t-shirt possible throwing bombs from the roof.

Courtney uses the Internet, and has several screen names. Some of her screen names include Poet 83, and Gothic Fly. Her Internet service is AOL, and she rarely uses chat rooms. She has no ICQ account number.

On 6-23-99, between the hours of 0835 and 0840, I had an opportunity to speak with Eric Vanwoensel in reference to the Columbine incident that occurred on 4-20-99. Through the use of school records, we identified Eric as being on lunch period "A" and I was contacting him to see if he was on campus when the incident occurred.

JC-001-007313

Eric told me that he arrived at school on 4-20-99, at about 0715 hours, and that he had parked his vehicle over near Leawood Park. He entered into the high school that morning through the main entrance and proceeded to his normally scheduled classes.

Eric told me that he does not have a fourth period class so after his third period class ended, at about 1020 hours, he left campus

and went to Dakota Ridge High School, where he picked up some of his friends and then went to Southwest Plaza for lunch. Again Eric told me that when he exited from the school after his third period class, he exited from the main entrance and walked over to his vehicle, which was parked at Leawood Park.

I asked Eric if he observed anything out of the ordinary that morning. He stated he did not see anything that would lead him to believe there was anything wrong. Eric was asked if he made it down into the cafeteria area at the school on the incident date. He told me that he did not get down into the cafeteria.

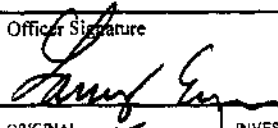

At the completion of this interview, I verified that Eric was off campus when this incident occurred. He did not observe any gunmen, hear any gunshots or explosions.

On 052099 I contacted Jeffery Veigel (John's father) at home by phone. At that time I told him I was conducting follow up work on the Columbine shooting incident, and that I needed to ask his son several questions. Mr. Veigel became irritated and wanted to know what I might be asking his son, and I told him it would be in reference to the subject of a "Highpoint rifle" that his son had purchased in January, and his son's whereabouts during 5th hour, the day of the shooting. Mr. Veigel became increasingly irritated and told me I would not be able to speak to his son until after graduation, and then maybe not then because his son was so traumatized by the whole thing. Mr. Veigel went on to say that he was an attorney and he knew we were on a "witch hunt" for other suspects and that was why I needed to know about the gun. I explained to Mr. Veigel that we were just following up on many different leads and I just needed to clarify these points. Then in a belligerent voice Mr. Veigel stated that the gun was a 9mm, and that he was aware of it's purchase and that the gun was locked in a safe in his home and that he had the key no one else did. I asked Mr. Veigel if he had checked the gun to be sure of its location since the shooting, Mr. Veigel stated that he had checked the gun and it was just where it had been put in the safe. Mr. Veigel stated that he would page me when he felt it necessary to speak to me at a future date. To date (052499) I have not heard from him and he has not returned my calls.

Michael Joseph Vedegnia, W/M, DOB/ 012881
 7604 SOUTH Depew Street
 Littleton, CO
 (303) 979-7269

On May 4, 1999, I conducted an interview with Michael Joseph Vedegnia, DOB/ 012881, by telephone.

Michael Vedegnia told me that he had assisted Eric Harris and Dylan Klebold in the filming and editing of a video for a class project. Vedegnia said that he had also had a short part in the video and that the video was directed by Harris and Klebold.

I asked Vedegnia what the video was about. Vedegnia said that the video started with Harris and Klebold driving by in a car talking about how some radioactive clothing had come alive and were attacking people. Vedegnia said that the only people who were attacked by the clothing in the video were Harris and Klebold. He said that the only people in the video or who assisted in the production, editing or filming of the video are Eric Harris Dylan Klebold and Eric Viek.

I asked Vedegnia what part he played in the video. Vedegnia said that he had a short part where he entered several rooms and found a person (Eric Viek) unconscious and had to carry him out. Vedegnia said that he only played that small part and was responsible for the editing of the video.

I asked Vedegnia where the video was filmed. He said that they filmed the video at Columbine High School. I asked him what type of weapons or guns they used in the filming of the video. Vedegnia said that they had used "simulated guns." He indicated that Harris and Klebold had provided the "props" for the filming of the video.

I asked Vedegnia what type of a relationship he had with Harris and Klebold. Vedegnia said that he did not associate with Harris or Klebold. He said that they had approached him and asked for his assistance in the filming and editing of their video for a class project as they needed to complete the project for a grade. Vedegnia said that they had asked for his help because he was very familiar with the equipment needed for the filming and editing.

Vedegnia told me that he never had any problems with Harris and Klebold and that they never talked to him about shooting up or blowing up Columbine High School or any other location.

I asked Vedegnia if he had assisted Harris or Klebold with any other videos. Vedegnia said that he does not remember filming, editing or participating in any other videos with Harris or Klebold but stated that it is possible that there may be other videos that he acted in with them.

Vendegnia, Michael J. 1-28-81
7604 S. Depew Littleton, Co. 303 979-7269

Narrative:

On 5-14-99 I spoke with Vendegnia regarding his knowledge/participation in a conversation with Veik regarding any "test" or opinions of the security at Chatfield HS. Vendegnia denied any knowledge of any such conversation with Veik or anyone since the 4-20-99 incident. Vendegnia stated that he did know Ungerland, Veik and Romanysyn but said that Thomas and Dressel were unfamiliar to him. Vendegnia also denied any knowledge of a black video bag or any plan to use road flares bound together as dynamite.

Vendegnia was then asked about Harris and Klebold. He said that he knew who Klebold was but had no real contact with him and to his knowledge did not have him in any of his classes. Vendegnia has known Harris thru school for 3-4 years and most recently has had Harris in his 2nd hour video productions class both semesters of this school year. Klebold was in the 3rd hour video class. Vendegnia described Harris as always nice, laughed and joked and was never aggressive. Harris has worn a black duster type coat for the last 3-4 years and wore it almost everyday. Vendegnia has known Harris' friends to be Klebold, Zack Heckler, and Chris Morris. The only social contact he had with Harris was the filming of the various videos. One was a spoof of the show "Cops" where Vendegnia was both an actor and the editor and the other was the "Radioactive Clothes" where he again was an actor and the editor. The story of the "Cops" video was a collaborative effort between Harris, Veik and Vendegnia. The story for "Radioactive Clothes" was Harris' idea. Vendegnia had seen private footage that Harris had shot in the mountains where Harris, Klebold, two males (one with long black hair and the other with brown/blond hair and glasses) and one female were firing weapons at trees and a bowling pin. Vendegnia did not know where the footage was shot or exactly when this occurred except that he had seen it about 2-3 months ago in the video class. Vendegnia had no idea of Harris and Klebolds plans and really saw nothing disturbing with the videos that they made. Vendegnia did recall that on 4-19-99 Vendegnia, Romanysyn, Ryan Seacrest(?), and Vince Pheins were filming a video in the school hallway and encountered Harris sitting in the hall. When asked if he wanted to participate Harris said "no" and that he was studying or working on something for the next day.

Vendegnia further told me that he was home sick on 4-20-99 and had thought about going in after lunch until he saw what was happening on the TV. He had 4th hour Introduction to Windows and 5th hour Government and Economics with a lunch after the 4th hour class which would have put him in the cafeteria at 1110 hours.

No further information.

INVESTIGATION:

On 06-28-99, at about 1430 hours, I contacted witness Robert John Vincent by phone, who was a student at Columbine High School. The reason for this interview was in reference to the shooting that occurred on 04-20-99 at Columbine High School. Robert Vincent advised me on 04-20-99 at approximately 0705 hours, he arrived at Columbine High School for his classes. Robert said that his first class began on 04-20-99 at 0720 hours and said this was an English class that is on the upper level of Columbine High School. Robert said that at approximately 0815 hours, his English class ended and said he went to his wood shop class, which began at 0820 hours. Robert said this class is also on the upper level of Columbine High School. Robert said that at approximately 0915 hours, he got out of his wood shop class and proceeded to his physical education class that began at approximately 0920 on 04-20-99. Robert said he got out of this physical education class at 1015 hours.

Robert Vincent said when he got out of his physical education class on 04-20-99 at approximately 1015 hours, he exited the school through the east side main doors, by the administrative offices. Robert said after exiting the school, he went to his residence for his lunch hour. Robert said that he remained at his residence during his lunch hour and upon attempting to return to Columbine High School on 04-20-99, at about 1110 hours to 1115 hours, he was unable to get to the school due to the police presence in the area of the school. Robert said that he was stopped by the police at approximately South Pierce and West Walker Avenue. Robert said that prior to his leaving the Columbine High School for lunch, he did not observe any suspicious people or suspicious items in the school. Robert said that at no time on 04-20-99, did he hear any explosions and/or gunshots at Columbine High School.

I asked Robert Vincent if he had seen anyone carrying a blue duffle bag and/or a propane tank at Columbine High School on 04-20-99 or prior to that. Robert said no, he had not seen anyone carrying any items such as these or of a similar description to these. I asked Robert if he knew anything about the Trench Coat Mafia or the Trench Coat Mafia students and in particular, either Eric Harris or Dylan Klebold, prior to 04-20-99. Robert advised me that he knew nothing about the Trench Coat Mafia or the Trench Coat Mafia students. Robert also said that he did not know Dylan Klebold or Eric Harris, nor did he even know their names prior to 04-20-99.

I asked Robert Vincent how he has been doing with the incident since 04-20-99. Robert said that he has had no problems and has not had any problems sleeping or eating, etc. I gave Robert Vincent my name and phone number and asked him to contact me if he wished to speak with a J.C.S.O. Victim Advocate in the future. I told Robert I would make the necessary arrangements for him at that time.

DISPOSITION: Case remains open, pending further investigation.

REPORTED BY: Det. S. Barnhill and Det. J. Montoya

DATE OF REPORT: 5-6-99

TYPE OF REPORT: Interview

On 5-6-99 Detectives Barnhill and Montoya contacted Alex Veras at his residence, at his residence 8870 W. Long Ct. Veras' mother and father were also in attendance. Veras stated that he was not on campus during the incident. On normal days he would have been in the library studying with Isiah Shoels. However, on April 20th, Veras went to lunch off campus with a friend of his. The friend had just purchased a new truck and wanted show it to Veras.

Veras felt that [REDACTED] was involved in the shootings. Veras based his belief on conversations with a friend of his "Kara". Veras related that "Kara" had witnessed an individual she believed to be [REDACTED] at Columbine with a gun. Veras further related that "Kara" had identified [REDACTED] by looking at the school yearbook. Veras was unable to provide any first hand information. Veras indicated that he would contact Detective Montoya if he obtained any further information regarding the Columbine incident.

OBSERVATION/INVESTIGATION:

On 042999 at 1530 hours I contacted Ryan Walda at home, by phone. At that time I informed Ryan that I was doing follow up investigation on juveniles who knew Dylan Klebold, and I wanted to know if he had attended classes with him. Ryan stated that he had attended and English class with him last semester, but he didn't have much to do with Dylan, except to talk on a few occasions. I asked Ryan if he and Dylan had ever gotten into an argument and Ryan stated that he and Dylan exchanged words once about a T-shirt that Dylan had been wearing. I asked Ryan what the T-shirt had said and he stated that it had "AOL, where cool hackers hang out" printed on it. Ryan had asked about the shirt because Dylan had worn it almost everyday and he just wanted to know what it meant. Dylan replied that it had to do with him doing his own programming and an instant message group he used called "punters and progs". I asked Ryan if he could tell me anything else and he stated that except for that, he had no other contact with Dylan. I asked Ryan if he was in sports and he stated yes, he was a wrestler on the school team.

I also asked Ryan if he used a nick name and he replied Waldo, I then asked him if anyone else at school used that name for a nick name and Ryan replied no.

On 06-17-99, at 1700 hours, I responded to 7613 W. Coal Mine Place to contact and interview Mollie Ann Weksler, who is a graduated student of Columbine High School. This interview was in reference to the shooting that occurred at Columbine High School on 04-20-99.

JC-001- 007356

Mollie Weksler told me on 04-20-99, at about 1110 hours, after getting out of a school class, she left Columbine High School

with a friend of hers by the name of Thea Allen to go to Einstein's Bagel Shop in the Chanson Plaza, at West Bowles Avenue and South Wadsworth Blvd. Mollie Weksler said they were gone for approximately 15 to 20 minutes. She said while they were exiting the school to go to Einstein's, they exited on the west side of Columbine High School near the library, and she said she did not see any suspicious people nor did she see any suspicious items. Mollie said when they tried to return to Columbine for the remainder of their classes for that day, they were unable to do so due to the police presence in the area of Columbine High School.

Mollie Weksler said she was not in the cafeteria of Columbine High School at all on 04-20-99. Mollie Weksler said she has her third hour class with Dylan Klebold. She said that although Eric Harris was not in this class, he would come in all the time anyway to see Dylan Klebold. Mollie Weksler said on 04-20-99, Dylan Klebold did not go to this class, but she saw Dylan Klebold and Eric Harris outside of Columbine High School in the north senior parking lot sitting on Eric Harris' car hood. Mollie Weksler described Eric Harris' vehicle as a black or gray Honda Prelude and said when she saw them sitting on the hood of Eric Harris' vehicle, this was at approximately 0930 on 04-20-99. Mollie Weksler said Eric Harris had his vehicle parked approximately two parking spaces away from Dylan Klebold's vehicle in this north senior parking lot of Columbine High School. Mollie Weksler said when she walked past Eric Harris, she said hello to him, but she said Eric Harris "seemed different, like his mind was on something else." Mollie Weksler said that Eric Harris is usually talkative and sometimes teases her when she talks to him, however, he did not do this on 04-20-99. Mollie Weksler said she kept on walking past both of them.

Mollie Weksler said that Eric Harris would always wear a white shirt, black baseball cap, black Army type cargo pants, a black belt, and black Army style boots that he would tuck his pants into and blouse. Mollie Weksler said she never saw Eric Harris wear a trench coat. Mollie Weksler said Dylan Klebold would dress in the same manner as Eric Harris, but he would wear a trench coat and sometimes would wear a black bandana over his head.

JC-001- 007357

I asked Mollie Weksler if she ever saw Dylan Klebold, Eric Harris, or any Trench Coat Mafia students get picked on or harassed. Mollie Weksler said she had, and said she has seen Columbine High School teachers pick on Dylan Klebold and Eric Harris unjustifiably. She said, "You know, you could always tell who were the teachers favorites in class, and Dylan and Eric were not one of their favorites." She said there was a female employee of Columbine High School who ran the computer lab, but was

not a teacher. Mollie Weksler said this female picked on Dylan Klebold and Eric Harris unjustifiably. Mollie Weksler said when this occurred, Dylan Klebold and Eric Harris would glare at this female, however, they would not say anything out loud back to her. Mollie Weksler said that she did not see the "jocks" pick on the Trench Coat Mafia, except to talk about them behind their back, but said the "jocks" would not talk to the Trench Coat Mafia students either. Mollie Weksler gave me the names of some of her friends that may be able to provide J.S.C.O. with additional information about Dylan Klebold, Eric Harris, and/or the Trench Coat Mafia students or their activities. These names are: Denise Bowers, Jo-Lee Gallegos, John Sealander, Luke Milana and Mr. Talacco, who is a teacher in the video productions class. Mollie Weksler did not know if any of these people have been interviewed by law enforcement yet.

I asked Mollie Weksler if she knew [REDACTED] and she said she did not know him. Mollie Weksler said she did know Brooks Brown and described him as "friendly but strange" with a "short temper," but said he would never do something like this, referring to the shooting at Columbine High School on 04-20-99. Mollie Weksler also told me that Brooks Brown was very angry with the way that Columbine High School had treated him and she also said that Brooks Brown had been picked on by the "jocks," but as far as she knew, their harassment toward Brooks Brown was verbal harassment only and not physical assaults. After she advised me of this, I asked her if she thought Brooks Brown was upset and angry enough to be involved with Dylan Klebold and Eric Harris in the shooting on 04-20-99 as retaliation against Columbine High School and the "jocks." She said, "I just don't know."

Mollie Weksler said about one and half to two weeks before the 1999 Columbine High School Prom, Eric Harris came up to her and asked her to go ask a female student by the name of Brandy Tinklenburg if she would go to the Prom with him. Mollie Weksler said when she went up and asked Brandy Tinklenburg for Eric Harris, Eric Harris was watching her do this. Mollie Weksler said Brandy looked at Eric Harris, then shook her head no, indicating to Mollie Weksler that she would not go to the Prom with Eric Harris. Mollie Weksler said Eric Harris saw Brandy shake her head no, and was very upset about being turned down. Mollie Weksler said that Eric Harris would not talk to Brandy after this and in fact would not look at her. Mollie Weksler also said that Eric Harris later told her he could not believe that Brandy Tinklenburg would not go to the Prom with him. Mollie Weksler said after Brandy Tinklenburg turned Eric Harris down for a Prom date, she heard Eric Harris had asked another female student by the name of Sabrina Cooley to go to the Prom with him, however, Sabrina had also turned Eric Harris down.

Mollie Weksler said her father, John Weksler, was a military helicopter pilot in Vietnam. Mollie Weksler said at the end of the 1998 Columbine High School school year, John Weksler went to Columbine High School and talked to some students about his experiences in Vietnam and flying helicopters, etc. Mollie Weksler said Eric Harris was one of the students that John Weksler talked to and later said that Eric Harris was very interested in the weaponry used on the helicopters and in the Vietnam war, etc. John Weksler was not available for me to interview at the time I interviewed Mollie Weksler, however.

Mollie Weksler told me that she did not see anybody at Columbine High School carrying any duffle bags, such as the one that was later recovered in the Columbine High School cafeteria. She said she believes that Dylan Klebold and Eric Harris brought the bombs into Columbine High School at the After Prom party on 04-17-99 and on into 04-18-99. Mollie Weksler said she attended this After Prom party and said Dylan Klebold and Eric Harris were there also.

I asked Mollie Weksler how she has been dealing with the incident since 04-20-99. She advised me that she has been doing very well, however, in the beginning and once in a while since 04-20-99, she will have an occasional nightmare. I gave Mollie Weksler one of my business cards and asked her to contact me in the future if she wanted to talk to a J.C.S.O. Victim Advocate. I advised her I would make the necessary arrangements for her at that time. Mollie Weksler also advised me that should she remember any further information that may be pertinent to this case, she will contact me.

DISPOSITION: Case is open, pending further investigation.

On 052499 I contacted Ana at her home by phone. At that time I told Ana that I needed to ask her several questions about her whereabouts on the day of the shooting, specifically her 5th hour. Ana stated that she left school through the south west doors by the cafeteria at about 11:15 AM to walk home for lunch. Ana stated that she was walking toward Weaver St. kind of in a south east direction, when she heard some "shots", but thought it was the seniors doing pranks with fireworks. When she got home her father called her and told her to turn on the TV, that was when she found out what was happening. Ana never returned to school.

OBSERVATION/INVESTIGATION:

On 051999 I contacted Lindsey at her home where I told her I needed to talk to her about her whereabouts on the day of the shooting incident. Lindsey stated that she was at the school store making a purchase, till about 11:20, and then she left and walked to her car, which was parked in the junior parking lot. I asked Lindsey if she was with anyone else and she stated that she was with Stacie Monroe, and that they were going to her house to let her dog out. Lindsey stated that while they were at Stacie's house they found out about the shooting from Stacie's boyfriend who is a security guard at the mall. Lindsey stated that they left Stacie's house and went to the school, but found Pierce St. blocked off and they couldn't get any further. Lindsey stated that she then got scared and began walking around Clement Park looking for her mother, who is the Principals Secretary. When she didn't find her there she went to the Library and then to home.

I asked Lindsey if she had seen Joseph Stair the day of the shooting, as I had received a lead (#3268) that she had. Lindsey stated that she had not seen Joseph that day, but had seen him a lot the semester before just walking around through the main hall of the school. Lindsey stated that she had never seen Joseph in the cafeteria, but when she did see him he was always wearing his trench coat and combat boots. Lindsey was unable to provide any further information in regards to Joseph.

Junior at Columbine High School

Bret Wilcox was interviewed on 05-20-99 by Inv. Jill Reuteler (7394), Colorado State Patrol, by telephone at approx. 11:00am at his residence.

Bret Wilcox said that on 04-20-99 he did not go to school. He stayed at home because of his asthma. Bret said that he has a home teacher, Sherry Ann Neu, who helps him with his school work because he is sick very often. He said his car is a 1990 Ford Probe with Colorado license plate GBU9812 and that his parking space is 371 in the Junior lot.

Bret Wilcox said that he knew Eric Harris by face because during Bret's freshman year, they were on the same school bus. Wilcox said that they would say 'hi' to each other and sometimes they would walk together as they lived near each other and had the same bus stop. Wilcox said that he did not know Harris very well and did not know his name until after the shooting.

Wilcox said that a student named Alana parked on one side of his car and that another student who he thought was named Yani parked his white Honda Accord on the other side his space

I asked Bret Wilcox if there was any reason that Eric Harris would park in his parking place. Wilcox said that he knew of no particular reason, except that he was sick quite often and sometimes students would take other students parking places. I asked Wilcox if he had given anyone permission to park in his space and he said that he had not.

The interview was concluded.

RE: CONTROL #2619

TELEPHONE INTERVIEW:

WILSON, Benjamin M. (DOB:021882)
6357 South Gray Court
Littleton, CO 80123
(303) 730-1958

Investigative lead of student "ditching" from Columbine High School on 04-20-99.

05-10-99 / 12:10pm

Ben WILSON confirmed he had not attended his morning classes at Columbine High School on April 20, 1999. He explained that he does not have a first hour class, and did not attend his World History class during the second period, nor his Gym class during third period. He further explained that he had provided his friend, Brandon Bronson, a ride to Burt Chevrolet that morning as he was having an ignition put in his car. He said he learned of what had occurred at the school afterwards, and thus did not return to his afternoon classes. Ben said he had not heard anything of the pending assault, but had met Eric Harris last year in a class they had together. He described him only by saying, "Eric was not crazy back then."

I then telephoned Ben Wilson's mother, Sharon Wilson. She provided a similar account of Ben's absence from school that day. She added that Ben is good friends with Brandon Bronson, and that they were retrieving Brandon's car from the repair shop when the incident occurred at Columbine High School.

In an effort to confirm this account I contacted Burt Chevrolet and spoke with Rick Jones, of their Service Department. Jones independently confirmed that on April 20, 1999 they had released a 1990 Chevrolet Camaro after having installed an ignition switch with the customer name listed as "Russ Bronson." He said their records however did not indicate whom had accepted the car as the signature was illegible, nor do they keep records of the time of day vehicles are released. "Russ Bronson" is listed on the Student Information Card as the parent of Brandon Bronson.

CN#2586 lead of Brandon Bronson's absence was also cleared as related.

On May 10, 1999, SA Michael W. Howell telephonically contacted Robbie Wisher, DOB 6/6/84, telephone number (303)730-2530 regarding the Columbine High School Shooting. Wisher was advised of the identity of the interviewing Agent and the nature of the interview, he then provided the following information:

Wisher stated that he was off campus at the time of the school shooting. Wisher left campus at the end of 4th hour, approximately 11:20, with Giff Secrist (phonetic) and Joe Dreaden in Dreaden's car, a light blue, 4 door car (make and model unknown). Wisher did not see anything unusual happening at the school when he left. Wisher and his friends drove back to the school approximately 20 minutes later but could not get back on the school grounds due to the number of students who were running away from the school. Wisher then heard a gunshot and ran to a lady's house near the school. Dreaden left the area in his car.

Wisher later learned that his brother, Chris, was on the soccer field during the shooting.

Wisher did not see anyone shooting and could not provide any further information.

SUMMARY:

05-19-99/Wednesday

Per information control sheet #3390, I contacted (W)Wolf by phone, regarding information he might have relevant to the investigation.

(W)Wolf stated, he is a math tutor during fourth period. At the end of the period, approximately 11.10am, he left the math wing and walked down the stairs, near the commons area. There he met with a friend then exited the building using the main doors near Rebel Corner. He walked to his vehicle, which was parked in the Jr parking lot and immediately left school grounds for lunch. He stated, he was out of the parking lot by 11.17am. He also stated, once in his vehicle he turned his stereo on extremely loud and would not have been able to hear any of the explosions or shots, if they were happening.

According to (W)Wolf, he was not feeling well and had been sick, missing a lot of school during the year. He had seen Harris and Klebold around school, but did not actually know them, and was familiar with Klebold's black BMW. He did not know what type of vehicle Harris drove.

INVESTIGATION:

On 05-24-99, I spoke with Clint Woodman. This lead was to determine his whereabouts during fifth period as records reflect he had this period free. During my interview with Woodman, he told me he had left the school at approximately 1120 hours. When he left the school, he did not see anything in the parking lot that was suspicious. Woodman stated that on 04-20-99, he has a Bowling class that Eric Harris and Dylan Klebold were supposed to be in, but he did not see them there. He also said he had a third period class with Chris Morris. He stated Morris was at the class and seemed normal, and didn't notice anything unusual.

I asked Woodman how he found out about the incident. He said when he attempted to return to school, he was directed to go to the public library. I asked Woodman if there was any additional information that he had heard since the incident which would assist in this investigation, and he said he had not.

INVESTIGATION:

On 06-14-99, I was assigned lead number 4087 to interview Jonathan Woydziak. While in contact with him, he stated his sister, Whitney Woydziak also attends Columbine High School.

On 06-14-99, at about 1650 hours, I received a call from a female identifying herself as Whitney Woydziak. Whitney Woydziak stated she was at Columbine High School on 04-20-99, and was assigned "A" lunch. Whitney Woydziak stated that her last class prior to lunch was science with Mrs. Moser. She stated science class got out at about 1110 hours. She stated she left through the science hall, went down the stairs to the Rebel Corner area where she talked with a few friends, and decided to leave campus for lunch. She stated she believed it was about 1115 hours, when they left. She stated there was nothing unusual in the cafeteria. As she went outside to the junior parking lot, she also noticed nothing unusual. She stated she was with Jamie Norwood, who was driving, Laura Hershnow, and Carrie Weaver. She stated they went to the McDonald's at Pierce and Coalmine. She stated when they tried to return to the school, the roads were blocked and they were directed into a neighborhood. Whitney Woydziak stated numerous cars were stopped, and a teacher told them to get as many kids into the car as possible and to leave the area.

I asked Whitney Woydziak if she knew either Dylan Klebold or Eric Harris. She stated she did not know Klebold, but she had seen him and knew him by sight, but had not seen him on 04-20-99. I asked her if she would recognize his car, and she stated she did not know his vehicle. She stated she had Harris in a gym class during first semester. She stated she did not see him on 04-20-99, and did not know his vehicle either. She stated that Harris seemed normal to her and always participated in gym class. She stated she had only seen him on one occasion in his trench coat.

I asked Whitney Woydziak if she had either heard or seen anything prior to the incident or since the incident that she thought might be of assistance. She stated she had not.

DISPOSITION: Open, pending further investigation.

INVESTIGATION:

On 06-14-99, I was assigned Lead Number 4085 to interview Jordan Wright, a Columbine High School student on 04-20-99, who had "A" lunch.

On 06-14-99, at 0928 hours, I contacted Wright at the home phone number provided on the school information, 303-972-2051. I told him that I was contacting Columbine High School students reference their whereabouts on 04-20-99, and what they might have seen or heard. Wright stated that he had been home sick the entire day and had not gone to school. Wright stated that toward the evening time, he went to Leawood Elementary to try to find out about some of his friends.

I asked Wright if he knew either Dylan Klebold or Eric Harris and he stated that he did not. He stated that he had seen Klebold but stated he wasn't sure he had even seen Harris. I asked if he ever had any classes with either of them. He stated he had not. I asked Wright if he had either seen or heard anything prior to or after the incident, which he thought might be of assistance.

Levi Gregory Yazzie / DOB 012682
 7387 West Fremont Drive
 Littleton, Colorado 80128
 303-948-5987
 Columbine High School / 11th grade

INVESTIGATION:

On 06-01-99, at about 10:30 a.m., I telephoned the Yazzie residence as follow up on DN3883. At that time, I spoke with Kathleen Yazzie, Levi's mother. Kathleen confirmed what Levi had told me about student Scott Shaffer on 05-28-99 (DN3570). She explained that Scott Shaffer's parents are divorced, and that Scott has been living at her home for several months due to problems he'd been having with his mother. Kathleen said that Scott recently drove to Oregon for an extended camping trip with his father, and that upon their return, Scott plans to move out of her home and in with his father, somewhere in the Denver metro area.

Kathleen then told me that her son, Levi Yazzie, was not at Columbine High School during the shootings on 04-20-99. She said that on 04-19-99, Levi, who played on the school's varsity baseball team, injured his knee. On 04-20-99, Kathleen said that Levi's knee was still bothering him, and that he called her from school after his third period to see if she would phone in an excused absence for his fourth period. Kathleen said that she then called the school for such excused absence, and that Levi came home. Kathleen said that Levi arrived home at about 10:30 a.m., and stayed for lunch. Kathleen said that Levi then returned to school at about 12:15 p.m. Kathleen said that about ten minutes later, Levi phoned her from a friend's (Ryan McGrath / 12th) cell phone to report what had occurred at the school and that he was OK. Kathleen said that she told Levi to return home, which he then did. The interview concluded at about 10:40 a.m.

Narrative:

On 4-30-99 I interviewed Yealy at his residence. He advised me that he was with his girlfriend at the memorials at Clements Park at about 2130 hrs on 4-26-99. Yealy also told me that his curiosity had just gotten the best of him so they walked on the west side of the fields on the west side of the school when he encountered a barbwire fence. Yealy saw a downed corner of the fence and he alone decided to cross the fence and perhaps get a closer look at the school that he has been seeing on the news for the last few days. He said he had no intention on going into the school or even getting close. He said he doesn't know anyone involved in the incident and doesn't even know anyone living in south Jefferson Co. Yealy denied being with the Trenchcoat Mafia although he admitted that he does own a London Fog style trenchcoat that he likes to wear during inclement weather.

DN 1707

REPORT DATE May 4, 1999	OFFICE OF THE ATTORNEY GENERAL STATE OF COLORADO	CASE NO. 99-7625
TYPE OF REPORT Progress	REPORT BY Inv. Gary Clyman	AREA Jefferson County
NATURE OF CASE COLUMBINE HIGH SCHOOL / HOMICIDE INTERVIEW OF FRANK ZIRGER (CHS STUDENT / TCM ASSOCIATE)		

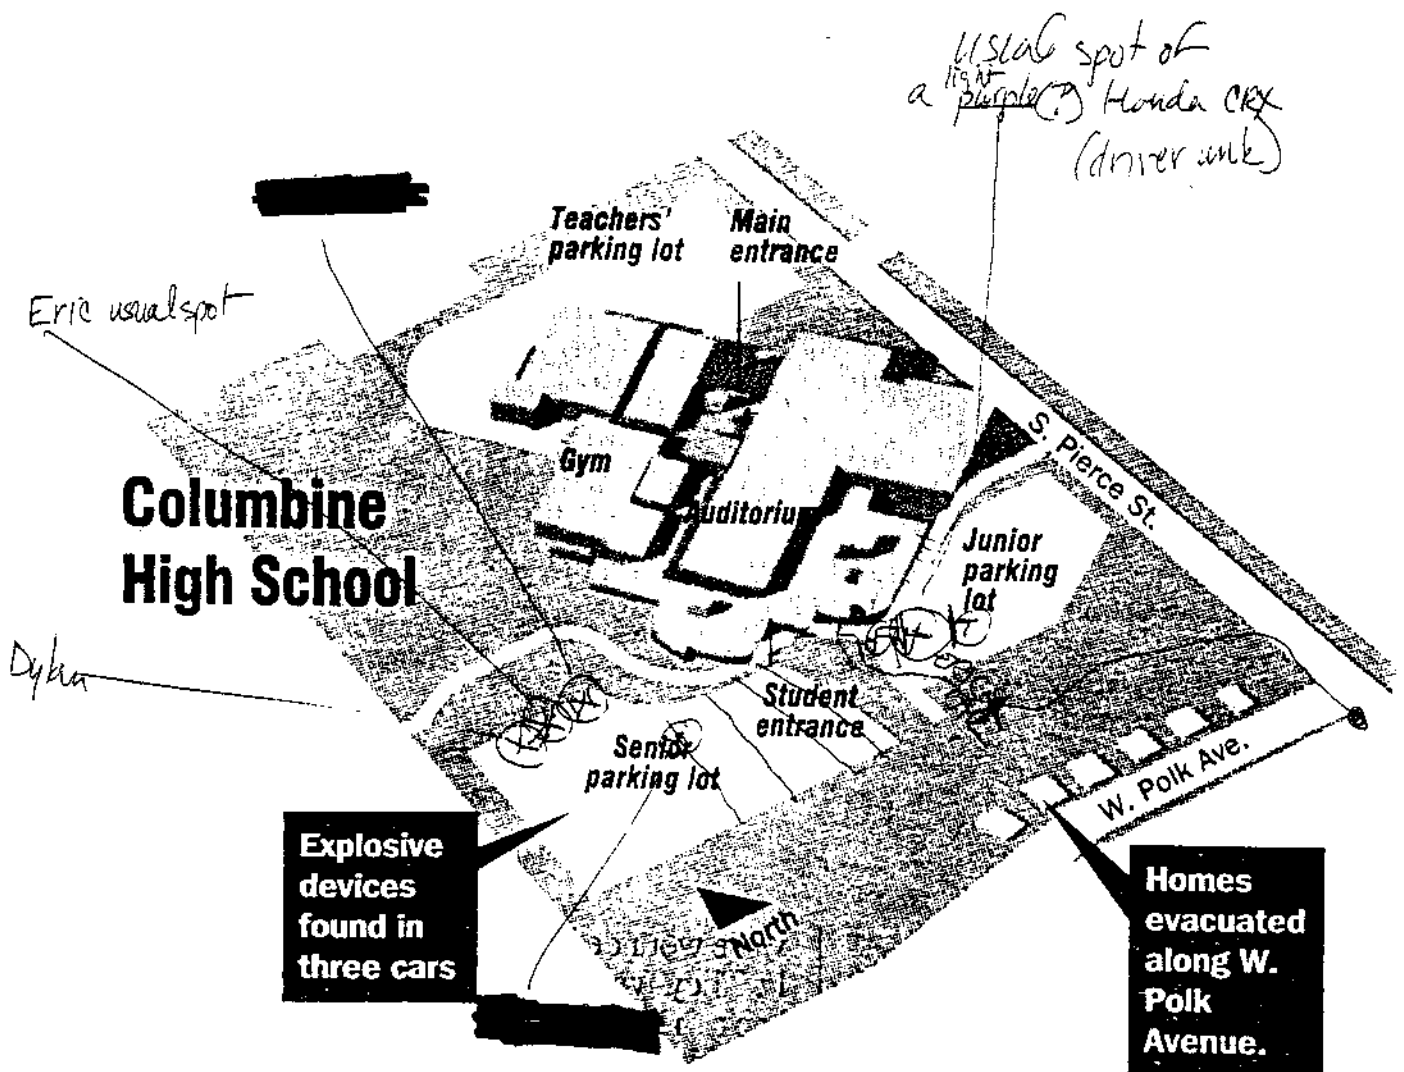

1. On April 28, 1999 I contacted Frank Zirger (DOB: 10/21/80) at his residence, 6763 W. Roxbury Pl., Littleton, CO 80128, (303) 972-8306. The interview had originally been arranged through his mother the previous day, who gave her consent, and was present in the home, known to him as either but not in the interview.
2. The original lead on Frank Zirger came from fellow CHS student, Pamela Silva. She had related that Frank had told her that he had seen Eric Harris at CHS on the morning of April 20, 1999 with another student identified as "Red".
3. Frank Zirger is currently a junior at CHS, having attended the school since 9th grade. He knew both Harris and Dylan Klebold, describing them as "acquaintances". He knew Harris as either "Reb" or "Red", and of the two, he knew Dylan better. Frank met them both last year through Brian Sargent and Tad Boies. Sargent and Klebold had a video class together. Frank would often go to breakfast at a local McDonalds with Klebold and Sargent.
4. Frank said that he did not associate much with Reb, describing him as quiet and "respected" by others in their peer group. He observed that Reb primarily associated with Dylan, Chris Morris, and Nate Dykeman, all of who had an early morning bowling class together. He described Dylan Klebold as "happy", never angry, and if anyone ever made fun of him, he seemed to let it "roll off his back". Frank never saw either Harris or Klebold express anger towards others. Frank said they seemed to be normal, and was very surprised at what they did.
5. Regarding the "Trench Coat Mafia" (TCM), Frank said that a large group of fellow students began hanging out together in the 9th grade on Pierce Street near CHS, but he is uncertain how that name became associated with the group. Frank has never considered himself a member of TCM. He said that the group treated each other as "family", often bugging each other when departing company. The incident at CHS was never discussed within the group as any sort of plan, and he cannot believe that anyone would assist them. None of the group ever discussed pipe bombs. Frank knows former CHS student Joe Stair, but said that he has rarely seen him since he graduated (January 1999).
6. On April 20, 1999 Frank said that he, his younger brother Paul, and Nicole Dickey all obtained a ride from Brian Sargent to CHS, arriving at about 7:00 a.m. Frank does not have a scheduled 1st hour, and while the others went to class, he went to the cafeteria with Nick LNU, George Shriner, and Michael Bogatz. The four of them usually walk from the school over to the corner of S. Pierce and Polk where they smoke.
7. Shortly after 7:00 a.m., he and the other three named above, left the school from the cafeteria, along the sidewalk separating the junior and senior parking lots, and in the direction of Polk. Frank is familiar with Eric Harris' car, a light gray 1989 Honda Prelude with a "Ramstein" sticker on the rear window. As Frank walked past the junior lot, he saw Eric's car parked in the junior lot with the trunk open, and saw Eric behind the car, somewhat bent over as if he was doing something in the trunk. The car was approximately 30-40 feet from the school. Eric was wearing black fatigue pants and possibly his black KDKFM T-shirt. This caught his attention because it was unusual to see Eric at school that early, and that he was not parked in his usual spot, which is in the senior lot. He had already walked past the car, passing within about 10-15

JC-001-007412

feet of it, and did not say anything to Harris. He does not know if any of the others with him saw Eric. Frank said that while not absolutely certain, there may have been another male standing near the car with Eric, described as tall, slender, black pants, black waist-length jacket with no patches, whose back was to him. Frank does not recall noticing Dylan Klebold's car at the time, which he knows to be a black BMW. (See attached CHS map whereby Frank Zirger identified his route from the school, location of Harris, and the usual parking spaces of Harris, Klebold, [REDACTED] and [REDACTED].)

8. Frank said that because of the terrain near the school, he could not see Harris' car or the parking lot once they were at the corner of S. Pierce and Polk. He and the others returned to CHS via the same route at about 8:50 a.m., and he does not recall seeing Eric's car parked in the same space, nor does he recall seeing either Eric or Dylan the remainder of the day.
9. Frank said he was at school attending each of his classes from 2nd - 4th hours, which ends at 11:10 a.m. He then went to Brian Sargent's car, which was parked in his space in the senior lot, arriving at about 11:15 a.m. He, Sargent, and Nicole Dickey drove to the Burger King near the Cooper 7 Theatre (S. Pierce).
10. They returned to CHS at about 11:45 a.m., and saw several police cars and police around the school. They were advised by an officer of the shooting, and told to leave the area. They drove to Frank's house, arriving at about 12:30 p.m., stayed briefly, drove to Nicole's house so she could get her car, and he then returned home. His brother, Paul, had arrived home at about noon.
11. Frank said that of the shooting victims, he knew Isaiah Shoals, Rachel Scott, Brian Anderson, and _____ Fleming. He has not discussed the shootings with his friends. Frank said he would like to be contacted for counseling services, and I made a referral to the victim advocate.

Narrative:

On 5-19-99 I contacted Zobjeck who advised me that on 4-20-99 she had left campus for lunch prior to the incident. She got back to the school approx. 1125 hrs. and had to park in Clements park due to all the road blocks. She began walking toward the school and got as far as the teachers parking lot when she encountered a lot of students running from the building. At this point she turned and ran back toward the park but was not allowed to take her vehicle. She caught a ride with friends and left the area. She did not see or hear any shooting or explosions.

Zobjeck also told me that Klebold was in her first semester gym class and that they did not get along. Klebold was always cheating at the games in class and was always pushing people.

PROGRESS REPORT
CHS INCIDENT/CONTROL #3741
REPORT BY JACKLYN GEE (ACSO)

On 052499 this Investigator spoke to a subject identified as:

Alber, Jerry
DOB: 082448
8889 W. Crestline Dr.
Littleton, CO 80123
Ph# 303 979-4187

Jerry advised the following:

That Jerry's son, Justin is a student at CHS.

That on 042299, Jerry was at the West Bowels Community Church with his friend, Rick Dendorfer for a memorial service honoring the victims of the CHS incident.

That Rick's daughter, Erika and son, Matt are also students at CHS.

That "out of the blue" a girl introduced by Erika as "Alex" (Marsh) walked up to Jerry and Rick.

That Jerry described the Alex as being short and stocky, with black hair, and wearing a Miami Dolphins cap.

That Jerry recognized Alex from the news where she had been interviewed on 042099 and defended "the shooters", so he was interested in what she had to say.

That in a very clear and concise voice, Alex stated, "Yeah, they had been planning this since December".

That immediately after making the statement, Alex walked away.

That Jerry also advised that Alex made the statement in a very "cold" and "matter of fact" manner, and he stated that after she walked away he and Rick stated to each other, "What a cold bitch!".

That Jerry got the impression that Alex knew this was going to happen.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 4/27/99

Roger Anderson, home address 8170 W. Massey Drive, Littleton, Colorado, 80126, telephone number (303)979-6826, date of birth June 27, 1937, was contacted at the home of his son, Wade Anderson, located in San Antonio, Texas, telephone number (210)699-4923. After being advised of the identity of the interviewing Agent, Anderson provided the following information:

Anderson was loading dump trucks at the corner of Caley Street and Pierce Street, across from the south parking lot of Columbine High School, on the morning of April 20, 1999. At approximately 10:00 a.m., Anderson recalled seeing a Jefferson County Sheriff's Officer on a motorcycle sitting at the Caley/Pierce intersection watching for speeders. About 15-20 minutes after the officer left the area, Anderson saw two vehicles turn off Pierce and onto Caley Street. Anderson advised that the two vehicles came about 100 feet onto Caley Street and then made a u-turn and return to Pierce Street. Anderson did not know which direction the vehicles traveled on Pierce.

Anderson stated that the first vehicle was a black or dark blue BMW that contained four teenagers. Anderson recalled that the teenager in the passenger seat of the BMW was wearing a light colored baseball hat. The second vehicle that was tailgating the BMW was described by Anderson as a light colored mid-sized vehicle containing two individuals.

Anderson shared his information with two patrol officers on April 21, 1999, when he was back at his work site. Anderson stated that he has been working in excavation for over 25 years and must always be observant of his surroundings. Anderson stated that he thought it was unusual for kids to be driving around in a BMW and that was why he took notice of the incident. Anderson advised that was currently visiting his son in Texas and would be returning to the Denver area on May 1, 1999.

JEFFERSON COUNTY SHERIFF'S DEPARTMENT 99-7625

As a result of this incident a task force was formed to investigate this tragedy with IO being a member of this investigative group. IO was assigned a lead to follow up regarding control #2818 which indicated that one of the two primary suspects in this case, Eric Harris had a wallet which contained a business card. This business card was from the Upper Edge Security Center located at 5433 W. 88 Avenue, Westminster, CO 80030, Tel. 303-428-8454. The business card further indicated that Frank Brown was the president of the aforementioned business.

On 05/20/99, IO contacted Frank Brown, the president of Upper Edge Security Center by telephone. After explaining to him the reason IO was contacting him, he stated that any business customer of his has to be 18 years of age with documented proof in order to buy anything from his business. Some of the products that are sold at the Upper Edge Security Center include large knives and swords. IO requested for Mr. Brown to check his computer records to see if any purchase was made by Eric Harris or Robyn Anderson. Mr. Brown did check his computer files and determined that no purchase of any kind was made to either party. No name check was requested for Dylan Klebold since he was 17 years old at the time of his death, 04/20/99.

With no further information to be developed, IO concluded this interview with Frank Brown.

The following supplemental report will be in reference to Arvada Police Department CR 99-12067 that will correspond with Jefferson County Sheriff's Department CR 99-7625 regarding the shootings/murders at Columbine High School on 04/20/99.

The following supplement is an evaluation of polygraph charts that were produced as a result of Matthew Nalty, DOB 04/15/81, and James Brunetti, DOB 10/28/80, being administered polygraph examinations regarding the Columbine High School shootings/murders that occurred on 04/20/99. IO, Detective Jim Vonderohe, is a member of the Columbine High School Task Force which is investigating this tragic event. One of the primary objectives of the task force is to determine whether or not any other person besides Eric Harris and Dylan Klebold were involved in any way in the planning, preparation or participation of this criminal act.

As the SWAT teams began their search of the school shortly after the shootings were reported, Matthew Nalty, James Brunetti and Matthew Akard, DOB 01/29/81, were contacted in Clement Park near Columbine High School by police officers as they were approaching the school. Due to the fact that these three individuals appeared similar to the physical descriptions of the attackers in the school, the aforementioned subjects were detained and questioned by the police. Their detainment was monitored by national television outlets which resulted in Matthew Nalty and James Brunetti being flown to New York City in order to possibly appear on the Sally Jesse Raphael television show. Apparently a precondition to them appearing on the show was the requirement that they submit to a polygraph examination in order to determine that they had no criminal involvement in the Columbine High School massacres.

Investigator Duane Eaton (Arvada Police Department), a Columbine High School Task Force member, determined that Matthew Nalty and James Brunetti, were administered polygraph examinations by R. Michael Martin. Mr. Martin is associated with Priority Investigations, Inc., 553 Main Street, Stroudsburg, Pennsylvania, 18360, 1-800-545-1112. Investigator Eaton contacted Mr. Martin regarding the polygraph examinations and requested a copy of all the charts, questions and associated paperwork that was generated from these examinations.

Investigator Eaton received the aforementioned requested items from Mr. Martin with an accompanying letter dated May 14, 1999. Mr. Martin indicated in the letter that he was an associate member of the American Polygraph Association and completed his polygraph training at the New York School of Lie Detection in 1984 (certified in 1985). The letter further stated that the examination of each subject lasted 90 minutes and included one acquaintance test, a specific "you phase" examination and an exploratory examination. Mr. Martin stated that he administered all of the polygraph examinations to the subjects on May 3, 1999.

Nalty's examination, it is IO's opinion the subject appeared to be deliberately distorting his respiratory tracings in chart #1 and chart #2 of the exploratory examination and to relevant question #35 (b) on chart #2 in the direct involvement "you phase" examination.

It is the opinion of IO, after analyzing all of the polygraph charts and using a seven point scale in scoring Matthew Nalty's polygraph charts, that his responses to the relevant questions in the direct involvement examination were "inconclusive" and his responses to the relevant questions in the exploratory examination were truthful.

It is the opinion of IO, after analyzing all of the polygraph charts and using the seven point scale in scoring James Brunetti's polygraph charts, that his responses to the relevant questions in the direct involvement and the exploratory examinations were truthful. However, it is IO's opinion that Mr. Martin is very generous to the subject in his scoring evaluation of all the tests, especially the direct involvement "you phase" charts.

All of the polygraph charts and related paperwork mailed to Investigator Duane Eaton and utilized by IO in the analysis of the polygraph examinations given to Matthew Nalty and James Brunetti will be submitted to the evidence custodian of the Jefferson County Sheriff's Department regarding this criminal investigation.

No further information at this time regarding this matter.

INVESTIGATION:

JC-001-007437

On Tuesday, April 20, 1999 at around 1300 hours I responded to the
Jefferson County Sheriff's command post regarding the shooting at

Columbine High School. While on scene, three young men were taken into custody in the area of the park that were similar in appearance to the possible suspects in this shooting. One of the persons taken into custody was a James Brunetti. Jeffco S.O. Sergeant Pat Woodin requested I interview Mr. Brunetti.

At 1359 hours I entered a van where Brunetti was seated. He was cuffed and being escorted by Jeffco S.O. Deputy A. R. Walker. His property was already in a bag and I was handed his Colorado I.D. He said he only heard about the shooting. His hands were then bagged for a GSR collection kit.

I then read Mr. Brunetti his rights per Miranda reading from my pre-printed card. When asked if he understood his rights he replied, "Yes." When asked if he would tell his side of the story he replied, "Oh, yeah." Brunetti then told me the following:

- * He lives with his mother, Joanie, and his sister, Jannine. His mother works at C.U. Boulder but he did not know in what capacity.

- * He came with two friends of his; Matt Akard who he described as his best friend and lived on Gray Court in Arvada, and Matt Nalty who he described as a good friend who lives in Broomfield and drove the three of them to the scene in his white car, unknown model.

- * When asked what he was doing this date from the time he woke up, he said he had stayed the night at Matt Akard's home. They woke up around 10:00 a.m. and Matt Nalty called over there around 10:30 a.m. They had all planned on going to a concert in Littleton for a band called, "Drop kick Murphy."

- * He needed cigarettes so they all met over at his house. While there, the news of the shooting was on television. He said his sister was watching the television and they talked about his sister's ex-boyfriend named Anson who attended Columbine High. They wondered if he was okay so they decided to drive into the area and see what was going on.

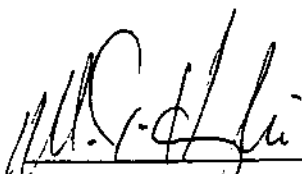

* He said they approached some cops to ask questions then the cops took them into custody with weapons drawn.

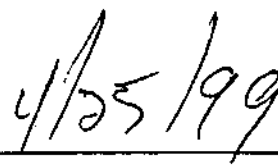

Mr. Brunetti then was taken by another van where a GSR kit was completed. The three young men were then released and told to leave the scene.

Mr. Brunetti was extremely cooperative and said he understood what was going on due to the seriousness of the situation.

Within the next few days I received a call from Mr. Brunetti saying that the cops were following him and he wanted some kind of written statement that he and his friends were no longer suspects. I also received a message to call Matt Nalty who also was saying he wanted to be officially cleared. I made no follow-up calls to Mr. Nalty.

This concluded my involvement with Mr. Brunetti.

Through interviews with subjects Matthew Akard, James Brunetti and Matthew Nalty, Investigator Eaton was aware that the three subjects were to be on the Sally Jesse Raphael Show at approximately 1300 hours on April 30, 1999. Investigator Eaton had been made aware by Nalty that he and the other two subjects had taped the show on Tuesday, April 27, 1999, while in New York City at Sally Jesse Raphael's studios. Nalty advised Investigator Eaton that they had been asked to be on Sally Jesse Raphael's show due to the fact that they had made national news when arrested in Clement Park near Columbine High School on Tuesday, April 20, 1999.

Investigator Eaton had done several interviews with the three subjects and had an interest in viewing this show in order to determine if they made any statements contradictory to the statements made to police.

Federal Bureau of Investigation Special Agent Gary Gomez recorded the show at the FBI Offices at the request of Investigator Eaton and turned the VHS tape of the show over to Investigator Eaton on April 30, 1999 at approximately 1500 hours.

Investigator Eaton has reviewed the tape of the entire Sally Jesse Raphael Show from Friday, April 30, 1999 on several occasions. Investigator Eaton paid particular attention to the interviews with Akard, Brunetti and Nalty. It should be noted that the first person interviewed on the show this date was Columbine High School student Brian Anderson. Following Anderson were Akard, Brunetti and Nalty. Following the three subjects of Investigator Eaton's interest was another Columbine High School student John Ungerland. The final guests on the show this date were a male and female who dressed in gothic type clothing and discussed the gothic movement in the Denver, Colorado area.

Akard, Brunetti and Nalty discussed what had taken place on Tuesday, April 20, 1999. All three discussed their reasons for going to the area of Columbine High School and their arrest/detention which followed and their contact with the police. Investigator Eaton noted that there were no statements made by the three which were contradictory to the statements made to police. The three discussed their reason for going to the area of Columbine High School and their reasons for dressing the way they did. It should be noted that the three were dressed in some of their "punk" style clothing worn the date of their arrest and worn on the Sally Jesse Raphael Show.

Investigator Eaton will turn over the video cassette copy of the April 30, 1999 Sally Jesse Raphael Show over to the Jefferson County Sheriff's Office detectives in charge of this investigation.

CONTROL #1097

On April 27, 1999, Inv. Duane Eaton of the Arvada Police Department was assigned investigative lead #1097. The source of information was Duncan Page, whose affiliation was listed as Psycho-Therapist, Denver. Also listed was a telephone number of 303-756-1693. The narrative portion of the information control sheet advised that the caller, Duncan Page, had a client, who in turn has a teen daughter who goes to Arvada High School. The narrative portion advised that the client's daughter could supposedly identify two of the males in the TCM picture as students at Arvada High School. The client supposedly advised Page that the two males from Arvada High School who are "Trench Coat Mafia" members had been at Columbine High School on the morning of April 20, 1999. Inv. Eaton was assigned the task of contacting Duncan Page for anymore information on the client and possibly, to identify the two males who attend Arvada High School, who were supposedly at Columbine High School on April 20, 1999.

On April 30, 1999 at approximately 1600 hours, Inv. Eaton was able to make telephone contact with Page. Page advised Inv. Eaton that he is a psycho-therapist in the Denver area. He advised that a client whom he refused to identify has a daughter whom he refused to identify who attends Arvada Senior High School. He advised that the daughter was once involved in the Gothic movement in the Denver Metro area. Page advised that the client advised that her daughter had observed pictures in one of the local newspapers of persons she believed to be fellow students at Arvada Senior High School.

Page advised that his client's daughter refuses to call the police with the information she has in the belief that it is nothing significant and will not assist in the investigation at Columbine High School. Page advised Inv. Eaton that he would attempt to have his client convince her daughter to come forward and speak with the police through Inv. Eaton.

As of Tuesday, May 11, 1999, Inv. Eaton has not been contacted by Page or the client's daughter, with any information. Inv. Eaton did contact Arvada Police Officer Barry Malloy who is the School Resource Officer at Arvada Senior High School, in Arvada, CO. Inv. Eaton advised Officer Malloy of the information included in this investigative lead. Officer Malloy advised Inv. Eaton that he did not recognize any of the persons in any newspaper photographs as those of students attending Arvada Senior High School. Officer Malloy also advised that he has not been contacted by any current or former students or any school staff as having recognized any persons in the newspaper photographs as students at Arvada Senior High School.

It is Inv. Eaton's opinion that Page's client's daughter may

have viewed photographs of the three male subjects contacted in Clement Park near Columbine High School. Said subjects were contacted during the initial investigation, detained and later released. Inv. Eaton has identified those subjects as Matthew Akard, James Brunetti, and Matthew Nalty. The daughter's statements to her mother may have become confused as they were passed on to Page and Inv. Eaton believes that the daughter may very well have been talking about Nalty, Akard, and Brunetti and aware of them as students in the Arvada area, though they had not attended Arvada Senior High School. Akard, Brunetti and Nalty, though not attending Arvada Senior High School, have numerous friends at Arvada Senior High School and often socialize in the area of Arvada Senior High School and may have been confused as students at Arvada Senior High School.

Inv. Eaton will not be conducting any more investigations concerning this investigative lead unless he otherwise hears back from Page or the client's daughter.

INVESTIGATION

On 082199 I attempted to contact Cory Campbell with negative results. I did telephonically interviewed Camille Campbell, the sister of Cory Campbell. Camille is a student at Chatfield High School. I asked Camille if she was the only sister of Cory, she replied yes.

I asked Camille if she had friends that attended Columbine High School. She replied in the affirmative. I asked Camille if any of her friends that attend or have attended CHS have ever said anything to her about seeing four shooters, or if they saw two shooters discard their trench coats and flee into the crowd on April 20 1999. Camille replied by saying, "I don't remember any of my friends from CHS ever telling me anything like that." I asked her if she had ever heard anybody else say things similar to this, and she replied, no. Camille did not recall any conversations that she had with her sister over this incident.

On 082399, I telephonically interviewed Cory Campbell. Cory told me that she knew nothing about anybody seeing four shooters or two shooters discarding their coats and then fleeing into the crowd at Columbine High School on April 20 1999. Cory said that she had heard through the rumor mill that there were possibly more than two shooters. She denied ever saying that her sister's friends saw four shooters.

INVESTIGATION:

On 05-24-99, at about 3:55 p.m., I interviewed Eric Carline as follow up on DN3670. The interview was conducted at Eric's home.

Eric told me that on 04-16-99, at about 5:00 p.m., he was inside his home when he heard the sound of gunshots coming from behind his home. Eric said that he walked out onto his back deck to ascertain where the gunshots were coming from. Upon doing so, he discovered they were coming from below a hill, directly behind his home. Although he didn't see the shooter(s) Eric said that he was somewhat angry in that whoever was shooting apparently didn't realize they were in such close proximity to his and other nearby homes. Eric said that he then yelled a few times from his deck for the shooter(s) to "Knock it off," assuming that they would hear him, quit shooting, and go away. Eric said that despite his yelling, the shooting continued and he then called the Jefferson County Sheriff's Office to report it. Eric said that shortly after making this call, the shooting stopped. Eric said that he didn't think anything of this at the time. He said that two or three times a year, he hears gunshot from people who shoot along the Deer Creek Canyon roadside, and assumed this was simply another such incident.

Eric told me that on 04-20-99, the day of the Columbine shooting, he arrived home from work earlier than usual (around 3:30

p.m.) and began walking his dog in the neighborhood. While retrieving his mail, Eric said he ran into a new neighbor, Brian, with whom he works at Lockheed Martin but hadn't seen for several years. Eric said that the two of them then began discussing media accounts of the events that occurred at Columbine, and also the presence of police and news media in their neighborhood. [REDACTED] Eric said neither he nor Brian knew at that time why the police were in the neighborhood. Eric said later that night, while watching television at his home, a member of the newspaper media knocked on his door and asked him if he knew anything about the Klebold's. Eric told him that he didn't, and that he had no desire to talk to reporters. Eric said this person then left without further incident. Eric said that he returned to watching television coverage of the Columbine shooting, during which he then learned why the police and news media were in his neighborhood.

Eric said that that night, he began thinking about the Columbine shootings, [REDACTED] and the possibility that the gunshots he had heard the previous Saturday may somehow be connected. Accordingly, Eric said that the next morning (04-21-99), he telephoned the Jefferson County Sheriff's Office and left a message to that effect with Investigations Sergeant Randy West. Later in the day (around 3:00 p.m.), while on a job at Buckley Air Force Base, Eric said that he again telephoned the Sheriff's Office and spoke with one of the Investigations secretaries. Again, Eric reported the gunshots he had heard on 04-16-99 and the possible link with the Columbine shooters. Eric said that the secretary told him she would pass the information on to the appropriate investigators. Eric said that he never heard back from anyone from the Sheriff's office, and that he never called back because he assumed the investigators were busy and he didn't want to be a "pest."

Eric said that on 04-26-99, at about 7:20 p.m., he was on his back deck and noticed a yellow, older model pickup truck, with a white camper shell, parked approximately 75 yards east, along Deer Creek Canyon Road, of where he had heard the gunshots on 04-16-99. Upon closer observation (with binoculars), Eric said he saw a person walking in and around the bushes near the truck. Eric said that it appeared this individual was looking for something. At first, Eric said that he assumed it was an investigator following up on what he had reported. Eric said that he became curious, and walked down to where this truck and the individual were. Eric said that as he approached this individual, he realized it wasn't an investigator. Eric said that the individual, whom he described as a white male, late 20's to early 30's, shoulder length brown hair, was walking in and around the bushes and appeared to be intently looking for something. Eric said that he said something like, "nice evening for a walk."

huh?" to this individual, who didn't acknowledge him. Eric said that because this individual didn't seem too friendly, continued walking past him, toward the creek. Eric said that as he walked past the truck, which he described as 10-15 years old, he noted the license plate: Colorado 20395YS. Eric said that he then left that area and returned home. Later in the evening Eric said that he checked the area again and that this individual had left. Eric thinks this individual may have been looking for spent shells.

Prior to concluding the interview, Eric took me to the two areas along Deer Creek Canyon Road he had pointed out. The area where he heard the shooting coming from is a dirt shoulder on the south side of Deer Creek Canyon Road, approximately 100 yards from the road. The area where he saw the individual and yellow truck is also on the south side of Deer Creek Canyon Road, on a dirt shoulder / circle drive, about 75 yards west of Cougar Road. The interview concluded at about 4:00 p.m.

INVESTIGATION:

At 1630 hours, I contacted Drew Cassidy by telephone in reference to a Murder in the First Degree that occurred at Columbine High School on 4-20-99

During our conversation, Drew stated that about 1000 hours that day he was sitting on the front porch of his house. He told me that a light blue compact car, which he believed was a two door, drove westbound past his residence. He stated that they were going a "little" above the speed limit. He stated that the windows were down. I asked him how many people were in the vehicle, and he stated that there were four males in the car. He stated they all were wearing black clothing. I asked him what color hair they had, and he stated all he can remember was that one or two of them had brown hair. I asked him about the driver's hair color, and he stated that he could not remember. I asked him if they said anything as they drove by or if they noticed him. He informed me that they did not see him, but they were yelling a different language. I asked him if that could have been the radio playing in the car, and he stated no they were yelling.

JC-001-007459

I asked him if they had anything in their hands or hanging out of the car. He stated that the guy in the right rear passenger seat had something in his left hand, but it might have been the seat belt from the front seat. I asked him if he noticed anything else about the car and asked him if it had a sunroof, and he stated that he believed it did not. I asked him how far away was the

CHICOTA related the following information:

- That on Tuesday April 20, 1999 he was in the area of Bowles and Wadsworth;
- That he had parked near the rear of the Centura Medical Plaza building located at:

-8246 West Bowles Avenue

- That he observed three males park and exit a vehicle in the parking lot;
- That the three males were wearing black military attire;
- That the males stopped and talked with him;
- That the males commented something to the effect that:

-"They were in the area to help their friends at the school"

- That the comments were made during the shooting at Columbine High School;
- That CHICOTA commented the time was before or right around the noon hour;

I advised CHICOTA that he needed to make contact with the Jefferson County Sheriff's Office and provide them the same information. This report is to verify that the information was forwarded and to serve as a lead sheet for investigators collecting Intel information on the incident.

Jefferson County Sheriff's Department /99-7625

Control #1506 (Associated to control numbers 1049, 1050, 1107 and 2008)

On April 28, 1999 Investigator Duane Eaton of the Arvada Police Department was assigned leads from information control sheets 1506 and 2008. Lead sheet control #1506 listed the source of the information as Cork Chicota. The person taking this information was Jefferson County Sheriff's Department Investigations Division secretary Judy Searle. Said information had been taken on April 26, 1999 at approximately 0900 hours. The narrative portion of the lead sheet advised that Chicota had talked to three males in Clement Park approximately five minutes before they were arrested. This would have been following the homicides at Columbine High School.

The source of the information on lead sheet control #2008 was Rick Young of the Littleton Fire Department. In the narrative portion of lead sheet #2008 Young advised he had received information from Chicota that Chicota had observed three males dressed in military attire in Clement Park at approximately 1200 hours. Young also advised in the narrative portion of this lead sheet that Chicota claimed to have spoken with the three males.

Investigator Eaton was assigned the task of contacting Chicota and interviewing reference his contact with the three males in Clement Park.

On April 30, 1999 at approximately 1435 hours, Investigator Eaton was able to make telephone contact with Chicota. Chicota advised Investigator Eaton that on Tuesday, April 20, 1999 he was in the area of a series of medical buildings located on the east side of Wadsworth and south of Bowles Avenue. He advised these buildings backed up to Clement Park. Chicota advised that the job he was on in this area was at the medical building #2. Chicota advised that shortly before responding to this location he had been in his office nearby and heard about the incident at Columbine High School. Chicota advised with this information in mind he walked into the park area and walked up on top of a mound of dirt with his binoculars in an attempt to see any activity taking place at or near Columbine High School.

Chicota advised that while standing on top of the mound of dirt three males approached him and began speaking with him. He advised the males had parked behind an Einstein bagel shop and he had first noticed them exiting their vehicle because of the clothing they were wearing. He advised their clothing was military in appearance. Chicota advised he could not recall specifically what the three males were wearing but that it only reminded him of military gear.

he was aware of what was taking place over at the school and if he had been able to observe any of the activity. They advised Investigator Eaton that when this male could not provide any information they then decided to get closer to the school in the hopes of either seeing some of the activity or speaking with other persons aware of what was taking place. All three subjects deny making any statements to any persons that they were friends of the suspects and were on their way to Columbine High School to help the suspects.

On Wednesday, May 5, 1999 at approximately 1235 hours, Investigator Eaton once again spoke with James Brunetti on the telephone. Investigator Eaton asked Brunetti specific questions about his, Nalty's and Akard's contact with Chicota in Clement Park. Investigator Eaton asked Brunetti if he recalled making contact with and speaking with a male on a dirt mound who had binoculars and was attempted to view the school with the binoculars. Brunetti advised Investigator Eaton that he recalled making contact with that male. Investigator Eaton asked Brunetti to explain once again to Investigator Eaton any conversations they may have had with the male whom Investigator Eaton has identified as Chicota. Brunetti advised Investigator Eaton that the three of them asked the male if he was able to see what was taking place at the school but that the male advised them he didn't know because he couldn't see much from his location. Investigator Eaton asked Brunetti if he or the others had advised the male that they had friends at the school, either suspects or victims. Brunetti advised Investigator Eaton they didn't discuss anything else with the male except for questioning him about the activity at the school. Investigator Eaton asked Brunetti if he or the other two had told the male on the dirt mound if they had previous knowledge of what was going to take place due to communications on the Internet with friends. Brunetti once again denied making any such statements. It should be noted that Brunetti advised Investigator Eaton that he and Nalty had spent the previous two days in New York City taping a second show for Sally Jesse Raphael, a television talk show host. He advised that while there he and Nalty took a polygraph and they were attempting to get the results and questions and answers asked to Investigator Eaton as soon as possible.

Also on this date, Investigator Eaton had telephone contact with Matthew Nalty. Nalty confirmed that he and Brunetti had been in New York City taping a second show for Sally Jesse Raphael. He did advised the two of them took a polygraph at the request of the Sally Jesse Raphael show. Nalty advised the polygraph was given by Michael Martin of Priority Investigations at 553 Main Street, Stroudsburg, PA 81360/TX:1-800-545-1112. Nalty advised Investigator Eaton he would attempt contact with Michael Martin as soon as possible and have their test results back to Investigator Eaton at the Arvada Police Department.

was never bothered by them again. She stated that she personally has never heard about Eric Harris again until the shootings occurred at the school.

Ronnie Thompson indicated to IO that it was her opinion that Columbine High School was "preppy" and "jock orientated." She stated that her son, Mike, and her daughter, Devan Chlebic, were not "main stream students" and therefore, had nothing in common with the other "preppy" or "jock orientated students." She stated that Devan Chlebic was a sophomore at Columbine High School, but that she (Ronnie Thompson) pulled her out of school in January of 1999. She stated that her daughter, Devan, is now attending Arapahoe/Douglas Works that is an alternative educational program.

Ronnie Thompson further advised IO that both her son and daughter have been to the hospital several times in order to visit with Richard Castaldo, one of the shooting victims on several occasions. She further stated that her daughter, Devan, also knew one of the shooting victims identified as Isaiah Shoels.

Ronnie Thompson indicated to IO that her son, Mike, has been to Columbine High School during the last several weeks. She stated that approximately 7 to 10 days ago, he was walking in front of the school with two friends, identified as Stephanie Wagner and her boyfriend, Jesse Evans, both who are students at Columbine High School. She stated that a truck driver got mad at her son when he was walking across the street while the truck driver was driving down the street, at which time a verbal altercation occurred. She stated that a Jefferson County Deputy came over to the scene and became very rude towards her son, due to his appearance in clothing and hair style. She further stated that Stephanie and Jesse are good friends of her son and that he visits them frequently, with them residing near Columbine High School. She further advised IO that her son does wear some black clothing, but does not wear his black trench coat anymore, since this incident occurred on 04/20/99.

Ronnie Thompson advised IO that on 04/20/99, she heard about the shooting incident at Columbine High School on the news media shortly after this incident began and before twelve o'clock. She stated that her second cousin called Mike at home upon her (Ronnie Thompson's) orders in order to tell him not to go anywhere until she got there because she was afraid that he would run over to Columbine High School once he knew what was taking place there. Ronnie Thompson stated that when her cousin called over to the residence, Mike was asleep at that time. Ronnie Thompson advised IO that her son did see Jesse Evans and Stephanie Wagner on television that afternoon when he was watching this incident unfold. She stated that her son, Mike, did rush over to Columbine High School and that later that afternoon, he along with some of the other kids, came back to their house during the mid afternoon hours while the SWAT Team was still inside the school.

At this time, IO spoke with Michael D. Chlebek, DOB: 03/25/81, on the telephone, with him advising IO that his physical description at this time shows him to have a Mohawk and would describe himself as being a "punk rock" person. He further stated that he also wears spike studs and Army green khaki pants.

In discussing the matter of him being invited into the group formerly known as the Green Berets and presently known as the "Trench Coat Mafia," he indicated that he is unsure if Eric Harris personally was one of the members who invited him to join this group. He further advised IO that this group later became known as the "Trench Coat Mafia" and that at times, they would get into his face about not joining them, but that he would stand up to them and tell them that he would not become a member of their group. He further stated that he had heard through the rumor mill at school, that the members of this "Trench Coat Mafia" were gay or homosexual and that they would grope each other in the hallways, which he did not personally care for.

Mike Chlebiak advised IO that he dropped out of Columbine High School before the beginning of 1999. He further stated that he personally did not know Dylan Klebold or Eric Harris. He also stated that he has not heard any rumors as to who else might be involved in this shooting and killing tragedy. He further indicated to IO that he did not have any knowledge that Eric Harris and Dylan Klebold or any other "Trench Coat Mafia" member or associate were involved in the manufacturing or making of any explosives or pipe bombs.

With Michael Chlebek being unable to add any additional information, the interview was concluded at this time.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 5/12/99

On 5/12/99, Laura Chlumsky, DOB 12/6/54, 6516 South Saulsbury Court, Littleton, Colorado was advised of the identity of the interviewing Agent, and the nature and purpose of the interview. She provided the following information.

On 4/20/99, Mrs. Chlumsky was in her yard working at approximately 11:15-11:20 a.m. when she heard what she believed to be gun shots in the vicinity of the high school. She called a neighbor and told her what she thought was going on, and told the neighbor that she was going to drive to the school to see what was happening. She drove toward the school on Pierce, only to find it blocked off by law enforcement. She then drove around the general area in the neighborhood. At approximately 11:40 a.m. she noticed a young man standing on the corner of Hoover and Teller Avenues. She thought that this boy was probably a Columbine student. She asked the boy if he knew what was going on at the high school, and he responded "I think I do, but I don't want to say". She told the boy that if he knew anything, he should immediately report it to the authorities. He responded that he knew that he should. She told him that there had been shots fired at the high school, whereby the boy placed his face in his hands and said in a distressed tone, "Oh my God, no"!! Mrs. Chlumsky stated that her of impression of his reaction was one of disbelief or remorse as if he knew what was happening at the school, versus one of a shocked reaction or surprised. Mrs. Chlumsky told the boy that he needed to report what he knew to the authorities. There was alot of vehicle traffic in this vicinity, and about at that time, Mrs. Chlumsky's daughter pulled up with her friend, Marcie Visnic. Her daughter briefly talked to her, and told her that the boy she was talking to was Brooks Brown. Mrs. Chlumsky stated that her daughter saw Brooks get into a sport utility vehicle at this intersection, and drive away. Mrs. Chlumsky later saw a newscast with Brooks Brown on it, and confirmed that this was the same boy she had talked to at the intersection of Hoover and Teller Avenues.

CONTROL #2063

On May 19, 1999, Investigator Duane Eaton of the Arvada Police Department was assigned investigative lead #2063. The source of the information listed on the information control sheet was Chris Tomford of the Jefferson County Sheriff's Office. The narrative portion of the form advised that Mike Heylin of the Jefferson County District Attorney's Office was requesting a reinterview of Dannon Cowgill to elaborate on statements made on a Denver Police Department witness statement form. Cowgill advised a Denver police officer that he had observed one of the suspects near the front door of Columbine High School. Investigator Eaton was assigned the task of contacting and interviewing Dannon Cowgill about his observations while driving southbound on Pierce Street.

On Friday, May 21, 1999 at approximately 1000 hours, Investigator Eaton was able to make telephone contact with Cowgill. Cowgill identified himself as Dannon Ole Cowgill (DOB 03/24/79), 4660 South Vivian Street, Morrison, Colorado, 80465, telephone 303-972-0057. Cowgill is employed by Walmart at Quincy and Wadsworth in Lakewood, Colorado. It should be noted that attached to the information control sheet was a yellow Denver Police Department witness statement form with a one paragraph statement from Cowgill as to what he had observed. Investigator Eaton advised Cowgill that he had the witness statement form but wished to have Cowgill elaborate on the information he had written. Cowgill agreed to an interview with Investigator Eaton.

Cowgill advised Investigator Eaton that on Tuesday, April 20, 1999 at approximately 1135 hours, he was driving southbound on Pierce Street. Cowgill advised Investigator Eaton that he was driving a metallic blue colored Ford Ranger pickup truck. Cowgill advised that it was a warm day and he had his truck windows down. Cowgill advised that he heard an explosion and looked to his right towards Columbine High School as he was passing by. Cowgill advised Investigator Eaton that he observed numerous students exiting the school. Cowgill further advised that he also observed a white male standing along the fence which separates Columbine High School from Clement Park. He advised that he believed this person looked suspicious due to the fact that he was standing along the fence while others were running past him.

Cowgill described this male as possibly a student of Columbine High School, approximately 17 to 19 years of age. Cowgill advised that the male was a white male wearing a black trench coat, black sunglasses, though the style was unknown, a black t-shirt without any markings observed, black jeans and white socks. Cowgill advised Investigator Eaton that he could not recall what kind of shoes the subject was wearing nor the color or style of his hair and that the subject was not wearing a hat.

SUPPLEMENTAL REPORT

Docket Number:

Case Number: 99A062

Investigator: Gallagher M.

Witness : Judy Dierken

DOB 8-2-53

5 White Burch

Littleton, Co.

303-933-4199

On May 17, 1999 this investigator conducted an interview with Judy Dierken in reference to the above case. Ms. Dierken was in charge of the food committee for the After Prom Party on April 17, 1999 at Columbine High School. Ms. Dierken made the following statements.

Ms. Dierken stated she worked on Friday April 16, 1999 from 3 P.M. to 11 P.M., Saturday from 9 A.M. to 5 P.M. and Saturday night 11:15 P.M. to 6 A.M. Sunday.

Ms. Dierken stated they kept the food for the party in the Home Economics room kitchen which was by the gymnasium. They also kept food in the freezer in the school cafeteria.

Ms. Dierken stated on Saturday night at approximately 11:15 P.M. she and Linda Reffel, who was another person helping out on the party went to the freezer located in the cafeteria to get food for the party. Upon opening the door they saw a propane gas tank sitting in the freezer. There was a tray of pepsi cups with ice setting on the tank. There was a four wheel push cart sitting next to the propane tank.

Linda Reffel stated what is this doing here talking about the propane gas tank. Linda thought it was a helium gas tank to blow up the balloons for the party.

I showed Ms. Dierken the photo of the propane gas tank that was found in the cafeteria. Ms. Dierken identified the propane tank in the photo as being the same one she saw in the freezer on April 17, 1999.

Ms. Dierken was asked if the freezer door was ajar or was the door shut. Ms. Dierken stated the freezer door was shut.

Ms. Dierken was also shown the photo of the blue duffle bag which was also in the cafeteria and was asked if she saw that bag in the freezer. Ms. Dierken stated she did not remember if she saw the blue bag or not.

In addition Ms. Dierken remembered seeing Dylan Klebold at the party with a kid with green hair.

INVESTIGATION:

On 05-19-99, at about 1510 hours, I telephoned Jan Ferguson concerning control #30-88. The lead sheet advised that Ferguson worked at the after prom party at Columbine High School on Saturday, 4-17-99, and observed individuals going into an area of the school that they shouldn't have and that she might be able to possibly identify them.

Ferguson told me that she was working at the high school on 4-17-99 and arrived at approximately 2400 hours. Ferguson stated that while working at the tattoo booth (diagram attached) she observed what she described as one male and one female walking together and go behind an area that was set up as a wall made of plastic. Ferguson stated that she overheard other people working at the after prom activities state that students were not allowed to go past the plastic because it lead into the school and that only the janitors could access that area. Ferguson stated between 2400 hours and 0400 hours she observed this one couple go behind the plastic which lead into the school. Ferguson stated she did not see those individuals return to the after prom activities. Ferguson stated that she would not be able to identify either the male or the female.

DISPOSITION: Case open, pending further investigation. Lead #30-88 closed.

On 4/27/99, SA Michael W. Howell contacted managers at Costco, Park Meadows Mall, 8686 Park Meadows Center Drive, Littleton, Colorado regarding the Columbine High School shooting. The managers were advised of the identity of the interviewing Agent and the nature of the interview, which was to check for purchases made by Harris and Klebold on 4/13/99. Dave McGuire, Manager, telephone number (303)708-0815 and Cynthia Cordell, Assistant Warehouse Manager, telephone number (303)708-0012 advised that they would check the Costco computer database to determine if Eric Harris or Dylan Klebold had made any purchases at Costco on the date April 13, 1999.

On 4/27/99, SA Howell was telephonically contacted and advised that no purchases were made by Harris or Klebold on the date mentioned.

On 4/27/99, SA Howell contacted Connie Goodlow, date of birth 12/23/46, 8505 E. Temple Dr. #442, Denver, Colorado 80237, regarding Rapid Start Control Number 1492, a tip Goodlow had called in stating that she had seen Harris and Klebold in Costco on 4/13/99. Goodlow advised that she saw three white males wearing black trench coats inside Costco on 4/13/99 between 15:45 and 16:15. The three were near the food area of Costco eating free samples which had been placed out. After seeing pictures of Harris and Klebold in the paper, Goodlow realized that two of the three individuals were Harris and Klebold.

Goodlow described Harris as a white male, approximately 5'10", approximate age 17-18, wearing a black trench coat (which came down to the ankle) with a hood. Goodlow described Klebold as a white male, approximate height 6'1"-6'2", approximate age 17-18, wearing a trench coat (which came down to the ankle).

Goodlow described the third individual as a white male, age unknown, approximate height 5'10", wearing a trench coat which was shorter than Harris and Klebold's trench coats.

Goodlow did not see any of these individuals carrying any items and did not know if they made any purchases.

CONTROL # 1379

On April 27, 1999 Investigator Eaton was assigned an information control lead sheet with control #1379. The source of the information on this lead sheet was a Ken Greenwalt, a health care security guard working out of the area of 6169 South Balsam Way, Littleton, Colorado. Greenwalt had reported to Jefferson County Sheriff's Office Deputy Brian Crooks that on the west side of Clement Park in the parking lot at 6169 South Balsam Way, he had observed three subjects exit a white Ford Aspire bearing Colorado license plate GCA9133 while the incident at Columbine High School on April 20, 1999 was taking place. Also assigned to Investigator Eaton was another lead bearing the same information though prepared by another individual.

On May 5, 1999 at approximately 1545 hours Investigator Eaton was able to make telephone contact with Greenwalt. Greenwalt advised Investigator Eaton that he worked for the security firm that was responsible for the Swedish Medical Center buildings in Littleton, Colorado. Greenwalt advised Investigator Eaton that on April 20, 1999 he was on the property and in the building and told by a nurse of three "scary looking" subjects in a back parking lot. Greenwalt advised Investigator Eaton that he went to the window and observed the three males exit the previously mentioned vehicle. He advised that the vehicle had "propaganda" stickers stuck all over it. Investigator Eaton has since learned that the stickers are punk band and punk life style stickers. Greenwalt advised Investigator Eaton that though he believed the subjects to be suspicious, they were not on the Swedish Medical property and therefore he did not contact them.

Greenwalt advised Investigator Eaton that he observed the three males stand on a small hill on the western edge of Clement Park before wandering further into the park. Greenwalt advised Investigator Eaton that he is unsure as to the time that the subjects arrived or entered the park but that he and others were watching the news as it pertained to Columbine High School.

Greenwalt advised Investigator Eaton that while inside the building watching television, he then observed the three subjects he had observed exit the Ford Aspire being arrested inside Clement Park. He advised that he witnessed the arrest via the television news.

Greenwalt advised Investigator Eaton that at a time later, a time he is unsure of, he observed the three subjects returning to the Ford Aspire. Greenwalt advised that he realized at this time the three subjects had been released from police custody. He advised that when they began to enter the vehicle, he observed all three raise their fists in the air and wave them towards the school

"as if they were happy about what happened."

Greenwalt advised Investigator Eaton that he had no further information and Investigator Eaton concluded the interview at approximately 1550 hours.

It should be noted that Investigator Eaton had Arvada Police dispatch personnel list the license plate number given by Greenwalt as GCA9133. Said license plate registered back to a 1997 Ford two door with a registered owner of Julie Nalty at 5579 W. 115th Avenue, Westminster, Colorado, 80020. It should be noted that Investigator Eaton has had contact with Julie Nalty and confirmed that she is in fact Matthew Nalty's mother and the owner of said vehicle. Matthew Nalty also confirmed for Investigator Eaton that the vehicle was in fact his mother's vehicle and driven by him. A printout of the teletype printout will be attached to this report.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 06/02/1999

Cecilia Hicks Grossmann, DOB 06/21/1951, 3221 Shalimar Terrace, Pueblo, Colorado, telephone (719)562-9136, was telephonically interviewed by Special Agent (SA) Ricky V. Wright regarding the incident that took place on 04/20/1999 at Columbine High School. After being advised as to the identity of the interviewing agent and the nature of the interview, Grossmann provided the following information:

On 04/20/1999, at approximately 11:30 am, Grossmann went to the residence of Marilyn Taylor, 6526 South Teller Court, Littleton, Colorado, to pick up some items from Taylor. Grossmann was in the residence until approximately 11:40 am. As Taylor and Grossmann were walking to Grossmann's car, Brooks Brown ran up to the house and asked if he could use the telephone. Taylor went and retrieved her cordless phone from the house.

Brown was really nervous and related that he had just come from the school. Brown had met an ex-friend of his outside of the school. The ex-friend told Brown that he liked him and that he ought to leave the school. Brown thought this ex-friend was crazy and did not know what he was going to do. Brown's ex-friend just turned 18 years old and Brown thought that he was getting a gun for his birthday. Brown did not say how his ex-friend was going to get the gun. Brown did not say what the name of the ex-friend was. Brown said as he was getting away from the school, he heard some shots, but did not know what was happening. Brown wanted to call the Sheriff as well, but Taylor and Grossmann encouraged him to just call his parents. Brown was unable to contact his mother by telephone, but was able to reach his father. Brown made arrangements with his father to pick him up in the neighborhood near Taylor's house.

This was the first Taylor and Grossmann had heard of the shooting. Grossmann had driven by the school at approximately 11:25 am and had seen some students milling around outside, but did not know what was going on.

04/20/99, Jeff Sherman was in a bus coming back from Vail, CO, where Sherman had attended a Future Business Leaders of America conference. He further stated that Jeff Sherman is a very hard worker and plays hockey and has never been in trouble before. He further stated that it is possible that Steve Haynes has been arrested before, but he was not sure of this.

Ryan Guy further stated that he had never heard the names of Eric Harris or Dylan Klebold prior to this incident on 04/20/99. He further stated that he personally also has never been in trouble with the law before.

With Ryan Guy being unable to provide any further information regarding this lead, the interview was concluded with him at that time.

SUMMARY:

05-21-99/Friday

Per information control sheet #1789, I contacted (W)Hall at her residence, regarding information she might have of possible suspect accomplices.

(W)Hall stated, that on the evening of 04-15-99 she was at Columbine High School, attending her daughters elementary school music program. The program, which was held in the gymnasium, ended at 8:30pm. Before leaving, her 10 year old daughter, Patricia needed to use the restroom. (W)Hall allowed Patricia and her 6th grade friend, Heather Hanson, to go to the restroom alone. The children used the restrooms near the cafeteria, returned and they left the school.

On 04-20-99, after the shootings, they were watching media reports of the event. Her daughter observed a photo of Dylan Klebold on T.V. and advised (W)Hall she had seen him in the school the night of the music program. (W)Hall stated, her daughter described how Klebold had a goatee and was standing with two other males. They were all dressed in black, no trench coats, and had heavy chains around their necks. The trio were standing near the top of the stairs, above the cafeteria and were not causing any trouble, although

according to her daughter, they were very scary looking.

After learning of the information, (W)Hall stated, she contacted Heather Hanson's mother. She was not sure if Heather had also seen the individuals, and stated Heather had an older brother so the males may not of left as big of impression on her

I also completed lead sheets and interviewed Patricia Hall and Heather Hanson, separately.

Per information control sheet #1789, I contacted (W)Hall at her residence, regarding information she might have of possible suspect accomplices.

I interviewed (W)Hall in the presence of her mother, Corrine Hall (DOB 02-11-53). (W)Hall stated, that on the evening of 04-15-99 she was at Columbine High School, for her elementary school music program. After the program, she needed to use the restroom. She and her 6th grade friend, Heather Hanson, went to the restrooms near the cafeteria. While returning, she saw three teenage boys standing at the top of the stairs, above the cafeteria. She described the boys as being dressed in all black, and one had a large chain, hanging out of his pocket. She also remembered that one of the individuals had facial hair, on his chin.

(W)Hall stated the appearance of the three boys scared her. She remembered that after passing them, they followed her down the hallway towards the cafeteria. The trio did not harass her or anyone else in the area and seemed to be minding their own business. On 04-20-99, after the shootings, she watching media reports of the event when she saw a photo of one of the individuals involved in the shooting she thought it was one

INVESTIGATION

While interviewing one of witness Hanifen's son's at her residence she provided me with the following information. Peggy Hanifen said there was an after prom party held at Columbine H.S. on the evening of 4-17-99 till 0530 hours on 4-18-99. Witness Hanifen said that she volunteered to help at that party and was assigned to deal cards at a blackjack table for the students who wanted to play blackjack. Witness Hanifen said that suspect Klebold came to her table at various times to play cards. Witness Hanifen said the reason she remembers Klebold was because he was a "goofy looking kid." Witness Hanifen said she does not remember what type of clothing he was wearing, and although she said he was in and out of her table playing cards, she did not see if he left the entire building. She said she doubts that he left because once the students left the party they were not allowed back inside. Witness Hanifen said she did not see suspect Klebold carrying any items such as duffel bags, backpacks, etc. Witness Hanifen said she does not know who suspect Klebold was with at this after prom party. Witness Hanifen said she did not recall seeing suspect Harris at this after school prom, however, she could not be certain he was not there.

DISPOSITION Open, pending further investigation.

SUMMARY:

05-21-99/Friday

Per information control sheet #1789, I contacted (W)Hanson at her residence, regarding information she might have of possible suspect accomplices.

I interviewed (W)Hanson in the presence of her grandmother, Marie Kerlwke (DOB 09-02-46). (W)Hanson acknowledged the fact that she was with Corrine Hall and Patricia Hall at Columbine High School, the evening of 04-15-99. She stated that after the music program she took Patricia Hall to the restrooms, located near the cafeteria. She recalled, while returning to the gymnasium they saw some teenage boys who's appearance scared Patricia.

(W)Hanson stated, she did not pay much attention to the individual, as they were not causing any trouble. She explained she only glanced at them once and thought there was only two and thought they were wearing blue jeans. (W)Hanson stated, the boys were not scary to her and she would not recognize either if she saw them again.

SUMMARY:

04-28-99/Wednesday

Per information control sheet #1612, I contacted (W)Hocker at her residence, regarding information on possible suspect accomplices.

(W)Hocker stated that on 04-20-99, at approximately 11:25am, she was driving Northbound on Pierce St., past Columbine High School, en-route to Clement Park for a walk. As she drove past the school she noticed a JCSD patrol car entering the main parking lot. Once past the school she pulled into the park, using the Pierce St. entrance, and observed a small brown sedan, which she described as a "Civic type" vehicle, exiting the lot very quickly. (W)Hocker stated, at the time she did not think the activity was especially unusual and did not pay much attention to the vehicle. She was unable to provide any information reference the vehicles occupants other than she thought it was driven by a young male, with another male passenger. She did not notice its direction of travel after leaving the lot.

(W)Hocker stated as she continued driving westbound through the parking lot, she observed a motorcycle officer cut through the lot and across the grass toward the school. She parked her van in the west parking

area, near the playground, and began her walk.

At approx 11 30am, as she was walking on the lower trail near Columbine Hill, she heard an extremely loud noise, and thought to herself the school's science lab had blown up. Approx. one minute later, she noticed a white male with dark hair, dressed in a white t-shirt and light colored blue jeans, walking down the hill from the soccer field, away from the school. (W)Hocker stated the male looked to be high school age, 17-18, and appeared very calm, walking in a "non-shalant" manner. She then observed two, slightly older males, walking northbound on a path leading out of a housing area greenbelt. Both of these males were dressed in all black, with short black coats and black pants. She watched as all three individuals met and talked briefly. According to (W)Hocker, the meeting appeared to be pre-arranged and very matter of fact. She stated all three parties were very calm, showing no emotions. They paid no attention to her and were not bothered by her presence or the activity surrounding them at the school.

(W)Hocker stated she continued her walk, following a path away from the trio. After a short distance, she turned to see where they were and observed they had walked partially up the hill, toward the soccer field and were standing together looking toward the school. Shortly thereafter, she was advised by a park worker of the shootings at the school and returned to her vehicle and left the area.

(W)Hocker stated she never got close enough to the three males to distinguish any identifying characteristics. She did not see any of the individuals carrying objects, including weapons or duffle bags but felt their calm, un-emotional demeanor was very suspicious in light of the activities surrounding them.

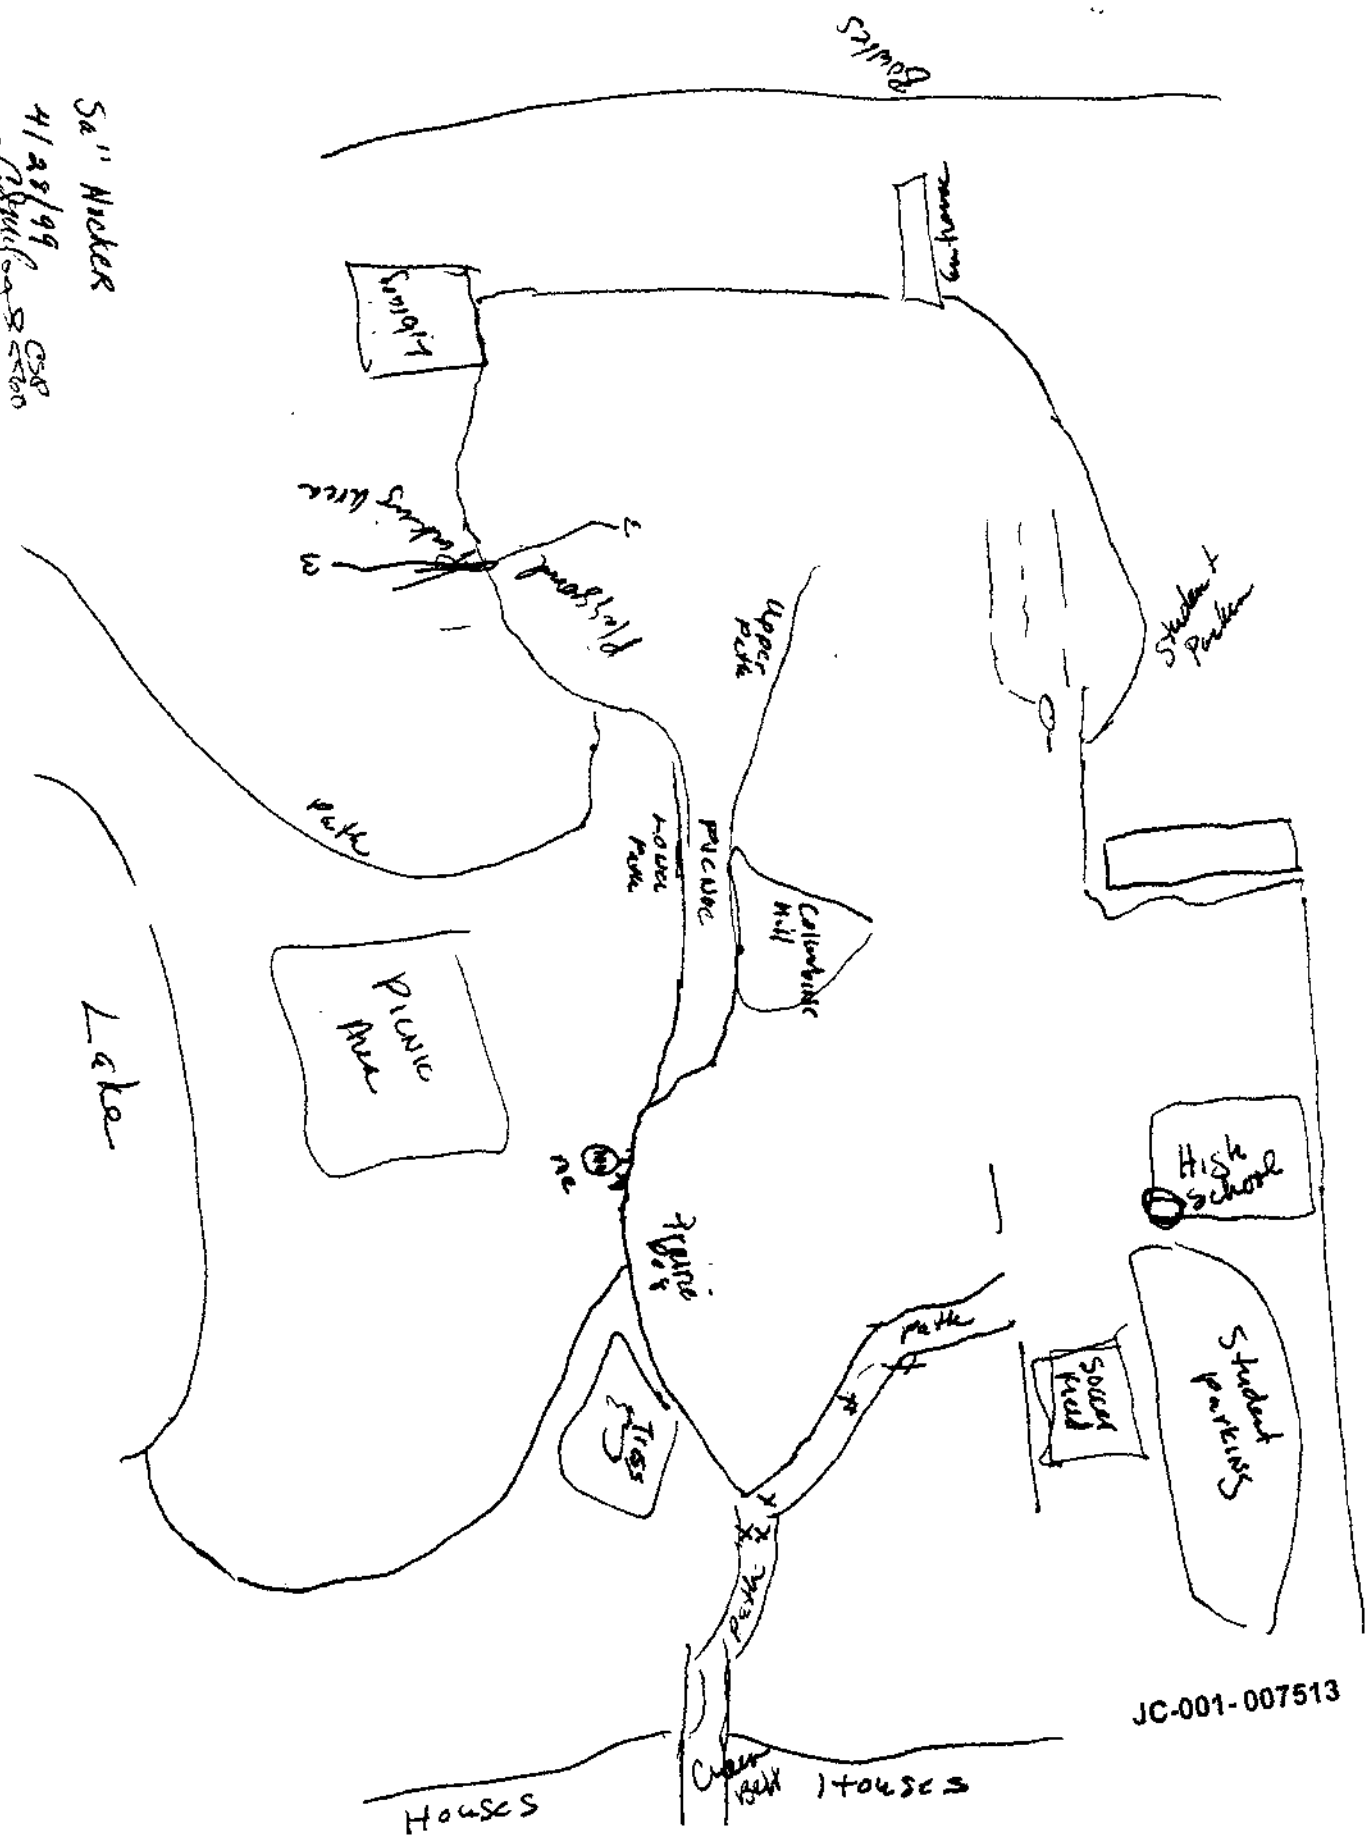

ADDITIONAL INFORMATION:

(W)Hocker drew a rough diagram of the park and the locations where she observed the three males meeting. That diagram is attached to this report.

Father Les Hydle	303-781-1474

OBSERVATION/INVESTIGATION:

On 050499 I contacted Susan Hydle, Greg Hydle's mother. At that time I advised her that I needed to speak to her son about the Columbine incident, in regards to her son having contact with either Eric or Dylan. [REDACTED] Mrs. Hydle stated that Her son was currently attending school at the Colorado School of Mines in Golden. I asked Mrs. Hydle if she was aware of her son having any contact with Eric or Dylan during the 97-98 school year. Mrs. Hydle stated that her son was the student body president last year and played on the Baseball and Golf teams, but she didn't believe he had any direct contact with them. Mrs. Hydle stated that her son was very concerned about the incident and had come home from school as a result. I asked her if she would have any objections if I contacted him and interviewed him, and she stated that she did not.

On this same date at 1610 hours I contacted Greg Hydle by phone at his dorm room. At that time I asked Greg if he had any direct contact with Eric or Dylan when he attended Columbine last year. Greg stated that he was the student body president so he was around the school a lot, but never had Direct contact with either one. Greg went on to say that he had been on both the golf and baseball teams, and he knew what went on with other kids in school. I asked Greg what that meant, and he stated that all the sports type kids referred to the Trench coats as the "no sports". Greg knew that these kids got picked on all the time, and that most of it was done by the football team. He believed it was just because they were different. Greg then stated that he knew about Eric and Dylan talking about blowing up the school, because it was the big rumor for two years. I asked Greg if any school officials knew about the threats and he stated that he had heard they did, but no one took it seriously. I asked Greg if there was anything else he could tell me about Eric or Dylan, and he stated that he didn't know anything else about them.

No further action taken by this Investigator.

REPORTED BY: Detective J. Ruetz 74035

DATE OF REPORT: May 11, 1999

TYPE OF REPORT: Memorandum of Interview – Charlotte Jackson

On May 10, 1999 Detective Ruetz spoke telephonically to Ms. Charlotte Jackson (303-794-7142). Ms. Jackson works part-time as a delivery driver for the Pizza Hut store located at 5055 South Kipling Street. Ms. Jackson said that she was with John Perry (interviewed previously), another Pizza Hut employee, on April 20, 1999 and that they had delivered pizzas to Columbine High School. Ms. Jackson said that she frequently delivered pizzas to the school's DECA store for resale during lunch periods.

Ms. Jackson remembered having arrived at the school on April 20, 1999 at about 10:45 AM. She and Perry went to the DECA store area in the cafeteria and found a note directing them to the Business Department classroom area. There they found Mr. Dave Sanders who accompanied them back to the DECA store and signed a receipt for the pizza. (That receipt was previously recovered and placed as evidence under number 10118.) Ms. Jackson said that she and Perry left the school at about 11:00 AM.

Ms. Jackson said that she and Perry had parked in the lower student lot just outside the west side of the cafeteria. Ms. Jackson doesn't remember seeing anything remarkable inside or outside the school but does remember that there were fewer students around than normal because they had arrived earlier than usual and the 'A' lunch hour hadn't started yet. Ms. Jackson said that as she and Perry were leaving, she noticed a delivery driver from the Chik-Fil-A store at Southwest Plaza just arriving. She described this driver as a female in her 50's who she had met and talked to at the school several times previously while they were both making deliveries.

Narrative:

On May 6, 1999, I spoke to Kristel Kalinowski by telephone, in reference to the information provided in the lead sheet associated to control number 2983. Kalinowski said that she used to live in the Columbine Knoll subdivision at 7340 South Sheridan Court, until July of 1998.

Kalinowski said that in mid to late March 1998, at about dusk, she had left the home to go running. She said that she ran north bound on Sheridan Ct. then ran east bound on what should be Sheridan Blvd.. Kalinowski said that she was running by the bike path and saw two juvenile males in the grass area adjacent to the path. She said she stopped and watched the males for a few minutes. Kalinowski said that the two males were standing over something in the grass and then she saw them back about 20 to 30 yards away from the item. She said she expected to hear an explosion as she thought that they had fire crackers. Kalinowski said that the device did not go off and the two young men walked up to it.

Kalinowski said she approached the two boys and asked them what they were doing. She said that she did not recognize either of them from the neighborhood and was suspicious of what they were doing there. Kalinowski said that the first boy who she described as being 5'7" to 5'9" tall with reddish brown hair, wearing baggy clothes and a white t-shirt, told her that they were just messing around. Kalinowski said she saw an old fashion red colored bicycle in the grass a short distance from where the boys were standing and asked them if the bike was theirs. She said the boy with the reddish colored hair told her the bike was his and that he lived by Columbine High School.

Kalinowski said that she tried to look at the second boy's face but he kept turning away from her and kept his head down. Kalinowski described him as being 5'7" to 5'9" tall 140 lbs. Also wearing baggy clothes and a white t-shirt. She said he had medium brown hair which was greasy, wavy and about collar to shoulder length.

Kalinowski said that the boys picked up the device that they had tried to detonate and she saw it briefly, before the second male hid it from her. She described the device as being a little larger than the cardboard portion of a roll of paper towels, with either a square piece of electrical tape on it or a square cut out of the side of the device. She said that she told the two boys that they needed to leave the neighborhood if they did not live there and she was going to wait and make sure that they left. Kalinowski said that she watched the two boys leave, one walking the bike and the other walking. She said she resumed her run and returned home later and told her husband about the incident.

Kalinowski said that when she saw Dylan Klebold on T.V. she immediately recognized him as the reddish haired male she saw in her old neighborhood of Columbine Knolls. She said she initially thought that the second male was Eric Harris but now believes it was Brooks Brown. Kalinowski said that the juvenile males she saw a year ago made a lasting impression on her. I asked her why and she said that she felt sorry for the male she suspects was Dylan Klebold because the second male seemed to get very angry with him when he started to answer her questions. She said that was the reason she tried to see the second males face more closely. She said that the second male appeared to be in charge and the first male seemed to be aware that he had made a mistake in talking to her.

I asked Kalinowski why she had suspected the second male may have been Brooks Brown. She said that the second male more closely resembled Brown except that the pictures she has seen of Brown show that he has a shaved head. Kalinowski said that she does not know if Brown had a shaved head last year during that period of time and is not sure if the second male she saw is in fact Brooks Brown. Kalinowski said that she is very sure that the first male she saw and described, is Dylan Klebold.

Kalinowski indicated that if she were to see an older picture of Brooks Brown taken around the time of the incident in March of 1998, she would be able to say with a better level of certainty that it was in fact Brooks Brown. Kalinowski said that she had no additional information she could provide me and the interview was terminated.

Narrative:

On May 6, 1999, I spoke to Kristel Kalinowski a second time, by telephone. Kalinowski said that after our earlier conversation she had gone to the store and purchased this weeks time magazine. Kalinowski said that after reading the magazine and taking a close look at the picture of Dylan Klebold and Eric Harris together, she is very sure that the second person she saw in march of 1998, was definitely Eric Harris and not Brooks Brown.

Kalinowski said that she looked at the picture in the Time magazine where Klebold and Harris are pictured together, and she is sure, based on the way that Eric Harris is standing, that it was Harris she saw and not Brooks Brown.

On Thursday, May 13, 1999 at approximately 1130 hours, Investigator Eaton met with Barbara Karakusis (DOB: 03/22/52) at her residence, 6302 W. Cross Drive, Lakewood, Colorado in reference an interview Investigator Eaton was conducting with Karakusis' daughter, Pamela Karakusis (Control #3225). At the end of the interview with Pamela Karakusis, Barbara Karakusis advised Investigator Eaton she had some information she wished to have documented.

Barbara Karakusis advised Investigator Eaton that on April 20, 1999 she dropped her daughter off at Columbine High School at approximately 0730 hours. She advised she left the school southbound on Pierce to take her son to his school. She advised as she was southbound on Pierce passing the first street south of the school she noticed a group of five to six white males standing and sitting on the southwest corner of the intersection. She advised that two of the males were sitting on what appeared to be large backpacks and the rest of the males were standing talking with each other. Barbara Karakusis advised that one of the males who was standing caught her attention because he had short blond hair and he appeared to be older than the others.

Barbara Karakusis advised Investigator Eaton all the males were dressed in black clothing and that the male who looked older than the others appeared to be in his mid-20s. She advised this male was standing and had a black colored blanket or coat draped over his left arm. Barbara Karakusis also advised that the packs on the ground were all dark colored.

Barbara Karakusis advised Investigator Eaton that she thought it odd that all the males were dressed in dark clothing and that one of them was too old to be in high school. She advised the rest appeared to be high school age. Barbara Karakusis advised Investigator Eaton due to the fact she was driving by she observed nothing else but what she described to Investigator Eaton and had nothing to add.

Investigator Eaton ended the interview at approximately 1222 hours.

On 05-13-99 at about 2055 hrs., this Investigator telephoned:

KNAPKI, CAROL ANN
DOB: 10-28-54
7653 W. Coal Mine Pl.
Littleton, CO 80128
(303) 973-8858

Knapki indicated there were a lot of games at "After Prom." Twelve black jack tables, a roulette wheel and three blow up games. All of these, as well as the other games were located in the gym.

Where ever there was a function, there was a parent there. Knapki related there were a total of about seventy five parents there the night of the After Prom. The food court was in the middle.

At the main door to the school, security was present. They were checking to make sure only Juniors or Seniors were present. In other areas where students were not allowed, they placed black plastic across the halls, closing off the area.

Knapki related she does not remember seeing Eric Harris or Dylan Klebold that evening. She does not even know the two. She has seen their pictures on TV. This Investigator asked Knapki if she has any children going to Columbine and she said two. Knapki identified her two sons as:

KNAPKI, TYSON
DOB: 07-02-84

and

KNAPKI, KYLE
DOB: 06-15-80

Neither one of her two sons has talked about the Trench Coat people before. The day of the incident, Kyle who is a Senior was attending a breakfast at the Wellshire Inn. Tyson, who is a Freshman, was in Math class.

This Investigator asked Knapki if she had any of the other names for the people who volunteered during this event. She identified the following people:

DIERKEN, JUDY (303) 973-9463
(In charge of the food court)

Knapki related they had parents at every table. This Investigator asked Knapki if she remembers anything suspicious which occurred during the After Prom and she said no.

Knapki indicated she was told by another lady of a suspicious incident. She identified the lady involved as:

PAAVILAINEN, CATHY
(303) 932-0045

Paavilainen related there was some kids on one side of the building, near the rear tennis court area. The kids were trying to get in through another door. This Investigator inquired from Knapki who the kids were and she related Paavilainen never told her. She did say however, one had a yellow jacket on.

At about 2300 to 2330 hrs., she went outside to have a cigarette. A man walked by. She thought it was odd. This occurred near the weight training room.

Knapki related there were a lot of parents there as well as about 800 kids.

 Student-Colorado University-Boulder Campus

INVESTIGATION:

On 05-05-99, at 1400 hours, I responded to the University of Colorado Campus-Boulder. 200 Andrews Hall Building, where contacted and interviewed witness Emily Kyler. Witness Kyler is a former Columbine High School student and graduated in 1998.

Witness Kyler said she was not friends or even an acquaintance of any of the Trench Coat Mafia students, however, she said she had Eric Harris in one of her high school classes. She said she did not recall having any conversations with him, and said the main reason she knew of Eric Harris was because she had a "crush" on his older brother, Kevin, while in high school. Witness Kyler said she did know suspect Klebold at all.

Witness Kyler said the last time she saw suspect Harris was either in December of 1998 or January 1999 at a Chili's restaurant. She said suspect Harris was wearing Colorado University athletic clothing at that time, and said he was with his brother Kevin Harris and his father. Witness Kyler said she spoke to them but did not recall anything important being said during the conversation. She has not seen them since and did not know where they were currently located. She did not remain in contact with him and last heard about them on the TV and newspaper in reference to the shooting at Columbine High School.

Witness Kyler said she was surprised to hear that suspect Harris was a member of Trench Coat Mafia. She said she knew he had been teased and harassed by the "jocks" quite frequently, however.

Witness Kyler said she remembers the following people at Columbine High School, being involved with the Trench Coat Mafia. Robert Perry, who she had a high school debate class with last year. She said she recalls Robert Perry dressed in all black clothing and wore a trench coat most of the time. She said she did not see Perry associating with suspect Klebold, however.

Witness Kyler said she remembered Joe Stair because he graduated from high school with her. She said he had a girlfriend by the name of Jennifer Hurtado for a while in high school. Witness Kyler said she does not know anything else about Joe Stair, and did not know where he may be currently located.

Witness Kyler said she remembers a classmate by the name of Lucas Johnston who may have been possibly a member of the Trench Coat Mafia, however, she could not be certain. She said Lucas wore a trench coat sometimes and would hang out with other trench coat mafia students at certain times.

Witness Kyler said she remembered the Trench Coat Mafia students would hang around each other before school started, inside Columbine High School, near the Choir room, and she said they stayed to themselves primarily. Witness Kyler said she did not recall any of the Trench Coat mafia students being aggressive or violent, even though the "jocks" were mean to them.

ADDITIONAL INFORMATION: Witness Kyler said there were members of the Trench Coat Mafia that she could not remember their names and said she was going to try to get further information. Witness Kyler requested my business card, which I gave her and she said she would call me if she could locate any further information.

The interview with witness Kyler ended at 1430 on 05-05-99.

DISPOSITION: Case remains open, pending further investigation.

INVESTIGATION:

On 06-01-99, at about 3:30 p.m., I interviewed Tony Martinez as follow up on DN3336. The interview was conducted at Tony's residence.

Tony told me that on the morning of 04-20-99, he was building a storage shed in his back yard. Tony said that he had driven to a local building supply store (Hugh M. Woods) at about 10:30 a.m. in order to purchase lumber and supplies. Tony said that upon driving back home at about 11:10 a.m., he was driving his BMW southbound on Pierce Street (from West Bowles Avenue) and saw "Dylan Klebold" turn left, in front of him, from northbound Pierce Street into the student parking lot of Columbine High School. Tony said that Klebold noticed him and raised his hand slightly to wave as he turned into the lot. Tony said that although he didn't personally know Klebold, he had seen Klebold driving his black BMW on previous occasions around the school / neighborhood, and, being a BMW owner himself, the two of them had exchanged waves before when passing by each other. Tony said that there was somewhat of a mutual admiration between them as to their cars, both of which were older models in relatively good shape. Accordingly, Tony said that he instantly recognized Klebold when he saw him. He described Klebold as having "bushy, reddish hair." Tony was unable to describe the clothing that Klebold was wearing at that time, and "is certain" that he noticed a passenger in Klebold's car. Tony could not describe this passenger, either. Tony also said that

on one previous occasion, he had gone to pick up his daughter at school and had parked his BMW in the vehicle staging area near the school's northeast entrance. At that time, Tony said that "Eric Harris" had walked by his car and made the comment, "nice beemer." Tony emphasized that this person was not Dylan Klebold. Tony said that he didn't know Eric Harris, but knows it was him based on photographs he has since seen on television. Tony described Harris as the "shorter, more clean cut kid." Tony said that after passing by Klebold, he continued southbound on Pierce Street, then turned right onto westbound Walker Avenue and to his residence. Tony estimated that he arrived home at about 11:13 a.m.

Tony said that upon arriving home, he unloaded his car and began working on his shed, which is located on the south side of his back yard. Tony said that at about 11:20 a.m., he heard a series of "pops" coming from somewhere in the neighborhood. Tony said that because of the way sound carries, he could not accurately determine the origin of these sounds. Tony said that he gave little thought to these sounds at the time, other than thinking someone nearby was "using a nail gun." Tony said that at about 11:25 a.m., his neighbor, Anthony Sammauro (9th), came running to the south side of his home and yelled, "They're blowing up the school! They're shooting everyone!" Tony said that he asked Anthony, "Who?" Tony said that Anthony then yelled, "Guys in black trench coats!" Tony said that Anthony seemed genuinely upset at that time. Tony said that because of the sounds he had just heard, and Anthony's serious nature, he decided to drive to Columbine to check on his daughter, Cori Martinez (9th). Tony said that he then got into his car and drove to the school via northbound Pierce Street.

Tony said that upon reaching the intersection of Pierce Street and West Fair Drive, he saw a Denver Police car parked across and blocking Pierce Street, facing west. Tony said that he saw a Denver officer standing behind the car, holding his handgun. Tony said that the Denver officer was standing next to two teachers, both male, one white and one black. Tony said upon driving past the Denver officer, he turned right onto West Fair Drive and parked his car, facing east, on the north side of the street in front of 6769 West Fair Drive. Tony said that he then got out of his car and approached the Denver officer. Tony said that the Denver officer seemed somewhat confused as to what was going on. Tony said that at that time, waves of students and teachers were coming out of the school and running east into Leawood Park. Tony said that he told the Denver officer he was there to pick up his daughter, and that the officer then asked him to describe the layout of the school. Tony said that as he spoke to the officer, he noticed the glass on the school's main east doors was shattered / missing in several places. Tony said that

someone then yelled, "They're shooting people!" as students and staff ran past them. Tony said that after about one minute, he and the officer saw a blond female student exit the school's main east doors, limping, and being assisted by a male student. Tony said that it appeared the female had been shot in the leg, and he noticed her pant leg had blood on it. Tony said that upon seeing this, he and a male teacher then ran west, onto the school grounds, and assisted the female student while the Denver officer remained slightly behind, weapon aimed at the school, as cover. Tony said that they then escorted the female to the southeast corner of the intersection of Pierce and West Fair Drive, where she was loaded into an ambulance that had just arrived. Tony said that after helping this female into the ambulance, he ran over to a white van that was parked, facing west, directly in front of the residence at 6769 West Fair Drive. Tony said that he had seen the van's driver, an adult male, talking on a cellular phone from inside the vehicle. Tony said that he asked this man, who he later found out was the father of his daughter's best friend (Cynthia Nichols / 9th), if he could use his phone to call his wife to ascertain if she'd heard from their daughter. Tony said that he used the phone for two or three minutes, after which he returned to the east side of the police car, with the Denver officer.

Tony said that about one or two minutes later, while he and one of the teacher's were still attempting to explain the school's layout to the Denver officer, he saw "three or four muzzle flashes" inside the main office of the school, to the right (north) of the main doors. Tony said that immediately thereafter, some of the office windows shattered and he heard the distinct "whiz" of bullets passing over his head while continuing to see flashes. Tony said that he yelled at the Denver officer, "They're shooting at us!" Tony said that the officer also heard the sound of bullets passing overhead, and said, "Yeah, you're right." Tony said that he then quickly retreated to a position behind the "Leawood Park" sign which is located on the grass, southeast of the intersection. Tony said that everyone who had been near them immediately took off eastbound, down West Fair Drive and/or the park. Tony said that the Denver officer asked him if he would mind sticking around to assist him with the layout of the school. Tony said that he told the officer, "No, I don't mind, my kid's in there." Tony said that from his position behind the sign, he continued giving information about the school to the officer, who was relaying this information to others on his radio.

Tony said that while he was standing behind the sign and communicating with the Denver officer, he remembered seeing "a

really strange, goofy guy" crawling on the grass nearby, in the park. Tony said that this individual, whom he described as a white adult male, said, "There's a sniper on the roof," after which he began crawling around on his stomach "like he was in a war movie." Tony said that this individual then said something to the effect of "I need to get my Marine Corps stuff" and "We'll get these guys." Tony said that he remembered hearing a single gunshot at about that time, which sounded as though it had originated from outside the school. Tony said that he looked toward the school, but never saw anyone on the roof at any time. Tony said that this individual then "crawled away into the park" and that he didn't see him again after that.

Tony said that shortly thereafter (he estimated it was about 11:45 a.m.), a yellow fire truck with SWAT personnel made its way southward, in front of the school, to the east side doors of the school's wing located just south of the main entrance. Tony said they used some kind of device to open the door, and that he believes they then made entry. Tony said that ten or fifteen minutes later, he saw a red fire truck with SWAT personnel pull up in front of the school's main doors. Tony said that this truck blocked his view of the main doors and that he couldn't clearly see what the SWAT members did. Tony said he doesn't believe they made entry right away. Throughout all of this, Tony said that it was a very chaotic scene, with students continuing to stream out of school exits and running in every direction. In addition, Tony said that emergency vehicles, police officers, paramedics, and firemen continued to arrive on scene. Tony said that he remained behind the sign for roughly forty-five minutes, during which time he continued to communicate with the Denver officer. Tony said that the Denver officer eventually became occupied with other matters, at which time he then ran back to his own car to listen to the radio for news of the incident.

Tony said that in between listening to his car radio, he made his way back to the white van and talked with the driver. Tony said that after a few minutes, a police officer approached them from the east side of the residence at 6749 West Fair Drive. Tony said that this officer told them they needed to leave the area because they were "in the line of fire." Tony said that this officer called them over to where he was standing and then told them both to leave. Tony said that the driver of the white van refused to return to his vehicle out of fear of being shot at. Tony said that the officer then got into the van, turned it around to where it was facing east, and drove it several yards down the street. Tony said the driver then entered the van and left the area. Tony said that the officer then returned and again told him to leave, without his car. Tony said that he told the officer he needed his car, but the officer told him no. Tony said that he remembered telling the officer, "What are you going to do, arrest me?"

Tony said that the officer finally relented and allowed him to return to his car, rather than waste time arguing. Tony said that he then got into his car and drove east on West Fair Drive to Leawood Elementary School. Tony said that he remained there until late in the afternoon, and eventually received word that his daughter had safely made it out of the school.

Note: Tony told me that his daughter, Cori Martinez, hid inside the school's science wing throughout the afternoon on 04-20-99. Tony said that she was among a group of students who were found by a SWAT team at about 4:00 p.m. Tony told me that Cori has refused to be interviewed by law enforcement because, she told him, she wants to put this traumatic matter behind her. Tony told me that he respects her wishes and would encourage her to avail herself in order to assist this investigation, but will not force her. Tony said that he would notify me if / when Cori changes her mind. The interview was concluded at about 4:15 p.m.

A lead sheet was prepared and submitted by me for Cori Martinez. Per Rapid Start, students Anthony Sammauro and Cynthia Nichols were previously interviewed.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 8/3/99

Lisa McKenna, 7767 South Depew Street, Littleton, Colorado, telephone (303)904-2755, was interviewed at her residence in the presence of her daughter Ashley McKenna. After being advised of the identity of the interviewing Agent and the nature of the interview, McKenna furnished the following information:

On April 20, 1999, McKenna observed what she thought was inappropriate behavior by some high school aged kids at a neighbor's house. McKenna thought the behavior was inappropriate given the shootings that had occurred at Columbine High School (CHS) that day. At approximately 6:30 p.m. a white, late 1980's model Nissan or Toyota Sedan pulled into the driveway of a house located on Eaton Way. The house was the second on the left (south) side of the street. The home belongs to Kathy Wallin or Wall. Five to six "kids" exited the vehicle and were "high-fiving". They were celebrating like the "excitement and joy" of winning a football game. The group included possibly four boys and two girls. McKenna recalled one of the boys having long, dirty-blond hair and wearing dark pants. None of the kids was wearing a trenchcoat. McKenna did not recognize any of the individuals as students at CHS. Wallin or Wall's daughter, Stephanie Plank, is a student at CHS. McKenna's daughter, Ashley McKenna, is also student at CHS.

McKenna observed on the first and second day that the Columbine students went back to school at Chatfield High School, a Red Geo Metro dropping off students at the same residence. McKenna thought the information she was providing maybe pertinent to the Columbine investigation based on the information she saw in the media.

DET114 06/23/1999 062399/VONDEROHE/KK

IO, a 1980 graduate of the American Institute of Polygraph (certified in 1983), and a full member of the American Polygraph Association and the American Association of Police Polygraphists, was requested to perform a quality control examination of all the submitted items regarding the polygraph examinations of Matthew Nalty and James Brunetti.

In reviewing the items submitted by Mr. Martin, his report indicated that both subjects claimed in their pretest interview that they (Nalty and Brunetti), along with Matthew Akard, were at Brunetti's apartment when they heard about the shootings at Columbine High School from Brunetti's sister. They decided to go to the school to determine if their friends who attend the school may have been injured. It should be noted that none of the three individuals were students at Columbine High School. The report further stated that upon their arrival in the school's vicinity, they were accosted by the police, questioned and later released. They denied any involvement and knowledge in the shooting incident at the school.

Mr. Martin's report indicated that the relevant questions asked of both subjects in the Backster Direct Involvement "you phase" examination were:

- a. Prior to the shootings at Columbine High School on April 20th, did you transport any guns or explosives into that school?
- b. Did you yourself transport any guns or explosives into Columbine High School prior to the shootings on April 20th?

The relevant questions asked of both subjects in the Backster Exploratory examination were:

- c. Prior to April 20th, did you ever visit the Website of Harris and Klebolt?
- d. Prior to April 20th, were you personally acquainted with either Dylan Klebolt or Erik Harris?
- e. Prior to April 20th, did you know that the shootings at Columbine High School were going to take place?

It was Mr. Martin's opinion that Matthew Nalty's "no" response to the relevant questions indicated for him to be answering truthful to them, all except for relevant question "c," which scored in the "inconclusive" range. Mr. Martin opined that Matthew Nalty was not deceptive in his response to any of the relevant questions.

It was Mr. Martin's opinion that James Brunetti's "no" responses to the relevant questions indicated for him to be answering truthfully to all of them.

After reviewing all of the polygraph charts from Matthew

NARRATIVE

[illegible]

DET114 06/23/1999 062399/VONDEROHE/KK

Nalty's examination, it is IO's opinion the subject appeared to be deliberately distorting his respiratory tracings in chart #1 and chart #2 of the exploratory examination and to relevant question #35 (b) on chart #2 in the direct involvement "you phase" examination.

It is the opinion of IO, after analyzing all of the polygraph charts and using a seven point scale in scoring Matthew Nalty's polygraph charts, that his responses to the relevant questions in the direct involvement examination were "inconclusive" and his responses to the relevant questions in the exploratory examination were truthful.

It is the opinion of IO, after analyzing all of the polygraph charts and using the seven point scale in scoring James Brunetti's polygraph charts, that his responses to the relevant questions in the direct involvement and the exploratory examinations were truthful. However, it is IO's opinion that Mr. Martin is very generous to the subject in his scoring evaluation of all the tests, especially the direct involvement "you phase" charts.

All of the polygraph charts and related paperwork mailed to Investigator Duane Eaton and utilized by IO in the analysis of the polygraph examinations given to Matthew Nalty and James Brunetti will be submitted to the evidence custodian of the Jefferson County Sheriff's Department regarding this criminal investigation.

No further information at this time regarding this matter.

INTERVIEW WITH MATTHEW JOSEPH NALTY, DOB/04-15-81, W/M

5579 West 115th Avenue

Broomfield, Colorado 80020

INVESTIGATION:

On April 20, 1999, at approximately 1404 hours, I was advised that patrol officers had contacted three subjects dressed in fatigue type clothing and that they wished for me to interview them in the parking lot of Clement Park. Assisting me in the interview is Investigator Steve Stalter. Prior to the interview commencing, I attempted to gather information from officers who had contacted the three subjects as to why they were being detained or why they wish for me to interview them. I was advised that they had contacted the subjects in the field west of the high school and due to their dress they wished for them to be interviewed in the possibility that they may have information about what was occurring at Columbine High School. The other two subjects with Matthew Nalty were interviewed by an Investigator from Littleton Police Department and an Investigator from Jefferson County D.A.'s Office

At 1406 hours, I advised Matthew Nalty of his Miranda rights per a department issued Miranda card. He advised that he understood his rights and wished to talk to me about what he was doing in the area of Columbine High School. I asked Nalty if he knew anybody in the area. He advised he knows a girl by the name of Heidi who lives east of Pierce off of Bowles Avenue. He advised he did not know her exact address and he believed that she possibly goes to Chatfield High School, but that he did not know for sure if she does. I asked him what kind of work he did, and he stated that he sells cell phones at King Soopers. He advised that he arrived in the area at about 1350 hours and that he had come down to this area because he had heard on the radio about the shooting and wanted to see what was going on because of all the news coverage. He stated that he lives up in the Broomfield area and both of his friends live in the northern part of the county. He stated that he picked them up and after doing so they decided to come down to see what was going on. He stated that he was driving his car, which is a '97 Ford Aspire, which is white in color, 2 door hatchback. He said that he parked by Swedish Hospital Clinic over on Wadsworth and Bowles and walked across the field to see what was happening. He stated as he was walking across the field he was contacted by officers

and that they had him lay down and then they took them into custody and brought them to my location. I first asked Nalty if he knew what was going on other than the shooting. He stated he did not know what was going on. I then asked him if he knew who the shooters were. Nalty advised me that he did not know who they were and only had the information he had received from the newscast. I then asked Nalty if he knew anybody by the name of Dylan. He stated the only Dylan he knows lives in the Boulder area and is 19 to 20 years of age and is into the "Gothic" type crowd. I then asked him if he knew anybody by the name of Eric. He stated that the only Eric he knows lives in the Broomfield area where he lives. I then asked if he knew anybody by the name of Chris and he indicated that he does not know anybody by the name of Chris. Nalty advised that he does not know the last names of the people that he knows by the name of Dylan and Eric, but he is sure that they do not attend high school at Columbine High. At this time I then checked with both the D.A.'s Investigator and the Littleton Detective who were interviewing the other two subjects, at which time they provided the information reference their interviews, which did not contradict what Nalty had told me in reference to his being in the area at this time.

I also contacted a school administrator who was assisting the command post in identifying people leaving the school in order to see if he recognized any of the three subjects that we were interviewing. The school administrator looked at all three subjects and advised that he had never seen these parties before at the school or on the school grounds. The information was then provided to the command post and also to Lt. Kiebusch and it was ascertained at this time that there is no information or reason to detain the three subjects, therefore proper ID was obtained from all three subjects in order to confirm their identities and addresses. We also obtained phone numbers for them in case further interviews needed to be conducted at a later date. All three were advised that there may be a possibility that we would wish to talk to them in the future and all three subjects stated that they would be happy to talk to us in the future if we needed to.

DISPOSITION: Open.

DET30 04/30/1999 042899/EATON/SH

advised Inv Eaton that they weren't able to observe any activity taking place at the high school from this location.

Nalty advised that due to the fact that they could not see anything near the high school, they began to walk around the lake on the concrete path in an attempt to get closer to the school in attempt to learn what was taking place. Nalty advised Inv. Eaton that he saw numerous other persons in the park, walking about. He advised he saw persons walking, running, and mothers with babies in strollers. He advised that in seeing this sort of activity, he and the others felt it was safe to be in the park.

Nalty advised Inv. Eaton that at one point, they observed a police officer near a police vehicle on a hill in the park. He advised that he and the other two took about ten steps off the cement path in an attempt to contact the police officer and ask him what was taking place. He advised that when they were about ten steps off the path, they were contacted by numerous police officers and taken into custody. Nalty advised that they were then driven to the command post and he believes he was interviewed by a Jeffco Deputy with the first name of Doug, LNU.

Inv. Eaton asked Nalty about his statement to the law enforcement officers at the command post near Columbine High School. Nalty advised Inv. Eaton that he told the officers that he had heard about the incident on the radio, that he and his friends had gotten curious and had driven down to the area to see what was taking place. Nalty also advised Inv. Eaton that he advised the law enforcement officers on scene that he had some casual acquaintances that had attended Columbine High School, so that made him all the more curious to see what was taking place.

Inv. Eaton asked Nalty if he was acquainted with or had ever socialized with suspect, Eric Harris. Nalty replied in the negative. Inv. Eaton also asked Nalty if he was acquainted with or had ever socialized with Dylan Klebold. Nalty, once again, replied in the negative. Inv. Eaton asked him if he was familiar with the term "Trench Coat Mafia" or if he was acquainted with anyone claiming to be in the "Trench Coat Mafia." Nalty stated, "No. That's a stupid name." Inv. Eaton advised Nalty that he had received numerous intelligence tips that Nalty, Brunetti and Akard were claiming to be members of the "Trench Coat Mafia" and planning to cause the same type of incidents which had occurred at Columbine High School at Pomona High School. Nalty advised Inv. Eaton that he had never made any such statements, seriously or in a joking manner, and that to his knowledge, Brunetti and Akard had never made any such statements either. Inv. Eaton asked Nalty if he had ever been on the Internet and gotten into the "Trench Coat Mafia" Web page or Eric Harris or Dylan Klebold's Web pages, or had he ever been in chatrooms with the two subjects. Nalty advised Inv. Eaton that he had not been on the Internet in approximately four to five months and had never been on sites described by Inv. Eaton.

It should be noted that Nalty advised Inv. Eaton that he, Brunetti and Akard had been flown to New York City by the producers of the Sally Jesse Raphael Show and interviewed on air about their involvement in this investigation. Nalty advised Inv. Eaton that the show would be aired on Friday, April 30, 1999, on Channel 20 at approximately 1300 hours.

Inv. Eaton ended this telephone interview at approximately 1405 hours.

Nalty that were listed as Littleton telephone numbers. Once again Investigator Eaton did not locate any telephone numbers on the billing statement which matched those of Eric Harris, Dylan Klebold or their associates.

Investigator Eaton was unable to make any matches between telephone numbers on Nalty's billing statement and those associated with Eric Harris, Dylan Klebold and their associates. Investigator Eaton will include a copy of the billing statements and a copy of the list of Eric Harris and Dylan Klebold's associates and the telephone numbers associated with those persons.

Ever wish you could have known about the traffic jam before you got stuck in it?

Now, you can help report poor traffic conditions as you see them by calling #TIP toll and airtime-free from your AirTouch phone

Your timely information will be reported to Airwatch, who will broadcast traffic problems to radio listeners throughout the Denver Metro area.

Listen to radio stations such as

to learn the latest traffic reports.

BILLING
INFORMATION**

AirTouch

This month you will notice a new charge on your bill entitled "Colorado Universal Service Charge". The Colorado Public Utilities Commission (PUC) is requiring this charge to pay for the Colorado Universal Service Fund established by law.

The charge will be approximately 0.20% of your monthly in-state, tele-communications services costs. AirTouch does not receive any of the surcharge.

The Universal Service Fund supports basic local phone service.

This month you will notice a new charge on your bill entitled "Colorado Universal Service Charge". The Colorado Public Utilities Commission (PUC) is requiring this charge to pay for the Colorado Universal Service Fund established by law.

The charge will be approximately 0.20% of your monthly in-state, tele-communications services costs. AirTouch does not receive any of the surcharge.

The Universal Service Fund supports basic local phone service.

INVESTIGATION:

On 04-22-99 at about 1145 hours, I telephone witness Kathy Paavilainen, concerning the murders and the bombings at Columbine High School. Witness Paavilainen stated that on 04-17-99 and 04-18-99, she was responsible for setting up an After Prom at Columbine High School. Witness Paavilainen stated that she was the chairperson for that event. Witness Paavilainen stated that she was at the Columbine High School between early hours of 04-17-99, and left sometime after 6:00 a.m. on 04-18-99. Witness Paavilainen stated that at approximately 2315 hours, she was notified by another worker that there was two male individuals attempting to enter the school by the locked doors. Witness Paavilainen stated that the school was to be open at 0030 hours to allow the kids to enter and to stay at the school between 0030 hours and 0530 hours, but that once a student left the premises, he or she would not be able to return to the school. Witness Paavilainen stated that students could enter by the main school entrance and no other entrance.

Witness Paavilainen stated that at approximately 0215 hours on the 04-18-99 that it was her understanding that the same individuals that had tried to get into the school earlier were again trying to get into the school by a locked door.

Witness Paavilainen stated that she was reporting this due to the incident occurring at Columbine High School feeling that this possibly could be a lead.

Witness Paavilainen stated that she also was told by an individual who was helping at the After Prom celebration named Linda Reffel had scene a propane tank in the cafeteria freezer on Saturday evening and thought it might be helium for the balloons that they had blown up earlier that evening. Witness Paavilainen stated that witness Reffel told her that she thought it was odd that the helium tank was in the freezer, but got busy and forgot to ask somebody about it. Witness Paavilainen also stated that Dylan Klebold was at the After Prom activities at the high school. Witness Paavilainen stated that suspect Klebold was with an individual with green hair.

Witness Paavilainen also stated that she remembers another incident wherein a female named Amber Burgess was seen with an unknown white male student coming from a restricted area (the weight room). Witness Paavilainen stated that after she told

Again, witness Paavilainen stated that she was reporting this information with the belief that it could possibly be helpful in the ongoing investigation.

SUPPLEMENTAL REPORT

Investigator: Gallagher M.

JC-001-007650

Ms. Paavilainen was asked about an incident regarding kids in the weight room. Ms. Paavilainen stated they had the weight room blocked off with black plastic. She found the door propped open with a heavy metal washer. She saw two students Amber Burgess and Eric Buckner back in the weight room. Ms. Paavilainen stated she did not know what they were doing back there. It was off limits to the party.

Ms. Paavilainen stated that Amber Burgess is the number one athlete in the school and that Eric Buckner and Amber are good kids.

Ms. Paavilainen stated she saw Dylen Klebold come to the party with a male kid with green hair and wearing black leather. She had never seen this kid before. Ms. Paavilainen stated this kid had no reason to be there.

Ms. Paavilainen stated she also saw Dylan with two girls with dark black make up on.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 05/19/1999

Kathy Paavilainen, 5445 West Caryl Place, Littleton, Colorado, telephone (303)932-0045, was interviewed at her home by Special Agent (SA) Ricky V. Wright regarding the incident that took place on 04/20/1999 at Columbine High School. After being advised as to the identity of the interviewing agent and the nature of the interview, Paavilainen provided the following information:

Paavilainen is the mother of Renee Paavilainen, Jennifer Paavilainen, and Michael Paavilainen, who are all students at Columbine High School. Paavilainen helped organize After Prom, which took place between 12:30 am and 5:00 am on 04/17/1999. Paavilainen estimates that there were approximately 700 students at After Prom. During actual After Prom, there were parents at the exits making sure none of the students went anywhere they were not supposed to. Anyone who attended After Prom had to be in the building by 2:00 am or they were not allowed in. Paavilainen was setting up and cleaning up for several hours before and after After Prom. Although, access into the building was controlled during After Prom, Paavilainen thought that someone could have gotten in the building while they were setting up or cleaning up.

During After Prom, Paavilainen went around and checked all the doors and noticed that someone had propped open the outside door in the weight room with a washer, measuring approximately 1 1/2 inches in diameter. This would have allowed access into the building from the outside. Shortly before finding the washer, Paavilainen did stop two students, who were probably on their way outside to smoke. These students were Amber Burgess and Eric Buckner. They were in the gymnasium area, but had not gone outside yet. Paavilainen did not allow them to go outside. Paavilainen speculated that someone may have propped the door open so that they could get back in after having a smoke.

Paavilainen also saw two boys trying to get in the school from a locked exit near the home economics area. One of the boys had on a mustard yellow jacket. Paavilainen does not think that either one of the boys was Dylan Klebold or Eric Harris. Because Paavilainen saw the boys shortly after 2:00 am,

she thought that they were trying to sneak in the school after missing the 2:00 am cutoff.

Paavilainen was assisted in the organization of After Prom by Carol Knapke, telephone (303)973-8858, and Kathy Ford. Knapke told Paavilainen that she and Ford saw a suspicious man behind the school at 11:30 pm, shortly after Prom ended, but before After Prom started. Knapke described the man in detail to Paavilainen.

INVESTIGATION:

On 05-26-99, I left a message for Kathy Paavilainen at her home phone. At about 1030 hours, she returned my call. I asked about helium tanks they may have used at Columbine High School for the After Prom Party on 04-17-99. Paavilainen stated that another parent working on the After Prom Party, Candy Vargas, had picked up the helium tank from Paper Warehouse and returned it there. Paavilainen described the tank as two and a half feet tall and believed it was a metal color. She also described it as tall and thin. I asked Paavilainen about when they would have been utilizing the tank. She stated that on Saturday, 04-17-99, from about noon until the time that they were done filling balloons, was when the tank would have been at the school. She stated that she did not recall what time they actually finished with the balloons. She stated that immediately thereafter Candy Vargas loaded the tank up so that she might return it to Paper Warehouse, as they had rented it. Paavilainen stated they were using it in the area of the main hallway, west of the office area, where the hall intersects with the northbound hallway entering the gym. I asked Paavilainen if the tank was such that it could be confused with a propane tank, such as a BBQ tank. She stated it was not. Paavilainen stated she was aware that both Judy Dierkin and Linda Reffel had contacted me reference what they saw in the freezer. I asked Paavilainen if she recalled seeing a propane type tank in the freezer. She stated she did not. Paavilainen then stated that she had spoken with Dierkin and Reffel and what they discussed seemed familiar, but she did not know if that was

from what she had observed or from conversations with the two of them. I asked Paavilainen if there was any food preparation or anything else related to the After Prom Party in which they would have brought a propane tank into the school. She stated there was not. I asked who was working in the kitchen area, and/or the freezer area. She stated that on Friday, 04-16-99, and Saturday, 04-17-99, during the day, it primarily would have been Dierkin, her husband, Reffel and Paavilainen. Paavilainen stated that during the evening hours when the party was actually occurring, there may have been a few other people, but she believed that the individuals she had listed were still the primary people who were in and out of that area. Paavilainen stated that Carol Knapke had co-chaired the After Prom Party and may have been in and out of the kitchen as well.

On 05-26-99, at about 1110 hours, I contacted Candy Vargas at the work phone number provided by Paavilainen, 866-6691. I asked Vargas about the helium tank. She confirmed that she had in fact rented it from Paper Warehouse. She stated that she believed they began using it on Saturday, 04-17-99, around 1100 hours and used it for two or three hours. Vargas stated that after finishing the balloons, she placed it in the trunk of her car. She stated that she was supposed to take it back the following Tuesday, 04-20-99. Vargas stated due to the incident at Columbine High School, she ended up not taking the tank back to Paper Warehouse until the following Friday. She stated that it was definitely in the trunk of her car the entire time. Vargas described the tank as about 24 inches tall, 12 inches in diameter. I asked Vargas about the color. She stated she was not sure and stated that it was fairly beat up. Vargas stated that it also had a metal top which screwed off and you then put the valve on it. I asked Vargas if she believed this tank could be confused with a propane tank, like that a BBQ would use. She stated that it would, that it was much larger than that type. I asked also if she was aware of any use of propane tanks during the After Prom Party or in preparation. She stated she was not.

DISPOSITION: Open, pending further investigation.

Control # 2680

Interview with Larry Scott Petty Jr.

Details:

Information Control sheet 2680 was forwarded to Det. Tom Hayes for investigation. A Rocky Mountain News photo taken 04-20-99 at Columbine High School depicted a Lakewood Police officer escorting a white male subject in custody at Columbine High School. Det. Hayes identified the officer as Agent Randy McNitt who further identified the subject in custody as Larry Scott Petty, Date of Birth: 09-20-71. Agt. McNitt said that he was on duty and responded to the scene of the Columbine shooting to assist and was establishing a perimeter near the Jefferson County Library, Columbine Branch when he observed Petty running toward the high school with a rifle in his hands. Petty was contacted and taken into custody by Agent McNitt. McNitt said that he took custody of the rifle and a knife which Petty had strapped to his leg. Agent McNitt turned Petty over to the custody of Jefferson County Deputy Brovsky who took custody of the rifle and knife. Petty was later booked at the Sheriff's Office and the items booked in to Evidence. Dep Brovsky said that Petty was initially interviewed by two unidentified detectives on scene.

On May 21, 1999, Investigator Bob Vette and Det. Hayes contacted Petty at his home at 4801 S Wadsworth Blvd., #3-108. Telephone 303-948-3715. Petty is a white male, 5'10", 165 lbs. with brown hair and hazel eyes. Petty is further identified by NCIC/CCIC arrest record, Colorado SID 460842, Georgia SID 1975667P and FBI #920126RA7. Petty's criminal history involves petty larceny, criminal trespass and false reporting. Petty is employed as an installer of alarm systems for ADT Security at W 44th Ave. and Kipling St., Wheat Ridge, Co. His supervisors are Ron and Frank Shaffer at 303-423-6778.

Petty told Det. Hayes and Inv. Vette that he was just getting out of the shower preparing to go to work on 04-20-99 when he saw a news bulletin concerning Columbine High School on television between 11:20 and 11:30 A.M. Petty said that he wanted to help at the school so he quickly took his air rifle and knife and drove his white Toyota Tacoma pickup truck to the pavilion at the Jefferson County library parking lot where he parked and attempted to approach the school. Petty said that he only got approximately 50 yards away from his vehicle when he was contacted by

a police officer who took him into custody. Petty said he was then turned over to a Jefferson County Deputy and interviewed at the scene. He said that while on scene he was tested for gunshot residue by agent from the FBI.

Petty said that he does not currently know any students or faculty at Columbine High School however did have some friends that attended the school during the early 1990's. Petty explained that the rifle was an air pump .22 caliber BB/pellet gun and that he did not have any ammunition with him at the high school. Petty said that his only purpose for going to the school was to attempt to help the responding police agencies and the students inside the school.

RATLIFF, V.

JC-001-007665

DENVER POLICE DEPARTMENT COMPLEX INVESTIGATION SECTION

REPORTED BY: Detective J. Ruetz 74035
DATE OF REPORT: May 12, 1999
TYPE OF REPORT: Memorandum of Interview – Vivian L. Ratliff DOB 6-6-50

On May 11, 1999 Detective Ruetz interviewed Ms. Vivian Ratliff (303-973-9462), a manager for the Chick-Fil-A restaurant located in the Southwest Plaza shopping mall. Ms. Ratliff said that both the Columbine High School cafeteria and the DECA store at the school had standing orders for Chick-Fil-A food products which they would resell. On April 20, 1999 Ms. Ratliff delivered those orders to the school.

Ms. Ratliff said that she arrived at the school at about 10:45 AM driving her gray 1989 Toyota Corolla which she parked outside the west cafeteria doors. She took the first part of the order to the cafeteria kitchen and had a receipt signed by one of the kitchen staff. She returned to her car and then took the second part of the order to the DECA store where she found a note directing her to the Business Department classrooms. There she found a male Business teacher (Dave Sanders) who opened the DECA store door. Ms. Ratliff said that the teacher signed the receipt for that order and she left the school. Ms. Ratliff believes that it was 11:00 AM when she departed.

Ms. Ratliff doesn't remember noticing anything out of the ordinary in or around the school. She was asked specifically about duffel type bags she may have seen in the cafeteria area and she said that she didn't remember any. She also has no recollection of specific persons she may have seen in the cafeteria or outside the school.

Ms. Ratliff retrieved the two receipts referred to above from the store's files and released them to Detective Ruetz. (The original receipts were placed in evidence and a photocopy of them is attached to this report.)

ACTION TAKEN.

On April 27, 1999 I was given an Information Control sheet requesting contact with TERRI LYNNE SCHORZMAN. She was contacted by telephone. She related that on Tuesday April 13, 1999, one week before the incident that she and her small children attended a base ball game at Columbine High School. She arrived at the school at between 4:45 p.m. and 5 p.m. She drove into a lot on the west side of the school and parked her car. She observed a dark van, a red Ford Explorer and a Honda in the lot also. There were some people throwing a shot put and some males in work clothes in the area. One worker was skinny and had blond hair.

At about 5:30 p.m. she returned to her vehicle to find that the gate had been locked and she was unable to get her vehicle out of the parking lot. She contacted a Hispanic male janitor in the school who also thought it was unusual that the gate had been locked. The Honda was not in the lot when she left.

SELANDER, Paul (DPD SGT) (DOB:081652)

Parent of three students CHS, Michael, James and John Selander

Littleton, CO 80127

H: (303) 794-9739

W: (303) 640-1712

Telephoned SELANDER reference his report of his sons being students at Columbine High School. He had also confirmed having reported that his sons were at the school the previous evening, and that two had stayed home sick the day of the shooting. She added that he had questioned his sons at length regarding any knowledge of the shooting, or anything they might have seen. They had told him they knew the students, KLEBOLD and HARRIS; however, had no other knowledge of the event other than what was televised.

SELANDER explained that he has three sons, MICHAEL, JAMES and JOHN attend Columbine High School. He explained he made the report due to having heard there was surveillance videotape being reviewed from the school. He said they wanted to provide information that two of his sons were at the school late evening hours on April 19, 1999. He explained that he had been at the school at about 4:00pm for about a half-an-hour leaving two of his sons, MICHAEL and JOHN to work on a class presentation in the Computer Tech Lab on the first floor, south side of the school. He said he picked up MICHAEL at about 10:00pm and that JOHN stayed until about 11:00pm. He added that JOHN's 1979 Ford F-250 green pick-up truck was parked at the school in the south section closer to the soccer field. SELANDER said when he picked-up MICHAEL, he did not recall any vehicles parked in the upper lot. He added that JOHN had telephoned him at about 11:00pm expressing his concern that he thought he was the last person in the school. SELANDER said he told JOHN that he might set off the alarm since everyone had apparently left, and instructed him to come home, which he did.

SELANDER also confirmed his initial report that two of his sons, MICHAEL and JAMES had stayed home from school on April 20th as they were sick. He added that most of their family had become sick after having eaten "bad meat" the night before. He said his wife also was sick due to this and stayed at home with them. He said JOHN, however, did attend school on April 20th as the presentation he was working on was due.

RE: CONTROL # 2484 & #2568

(CONTINUED)

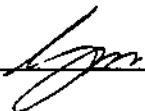

SELANDER said he had spoken with each of his sons about any knowledge they had about the shooting. He said his boys are involved in athletics, and knew KLEBOLD and HARRIS were students, however, did not know them personally. He said on the day of the shooting JOHN had told him he had left Columbine High School for lunch away from campus at about 11:15am, and had not seen HARRIS nor KLEBOLD, nor anything suspicious as he was leaving. He said JOHN only learned of the shooting after he returned to the secured parking lot after eating lunch.

SELANDER advised that Investigator Terry Demmel had informed him that he had been assigned a separate control number related to this investigation requiring interviews of his sons. Upon confirmation the control numbers 2484 and 2568 were closed and a copy of this report forwarded to Investigator Demmel.

INVESTIGATION:

At 2035 hours, I contacted Michael Shakowski at his residence in reference to a First Degree Murder that occurred at Columbine High School, 6201 South Pierce Street, on 04-20-99.

During our conversation, Shakowski stated that he was a parent of students at Columbine High School, and that he worked the after prom party. He was there Friday, 04-16-99, from 2:00 to 10:00 p.m., and Saturday, 04-17-99, all day, and Sunday, 04-18-99, early a.m. to 5:00 p.m., for clean up. These dates and information were obtained from an informational sheet filled out Jim urkhalter, who is working as in investigator for this incident.

I asked Shakowski if he was ever in the cafeteria while he was working the prom, and he stated he was not. I asked him if he ever saw anybody wearing black trench coats, and he stated he did not see anybody wearing that kind of coat. I asked him to describe the after prom layout, and he stated that people would enter through the east main doors, and walk down the hallway toward the gymnasium. He stated on the left side of the hall, the doors were secure so someone could gain access into halls running south. He stated near the entrance to the gymnasium from the main hallway, there was a plastic barrier so students could not continue past the gymnasium down the hallway.

I asked Shakowski if he noticed anything unusual while he was working for the after prom or during clean up, and he stated he did not see anything unusual at that time. He then stated that Judy Diezken (phone number 303-933-4199) also worked the after prom for the students and was in charge of the food. He stated she might have gone into the cafeteria during this time. He then provided me with two names of the chair people for the after prom, one being Kathy Paavilainen (303-932-0045), and the other being Carol Krapke (303-973-8858). The last name he provided me was a person in charge of the volunteers for the prom, and that was Candace Snow (303-904-3602).

On 05-13-99 at about 2110 hrs., this Investigator telephoned:

SNOW, CANDICE RUTH
DOB: 07-30-51
7673 W. Laurel
Littleton, CO 80128
(303) 973-8858

Snow related she was involved in "After Prom," both the night of the actual event and the setting up on Friday, 04-16-99. On Friday, they were at the school from about 1500 to 2300 hrs.

Snow related there was a lot of people involved with both events. She was the volunteer coordinator. Snow has a list of about three hundred names of people involved with the event.

During the event, they were mostly in the main entrance, down the hallway to the gym. This Investigator asked Snow if on Friday or Saturday, did she ever go down to the kitchen and she said yes. On Friday night, she went to the kitchen. The refrigerator door was locked.

Snow indicated it was no big deal to go down there. She was there at about 2000 to 2100 hrs. Snow was there for about ten minutes. Snow remembers she may have set off the alarm. She saw the flashing lights on the refrigerator door. Snow told the custodian about the light.

Snow indicated there was no activity down there. This Investigator asked Snow if she ever saw any type of duffel bag in the kitchen area, and she said she did not see anything. Snow advised this Investigator to check with Judy Dierken, the person who was in charge of the food. Snow indicated Dierken may have been there.

Snow remembers there were a few lights on, not all of the regular lights. She believes it was the night light setting.

Snow did indicate when she went down there, the side door to the kitchen was locked, but it was not latched. She remembers the door locked, but she pushed it open. The door was not shut. This is the side door from the cafeteria leading into the kitchen.

This Investigator asked Snow if she has any children going to Columbine and she said one. She identified her daughter as:

SNOW, MELISSA
DOB: 08-11-81

This Investigator asked Snow where her daughter was during the incident and she related Melissa was driving out of the parking lot, going to Taco Bell. After the 4th period, Melissa is done with school. While at Taco Bell, she heard the sirens.

This Investigator asked Snow if her daughter knew any of the Trench Coat people and she said Melissa never talked with them. Snow did relate that Melissa did have a terrible incident with Brooks Brown. Snow indicated the incident was very vulgar and contained sexual comments. Melissa went to the Administration and it was taken care of.

Snow did indicate her husband, Jerry Snow has a copy of a letter with five names of people on it. Their daughter knew Eric and Dylan in the 8th grade. Melissa indicated this is the group that use to play "War".

Snow related the list of names reference the volunteers is about eight pages long. This Investigator asked Snow if she would fax the list of names, which she agreed to do.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 05/24/1999

Marilyn Ann Taylor, 6526 South Teller Court, Littleton, Colorado, telephone (303)971-0991, was interviewed at her home by Special Agent(SA) Ricky V. Wright regarding the incident that took place on 04/20/1999 at Columbine High School. After being advised as to the identity of the interviewing agent and the nature of the interview, Taylor provided the following information:

Taylor is the mother of Jennifer Taylor and Anna Taylor, both students at Columbine High School. On the day of the shooting, Taylor was home with a client, Cecilia Grossman, telephone (303)694-2436. At approximately 11:45 am, Taylor was walking Grossman to her car, when Brooks Brown came running up Teller Court from the south. Brown apologized for interrupting Grossman and Taylor and asked to use the telephone. Grossman and Taylor tried to calm Brown down and Taylor went in to get her telephone. Brown explained that he had just come from the school. Brown had just met a friend at the school, who told Brown that he liked him and that he wanted Brown to go home. Brown did as his friend asked and left the school. Brown did not say what the friend's name was. Brown first referred to the individual as his friend and then started calling him his associate.

Brown continued by saying that his associate had just turned eighteen years old three weeks ago and had gotten his clearance for a gun today. Brown described his associate as an insane psycho. Brown said that as he was leaving school, he thought he heard shots. Brown said that he was praying to God that it was not true, even though he does not believe in God. Brown tried to call his mother on the telephone, but could not reach her. Brown then called his father and arranged for his father to come and pick him up in the area. Taylor heard Brown explain to someone on the telephone that he saw approximately 30 police cars at the school. Brown was at Taylor's residence for approximately five minutes, then left to meet his father, who was coming to pick him up. Taylor had not heard anything about the shooting before Brown came to the house.

Brown showed up at Taylor's residence approximately four days later and thanked Taylor for allowing him to use the

Subject: Columbine H.S. Incident

Prepared By: Jeff L. Britegam
ACSO Investigator/Bomb Tech

On 042099, at about 1150 hours, I was paged and was instructed to go to Columbine High School (6201 S. Pierce Street, unincorporated Jefferson Co.), on a call of gunshots and numerous explosive devices, in and around the high school. I arrived, near the school at about 1200 hours. I am a member of the Arapahoe County Sheriffs Bomb Squad. I assisted with the following;

At about 1215 hours, on 042099, Sgt. Scott Linne and I were sent to the 8000 block So. Wadsworth Blvd., in unincorporated Jefferson County, to assist on an item that had exploded. Sgt. Linne and I arrived at about 1220 hours. On our arrival we noticed an area of grass about 25' x 25' that had been burned. We also saw a section of wood fence (6' high), that had been burned. Sgt. Linne and I found numerous items (that appeared to be associated with the explosion), including batteries, manuel alarm clock, a nearly complete backpack, and what appeared to be a the remains of a destroyed backpack. I also noticed two metal end caps that are normally used in making pipe bombs. There appeared to be a flammable liquid used to detonate (in conjunction with the clock, batteries, etc), the backpack. Sgt. Linne took some of the remaining parts of the items we found back to Columbine H.S. so the other Bomb Techs could look at them. Sgt. Linne and I turned the scene over to ACSO Investigator Wayne Belohlavy and members of the South Metro Fire Department.

Once I got back to Columbine H.S. We set up our Bomb Command Post several hundred feet North of the school in a parking lot. We were located in the same area with members of the Jeffco Bomb Squad and the Denver P.D. Bomb Squad.

At around 1700 hours, on 042099, all the bomb squad members on scene were told to go to the West side of the school and prepare to render-safe all the explosive devices in and around the school. On of my first assignments was to load a disrupters to render-safe a device that was found near the main doors on the South side of the school. This was a [REDACTED] This device was rendered-safe with our disrupter and a "Avon" round.

My next duty was to assist in retrieving explosives from a Honda (believed to belong to subject Harris) vehicle parked just South of the school cafeteria. Jeffco Bomb Tech Mike Guerro and I put on the bomb suits and assisted in rendering-safe a metal pipe bomb from the vehicle. This pipe bomb appeared to be about 8" in length and 3" across. [REDACTED] Sitting next to [REDACTED]

JC-001-007693

these devices was a 20-pound propane tank. Also in the backseat (all the above items were in the back seat) was a plastic jug containing (what we suspect) homemade Napalm. There were also several red plastic containers, which had gasoline inside. Guerro and I used the trunk release and opened the trunk about 1 inch. With my flashlight I could see numerous red plastic containers, which we believe, was gasoline. The whole car had the distinct smell of gasoline. All of these devices were rendered-safe later in the evening and the next day.

My next assignment was to enter the library at the school and look for anymore explosive devices. I believe there were seven bomb techs in the library at the time I was in there. We did not find anymore devices. We did continue to search other parts of the school including the science areas. In one of the science rooms I round an unexploded "Molotov Cocktail" ([REDACTED])

[REDACTED] This device was picked up by Jeffco Bomb Tech Glenn Grove, and taken to the parking lot. We cleared the school, for the evening at about 2400 hours.

On 042199, at about 0900 hours, ACSO Sgt. Dempsey and I were sent to Chatfield H.S. on a suspicious package call. On our arrival we contacted a female Jeffco Deputy. The Deputy said she had a suspicious backpack in a trashcan but had already opened the bag upon our arrival. There were no devices in the bag. Sgt. Dempsey and I went back into service at this time.

On 042299, at about 1215 hours, I was one of several bomb techs and evidence techs that searched the area within the school cafeteria at Columbine HS. I assisted with the search of all the backpacks and book bags in the cafeteria. We did not find any other devices during the time I was involved in the search.

No other information available.

Re: Columbine High School

Typed By: Inv Dan Davis

On April 20, 1999, as a member of the Arapahoe County Sheriff's Bomb Squad, I was instructed to respond to the area of Columbine High School due to shots being fired in the school and also a report of explosives involved.

I arrived at about 1145 hours and met with Bomb Squad members from Arapahoe and Jefferson Counties and also Denver Police Department. From 1145 to about 1500 hours I was on standby and assisted with equipment as needed. At about 1500 hours all Bomb Squad members were given clearance to enter the school and render safe any explosive devises.

All three Bomb Squads acted as one team on this incident and two Technicians at a time started disrupting and removing numerous IED's (improvised explosive devises) from the school and area just outside the school.

I assisted with a search of the school library, lunch room, theater and several class rooms and hallways, in an attempt to locate IED's. I observed all of the victims except the Teacher. I located a pipe bomb in a brown duffle bag while searching the lunchroom. The bag was on top of a table at the north end of the lunch room. [REDACTED]

[REDACTED] That pipe bomb was later removed from the lunchroom by the Jefferson County Robot.

I assisted with equipment, setting up disrupter shots and assisting with taking off and putting on bomb suits. At about 2230 hours I was assigned to wear the bomb suit and work with Sgt. Euchler to place nine (9) pipe bombs into the Denver Bomb Trailer. As the last pipe bomb was being placed into the trailer, it touched the side of the trailer causing the fuse to ignite. Sgt Euchler and I laid on the ground as soon as we could. As the pipe bomb detonated it caused other bombs to detonate. The exact number is unknown and we were not injured by the blast.

On April 22, 1999, I assisted with the search of all the book bags located in the lunch room of the school. no other IED's were located during the time I was involved in the search.

On 04/20/99 at approximately 1130 hours Sgt. Dempsey and I along with the rest of the members of the Arapahoe County bomb squad responded to 6201 S. Pierce, Columbine High School in Jefferson County Colorado to assist the Jefferson County bomb squad. Jefferson County was involved in a school shooting involving numerous improvised explosive devices. Bomb squad members worked to render safe these improvised explosive devices from approximately 1500 hours to 0030 hours. During this time all appropriate safety equipment was used to include bomb suits, and remote disrupters.

At approximately 2300 hours I was working with Sgt. Rich Euchler placing pipe bombs into a bomb trailer when several of the devices detonated. At this time Sgt. Euchler and I were protected by full body bomb suits to include helmets and eye and hearing protection. Sgt. Euchler was on the trailer as the detonations started, I assisted Sgt. Euchler in exiting the trailer at which time we both landed on the ground until the detonations stopped. At this time Sgt. Dempsey was approximately 50 feet away behind a vehicle.

Sgt. Dempsey sustained a possible injury to his left ear. During this assist to Jefferson County I sustained possible cartilage damage to my left knee perhaps during the explosions. Neither I or Sgt. Dempsey have missed work or been seen by a doctor.

NARRATIVE: On 04/20/99 I was sent to the 6200 block of S. Pierce St. to assist the Jefferson County Sheriff's Office on a report of shots fired and explosions at Columbine H.S.

After my arrival I stayed with other bomb technicians to await the call for service.

When the SWAT teams had secured the area (school) the bomb squads were called to the main entry to begin a survey and start render safe procedures.

I participated in the following operations:

1) Safety Officer in the library. Sgt. Scott Linne and Mr. Mike Guerra recovered the IED's from the library and the suspects. Deputy Fire Marshal Rick Young (L.F.D.) and Sgt. Rich Euckler marked and photographed the IED's. The recovered IED's were placed into the DPD frag bag and removed from the library.

NARRATIVE:

2) Having been shown a suspect vehicle I was marking it for recognition. During this inspection I saw the top of an alarm clock. Knowing that an alarm clock was a component of the previous explosion I alerted the other technicians.

After the vehicle bomb was rendered safe Det. Alex Woods and I searched the vehicle a BMW. On the front driver seat and in the space between the two front seats we located:

Two Molotov Cocktails with CO₂ bombs (each) attached. On the front passenger seat we located a black gym bag that contained:

Seven Pipe bombs.

One Molotov with CO₂ bomb Attached.

Four Coleman (1 Pint?) Containers with CO₂ bombs (1 Each) Attached.

All IED's were to be initiated with Green Visco Time Fuse surrounded with strike anywhere matches. These were similar to the IED's recovered from the library.

The items recovered from the back seat were:

One 20 pound Propane Tank

One 2 gallon Red Plastic gas Can

One Battery

One Piece of Cannon fuse

The items recovered from the Trunk were:

One 20 pound Propane Tank

Two or Three 1 gallon gas Cans

One Two gallon gas Can

It was determined that this vehicle listed back to Keboold.

One 20 pound Propane Tank

Recovered from the trunk:

one 20 pound Propane Tank

Gasoline Containers

One Clorox bottle

One quart Can

Two black Plastic (Liquid Containers)

Containers recovered:

2- Five gallon Containers

3- 2 1/2 gallon Containers

3- One gallon Containers

Also recovered from the trunk were three possible potato guns.

4.) Sgt Rich Euehler and Mr. Dan Davis were placing the recovered pipe bombs into the DPD bomb trailer. One of the pipe bombs hit the side of the trailer while being placed inside with an endless loop. The strike anywhere matches ignited causing the fuse to light. There was an explosion in the trailer. Sgt Euehler jumped off of the trailer and both he and Davis fell to the ground. There were at least two more smaller explosions.

On 04/21/99 I was sent to the Kiebold residence with:

Sgt. Scott Linne Arapahoe S.O.

Inv. Archie Singleton Arapahoe S.O.

SA Greg Sexton FBI

Our assignment was to assist Jefferson County investigators with a clearance of the residence. They had obtained a search warrant. During a search of Dylan Kiebold's bedroom I located in the closet a grey metal box containing:

2 Pipe Bombs

4 CO² Bombs

Other items located included fireworks and ammunition.

We took the recovered IED's to the Jefferson County explosives range.

At the range Det. Alex Woods (DPD) and I removed the CO² devices from the DPD trailer. These items were countercharged with data-sheet and C-4. The items were destroyed through detonation.

99-16215

- 11:58 I received a digital page from Arapahoe County Sheriff's Office (ACSO) Investigator Archie Singleton to call him at 303 795-4961 ASAP.
- 12:00 I telephoned Investigator Singleton from the Justice Center Detention Facility. Investigator Singleton advises me to respond to Columbine High School. He tells me that this is a full bomb squad respond. That shots have been fired and bombs (hand grenades) have detonated at the school.
- 12:15 I responded to the scene code 3 (Westbound on C-470 from I-25 and County Line Road). While enroute, I hear on the ACSO radio that the ACSO Bomb Squad has been sent to the area of South Wadsworth Boulevard between Chatfield and Ken Caryl Avenue. I begin heading to the Wadsworth location to form up with the squad.
- While in route, I hear on the radio that entry has been made into the school. I hear at least three persons are down (from gunfire).
- 12:25 I hear the ACSO Bomb Squad clear from the Wadsworth scene. I contact dispatch to confirm where I am to respond. I am advised per Investigator Singleton to respond to Coal Mine Road and South Pierce Street.
- 12:40 I arrived on scene (Coal Mine and Pierce). I am unable to locate the squad. I learn that the ACSO Bomb Squad is staged at Leawood Elementary and proceed south on South Pierce Street.
- I pass the check point at South Pierce and West Weaver Avenue. I am directed ahead towards Columbine High School (south side). I observe officers with long guns, shotguns and handguns out, all behind cover. I pull to the side of the road and motion a Jefferson County Sheriff's Office (JCSO) Sergeant over to my vehicle and ask him how to get to the staging area for the bomb squad.
- He tells me they are at Leawood Elementary and directs me to go to the next street West Fair Drive and take a right. Leawood Elementary is right there. He advises me to, "gun it and make a right."
- 12:50 I arrive in the area of West Fair Drive and Marshall Court. I contact two Denver Police Detectives and ask where Leawood Elementary school is located. They do not know. I locate the school in my map book and proceed towards the school. I arrive in the area of Leawood Drive and Jay Court. I talk to a uniformed motorcycle officer who is directing traffic and

Tuesday April 20, 1999 (continued)

he advises me to turn around and stage at the west end of Leawood Drive. I drive west on Leawood Drive. The road is full of cars so I park and walk in towards the scene. I locate the ACSO Bomb Squad truck and team members. I am advised to bring my car into the parking area (south parking lot of Clement Park).

13:30 Sergeant Scott Linne and I are assigned to respond to [REDACTED] Street (the home of possible suspect Eric Harris). It has been reported that a strong odor of possibly gasoline is inside the house especially in the area of the attached garage.

13:45 Sergeant Linne and I arrive on scene. Sheridan Lieutenant John Iantorno is on scene as well as other officers. Littleton Fire 12 is also on scene.

Sergeant Linne and I contact Iantorno and he tells us that there is a strong odor of gasoline throughout the house. The house has not been cleared.

I contact Littleton Fire and learn they have shut off all power and natural gas to the home. I have them charge a line prior to Sergeant Linne and I making entry into the home.

The odor of gasoline can be detected outside the residence.

I have an AIM 3250 gas meter to detect explosive levels within the house. We check the upper level and hear a noise coming from the basement area. We request additional assistance and two other officers (Iantorno and another unknown officer) respond to assist.

The basement area is cleared and no one is found. The noise is determined to possibly be the wind.

Sergeant Linne and I locate possible explosive devices and other explosive components in Eric Harris' room.

The garage area is checked and I order everyone out because the AIM meter alerts that there is an explosive atmosphere in the garage.

Tuesday April 20, 1999 (continued)

I talk to Littleton Fire/ACSO Posse Deputy Rick Young via radio and advise him I need additional assistance before entry into the garage area due to the hazardous atmosphere.

14:10 JCSO Deputy Glen Grove arrives on scene. We make entry into the garage area in bunker gear and airpacks. upon checking the garage we find two large red and black plastic jugs (AMF lane conditioner) and a soft soap bottle in a plastic crate.

We determine that the garage door is safe to open. We open the garage and vent it. The AIM meter shows the area to no longer be an explosive atmosphere.

1510 JCSO Deputy Grove and Sergeant Linne collect explosive devices. We clear scene.

1610 Littleton Fire/ACSO Posse Deputy Rick Young and I are assigned to mark and photograph explosive evidence in Columbine library. We begin marking and photographing on the west side of the building outside the library.

We are told to stop when a vehicle (black BMW - later identified as Klebold's car) is found with what appears to be a pipe bomb attached to a 20 pound propane cylinder and a clock.

1800 Littleton Fire/ACSO Posse Deputy Rick Young and I resume marking and photographing the library while ACSO Sergeant Scott Linne and JCSO Deputy Mike Guerra, in bomb suits, collect live IEDs found in the library. ACSO Sergeant Joe Dempsey acts as the safety officer.

1900 It is decided that a second check of the library should be made. Five to six bomb technicians check the library for any potential IEDs missed in the first check.

Young and I stand by in hallway (north entrance to library) and are ready to mark and photograph any additional items found.

2000 Bomb teams take break. During break a "brainstorming" session is conducted between the Bomb teams.

JC-001- 007708

Tuesday April 20, 1999 (continued)

2145 I assist JCSO Deputy Grove by driving robot out of cafeteria. Robot's cable has become entangled in a chair and JCSO Grove must untangle cable by hand.

2220 ACSO Investigator Dan Davis and I donn bomb suits and begin to collect pipe bomb found in car located near the south entrance to the school. The IED is placed safely into the Denver Bomb trucks containment trailer.

2230 ACSO Investigator Dan Davis and I collect the pipe bomb removed by the JCSO bomb robot. It is safely put into the Denver Bomb trucks containment trailer.

2240 ACSO Investigator Dan Davis and I continue to collect pipe bombs found in the black BMW. The first 6 go into the containment vessel safely. The last pipe bomb detonates as I put the bomb into the containment vessel.

I see the fusing mechanism ignite and begin to step off the trailer. I yell to Davis, "Get down! Get down!" Davis helps me off the trailer and we go to the ground as the first pipe bomb detonates. We are on the ground when 2 more explosions are heard.

Sergeant Dempsey and Sergeant Linne run up and help us to our feet.

I am checked by Littleton paramedics. No one is injured.

JC-001-007709

Wednesday April 21, 1999

1000 Checked in at the ACSO command post.

1030 ACSO Investigator Dan Davis, ACSO Investigator Jeff Britegam, ACSO Investigator Wayne Belohvey, ACSO Investigator Steve Thone and I are assigned to the south parking area of Clement Park. We are to clear vehicles previously marked by members of the Colorado Bureau of Investigation (CBI) containing suspicious bags. About 10 cars are checked.

No improvised explosives were found. Area cleared without incident.

1130 ACSO Bomb Squad requested ACSO Bomb truck be sent to Deer Creek Canyon (suspect Dylan Klebold's residence). I send Investigator Thone with the Bomb truck and trailer,

1330 Released from scene by JCSO Deputy Mike Guerra.

I contact ACSO Captain Bob Armstrong and JCSO Lieutenant Kickbusch.

1340 Checked out at the ACSO command post.

Thursday April 22, 1999

1000 Arrived on scene and checked in at ACSO command post.

ACSO Investigator Jeff Britegam, ACSO Investigator Dan Davis and I
standby in an RTD bus awaiting assignments.

1245 ACSO Investigator Jeff Britegam, ACSO Investigator Dan Davis and I
are assigned to checking backpacks in the Columbine High School cafeteria.

1700 Short debrief in Columbine High School front lobby.

1730 Released from scene.

Case # 99-16215

Date: 04-28-99

Typed By: Sgt. Scott Linne *SL*

On Tuesday, April 20, 1999 at approximately 11:45 AM the Arapahoe County Sheriff's Bomb Squad was requested to respond to Columbine High School to assist with numerous explosive devices inside the school. As a member of the bomb squad I assisted in the following:

Sgt. Euchler and I went to the [REDACTED] address to search the house for explosives only, prior to a team of investigators searching the house with a search and seizure warrant.

During this search we located one device in the downstairs bedroom on a dresser. This device appeared to be a CO2 canister that had been improvised to be an explosive device. This device was left in place and later recovered by Jefferson County S.O. bomb technicians. While looking through this bedroom I noticed a piece of white lined paper, in plain view, with a drawing on it. This drawing was in pencil and appeared to have been done with a ruler or other straight edge type of instrument. This drawing appeared to be of a large building and was similar, in my opinion, to Columbine High School. This drawing was the top piece of paper in a stack of papers that were paper clipped together, which was on a nightstand next to the bed. I did not look at any of the other papers, but did point them out to a Jefferson County Deputy.

We then continued searching the house and when we got close to the garage I could smell a strong odor of gasoline. Sgt. Euchler had an Aim Meter, that detected such a strong presence of gasoline, he stated it was not safe to be in the house. A Jefferson County Bomb Technician, Glen Groves, arrived to assist. Sgt. Euchler and Groves put air packs on and vented the garage to make it safe, which was completed with no problems. After the search of the house was completed for explosive devices we returned to the school.

At approximately 5:00 PM a Jefferson County Bomb Technician and I put bomb suits on and entered the library area to clear it of explosive devices. The information given to us was that most of the devices had been flagged by Sgt. Dempsey and other technicians who had walked through the library just to visually examine the area. I went first to what appeared to be one of the suspects, wearing black BDU pants and a black t-shirt, and removed eight explosive devices from his left pant side pocket. The first device I removed was a pipe bomb, completely wrapped in gray duct tape, with a fuse surrounded by matches. [REDACTED]

[REDACTED] I took each device and wrapped duct tape around the match heads so they could not strike anything and ignite. These devices were placed into DPD "frag bag" by the Jefferson County Bomb Technician.

JC-001-007713

We then walked through the rest of the library guided by Sgt. Dempsey, Sgt. Euchler and Rick Young who were taking pictures and documenting where the devices were found. I recovered seven more devices, [REDACTED] I taped each of these devices with duct tape around the matches and they were also placed in the "frag bag." We then carried the "frag bag" outside and placed it on the ground. We were then removed from the bomb suits.

My next assignment came a short time later after a suspected device was found in a vehicle. This vehicle was in the south parking lot and apparently registered to one of the suspect's family. This device was in the back seat of the vehicle right behind the driver's seat. According to Denver PD bomb technician Dave Haley, the device had a clock attached to it and possibly a can of gasoline. I was assigned, along with a Denver PD bomb technician to set up two pan disrupters. The first disrupter was loaded with water and the second was loaded with an "avon" round. We placed the disrupters so the first one with water would break the rear passenger side window and the second one would disrupt the device by removing or destroying the clock that was attached to this device. After we set the disrupters we moved back to a safe distance while the disrupters were initiated. After the disrupters were used, I walked back to the vehicle, which was a black BMW, and looked inside and observed the clock had been removed from the device, but I now could see the end of what appeared to be a large pipe bomb. I then obtained a digital camera from Rick Young and took two pictures of the pipe bomb and what remained of the first device. I then went back to the staging area and was removed from the bomb suit. The rest of this vehicle and the devices were handled by Sgt. Dempsey and another Denver PD bomb technician.

After all the devices were removed from the BMW, another vehicle was found with at least one device in it. This vehicle and it's contents were handled by other bomb technicians.

My next assignment was after a device functioned while Technician Euchler was putting it into the Denver Police Department bomb trailer. This explosion threw out fifteen devices, some of which also detonated. Technician Singleton and I were assigned to retrieve these items and put them back into the trailer. I first used a water fire extinguisher to wet down the inside of the trailer and the other devices that were left in the trailer. Prior to picking up the fifteen devices that had blown out of the trailer, Technician Singleton and I rendered safe seven other devices that were removed from the BMW earlier.

[REDACTED] like all the other devices that were found in and around the school. These devices were rendered safe by cutting off the [REDACTED] These [REDACTED] and the devices that were blown out of the trailer were all put in DPD's bomb trailer after the matches were wetted down. I also wetted down the inside of the trailer again after all the devices were inside.

On Tuesday, April 20, 1999 at approximately 12:15 PM, I was requested to respond to the area of 8000 Blk. Of South Wadsworth Blvd. in unincorporated Jefferson County to assist in the investigation of explosion. When I arrived I observed a grass area, approximately 25' x 25', that had been burned. Around this area, Investigator Jeff Britegam and I found the remains of what appeared to be a clock, batteries, and two end caps. These end caps were metal and appeared to have been used in a pipe bomb. I was only on scene for a short time, but it appeared to me there was at least one backpack that contained an explosive device and also some kind of accelerant. This device appeared to also have a clock in it, probably an alarm clock as we found the type of bells normally found in the old round style of alarm clocks. I took some of the remaining parts of the clock, batteries, and a few other items from the scene back to Columbine High School so the other Bomb Technicians could see them. The scene was left with a member of the South Metro Fire Department and ACSO Investigator Wayne Belohlavy.

Incident Report
Case # 99- 17408
Typed By: Sgt. Scott Linne *SL*
Date Typed: 04-28-99

On Wednesday, April 21, 1999 members of the Arapahoe County Bomb Squad arrived at the Columbine High School Command Post at approximately 9:30 AM and were assigned to assist a search of a house located at [REDACTED] in Jefferson County, Colorado. The Arapahoe County Bomb Squad had been on a mutual aid assist since Tuesday, April 20, 1999 due to the shootings and the large amount of explosives found at the high school. Sgt. Joe Dempsey, Investigator Archie Singleton, FBI Agent Greg Sexton, and myself responded to the Cougar Road address to assist Investigators from the Jefferson County Sheriff's Office with the search. Once the Jefferson County Investigators arrived with the search and seizure warrant the Bomb Squad members conducted a search for any explosive or dangerous devices. In one bedroom, located in the north-west corner of the upstairs, Sgt. Dempsey found a gray colored metal box in the closet that contained six explosive devices. These devices consisted of two pipe bombs and four CO2 canisters that had been improvised to be explosive devices. All of these devices appeared to be exactly the same as the devices found in the school. These were the only explosive devices found in the house. These items were removed by me while wearing the FBI bomb suit. The members of the bomb squad also removed a large amount of fireworks that were located in a file cabinet drawer in the same bedroom. These fireworks consisted of pop bottle rockets, firecrackers, and other types of small fireworks. Investigator Singleton found some small items in the woods just to the east of the tennis courts that appeared to have been the remains of an explosion. These items were pointed out to the investigators for collection. The explosive devices were transported to the Jefferson County Range in ACSO's trailer.

Once at the range we assisted bomb technicians from the Jefferson County Sheriff's Office and the Denver Police Department in destroying the CO2 devices, the propane devices and the molotov cocktail devices that were recovered from the school, the suspects vehicles, and the suspect's houses. We then used a pan disruptor to remove the end caps from the pipe bombs. The powder and the remains of the pipes were taken as evidence by the Jefferson County Sheriff's Office. One of the pipe bombs that was disrupted had a smaller pipe bomb inside. We attempted to disrupt this pipe bomb, but when the avon round hit the end cap the pipe bomb detonated. After all the devices were either destroyed or disrupted the ACSO bomb squad returned to ACSO and quit work for the day.

CASE TYPE: Bomb Response
REPORT BY: Investigator Archie Singleton
DATE TYPED: 05/07/99

On 04/20/99, at about 1145 hours, the Arapahoe County Sheriff's Office Bomb Squad was requested to respond to Columbine High School, 6201 S. Pierce Street, to assist the Jefferson County Sheriff's Office Bomb Squad with numerous explosive devices inside the school.

This Investigator is a member of the Arapahoe County Sheriff's Office Bomb Squad and assisted with the following:

At about 1600 hours, Denver Police Department Bomb Technician ALEX WOOD and I put our bomb suits on and disrupted a device outside the double doors on the southwest side of the school, on the upper level.

The device is described as a [REDACTED]

[REDACTED]

This item was disrupted. Bomb Technician WOOD and I entered the breezeway between the two doors on the southwest corner. [REDACTED]

[REDACTED] next to a plastic container, about five by eight. We also located [REDACTED]
[REDACTED]

Tape was placed over the match heads and then the items were placed into a bomb blast bag. The bag was then sealed up and removed to the outside of the school.

At about 2300 hours, a device malfunctioned on Bomb Technician RICH EUCHLER while he was putting it into the Denver Police Department bomb trailer. This explosion threw about fifteen devices out of the bomb trailer. Some of these devices did detonate.

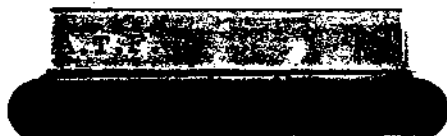

Bomb Technician SCOTT LINNE and I put on our bomb suits to retrieve these items and put them back into the trailer. Technician LINNE first used a water fire extinguisher to wet down the inside of the trailer and the other devices, which were left in the trailer. This was done prior to picking up the fifteen devices that had been blown out of the trailer.

Bomb Technician LINNE and I rendered safe seven other devices that had been removed from the BMW in the parking lot earlier in the evening. [REDACTED]

[REDACTED] Unlike the other devices that were found in and around the school, these devices were rendered safe by cutting off the [REDACTED]. These [REDACTED] were then placed into a empty ammunition can and placed into a Denver Police Department bomb trailer.

I wet down all of the devices that had been blown out of the trailer earlier with a water fire extinguisher. I then handed the devices to Bomb Technician LINNE, who placed them in the bomb trailer. These devices were wet down once again after they had been placed inside the bomb trailer.

Shooting and Bombing of Columbine High School, located at 6201 S. Pierce St., Littleton, Colorado, by Eric Harris 4/9/81, and Dylan Klebold 9/11/81, on 4/20/99, at approximately 1115 hours.

SYNOPSIS:

On 4/20/99, at approximately 1115 hours, Eric Harris and Dylan Klebold, armed with a variety of destructive devices and four firearms, began an assault on the faculty and students of Columbine High School, located at 6201 S. Pierce St., Littleton, Colorado. Including Harris and Klebold a total of 15 fatalities result from gunshot wounds. Also an undetermined amount of damage is done to the Columbine High School Building, as well as additional persons injured by fragmentation devices and gunshot wounds.

NARRATIVE:

1. On 4/20/99, at approximately 1115 hours, Eric Harris and Dylan Klebold, Seniors at Columbine High School, began shooting at students in the southwest parking lot of Columbine High School. Prior to commencing the shooting, Harris and Klebold, set a diversion device between Ken Caryl Ave. and Chatfield, along Wadsworth Blvd. The device was left in a back back and consisted of [REDACTED] The device was left along the last fence before a greenbelt on the East Side of Wadsworth Blvd. The device did detonate, only a small patch of grass was consumed in the subsequent fire, following the detonation.
2. Harris and Klebold both claiming membership in the "Trench Coat Mafia" ran into the school and continued shooting at students and faculty, as well as attempting to, and actually detonating between 40 to 50 destructive devices.
3. Prior to dying from self-inflicted gun shot wounds, Harris and Klebold murdered 12 students, one faculty member, and injured at least 25 other students.

4. Several different types of devices were used. The most prevalent [REDACTED] filled with some type of explosive powder, with [REDACTED] attached to the outside, and ignited with matches attached to [REDACTED]. Also several small nine bombs in a variety of sized, to be ignited in the same manner [REDACTED]. [REDACTED] were detonated independently, and attached two [REDACTED] propane canisters. The devices on many of the propane canisters did detonate but did not rupture the propane containers. The devices and some of the propane containers were heavily wrapped in duct tape. Later when the tape was removed, additional fragmentation was revealed to be attached to the underside of the duct tape.
5. Additional, similar devices were later recovered from both suspects cars and suspects residences. Also used in the attach were Molotov Cocktails, which were made from [REDACTED] filled with gasoline, with [REDACTED] duct taped to the side of the bottles and a rag stuffed in the top of some of the bottles. These devices were both detonated and also recovered from the suspects vehicles.
6. Harris and Klebold were armed each with a twelve gauge "sawed-off" shotgun. Harris a pump action and Klebold a double barrel. Harris also had an Intratec 9mm, and Klebold a Hi-Point 9mm carbine. Both were wearing bandaleros with a large number of twelve gauge rounds, and additional destructive devices (CO2 cartridge variety), were removed from the suspects bodies. Both died from self-inflicted gunshot wounds to the head, and were found in the library with the bodies of ten other students.
7. Also, recovered from the suspects vehicles were several containers of gasoline, which appeared to be used in conjunction with the timer activated propane bombs and additional destructive devices found in their vehicles.
8. At approximately 2100 hours, SA Traver assisted in a search warrant of Harris' residence, located at [REDACTED] Littleton, Colorado. Earlier in the day SA Traver had been with local bomb squad members when two destructive devices [REDACTED] were recovered. Prior to entering at that initial consent search, the garage had to be vented due to gas fumes that placed the environment within the garage within LEL limits for gasoline.
9. During the warrant additional devices were found; as well as a partial shotgun barrel, pipe bomb debris and fragments, buckshot, hobby fuse, multiple class C fireworks, diagrams of the High School, a diary chronicling the plan going back at least 10 months, to use firearms and destructive devices on students and faculty at the school, as well as what components each destructive device had been manufactured from, how many had been made, what date completed, and ratings from when they had been tested, as well as "hit" lists, napalm tests, diagrams of how to carry the weapons, ammo and devices on their persons, how and when they acquired firearms, and the reasons for planning and carrying out their rampage.
10. Later that same evening and into the next day, ATF CES's assisted local SWAT teams with a sweep of every room of the Columbine High School.
11. On 4/21/99, ATF agents assisted with the collection of evidence and bomb debris, found in the parking lots of the High School and the areas just outside of the building.
12. ATF, FBI, Jefferson County Sheriff's Department, the Colorado State Patrol, and the Colorado Bureau of Investigation, formed a task force, to investigate this incident. ATF canines and CES's have been used to sweep the Columbine High School, as well as the lockers, and backpacks found at the High School. (All lockers and backpacks were hand searched) Also the parking lots, roof and area immediately surrounding the High School. ATF Canines and CES's have also assisted in the sweeps of other schools in the area.

DESCRIPTION OF ACTIVITY:

A check of local stores, to determine where destructive and incendiary device components, found in suspects' vehicles, homes, and at the school could have been purchased.

SYNOPSIS:

During the two week period following the Columbine High School shooting/bombing, a check was made with local discount and hardware stores, for the availability and accessibility of items and components recovered from the High School, the suspects vehicles, and the suspects homes. A check was made for the following components: 1.25, 2.5, and 5 gallon Blitz brand plastic gas containers; two 1 gallon Crown brand Kerosene containers; 3 Metal Coleman brand, 1 gallon Coleman fuel cans, two 1 pound Coleman brand propane bottles; galvanized pipe, manufactured in Thailand; CO2 cartridges; Westclock brand alarm clocks; 2.5 Gallon Visflo AMF solid bowling lane finish containers; black stranded speaker wire; 12 gauge shotguns shells with #8 buckshot.

NARRATIVE:

1. ACE Hardware, carried the following components: CO2 cartridges, 1 Pound Coleman Propane bottles, 1 gallon Coleman Fuel containers.
2. Walmart carried the following components: 1.25, 2.5, and 5 gallon Blitz gas containers, 1 pound Coleman propane bottles, 1 gallon Coleman fuel containers, 12 gauge shotgun ammunition with #8 buckshot, the two model Westclocks that were recovered from Harris' vehicle and residence, CO2 cartridges, and other assorted buckshot.
K-Mart carried the following components: 1.25, 2.5, and 5 gallon Blitz gas containers, 1 gallon Coleman fuel containers, 1 pound Coleman propane containers, CO2 cartridges, and assorted buckshot.
4. TARGET carried the following components: assorted Blitz gas containers, 1 Coleman propane bottles.

5. Bellview Lanes Bowling Alley, where Harris had a bowling class, kept the 39% Visflo 100% solid AMF lane conditioner, was kept in an unsecured closet at the alley and the empty containers were discarded in dumpsters on the Northeast side of the business.
6. Builders Square carried the following components: assorted Blitz gas containers.
7. Home Depot carried the following components: Blitz gas containers.
8. Home Base carried the following components: Blitz gas containers, and galvanized pipe manufactured in Thailand.
9. Hugh M. Woods carried the following components: 1 pound Coleman propane bottles.
10. Sentry Hardware and Lumber carried the following components: none.
11. True Value Hardware carried the following components: Blitz brand gas containers, 1 gallon Coleman fuel cans, 1 pound Coleman propane fuel containers.
Some components could not be checked, such as the pipe and the CO2 cartridges, due to the fact that these devices were heavily wrapped in duct tape and were not to be disturbed until forensic lab examination has been completed (latent prints). Also, no receipts, or store labels were recovered in relation to the components recovered.
12. A check with Radio Shack revealed that Harris had purchased stranded speaker wire on 1/24/99, at the Southwest Plaza location. Stranded speaker wire was recovered from devices at Harris's residence and vehicle.

SUMMARY

At the request of ATF Special Agent Matt Trevor a search was initiated to determine distributors of pyrotechnic safety fuse within the Denver area. Two current retailers (Rocky mountain Fireworks and Deans Guns) of this product were located. One contact (Colpar Hobbies-West) ceased distributing the fuse about 9/98. In addition one subject in Brighton who purchased a commercial volume (600-ft roll) was identified. Additional private and commercial (not for resale) purchasers were identified through contact with the manufactures and distributors of this product. An industry member reported that product manufactured by Firefox Enterprises was sold at Denver area gun shows. A complete list of Firefox customers from 11/98 on was obtained

RECOMMENDATION

A copy of this report is forwarded to SA Matt Trevor

STATEMENTS OF FACT

Numerous hobby shops and all fireworks distributors in the Denver metro area were contacted. Beyond commercial and hobby pyrotechnicians and toy cannons there are no uses for this product. It is not used and its use is discouraged for use with hobby rockets such as the ESTES products.

Estes was contacted about the production of this product and stated that they did not ever make it. However, Mary Roberts at Estes provided me with a list (exhibit 1) of manufactures and distributors of this product culled from the 1997 North American Fireworks Trade Directory (Directory). Attempts were made to contact all listed and obtain their Colorado customer lists.

These contacts revealed only one customer who further retailed that product and that was Stonebreaker/Rocky Mountain Fireworks at 5401 Federal Blvd. Denver, CO 303-455-1139 POC Roger Hughes. When contacted Mr. Hughes stated that they did distribute fuse at retail and also made commercial sales to Dean's Firearms 7024 W. Colfax Lakewood, CO 303-234-1111 an FFL and Explosive Licensee (Dealer in Low Explosives i.e. black powder). Inspector Eastburn confirmed this by a visit to the premises. Additionally Colpar Hobbies-West 3355 S. Wadsworth Lakewood, CO 303-988-5157 stated that they carried fuse until approximately 7/98. After that date they referred inquirers to Deans.

Firefox Enterprises of Pocatello Idaho provided the invoice for one customer in Brighton Colorado who purchased a 600-ft. roll of fuse on 3/30/99. A copy of this invoice is attached (exhibit 2). They also provided a list of all fuse customers since 11/98 which is also attached (exhibit 3).

American Visco fuse had only one customer in Colorado and that was Stonebreaker/Rocky Mountain Fireworks.

Meramec Fuse provided fuse only to Stone Co. Trinidad, CO an explosives licensee who manufactures pest control devices and Ensign Bickford also an explosives licensee. Currently the Ensign-Bickford plant in Louviers, CO has only a caretaker staff involved in dismantling the plant.

Newco Products manufactures for it's own use.

Nu-Tec linear Fuse has not carried this product for years but did provide a list of past customers (exhibit 4), none of which are in Colorado or nearer than Kansas.

Mid-South Pyrotechnics also reported no Colorado customers.

JC-001-007735

Skylighter, Inc provided a list of Colorado customers, which is attached (exhibit 5), also going back to 1/1/98. None are commercial dealers. Mr. Gilliam stated the purchases of fuse and associated products are all consistent with hobby pyrotechnics. He also stated the he could identify the producer of the fuse if he could see a sample of it.

No contact was made with AAA Model Aviation Fuels. Search of various computer data bases points towards this company no longer existing.

Estes Industries will provide a list of southwest and south central Denver metro area customers as soon as possible. It will be forwarded as soon as it is obtained.

Enclosed are copies of the following:

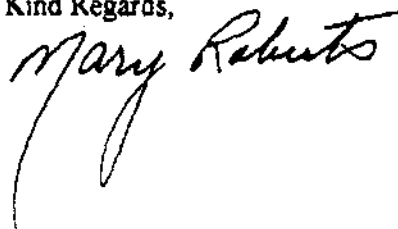

- List of Current and Past Estes Wholesale Customers
- List of Current Estes Hobby Distributors
- Listing of one Estes Chain Account (Estes products are also sold in most major chain stores such as WalMart, Target, Toys R Us, K-Mart, Hobby Lobby, etc.)
- Listing of Estes Retailers (Believed to be fairly complete although we do not sell directly to retailers)
- Listing of Estes Customer Service Contacts (List comprised of anyone who contacted us with problems, special requests, missing parts, defectives, etc.)

We believe we will be able to send our list of educational (schools, clubs, camps) and individual accounts of people, that purchase directly from us to you within the next few days as well.

For a variety of reasons including business competition, privacy of the individual, the minor ages of most of our consumers, etc. we ask that the content of all these lists be kept confidential and proprietary where possible.

I trust these lists will be helpful. Should you have any questions concerning any of the materials please don't hesitate to call. We'll do our best to help.

Kind Regards,

DESCRIPTION OF ACTIVITY:

Interview with Kenneth L. Tubbs.

SYNOPSIS:

On April 28, 1999, at approximately 1:00 pm, S/A Gary R. Wurm, ATF, interviewed Kenneth L. Tubbs in the parking lot of Dennys Restaurant, 7575 West 5th, Lakewood, Colorado. Mr. Tubbs stated that he was formerly employed at the Conoco Gas Station 7540 West Chatfield, Littleton, Colorado, but is now unemployed. Mr. Tubbs is a white male, DOB: 01-20-76 and resides at 2506 Moore Street, Lakewood, Colorado, 80125. Mr. Tubbs listed his pager number as 303-310-0920 and cellular phone number 303-995-4024. He also listed his mothers telephone number as 303-233-8523.

NARRATIVE:

1. Mr. Tubbs stated that on the morning of April 20, 1999, he was employed as a clerk/cashier at the Conoco Gas Station 7540 West Chatfield, Littleton, Colorado. He further stated that at about 8:30 am on that date, a white male entered the store and asked to purchase two (2) propane tanks. Mr. Tubbs describes the white male as being about 16 or 17 years old, skinny, with blond hair and wearing jeans and a tee shirt.
2. Mr. Tubbs stated that the teenager paid for the purchase of the propane tanks with twenty dollar bills. Mr. Tubbs stated that "Blue Rhino" propane tanks are the brand of tanks sold at the Conoco Gas Station. Mr. Tubbs stated that he then gave the teenager his change from the purchase and asked him if he wanted the receipt to which the teenager responded, "sure". Mr. Tubbs stated that this sale seemed strange because he had only made a sale of two propane tanks on only 2 or 3 other occasions. Mr. Tubbs stated that

the teenager told him that he was buying the propane tanks for his dad's barbecue grill.

3. Mr. Tubbs stated that after the sale of the propane tanks, he asked another employee named Stan Gall to go outside with the customer, unlock the propane tank cage and get two propane tanks. Mr. Tubbs stated that it was store policy that he could not leave the store unattended which is why he did not leave the store and get the propane tanks for the customer. Mr. Tubbs stated that he did not see the customer again. He stated that the customer came into the store alone and he did not see what type of vehicle the customer was driving.

4. Mr. Tubbs was given an admonition form related to Jefferson County Sheriff's Department case number 99-7625. He was asked to read, date and sign the form as to a request for him to review photo lineups. Mr. Tubbs was then shown two (2) separate photo lineups one of which contained a photo Eric Harris and the other of which contained a photo of Dylan Klebold. Mr. Tubbs could not identify anyone as related to the Eric Harris photo lineup. Mr. Tubbs identified photo # 1, as a possible identification, in the photo lineup of Dylan Klebold as being the individual who purchased the two propane tanks at the Conoco Gas Station on April 20, 1999. He then initialed and dated photo #1, after his identification. It should be noted that Mr. Tubbs' identification of photo #1 was an correct identification of Dylan Klebold.

DESCRIPTION OF ACTIVITY:

Interviews with Owner/Managers and employees at the Army-Navy Surplus Store.

SYNOPSIS:

Between April 27 1999, and May 1, 1999, the Owner/Managers and pertinent personnel of the Army-Navy Surplus store, 3524 South Broadway, Englewood, Colorado, telephone number 303-789-1827 were interviewed. These interviews were conducted based on information received which indicated that Eric Harris, Dylan Klebold, and other possible associates had possibly purchased Coleman fuel, Coleman propane canisters, CO2 cartridges, BDUs and other items from the Army-Navy Surplus on or about April 11, 1999. Items taken as evidence at the scene of the shooting at Columbine High School included one gallon Coleman fuel cans and Coleman propane canisters with Army-Navy Surplus price tags still attached to them.

NARRATIVE:**Steve Finer - Owner/Manager**

On April 27, 1999, S/A Gary R. Wurm, ATF, interviewed Steve Finer, Owner/Manager of the Army-Navy Surplus store. Mr. Finer advised that he and his partners own two Army-Navy Surplus stores in the Denver metropolitan area. Besides the store on South Broadway, they also own a store at 7560 Pecos, Denver, Colorado, telephone number 303-426-0488. Mr. Finer stated that although they have video cameras in their stores which monitor the cashier area and various other areas of the stores, the video tapes are recycled every 14 days, therefore, they would not have the tape recordings for April 11, 1999.

On April 27, 1999, S/A Wurm, interviewed Dave Karlson, Owner/Manager of the Army-Navy Surplus store. Mr. Karlson was requested to review his records involving both cash and credit card sales for April 11, 1999, as related to a sale on that date pertaining to Coleman fuel @ \$3.89, Coleman propane @ \$1.99, BDUs @ \$24.99. Mr. Karlson advised that the only way to check their sales was with the price of the item because they do not have "sku numbers" assigned to the items for sale. On April 29, 1999, Mr. Karlson advised, S/A Wurm, that no sales of that type were recorded on April 11, 1999, from credit card sales. He also advised that he had only been able to locate the roll of cash sales tape from cash register # 3 and this roll also did not reflect the mentioned sale on April 11, 1999. Mr. Karlson stated that he was unable to find the cash sales tapes from cash registers #1, #2, or #4.

On April 29, 1999, S/A Wurm requested a list of employees, from Dave Karlson, who would have worked on Sunday, April 11, 1999. Mr. Karlson stated that Donna Kehoe, Larry Nye, and Gary Golder would have been the cashiers on duty on April 11, 1999. He added that Bob Storey and Chris Moore, who are managers and Jake Lightfoot, who works in the "military room" where BDUs are sold, were also on duty on April 11, 1999.

Donna Kehoe - cashier

On April 29, 1999, at approximately 11:00 am, S/A Wurm interviewed Donna Kehoe, white female, DOB: 12-03-79, home address: 2844 South Grant, Englewood, Colorado, 80110, telephone number 303-789-4373. The interview was conducted at the Army-Navy Surplus store. Ms. Kehoe stated that she had no particular recollection of transactions which occurred on April 11, 1999 relating to Coleman fuel, Coleman propane, BDUs or CO2 cartridges. She stated that she has seen people in the store, on many occasions, that were dressed in trench coats. She added that she pays particular attention to these individuals since they could easily steal items by hiding them under their coats. She also stated that she does not specifically remember selling small containers of Coleman propane to teenagers.

Chris Moore - manager

On April 29, 1999, at approximately 1:45 pm, S/A Wurm interviewed Chris Moore, white male, DOB: 06-07-70, home address: 4959 South Prince Court, #206, Littleton, Colorado, telephone number 303-730-6147. The interview was conducted at the Army-Navy Surplus store. Mr. Moore stated that he was on duty as manager of the Army-Navy Surplus store on April 11, 1999. He stated that this store has a couple of kids that come in on a regular basis that wear make-up around their eyes and wear trench coats. He added that he did not believe that they were the two individuals (Harris/Klebold) that he had seen on television reports. Mr. Moore could not provide any other information other than the fact that he believed one of the aforementioned persons who wore the eye make-up had stolen a BDU shirt from the store.

Larry Nye - cashier

JC-001-007783

On April 29, 1999, at approximately 2:00 pm, S/A Wurm interviewed Larry Nye, white male, DOB: 06-21-45, home address: 3650 South Lincoln, Apt. # 3, Englewood, Colorado, telephone number 303-806-5052. The interview was conducted at the Army-Navy Surplus store. Mr. Nye stated that on April 11, 1999, he was on duty at the surplus store. He stated that he had no recollection of any "young kids" buying Coleman fuel or Coleman propane on that date.

Jake Lightfoot - clerk

On April 29, 1999, at approximately 2:00 pm, S/A Wurm interviewed Jake Lightfoot, white male, DOB: 10-31-74, home address: 3737 South Logan, Englewood, Colorado, 80110, telephone number 303-781-0278, pager number 303-505-0694. The interview was conducted at the Army-Navy Surplus store. Mr. Lightfoot stated that he is a clerk in the "military room" at the surplus store. He further stated that the military room is where the BDU clothes are kept. Mr. Lightfoot stated that he probably sees 150 kids every day that look like the two young men that he saw on television (Harris/Klebold). He stated that he assists these customers when they are looking for military clothes, such as BDUs. He stated that young children from the Alternative Homes For Youth program are constantly in the surplus store buying BDUs etc. He stated that these youths are, "at risk kids" that are enrolled in a wilderness survival program to show them just how good of a life is available to them if they seek to achieve it. Mr. Lightfoot could not provide information as to any particular sales of items on April 11, 1999.

Gary Golder - cashier

On April 30, 1999, at approximately 3:45 pm, S/A Wurm interviewed Gary Golder, white male, DOB: 06-01-53, home address: 3486 South Broadway, Englewood, Colorado, telephone number 303-762-6239. The interview was conducted at the Army-Navy Surplus store. Mr. Golder stated that he is a cashier at the surplus store. He stated that on Sunday, April 11, 1999, he would have been on duty at the surplus store. Mr. Golder also stated that he does not remember selling any Coleman propane tanks in a long time. He also stated that he has sold Coleman fuel maybe once in the last two or three weeks and he remembers selling the fuel to an older man and woman. He stated that BDUs are sold so often that he could not remember selling them to any specific persons. He stated that Sundays are so extremely busy that it would be very hard to remember all of the sales made on that day.

Bob Storey - manager

On May 1, 1999, at approximately 3:00 pm, S/A Wurm interviewed Robert G. Storey, white male, DOB: 01-19-44, home address: 1804 West Crestline Avenue, Littleton, Colorado, 80120, telephone number 303-794-5157 or 303-795-9293. The interview was conducted at the Army-Navy Surplus store. Mr. Storey stated that he is a manager for the surplus store. He stated that he works various days at the store as manager, but added that he always is on duty on Sundays. Mr. Storey related that he has no direct knowledge of sales made on Sunday, April 11, 1999 since he does not actively check out customers at the cash registers. He stated that he has seen some "young kids" with trench coats and baggy clothes in the surplus store within the last 1 1/2 months. He further stated that he watches these persons very closely so that they are less likely to attempt to steal items from the store.

On 04/20/99 at approx. 1125 hrs. a call for help was aired over Denver Police radio. The call stated Jefferson County officers were taking fire at Columbine High School. Dispatch also stated it was reported the suspects were inside the school and had hand grenades. I went to Police HQ with Detective Haley to pickup our bomb truck. METRO/Swat called for our bomb robot so both our Bomb truck and Robot truck were taken to Pierce and Bowles and staged with other Metro area Bomb Units waiting for further instructions.

After SWAT Units made their initial sweeps the Denver Bomb Unit was called to assist at the east entrance of the school. I assisted with the search to locate explosive devices inside the school and in the parking lot areas. I was on scene with other members of the Denver Bomb Unit until approx. 0030 hrs. Our effort was directed toward locating and disarming unexploded devices in the school and south parking lot.

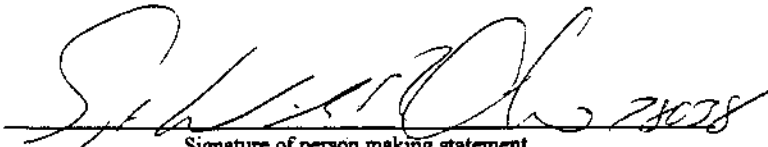

On 04/21/99 I returned to the school at approx. 0800 hrs. I assisted with a further search of the school and parking lots. The Denver Bomb Unit, along with two Jefferson County Bomb Unit members, then transported the unexploded devices that had been placed in Denver Bomb trailer to the Jefferson County Bomb Range where they were made safe. This operation was concluded at approx. 1900 hrs.

On April 20, 1999, at approximately 12:00 Noon, I was notified by Sgt. William Chew that the Jefferson County Sheriff's Department was requesting our Bomb Squad to respond to Columbine High School on a situation involving explosive devices. Upon my arrival at approximately 12:20 P/M I learned that a hostage/barricade situation was in progress within the school. After considering the possible magnitude of this event, I notified the members of the Intelligence Section to immediately respond to that location and assist with the scene and follow-up.

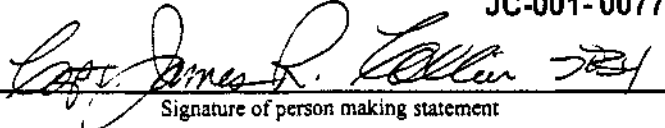

Shortly after my arrival it was apparent that numerous students and faculty needed to be evacuated from the school. As there were numerous personnel from several law enforcement agencies on the scene, I gathered a number of them to work with me in evacuating the school from the east side doors. Several faculty members were utilized to help identify good guy/bad guy from the student population. To expedite their safe removal, I had a fire department member cut a hole in a residence fence on S. Pierce Street where the students could be taken through a yard and onto the residential street immediately east of S. Pierce St.

My next actions concerned establishing a cadre of detectives to accompany injured students in the awaiting ambulances. This was done so as to establish a chain of custody, obtain immediate witness statements, etc. To my knowledge the only Denver Detective that accompanied an injured student was Detective Joel Hymphrey. He accompanied Patrick Ireland to St. Anthony Central Hospital.

My next action concerned assisting our Bomb Squad detectives in locating suspected devices in the main hallway of the school and in the hallway adjacent to the library. While I was at this location I became aware of the need for a medical person to verify that death had occurred to the numerous victims within the library, as well as a white male adult in a room just east of the library. Remembering the Denver Health Medical Center Physician at the ambulance assembly area, I went there and led him to the library. He then entered and confirmed twelve deceased children. This was

For the remainder of this day, until approximately 12:15 A/M the following morning, I remained on the scene, primarily in the west parking lot and cafeteria assisting and coordinating our bomb squad's efforts with those of the other agencies present.

On April 21, 1999, I again responded to Columbine High School at approximately 7:00 A/M. For the remainder of this day until approximately 6:00 P/M I again assisted our bomb squad with the efforts at detecting and removal of numerous devices.

In summary, I did not personally handle or remove any item of evidentiary value.

SUMMARY OF STATEMENT

On the morning of April 20th, 1999 a request for assistance was made by the Jefferson County Sheriff's Dept. The call was that officers were taking gun fire at Columbine High School. Within minutes additional information was aired that several people had been shot and that the suspects had explosives and several explosion had occurred. The Denver Swat Team was on scene and had requested the assistance from the Denver Bomb Squad with their robot. Sgt Chew and Myself responded to headquarters and picked up the bot and the bomb truck and headed for Columbine High.

Once on scene we staged with the Jeffco Bomb Squad and the Arapahoe Bomb Squad until the time that the school was cleared and we were called forward to start with the bomb disposal.

I was one of four Denver Bomb Tech's who assisted the Jeffco Bomb Squad with the inspection, render safe and disposal of a large number of home made explosive devices.

I was on scene until after midnight on April 20th and returned on the morning of April 21st. to finish up with the disposal of the explosive devices which was done at the Jeffco range.

SUMMARY OF STATEMENT

On April 20, 1999, at approximately 1230 HRS., I was attending a training seminar near Havana and Gerard Ave., when myself and Detective Alex Woods were called to Columbine High School to assist the Jefferson County Bomb Squad. It had been reported that there were suspects shooting students inside the school and detonating bombs. We responded to the scene and stood by with other Bomb Squad Units until needed. After SWAT operations were completed, all Bomb Squad Units responded to the west side of the school and set up operations.

My duties began by assisting other Bomb Technicians with searching the interior of the school for explosive devices, specifically, the classroom areas. While inside the school, I observed several devices that had been detonated in the halls and classrooms, which were left in place until Crime Lab documentation could be completed. Upon completing the search of the classrooms, Detective Dave Haley requested all Bomb Technicians outside.

Two vehicles had been located in the south parking lot containing live devices. I assisted with the removal of the devices from the two suspect vehicles. All devices were placed into the Denver Police Bomb Trailer for transport to the demolition range.

I left the scene at approximately 0030 HRS. (April 21st).

On April 21, 1999, at approximately 1000 HRS., I responded to Columbine High School to assist with transporting the explosive devices to the Jefferson County Demolition Range. Once at the range, all devices were removed from the trailer and render-safe procedures were completed.

All evidence was retained by the Jefferson County Sheriff's Department-Bomb Squad.

I left the range at approximately 1830 HRS.

I have read the foregoing statement and the facts contained therein are true to the best of my knowledge and belief. I do not maintain that it contains all of the facts or details of the incident, but only those facts about which I have been asked.

SUMMARY OF STATEMENT

On April 20, 1999 myself (Det. Woods) along with the entire Denver Police Dept. Bomb Squad were called out on a metro wide call for assistance by Jefferson County Sheriff's office. at Columbine High School on a shooting and possible bombing.

At approximately 12:30 P.M. I (Det. Woods) arrived at Columbine High School. The Denver Bomb Squad coordinated with the Jefferson County and Arapahoe County Bomb Squads to determine equipment and personnel needs. I (Det. Woods) assisted all other Bomb Technicians with locating, disarming and removing explosive devices from the crime scene. This included school grounds, the interior of the school and several vehicles in the school parking lot. These functions continued until approximately 12:30 A.M. on 04/21/99.

On April 21, 1999 I (Det. Woods) along with the Denver Bomb Squad returned to Columbine High School at 10:00 A.M. We continued the search for explosive devices and gathered evidence. We then responded to Jefferson County's bomb range where we disposed of and disarmed devices recovered from the crime scene. This was concluded at 6:00 P.M.

I have read the foregoing statement and the facts contained therein are true to the best of my knowledge and belief. I do not maintain that it contains all of the facts or details of the incident, but only those facts about which I have been asked.

INVESTIGATION:

JC-001-007809

On 04-20-99, at about 1120 hours, while returning from a meeting in Aurora, I monitored a radio call from officers at Columbine High School, 6201 South Pierce Street, saying that they were exchanging gun fire with suspects inside the school and that explosives had been used. I immediately went en route to Columbine High School, and arrived on scene at Columbine High School at approximately 1140 hours. I checked with Lt. Dave Walcher and Sgt. Phil Hy, who were acting as Incident Commanders and set up a staging area for the incoming bomb squads in the east parking lot of Clement Park. Members of bomb squads from the City of Denver, Arapahoe County and Jefferson County arrived at that time or shortly thereafter. A

decision was made to hold the Boulder County Bomb Squad and the Douglas County Bomb Squad in reserve for use at a later time or to be utilized on other calls within the metropolitan area.

At approximately 1215 hours, a request was made for bomb technician to respond to the 8000 block of South Wadsworth. This assignment was given to members of the Arapahoe County Sheriff's Office Bomb Squad. Sgt. Scott Linne, Deputy Jeff Britegam and Deputy Wayne Belohlavy responded to that address. Once on scene, they met with firefighters of the West Metro Fire Protection District, and determined that a bomb had exploded. Some evidence was collected by Sgt. Linne. Sgt. Linne returned to Clement Park with remnants and clock parts from the bomb that had exploded. The Crime scene was left with Belohlavy and Al Blank. Evidence custodians from Jefferson County Sheriff's Office later responded to photograph and process the crime scene. (See reports by Bill Maron, West Metro Fire Protection District.)

At some time between 1225 and 1235 hours, Dave Hayley and Ed Hertzling were asked to check three backpacks in the area the Command Post for any improvised explosive devices (I.E.D.) During the same period of time, Rich Euchler and Scott Linne were asked to respond to [REDACTED] (which is the residence of suspect Eric Harris) to assist in the processing of a search warrant on that house. Because an explosive atmosphere was found in the garage of that house, I responded to assist Sgt. Euchler, checking the house for I.E.D.s, as well as to clear the flammable atmosphere prior to the search warrant being served. During the time I was in the house, I observed several items of interest. There were two black two gallon AMF "Lane Conditioner" jugs in the garage. These jugs were consistent with the type that were found earlier in the 8000 Block of South Wadsworth and associated with the explosion and fire. I also observed a video camera on the family floor. This camera was left in place and mentioned to Investigators for the search warrant. While I was in Eric Harris' room, I found two CO2 devices on the desk. These devices consisted of [REDACTED] cases with [REDACTED] inside and attached to small plastic bags of [REDACTED]. These devices were in plain view and were taken at that time in order to remove them as a hazard from the house. After checking the rest of the house, the garage door was opened to vent the house. Sgt. Euchler and I continued to monitor the air for any indication of an explosive atmosphere. After determining that the explosive atmosphere was no longer in the house and would pose no threat to investigators, the house was left as a crime scene. The house was left being protected by police officers from the Edgewater Police Department. I then returned to the school, where the bomb squads were being staged on the west side of the school between the west entrance and the ballfields.

Bomb Technicians Dave Hayley, Mike Guerra, Joe Dempsey, and Bill Chew made an initial bomb sweep of the school. After the initial sweep, it was determined approximately how many devices were seen, their location and what measurable steps would have to be taken in order to render these devices safe.

Bomb Technicians Alex Wood and Archie Singleton then entered the southwest doors of the school and began to render safe both pipe bombs and CO2 cartridge bombs by using proper technique and wearing the proper personal protected equipment. Upon initial entry into the school, a one-pound Coleman fuel tank bomb and eight CO2 cartridge bombs were found, collected and placed into the "frag bag" (See reports by Technicians Wood and Singleton.)

Bomb Technicians Rick Young and Rich Euchler then entered the library to determine types and quantities of devices, and to provide an overview of the situation in the library. This was done by using a digital camera to photograph parts of the hallway, interior of the school and the library. This digital disk information was turned over to James Jennings and Chris Andrist of the Jefferson County Sheriff's Office Evidence Collection Team, to be processed and filed into evidence. (See reports by Young and Euchler)

JC-001-007811

After review of the information obtained from Young and Euchler, Technician Mike Guerra and Technician Scott Linne entered into the library to check for improvised explosive devices on the suspects' bodies in the hall and in the science wing of the school. Technician Guerra and Technician Linne collected one pipe bomb and seven CO2s out of the B.D.U. (battle dress uniform) pants worn by suspect Klebold. Five CO2 cartridge bombs were found in the left pants pocket of suspect Harris' BDUs. Additionally, five CO2s were found on the floor near Klebold's body, two more CO2s were found in the library, one on a table, one on a chair. The pipe bomb and the CO2 cartridge bombs were added to the "frag bag" and placed into the Denver Police Department bomb trailer. A second bomb sweep of the upper portion of the school and of the library was then done by Technicians Glenn Grove, Bill Chew, Joe Tennant, Greg Sexton, Jeff Britegam, and Dan Davis. The sweep was done to determine if there were any additional live I.E.D.s (with the exception of any more that would be found on the bodies of Klebold and Harris, which had not been moved at this time). Any additional I.E.D.s that were collected were placed into the bomb trailer to be transported at a later time to the range to be rendered safe. There was a Molotov cocktail type incendiary

device that had broken, but not exploded on the floor area of Science Room #1. This was removed and placed in the Arapahoe County Bomb Squad's trailer. A sweep was done in the lower portions of the school, primarily in the cafeteria, where an unexploded pipe bomb was found in a black nylon bag sitting on a table in the cafeteria.

A second sweep of the parking lot was done to check for any type of I.E.D.s that would have been in or around the cars. A clock device was found in a black BMW, later identified as the vehicle belonging to Dylan Klebold. A second timed device was also found in the car belonging to Eric Harris. Due to the higher risk associated with the time devices found in the vehicles, the bomb squad changed its primary focus and moved to work on those devices that were found in the cars. This was done at approximately 1900 hours. After an evacuation of the houses along the south parking lot was completed, render safe procedures were used to remove the pipe bombs from the BMW and from the Honda. These pipe bombs were also placed into the Denver Bomb Squad's trailer for removal to the Jefferson County Sheriff's Office Explosive Range.

Prior to recovery of the explosives and incendiary devices from the vehicles, I responded back to Eric Harris' house at 8276 South Reed Street, at the request of the investigators on the search warrant. Investigators had found a tool box containing possible bomb building materials and they expressed some concern as to whether or not it may have been a booby trap. This box was checked by me. In that box, I found a clock face, wires, batteries and other bomb making devices that had not yet been connected to any explosive materials. These items were collected and booked into evidence. I then returned to the school.

Items taken out of the cars were as follows: From the black BMW: a black nylon bag containing seven pipe bombs, one Molotov cocktail, and four propane and CO2 type devices. There were two incendiary or Molotov cocktails found in the front seat. In the trunk and in the passenger compartment of the car were two twenty-pound propane tanks, two five-gallon gas cans full of a liquid, two two and a half gallon gas cans full of a liquid, and two one-gallon gas cans full of a liquid.

In the vehicle belonging to Eric Harris, the following items were recovered: Two twenty-pound "Blue Rhino" propane tanks, two red plastic five-gallon gas cans full of an unknown liquid, two black "AMF lane conditioner" plastic jugs with liquid, three two and a half gallon red plastic gas cans with an unknown liquid, three two-gallon gas cans with an unknown liquid, one one-gallon degreaser jug with an unknown liquid, a pint size "Clorox" bottle with an unknown liquid, and three homemade or simulated weapons. In the glove box of Harris' car, there was a CO2 powered BB gun pistol. (See Officers' reports for

additional information.)

During the render safe operations, there was an unintentional explosion of a pipe bomb. This explosion was contained within the bomb trailer and initiated some other small devices. (See Sergeant Dempsey's report.)

Due to the late hour, all explosive devices that had been recovered from the school were placed into the Denver Police Department Bomb Squad's trailer to be stored overnight inside the security of the perimeter at the school. This was done to maintain chain of custody, as well as provide safety for the public and for the officers at the time. These devices were to be transported to the Jefferson Count Sheriffs Office Explosives Range the following morning for render safe procedures to take place.

After the devices were removed from the school, the school was released back to the Incident Command Post for a second WAT sweep of the school. This was done by SWAT members and bomb technicians. No additional I.E.D.s were found at this time.

On Wednesday, 04-21-99, Bomb Squad members returned to Columbine High School at approximately 0930 hours. After a short briefing, it was determined that the Bomb Squad would be broken into three groups. One group to continue the search of the school, one group to perform render safe procedures at the range, and one group to respond to calls and to assist with search warrants at Harris and Klebold home. Prior to breaking up into the three groups, an additional search was done of the school perimeter as well as the roof of the school, checking for any kind of booby traps or I.E.D.s that may have been missed on the day prior. On the roof of the school, there was evidence of a pipe bomb that had exploded as well as evidence from a Molotov cocktail that had exploded. This evidence was collected by Bomb Technician Guerra.

JC-001-007813

Bomb Technicians Mark Gutke, Dale Foley, Mike Guerra, Dan Davis, Rich Euchler, Wayne Belohlavy, Steve Thone, Brian Hart, and Joe Hanlin remained at the school and began checking backpacks in the cafeteria and library for any kind of explosive devices. (See their supplemental reports for additional information.) Bomb Technicians Joe Dempsey, Scott Linne, Archie Singleton and Greg Sexton responded to [REDACTED] regarding a search warrant. The remainder of the bomb technicians

responded to the Jefferson County Sheriff's Office Explosives Range and performed render safe and evidence collection procedures on the CO2 bombs and pipe bombs.

At approximately 1330 hours, the group that had gone to the [REDACTED] address, responded to the Jefferson County Sheriff's Office Explosives Range in order to render safe on two additional pipe bombs and some additional CO2 cartridge bombs. This render safe procedure lasted until approximately 1800 hours.

On 04-22-99, Bomb Technicians Glenn Grove, Mike Guerra, Rich Euchler, Joe Dempsey, Scott Linne, Dan Davis, Jeff Britegam, Greg Sexton and Mark Gutke responded to Columbine High School to continue to check backpacks and lockers for any kind of I.E.D.s.

At approximately 0945 hours, an additional device was found in a blue nylon duffle bag in the cafeteria. This device matched was similar to one that had been found earlier in the cafeteria as it contained a twenty-pound propane cylinder, one-gallon can of [REDACTED], a one gallon jug of [REDACTED], a clock timing device, a pipe bomb, some miscellaneous fireworks and Estes model rocket engines. All of these items were covered with miscellaneous clothing, such as T-shirts, underwear, socks, etc. After clearing evidence custodians from the cafeteria, this device was rendered safe using approved techniques and equipment by me prior to any additional evidence collection. Digital photographs were taken and this information was also submitted to evidence.

After this device was found, all backpacks in the cafeteria, library, stage area and all classrooms were hand checked by bomb technicians. Backpacks were cleared and marked using one inch vinyl colored tape and left in place for evidence collection. Additional backpacks, student lockers, storage rooms, storage lockers, desks, classrooms and office portions of the school were checked by a bomb technicians for the remainder of the day

On Friday, 04-23-99, the Arapahoe and Denver Bomb Squads were not requested at the school due to a scheduled visit by the Vice President of the United States on Sunday, 04-25-99, as their services would be needed for that visit. The Jefferson County Sheriff's Office bomb Squad continued to check lockers and backpacks throughout the school for the remainder of Friday, 04-

23-99. It was also on Friday, 04-23-99, that I met with officers from outside agencies to give them a briefing and information on the Columbine bomb squad operations to date.

On Saturday, 04-24-99, I met with agents Matt Traver and Ken Coffey of the Bureau of Alcohol, Tobacco and Firearms at the Jefferson County Sheriff's Office explosive magazine to inventory bomb related evidence. When this inventory was done the explosive magazine was sealed and initialed as sealed by me. The seals were checked by me prior to entrance of the magazine each and every time that it was opened. The magazine was then resealed. The explosive magazine was sealed as follows: 04-23-99, 1745 hours, 04-24-99, 1400 hours, 04-28-99, 1450 hours, 04-29-99, 1328 hours, 05-01-99, 1230 hours, 05-03-99, 1700 hours, and 05-05-99, 1340 hours. The only access to the magazine was by me with the agents from the Bureau of Alcohol, Tobacco and Firearms. This was for chain of custody and as evidence preservation. During these times there was no indication that seals had been broken or that evidence had been tampered with.

On Monday, 04-26-99, the Bomb Squads finished searching classrooms in the school and continued to search lockers. This locker search continued through Tuesday, 04-27-99, at which time they were declared to be clear as every locker and every backpack located in the school had been checked by bomb technicians.

ADDITIONAL INFORMATION: During the time that the I.E.D's were rendered safe at the Explosives Range, representatives of the Pleasantview Fire Department, Golden Fire Department, and American Medical Response Ambulance crews stood by to respond in the event of an accident, fire, or injury. Their services were not needed (See attached trip sheet for additional information.).

SUMMARY OF THE BOMB SQUAD RESPONSE TO
THE COLUMBINE HIGH SCHOOL SHOOTING AND BOMBING INCIDENT
THAT OCCURRED ON 04-20-99

On 04-20-99, at approximately 1125 hours, a Metro-wide all call was placed by the Jefferson County Sheriff's Office in response to a call of shots fire, officer involved, at a high school where bombs or hand grenades had exploded. By approximately 1155 hours, bomb technicians from the Jefferson County, Arapahoe County, Denver City and County, A.T.F. and F.B.I. bomb squads responded to Columbine High School and staged in the east parking of Clement Park. At about 1215 hours, a report had been made of a fire in the 8000 block of South Wadsworth Blvd. It was determined that this fire had been caused by a detonation and that two suspicious backpacks had been seen prior to the detonation that caused the fire. Bomb technicians from Arapahoe County responded to this area, positively determined that the backpacks were involved with the detonation, and were the cause of this fire. It was determined that these were diversionary devices associated with the incident at Columbine High School.

From approximately 1200 hours to approximately 1500 hours, the bomb squads stood by at the request of the incident command while a sweep was done of the school by multiple agency SWAT teams. During this time, bomb technicians did some peripheral checking of backpacks and vehicles in the parking lots adjacent to the school perimeter. Bomb technicians responded to one of the suspect's home at [REDACTED] at the time of an execution of a search warrant, regarding a possible explosive atmosphere that was in that house.

At approximately 1630 hours, the bomb squad was authorized to move from the staging area in Clement Park to the west side of Columbine High School to begin doing bomb search and render safe procedures. Beginning with an initial sweep of the school, it was determined that the highest priority would be given to the library, second priority given to the cafeteria and additional areas checked as time allowed. This was done until two devices were found in suspects' vehicles that still had clocks or other timing devices attached to them. As a result of these timing devices, priority was changed, listing the vehicles with the known timing devices as priority #1. Bomb technicians in bomb suits, or using a remotely controlled robot owned by the Jefferson County Sheriff's Office, removed improvised explosive devices or IEDs from two vehicles in the parking lot at the

school. These vehicles belong to the now deceased suspects. In addition to the timed I.E.D.s, the vehicles each contained two twenty-pound cylinders, multiple five, two and a half, two, and one gallon gas containers filled with a gasoline and unknown substance. There were other pipe bombs, CO2 bombs or Molotov cocktail type incendiary devices. In Harris' car, there was a BB gun type pistol and several other simulated weapons that had been used in making of a video production for a school project. Two other additional vehicles were entered, as they were associated with the suspects, with friends of the suspects or contained what may have been some type of suspicious package. This entry was done remotely and forcibly. No other I.E.D.s were found in any other cars. After the vehicles had been deemed safe, they were released to evidence collection units of the Sheriff's Office. The priority then became the library once again. The bomb squad then entered the library, collected I.E.D.s from the floor, a chair, a table, corridors and off of the bodies of the suspects where it could be done without moving them. After the library had been deemed to be clear of I.E.D.s, (with the exception of the suspects bodies).

The next priority became the cafeteria. In the cafeteria, several pipe bombs were found as well as two large incendiary devices contained in nylon bags; one that had partially function, one that had failed to function. These devices each contained one twenty-pound propane cylinder, one one-gallon [REDACTED], one one-gallon [REDACTED] a clock timing device, a pipe bomb, miscellaneous fireworks, model rocket engines and clothing used as coverings and stuffing. I.E.D.s were found at each of the suspects' house. At [REDACTED] (Eric Harris's house) two CO2 cartridge type bombs that were attached to a [REDACTED] containing [REDACTED] and had been taped closed. In Dylan Klebold's house at [REDACTED], two large pipe bombs as well as other pipe bomb making materials were found at that house. There were also several containers of fireworks. The I.E.D.s that had been taken from the school, the parking lot, or in the suspects' homes, were collected and transported to the Jefferson County Sheriff's Office Explosives Range for inventory and render safe, or detonation. The gasoline containers with the unknown fluid were also transported to the Sheriff's Office Explosives Range. Liquid samples were taken by the Bureau of Alcohol, Tobacco and Firearms for testing. This evidence was inventoried, collected and packaged for release to the B.A.T.F.

JC-001- 007817

In all, it was determined that there were approximately 89 I.E.D.s manufactured by the two suspects. These devices were as follows: 21 pipe bombs recovered and rendered safe. 14 pipe bombs functioned as designed in or around the school. 37 CO2 cartridge bombs collected and rendered safe. 8 CO2 cartridge bombs functioned as designed in or around the school. 7

incendiary devices collected and rendered safe. 2 incendiary devices functioned as designed. Specific locations were as follows: [REDACTED], 2 CO2 cartridges. [REDACTED] 4 CO2 cartridges, two pipe bombs. School library, 15 CO2 cartridges, one pipe bomb, one incendiary. Outside of the school, one CO2 cartridge, two pipe bombs. From Dylan Klebold's BMW, 4 CO2 cartridges, 8 pipe bombs, 3 incendiary devices. From Eric Harris' Honda, one pipe bomb. From the body of suspect Harris, on a second sweep, 4 CO2 cartridges. On the body of suspect Klebold on a second sweep, 5 CO2 cartridges. On the roof of the school, one pipe bomb, one incendiary device. In the cafeteria, 3 pipe bombs, one CO2 cartridge and six gallons of flammable liquid. From 8000 South Wadsworth, the diversionary devices, 2 pipe bombs and flammable liquid.

Personnel involved from the bomb squad standpoint were approximately 33 people from six agencies including Jefferson County Sheriff's Office, Arapahoe County Sheriff's Office, Douglas County Sheriff's Office, The City and County of Denver Police Department, Boulder County Sheriff's Office Bomb Squad, Denver International Airport K-9 handlers, Bureau of Alcohol, Tobacco and Firearms and the Federal Bureau of Investigation. There were 18 certified bomb technicians, the remainder being bomb-dog handlers, explosive recognition experts or evidence collection personnel from F.B.I. and B.A.T.F.

Prior to determining that the school was clear, every room, every floor, every level of the school was checked by bomb technicians. An excess of 1800 student school lockers and 700 backpacks were checked for I.E.D.s or evidence of any type of explosive device. This process took approximately seven days from the time the incident began until the school was deemed to be completely clear, thus allowing unrestricted access into the school by law enforcement personnel. There were approximately 357 pieces of explosive evidence identified and collected. The bulk of this evidence was packaged and released to the Bureau of Alcohol, Tobacco, and Firearms for additional testing and reconstruction as required. During the collection handling of this evidence, there was one accidental discharge of an I.E.D. that took place within the confines of an explosive handling trailer. There were no injuries and no fatalities as a result of any evidence collection or processing of the crime scene by the bomb squads.

INVESTIGATION:

On 04-20-99, at 1130 hours, I was dispatched to Columbine High School on a report of shots fired and explosions heard.

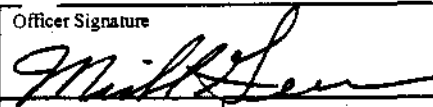

At 1140 hours, I arrived on scene, checked in with the command post and went to the staging area.

At 1215 hours, I received information from the command post that a surveying team near the intersection of Wadsworth and Coal Mine Avenue had encountered a backpack, moved the backpack so it was out of their way. A short time later the backpack exploded and started a small grass fire. West Metro Fire Rescue was dispatched to extinguish the fire. I sent Arapahoe County Sheriff's Office Bomb Technicians Scott Linne and Jeff Britigam to the location to investigate. Upon arrival at the scene, the team reported back to me that they located two propane cans, approximately 16.4 ounces each, miscellaneous black cat fireworks, a can of Right Guard and an unknown aerosol can. They confirmed that the surveying team moved the backpack and then a short time later it exploded. They also reported that they recovered a pipe bomb, approximately 1½ inches in diameter by six inches long some flammable liquids and some sort of delay switch, which they believed to be remnants of a clock.

At 1430 hours, we received information that they were going to execute a search warrant at [REDACTED] and requested two bomb technicians. I sent Rich Euchler and another member of the Arapahoe County Bomb Squad to support the search warrant.

At 1500 hours, I was present during an interview of witness Christopher Morris. Christopher Morris relayed information about the type of devices the suspects had been working on. Morris said that the devices he had seen were CO2 cartridges with powder from fireworks inside and hobby fuses. He had also seen a pipe bomb about two inches in diameter and about six inches long metal with shrapnell taped to the outside. Morris continued to say that the suspects had been known to make explosives and use trip wires. I asked Morris to describe the type of trip wire they used. Morris stated they used a string attached to match heads. He also stated that he remembered them mentioning they were experimenting with some sort of Napalm. They were collecting Styrofoam, gas, wax, and modeling putty and mixing all the ingredients together. Morris states that he believes this information came from the Anarchist Cookbook.

At 1700 hours, the combined bomb squads of Denver PD., Jefferson, and Arapahoe Counties moved to the west side of the building where we set up our equipment.

At 1700 hours, we began our initial survey of Columbine High School, starting with the west entrance. Near the west entrance we noticed a one pound propane bottle with a CO2 cartridge taped to the outside of it. Once we entered the first set of doors, we encountered a black plastic card file box, which contained [REDACTED] We moved down to the main hallway to the library entrance. We entered the library and began searching for explosives. On a library desk toward the front of the library, we encountered one CO2 cartridge near the two suspects' bodies. We also identified an area where a Molotov cocktail was detonated and located another CO2 cartridge on a chair in the same area. At this time, we could see [REDACTED] exposed in suspect Klebold's left pants cargo pocket. At this time, we began removing the unexploded cartridges, one at a time. We removed seven CO2 cartridges and one small pipe bomb. Next, we moved to suspect Harris's body. On the floor near his feet, were five unexploded CO2 cartridges. Suspect Harris's right cargo pocket was buttoned. At this time I cut along the top edge of the pocket. Once I did that, I could see in his pocket, and removed four more CO2 cartridges from his right cargo pocket. The [REDACTED] and all the devices were placed into a blast bag. We then exited the library.

At approximately 1900 hours, my next assignment was a late model Honda. A device with a clock timer pipe bomb and a propane tank was identified inside the vehicle. A shot was made on the device, attempting to disrupt it failed. At this time, myself and Arapahoe County Bomb Technician placed on protective clothing and moved to the target, I could see a clock timer and a two-inch pipe bomb laying next to a propane tank. We attempted to disrupt the device. Our initial attempt failed. At this time, we went back down on target with a gripping device and rigging equipment. I attached the gripping device to the pipe bomb. We used the rigging equipment to remove the pipe bomb from the back seat. At this time, we went back to the Honda and began removing the items from the Honda. From the back seat of the Honda, we removed two gas cans, a pipe bomb and a propane tank approximately 20 to 25 pounds. Next we rigged the Honda for remote opening of the trunk. We opened the trunk of the Honda and from the trunk area of the Honda we removed two large black containers that were labeled "lane conditioner" and we believed them to be full of gasoline, two five-gallon gas cans, two two-gallon gas cans and two-one gallon gas cans. Next we removed a

INVESTIGATION:

On 04-21-99, I reported to the Command Post at Columbine High School, and then signed into the building.

At approximately 1000 hours, I entered the cafeteria with Investigator Grove and a team of Crime Scene Technicians, and began an overall search of the cafeteria. At one point during the search one of the members of the Crime Scene Team pointed out a black backpack with some white lettering on it. I opened the backpack and discovered a one gallon can of Coleman fuel. Approximately two feet away from that backpack was a large blue duffle bag. I approached the duffle bag and placed my hand on the duffle bag. I noticed the bag was solid and had the shape of a propane cylinder. At this time, we advised the Crime Scene Team to move back. Using my pocket knife, I cut the bag from top to bottom about five inches from the end of the bag and in doing so, I exposed a pipe with a fuse and a clock timer. At this time, we had the Crime Scene Team evacuate the building and notify the other investigators in the building. Investigator Grove then brought in Bomb Squad equipment and rendered the device safe. For the remainder of the afternoon, I spent clearing individual backpacks out of the cafeteria.

At 2300 hours, I was contacted by the Command Post and was advised to proceed to the Library and meet with a representative from the Coroner's Office. Upon arrival at the Library, I was informed by the Coroner's Office that they would like me to stand by while they removed the two suspect bodies. We began removing personal articles from suspect Klebold, and at this time, the Coroner began to roll suspect Klebold exposing right pants cargo pocket, which had not been searched due to the position of his body. I cut open the pocket and exposed an additional 8 [REDACTED] I placed tape on top of the [REDACTED] in a vermiculite casing. After suspect Klebold's body was removed, we then went to suspect Harris' body. Suspect Harris' body was rolled exposing the left pants cargo pocket. I cut open the pants pocket and removed [REDACTED] and secured those four in the vermiculite case. I then took the case out and secured it in a Bomb Squad vehicle.

INVESTIGATION:

On 4-22-99 at 1000 hours, with the assistance of ATF Agent Chillcott and ATF Agent Dashler, and Canines Cascade and Jenny we began a systematic search of Columbine High School. We were directed to start with key lockers. We searched locker #837, which belonged to suspect Klebold, locker #624, which belonged to suspect Harris, and locker #45, which belonged to [REDACTED]. Additionally, we received a list of lockers that required special attention, and we began searching. We searched lockers of the following people: [REDACTED]

[REDACTED] We continued searching the remaining lockers until approximately 1800 hours.

On 4-23-99 at 0800 hours I reported to the Command Post. I was dispatched to Southwest Plaza reference a suspicious package I met with mall security. They directed me to a locker with a large black bag in it. I examined the bag and there were no explosives contained in it.

At this time, I returned to the Command Post and then entered Columbine High School and responded to the lunch room area. At this time, we searched and removed every backpack from the lunchroom area. This activity continued until 1900 hours.

On 4-26, 27, 28 and 29, 1999, we continued searching Columbine High School until every locker and every backpack had been individually searched and flagged by a member of the bomb squad. We concluded our search on 4-29-99 at approximately 1300 hours.

Dear Chief Pessemier,

We are requesting that all Littleton Fire Department incident reports relating to the fire/emergency medical services response to the April 20, 1999 attack on Columbine High School be provided to the Jefferson County Sheriff's Office.

To the extent that these documents include medical records from medical providers with your agency, the records would ordinarily be exempted from disclosure as public records because they are specifically protected by C.R.S. 24-72-204 (3) (a) (I). Also, because your fire department is authorized to detect and investigate crimes, the records at issue may qualify as criminal justice agency records which the custodian may deny access to at his discretion, as provided in C.R.S. 24-72-304 and 305.

Furthermore, we emphasize the importance of keeping information confidential during our ongoing criminal investigation into the events at Columbine. The ability to conduct witness interviews, for example, is enhanced when the witnesses' recollections have not been influenced by reports from other sources. Premature public release of reports and resulting speculation based on incomplete information may compromise case details currently known only to possible suspects and the case investigators.

Your cooperation in this matter is very much appreciated. If you have any questions or if the Sheriff's Office can otherwise be of assistance to you, please feel free to phone me at 303-271-5612.

Sincerely,

1 2 Dispatcher>Fire department please state your emergency
 Caller>Hi, Jeffco Sherrif with a transfer of an explosion.
 Dispatcher>Ok.
 Caller>Go ahead ma'am.
 Caller>Thank you
 Caller>Hello?
 Dispatcher>Hello.
 Caller>Hi, don't know if it was an explosion if it was a car, or what it was but they're on Wadsworth Blvd, NB
 between Chatfield and Ken Caryl. There was an explosion in the back yard. I don't know if it was a car or a
 propane tank. A big ball of fire and now there's smoke. There are several people pulled off to the side of the
 road.
 Dispatcher>Is that about a mile north of 470?
 Caller>Yes.
 Dispatcher>Ok, we'll get somebody right out.
 Caller>Thanks.
 Dispatcher>Thank you, bye.
 Caller>Bye.

2 5 Dispatcher>Fire department please state your emergency.
 Jeffco>It's Jeffco Sherrif here. I've got a studen hit in the spine at Columbine
 Dispatcher>it's Columbine High?
 Jeffco>M hmm.
 Caller>Oh wat, here she comes back again.
 Dispatcher>Ok.
 Caller>We've got another kid that's been shot in the head.
 Jeffco>He's shot in the head?
 Caller>We've got one kid shot in the head.
 Jeffco>Ok, breathe ma'am, you're ok.
 Jeffco>How many injuries, how many injuries do we have?
 Caller>Black trench coats. Shot gun. That's who's shooting. We don't know who it is
 Jeffco>Black trench coat and a shot gun.
 Caller>We've got another kid who's been shot in the face, half his face is hanging off
 Jeffco>Ok.
 Caller>We've got another one who's been shot who's not breathing.
 Jeffco>Ok.
 Dispatcher>Ok, multiple victims.
 Jeffco>One in the spine, one in the head South Metro.
 Dispatcher>Ok.
 Caller>Cathy?
 Caller>[screaming in background]
 Caller>They just shot somebody inside the cafeteria.
 Caller>I'm going to have to try and get out of here and call you back.
 Jeffco>Ok.
 Dispatcher>Ok. Jeffco, are you still there.
 Jeffco>Littleton, we don't know what's going on. Black trench coat, shot gun.
 Dispatcher>Ok.
 Jeffco>You heard as much as we did.
 Dispatcher>We're standing by at Columbine and Pierce. We've got a second rescue started. We'll be out
 there.

JC-001- 007873

- 3 6 Dispatcher>Fire department please state your emergency.
 Caller>This is Allan Cram at Columbine High School.
 Dispatcher>Yes sir
 Caller>And we have someone in the building with a gun and they are shooting.
 Dispatcher>Sir, we've got people enroute. Can you give me any information about the victims?
 Caller>I can not. I'm trying to keep our kids back out of the way.
 Dispatcher>Ok.
 Caller>There are some other teachers who are down there but we can't get to them.
 Dispatcher>Where is this in the school?
 Caller>Ah, tell them the best way to come is...well, where they'll encounter it first is if they come in on the south parking lot.
 Dispatcher>We won't enter the building until we've got this secured.
 Caller>Ok, I know. But that's the area where I believe the person is located.
 Dispatcher>The south parking lot.
 Caller>The south lower part of the building. It's off the student parking lot.
 Dispatcher>Ok, we're going to be staging at Pierce and Columbine until we get an OK from county to go in. Do you have any idea how many victims you've got?
 Caller>I have no idea ma'am.
 Dispatcher>Ok.
 Caller>I went down one of the halls and one of the teachers yelled at me to call you guys. Make sure that a call when in.
 Dispatcher>It's in and we're on our way sir
 Caller>Ok.
 Dispatcher>If you get any victim information can you call me back?
 Caller>Yes I will.
 Dispatcher>Great. Thank you Bye.
- 4 8 Dispatcher>Fire department please state your emergency.
 Caller>This is Allan Cram again, I just talked to someone there.
 Dispatcher>Yes sir, that was me.
 Caller>Ok, uh, the shooter is wearing a black trench coat and so far as I know we have one injury. It's a gut shot. The students name is Anna Marie Holcolter
 Dispatcher>I was speaking to...just a second...
 Caller>Now we have not set students out of the building for fear of running into him.
 Dispatcher>Right. I need to put you on hold for just a moment. I'll be right back with you.
- 5 12 Dispatcher>Sir,
 Caller>Yea, we just had a major explosion here. We need help immediately please.
 Dispatcher>We've got people out there sir. We've got to find this guy Where was the explosion?
 Caller>It sounded like it was coming from downstairs.
 Dispatcher>Ok.
 Caller>In the cafeteria area.
 Dispatcher>Ok.
 Caller>Apperently there is an ambulance outside
 Dispatcher>We've got people all over the place sir. We'll get in as soon as possible sir
 Caller>There goes another one.
 Dispatcher>Thank you sir.
 Caller>Yeah, all right.
 Dispatcher>Bye.

Re: Columbine Report

Gene,

I was advised of the incident at Columbine via a page. I responded from the tower. Upon arrival, I met with Chief Pessemier and BC Rahne for an assignment. At that time, I was assigned as the safety officer. Included in the duties was to land the MedEvac choppers. I landed the AirLife chopper first and then Flight for Life. These choppers were landed in the soccer field due north of the Command Post. Most of my time was then spent keeping people out of the path of ambulances coming and going to the scene, and relaying messages about bombs to the Command Post. At the report of gas in the school, I was put in command of the fire task force, to include engines from LFD (1), WMFD (1) and a Truck (1) from DFD. An action plan was put together, to include access routes, hydrants and a safety plan. I remained at the CP.

While landing the Air Life Chopper, I noticed some P.D. activity to the south. A golf cart with three students drove up and topped in the cover of a police jeep. It appeared that there were injured students, so I went to the jeep. The injured female had what appeared to be @ 10 - 12 gunshots to the left chest and gunshots to both arms. I made sure that the female's vital signs were ok, talked with her for a moment, assured her we would get her out of there and attempted to get transportation. Command was notified that an ambulance was needed on the field. AMR arrived, then transported pt to a hospital (not sure of the destination).

At @ ^{7K}1600, I took operations control of the fire attack teams assigned to the bomb squad at the west entrance to CHS. This included 2 engines and 1 rescue. Assigned were Capt. J. Olsen, Eng. C. Martinez, FF R. Knutsen, FF M. Fleming, and FF J. Aylward. We deployed 2 ¾" line that were wyeed from a 2 ½" line from the engine. The IAP was to follow the bomb techs into the building after the areas were cleared of devices with a 3 person team, backed up by a 3 person RIT. The operations were coordinated with the bomb squad assigned to the west entrance; Rick Young kept us informed throughout the night. At @ 1800, crews were replaced with callback personnel, including Capt. R. Seno, Eng. J. Tasker, FF T. Roberts, Lt. E. Adams, FF. R Caudill, Eng. B. Taylor, Eng. K. Keough, and FF D. Miller. We stood by in the area until @ 0130 at which time all hose put in service and returned into the district in service.

Date: May 1, 1999
SUBJECT: Columbine Incident Statement

On April 20, 1999 I was called by fire administration to report to the communications center to begin the "call-back" to staff the crews that were being relieved of duty for the remainder of the shift. After arriving at communications at approximately 16:15, I met with Doug Terry and several other dispatchers as to the scene status, and what I was to do. After coordinating the call-backs, inter-facing with most other fire agencies, and securing omni-bus to utilize for transporting our people, I made contact with command, and Chief Burdick.

After seeing that all personnel were being transported to their assignments I reported to the scene and inter-faced with BC Easton, and Capt. Wilson. Once we had our communications straight I acted as an aid for BC Easton. I was also available for any BC calls that may have come in during that time period. It was approximately 1800 at this time.

My on scene activities included communications with different units we had at the incident, face to face with several crews during the incident, rotating crews in and out of the scene. Also checking in with crews that were positioned behind the school by the cafeteria. I left the scene approximately 01:00 a.m.

On Monday April 22, 1999 I spent half of the day with E-11 as a special detail to the school to help out the Forensic team remove bullets from many metal door frames and metal window frames.

FROM: Shane Druckenmiller *Shane Druckenmiller*

DATE: April 29, 1999

SUBJECT: Columbine

Statement from Shane Druckenmiller regarding the event that happened at Columbine High School on April 20, 1999.

I was scheduled to do a fire ride with Littleton Station 15. I was riding with Lt. Dave Stern and Firefighter Rondi Lambeth. We were sent to an auto accident at University and Highlands Ranch Parkway. While en route to the call the radiator hose came loose and started to fill the back of the rescue with smoke. Lt. Stern decided to run the call. After the call, Lt. Stern and Capt. Floyd decided to have the rescue driven to Station 17 and to call the BC. Squirt 17 and Rescue 18 ran a call. When the call came to a conclusion, Rescue 18 responded to Station 17 to transport Lt. Stern, Firefighter Lambeth and myself to Station 16 to get a reserve. While on C-470 the call came in of three students shot at Columbine High School. Lt. Stern and Lt. Scheffik decided to stage at Ken Caryl and Pierce. At this time we were the only Littleton rescue in service. While staged, we were dispatched to an auto accident and Littleton Boulevard and Broadway. Squirt 12 also was en route. Squirt 12 arrived on scene and canceled Rescue 18. After Squirt 12 canceled, us we were called to staging and Bowles and Pierce. We turned the corner off of Bowles onto Pierce and all I could see through the back window of the rescue was an endless line of flashing lights on an assortment of emergency vehicles. There were numerous high school kids running in all directions. I saw a couple of officers getting their kevlar SWAT gear on. The Chief sent us to Caley and Yukon on the report of a couple of injured kids. We responded to the location which seemed to take about 2 minutes. Upon turning the corner, I looked out of the window and saw one police unit in the middle of the street and 10-15 kids laying or standing around injured. I remember an older looking kid leaning up against the police car with what appeared to be a gunshot wound to the upper thigh. This kid had a tourniquet on his leg attempting to stop the bleeding. Before I stepped out of the rescue I pulled the CPR Kit, Drug Kit, and triage kit. Once I stepped out of the side door and walked around the rescue, there were multiple kids laying on the driveway and a nurse running around with a stethoscope around her neck. I walked over to

JC-001-007929

the group of kids laying in the grass. Firefighter Brandon and Firefighter Lambeth each attended to a patient. I walked over to a patient that was laying down and that seemed to be unconscious. The nurse stated that the patient was pulseless and had no blood pressure. I assisted Firefighter Lambeth by setting up a bag of saline with a blood pump. Firefighter Lambeth was successful in obtaining a secure IV line. I then started assisting Firefighter Brandon with a male patient laying next to the patient that I helped Firefighter Lambeth with. The patient appeared to have a couple of gunshot wounds to the chest. I went to the rescue and grabbed the oxygen bottle off of the pram. I then placed the patient on a non-rebreather mask with 15 L oxygen. While I was putting the mask on the patient, Firefighter Brandon went to get a backboard off of the rescue. Then he had a by-stander help place him on the backboard. I then went back to the rescue to help Firefighter Brandon get the pram. We got the pram and then went back to the patient and placed him on the pram and put the patient in the rescue. I jumped in the back with the patient while Firefighter Brandon went to find a driver. While I was in the back of the rescue, I started to check the patients airway and breathing by getting him to talk. I located his radial pulse. By this time Firefighter Brandon found a driver, Firefighter Lambeth, and we went en route to the hospital. At this time Firefighter Brandon started to cut the clothes off of the patient. I grabbed the stethoscope and listened to his breath sounds, which were weak but clear. We also checked the patient's back for more injuries and found none. Firefighter Lambeth told us that we would be going to University Hospital and our ETA was about 20 minutes. The patient was in and out of consciousness. While en route to the hospital, we got the patient's name, Mark Taylor, and that he was 16 years old and he had an older sister. We had to keep raising our voices so that Mark would stay awake. I then grabbed a blood pump and a saline bag and set it up. Firefighter Brandon was attempting to start the first IV line on the patient's right arm. He missed the vein and placed the angiocath in the sharps container. We then started to tape Mark to the board. We tried a couple of times to tape him, but we decided to try to get another IV line started. Firefighter Brandon tried on the left arm this time with no luck. At this time we lifted the backboard and put two blankets under the foot of the backboard. By the time we were at the hospital, Firefighter Brandon had tried 5 times to obtain an IV line with no luck. We then started to place bandages on the external part of the gunshot wounds. There were four wounds. One was in the upper right chest, one in the upper left arm, one in the upper left quadrant of the abdomen and was in the upper right leg. None of the wounds were bleeding excessively. Knowing that we were close to

JC-001- 007930

the hospital, we covered the patient with a blanket. We pulled in to the hospital and unloaded the patient and wheeled him into the ER to a waiting crew of hospital personnel. We gave the doctor a report. We had no vitals because we had no blood pressure cuff. After we dropped Mark off at the hospital, we cleaned the pram and put a new sheet on it, and then we headed back to the district. While en route to the district, I started to clean the back of the rescue. I placed all of Mark Taylor's clothes in a bio-hazard bag, which later was given to Battalion Chief Christ. We then went to the City Center and picked up Paramedic Lt. Thomas. Lt. Thomas got the key to the medical locker and grabbed a box of saline, blood pumps, and oxygen masks. Then we were toned to Leawood Elementary on chest pain. Once we got on scene we handed the patient over to AMR and we went back in service. We then went to Station 13 and picked up another paramedic, Mike Johnson. While we were at Station 13 we were toned to a call with the bomb squad on Reed Court on a smell of natural gas. We went to the house with Squirt 17 and waited. Squirt 17 set up a five inch line and pulled both cross lays. The fire department got all suited up with masks on and waited while the police searched the house. After about an hour and a half, we were released by the police and we cleaned up the street and loaded hose. We then were called to a medical office on a report of chest pain. We went with Squirt 12 and Columbine Ambulance. The patient was packaged and transferred to the hospital. Then we went to the Command Post and got some food and water. While at the Command Post some members of the Jeffco SWAT called us over to the grass because one of their members had fallen and needed some assistance. We went over and hooked him up to the cardiac monitor, started an IV line, and gave him oxygen. He was transported to Swedish by Columbine Ambulance. After a long day, we were told by the Chief that we were going home and we were to go to Station 11 and pick up the on-coming shift. We then went to Station 13 to be defused.

Paramedic Captain James Olsen

Columbine High School, 6201 S. Pierce, Incident Statement:

On April 20, 1999, I was the Paramedic Captain on Engine 11. Assigned with me were Charlie Martinez as Engineer and Ryan Knutsen as Firefighter.

At 1128 Engine 11 was dispatched with Rescue 11, Rescue 13, and Battalion 1 to Columbine High School, at 6201 S. Pierce, on a report of multiple gunshot victims. After leaving the station one of the rescues asked dispatch to start two code 2 ambulances. I had dispatch put a medical helicopter on standby. At some point in route we were advised by dispatch of possible explosions on the roof.

R13 and Battalion 1 arrived about 1 minute before us on the south side of the school and staged there. We arrived on the north side with Rescue 11. We were met by dozens of students running north through the park in panic. Rescue 11 then continued to the south to aid while E11 blocked off Pierce Street at Leawood. We set up cones to block all traffic. We attempted to stop the students running by our location. We were able to slow them down, stop and begin to question some. One student informed us that there were two gunmen in black trench coats shooting students in the school. I stopped one student in a school letterman's type jacket and asked him to grab the rest of his team to stop the students and contain them in the north end of the park by us. I asked him to separate out any students who had witnessed the shootings and hold them for Jeffco to interview. I checked a few minutes later and the students were now stopping in the park beside our unit.

At that point, a Jeffco officer arrived from the south and assisted with blocking the road. We informed him of the statement from the student about the two gunmen. At this point I ordered my crew to remove their blue uniform shirts and to go to their gray fire T-shirts. I advised Command that we were going to gray and he agreed and passed on the info to the other on-scene units.

I had my engineer pull our Columbine High School preplan. The preplan was given to the BC when he relocated Command to the north later.

JC-001-007932

After a handful of police officers arrived, I was told by command (BC1) to allow the makeshift SWAT team use Engine 11 as a shield to take the team to the school. Engineer Martinez instructed an officer on how to operate the engine. FF Knutsen and I stripped all of the EMS equipment off of the unit and laid it off to the side. Shortly thereafter, the SWAT unit left with E11 to attempt to make entry into the school.

Staff members were beginning to arrive and ask what they could do. I believe that I asked Chief Ruoff to land the medical chopper in the park beside us.

About this point, we were advised over the radio that there were possibly motion sensitive explosives in the building and not to touch any backpack if we went in.

By this point R11 had done one rescue of an injured student and transported the patient to a Columbine Ambulance waiting on Bowles and had returned to assist R13. The 2 rescues combined to rescue 3 injured students from outside of the cafeteria area, while reportedly taking gunfire.

R11 and R13 brought the injured students to the staging/triage area at Pierce and Leawood. R13 opened its' back doors and they yelled for paramedic assistance. I ran to help and lifted one seriously injured student with face, chest, and leg wounds from the rescue onto a Denver General pram. That left Paramedic Gorman alone in the back of R13 with one student victim with multiple gunshot wounds. I handed my portable radio to FF Knutsen and climbed into R13 to help provide treatment in transport to Swedish Medical Center. FF Losasso was the driver. R11 transported the third patient to SMC immediately behind us.

The injured student that we transported in R13, Shawn Graves, age 15, suffered from multiple gunshot wounds. including his lower posterior neck, flanks, abdo, and one near his lumbar spine. He had been placed on the pram in the prone position while shots were being fired. Thus he was unable to have been immobilized for spinal protection. He was awake, alert, oriented, and thinking clearly. His clothes were cut off and it was noticed that he also had rectal bleeding. Because of his position, he could not be rolled onto a board in the rig to be immobilized. 2 IV attempts were made, but were unsuccessful due to his awkward position on the pram. Upon arrival at SMC, he was transferred to a long spine board on the hospital bed. (See separate

medical report on Shawn Graves by Paramedic Gorman) We quickly restocked NS and blood pumps and began to return to the scene. R11 and R13 left SMC to return back to the scene together. We returned code 3 with police motorcycle units providing an escort and blocking intersections.

Upon returning to the scene, both rescues were placed at the front of the ambulances staged. We set up for the next patient w/ multiple blood pumps, backboard on pram, etc.

I assigned FF Martinez to assist Dr Calwell (?) of DG with taking notes and recording which patients were sent to which hospital. FF Knutsen was also helping in the Medical Division.

We were told that the DG units were assigned as Triage/Medical. We reported to them. A Denver police detective, Jim Hess, was assigned to be with our unit. Shortly after that, we were sent to a forward area in front of the school to pick up a patient. A SWAT officer jumped into the front seat and directed us to the East side doors of the school, where the SWAT officers were operating from. We backed the unit to the doors and waited for an seriously injured teacher that we were told should be out in a few minutes. We unloaded several backboards into the hallway inside this doorway in preparation of multiple patients. We positioned ourselves at this door for a very long time, probably 1 ½ hours while the various SWAT teams rescued numerous classrooms of students and brought them through our position. We were prepared for any injured student and the injured teacher, which never came.

At one point, it became apparent that the SWAT teams did not have maps of the school which Captain Gorman had made earlier and sent to the teams by a SWAT team runner. Captain Gorman, left briefly and returned with maps which I believe were then distributed to the SWAT teams to aid their searches.

At one point we were told that there were several natural gas leaks in the building, but we were told that the gas had been shut off.

At approx. 1630, when the building was given the "all clear" by SWAT and we were assured there were no more live victims inside, I left R13 and returned to Operations for reassignment.

JC-001- 007934

Engine 11 was brought back to staging and put back in service by the original crew. The EMS equipment was placed back on the unit.

Engine 11 was then reassigned to the west side of the building to assist the bomb squad with deactivating numerous devices.

Upon arrival on the west side, we reported to Chief Ruoff and Deputy Fire Marshall Rick Young. We were asked to stretch lines to back up the bomb squad on the north end of the library, on the second floor. The 200' of 2 ½ preconnect was deployed to just outside the north library entrance where it was wye'd into a 200' section of 1 ¾ and a 300' section of 1 ½". The plan was to advance the hose lines to extinguish any fires which started as the result of detonation of any explosive devices.

I was told that the nearest hydrant was at Pierce and Polk. We asked for a second engine to provide a water supply in the event we needed it. Initially, the plan was for S16 to come to the parking lot below us and lay a dry 2 ½ line to our pumper in the event we needed more water. We were advised that there were two unexploded car bombs in that lot, so an engine was brought to the area behind us when other support units later arrived.

We bunkered and donned SCBA while the car bombs were being deactivated by a remote control robot and bomb squad members. In the event of a detonation, we were told by the bomb squad to let the vehicle burn for several minutes to insure there was no other device in it before we extinguished the fire. The car bombs were then deactivated without any problems by the bomb squad.

E11 continued to standby while numerous devices were brought out by the bomb squad.

As it began to get dark, we requested an additional unit for lighting. Heavy Rescue 14 was brought to the back for their light tower.

At this point, the last of our VHF radios began to go dead. We asked Operations for more batteries or radios so we could operate in the interior of the school when needed. Operations sent four 800 mhz radios to our location, however the Boulder SWAT team would not let them pass into our area. We relayed this information to the Jeffco officer in charge in the back and he told us to have the radios sent in again after contacting his officers

JC-001- 007935

in front of the school. Again the radios were sent in, only to be again turned away by the Boulder SWAT team. I explained to both Operations and the Jeffco officer, that until we had at least two working portable radios, that we would not be able to enter the school. And until we prepared to enter, the bomb squad interior operations would also stop. The requested portables were finally let in.

At approximately, 2000 our crews on the west side of the school were relieved by fresh crews. I briefed Captain Seno on the status of the operations with the bomb squad. I informed him that there were numerous explosives inside and numerous dead victims. I also advised him that there were possibly motion sensitive bombs and booby traps and that interior operations were on a strictly voluntary basis.

E11 and R11's crews were then shuttled back to Station 11 where we ate dinner, debriefed as a crew, and went home at approximately 2100.

Just prior to leaving for home, Starbucks delivered about 20 gallons of coffee to dispatch. I delivered about 15 gallons of that coffee to the LFD command on scene while on the way home.

SUMMARY OF EVENTS 20 APRIL 1999 FOR RICHARD CAUDILL.

I responded with Castlewood Rescue 37 from station 11 to the scene at approximately 1400 hrs to shuttle equipment. While at the scene we were placed into staging. I checked in with Chief Ireland and Chief Ruoff at the command post. I remained with Rescue 37 until approximately 1530 hrs. At that time Chief Easton assigned me to Rescue 11 to respond to the southeast corner of the school in support of the bomb squad and SWAT team. Engine 11 and Rescue 11 responded to the area.

Once at location I assisted in pulling two handlines too the east library door. FF Knutsen and I pulled the 2 ½" exposure line and wyed the 1 ¾' and 1 ½" lines to the door. These lines were flaked at the door. At no time did I enter the structure on this date.

While standing by at approximately 2230 hrs the bomb squad was loading pipe bombs into the holding tank and one exploded. I responded down to evaluate the tech. I performed the evaluation and returned the tech to duty.

I remained on standby with Engine 11 until 0230hrs. At that time I retrieved the hoses and placed the trucks back inservice. The units left the scene at approximately 0245hrs.

Incident Report

The Columbine High School Shootings

On 4/20/99 Sqrut #12 was at station 18 for SCBA training when the call came down for shots fired at Columbine High School. We stopped training and moved back to our district for coverage. We were then called out to a diabetic problem (call # 34899) on Kendall, just east of the school, with Rescue #32. We were able to give the patient dextrose and she responded immediately. We left the patient in the care of the three personnel on Rescue #32. After we became available, Capt. Otto informed command of our close proximity to the high school after which we were assigned to a staging area for fire attack if needed. We arrived and were met by Captain Skip Wilson who was the staging officer for the fire attack group. Sqrut #16, Engine 18, a West Metro engine and a Denver 75' aerial met at staging with us. The officers reviewed the preplan for the school and Engine 18 was assigned to hit the hydrant on the north side of the school and lay into the FDC by the front door. The Denver unit was assigned to the south side for fire attack.. Sqrut #12, Sqrut #16 and the West metro unit were to be held in staging until initial attack was made and further need assessed. The Denver aerial had to go out of service due to mechanical and Sqrut #12 assumed their assignment. We stopped all foot traffic headed into the scene and diverted them around to the library. We had been assigned 2 ambulances as part of the fire group. They did not show up and we were later told they had been diverted for patient transport. The fire group remained in staging until released by command. We went to station #16 for fuel, then back to station #12 in service. We were later told by control to move-up to station # 16 as we were still attached to the incident. We stood by at the station until relieved from duty by another crew. We were instructed to go home.

INCIDENT REPORT

The Coumbine High School Shootings

On 4/20/99 Sqrt #12 was at station 18 for SCBA training when the call came down for shots fired at Columbine High School. We stopped training and moved back to our district for coverage. We were then toned out to a diabetic problem (call # 34899) on Kendall, just east of the school, with Rescue #37. We were able to give the patient dextrose and she responded immediately. We left the patient in the care of the three personnel on Rescue #37. Captain Otto then told us that we had been attached to the incident at Columbine High and that we were going to the staging area at Coal Mine and Pierce. We arrived and were quickly joined by Sqrt #16, engine #18, a Denver aerial, and a West Metro unit. Littleton Fire Captain Skip Wilson met us and informed us that he was the staging officer. At that time Brian Delasantos, Diego Valdez, and I stayed in the engine while the officers off of all the rigs met and went over pre-plans and an attack plan.

Our group stayed in staging for approximately five hours until released by command. We went to station #16 for fuel and then returned to quarters in service. We were contacted by control to move up to station #16. We were told that we were still attached to the incident but that we were to wait at station #16 until further orders. We stood by at station #16 until relieved from duty by another crew. We were instructed to go home.

Comments

This was a very difficult day for all involved. For us, I think the hardest part was to be so close and never given the opportunity to help. We had all the equipment and manpower in the world and it was very hard to listen to the radio calling for units and manpower and pass us up. I felt very helpless in a place where I could have been helpful. My frustration peaked when we were instructed to go home. The last thing anyone on my crew wanted to do was go home. How were we supposed to go home and talk to our loved ones about this, having no information, comforting words, and having done nothing. We wanted to stay and help.

The Columbine High School Shootings

On 4/20/99 Sqr#12 was at station 18 for SCBA training when the call came down for shots fired at Columbine High School. We stopped training and moved back to our district for coverage. We left the patient in the care of the three personnel on Rescue #37. I heard command request additional engines to the scene. I informed control we were available and were in close proximity and was told to report to staging at Coal Mine and Pierce. We arrived and were met by Captain Skip Wilson who was the staging officer for the fire attack group. Sqr#16, Engine 18, a West Metro engine and a Denver 75' aerial met at staging with us. The officers reviewed the preplan for the school and Engine 18 was assigned to hit the hydrant on the north side of the school and lay into the FDC by the front door. The Denver unit was assigned to the south side for fire attack.. Sqr#12, Sqr#16 and the West metro unit were to be held in staging until initial attack was made and further need assessed. The Denver aerial had to go out of service due to mechanical and Sqr#12 assumed their assignment. I worked with control via landline to find a radio channel common to all the units. We decided ITAC 2 would be the most effective. Littleton units have this channel on their mobile 800mhz units but not on our portables. I arranged with the West Metro engine to borrow a spare 800mhz portable radio so that all 3 agencies could communicate. We stopped all foot traffic headed into the scene and diverted them around to the library. We had been assigned 2 ambulances as part of the fire group. They did not show up and we were later told they had been diverted for patient transport. The fire group remained in staging until released by command. We went to station #16 for fuel, then back to station #12 in service. We were later told by control to move-up to station # 16 as we were still attached to the incident. We stood by at the station until relieved from duty by another crew. We were instructed to go home.

Comments

This was the most difficult day of my career. To sit in staging for 5 hours listening to calls for more medics and medical equipment was unbearable and we did nothing. We could hear off duty personnel who had come to the scene, on the radio in assigned positions, working at the incident while we sat doing nothing. We watched and heard units from other departments in the scene, helping, and we did nothing. It is a widely held belief on A shift that if you weren't the initial units dispatched, you had to be off duty or a member of another department to make it into this call. My frustration was the highest it has ever been in 20 years in EMS. My moral is at the lowest.

Problems encountered

1. Communications between agencies. We were able to achieve minimal, between 3 of the 5 units.

JC-001- 007940

2 No command of the group. This was left to the officers present. We were told we had been assigned a command however we could not reach him on the radio. Engine # 18 was decided on as command. This left 3 aerial units free for fire attack. At no time during the incident did we have communication with our assigned command.

From: Captain Skip Wilson
CC: Captain Gene Nagle
Date: 04/28/99
Re: Scene activities

Chief,

1st When I arrived at the scene, I was asked to oversee a task force of engine companies. It was determined that the possibility of incendiary devices on scene had the potential of causing fire hazards to the remaining students and emergency personnel within Columbine High school. My assignment was to coordinate a plan with five different jurisdictional fire companies. These companies were made up of Truck Company 28 from Denver, Engine 14 from West Metro Fire department and Littleton Sq. 12 and Engine Company 18.

Passports were collected and preliminary plans of company assignments were made. Engine 18 under the command of Randy Glanville was to connect to the FDC on the east side of the school (structure side D) and truck company 28 was to station itself at structure side corner A and B. This would allow for safe arial operations at a corner and out of a precarious collapse zone. All radio communications were pre-coordinated with the units in staging. It was advised and planned that should the task force be needed, those communications plans would be advised to operations officer and fireground channels could be assigned.

The task force was designated "Task force 4 staging". Fortunately, the need was not encountered. I was soon relieved from the scene and Randy Glanville was placed in charge.

2nd Later in the incident I returned to the scene and aided the logistics officer in relieving crews that had been assigned for most of the day. Through coordination with BC Jeff Christ overtime personnel were called in and for the most part a smooth transition of personnel re-assignments were made.

If any further information is required I would be happy to assist you. My sincere thanks to all who worked so hard in the face of such adversity. I am so proud to be associated with the people of this department.

JC-001-007942

Subject: CHS incident.

The following is a synopsis of R-11's actions on 4/20/99.

R-11 staffed with John Alyward and Monte Fleming responded to CHS for a report of "shots fired and multiple victims". We responded down Bowels and turned south on Pierce. We noted several students running through the park.

We were directed by the B.C to assist a PT. at Pierce and Fair. "See PT report of Stephanie". After initial treatment, we passed the PT to Justin of CAS for transport to Littleton Hosp.

R-11 then responded to the initial staging area on Pierce. At this time, we were directed to the southwest side of CHS that was reported as "secure" with four to five victims down. While driving through the parking lot, we noted several Police Officers with weapons trained to the Library area. R-13 pulled in prior to us on R-11. Both units attempted to get as close as possible to the victims lying on the sidewalk. R-13 was to the left of R-11. My partner John exited R-11 and got one PT off the sidewalk while I removed the param from the rescue. John was able to carry the Pt without assistance. "See report Anna Marie". At this point, I went to assist R-13 in carrying a Pt to the rear of their rescue. I left R-13 and searched the grounds in front of the commons area for additional Pt's.

I found one pt lying on the sidewalk to the left of R-13. Pt was cold to the touch and no pulse was noted. I then moved 10 ft to the right and found one Pt with multiple GSW's.

At this point, I heard a shot from the school and the Police in the parking lot returned fire. I picked up the Pt and began running the 40 FL to R-13. The Pt was handed off to Jerry on R-13 and I ran to R-11 to assist John in getting his Pt into the rescue. I then drove R-11 out of the parking lot to the staging area. Informed Command that the SW area was not secure and proceeded to Swedish med cen. With our Pt.

We returned to the scene code 3 with a Police escort from Englewood PD.

We were once again placed in staging. Our next Pt was removed from the armored car. "See report Re: Patrick Ireland". Pt was transported to St. A's code three with a code 3 return to staging.

R-11 was then assigned to the rear sector of the school to aid the ATF and bomb squad.

We were then released to station 11 and sent home for the shift.

COLUMBINE HIGH SCHOOL INCIDENT, APRIL 20, 1999
by Charlie Martinez (E11)

On Tuesday, April 20, 1999, I was assigned to work at Station 11, as driver/operator of Engine 11. At about 11:25 a.m., Station 11 was called out for a possible shooting at Columbine High School.

I responded with Captain Olsen and Firefighter Knudsen. Rescue 11 responded with Paramedic Aylward and Paramedic Fleming. Our route to Columbine High School was Bowles Ave. to S. Pierce St.

Turning onto Pierce St., I could see the students running across Clement Park from the high school. I turned Engine 11 just south of Leawood Dr. to block traffic on Pierce southbound.

When I exited the engine, I went to the park and met some of the students. They were hysterical and scared. The students told me there were two men at the back of the school (the west side) and they were shooting at students. They stated they could see the smoke from the guns. I directed the students to go to the corner of the park and stay together. They said they were going home and I explained we needed them to stay together and to go to the corner of the park at Bowles and Pierce so we could keep track of them. When they went to the corner, the other students started following them.

A student came to me and told me there were two gunmen in black trench coats and they had guns, shotguns, and a description. I had him go talk to a Jefferson County Sheriff. Another student told me to warn the police that a Mr. Demanna (?) was in the gym helping students to get out. I went back and told the sheriff this.

I went back to my engine and was informed that a SWAT team was assembled as was going to take the engine for cover. I offered to drive if they had a vest, and was told absolutely not. I showed one of the members the controls and brake system locations and how to work them. The SWAT team took Engine 11.

I then went and helped Rob from West Metro Fire keep track of rescues and ambulances coming in. We set up the area for their staging. I also helped keep track of units going in and transporting destinations. I was then put with a Denver General crew and a Dr. Caldwell (?). After a short time, I was then put with Rescue 11's crew of Monte Fleming, John Aylward, and Ryan Knutsen.

We went in and took Patrick Ireland and a Denver investigator to St. Anthony's Hospital. After we returned from St. Anthony's we waited in staging area. While we waited, I went with another Denver investigator, Henry, to get some vests for him and some other investigators.

JC-001-007944

When I returned with Henry, I noticed that Engine 11 was returned. I went and checked the engine over, and saw Captain Olsen and Firefighter Knutsen and advised him the engine was back. We returned to the engine as a crew. An engine was needed at the back of the school to assist the Bomb Squad. engine 11 was sent to assist the Bomb Squad in the event there was a fire. At the back of the school we set up and laid out 200' of 1-3/4" hose.

At the back of the school I noticed two students that were covered. We stretched the hose lines to the school and I think I could see one student lying in the hall of the school. We were told to back out because a bomb was found in a car in the parking lot for fear it could detonate.

I stayed by the engine while the bomb squad dealt with a bomb in the car with a water canon and robot. I watch as they unloaded a lot of gas and explosive devices from the car.

About this time we were waiting for a unit to come back to provide lighting. The unit came and other personnel, that was when we were told

I'm not sure of the time span that I spent in each area, I've told about. But I think we were relieved and left the back of the school around 9:00 pm.

REPORT OF COLUMBINE HIGH SCHOOL INCIDENT APRIL 20, 1999

I was contacted by Kathy Sampron shortly after 11:30 and asked to staff a reserve engine. I responded from home to Station 18 to find that there were no reserves in service for the entire district.

While at Station 18 I called in Mark Konecny and Spencer Fraas to staff Brush 18. Also I began assisting dispatch with coverage in the district.

At about 1330 hours I responded to staging at Pierce & Bowles on a reserve, Rescue 17 with Mark Konecny, Spencer Fraas, and Gary Metz. We remained staged until we were released.

I was then utilized as Captain on Engine 11. Until 0200 hours we stood by on the west side of Columbine High while the building was swept by SWAT and bombs were removed.

REPORT ON COLUMBINE INCIDENT APRIL 20, 1999 - FROM LT. BARB THOMAS

I called Fire Department Administration when I heard of the shooting at Columbine High School, and its severity, to see if off duty crews were needed. They said yes.

I came to Station 11 a little after 1300. A short time later Rescue 18 EMT's arrived at Station 11 without a paramedic. I received an assignment from dispatch to cover Station 13's district. My crew was Rondi Lambeth, Patrick Brandon, and Shane, a dispatcher. We did not have all of our paramedic equipment, some drugs and intubation equipment, so we became married to the Engine 17 crew.

We responded to a possible heart attack at Leawood Elementary, AMR was on scene, had patient. We assisted AMR in getting the patient to the ambulance.

We then responded to a call at the suspect's house. The call was for strong odor of gas. Law enforcement was on scene. We had odor of gasoline from outside. We shut off utilities, laid a hoseline for protection as law enforcement entered the home. We were later released by law enforcement.

We then received a call for a heart attack at a clinic. Columbine was called for transport. By that time Michael Johnson had joined our crew, he assisted Columbine Ambulance with the patient. I don't remember what time it was.

We were then told to go to the command area to get equipment and then cover Station 11's district. While at command area my crew on Rescue 18 treated a SWAT team member who was transported by Columbine Ambulance to unknown hospital. I was asked to help at the command center, the rest of Rescue 18 crew was to go to Station 11.

I was sent home from the command area after 2000 hours.

Re: Columbine Incident

The following is my recollection of the events as they happened at Columbine High School on April 20, 1999

R11, E11, R13, and BN1 were dispatched to Columbine H.S. to respond with JCSO on report of shots fired with possible victims. R11 crew (Aylward, Fleming) and E11 (Olsen, Martinez, Knutsen) headed west on Bowles Ave. to Pierce. On arrival, BC Rahne directed R11 to a patient on the southeast corner of Pierce St. and W. Fair Dr. (see medical report on Stephanie Munson). Pt was treated and transported to Bowles Ave. and Jay St. where we were met by a Columbine Ambulance crew. Pt was transferred to CAS for transport, and R11 returned to the Command Post. On arrival, R13 on scene, R11 and R13 responded to the southwest corner of the school for report of several victims down. Prior to our response, the area was reported and confirmed twice to be secure by police units on scene. R13 followed by R11 approached the area, and I noted several JCSO Deputies taking cover behind parked cars with weapons pointed at the building. We could see victims on the sidewalk near the building. R13 proceeded to the far southwest corner of the school, where they discovered three victims. I spotted one victim, a 17 year old girl, on the sidewalk approximately 25-30 feet to the east of R13 (see medical report on AnneMarie Hochhalter). I pulled R11 up on the sidewalk as close as possible to the victim and jumped out of the rig. Monte Fleming opened the rear of R11 and pulled out the cot, and was summoned to help R13's crew as they had three possible victims. I approached my patient, and seeing she was alive, picked her up and ran to the rear of R11 and placed her on the cot. As I looked over to R13 to check their progress, I heard gunfire coming from the library windows directly over my head. I was hit with fragments, which I now know was glass from the broken windows. The police immediately returned fire. I saw Monte carry a patient to the rear of R13, and pass him off to R13's crew (Gorman, LoSasso). Monte was able to then make it back to R11 and help load the cot with our patient into R11. I jumped in the back with the patient while Monte jumped in front and drove us out of the area. R11 briefly stopped at the staging area and picked up FF Ryan Knutsen who got in the back to assist with care and treatment of our patient. R11 proceeded to Swedish Hospital, Code 3. R11 turned over our patient to the hospital staff, and returned Code 3 with a police escort, to the Command Post. On

JC-001-007948

arrival to the Staging Area, we noted numerous ambulances from several different jurisdictions staged. R11 proceeded to the front of the line and prepared to receive more casualties. After a while, R11 crew was told that the SWAT team was rescuing a victim from a second story window. The SWAT team brought out the patient in an armored car. We opened the back door of the armored car and received the patient on a long spine board. R11's crew was told by the Denver paramedic in charge of triage, that the patient was suffering from an isolated ankle fracture. As we placed the patient in R11, we noted a large amount of blood on the patient's head and face, and discovered a gunshot wound to the forehead (see medical report on Patrick Ireland). FF Knutsen drove the rescue with FF Martinez in front and myself and Monte attending the patient in back. We were also accompanied by a Denver police detective who interviewed the patient during transport. R11 proceeded Code3 to St. Anthony Central. On arrival, patient care was transferred to St. Anthony Hospital staff, and R11 returned to the Command Post Code3. We were then told there were numerous fatalities, and the possibility of any more survivors was not expected. The incident began to de-escalate and other ambulances were returning to service. R11 and E11 proceeded to the rear of the school to stand by while the ATF and Bomb Squad discovered and deactivated the many explosive devices throughout the school and grounds. Somewhere between 2000hrs and 2030hrs R11 and E11 crews were replaced and returned to quarters, where we were subsequently sent home at approximately 2100hrs.

Subject: Columbine High School

On April 20th I was assigned to Rescue 13. Mark Gorman was my partner. At around 11:26 in the morning we received a call of gun shots at C.H.S. We responded to C.H.S. from the South. Turning onto Pierce I saw two J.C.S.O. with guns pulled looking into the Southeast parking lot. I pulled up and stopped at Weaver St. At that time I told Mark I was going to pull up to Caley St. and parked. I then looked up around Fair St and saw people yelling for us to come up to where they were. I heard someone say that there was someone shot up here. I told them that we could not go up there until the cops let us through.

At this time I noticed cars still driving through on Pierce so I got out and set up cones across Pierce to stop traffic. We were finally cleared to go up to Fair St. As we approached Fair St. R-11 pulled up to help the pt. I then spotted R-13 near the Southwest parking lot, we were told that there were 3 to 4 victims in the back. While we were out on the street waiting to get cleared into the scene, a teacher was talking to us. I asked him where the common area was. He told me to stay to the right when I get into the parking lot and look for the green covering.

We waited out on the street for what seemed like forever and finally word came through that it was cleared to go in. I started to drive through the parking lot when I saw several J.C.S.O. with their guns pulled and aimed up in the air at the building. As I proceeded to the back I saw one of J.C.S.O. motioning for me to get out of there. I started to make a left turn in the parking lot and realized that I was going into a dead end. I stopped and backed up, and then saw another cop motioning for us to come over to where he was. I started toward him and saw 3 victims on the sidewalk.

JC-001-007950

For some reason I knew that I wanted to put the rescue between the victims and the building. I pulled Rescue 13 up as close to the building as I could. I then got out of R-13 and went over to the first victim, which was a male. He was a DOA (Dan) but I felt for a pulse and could not find one, he was cold and already turning blue. The second victim was also a male. When I approached the second victim (Lance) I saw that the left side of his jaw was gone. He was breathing so I told him I would be right back. I then went to the third victim, and again was a male. He (Sean) was half way in the door. I grab his legs and started to pull him back out of the door. At this time I called for Mark to help me. Mark grabs Sean's collar and I grabbed his belt and we went to the back of Rescue 13. As we started to put Sean into the back I heard two shots, and then the S.W.A.T Team in the parking lot returned fire. As I was trying to get Sean in the back I asked if he could help. Sean said that he could not feel his legs. I finally got him into the back of R-13 and started to go get Lance when I turned around there was Monte with Lance. Monte handed me Lance so I put him into R-13 on top of Sean. I then shut the doors and drove out on to Pierce St. I stopped and asked for some help, because we had two critical patients. We gave Lance to D.G. medics.

I asked Olsen to get into the back of R-13 with Mark. We then headed for Swedish. When we arrived we gave Sean to the trauma team. We then returned to the C.H.S. We were told that there was another critical patient and that we would be transporting that patient to D.G. That never happened. The rest of the incident we stayed by the Southeast door and stood by with the S.W.A.T Team.

After the incident was over for us we were told that we were being relieved and that we would be going home. About 1930 I was sent home.

ENGINE 13 COLUMBINE HIGH SCHOOL INCIDENT

Captain Tom Rybolt
Engineer Lisa Drummond
Firefighter/ Paramedic Kyle Naas

Narrative by Tom Rybolt

On April 20, 1999 at approximately 1115 hrs Eng. 13 was dispatched to a weed fire and explosion on Wadsworth Blvd south of Ken Caryl. On arrival of Eng. 13 West Metro Fire Department, Eng. 414 was already on the scene. At the time of our arrival on Wadsworth, dispatch toned out units to Columbine High School for students that were shot. Engine 13 cleared the scene at the weed fire and notified dispatch that we were responding to Columbine High School.

While enroute to the school, dispatch notified units that there was more than one student shot. Dispatch also told units to stage so the sheriff could clear and secure the area of the school prior to units going onto the scene. Engine 13 staged about 100 feet north of Weaver Ave. on Pierce St. At this area the firefighter from Engine 13 blocked traffic and restricted access so cars could not proceed north on Pierce St. Two, maybe three sheriff cars passed by to proceed to the school. We advised fire command that we needed a police officer to control or block traffic on south Pierce Street. Fire Marshal Hofstra stopped at Engine 13's location on Pierce St. A crowd of about 30 residents had started to gather to find out what was going on. Parents of students were asking what was happening at the school. Several parents wanted to proceed to the school to find their children because they knew something was wrong. Myself and Fire Marshal Hofstra tried to explain to the parents what was going on at the school. We told them of reports of shots at the school and we were waiting for the Sheriff to secure the scene. A State Patrol officer arrived on the scene and told us he could control traffic on Pierce St.

Fire Command notified Rescue 13 and Rescue 11 that the scene was clear at the south west corner where the cafeteria was located. Fire command advised them that there were several patients at that location and to proceed to the cafeteria. Engine 13 notified fire command that we were available to help the two rescue units. Fire command told Engine 13 to proceed to assist the rescue units. Engine 13 proceeded north to the school parking lot we could see the two rescues leaving the area very rapidly and heard what we thought were shots fired. Engine 13 retreated south on Pierce St. and staged again.

Fire command or dispatch notified units of five patients shot at Yukon and Caley streets. Rescue 18 was dispatched, I notified fire command that Engine 13 could respond to Yukon and Caley to assist. Fire command sent Engine 13 to Yukon and Caley. Upon arrival Caley medical command asked Engine 13 to treat patients. One patient was packaged and ready to be transported, he had lacerations to his left knee, lacerations to

JC-001-007952

left hand. A nurse bandaged this patient and had his identification. Firefighter Naas treated Brian Anderson for chest wounds from what seemed to be pellets from a shotgun. Engineer Drummond assisted with treatment of this patient and prepared him for transport. Then Kyle Naas went over to Mark Kintgen. Kyle witnessed seizure activity in Mark and started an I V in his right arm. The patient was packaged and prepared to be transported by helicopter to Denver Health Medical Center. I communicated with Air Life Control Center for the transportation of Mark and contacted the helicopter for a landing zone. Mark had shotgun wounds at about C3 or C4. When the helicopter arrived we loaded Mark into Air Life. Additionally St. Anthony's flight for life also landed on this site. I contacted them and notified command that at this time we didn't need another helicopter. Fire Command told me to have St. Anthony's land just to the north of the school because there was a patient there that needed to be flown out.

Lisa Drummond assisted with getting the students at Caley and Yukon in contact with their parents. This was done by cell phone to allow the students to call their parents. Engineer Drummond attended an adult cafeteria worker from Columbine High School who was checked out for high blood pressure. Lisa turned this patient over to three West Metro medics. I notified fire command that Engine 13 was available and standing by at Caley and Yukon.

Fire command asked Engine 13 to respond to the front of the school so tactical SWAT teams could use Engine 13 for protection of their SWAT teams. Engine 13 responded hot back to the front of the school. When we arrived at Bowles and Pierce we were stopped by a Denver Police Sergeant who told me that there was enough fire trucks in front of the school. I communicated to him that our tactical assignment was for protection of the SWAT teams. He would not let us proceed even after he was told of our mission. After a considerable amount of time we were allowed to proceed.

Once in the front of the school we were asked to force entry into a fence on the east side of Pierce to allow students to proceed through the back yard and on to Otis Ct. This was done so the students could be taken by bus to Leawood Elementary school.

We stood by for any medical needs or support of any special needs that the SWAT teams may need.

About 1545 hrs. the SWAT teams requested that the fire alarm system and the sprinkler system be shut off. I proceeded into the school with Captain Bruggenthies and Fire Marshall Hofstra, we were escorted by a SWAT team. The alarm system was silenced and the sprinkler system turned off.

Engineer Drummond and Firefighter Naas were assigned to Dr. Colwell of Denver Health Medical. He requested them to accompany him into the school library to assist with checking for survivors.

After the crew was back together from the library we replaced the tools and medical kits taken off the truck.

JC-001-007953

Fire Command advised us to get prepared to be relieved by another crew that was coming in to replace us.

Re: Columbine High School Response

April 20, 1998, Rescue 15 became inoperable due to mechanical failure. Rescue 18 was finishing a call across the street from Station 17. After their completion, I requested to have Rescue 18 transport us to Station 16 in order to obtain a reserve unit. Before arriving at our destination, the call came in for an explosion at Columbine High School. Lieutenant Schefcik and I felt it would be prudent to go to a closer staging area, should there be a need for further assistance.

As events began to unfold, we staged Rescue 18 closer, at the corner of Pierce and Ken Caryl. Unfortunately, we were dispatched to attend to a MVA on Littleton Blvd. We then were called back to the incident at Columbine after it was determined there were no injuries. On arrival at the scene, Chief Rahne was approached for an assignment. He indicated there was a need for medical assistance at the intersection of Caley and Yukon. On arrival at Caley and Yukon with five medics on board, it was necessary to begin a major triage operation. Numerous young people were lying over several lawns in the cul-de-sac. It was agreed that Lt. Schefcik would arrange for transportation and establish a radio link. I myself began triage and sorting. Three critical patients were immediately identified and the worst was given to the EMT-medic on Rescue 18 for transport to Swedish Hospital. Destinations were still unclear, and Lt. Schefcik was desperately trying to confirm possible hospital destinations for all patients. Although we had not been there for long, supplies rapidly became exhausted. Lt. Schefcik then tried to find sufficient medical supplies to take care of all the victims. Later Captain Bruggenthies arrived with additional supplies.

After the first three patients were sent on their way, four others were determined to be in moderate levels of needed medical care, and were assigned urgent. Ambulances came and went, as we tried to maintain organization. All patients were appropriately categorized; however, transportation was still slow to recover. Destinations of the patients could not be determined, as communications became frustratingly haphazard. Final destinations were then just simply assigned, based on the knowledge where our patients had gone and the inference from the where the first patients, at the front of the school, had gone. Several other patients and others with no external injuries continued to arrive via police cruisers. Word had gone out, to police, that Caley division was actively treating patients. In all, eleven patients were ultimately transported. Students that had been brought to the triage area, and had no injuries, were shuttled to the rear of a home that neighbors offered to assist those in need of escape from the press. About two and half-hours later, all patients had been processed, including the one by helicopter. An RTD bus was sent to our location, in order to take all of the rest of the students to a receiving station. Lt. Schefcik made call to operations, that Caley division could probably dissolve and return to a new assignment. Operations indicated that the two lieutenants should stay in place until further awareness of the conditions at the school could be determined. About an hour later, we received word to dissolve our station and return to Station 13.

Columbine Report
From G. Nagle

On April 20, 1999 I entered dispatch and was informed, by Dispatch Supervisor Doug Ferry, that there had been a shooting and a possible explosion at Columbine High School. As I received this report Chief Pessemier arrived and asked for an update on the situation. The Chief then requested that all command staff be paged to respond to the scene. The Chief then asked me to accompany him to scene.

Enroute to the scene I called dispatch and asked that an off duty BC be called in for back fill at station and for relief of on duty crews. We were advised to respond to the Command Post at Leewood and Pierce.

Upon arrival we met with BC Rahne and were briefed on the conditions and actions at this time. Chief Pessemier stated that there needed to have a unified command, due to the interaction between police and fire departments. Chief Rahne advised us that there were unknown number of shooters in the building and possible explosive devices in the building. All units were staged and would not commit until the area is declared safe by JCSO. Units were staged at Leewood and Pierce and at Weaver and Pierce. JCSO's command van was on scene to the north of the BC's car. I was assigned as an aid to BC Rahne and as a runner from the JCSO Command Post, where Chief Pessemier was coordinating the police and fire operations.

The FD command post was notified that the building was safe and two ambulances were needed in the parking lot on the south side of the school. R11 and R13 responded. We were notified by R11 that the area was not safe and that they, R11 and R13 were under fire from inside the building. R11 and R13 returned to the command post with three patients. All three patients were then transported to area hospitals, see individual reports for times and destinations. A staging area was set up in front of the command post area with 4 ambulances. A triage area was set up in front of the command post on the lawn on the West Side of Pierce. Tom Cribly was assigned to be the EMS division and asked to coordinate the triage, treatment and the EMS staging areas. The duties of EMS staging and transportation were given West Metro Chief Berg, Chief Armstrong, Chief Daley, and Lt Tyus upon their arrival. West Metro Captain Kral was assigned to operations to assist with documentation.

Chief Pessemier assumed command and BC Rahne was assigned as the operations Chief. Operations was notified that there were several patients at Yukon and Caley, requesting four ambulances. R18 was sent to this location and assumed control of operation, triage, treatment and transport. A request for four additional ambulances from Yukon and Caley was received from staging. Two off duty dispatchers, Lou Rowe and Kasey Feagin, arrived on scene and began taking care off communication functions, in South Metro's BC car. A PSCo representative arrived to shut off the gas to the building and was told to wait for an escort from police before entering the hazard zone.

I was then assigned to go with a Denver Health ambulance to set up West Side Triage area. A Denver Police vehicle escorted us to the West Side. The triage area was located at E11, which was located outside to the north of the library. One body was noted to the east of E11 and at the bottom of the stairs leading to the lower level, into the cafeteria. A Paramedic, Troy Layman, with Denver Health went in the lower level with a SWAT team to check for victims. Troy stayed in contact with us via portable radio. Troy advised that he had checked several victims that were dead. We requested three additional ambulances for possible victims, reported to be approximately 10-15. The SWAT team cleared the remainder of the library and stated there was one victim. The victim was removed on scoop and taken to a West Metro ambulance and transported, see medical report for patient information. A SWAT team member called for all available Paramedics to enter the library. We entered and began to check all the victims. There were no survivors found. All EMS personnel exited the building. I reported to operations that we had the one patient. Operations informed me that the ten ambulances, requested by PD were in route. I advised operation to stand down the ambulances, they were not needed. The two remaining unused ambulances were returned to staging. We then reentered the library with Dr Chris Colwell to pronounce the victims. We were advised after entry that the bodies might have explosive devices on them.

JC-001- 007956

Lisa Drummond and I then began digging out E11, which was stuck in the soft grass. The bomb team notified us that there were several devices in the area and that we needed to move away from the area. I then drove E11 back to the staging area in front of the operations area.

I was then assigned to determine the number of personnel and equipment was at the scene. The list was compiled and given to Chief Pessemier. A list of transported patients was also compiled. The list was given to Joy Hall, an off duty dispatcher. I then assisted Captain Wilson with the staffing of units, until he left the scene for home. I continued to work with the staffing until I left the scene at about 2230.

Subject: Columbine High School Incident Reports

On the day of the Columbine High School incident I was assigned to S-17 (Reserve S-12) with Captain Tim Floyd and FF Allen Chapman. To the best of my knowledge and estimate of time, the following events and actions involving our crew occurred on 4/20/99.

We were in service in quarters at station 17 at the time of dispatch for the shooting

Approximately 25 minutes into the incident we were moved up to cover station 11 district. We reported to dispatch to assist there if necessary. At that time Paramedic Bob Lovelace arrived to assist and was assigned to our Engine Company. We were then requested by Chief Rinne to move up to station 13.

R-18 arrived to station 13 with crew Lt. Barb Thomas, FF Patrick Brandon, FF Rhondi Lambeth and FF Michael Johnson. It was brought to our attention that R-18 did not have ALS equipment. The crew on R-18 were assigned to respond with S-17

1:55 PM – 2:19PM

S-17 and R-18 responded to Leawood Elementary School on an adult male having chest pain. Upon our arrival an ambulance was on scene unloading their param. The scene was very hectic, the ambulance crew, FF Patrick Brandon and FF Rhondi Lambeth assisted in locating and evacuating the patient from the school to the ambulance. The remainder of the crew was consumed with traffic, crowd and media control.

2:25 PM – 4:36 PM

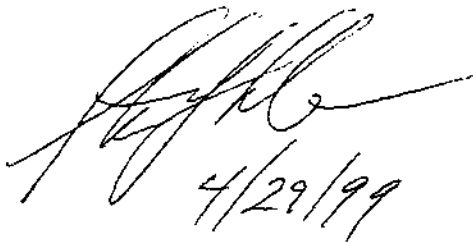

On our return to station 13, S-17 and R-18 were dispatched to [REDACTED] to assist Police and Bomb squad on a possible bomb at the residence of one of the shooting suspects. Upon our arrival police and bomb technicians were on scene. S-17 and R-18 were assigned to provide suppression back up for the bomb investigation. Shortly after our arrival we were informed that the suspect's mother and her lawyer were on scene. The brother of the suspect made an abrupt arrival to the scene and was stopped before running the street barricade. The police on scene questioned him and searched his vehicle. To my knowledge LFD personnel did not have contact with these individuals.

During the bomb team's search of the residence, S-17 was positioned in front of the home. A 5" supply to the hydrant was in place and two 1-3/4" hose lines were positioned for suppression. LFD personnel made constant efforts to remain in well protected position during the incident.

JC-001-007958

S-17 returned to station 13 for reassignment and was soon directed to CHS command to drop off Bob Lovelace for an assignment S-17 was then assigned to station 11 where we were informed of our relief for the remainder of the shift

S-17 returned to quarters in service

Subject: COLUMBINE REPORT

MY ASSIGNMENT FOR April 20, 1999 WAS PARAMEDIC ON R13, WITH FF JERRY LOSASSO AS MY EMT DRIVER. WE RESPONDED TO COLUMBINE HIGH SCHOOL, AT ABOUT 11:20 IN THE MORNING, ON A CALL OF SHOTS FIRED. E11, R11 AND BATT1 WERE ALSO DISPATCHED. AS R13 DROVE NORTH ON PIERCE ST, JUST NORTH OF W. CALEY PLACE, WE WERE MET BY SCHOOL PERSONNEL. WE WERE TOLD OF ONE VICTIM WITH A MINOR FOOT INJURY AT FAIR DR. WE WERE ALSO TOLD OF ONE "DOWN" IN THE SCHOOL. I INFORMED THE EMPLOYEE THAT WE COULD NOT PROCEED UNTIL WE WERE CLEARED BY THE JEFFCO SHERIFFS DEPT. AT THAT TIME I SAW A JEFFCO SQUAD CAR ENTER THE SOUTH PARKING LOT OF THE SCHOOL.

I INFORMED DISPATCH THAT THIS WAS A CONFIRMED SHOOTING, AND ADVISED THAT THE STREET SHOULD BE BLOCKED TO STOP TRAFFIC FROM PASSING IN FRONT OF THE SCHOOL. FF LOSASSO BLOCKED THE STREET WITH CONES. WITHIN A FEW MINUTES WE WERE CLEARED TO STAGE AT FAIR DR. UPON ARRIVAL R11 WAS TREATING THE INJURED PT. WE STAGED AT THE INTERSECTION WITH ONE JEFFCO OFFICER WHO WAS ARMED WITH A PISTOL. WE HEARD ABOUT FOUR "POPS" WHICH WE THOUGHT WERE IN OUR DIRECTION. LATER IN THE INCIDENT I NOTICED THE POLICE HAD MARKED A BULLET THAT WAS LAYING IN THE STREET ABOUT 50 FEET NORTH OF OUR PARKING SPOT. WE WERE MOVED TO A STAGING AREA AT LEAWOOD DR AND PIERCE, AND LATER MOVED BACK TO OUR STAGING AREA AT FAIR DR.

FROM THIS LOCATION WE WERE TOLD THE SW CORNER OF THE SCHOOL WAS CLEAR AND WE WERE ASSIGNED TO PICK UP WOUNDED WITH R11. R11'S CREW WAS PARAMEDIC M. FLEMING AND PARAMEDIC J. ALWARD. WE DROVE TO THE SOUTH PARKING LOT AND OBSERVED ABOUT FOUR OFFICERS POINTING GUNS AT THE SCHOOL. FF LOSASSO PULLED THE RIG ONTO THE GRASS NEAR THE BUILDING ENTRANCE, WHERE WE SAW FOUR VICTIMS. R11 PULLED UP NEXT TO US, ON OUR EAST SIDE. WE EXITED THE VEHICLES AND RAN TO THE VICTIMS. WE FOUND ONE DEAD, AND HE WAS LEFT IN PLACE. FF LOSASSO AND I FOUND SEAN GRAVES, PRONE ON THE GROUND, CONSCIOUS AND ALERT. HE TOLD US HE COULD FEEL HIS LEGS BUT NOT MOVE THEM. HE WAS MOVED, IN THE POSITION FOUND, BY LIFTING HIS COLLAR AND BELT. AS I RECALL, THIS IS WHEN THE SHOOTING BEGAN.

HE WAS LOADED ONTO THE PRAM, WHICH WAS STILL IN R13. THIS WAS DIFFICULT AS THE PT WAS LARGE. AS I ARRANGED HIS BODY ON THE PRAM, FF LOSASSO WENT TO ASSIST OTHER VICTIMS. THE GUNFIRE CONTINUED. AT THIS TIME PARAMEDIC FLEMING CAME TO THE BACK OF THE RESCUE CARRYING PT LANCE KIRKLIN IN HIS ARMS. KIRKLIN HAD A MASSIVE GSW TO THE LEFT SIDE OF HIS JAW AND WAS CARRYING HIS OWN LEG WITH HIS ANKLE IN FRONT OF HIS FACE. WE PLACED HIM ON TOP OF PT GRAVES. IT WAS ABOUT THIS TIME THAT A JEFFCO OFFICER STARTED FIRING WHAT SEEMED TO BE A FULLY AUTOMATIC RIFLE AT THE BUILDING FROM THE REAR BUMPER OF R13. THE REAR DOOR OF R13 WAS CLOSED AND FF LOSASSO DROVE TO THE STAGING AREA AT FAIR DR. R11 LOADED PT ANNE MARIE HOCHHALTER AND FOLLOWED R13.

AT THE STAGING AREA PT KIRKLIN WAS PASSED TO A DG AMBULANCE. PARAMEDIC CAPTAIN JIM OLSEN JOINED ME IN THE BACK OF R13 FOR THE TRIO TO SMC. SEE THAT MEDICAL REPORT FOR COMPLETION.

AFTER LEAVING SMC, WE RETURNED TO THE SCENE CODE 3, WITH A ENGLEWOOD POLICE MOTOR CYCLE ESCORT. WE RETURNED TO THE STAGING AREA AT FAIR DR. I TOOK THE MAPS OF THE SCHOOL FROM R13 AND ATTEMPTED TO HAVE THEM DUPLICATED AT THE JEFFCO AND ARAPAHOE SHERIFFS DEPT COMMAND VEHICLES. THESE WERE FOR THE

JC-001-007960

SWAT TEAM TO USE. THIS IDEA DID NOT APPEAR TO BE VERY SUCCESSFUL

OUR NEXT ASSIGNMENT WAS TO THE FIRST DOOR SOUTH OF THE MAIN ENTRANCE, WHERE SWAT TEAMS WERE ENTERING. R13'S CREW NOW CONSISTED OF GORMAN, OLSEN AND LOSASSO. WE WERE TOLD AT LEAST THREE TIMES THAT AN INJURED TEACHER WOULD BE BROUGHT TO US BY A SWAT TEAM. AT ONE POINT WE WERE TOLD BY A SWAT LEADER THAT WE WERE CLEAR TO FOLLOW HIM, WITH OUR PRAM, TO A VICTIM. THAT ORDER WAS QUICKLY CANCELED. WE NEVER ENTERED THE BUILDING BY MORE THAN 25 FEET. JUST INSIDE THIS ENTRY DOOR WAS A BACK PACK, WE HAD BEEN TOLD OF MOTION SENSITIVE BOMBS IN BACK PACKS. AN OVERTURNED SMALL STUDENT DESK BLOCKED THE PACK FROM PEDESTRIANS.

AS EACH SWAT TEAM ENTERED THROUGH THIS DOOR, I MADE SURE THE TEAM LEADER KNEW OF THE BOMB REPORTS. ONE TEAM DID NOT HAVE THIS INFORMATION PRIOR TO OUR CONVERSATION. SWAT TEAMS BROUGHT OUT UNINJURED STUDENTS AND TEACHERS THROUGH THIS DOOR. THEY WERE ESCORTED ACROSS THE STREET BY THE FBI SWAT TEAM. OUR CREW STAYED AT THIS LOCATION UNTIL THE INCIDENT DE-ESCALATE. WE WERE RELIEVED OF DUTY AT ABOUT 1900 HOURS.

Captain Nagle,

In response to your memo 04/27/99 please find my statement of actions
04/20/99:

Reporting to duty 07:30 hours found E-17 out on a call assisting Douglas
County Sheriffs Department with a bomb that was found at Highlands
Ranch High School.

Training and calls the rest of the morning. Heard initial dispatching of
Incident at Columbine High School and turned on radio monitor.

Approximately 11:55 hours received a phone call from Captain Roland
Seno ordering E-17 to move up to Station 11. Arriving Station 11 at
approximately 12:15 hours. Reported to Chief Robert Rinne in
Communications Center. 12:25 hours FF/Paramedic Bob Lovelace
assigned to E-17 and received direct orders from Chief Rinne to move up
to Station 13. Approximately 13:00 hours arrived Station 13. Shortly
after 13:00 hour R-18 with Lt. Barb Thomas, FF Rhondi Lambeth, FF
Michael Johnson and FF Patrick Brandon arrived at Station 13. R-18 did
not have ALS medical equipment and was "married" to E-17.

13:55 hours, Call 34938, Medical Assist Leawood Elementary School,
6155 W. Leawood Dr. Assisted Ambulance on scene with adult, male
patient with chest pain. I had no patient contact. Media "swarmed" me. I
answered a question about what we were doing at Leawood by saying that

JC-001-007962

we were providing emergency medical service to a citizen. I answer a question about the problem being related to CHS by saying: "I did not know if the problem was directly related." We remained tied up with traffic congestion until approximately 14:20 hours.

14:26 hours, Call 34946, Assist Police with investigation of 8276 S. Reed Street. 14:33 arrived and found Sheridan Police, Lakewood Police, ATF and Arapahoe County Bomb Technicians preparing to investigate gasoline smell and report of bomb at residence.

14:38 hours, approximately, shut off electricity and natural gas to residence with the permission of the Bomb Squad and Police.

15:10 hours, approximately, I became aware of a young man that was later identified as Eric Harris' brother driving up to the barricade, placing two duffel bags on the street. It was pointed out to me at this time that Eric Harris' Mother and her Attorney were in an automobile parked on the street south of our operation.

15:20 hour, approximately, I ordered a 5" supply line from hydrant west of our location, ready not charged. We pulled two 1 3/4" preconnected lines and charged one for team 1 (FF Lovelace and FF Chapman in full protective gear) to back up Bomb Squad entry from "safe" street position. Second line was for team 2 (FF Michael Johnson and FF Patrick Brandon in full protective gear.) Team 2 was to back up the operation.

15:30 hours, approximately, I ordered the adjacent houses evacuated. Police assisted.

15:40 to 15:50 staged and stood by.

15:50 hours, approximately, Bomb squad in full fire bunker gear entered [REDACTED]

16:00 hours, approximately, Bomb squad left building carrying "device."

16:05 Police told us we were no longer needed at this location .

JC-001-007963

16:14 hours Rescue 18 returned to service as a BLS Rescue with four people.

16:36 hours Engine 17 returned to service.

17:00 hours, approximately, transported FF Bob Lovelace to Columbine High School Command.

17:30 hours, approximately, ordered to Station 11.

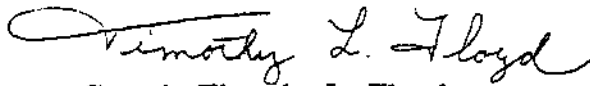

17:45 hours, approximately, ordered to return to Station 17 and be relieved.

18:20 hours, approximately, Paramedic/ Acting Engineer Steve Shelafo relieved and FF Allen Chapman relieved.

18:30 hours, approximately, I was relieved by Capt. Troy Zinn. E-17 moved up to Station 16, I believe.

20:00 hours, approximately, I finished paperwork and went home as ordered.

With Respect I Remain,

To: Captain Gene Nagle

In response to your memo on the columbine tragedy on 04/20/99. After hearing initial dispatch for incident I listened and watched incident with Capt. Floyd and Paramedic/Acting Engineer Steve Shelafo. At approximately 12:00 hours was told by Capt. Tim Floyd that we were going to Station 11. We arrived at Station 11 about 12:15 hours and reported to Chief Robert Rinne in the Communications Center. While in Communications FF/Paramedic Bob Lovelace was added to E-17 crew. I was then told by Capt. Tim Floyd we were moving to Station 13 where we arrived at about 13:00 hours. Shortly after arriving at Station 13 R-18 arrived with Lt. Barb Thomas, FF Rondi Lambeth, FF Patrick Brandon, and FF/Paramedic Micheal Johnson.

While at station 13 we all continued to monitor news coverage and radio traffic. Approximately 13:55 hours E-17 and R-18 responded to patient with chest pain at Leawood Elementary. On arrival we found that a AMR ambulance was already on scene and would be transporting patient. While at Leawood Elementary I was approached by a reporter in which I referred him to Capt. Floyd. The area around Leawood was very congested with people, traffic, and media which made it difficult for us to get out and return to station 13.

At approximately 14:30 hours E-17 and R-18 received call to assist police at [REDACTED]. On arrival found Sheridan, Lakewood, ATF, and Arapahoe County bomb squad preparing to investigate gasoline smell and possible bomb at residence.

At about 14:38 hours Capt. Floyd ordered electricity and gas shut off at residence.

Around 15:00 hours it was pointed out to me by Paramedic/ Acting Engineer Steve Shelafo that Eric Harris' mother with attorney was sitting in auto to the south of us.

At 15:10 hours, approximately, a kid who was later identified as Eric Harris' brother arrived at barricade, placing bags out on ground. Law enforcement at scene searched car and brother of Eric Harris. Also at this time we were in process of evacuating houses around the street.

JC-001-007965

At 15:20 hours, Capt. Floyd gave the order to pull 5" supply to hydrant west of location, this was done by FF Patrick Brandon. Also at same time Capt. Floyd gave order to pull 1 3/4" preconnect which I did. A second 1 3/4" was also pulled and left uncharged. During this time FF/Paramedic Bob Lovelace and myself were made team one, and FF Patrick Brandon along with FF/Paramedic Michael Johnson were made team two.

15:40 to 15:50 stood by and waited.

At 15:50 , Bomb squad team entered the house. During this time FF/Paramedic Lovelace and myself were positioned on charged 1 3/4" in full protective clothing to back up bomb squad. Also FF Brandon and FF/Paramedic Johnson positioned themselves on the uncharged 1 3/4" line as a second back up. Approximately 17 minutes later bomb squad exited with device. We then picked up and prepared to leave scene.

At approximately, 16:40 hours, we returned to station 13.

Around 17:00 hours, we dropped FF/Paramedic Bob Lovelace off at Columbine High School.

At 17:30 hours, we returned to station 11 and then returned to station 17.

At 18:20 hours, I was relieved and sent home.

Re : Columbine Incident

On April the 20th, 1999 I was assigned to R-18 as the Lieutenant with my partner Patrick Brandon. We had just finished a medical assist at the Highlands Ranch Post Office. We returned to Station 17, by request of Lieutenant Stern (Lieutenant Stern was with Rhondi Lambeth and a dispatcher named Shane) to assist him by transporting his crew to Station 16 to retrieve a reserve Rescue unit. While en route to Station 16 we heard of the shooting at Columbine High School. We were on C-470 at Santa Fe when the dispatcher stated that there was a possibility of numerous victims. I chose to move up to Santa Fe and Mineral to stand by. Shortly after, from dispatch reports, the incident was escalating so I chose to move up to Ken Caryl and Pierce. My thoughts were if this turned out to be a MCI that we would need a lot of help and we had five people on board to do so.

I advised dispatch over the phone where we were staging and how many people I had on board. We were then dispatched to a report of an auto accident at Littleton Blvd. and Crocker St. with S-12. En route to this call S-12 reported a non injury accident and R-18 was told to respond to the shooting scene at Columbine High School and stage at Leawood and Pierce.

On arrival to the staging area, R -18 parked on Pierce St. southbound. We were given orders by Battalion Chief Ray Rahne to respond to Caley Dr. and Yukon Ct. on reports of victims there. R-18 was the first unit to arrive in the culdesac, on size up of the scene we had numerous victims lying on the ground. I immediately took command and assigned Lieutenant Stern to be the triage officer. I quickly counted the victims that were down and I determined that I needed ten ambulances. Patrick Brandon and Rhondi Lambeth assisted Lieutenant Stern with the triage, it was then decided that they would take the most severely wounded patient themselves in R-18. Myself and Lieutenant Stern remained at the scene to coordinate command and triage.

Rescue units from West Metro and Ambulances from AMR and Columbine started to arrive at the scene of Caley Dr. and Yukon CT. to transport out the victims. One Pt. that had a head wound was upgraded to critical and was transported by Air Life helicopter. I was Caley command for a while until the IC system was expanded to include a operations Chief and from then on, I was Caley Division. All patients were transported in a timely manner without incident. During the incident I received additional medical supplies from Captain Bruggenthies. Operations made sure that there were two to four ambulances available for any further victims that were extricated from the school and brought to my location. Denver Police officers did in fact bring out numerous young adults with no physical injuries and set up an area in the back yard of

JC-001-007967

a residence in the culdesac to be interviewed by Police and to be consoled by victim assistance personnel.

When the incident was coming to a conclusion and all the victims from the school were cared for and transported to the hospital, Lieutenant Stern and myself were ordered to respond to Station 13, a crew from Rural Metro helped transport us and all our supplies. Caley division was dissolved.

On April 20, 1999 I was E.M.T. / Driver on Rescue 18. We were dispatched to an incident of shooting at Columbine High School with possible multiple victims. Upon arrival we staged on Pierce and were almost immediately sent to Caley and Yukon to a report of possible shooting victim. Upon arrival at Caley and Yukon we found multiple (possibly 15) gunshot victims. Many of which were in critical condition. I was assigned to assist with triage and to transport a victim.

Pt. #1 Mark Taylor, 16 year old male suffered 5 penetrating wounds. 2 to the chest, bilaterally, midaxillary. 1 to the left leg (groin area). 2 to the right arm (apparently entrance and exit) Pt. was AAOX1 (name) and skins were pale, cool, and clammy. Pt. was immobilized on a backboard and loaded via gurney to Rescue 18. Enroute pt was administered high flow O2 via mask, pt had a clear airway and did not need adjunct. A few attempts at establishing an IV failed and pt was placed in the trendelenburg position. HEENT, CTL, Chest, Abd., Pelvis, and all long bones - to DCAPBTLs except where noted above. Pupils were equal but slow to react. Breath sounds were wet on right side. Neuros were equal but motor skills were weak when attainable (AAOX1). All wounds were bandaged and all attempts to keep pt talking and alert were made. Pt. did not lose consciousness enroute. Pt. was transferred to University ER for further eval and treatment.

SUBJECT: Time Line for DFD Response to Columbine High School

At a few minutes after 1200 hours Truck 28 and Chief 7 were requested to respond to Columbine High School. The request was made by an officer with the Denver Police Department, who was apparently on scene. The request was to use the aerial for rescue and/or entry to the second floor of Columbine High. Truck 28 staged at W. Bowles & S. Pierce with a squirt from West Metro.

I spoke to Captain DeManna with Denver Police, he was unable to determine who had requested our apparatus or the location of the Command Post. I located Fire Operations Officer from Littleton Fire and informed him we were on scene. Truck 28 was assigned to a fire attack group.

Shortly afterward Paramedic Todd Parsons, DHMC, who was coordinating Triage, requested eight additional firefighters to assist with triage and to be placed on ambulances. I requested two more Denver apparatus from dispatch. Engine 30 and Truck 25 were sent to the incident, both apparatus parked at Bowles and Pierce. The crews reported to Triage and were assigned to patient interviews or placed on ambulances in staging. Chief Berg of West Metro and the Fire Operations Officer were informed as these actions were taken.

SUBJECT: Columbine High School Incident

Attached is some additional information concerning our participation in the Columbine incident.

I discussed the initiation of our involvement with Lt. Jerry Winters, the officer assigned to Dispatch on April 20th. He states that the initial call for fire department assistance came from one of the police dispatchers, who received the request from a DPD officer on scene. Fire dispatchers sent Truck 28 and Chief 7 (D07), as our protocol requires a District Chief to respond with the apparatus to all "assist police" calls.

I think Chief Rex King's letter accurately addresses our actions from that point forward, with the exception of my arrival and participation. Again by protocol our Division Chief is paged any time companies are dispatched outside the City. Division Roberts asked me to report to the scene and assist Chief King as needed. After reporting to Rex, we determined that I would work with Paramedic Parsons in Triage coordinating the use of fire resources at that location and Rex would remain at the Fire Command Post for communications purposes.

If we may be of further assistance I can be reached at the Operations Division

Officer Statement

April 29, 1999

**Lt. Laura Vetos
Englewood Fire Department**

**Prepared For Littleton Fire Department
Regarding Columbine High School Tragedy, April 20, 1999**

**12:00 – First aware of shooting at high school while enroute to a fire call
13:00 – Asked to man station 12 in Littleton, turned back once we arrived and asked
to respond from our district
13:30 – Called out on SWAT activation
14:15 – Arrive Columbine High School on West Side near Library**

Once on scene, my job as a medic for the SWAT team is to accompany them on any duties assigned, and provide medical help should it be required. Especially related to entry and possible victims trapped in unsecured areas or downed law enforcement personnel.

At the high school we began by assisting students and teachers being evacuated out to waiting transportation. We then assisted Littleton fire with loading a wounded girl out of the library. We then helped secure the outside of the Gymnasium as there was a possibility of shots fired shortly before that. Denver SWAT came through the door shortly after that.

We then made entry into the Library when asked to help with another patient. Once in the Library we were told all victims were dead and asked to evacuate. At that time we went down the outside stairs and placed a sheet over the dead male student lying there. We also finished covering the dead female student near the Littleton fire engine. We could see another student dead inside the west side double doors near the Library. It was obvious there had been a semi-automatic 9mm weapon used. I saw as well shotgun and 223 bullets strewn about the exterior. There were backpacks, shoes and various clothing strewn about from the stairs to the entrance we manned on the NW corner of the Library.

After that we assisted with placing police tape, digging out the Littleton engine and car search. I left at that time as I was need as a fire officer back in our district.

Subject: Columbine Shooting April 20, 1999

On April 20 Englewood Rescue 21 was dispatched to Columbine High School at 1216 hours to provide transport for possible

shooting victims at that location. We were instructed to stage at the intersection of Coal Mine and Pierce and await instructions.

Due to the traffic conditions at the time we were routed to the intersection of Bowles and Pierce and arrived at approximately

1235 hours. After several minutes at that location we were directed to proceed south on Pierce to stage with the ambulances

on location. At 1308 hours an officer from the Arapahoe County Sheriffs Dept. directed us to proceed 200 yards south to

Fair and Pierce (just to the North of Leawood Park). We stayed at this location for the next 3.5 hours acting as a Triage/

First Aid station.

We examined the Vice Principal and several counselors when they were brought out of the school. Richard Edison, the

Paramedic aboard R-21, made sure no one was injured and then had them interviewed by S.W.A.T. for any relevant info as

to the location of children hiding in the building.

Late in the afternoon, around 1620 hours, R-21 transported the Denver trauma Doc., a Littleton Capt. and driver to the rear

of the school. The Doc. was going to enter the school and officially call the victims. The S.W.A.T. team leader declined entry

due to the live bombs and booby traps in the building and especially the Library.

Someone finally cleared the entry and the Doc. entered the school.

At this time Edison and myself were cleared to return to Englewood. Prior to our departure we ran into Lt. Vetos, a S W A.T.

medic from Englewood and gave her a ride back to Jefferson Station. We arrived back in our district at 1700 hours.

After clearing from a diabetic reaction on S. Kendall I was told by Control One to stay near Columbine High. We responded to the ambulance staging area at Pierce and Bowles. I was later contacted by Chief 30 To go get bottled water to supply the crews. We reported to the Phar Mor at Pierce and Coal Mine road. The water was brought back to the command center. We were placed back in staging now closer to the school on Pierce. We were assigned a Police officer from Denver to cover us incase we had to enter scene. We were never used and were released from scene.

SOUTH METRO FIRE/RESCUE 35 RESPONDED TO COLUMBINE HIGH SCHOOL CODE 3 AFTER A TIE LINE REQUEST FROM SOUTH METRO DISPATCH FOR THE RESCUE TO RESPOND TO A SHOOTING IN PROGRESS AT THE SCHOOL. KEN RUBIN/ATTENDING FIRE/PARAMEDIC. DAVE ZUDE/DRIVER/FIRE/PARAMEDIC TECH. UPON ARRIVAL AT SCENE SOUTH METRO RESCUE 35 WAS DIRECTED TO THE FORWARD MEDICAL STAGING AREA WHERE THE RESCUE WAS THIRD IN LINE TO RESPOND INTO THE SCENE, ONE BLOCK AWAY. RESCUE 35 CREW MEMBERS WERE BRIEFED ON AN ONGOING BASIS BY MEDICAL COMMAND ON ISSUES ASSOCIATED WITH THIS INCIDENT. BRIEFING INCLUDED POSSIBLE NUMBER OF VICTIMS, SEVERITY OF INJURIES, HOSPITAL DESIGNATIONS AND DANGERS OF ENTRY INTO THE SCHOOL. WE WERE ADVISED THAT THE SCHOOL WAS NOT SECURED WITH NUMEROUS SHOOTERS STILL ACTIVE. ALSO ADVISED THAT SOME VICTIMS MAY BE WIRED WITH EXPLOSIVES AND OTHER EXPLOSIVES MAY BE PLANTED THRU OUT THE SCHOOL PROPERTY.

THE 2 FIRE RESCUES IN LINE IN FRONT OF SOUTH METRO RESCUE 35 WERE ASSIGNED AND DEPLOYED TO THE FRONT OF THE SCHOOL LEAVING RESCUE 35 NEXT UP. AFTER A LENGTHY WAITING PERIOD 2 DENVER POLICE VEHICLES DROVE TO THE STAGING AREA AT A RAPID RATE OF SPEED AND INFORMED THE STAGING OFFICER THAT 2 PARAMEDIC RESCUES WERE NEEDED AT THE REAR OF THE SCHOOL IMMEDIATELY. SOUTH METRO RESCUE 35 RESPONDED TO THIS REQUEST WITH A DENVER HEALTH AMBULANCE FOLLOWING BEHIND. WE WERE ESCORTED TO THE REAR OF THE SCHOOL BY THE 2 DENVER POLICE VEHICLES. UPON ARRIVAL AT THE REAR OF THE SCHOOL WE WERE MET BY A SWAT TEAM THAT WAS TAKING COVER AND INVOLVED IN AN OFFENSIVE OPERATION. WE WERE ADVISED TO TAKE COVER AND WAS TOLD THAT THIS TEAM WAS ATTEMPTING TO MAKE ENTRY THRU A REAR DOOR THAT LED TO THE SCHOOL LIBRARY. THERE WERE 2 DEAD STUDENTS ON THE SIDEWALK. RUBIN AND ZUDE TOOK COVER BEHIND THE SCHOOL GENERATOR WITH 4 SWAT TEAM MEMBERS AT OUR SIDE. WE HAD A PRAM AND A SCOOP STRETCHER FOR RAPID EVACUATION. THE FORWARD SWAT MEMBERS WERE MAKING ACCESS TO THE SCHOOL LIBRARY AND AFTER A SHORT WAITING PERIOD THE SWAT TEAM LEADER RAN OUT OF THE LIBRARY AND YELLED THAT THEY NEEDED "ALL MEDICS NOW".

PARAMEDICS RUBIN AND ZUDE ENTERED THE LIBRARY WITH OTHER SWAT TEAM MEMBERS AND A WEST METRO FIRE/PARAMEDIC CREW THAT WAS ALSO ON SCENE. WEST METRO MEDICS WERE DIRECTED TO A SALVAGABLE PATIENT WHO THEY WERE REMOVING FROM THE SCENE WITH THE HELP OF DENVER HEALTH MEDICS. AFTER PASSING NUMEROUS DEAD STUDENTS I ASKED THE SWAT TEAM LEADER WHERE THE SOUTH RESCUE 35 MEDICS WERE NEEDED. HE POINTED TO AN AREA WHERE THERE WERE MANY VICTIMS DOWN WITH UNKNOWN STATUS. RUBIN AND ZUDE DECIDED TO SPLIT UP BECAUSE OF THE NUMBER OF VICTIMS DOWN IN THE LIBRARY, 3 ON OUR COUNT WITH 2 MORE ON THE SIDEWALK. RUBIN AND ZUDE TRIAGED AND ACCESSED EACH DOWNED STUDENT IN THE LIBRARY AREA. EACH HAD SUFFERED MULTIPLE GUN SHOOT WOUNDS WITH LARGE CALIBER WEAPONS. MANY VICTIMS HAD CLOSE RANGE HEAD AND FACE SHOTS LEAVING THEM DEAD AND UNSALVAGABLE. I REPORTED THIS INFORMATION TO THE SWAT TEAM COMMANDER THEN TO MEDICAL COMMAND AND LEFT THE STRUCTURE. IT SHOULD BE NOTED THAT SOUTH

I received a page from my son, Matthew Depeu, at 11:30 AM. I was at H.Q., I.D. Bureau. My son stated over the page, "Dad, shots are being fired. There are two people with guns shooting people, please hurry."

I drove code 10 to the area, pulled through the park, went to the WEST side of the school, shots were being fired on the school towards a Jefferson Co. Sheriff officer, 20 kids were hiding behind his vehicle. I had 6 kids climb into my vehicle, opened the trunk another few, 8 climbed in. One of the boys gave me the following. One suspect's name was Eric Harris, the other was Devin something, Devin was wearing a trench coat, both had hand guns, one with a assault weapon, the other had a shot gun. They were shooting everyone, I aired the information. I had this boy back my police car up with the kids, I went to assist the SWAT officers at the scene. I took the inner perimeter at

Summary of Statement (cont.) the Northwest corner of the building with Tech. O'Neill. There were two dead girls lying next to the West Door. I saw a white panel van with the keys in it. I was going to use the van to attempt a rescue of the down two kids. The back doors were locked, I smashed open the rear doors, started to pull the van around to the girls. Officers at the scene advised that a male party was on the roof. This was the repair man, who owned the van. I pulled the van up to the building, we had this man jump from the roof to the top of the van. I pulled away from the building, had the repair man, (to safety) run to the command post. Radio stated that SWAT officers were moving up with a FIRE Pump for cover to rescue the two downed students. I left the van back to the corner of the Building.

Four other people ran from the school taking cover behind the Jefferson Co. officers vehicle. Sgt. Orton, myself, Sgt. O'Shea got in a vehicle, pulled up to the vehicle, loaded the four people, drove them to the command post. We went back to the building, taking up positions. Other kids came out, my son was with them. I went to the command post with him. He gave me the following information, that the suspects were using flash bangs, that one had

**DATE/TIME OF
INTERVIEWS:** August 11, 1999

**PLACE OF
INTERVIEW** District 4 offices, Denver, Colorado

**ASSIGNMENT
SYNOPSIS.**

The Reporting Agent conducted an interview with Denver Police Officer, Wayne DEPEW. Officer DEPEW stated he was working in unit #412 on the day of the shooting. He stated he was at Denver Police Headquarters when he heard his name on another officer's radio. He stated he received a page from his son, Mathew DEPEW at or near the same time he heard his name called out on the radio. He stated he also began to hear about the shooting in general on the radios. DEPEW stated he called his pager system and heard his son's frantic voice stating there was someone shooting people at the school. He stated his son was in the lunchroom when the shooting began. He stated his son had been interviewed, however, he felt a more in-depth interview should be conducted. He stated he thought the initial page from his son was at approximately 11 27 a.m.

Officer DEPEW responded from headquarters to Columbine high school with Sargent GREEN and Officer Ken LARITA. He stated he believed they arrived at the school at approximately 11 50 a.m. DEPEW stated they stopped briefly at the command post on Pierce Street, and he saw several SWAT officers preparing to respond into the area. He stated he asked one of the SWAT officers for his assault rifle, but the SWAT member told him no. DEPEW stated he, Sargent GREEN, and Officer LARITA drove on towards the school. He stated they drove around the north side of the school and, towards the football fields and ended up parking approximately 30 feet west of a Jefferson County patrol car. He stated the Jefferson County vehicle was located up on the hillside, straight west of the west side entry doors to the school. He stated one Jefferson County Deputy was crouched down behind that

JC-001- 007994

vehicle and several students were hiding behind the vehicle with him. DEPEW stated he guided the students to his patrol car and started loading them inside. He stated he even put kids in the trunk of the vehicle, and then gave his patrol car keys to a male student and told him to drive the car out of the area. DEPEW stated he had briefly questioned the male student he had given his keys to and the student told him he saw Eric HARRIS and another kid named Darren or Derrick shooting up the school. DEPEW stated the male student stated he only saw the two suspects he described and no one else. The male student stated Harris was wearing a light colored shirt and dark pants and the other shooter was wearing a black trench coat. The male student told DEPEW the two shooters were carrying assault weapons and shotguns, and he thought they might be wearing some sort of vests. DEPEW stated he aired that information on Tac-4 radio

DEPEW stated he decided to try and get in closer to the school after the male student drove his car away from the area with the other students loaded inside. He stated he ran down to the northwest corner of the fenced area that extended around the generator equipment. He stated he saw a boy and a girl lying on the ground near the west entry doors to the school. He stated the female student appeared to be dead, however, the other student was moving his or her arms. He stated he was unsure the student that was moving was male or female, but he was certain the dead student was a girl. He stated when he eventually worked his way around the north side of the fenced area and ended up on the northwest corner of the school building. He stated Denver Officer Tom ONEAL was at that location when he arrived. DEPEW stated there was a large white maintenance type van near the northwest corner and so he thought he could use it as a pickup vehicle and shield for trapped students. He stated he attempted to open the back doors but they were locked. DEPEW stated the keys to the vehicle were in the ignition. He stated he got inside and attempted to force the rear doors open. He stated he then started the vehicle and began to back away from the school towards the north. He stated he saw a maintenance man on the roof of the school, above the northwest corner as he was backing away. DEPEW stated he immediately pulled the van up to the school so the maintenance man could jump onto the roof of the vehicle. He stated the vehicle was damaged when he hit the side of the building, however, he did not know the extent. He again backed the vehicle to the north with the maintenance man on the roof and stopped the vehicle near the tennis courts. He stated he noticed a large dark colored backpack on the sidewalk north of the tennis courts after he had parked in that area.

DEPEW stated he then noticed a large fire truck driving around the north side of the school from the northeast corner. He stated there were several law enforcement officers towards the rear of the vehicle. DEPEW stated Officer Vince DIMANNA joined himself and Officer ONEAL at the northwest corner. He stated he watched the fire truck continue around the north side of the school towards the northwest corner. He stated the truck turned around and backed into the area where the west entry doors to the school were located. DEPEW stated Officer DIMANNA joined the fire truck crew and approached the west entry doors with a large shield. He stated DIMANNA was on the left and Officer FALLEN was on the right side. DEPEW stated he saw Officer FALLEN pick up the student that had been moving he or her arms and carried them away from the school. He stated the entire group backed out together and the female that appeared to be dead was left in that area. He stated the officers that had approached the west entry doors were getting fired upon, and he remembered seeing debris coming out the west door towards them. He stated he saw several of the officers return fire into the west door, and also lay down suppression fire towards the south entryway wall. He stated approximately 2 minutes later he saw the same group of officers attempt to approach the west doorway again. He stated that on the second entry the officers were able to move the female away from the west doors.

DEPEW met with Sargent ORTON near the northwest corner of the building. He stated Sargent ORTON had a 223 rifle in his vehicle. DEPEW stated he got in the back of Sargent ORTONS vehicle and pointed the 223 out the side towards the school while they drove back up the hill to the Jefferson County patrol car. He stated Officer OSHEA was also in the vehicle with them. He stated they had to rescue 4 more victims in that area. He stated they loaded 3 adults and 1 juvenile into Sargent ORTONS Dodge Dakota and they transported those individuals to the command post. He stated while they were in route one of the adult victims stated the shooters had killed all the kids in the cafeteria. DEPEW stated he was devastated because that is where his son had told him he was at. DEPEW stated after the 4 victims were taken to safety, he ORTON and OSHEA returned to the northwest corner of the school.

He stated he gave ORTON back his 223 rifle. DEPEW stated that while he and the other officers were waiting on the northwest corner he heard on the Denver radio that the suspects might have escaped the area. He saw Lieutenant VESSA park the SWAT van

where the other van he had used to rescue the man on the roof was located. Lieutenant RYAN ordered DEPEW away from the school and back to the Dakota vehicle. DEPEW stated RYAN told him to calm down because he was bouncing all over the place. DEPEW stated as he was going towards Lieutenant RYAN he saw his son, Matthew being evacuated with other students. He stated he went over to Matthew, who was hugging Lieutenant VESSA and began talking to his son. DEPEW stated VESSA told him to take his kid and get away from the scene. DEPEW stated he was very excited. DEPEW stated Sargent Doug JONES had arrived on the north side of the school a few minutes earlier in his own personal vehicle. He stated JONES owns a black Chevy truck. DEPEW and his son got in the Pick-up truck belonging to JONES and drove to the command post. He stated Matthew told him neither of the two suspects that were doing the shooting was in class earlier in the day. Matthew told his father he saw the first kid get shot, and he saw KLEYBOLD firing a weapon into the west side of the commons. He also told DEPEW he saw HARRIS on the hill. Matthew described the weapons being used by the suspects as shotguns, rifles, handguns, and some type of homemade devices (not really bombs).

DEPEW stated when he arrived back at the command post with his son they met with Officer Alex WOODS and DEPEW had his son explain the description of the weapons used. DEPEW then had his son sit down on the curb with Officer Billy PHILLIPS. DEPEW heard Matthew state that the suspects were known to hang out under bridges in the Leawood area and smoke pot. DEPEW stated he remembered hearing on the radio that the suspects may have got out of the school. He stated he then approached Captain SANDAVOL about the bridge information and was told to take some officers and check it out. DEPEW stated he, Sargent DIAZ, Officer BLAYA, and Officer Sue GRANT developed a team to search the Leawood bridges. He believed the 1st bridge they searched was near Kaylie & Weaver streets. He stated they found evidence of items being blown up that consisted of an exploded plastic bottle. He stated they collected the bottle and turned it into the Denver lab for processing. He stated the second bridge they searched was located on south Pierce & Weaver streets. Nothing was found under the second bridge. DEPEW stated they left to return to the command post and stopped by CHS student, Brett ONEAL'S house. He stated the address to the ONEAL home is 6281 N. KENDALL, and then stated that Kendall & Weaver were actually the cross streets where one of the bridges were located. Brett ONEAL provided a yearbook and both suspects photographs.

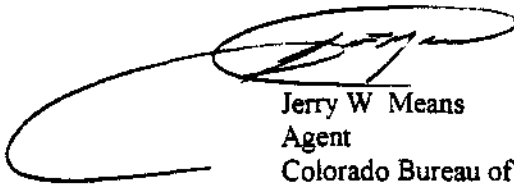

were circled. ONEAL gave the yearbook DEPEW who in-turn submitted it to the command post.

DEPEW stated Captain SANDAVOL told DEPEW to stay at the command post, and then asked him where his vehicle was. DEPEW told SANDAVOL it was still parked on the hill west of the school. SANDAVOL told DEPEW to go way around the crime scene and get his car and then come straight back to the command post. DEPEW stated he went through the park north of the school and way around the west side. He stated he found his car parked by the pump house west of the school. DEPEW stated he saw police going in and out of the west entry doors to the school. He saw them carrying a stretcher with a victim loaded on it. DEPEW stated he was curious to see what was going on inside so he walked towards the west entry doors. He stated he entered the north access doors to the library area before he got all the way to the west doors. He stated on I-call radio that he was in the area, then he went inside.

DEPEW stated when he entered the north library access door there was no one inside. He stated he saw several small Co2 canisters on the floor as he entered. He stated he also saw a Coleman propane container with duct tape and matches on the top as he was walking in the north door. DEPEW stated that as he entered the library from the north side he saw several dead students including the two suspects on the floor. He described the library to the Reporting Agent stating the first student he saw was VALASQUEZ who was on the floor between the computer tables. He remembered seeing the male student with blond hair hidden way up under the end of the computer desk. He saw Cassie BERNALL dead under a wood table. HE then stated he saw KLEYBOLD and HARRIS towards the end of the tables. DEPEW described HARRIS more towards the east and KLEYBOLD at his feet, both lying on their backs. He stated he thought about moving the weapons away from the two, however, he decided not to touch them at that time. The Reporting Agent asked DEPEW if he touched or physically moved anything in the library. DEPEW stated he did not touch anything, just walked through the area. He stated he was the only one in the library at that time. DEPEW stated he left the area and returned to his vehicle. He stated he drove to the command post and picked up Matthew. He stated he drove Matthew to ONEALS house and left him there. DEPEW stated he returned to the district 4 office and wrote his statement.

DEPEW then stated his son had received an interview that he was present for. He stated a female detective conducted the interview.

but he could not remember her name. He stated he was present for the entire interview and he was not impressed with it at all. He stated he thought she should have asked his son more in-depth questions and did not appear to him to be very knowledgeable. He asked the Reporting Agent if the backpack he described on the sidewalk north of the school had been taken as evidence and checked out. The Reporting Agent stated that he was unaware of the disposition at this time. DEPEW then stated that Denver Officer LEATS was on the phone with his son during much of the incident and LEATS confirmed Matthews statements about hearing walkie-talkie type radio traffic coming from the suspects. DEPEW stated his son and LEATS also described hearing the suspects using keys to try and open locked doors in the school. DEPEW stated he felt there were additional suspects hiding out in the outer perimeter communicating with the shooters on the hand-held radios. He asked if the field west of the school had been properly searched for evidence. The Reporting Agent stated he did not know how that area was processed. DEPEW stated he was certain there was probably some type of walkie-talkie type device laying out there and was considering checking the area out on his own. DEPEW stated Jefferson County was given copies of the tapes between his son and Officer LEATS and his Sargent would like to get a copy returned to Denver. He also stated he made a copy of the page Matthew left him and turned it in to Jefferson County. DEPEW stated he never fired his weapon or the 223 during the incident. He was unsure who provided the suppression coverage, but again stated he never fired.
