You scored as **Satanism**. Your beliefs most closely resemble those of Satanism! Before you scream, do a bit of research on it. To be a Satanist, you don't actually have to believe in Satan. Satanism generally focuses upon the spiritual advancement of the self, rather than upon submission to a deity or a set of moral codes. Do some research if you immediately think of the satanic cult stereotype. Your beliefs may also resemble those of earth-based religions such as paganism.

The Land of Darkness The Land of Darkness is your dreary home. Your life is bleak and sinister. You are prone to depression. You feel anger at the world and you feel like the victim. Everyone is out to get you. You have no problem showing your emotions, and you probably show them in a destructive way. You might have no objections to causing other people pain as you put yourself through pain. You probably cut or mutilate your body. However, deep down you are lost and crying out for help.
