|---|--|---|--|

On September 27, 2006, I was at the Bailey substation waiting for a victim to arrive at the substation so I could interview her. I came downstairs from the DHS office and heard Sgt. Hardey yell there was a man with a gun at Platte Canyon High School. I thought I heard Communications say there was a student in the school with a gun. I ran out the back door and got my bulletproof vest out and my AR rifle out of the back of my patrol car. I drove emergent to the school. There were several deputies in the substation that morning. I was the last one to leave the parking lot because I had to get my vest and gun. As I was driving to the school I heard a deputy ask me if I could turn around and get the shield. I turned around and went back to the Bailey substation to get the ballistic shield. When I arrived at the substation Animal Control Officer Purcell told me Animal Control Officer Matthew Sexton, another Animal Control Officer, had taken the shield up to the school. I passed Officer Sexton as I went back to the substation but didn't know he had the shield. I got the shield from Officer Sexton. After I left Officer Sexton, I remembered I didn't have my pack set so I radioed from my patrol car that I needed his pack set. I went inside the school up the stairs and knocked on the door announcing 111 (my radio number) was at the door with the shield. I didn't get a response. Officer Sexton arrived with his pack set and I radioed to the deputies inside I was outside the hall door with the shield. Sgt. Hardey opened the door and I gave the shield to somebody; I don't remember who took the shield from me. I went into the hallway of the classroom and heard Lt. Hancock asking the suspect what he wanted. I was not in a position to hear a response from the suspect. I went outside in the hallway and guarded the next door down from room 206. I thought in my mind I knew the classroom the suspect was in and thought the door I was guarding could be an exit for him. I took a position just down from the door in an entryway to room 208. This provided me cover in case the suspect came out that door. Sgt. Hardey had taken a position opposite of me. Shortly thereafter, Deputy Brigham arrived and moved to a position across from the door I was guarding. Sgt. Hardey left and returned with Sheriff Wegener and they started to evacuate students from the room next to 206. Sgt. Hardey provided cover for the Sheriff and kids as they were being evacuated. Sheriff Wegener returned and then started to evacuate the students across the hall from room 206. They were evacuated to the west end of the hallway and down the stairs. I provided cover for the students and Sheriff as he evacuated the students.

All the students were evacuated from the upstairs classrooms. I don't know what happened downstairs. At this time I remember Sgt. Bonnelycke and Detective Morgan arriving and Sgt. Bonnelycke went to the hallway where Lt. Hancock was trying to talk to the suspect. Detective Morgan took a position in the hallway. Several more deputies arrived, Deputy Reynolds, Undersheriff Gore, Deputy Deberry and Detective Goto. Most of the responding deputies stood in the hallway providing cover and waiting for assignments. An unknown deputy took my position and I went to the hallway where I heard Sgt. Bonnelycke talking with the suspect. I heard Sgt. Bonnelycke ask the suspect to give him something to work with and that he, Sgt. Bonnelycke, wanted this to end peacefully with nobody getting hurt. This is the extent of what I heard reference the negotiations. I never heard the suspect reply. Deputy Loughheed was drawing a map of where the suspect was in the room and said I should show it to Sheriff Wegener. After Deputy Loughheed explained the map to me, I went downstairs to the main level and saw Sheriff Wegener with a Lt. From Jefferson County. Sheriff Wegener was looking at a map of the rooms hanging on the wall and I explained the map Deputy Loughheed drew to Sheriff Wegener. The Lt. from Jefferson County was getting out his incident command soft pack and dry eraser board. At this time an unknown Denver officer entered the school and said he had a child in the school what could he do to help. I

don't know that anybody answered him. Sheriff Wegener asked me to stay with him because he needed my investigation skills. Then Sheriff Wegener said one of the hostages in the room might know who the suspect was and Sheriff Wegener asked me to go over to the district offices and find \_\_\_\_\_ and interview her about the suspect. Just as I was getting ready to leave, I heard over the radio that a hostage had been released. I waited to see if Sheriff Wegener wanted me to interview her. \_\_\_\_\_ (I think that was her last name) was the hostage released. Once she made it to the command post on the first level of the school, Sheriff Wegener and the Lt. from Jefferson County began gathering intelligence from her and Sheriff Wegener told me contact \_\_\_\_\_. I left the command post and went to the district offices to find \_\_\_\_\_.

Once I got to the school, I met an unknown faculty member and told her I was looking for \_\_\_\_\_ I met with \_\_\_\_\_ in the boardroom of the school and asked what she knew about the suspect. \_\_\_\_\_ said she did not know who the suspect was but provided me a physical description. The suspect was a male approximately 5' 10" with a buzz cut type haircut and what \_\_\_\_\_ described as five o'clock shadow for facial hair. The male was described as being in his late 30's early 40's. \_\_\_\_\_ couldn't tell me what he was wearing except for a blue hoody.

\_\_\_\_\_ said when the suspect walked into the room he was talking to Mrs. Smith and said he had a bomb in his backpack and not to touch it as the backpack with the bomb was set to go off. The suspect also shut off the lights in the room. The suspect had the males leave the room and had the remaining students go to the chalkboard. \_\_\_\_\_ described the backpack as a mid size pack that was a soft pack and brown in color.

\_\_\_\_\_ described the gun as being a handgun that looked like plastic. When the suspect shot the gun, \_\_\_\_\_ said it was real loud and it smelled like sulfur. \_\_\_\_\_ also told me the suspect was asking everybody that was left in the room their last names however, the suspect asked \_\_\_\_\_ and Emily for their dad's name. The suspect also said to give him 30 minutes and he would let someone go. During this interview \_\_\_\_\_ told me the suspect \_\_\_\_\_ and had \_\_\_\_\_.

When \_\_\_\_\_ was allowed to leave the room, she saw \_\_\_\_\_ This was all \_\_\_\_\_ had to tell me. I told \_\_\_\_\_ she did great and gave me some very important information. I told her I was sorry she had to go through something like this. At this time, the faculty member that met me earlier said \_\_\_\_\_ had filled out a voluntary statement. I read what \_\_\_\_\_ had written and asked the faculty member to hold onto the statement because I did not want to lose it.

The faculty member said there was another student I should talk to that might be able to give me some information. I asked her to bring him in. I met with a male identified only as \_\_\_\_\_ I asked \_\_\_\_\_ to tell me what he knew about the suspect and the situation when the suspect arrived. \_\_\_\_\_ said a man walked into the classroom with a backpack. The suspect pulled a gun out of his jacket and told the kids to face the chalkboard. The suspect touched \_\_\_\_\_ (unknown last name) and told him to leave the room. The suspect fired the gun and then touched \_\_\_\_\_ on the back and told him to leave. \_\_\_\_\_ said his ear was ringing because he was close to the gun when the suspect shot. \_\_\_\_\_ described the suspect as short and skinny middle age estimated age between 30's and 40's with a shaved head and a five o'clock shadow for facial hair. The suspect was wearing a hoody

and had a backpack in a camo design and said it was a soft pack. This was all \_\_\_\_\_ had to tell me. I thanked \_\_\_\_\_ for his invaluable information and told him to hang in there.

I left the district office and went to report back to Sheriff Wegener. While I was interviewing the students, I heard over my pack set that incident command had been moved across the road to the football field. As I was walking toward the football field, Lt. Muldoon hollered at me and pointed to a female walking across the parking lot. I saw this female as I was walking and asked her how she was doing and she said ok. She was walking towards the district offices. I had passed her and that's when Lt. Muldoon said she was a hostage and I needed to speak with her. I told Lt. Muldoon that would have to wait for a minute, as I needed to report back to Sheriff Wegener what I learned from \_\_\_\_\_. I met with Sheriff Wegener and told him what I learned. I also told Sheriff Wegener about the suspect asking for \_\_\_\_\_ and Emily's dad's names and perhaps there was a connection with the suspect and Emily's dad since Emily was still being held hostage. The Lt. from Jefferson County, I learned later his name was Lt. Ron Leonard, said I should pass that information on to Sgt. Webb with Jefferson County and was pointed to a trailer in the vicinity. Sheriff Wegener told me to get all the hostages that had been released (some more hostages had been released while I was interviewing \_\_\_\_\_ and \_\_\_\_\_) and have them all sit in the back of one ambulance and the ambulance crew wanted to complete a medical check on all the hostages. I finally found Sgt. Webb and told him about a possible connection between Emily Keyes and maybe the suspect knowing Emily's dad. After passing on that information, I returned back to the district offices and walked into a gym where quite a few of the students had gathered. I met with victim advocates Janet Adams and Bonnie Edmonson. I told them I was looking for the hostages and they helped me gather \_\_\_\_\_ and I believe there was one more female that came with me but I don't remember her name. I asked Janet if she could come with me and sit with the girls in the back of the ambulance. I also asked Janet if she could get the girls information such as birthdays, addresses, parent's names and telephone numbers. I escorted the hostages across the pedestrian walkway and down to the second ambulance in line. I asked the girls to stay in the ambulance with Janet Adams. When I got to the ambulance, I saw the female that I passed earlier in the parking lot. Her name was \_\_\_\_\_ asked me if I could re-snap her bra, which I did. I asked \_\_\_\_\_ if the suspect \_\_\_\_\_ said he \_\_\_\_\_ and thought he was going to do more but didn't because \_\_\_\_\_ was \_\_\_\_\_ and she felt lucky. I asked \_\_\_\_\_ how she was doing and \_\_\_\_\_ said that she was really ok. I asked \_\_\_\_\_ what she could tell me about the suspect. \_\_\_\_\_ described the suspect as being in his late 50's early 60's with short hair and being approximately 5' 8" tall. The suspect had on a sweater with a gun on his right hip. She thought the gun was an automatic. The suspect said there was a bomb in his backpack but \_\_\_\_\_ didn't think the backpack contained a bomb. I did not question \_\_\_\_\_ on that anymore because in my mind I knew the backpack would still be treated as if it had a bomb. \_\_\_\_\_ described the backpack as being 2' X 1" brown camo. \_\_\_\_\_ asked if I wanted to know where the backpack was specifically and I told her yes. The backpack was in the top left corner of the room on the 2<sup>nd</sup> row of desks on the 2<sup>nd</sup> desk from the left. The suspect fired the weapon near \_\_\_\_\_ but \_\_\_\_\_ didn't see a bullet go anywhere. The suspect asked \_\_\_\_\_ her for her first and last name. I thanked \_\_\_\_\_ for her help. While I was at the ambulance with the hostages somebody said that Mrs. Smith, the teacher, was right beside the ambulance and I found Mrs. Smith and asked her to stay in the ambulance with the girls, which she did.

After gathering the hostages, I was met by a man identifying himself as Steve with CBI. Steve needed me to ask the Sheriff if in fact CBI was handling the investigation. I went to command and spoke with Sheriff Wegener and told him CBI needed an official request from the Park County Sheriff's Office asking for CBI's help with the investigation. Sheriff Wegener said yes we were asking for assistance from CBI. I relayed that to Steve and he immediately gathered all investigators from all responding agencies to stage in a different area for assignments. Greg Sadar with CBI was also present as well as investigators from Jefferson County, ATF, Sgt. Webb, Steve with CBI and myself. I gave these investigators a brief synopsis about how the call came in and what happened and what little information I received from some of the hostages. It was decided that the hostages needed to be interviewed in depth about what happened and Jefferson County investigators were handling that. ATF agents were going to interview the other 24 students who were in the room when the suspect came in. Sgt. Webb asked me whom I wanted sent down for examinations and I stated the [redacted] I was trying to gather a roster of the kids who were in classroom 206 and had been kicked out by the suspect as well as trying to find out where those kids were being transported for ATF's interviews of those 24 students. After that was resolved, I had received information that a female had gone to the Bailey substation and said she thought it was her ex-husband who was in the school. I did not handle that information and had received it from Jail Sgt. Monica Jones. All I can remember was the last name was [redacted] and [redacted] Later I was told that the suspect wasn't [redacted] and he had been found in Arizona.

I had no concept of time as the day unfolded. At one point, ATF agent Becca Sauerhaft asked me if I wanted to run my bomb dog Cay because we had not located the suspect vehicle and there was the threat of explosives. The entire parking lot and vehicles needed to be searched. I told Becca I didn't feel comfortable working Cay because he hadn't trained in over a month due to his injury and surgery and I just didn't have time to run him because I was helping other agencies. Becca said that was fine and another ATF agent was there with his bomb dog and Becca said they would take care of clearing the cars in the parking lot. At some point during this afternoon, I heard Emily had text messaged her father saying I love you guys and was told the message was sent at 1:50 pm.

Everybody had their respective assignments and I was getting ready to go over to the district offices to start watching camera video to see if we could see the suspect enter the parking lot. As I was preparing to walk over to the offices I heard an explosion from inside the school and knew the SWAT team was making entry. The entire command center at the football field fell silent. Then I heard over the radio the request for an ambulance. Becca found me and told me she and ATF agent Larry Krisl were with Emily's father at the end of the bleachers on the football field. I told her I didn't know the status of anything right now. Then I heard another call for the ambulance, the ambulance couldn't get there fast enough, and the suspect was deceased. I knew then one of the hostages had been injured. I knew from the day's events there were two female hostages left. Somewhere I heard the hostage that was injured was breathing. I heard from somewhere the other hostage had gotten out and found it was [redacted] Becca said she would go back and tell John Michael Keyes that his daughter was breathing. The Flight for Life helicopter started and I waited for the ambulance crew to finish unloading the victim onto the helicopter. I grabbed one of the ambulance personnel and asked how the

|   |  | Date of Report<br><b>10-06-06</b>       |  |

victim was. The male ambulance person bowed his head and said she's breathing but it didn't look good. I called the Bailey substation looking for Victim Advocate Director Mary Pat Bowen to tell her I had John Michael Keyes at the football field. Mary Pat told me she had Emily Keyes' mother at the substation. I saw a female deputy with Jefferson County in her patrol car on the football field and saw she had John Michael Keyes in her car. I contacted this female deputy and told her Mrs. Keyes was at the Bailey substation and could she stop at the substation to pick up Mrs. Keyes. This female deputy said she would and she was transporting Mr. & Mrs. Keyes to St. Anthony's Central where Emily was being transported.

After the incident, I walked up to the school where I saw Sgt. Bonnelycke and Becca standing and talking. I went up to them and saw Sgt. Bonnelycke had been crying. I walked in on their conversation and heard Sgt. Bonnelycke say when he goes to \_\_\_\_\_ next year h \_\_\_\_\_ I asked what he was talking about and he said \_\_\_\_\_ the \_\_\_\_\_ was \_\_\_\_\_ While Sgt. Bonnelycke was negotiating with the suspect he picked up \_\_\_\_\_ and started talking to her \_\_\_\_\_ This made the suspect mad and he made them quit speaking \_\_\_\_\_ I told Sgt. Bonnelycke he did a great job and that only one student was lost and he successfully negotiated four hostages from the suspect. Sgt. Bonnelycke was very distressed.

While talking with Sgt. Bonnelycke and Becca, information was aired over the radio that a parent was receiving text messages from his son stating they were still inside the school in the library. At this time, incident command had broken down and officers inside were still calling command. Lt. Muldoon and I started answering the calls for command from the officers inside. Lt. Hancock was still upstairs maintaining the crime scene and asked for two teams to come into the school and check the library. I saw some Jefferson County officers (they looked like the bomb squad) and said we still had kids inside and could they go in and assist with clearing the library. They suited back up and went into the school. Lt. Hancock assigned the crime scene over to another deputy and said he would go down to the library and check. Lt. Hancock advised there were four students and three teachers or four teachers and three students in the library. The students and teachers were escorted out of the school. I do not know where they went from there. At this time, the school was checked again starting from the Middle School and working there way towards the High School to make sure no kids were left and to check again for anything. While PCSO deputies and Jefferson County personnel were checking, PCSO team found a pair of men's adult clothes in a closet in room 10 of the Middle School. The clothes looked suspicious and were out of place according to the deputies. As they continued to search a green ammunition can was found somewhere in the high school. I can't remember where they said it was and I never found out where it was for sure. The deputies were asking for the bomb squad to come back into the school and check the can. It was out of place being somewhere in the middle of a floor. I found the Jefferson County man in charge of the bomb squad (I met him earlier but have no idea what his name was) and told him about the green ammunition can found by one of the search teams. Eventually the bomb squad found the can and had taken X-rays to determine what was inside.

Lt. Hancock came out of the school with the student and teachers and I could tell he was very distraught over what happened with a hostage being shot. Lt. Hancock was blaming himself saying he didn't do enough to

## CONTINUATION SHEET

|   |   |  |
|---|---|--|
|   |   | Case Report Number<br><b>2006-001845</b> |
| Initial Offense Classification<br><b>Homicide</b> | Subject<br><b>Duane R. Morrison (S)</b> | Date of Report<br><b>10-06-06</b>        |

protect the kids in the school. I told him he did a great job and everything that could be done was done. There was nothing anybody could have done any different and reiterated we only lost one student and we could have lost six, the first hostages, or the 30 kids that were in the classroom or the entire school if the suspect really had a bomb. I tried to make Lt. Hancock understand he did the best he could.

Lt. Hancock was made to take over incident command per the Undersheriff and I saw he was in no condition to do so and told Lt. Hancock I would take over incident command. (The sheriff and undersheriff had responded to the Bailey substation.) There wasn't much of command left at the school and Lt. Hancock was asked to respond to the Bailey substation.

I met with CBI agent Tom Griffin, "Grif"; and he asked who was going to be lead detective on this case and I told him I was. I contacted Communications and pulled a case report number under my name, 2006-001845, and gave that number to Grif. He assembled his staff and decided who he was going to need. I told Grif about the ammunition can that was being checked out by the bomb squad and at this time the school was not safe to enter.

I found out a briefing with all the agencies was to take place at the gym at the district offices with all the agencies present. The brief was for all agencies to meet and figure out what had been done and what needed to be done. Prior to this briefing, Coroner Sharon Morris and some officer or somebody went into the school, where the shooting took place, to see if the suspect had any identification on him because we still didn't know who the suspect was. Coroner Morris retrieved a driver's license and I found out who the suspect was at the briefing.

As Grif and I were walking to the briefing I told him this wasn't like a regular call out from CBI where we assist them in processing the crime scene and take care of the rest of the investigation. This was so big with all the agencies assisting there was no way the Investigations Division of the Park County Sheriff's Office could handle the investigation. Grif asked if I met Steve Johnson with CBI and I told him I didn't think I had. When we got into the gym, Grif found Steve Johnson and introduced us. I had been working with Steve all afternoon but didn't remember his last name. I told Steve this investigation with the multiple agencies was too big to handle and I needed CBI to take over the entire investigation. That didn't seem to be a problem and might have been all ready worked out before I mentioned it to Steve.

We had the briefing and information was shared about who the suspect was and what was known about him at this time. Assignments were made with various agencies to take care of that night. One assignment in particular was a search warrant at the suspect's last known address. A team of investigators were going to take care of that but wanted a representative from Park County if one was available. I assigned Detective Goto to go with that team. District Attorney Investigator Betty Royse was going to attend both autopsies because I did not have a detective to spare to send to them. Betty was representing the Sheriff's Office as well as the District Attorney's Office. Joe Clayton with CBI was going to attend both autopsies as well to collect evidence and take photographs. I was going to assist Grif and his team with processing the crime scene. The task for CBI that

|---|---|--|
|   |   | Case Report Number<br><b>2006-001845</b> |
| Initial Offense Classification<br><b>Homicide</b> | Subject<br><b>Duane R. Morrison (S)</b> | Date of Report<br><b>10-06-06</b>        |

night was to collect the guns and get the information on the guns to ATF so they could start emergency traces. The other task was to remove the body. I sent Detective Morgan home to get some sleep and be ready for the next day because there was going to be another briefing at 6:30 am that morning. Detective Morgan was also on the SWAT team when entry was made and I felt he needed the break from the day's events. During this briefing, I learned the suspect had filed a stolen gun report in Park County in 1999. I told Greg Sadar we would look for that report. That night I asked Reserve Deputy Q. Connell to check Atims for the report and if it wasn't in the computer he would have to go over to the courthouse and check the archived reports. Per Reserve Deputy Connell, the report was retrieved on Thursday and turned into CBI Agent Sadar

That night and the next day I assisted CBI with processing the crime scene. Refer to Detective Morgan and Goto's reports for what they did following the day's events.

On Thursday evening as CBI was almost done processing the classroom, Detective Goto and I went to the Middle School, room 10, to collect the adult male clothes that were in the closet. The clothes did seem out of place as the classroom seemed to be an art room. We collected the clothes and photographed them via video. I showed the clothes to Grif and it was decided we, the Sheriff's Office, would maintain custody of the clothes because there was a chance they could be from the teacher of that classroom. Detective Goto and I were going to try and find the teacher on Friday to see if they were his clothes. Detective Goto maintained custody of the clothes until late Friday when we could not find the teacher to verify. The clothes were turned over to CBI on Friday.

On Friday CBI Agent Ron Ardent, Agent Joe Clayton and I finished the last minute details of the crime scene. There were several things that came up such as a student seeing the suspect in green raincoat type jacket just prior to entering the classroom. We searched for a green jacket in the vicinity and could not find one. The sand bags outside the classroom and down the hall were confiscated because it was confirmed they were not part of the Jefferson County Bomb Squad and it was believed the suspect had planted those to make law enforcement think he had a bomb. Finally late Friday afternoon CBI released the crime scene portion of the school.

At approximately 3:25 pm, I received a page from Communications advising a female in Aurora was receiving disturbing emails reference the school. I was unable to call Communications until 6:30 pm that night to get the information. A female identified as Gloria Poole at 720-949-0957 called to say she received some disturbing emails reference the shooting at Platte Canyon High School. I called Gloria back and asked what she received. Gloria first of all didn't know how she got the emails and had all ready forwarded them to Sheriff Wegener and the FBI. As mentioned earlier, the emails had contents reference the school shooting but she didn't give me specifics. I told her I couldn't do anything at this time since I did not have access to the emails and would need to get them from Sheriff Wegener. Gloria was concerned and wanted us to know. I told her I would follow up with Sheriff Wegener and call her back if I needed any further information from her. I told Detective Goto about the emails Gloria received and Detective Goto started asking me questions about the addresses and where they came from. I told him I did not get that information and Detective Goto called Gloria back and spoke with her reference the emails. Detective Goto told me after he talked with Gloria that he asked her to send the emails

to his email address. Detective Goto followed up with the emails from Gloria. Refer to his report for further information.

That evening I received a page from Communications asking me to contact Rob Henry at 719-836-3639 who was the teacher at the Middle School. I called Rob that evening at 6:25 pm. Rob told me he is the teacher at Fitzsimons Middle School room 10. He also told me the clothes in the closet were his and he is the cross-country track coach. Rob said he changed from his work clothes into his coaching clothes. I asked Rob if he could describe his clothes. Rob stated he had a pair of khaki pants, a button down shirt but couldn't remember what the colors of the shirt were and a pair of brown leather shoes. The clothes Rob described matched what Detective Goto and I retrieved. I confirmed they were his clothes. I told Rob the clothes were currently in the custody of CBI and I would notify CBI and tell them I confirmed the clothes were his and we would try to get them back to him as soon as possible. Rob apologized for leaving his clothes and causing us concern. I told him I was glad to know they were his and not the suspects. I got Rob's basic information such as: date of birth 2-9-73, he lives at 163 Deadman End in Jefferson, Colorado and his home phone is 719-836-3639. I thanked Rob for his call back.

During the days after the shooting, CBI processed a crime scene down the road at mm 220 on Hwy 285 where it was believed the suspect had camped prior to taking the school hostage. A gun was found at that campsite believed to be the suspect's. The next day another gun was found at the same campsite. CBI investigators handled the scene.

On Saturday September 30<sup>th</sup>, I attended the memorial service for Emily Keyes. After the service I was on my way home when I received voicemail message from ATF Agent Larry Krisl stating he'd spoken to Sheriff Wegener at the memorial service and learned that a third gun was found at Ben Tyler trailhead. Larry asked if I knew anything about the gun. I turned around and headed back towards the school. I contacted Communications and asked what they knew about another gun being found. Communications advised a hiker found a gun on the Ben Tyler trail and CBI had been notified and were actually processing the crime scene. I was told I could contact Jefferson County unit 141 for further details. I contacted Jeffco 141 and met him. He told me basically what Communications told me. In the meantime I contacted Larry with ATF and we met at the high school. I told Larry what I knew at this point. We drove to Ben Tyler trailhead but did not see any CBI agents. Larry contacted CBI headquarters and asked Agent Steve Johnson to contact him when the agents on scene got back to Denver so Larry could get the information on the gun and start an emergency trace. After that was resolved I went home.

I did not work on Sunday.

On Monday October 2<sup>nd</sup>, I met with Detectives Morgan and Goto. At this point we didn't have an active role in the investigation of the school shooting so we started working on the Swat call out case we had Monday night at 475 Chickadee.

## CONTINUATION SHEET

|   |  |   |  |
|---|--|---|--|
| Initial Offense Classification<br><b>Homicide</b> |  | Subject<br><b>Duane R. Morrison (S)</b> | Case Report Number<br><b>2006-001845</b> |
|   |  |   | Date of Report<br><b>10-06-06</b>        |

While working on the other case, at 7:30 pm, I received a page from Communications advising the Keyes family received a "sus letter" and the Sheriff was being notified. I called Communications to ask them about the page and whomever I talked to in Communications said to me they believed the Keyes family received a letter from the suspect in the Lancaster County School shooting in Pennsylvania. I finished the interview I was doing at the Bailey substation and met with Sgt. Hardey. Sgt. Hardey and I responded to the Keyes' residence to see what they had received. The family had opened the letter they received with a return address from Lancaster, Pennsylvania, read it and then put it in a plastic zip lock bag. They also received two other letters from two different towns in Pennsylvania but had not opened them. The two letters were put in a separate plastic zip lock bag. The Keyes' family indicated if the letters did not turn out to be anything they would like them back so they could send a thank you note.

I took the letters back to the substation and read the contents. The letter with the Lancaster address was from a male identifying himself via letterhead and return address label as Mr. Russell E. Landau 1917 Oregon Pike Apt. C5 Lancaster, PA 17601-6452. The letterhead caption was the same as the return address label with the exception of the middle initial E. and the last four of the zip code. The letter was dated September 29, 2006. The first page of the letter stated his condolences for the loss of Emily. Landau also said he was 36 years old and worked for the Postal Service. He included a "goal poem" and other poems for luck and support. Mr. Landau said he lived in Colorado from 1978-1981. The second page of the letter contained a Best of Luck on Your Goals with a poem underneath. Then Landau referenced a man Keith Stevens Memory Paper and talked about Mr. Stevens dying in a car crash. Landau referenced living in Boulder and attending school in Boulder, Colorado from 1978-1979. Landau also referenced Jon Benet Ramsey Memory Paper titled Here Yesterday Gone Today. On the third page Landau spoke about his favorite teacher's aide and a friendship they shared. Landau continued with other poems. After I read the letter the contents seemed weird and somewhat out of the ordinary. I logged onto the Internet to see if a suspect had been named in the Lancaster County School Shooting. The suspect had been named and it was not Mr. Landau. I logged onto the Law Enforcement website Accurant to see if I could obtain a date of birth for Russell Landau. I obtained a social security number , a date of birth of and a telephone number of 717-519-0235. I contacted Communications and asked if they could run a nation wide criminal history on Russell E. Landau. I also asked for a telephone number for Lancaster County Sheriff's Office. Communications advised they could not find any criminal history on Russell E. Landau and provided me a telephone number for Lancaster County as 717-664-1180. I contacted Lancaster County telling them who I was and what I was investigating. The dispatcher said she would have an officer contact me. After a short time, I received a phone call from Officer Dierwechter with Lancaster Police. He told me Lancaster is small and he is an officer for Lancaster. Officer Dierwechter looked up in their computer records the information I provided them on Russell E. Landau. The only contact with Landau was he was involved in an accident, was a key holder for some alarms and a 911 hang up. Officer Deirwechter said nothing in their computer raised any red flags about Landau. I thanked him for his help and expressed our condolences on behalf of the Park County Sheriff's Office for the school shooting they were experiencing at that time.

## CONTINUATION SHEET

|   |   |  |
|---|---|--|
|   |   | Case Report Number<br><b>2006-001845</b> |
| Initial Offense Classification<br><b>Homicide</b> | Subject<br><b>Duane R. Morrison (S)</b> | Date of Report<br><b>10-06-06</b>        |

On Tuesday October 3<sup>rd</sup>, I contacted Boulder Police and spoke to Detective Jane Harmer. I told Detective Harmer about the letter and the reference to Keith Stevens and Jon Benet Ramsey and told her about the year Russell E. Landau said he lived in Boulder and attended school. I asked Detective Harmer if they had any contact or anything in their records reference Russell E. Landau date of birth 12-20-69. Later I received a call back from Detective Harmer saying they had not had any contact or record of Russell E. Landau.

During my investigation of this letter I notified Sheriff Wegener of what I was doing to investigate the letter from Landau. I also told Sheriff Wegener the other letters from Pennsylvania were just condolence letters and there was nothing suspicious about them.

I contacted Sgt. Hardey and told him my investigation of the Landau letter was complete. I gave all the letters we had taken from the Keyes' family Monday night back to Sgt. Hardey so he could return them to the family.

Also that afternoon I spoke with Chris Schaefer with CBI. Chris told me he was the agent in charge of the school shooting and at that time I told him about the letter and what I had done to investigate it. Chris stated he would stay in constant contact with me as the investigation progressed. I explained to him about my planned vacation and told him Detective Morgan would be the contact during my absence.

On October 4<sup>th</sup> I completed an inner office memo stating how our reports were to be written and asked the reports be completed as soon as possible and set a deadline of October 20<sup>th</sup>. Reports were to be turned into the supervisors who would collect all deputies' reports and then turn them in to me and I would forward everything to CBI. The memo went to Sheriff Wegener, Undersheriff Gore, Lt. Muldoon and Sgt.'s Hardey & Brown.

That morning I received a call from secretary Sharon Clarke from the Bailey substation. Sharon received a call from 9 News wondering why News 4 received the autopsy results on Morrison and Emily and they had not. I immediately went to the News 4 website and saw an article about the autopsy with the spokesman being Lance Clem with CBI. Sharon stated the Sheriff was upset because he was to be notified of the results and provided a copy. I called Chris Schaefer and told him about the article on the News 4 website. Chris said he would look into and call me back. Chris called back and said nobody from his office authorized any release of information reference regarding the autopsies and said he was authorized to give me Lance Clem's telephone number if Sheriff Wegener wanted to speak with Lance Clem direct. I notified Sheriff Wegener and told him what I learned from CBI. Sheriff Wegener said there was nothing in the News 4 article that he hadn't stated in a press release with the exception of the toxicology report on suspect Duane Morrison.

Late that afternoon I received a call from Chris Schaefer with CBI. He received a call from an aunt of the Keyes' family and was wanting information about the letter from Lancaster Pennsylvania. Chris asked if I could fax him a copy, which I did. I told him Sgt. Hardey told John Michael Keyes the outcome of my investigation.

On October 6<sup>th</sup>, I received a call from Chris Schafer stating the family of Duane Morrison hired an attorney and CBI was working with the attorney on interviewing family members. Chris asked if I had a tape of the 911 call

and a CAD call printout of the incident at Platte Canyon High School. I told Chris I had those items and would send them down to him with Detective Morgan as Detective Morgan was going to CBI that afternoon.

Sometime during the week I spoke with Grif at CBI. I told Grif I had spoken to the teacher of the Middle School room 10 and had confirmed the clothes in the closet were the teacher's. Grif said he would release the clothes to us and they would not be considered evidence. Grif also said he was going to send back a pair of sunglasses that were found in a room adjacent to room 206. They were not of evidentiary value.

On October 7<sup>th</sup> I received a call from Dana in Communications. Dana wanted to tell me about some information a friend of hers overheard at the Loaf and Jug in Bailey. There were four boys at the Loaf and Jug the night before, October 6<sup>th</sup> approximately between 7:00 and 8:00 pm. Dana's friend overheard the boys talking about Emily Keyes and saying she was having computer sex with the suspect, Duane Morrison. I called Chris Schaefer with CBI and told him about this information. Chris told me he had all ready spoken to the Keyes family about Emily's computer. Chris was aware of Emily possibly logging onto mspace.com and was working on that. Chris also told me thus far there was no indication at this time the suspect even knew how to use a computer.

On October 10<sup>th</sup>, I received a call from Chris Schaefer. Chris asked me what I knew about David Shaffer and a possible relationship with suspect Duane Morrison. I told Chris about a page I received from Communications Thursday morning September 28<sup>th</sup>, stating Deputy Brigham was at Platte Canyon Storage with some clothes he thought was related to the David Shaffer case. I told Communications I was not aware of what Shaffer's case was except what I had read in the newspaper. Deputy Brigham wanted a detective to respond to his location and look at the clothing. I told Communications I would get with Detective Goto because he was more familiar with the case than me and stated Deputy Brigham's situation was not a priority today. I met with Detective Goto and asked him to look at the items Deputy Brigham found. At some point during this time, Deputy Hannigan responded to Deputy Brigham's location and relieved him. For some unknown reason, Deputy Hannigan thought the clothes were associated with Duane Morrison and the campsite at mile marker 220. Chris asked if I could respond to the jail and meet with David Shaffer to see if he knew Duane Morrison or ever shared a hotel room with Morrison. I told Chris I would meet with Shaffer at the jail and find out what he knew. I responded to the jail and met with David Shaffer. I showed Shaffer a picture of Morrison and asked Shaffer if he knew Morrison. Shaffer said he did not know Morrison stating Morrison looked familiar to somebody he met over 10 years ago. Shaffer said the only thing he knew about Morrison is what he had seen on the news and said he was in jail the day of the shooting. I confirmed with Corporal Theobald from the jail that David Shaffer was in jail the day of the shooting and wasn't released until September 28<sup>th</sup>. I called Chris Schaefer back and told him what Shaffer told me. Chris was satisfied that David Shaffer had no connection to Morrison and Chris would not need to respond to the Park County Jail to interview Shaffer.

I have done nothing further in this case at this time. I have coordinated with both district Sergeants and all parties involved to get me their reports reference their involvement with the Platte Canyon School shooting. When the reports are done they will be turned into me and I will get them to CBI.

On September 27, 2006 at about 11:40 am I was at the sub-station in Bailey looking up a report for court the next day. I was off duty at the time in plain cloths when I heard a call over the radio announcing a man had entered the high school with a gun. Deputy Lougheed and myself left the sub-station and responded to the school with lights and sirens. Upon arrival at the school I observed Sgt Hardey's car at the south end of the lot behind the main building and Lt. Hancock's car near the main entrance. I got my AR-15 and my tactical vest, with reloads, from out of the back of my car and entered the building through the northwest main entrance.

Refer to my interview with CBI for further details.

On September 27, 2006 at approximately 11:40am, I was advised by communications that there was a man with a gun in the Platte Canyon High School.

I arrived on-scene at Fitzsimons Middle School at approximately 12:15pm. Master Sergeant Brown, Corporal Wood and I cleared the Fitzsimons Middle School and made sure that all of the children were out of the building. We then moved into the Platte Canyon High School.

I went into the High School and went up the stairs leading to the upper level. I was met by two children running down the stairs. I grabbed them and assisted them out of the building. I then proceeded back up the stairs and assisted other deputies who were already on-scene. Deputies' on-scene had already cornered the suspect in a classroom with some hostages. I was originally told that there were five hostages in the room with the suspect. A few minutes went by before the suspect released his first hostage. I escorted the female hostage down to the command post so that she could be interviewed.

Approximately 30 minutes later, a second female hostage was released and I again escorted her down to the command post so that she could be interviewed. I then returned to the classroom where the other hostages were being held.

Over the next few hours I escorted two other female hostages out of the building as the suspect was releasing them. One of the female hostages stated to me that the girls inside of the classroom were being sexually molested. The fourth released hostage confirmed to me that there were now two female hostages left in the classroom with the suspect.

At approximately 3:30pm, I was staged up near the classroom where the suspect and hostages were located. At this time I witnessed a loud explosion coming from the classroom where the hostages were located.

I have no further information to report at this time. See "CBI" reports for further information.

End of Report.

On September 27, 2006 at approximately 11:43 AM I was advised by Communications of a male party in the Platte Canyon High School with a gun. We were advised that the male party walked into the School with a back pack carrying enough explosives to blow up the School. One round has been shot so far in room 206. I advised Communications that I would have Reserve Deputy Wheat on board with me and en route to Platte Canyon High School from the Fairplay area.

Upon arrival I assembled a four-man active shooter team at the south end of Fitzsimmons Middle School. We entered the building and went towards the threat. The threat was to be in room 206. This is located in the High School on the top floor. We advanced forward to that area clearing rooms and hallways on the way.

Upon arriving at room 206, I got behind Sergeant Detective Bonnelycke who was negotiating with the suspect through the door. I advised Bonnelycke that I had a key to the room. Other Officer's lined up on me. We waited and negotiated with the suspect for several hours. Bonnelycke was able to get five girls out of the room. As the girls came out they were saying that the suspect was sexually assaulting them. We continued to negotiate.

Once Jefferson County S.W.A.T. arrived on scene, they took over negotiation and overseeing operations on the room. During this time the suspect would no longer talk to the Officers. The two remaining girls would talk for him. During this time no more female parties were released. When asked if they were going to come out, the girls would continue to say it would be a little while, or any time now. This went on for another two hours. The girls finally said it would be over at 4:00 PM. This alerted the Officers on scene. Based on the time line and the threats involved a decision was made to make entry into the room in an attempt to get the remaining two girls out of the room and take the suspect into custody. Jefferson County S.W.A.T. led the team. The Door was breached (See CBI reports).

On September 27, 2006 at approximately 11:45am I was monitoring the Park County Dispatch via Radio and heard that there were shots fired at the Platte Canyon High School. I immediately went en-route from Fairplay. While en-route I monitored the radio traffic from Deputies that were on-scene and was given a description of a suspect and room number 206 located in the English department area of the high school. I was advised that the suspect had a backpack that was to have explosive in it.

As I arrived I was advised there was a need for deputies to go to the Middle School and assist with evacuations. I drove up the south doors of the Fitzsimmons Middle School. At the School I was let in and met with Cpl. Jeff Wood. I was advised to bring the students out to the south doors for evacuation. I had obtained a key from an administrator of the Fitzsimmons Middle School. I along with other Deputies evacuated the Middle School. I went through the Canyon room and cleared the lunchroom along with Cpl. Wood. I entered the High School through the north doors and met up with Mike Schmidt a coach for the Platte Canyon School. I noticed evacuations were in progress of the lower floor of the high school. I cleared several classrooms from the south to the north on lower level.

I met with the Principal Bryan [unk last name] who was on the telephone with Park County Dispatch. I spoke with Commissioner J. Tighe. After I spoke with Tighe, Bryan needed to go to the administration building to try to get the phone to work in room 206. I met with Sheriff Wegener on the lower level near the north doors.

I observed Jefferson County Deputies that started to arrive. I met with Detective Franck, Sheriff Wegener and members of the Jefferson County Sheriff's Office. During this time two female hostages were released and were spoken to with members of the Jefferson County Sheriff's Office. The Incident Command Post was moved and located to the football field.

I escorted a Jefferson County SWAT member to the upper level of the school. I assisted with radio communications and observed Detective Sergeant Bonnelycke negotiate with the suspect through the door to the room. I escorted members of the Jefferson County SWAT team as they arrived to the upper level of the school. I also met with two ATF Agents on the upper level. I did a threat analysis of the area with regards to sniper locations, Team locations and the possibility of an explosion from room 206.

As I observed the situation there were times that I could hear females screaming from inside room 206. I observed negotiations with Bonnelycke and a female Police Officer trying to communicate with the suspect. At one point it was thought that the suspect was in the duct or air conditioning system. I along with an ATF agent entered the room next to room 206. I climbed onto a ledge in front of the chalkboard and took off a roof panel to listen if there was anyone in the duct. No one was in the duct. I was checking the area and rooms and was listening to hear if anyone was in the duct.

I met with Cpl. Wood and we cleared a mechanical room and it was determined that someone could have gained access to the roof area. I climbed onto the roof behind Cpl. Wood. I asked Wood if anyone could hear someone if they were to walk onto the roof. Wood stated "No." We walked onto the roof and cleared the area. No one was found. I was informed via radio that the suspect and hostages could here someone walking on the roof. I believe they heard Cpl. Wood as he walked a different path back to the door.

After getting off the roof I escorted two ATF agents to the command area. I met with Park County SWAT Medic G. Stanley. I was advised by Sheriff Wegener to escort Stanley to the staged Fire units located near the northeast doors of the school. While staged with Stanley I was advised to escort another Jefferson County Deputy negotiator to the second floor of the school.

After a short time at the staging area on the second floor I was advised by Sheriff Wegener to escort Stanley to the second floor. While staging I was advised by the negotiators that the suspect gave a 4:00pm time line. I believe this was stated to me at approximately 3:15pm. I was advised that there were charges set for an explosive entry. At approximately 3:35 a dynamic entry was made. See CBI report for further.  
End of report.

| Initial Offense Classification<br><b>School Shooting</b> | Subject<br><b>Duane Morrison</b> | Date of Report<br><b>09-27-06</b> |

On September 27, 2006 at approximately 1:00pm I was advised by telephone of a hostage situation at the Platte Canyon High School. I immediately put my uniform on and left my residence.

At approximately 1:10pm I arrived in the area of PCHS. I was directed by Sheriff Wegener to proceed to the roadblock at US Hwy 285 and PCR 64 in Shawnee. I arrived less than one minute later. While at the roadblock I was met by Deputies Brigham and Koopman. Brigham, Koopman and I maintained the roadblock for approximately 20 minutes.

At approximately 1:30pm Cpl. Flint arrived at our roadblock. Flint told me and Brigham to get our tactical gear and get ready to go to the School. I put my tactical gear on. Steve Bargas arrived at the roadblock while I was putting my gear on. Flint, Brigham, Bargas and I got into Brigham's marked patrol car. We followed several school buses to the school. As the buses turned around in the parking lot of the middle school we parked the patrol car in the middle of the Hwy near the entrance to the middle school parking lot and covered the buses from that location.

While covering the school buses Deputy Brigham was directed by the Sheriff to follow the buses to Deer Creek Elementary School. Flint, Bargas and I remained on scene after Brigham left. We walked to the south parking lot and took cover behind some vehicles. We met Deputy Carrigan and a Clear Creek SWAT officer. I stayed at this location for about 1.5hrs.

At approximately 3:10pm Flint, Carrigan, Clear Creek SWAT officer and I began checking vehicles that were parked on the west side of the south parking lot. We checked several vehicles and didn't find any suspicious items. As we began checking the 7<sup>th</sup> or 8<sup>th</sup> vehicle I heard over the radio, emergency traffic only in five minutes. Flint, Bargas and I began moving along the west side of the main school building.

At approximately 3:35pm Flint, Bargas and I began moving along the west side of the main school building. While moving I heard several loud explosions from inside the school. I also heard several small pops that I believed were gunshots. Then I heard over the radio, "suspect down, hostage down, we need medics". Flint, Bargas and I began running towards the west door of the main High school entrance. We entered the building and proceeded up stairs. As I reached the top of the stairs Sgt. Hardey told me to go get a stretcher and more medics. I went out the west doors and grabbed a stretcher from a PCRS ambulance. I pulled the stretcher into the school and up the north stairs. Several SWAT members took the stretcher from me and asked me to stay in the hallway. I remained there for approximately 20 minutes.

At approximately 4:00pm I was asked to leave the school. I went outside and met up with several Park County Deputies

At approximately 4:20pm I was advised that the school needed to be searched for any other threats. Several Deputies and I began searching the school starting at the south end of the middle school. We searched the entire middle school and no threats were found.

At approximately 11:30pm CBI located Morrison's vehicle. Bailey towing towed the vehicle to Fire Station 1. I filed out a tow report and turned the vehicle over to CBI (see tow sheet)

On September 27, 2006 at approximately 11:40pm I responded to Platte Canyon High School. The call was a man with a gun in the school.

At Platte Canyon High School Undersheriff Gore informed me that Undersheriff Gore, detective Goto, Corporal Greeley and I would enter the Middle School from the south entrance. We entered the middle school and moved into Platte Canyon High School. At room 206 Sergeant Hardey contacted me. Sergeant Hardey advised me to move to the first floor of the high school and relieve Corporal Wood. I relieved Corporal Wood and secured the hallway until approximately 5:00pm.

At approximately 5:00pm I assisted in clearing temporary buildings on the south side of the middle school.

I assisted in clearing the middle school and secured the gym after a metal ammo box was found. I stayed at the gym until the Jefferson County bomb squad cleared the ammo case.

I cleared the high school at approximately 7:00pm.

End of report.

|   |   | <b>Case Report Number</b><br><b>2006001845.7</b> |
| <b>Initial Offense Classification</b><br><b>School shooting</b> | <b>Subject</b><br><b>Duane Morrison</b> | <b>Date of Report</b><br><b>09-27-06</b>         |

On September 27, 2006 at about 11:40AM I was at the Substation in the town of Bailey located in Park County Colorado. I received a call from Communications advising me there was a man in the high school with a gun. Deputy Brigham, Sergeant Hardey, Lieutenant Hancock and I left the Substation and responded to the high school with lights and sirens. En-route to the high school Communications advised me the male suspect had taken hostages and was in the English pod in room 206.

Upon arrival at the high school I drove my patrol vehicle into the back section of the main parking lot and parked behind Lt. Hancock's vehicle. I got my AR-15 rifle out of the back of my vehicle and Lt. Hancock and I entered the high school through the northwest entrance. Lt. Hancock and I saw students coming through a set of double doors on the main level. We proceeded through the doors and down the hallway towards the south set of stairs leading to the second floor. Sgt. Hardey met up with Lt. Hancock and I and we went up the south set of stairs to the second floor. The three of us proceeded down the hallway towards the English pod. Sgt. Hardey took a position to cover the south entrance to the English pod and room 206. Lt. Hancock and I continued to the north entrance of the English pod and room 206. I heard a knock at the double set of locked doors at the north entrance to the hallway. I went over to the doors and heard Deputy Brigham identify himself. I tactically opened the door and Deputy Brigham was on the other side.

Lt. Hancock, Deputy Brigham and I opened the door that leads down the hall to room 206. We proceeded down the short hallway and saw the door to room 206. I moved across the hall for a better look at the door to room 206 and ended up right in front of the door. There was a narrow section of double paned glass with wire in between that ran the length of the door. The glass was on the left side of the doorframe as I was facing the door. I saw the suspect, later identified as Duane Morrison, through the glass. Morrison was standing approximately five feet inside the door. Morrison was standing between the wall and a tall AV cart that had a television on the top shelf. The lights inside the room were off. Morrison was hiding behind a young female with blond hair. Morrison was wearing a type of jacket that had a hood and he was wearing the hood. Morrison had a dark colored pistol in his right hand and was holding it to the female's head. I stated, "There he is, he's right there".

I raised my AR-15 and took aim at Morrison's head. I could only see from the bridge of Morrison's nose to the top of his head. The rest of Morrison was hidden behind the female hostage. I yelled for Morrison to drop the gun. I believe I repeated this several times. Lt. Hancock had proceeded past the door and Deputy Brigham was on my right side. While Deputy Brigham and I were standing in front of the door the Sheriff arrived at the entrance to the hallway. The Sheriff gave the okay to take the head shot if it was there. I looked past Morrison and there was a clear path behind him. I had a small target area to shoot at and I was concerned with a possible deflection when the round hit the glass. I was concerned that the round might deflect and hit the female hostage. I made the decision that I could not take a clear good shot. Morrison had been yelling at me to back away. Lt. Hancock attempted to start negotiations with Morrison. Morrison said he had "3 pounds of C-4" and demanded that we all back off. Deputy Brigham and I held our position until Lt. Hancock told us to move away from the door.

CONTINUATION SHEET

|  |                                  |                                   |
|--|----------------------------------|-----------------------------------|
| Case Report Number<br><b>2006001845.7</b>                |                                  |                                   |
| Initial Offense Classification<br><b>School shooting</b> | Subject<br><b>Duane Morrison</b> | Date of Report<br><b>09-27-06</b> |

We moved away from the door towards the entrance of the hallway. We took up a position just out of sight from Morrison. Lt. Hancock continued attempts to communicate with Morrison. Lt. Hancock kept asking Morrison what it was he wanted and what could we do for him. Lt. Hancock expressed his concerns for the hostages and asked Morrison if he would release them. Sgt. Hardey had come down the hall to where we were positioned. Deputy Brigham had been off duty and did not have his ballistic vest on. Sgt. Hardey told Deputy Brigham that he had to leave the building until he found a vest.

I held my position while Lt. Hancock continued to try and communicate with Morrison. Shortly after Deputy Brigham left several other officers showed up at our location. Detective Sergeant Bonnelycke took over negotiations. Detective Corporal Morgan arrived followed by Corporal Greeley and Deputy Gaffner. Cpl. Greeley had a key to room 206. Team one was established if something happened that required us to enter room 206. Cpl. Greeley would use the key to open the door. Cpl. Morgan would enter first and move to the left. I would enter second and move to the right. Deputy Gaffner would enter third and take the middle. I am not sure of the timeline but we all remained in position for an extended period of time. Sgt. Bonnelycke continued communications with Morrison. Other officers had arrived at our location and were given various assignments.

Over an extended period of time Sgt. Bonnelycke performed well and managed to get Morrison to release five hostages. There were still two female hostages inside the room with Morrison. Jefferson County SWAT arrived at our location. Sergeant Brown told Team one to stand down because Jeffco SWAT was taking over. Team one remained on location with new assignments. I took up a position covering the classroom adjacent to room 206. A new negotiator arrived at our location to assist Sgt. Bonnelycke a break. After an extended period of time communications with Morrison appeared to be shutting down. Jeffco SWAT developed a plan and got ready to take room 206 if ordered. A little later Morrison said, "that at 4:00PM it would all be over". The Sheriff gave the order for Jeffco SWAT to enter the room.

All units that were near room 206 were instructed to take cover. Jeffco SWAT detonated the charges and entered the room. Lt. Hancock entered the room and I followed a few seconds behind him. As I was entering the room Jeffco SWAT members were rushing one of the two remaining hostages out of the room. All available personnel in the room were instructed to get all the backpacks and take them outside as far as possible. I grabbed several backpacks and ran them outside with them. I was instructed to throw them down the hill towards US Highway 285 away from the school. I immediately returned to room 206 for more backpacks but they had all been removed. I saw Morrison on the floor by the back wall. I saw a female hostage, later identified as Emily Keyes, \_\_\_\_\_ I was told that Morrison had shot Emily in the head. I saw a Park County SWAT medic on the floor beside Emily applying direct pressure to the wound in her head. I cannot remember who identified me as an EMT but I went over to Emily to provide assistance. A Jeffco SWAT member stood up to let me in to help the medic.

The medic told me Emily had no detectable pulse. The flight team and medics from Platte Canyon Rescue arrived at our location. Emily was placed on the pram and immediately taken down stairs. I helped carry the pram downstairs and out to the ambulance. The ambulance then took Emily over to the helicopter and she was taken to the hospital.

I have no further information at this time, end of report.

### Response

On September 27, 2006 at approximately 11:40 AM I was working on paperwork in the Investigations Division Offices in Fairplay. Detective Sergeant Bonnelycke and Detective Corporal Goto were in the office with me. I heard Communications air that a man had gone into Platte Canyon High School and fired at a teacher. I heard a partial description of this man. I did not make out the entire description, but I heard something about him wearing some blue. I began responding code. Sergeant Bonnelycke rode with me and Corporal Goto followed us. While en route, Communications provided periodic updates. I heard on the radio that Deputy Reynolds was responding, Master Sergeant Brown was responding, and Corporal Greeley was also responding.

Approximately just north of Grant on US Highway 285 I heard Corporal Wood who was on-scene advise that kids were starting to evacuate on the south side of the school. Shortly after this I heard Master Sergeant Brown call out with Corporal Wood to assist. Just north of Shawnee on US Highway 285 I heard Sergeant Hardey who was on-scene ask for two officers to cover him near the main entrance of the school, near the counseling offices. I asked Communications if they knew which classroom the gunman was in. Communications advised that the gunman was in room 206. I had the school in sight at this time and I advised Corporal Hardey that Sergeant Bonnelycke and I would take this position. As I drove past the school I saw emergency personnel working to shut US Highway 285 down. I observed a long line of students exiting from the south side of the school (from Fitzsimmons Middle School). These students appeared younger and most had their hands in the air. I saw school buses in this area as well, and I also observed police personnel assisting the students.

Sergeant Bonnelycke and I pulled around to the north side of Platte Canyon High School (PCHS) between the main building and the administration offices. This was at approximately 12:10 PM. I observed another line of students exiting from the entrance here. These students looked older—around high school age. I exited my patrol car and put on my body armor (vest) and charged my Colt AR-15. I also equipped myself with my pac-set radio. Sergeant Bonnelycke also placed his vest on and he took my Remington 870 12-gauge shotgun. I also had my duty weapon, a Smith & Wesson 4006. I asked the students exiting the building if they knew where they were going. They responded that they did. Some of these students appeared scared, but most appeared calm.

I observed Sergeant Hardey standing outside the building signaling Sergeant Bonnelycke and I to follow him. Sergeant Bonnelycke and I ran upstairs with Sergeant Hardey. Here Sergeant Hardey appraised us of the situation. Sergeant Hardey advised us that an unknown white male was in room 206 with several female hostages. I am not certain of the exact count at this point, but I believe there were six hostages. I relieved Deputy Brigham who had come in off-duty to assist, though Sergeant Hardey wanted him out of the building as he didn't have a vest on.

**Layout, Planning, and Negotiations**

Room 206 was just off the main hallway. Another door led out onto the main hallway just south of room 206 and we initially believed that this door also provided access to room 206. We later found that this was not the case. Sergeant Hardey asked me to post on this door in case the suspect tried to come out of it. While covering this door from the main hallway, I heard Lieutenant Hancock apparently negotiating with a man in room 206. Looking down the main hallway I observed Sheriff Wegener and Detective Corporal Franck evacuate a classroom full of kids. These kids looked very frightened. These kids exited down the south stairwell that comes out near the Canyon Room. Shortly after this I observed Deputy Reynolds and Undersheriff Gore come up the stairs along with Corporal Greeley.

Sergeant Bonnelycke stood outside room 206 and he had taken over negotiations. I grabbed the Undersheriff, Deputy Reynolds, and Corporal Greeley and we made a quick plan to make immediate entry into room 206 if we heard shots being fired. Deputy Lougheed and Deputy Gaffner also showed up in this area as well, and later Master Sergeant Brown and Reserve Deputy Humke arrived in this area. Deputy Lougheed had seen into room 206 and he described to me what he had seen. Deputy Lougheed explained that the suspect was crouched behind a TV stand with a gun to a girl's head and that the other hostages were lined up along the south wall. Deputy Lougheed drew a quick diagram on a piece of paper. I later transferred this diagram to the wall next to the door leading into room 206. Sergeant Hardey left the area to see if he had a sniper shot into room 206. I heard via my pac-set radio that Sergeant Hardey did not have a clear shot due to glare on the window. Undersheriff Gore also left the area to go to incident command.

Corporal Greeley was the first man in our stack followed by myself and periodically followed by Deputy Lougheed, Deputy Gaffner, and / or Deputy Reynolds. These other deputies behind me periodically changed positions to relay information or to escort a hostage out of the school (see below). Corporal Greeley had a master key to the school and the plan was: if we heard shooting, Corporal Greeley would open the door to room 206 and hold it while I and the deputies behind me made entry, followed in the end by Corporal Greeley. We were all stacked behind Sergeant Bonnelycke. We could not move forward because there was a thin, vertical set of widows running along the door to room 206. Our suspect could apparently see out of these windows, and he became extremely agitated if he saw movement through these windows (see below).

Sergeant Bonnelycke had been negotiating for some time, asking the suspect what he wanted, what his name was, why he was doing this, etc. The suspect would not provide any of this information. Sergeant Bonnelycke wanted to know if the girls were okay so we could let their parents know they were okay. The suspect became agitated, stating that he had already told us the girls were text-messaging their parents, so their parents knew they were okay. Other than this, the suspect did not say much. The extent of most of his dialogue consisted of telling us to get away from the door. Deputy Lougheed informed me that prior to my arrival, the suspect had stated he had a backpack full of explosives and that he would blow-up the school if we tried to enter the classroom.

| <b>Initial Offense Classification</b><br><b>Homicide</b> | <b>Subject</b><br><b>S/ Duane Morrison</b> | <b>Date of Report</b><br><b>09-27-2006</b>       |

Eventually the classroom door opened and a white female exited. We sent this girl with Deputy Reynolds to be escorted from the school. Sergeant Bonnelycke continued talking to the suspect, though he received little in the way of a response. The suspect never mentioned wanting anything and he would not give us his name, the names of the hostages, what he wanted, or why he was doing this. Eventually another hostage was released. This girl looked , I recall she was wearing a gray shirt. She had dark hair and tears were running down her face. She looked terrified. Negotiations continued. Eventually another girl was released. I would estimate this girl was released approximately half-an-hour to 45-minutes after the previous hostage was released. I recall that this girl had short, black hair, was Caucasian, and was wearing a white t-shirt. This girl paused as she passed us. She was crying and she stated that the suspect was molesting them.

Shortly after this the Jefferson County SWAT team arrived. Master Sergeant Brown had those of us stacked behind Sergeant Bonnelycke pull back so the Jefferson County SWAT Team could take our place. Those of us in the initial stack moved out into the main hallway and from there we went around room 206 to a computer lab of sorts. This room is connected to the main hallway via a smaller, connecting hallway. The door to room 206 is located within this connecting hallway. From this computer room we could look down the connecting hallway, approximately 10-feet or so, to room 206. Sergeant Bonnelycke was still negotiating, but he was getting almost no response whatsoever from the suspect now. Eventually, a female negotiator for Jefferson County took over negotiations. This lady had no success in getting the suspect to talk, so she started alking through the hostages.

I heard bits and pieces of the continuing negotiations. During this time-period I assisted Jefferson County SWAT with communications via my pac-set radio. I observed the Jeffco SWAT Team use a fiber-optic camera and mirror to try and see into the classroom. I don't know what they saw, but at one point I heard one of the SWAT officers report to his team-leader that he had observed a black, semi-automatic handgun.

An issue arose over the air conditioning. The air conditioning was making enough background noise that the negotiator was having to yell to be heard. Likewise, the hostages were also having to yell to respond. The Jeffco SWAT team-leader asked if the ceiling tiles had been previously moving. Looking at the ceiling tiles, you could see some of them slightly moving. Deputy Loughheed advised us that the ceiling tiles did this when the air conditioning was running. Initially I was requested by the Jeffco negotiators to have the AC shutdown. Shortly after this, the SWAT team-leader asked that it be left on as it masked our movements in the hallway.

At some point, during the time when the Jeffco negotiator was talking, the suspect became extremely agitated, yelling for us to get off the roof. I heard the hostages screaming and the suspect was yelling repeatedly and loudly for us to get off the roof. I heard a rumbling sound from the floor. I cannot be certain, but my feeling regarding this rumbling sound is that the hostages were being made to repeatedly stomp their feet up and down on the floor. The Jeffco SWAT team-leader asked if anyone was on the roof. I told him that no one had gone to the roof to my knowledge, and that if they had, they didn't tell us. The Jeffco negotiator responded to

the suspect, saying that no one was on the roof and that the noise was being caused by the air conditioning. I later learned that Corporal Wood and Master Sergeant Brown had gone up onto the roof.

Negotiations continued. Eventually another hostage was released. I recall this hostage was a Caucasian female with blonde hair and a blue shirt. This girl was crying and she paused by the Jeffco SWAT Team and said something. I couldn't hear exactly what she said.

Eventually Sergeant Bonnelycke began negotiating again. The suspect was still not saying anything and I would estimate he didn't say anything for almost two-hours at this point, other than yelling about people on the roof. A plan had been made to make entry into room 206. A breaching charge was placed on the door, and another charge for a gun port had been placed onto the east wall of room 206. There were two hostages remaining in the room. One of the hostages identified herself as Emily, and she did most of the talking. I learned that the other hostage was named \_\_\_\_\_, and that \_\_\_\_\_ Emily told Sergeant Bonnelycke that she wanted to go to law school when she graduated and that \_\_\_\_\_. She said she was scared.

When the Jeffco negotiator was talking, she asked Emily and \_\_\_\_\_ if they could get up and leave. Emily responded that they could in a couple of minutes. Later, when asked this same question, Emily responded, "In a minute." The negotiator asked why they couldn't leave now. Emily said that they couldn't leave. An hour or so would go past, and the negotiator would again ask if the girls could leave. Again the response was that they could leave in a couple of minutes. The negotiator pointed out that they had said that an hour ago. The negotiator wanted to know why the girls couldn't leave now. Emily said they could not leave. The negotiator wanted to know what was going to happen in a couple of minutes. Emily did not know. Eventually, around 3:15 or 3:20 PM Emily said that they could leave at 4:00 PM. The negotiator asked what happened at 4:00 PM. I did not hear Emily's answer. Emily was crying and she sounded terrified. Emily told the negotiator she was scared. The suspect was not saying anything.

Prior to making entry, Sergeant Bonnelycke tried again to gain the release of the hostages. Sergeant Bonnelycke, \_\_\_\_\_ began talking to \_\_\_\_\_. I heard a response but I don't know who responded or what was said. I heard Sergeant Bonnelycke ask if the suspect didn't want him \_\_\_\_\_. I don't know what was said, but I didn't hear Sergeant Bonnelycke speak in \_\_\_\_\_ again.

Eventually a Jeffco Officer told us that as soon as the negotiators came back into the computer room we were in, to plug our ears because they were going to make entry. I heard Sheriff Wegener advise us that there was a SWAT medic standing-by outside and someone needed to come and get him. Master Sergeant Brown left and when he returned he had with him Gene Stanley, a medic on our SWAT team. Sheriff Wegener asked if Gene had his medical supplies with him. Gene indicated he had a bag with the basics.

Sergeant Bonnelycke talked to the suspect one last time, ordering him to come out of the room. There was no response. Just after 3:30 PM the negotiators came back to the computer room. There was a tremendous blast and I ran to room 206.

**Entry**

Per my instructions from my supervisor, refer to my report made to CBI regarding the rest of this incident and the subsequent shooting.

**Follow-up**

On August 28, 2006 at approximately 11:05 AM Detective Corporal Goto and I responded to the *Cutthroat Café* in Bailey to follow-up on a lead. During a briefing that morning with CBI, we were told that in the past a student at Platte Canyon High School by the name of Jeremy Black had made unwanted advances toward Emily. CBI also advised us that Black may have been harassing Emily recently at her job at the *Cutthroat Café*. During this briefing CBI also advised that there may have been an instance involving Black in the past wherein he molested Emily in some way.

While at the *Cutthroat Café* Corporal Goto and I first spoke with IP/ **Michelle Anderson, DOB: 04-28-1977**. Michelle stated that she knew Emily but that Emily had not mentioned being stalked to her. Michelle said that Emily never mentioned anyone stalking or harassing her. Michelle said that Emily did talk about a group of girls at the school whom she (Emily) referred to as the "mean girls." Michelle recalled that one of these girls was named Michelle explained that Emily told her these "mean girls" were generally unkind to other girls they considered beneath them. Michelle said that she felt that if Emily was being harassed or stalked, she (Emily) would have told her (Michelle). Corporal Goto and I showed Michelle a recently obtained booking photo (Jefferson County—July 11, 2006) of the man who murdered Emily, **S/ Duane Morrison**. Michelle looked at the photo but said she didn't recall seeing Duane at the *Cutthroat Café*. Corporal Goto and I asked if Michelle noticed anything unusual about Emily the last time they worked together. Michelle said that she worked with Emily the night before Emily was killed, but that Emily did not show any signs of being distressed and that she appeared to be physically and emotionally okay. Michelle did not recognize the name "Jeremy Black" nor did she recall hearing Emily speak of this person.

After speaking to Michelle we spoke to another waitress identified to us as IP/ **Bobbie Sterling, DOB: 12-18-1952**. Corporal Goto and I asked Bobbie the same general questions we asked of Michelle. Bobbie also said that Emily appeared to be fine the evening before she was killed. Bobbie did state that she knew Jeremy Black, but that she did not recall there being an issue between he and Emily. Bobbie said that she felt that Jeremy just had a crush on Emily, but that this was not real recent. Bobbie said that Emily did not mention any concerns she had about harassment or stalking. We showed Bobbie a picture of Duane Morrison, and Bobbie said the man in the picture looked very familiar to her. We gave her a color copy of the picture to keep and she said she would show it around to the owner and the other waitresses.

Prior to going to the *Cutthroat Café* I asked Lieutenant Hancock about Jeremy Black. Lieutenant Hancock, who had previously been the school resource officer at Platte Canyon High School, said that he recalled Emily making some sort of complaint about Jeremy, but that she did not want to pursue any charges. Lieutenant Hancock said he spoke with Jeremy and that there was no further problems.

End of report.

On September 27, 2006 I, Sgt. G. Hardey was assigned to the Platte Canyon High School for the day. At about 11:25 AM I had to leave to do an interview at the Bailey Substation. I arrived at the Substation around 11:30 AM. I was talking with Lt. Hancock and Dt. Franck when I heard a call come over the radio. Communications aired over the radio that there was a man with a gun in the Platte Canyon High School.

Deputy Brigham, Deputy Lougheed, Dt. Franck, Lt. Hancock, and I ran out of the Substation and responded to the High School with our lights and sirens activated. As we approached the high school I was the second car in line. Deputy Brigham was in the lead. He went into the first driveway near the district offices. I went in the second entrance and around behind the building to the west doors into the high school. While in route communications aired that the suspect was in the English pod room 206.

Refer to my interview with CBI for further details.

| <b>Initial Offense Classification</b><br><b>School Shooting</b> | <b>Subject</b><br><b>Duane Morrison</b> | <b>Date of Report</b><br><b>09-27-06</b> |

On September 27<sup>th</sup>, 2006 at approximately 11:43am I was advised by communications of a male party in the Platte Canyon High School with a gun. We were advised that the male party walked into the School with a backpack carrying enough explosives to blow up the School. One round has been shot so far in room 206. I advised Communication that I would be en route to Platte Canyon High School from the Fairplay area.

Deputy Deberry let me in the front doors to the high school by the Canyon Room. I proceeded down the hall on the bottom level towards the main office. I went up the stairs to room 206. Upon arriving at room 206, I got in a line that was behind Sergeant Detective Bonnelyckee who was negotiating with the suspect through the door. We waited and negotiated with the suspect for several hours. Bonnelycke was able to get five girls out of the room. As the girls came out they were saying that the suspect was sexually assaulting them. We continued to negotiate.

Once Jefferson County S.W.A.T. arrived on scene, they took over negotiation and overseeing operations on the room. During this time the suspect would no longer talk to the Officers. The two remaining girls would talk for him. During this time no more female parties were released. When asked if they were going to come out, the girls finally said it would be over at 4:00PM. This alerted the Officers on scene. Based on the time line and the threats involved a decision was made to make entry into the room in an attempt to get the remaining two girls out of the room and take the suspect into custody. Jefferson County S.W.A.T. led the team. The Door was reached (See CBI reports).

| <b>Initial Offense Classification</b><br><b>Murder</b>       | <b>Subject</b><br><br><b>Date of Report</b> |

On September 27, 2006 I was off-duty at my residence on U.S. Hwy 285 in Jefferson Colorado at approximately 1150 when numerous Park County Sheriff's Office vehicles displaying both lights and sirens passed going northbound.

I immediately called the Park County Jail Master Control to learn the nature of the emergency and not tie up Communications with my curiosity. Master Controller Fred Boyce told me that there was an "active shooter" situation at Platte Canyon High School.

I put on a uniform and drove to Platte Canyon High School using emergency lights and siren.

I arrived on scene at 1228 and contacted Undersheriff M. Gore who was Incident Command and located in the parking lot between the high school and the middle school. While being briefed, Park County Emergency Operations Manager Lori Hodges, inquired over the radio about bussing the evacuated students from the middle school to Deer Creek Elementary School. Undersheriff Gore stressed the need to have an accurate accounting of the bussed students and I moved to the middle school to assist with that project. I contacted Lori Hodges and with her we told school staff of our need for a student roster and a careful accounting of students as they boarded the buses. Office staff began to create the required lists. Evacuated students were assembled in the gymnasium. An off-duty female Jefferson County Deputy who had walked in from the roadblock contacted me at this time and offered to help. This deputy (first name "Cindy") used to be an animal control officer for Park County and assisted in the assembling and loading of the students.

I learned that some hostages had been released and Detective Corporal Amy Franck was locating all the released hostages and escorting them to the ambulances on the football field. Detective Franck gathered some former hostages from another gymnasium in the middle school and took them to the football field.

At one point I exited the front door of the middle school and noticed a young lady walking up the sidewalk toward the front entrance. I asked her if she was a student and she told me she had just been released from Room 206. I escorted her to the football field and the ambulances. As we crossed U. S. Highway 285 she told me her name was \_\_\_\_\_.

After turning \_\_\_\_\_ over to Detective Franck I contacted Detention Sergeant M. Jones who was acting as scribe for Incident Command, which had been relocated to the football field. I learned from Sgt. Jones that buses were en route to transport the evacuated students and the roadblock just north of the footbridge over Highway 285 may be an obstacle. I drove to the roadblock and contacted Animal Control Officers B. Priestly, M Sexton and T. Purcell who were manning that post. The parents who were at the roadblock immediately approached and I gave them what little information I had. I requested that they move the vehicles to the side to allow buses to enter and advised them that they would learn more if they were at the Bailey substation. They declined to leave.

|   |         | Date of Report  |
| Initial Offense Classification<br><b>Murder</b> | Subject |   |

At some point I returned to the football field and Sgt. Jones advised me that Incident Command might have a lead on the identity of the suspect. I learned that two children of the possible suspect were in the school and I returned to the middle school to attempt to locate \_\_\_\_\_ before they were transported.

I contacted Lori Hodges and she contacted teachers who moved the two students to an office room so they could be interviewed by investigators.

Soon, Larry Brown (CBI), Deputy District Attorney Sean Paris and District Attorney Investigator Betty Royse arrived and an interview was conducted. I learned that the possible suspect was a resident of Arizona and I went to the parking lot to see if I could locate a vehicle with Arizona license plates. When I returned, I learned that \_\_\_\_\_ could visually identify the \_\_\_\_\_. I relayed the location of \_\_\_\_\_ to Betty Royse and learned later that \_\_\_\_\_ was able to confirm that the \_\_\_\_\_ was not the suspect.

By this time the transport of the students had occurred and I was at Incident Command at approximately 1525 when the decision was made to make a tactical entry if the opportunity presented itself. Shortly after that at approximately 1535 I heard an explosion from the high school and soon there were reports coming in of a hostage injured along with the suspect.

I saw the first hostage delivered to the football field and soon I saw an injured hostage, later identified as Emily Keyes, brought to the waiting helicopter and loaded for transport to a hospital.

After that I was involved in other minor tasks associated with the end of the incident until approximately 2000 when I left the scene.

### History / Investigation:

On September 27<sup>th</sup>, 2006 at approximately 1251 hours, I received notification of an "active shooter" at the Platte Canyon High School located on US Hwy. 285, Park County, Colorado. I responded directly to that location from my residence in the Fairplay area.

At approximately 1330 hours, same date, I arrived at the southern most checkpoint located at U.S. Hwy. 285 and Park County Road 64. As I exited my patrol vehicle I was met by Deputy Brigham and Sonnenberg who began to brief me. They also advised that an order had been given that all additional police units were requested to "hold" their current positions.

Per my SWAT and Active Shooter Training, I began to set up a "Rescue Team." I found three officers who were SWAT or SORT trained and did not have current assignments. I formed the composite "Rescue Team" as follows;

- 1.) Cpl. G. Flint – SWAT / SORT / First Responder Trained
- 2.) S. Bargas – SWAT / Team Medic
- 3.) Deputy Sonnenberg – SORT Trained
- 4.) Deputy Brigham – SORT Trained

I ordered these individuals to report back to me with all their equipment and clear out a marked patrol vehicle for a quick response. A few minutes later these officers were prepared to move and the team medic was carrying a medium sized field response bag. I contacted the command center by way of the Information Channel and advised them that we had a four-man team ready to accept assignments. This transmission was acknowledged by the command center.

A short time later several buses overshot the turn to pick up students who were hiding on the hill south of the Fitzsimmons Middle School parking lot. Officers were requested to assist in their evacuation and provide security for them. Officers moved to a position near the southern most exit to Fitzsimmons Middle School on US Hwy. 285 to cover the students and buses withdrawal from the area. After the buses were loaded, Deputy Brigham was requested to escort the buses back to the drop off point. Deputy Sonnenberg, Medic Bargas and I remained at the south end of Fitzsimmons Middle School awaiting further assignment.

Officers picked up a SWAT member from Clear Creek County as our fourth man. While interacting with this officer, a sniper team from his agency reported finding a magazine to a rifle. The magazine was described as being for .30 caliber rifle and fully loaded. This magazine was located on the hill on the west side of the high school complex, approximately centered on the middle buildings. This information was being reported on this officer's Clear Creek radio channel. I reported this intelligence to the command center on the information channel. This transmission was acknowledged.

CONTINUATION SHEET

|  |  |  |
|--|--|--|
|  |  | <b>Case Report Number</b><br><b>2006001845</b> |
| <b>Initial Offense Classification</b><br><b>Homicide</b> | <b>Subject</b><br><b>Emily Keyes (Juvenile Victim)</b> | <b>Date of Report</b><br><b>09-27-06</b>       |

Approximately forty-five minutes later, same date, officers were requested to search all motor vehicles on the south and east side of the Fitzsimmons Middle School buildings for evidence of explosives and/or additional weapons. The four-man team plus Deputy Carrigan initiated a search of these vehicles. Officers proceeded up a row to the east side of school one vehicle at a time. The Clear Creek officer and I provided security while the remaining officers searched the vehicles. Deputy Carrigan wrote down license plates of any suspicious vehicles and reported them to the command center.

While clearing these vehicles officers were advised that Jefferson County SWAT Team would be initiating a breach on the interior of the building at some point. Officers continued searching the vehicles located on the east side of the building. Officers were notified that it was five minutes to the interior breach. I moved the team into secure position using a brick wall and alcoves on the southeast side of the Canyon Room Cafeteria to await the breach.

The breach occurred and officers could hear a flash bang and several gunshots being fired. Officers then heard numerous requests for medical assistance on both the information and tactical radio channels. I ordered a team to move the most northern east entrance of the high school.

**Rescue Team Response:**

We were met in the lobby by Cpl. Wood and led straight to room 206 on the second floor of high school. I observed smoke and floating debris in the air. There was heavy damage to the ceiling tiles outside room 206. I observed several members from the Jefferson and Park County SWAT teams in the main corridor and pod hallway. I observed several officers carrying backpacks, sports bags and bundles from room 206 to be thrown from the building's second floor. None of the officers in this area of the incident appeared to be injured.

As I entered the interior of room 206, I noticed more scattered debris. I observed a white male in a partially upright sitting position. The white male had some unknown gunshot trauma to his chest area and blood spatter on the wall behind him. I visually scanned past the white male subject and observed a white female subject, later identified to me as Emily Keyes lying in a prone position. I could see

Sgt. Brown, Deputy Loughheed and Team Medic Bargas all simultaneously approached Emily's body. I secured Sgt. Brown's weapon so that he could go hands on to treat Emily. Deputy Sonnenberg was able to bring the stretcher through the debris on the floor. Deputy Sonnenberg and I supported the gurney, while Brown, Bargas and Loughheed assisted in loading the victim. Deputy Sonnenberg and another officer quickly removed Emily from room 206 and took her to the "Flight for Life" location.

I checked on the status of SWAT team members and the rescue team members as they recovered their medical and entry equipment. I stood by until our members had been properly relieved or were otherwise able to leave the scene on the interior of the school.

**Debriefing:**

Immediately after the incident I attended a debriefing at the main command center. Myself as well as many other officers were released from the crime scene at this time.

I responded to the Bailey sub-station to assist with the needs of immediate details. I assisted in assigning individuals to roadblocks, telephone answering and security/escort duties.

At approximately 2030 hours I attended a debriefing with Colorado Bureau of Investigation in the (B) gym of the high school. This debriefing was to determine the level of your involvement in the critical incident and possible future assignments. I was released from any further investigation of this incident.

I returned to the substation to assist with the arrangements for critical incident debriefing and other security assignments.

End of this report.

On September 27, 2006, I was on duty at the Park County Jail, working as the Dayshift Sergeant when a call came across the radio in the control room stating that there was a shooting at Platte Canyon High School in Bailey, Colorado.

At approximately 1147, I received a phone call from Communications that a van was needed immediately at Platte Canyon High School. I retrieved van keys from the key locker, proceeded out doors 3 and 4, entered the van and proceeded to Platte Canyon High School. I called the vehicle in service and left the jail at 1150. I traveled through South Park and proceeded up Kenosha Pass at which time I engaged the vehicles emergency lights. I listened to radio traffic and found that there was an individual in the school holding students hostage. I arrived at the parking lot of Fitzsimmons Middle School at approximately 1220, where I was directed by Deputy Nathan Carrigan to proceed to the parking lot between Platte Canyon High School and the Administrative Building. I went to the back of the parking lot behind Platte Canyon High School, which was designated as the staging area for Incident Command, where I met with Deputy Jerry Brigham. Deputy Brigham was monitoring the radio and beginning to scribe for Incident Command. At approximate 1225 Undersheriff Monte Gore approached Deputy Brigham and myself, took control of IC and directed Deputy Brigham to proceed with his duties while I took over as scribe for IC.

At approximately 1327 Sheriff Fred Wegener informed Undersheriff Gore to move IC staging area from the back of the school to the football field across the street from the school.

At approximately 1445, I was directed by the Sheriff to find Deputy District Attorney Shawn Paris. At this time I left my post and went to the administrative building where I contacted Mr. Paris and brought him to IC at the football field.

I continued as scribe for the incident until approximately 1600 when the Sheriff left the area to go to the school.

|--|---|--|
| <b>Case Report Number</b><br><b>2006001845.14</b>      |   |  |
| <b>Initial Offense Classification</b><br><b>Murder</b> | <b>Subject</b><br><b>Duane Morrison</b> | <b>Date of Report</b><br><b>09/27/06</b> |

On September 27, 2006 while at the Investigations office preparing equipment for a crime scene search, I heard radio traffic come over a handheld radio in the office in reference to an armed gunman located at the Platte Canyon High School and the gunman was holding students as hostages. It was further advised the gunman had already fired his weapon while inside the school. After learning of this Detective Morgan and I left the office and began responding to the High School in one vehicle (Detective Morgan's). While enroute to the school dispatch further aired that the gunman made a statement advising he had a backpack full of explosives.

Prior to our arrival at the school, Sgt. Hardey requested the next two available law enforcement personnel to respond to accompany him to the second floor of the school. Upon our arrival at the north side of the High School, (unknown time) Detective Morgan and I met with Sgt. Hardey and followed him into the northwest entrance of the school and to the second floor of the building. After Detective Morgan took a position to cover a doorway in the main hall, I met with Lt. Mark Hancock who was standing by room 206. Lt. Hancock pointed to the door of 206 advising that the gunman and hostages were located inside. At this point Lt. Hancock requested that I take over negotiations with the gunman.

For additional information pertaining to the negotiations with the gunman, refer to CBI Agent Rosa Perez's report based on an interview she conducted with me on September 28, 2006.

| Initial Offense Classification<br><b>Homicide</b> | Subject<br><b>Duane Morrison</b> |   |

On October 27, 2006 at around 11:00 am I (Animal Control Officer Sexton) was in the Bailey Substation. The deputies, animal control officers and I heard the call of a gunman at the Platte Canyon High School. The deputies responded to the call, and shortly after they left I heard a call for someone to bring the ballistic shield. I took the shield with me in my unit and transferred them to Detective Franck at the school, along with a handheld radio. After I left the school, I heard instructions on the radio for Animal Control to stop southbound traffic on Highway 285.

I found Officers Priestly and Purcell at a location near the school on Highway 285, where they had stopped traffic. For the next hours we advised motorists to turn around and assisted semi truck drivers to turn around. Many parents and a reporter from the Fairplay Flume began to congregate at the roadside. At one point Sheriff Wegener radioed us and told us to keep the people on the side of the road and off of the right of way so that they would not go up the hill toward the school. I understood that only emergency traffic was to be permitted past our post.

The parents who were congregated at our roadblock asked us several times for information. Three males in particular were loud and aggressive in their demands. They wanted to know if their child was being held hostage. On at least two occasions these males said that if the sheriff didn't come talk to them, they would break through the roadblock, or that if the sheriff wasn't going to go in after the gunman, they would (go into the school after the gunman). Officers Priestly, Purcell and myself used verbal de-escalation techniques to talk to these males, and to request that they stay where they were.

While some of these parents were asking us for information, a firefighter came to talk to the parents. He was able to answer some of the questions we were not, and he indicated that he would come back with more information. After he left, a male who had been standing in the group of parents received a call on his cell phone. Then he came and told Officers Purcell, Priestly and I that his wife had received a call from a news company, and they had told her that their daughter was one of the hostages. He told me his name was:

**IP/ John Michael Keyes.**

Keyes demanded to be let through the roadblock. Keyes then made some comments about how he would make a run for it through the roadblock. He asked me if I were a fast runner. I responded yes. He asked me how my tackling skills were. I responded that they were excellent. Keyes was visibly upset, alternating between crying and demanding to be let through. During these incidents I observed Keyes with his cell phone, which I heard ringing. Keyes said that he had received a text message from his daughter and he read it to us. He said that it said "I love you guys". Keyes wanted to show me the text message. Several times he came very close to myself or another officer. At one point he came up close behind Officer Purcell while her back was turned and I warned him away. I asked if he was carrying any weapons on him. He responded that he was not. He then approached me in a manner I felt was threatening and I told him to "get back". Keyes retreated back to the other parents. Soon after that the firefighter returned and told the parents the names of the students that were hostage. As soon

as the firefighter said the name "Emily Keyes", Keyes broke into tears and sat down on the ground. Officer Priestly radioed for a victim's advocate, who arrived a short time later, talked to Keyes, then left again. Two ATF agents arrived shortly and Keyes went with them to Incident Command.

As the afternoon progressed the people at the roadblock dispersed, went back to their cars, and drove away until none was left. Under orders from the Sheriff, Officers Priestly, Purcell and I checked identification of all persons entering the scene at our roadblock. About 8:00 pm we were told we were no longer needed and we left the scene.

| <b>Initial Offense Classification</b><br><b>1<sup>st</sup> Degree Murder</b> | <b>Subject</b><br><b>Duane Morrison</b> | <b>Date of Report</b><br><b>09-27-06</b> |

On September 27, 2006 I called into service at approximately 1:00 PM. I was immediately advised that Communications expected me to transmit emergency traffic only. At the Sheriff's Office I inquired what the nature of the emergency was and was informed that a shooting had taken place at Platte Canyon High School.

I immediately responded to District 2. Upon arrival in the general area of Platte Canyon High School at approximately 1:30 PM, I contacted Sheriff Wegener over the radio to ask what he needed me to do. He directed me to assist with traffic control at the intersection of Highway 285 and County road 64. I remained at this location directing traffic until approximately 2:30 PM. I then returned to District 1 because no deputies were patrolling that area.

End of Report.

On September 27, 2006 I responded to the Platte Canyon High School for a report of a male with a gun in the school. At approximately 11:55am I arrived on scene at the southwest entrance to the middle school. Upon my arrival an entry team was entering the southern most doors of the middle school and there were numerous children walking across the parking lot to go to a pre determined evacuation point. I Spoke with Reserve Deputy Wheat and handed him my AR-15 to help set a perimeter on the south end of the building. Wheat covered the doors from the Canyon room and the main doors of the middle school while I covered the southern most doors and the rear of the middle school. Trooper Kenney arrived on scene and took perimeter along with Wheat and I. At an unknown time a blonde female exited the doors from the middle school closest to the hillside. Trooper Kenney contacted the girl who identified herself as being just released from the English room. Deputy Reynolds exited the same doors and then escorted the girl to incident command. At a later unknown time Jefferson County and Clear Creek County Officers joined at the perimeter. Corporal Flint and Deputy Sonnenberg arrived and began to form a medical rescue team. While waiting for a call for assistance from the building Sonnenberg, Flint, and I checked vehicles in the parking lot for suspicious items and contents within the vehicles.

During the incident I performed the following duties;

- Monitored TAC channel and relayed information to Incident Command.
- Provided assistance at roadblocks for irate parents.
- Maintained Perimeter on south side of middle school.
- Inspected vehicles in middle school parking lots.

No Further Information to Report at this time.

On September 27, 2006 at about 11:45am, I Corporal Jeff Wood was off duty and at my residence. I heard via my handheld pac-set, that communications aired a man with a gun at the Platte Canyon High School.

I gathered my equipment and responded to the high school with the emergency light and siren activated on my unmarked patrol car. At about mile marker 218, at the south end school signal light, I stopped my patrol car in the northbound lane, got out of my patrol car and used hand signals to stop oncoming traffic. I told a fire fighter that was in his personal vehicle to block off the roadway and let only emergency vehicle through.

Refer to my interview with CBI for further details.

On September 27, 2006 I arrived at the Bailey sub-station at approximately 11:12 AM. Upon arrival I entered the building and was speaking with Corporal Detective Franck about a case. I heard Dispatch air a call over the radio at approximately 11:40 AM stating that a man was at Platte Canyon High School with a gun. All officers in the sub-station exited the building and responded.

Officer Purcell and I left the sub-station in my vehicle and responded to the school. Upon arrival we were asked to set up a roadblock at the north side of the high school on U.S. Highway 285 before the entrance of the parking lot.

I was at the roadblock from the time I responded at approximately 11:50 AM until 8:02 PM. I was given strict orders by Sheriff Wegener to stop all unmarked vehicles and check for identification. While at the roadblock several parents were waiting for any news regarding the safety of their children.

At approximately 8:02 PM Under Sheriff Gore advised Officer Sexton and I to go home and we left the area. There is no other information available at this time. End of report.

On September 27<sup>th</sup>, 2006 at approximately 11:40 am myself along with Officer Sexton and Officer Priestly were at the sub-station in Bailey. Communications aired a call over the radio about a gunman in the school. All three of us went to Highway 285 approximately ¼ mile from the high school and began turning southbound traffic around back toward Bailey. We were instructed not to let anyone but emergency personnel through. We were also instructed that if the person was not in uniform to make sure we asked to see a badge. I stayed at that post doing traffic control until approximately 6:00 pm. Officer Sexton and Officer Priestly stayed at the school to continue directing traffic. There is no more information at this time. End of Report.

|  |  |   | <b>Date of Report</b><br><b>09-27-06</b>    |

On September 27, 2006 at approximately 1600 hours I was asked to begin transcription of the TIP line, which was set up by Quest and requested by Colorado Bureau of Investigation. I was asked to transcribe and update the tip line every four hours and fax it to a phone number at Platte Canyon High School. I continued to do this until CBI notified me to discontinue sending the transmissions to the High School and to begin sending them to CBI in Denver. I continue to send them until I was notified that this was no longer needed.

I have nothing further to report.

| <b>Initial Offense Classification</b><br><b>Murder</b> | <b>Subject</b><br><b>Duane Morrison</b> |  |

On September 27, 2006 at about 1140 hours I was notified by dispatch of a hostage situation at the Platte Canyon High School. I immediately activated emergency lights and siren and responded from Fairplay. I listened as dispatch aired information on the suspect such as he was a middle aged white male, balding, one shot had been fired and he was holding several hostages in room 206 at the Platte Canyon High School. I continued to monitor dispatch. I later heard information that the suspect had stated that he had a backpack full of explosives, and that it was enough to blow up the school.

I was asked by dispatch who was in command. At this time I was unsure where the Sheriff was, I advised them that I was in charge of the incident. I was asked if I wanted the Jefferson County Bomb Squad to respond to the Platte Canyon High School. I advised dispatch that I did. I was asked if I wanted their SWAT team to respond I advised dispatch to put them on standby.

An unknown deputy who was on scene at the Platte Canyon High School radioed into dispatch and wanted to know if they should begin evacuation of the High School. I intercepted this communication and ordered deputies to begin evacuation of the Platte Canyon High School.

At about 1215 I arrived on scene at the South end of the Fitzsimmons Middle School, (This is the same building as the High School.) I observed that several deputies had arrived at the same time. We immediately put on our load bearing vest and retrieved our AR-15 rifles from our vehicles.

I assembled a four-man entry team consisting of Detective Goto, point: Deputy DeBerry, left flank: Cpl. Greeley rear guard and myself on right flank. Detective Goto was assigned point as he had been previously assigned to the Platte Canyon High School as their School Resource Officer. I knew he had a better knowledge of the School than the rest of us. We were unable to enter the South entrance of the school because the door was locked. I ordered Reserve Deputy Wheat, who was standing in the parking lot to, "Grab the Teacher that was escorting children out of the parking lot, and get her keys!"

Reserve Deputy Wheat did so and we unlocked the door and made entry into the school. We advanced through the school quickly in a four-man formation. We encountered children who were being evacuated and told them to get out right now! As we proceeded to the second floor I observed Sheriff Wegener on scene along with other deputies staged tactically outside of room 206.

I quietly observed Detective Sergeant Bonnelycke attempting to talk to the hostage taker inside room #206. I observed Lt. Hancock on the East side of door covering Sgt. Bonnelycke. I quietly advised deputies that if any shots were fired in the room I wanted to make an immediate entry into the room and engage the hostage taker. As for now it appeared negotiations were going well. I began to quietly inquire if anyone had breaching tools.

At this time I was notified that Sheriff Wegener wanted me in the hallway. I met him in the hallway where he asked me to take over and coordinate Incident Command. I briefly asked the Sheriff about the need to make

immediate entry into the room if any shots were fired. The Sheriff advised me he actually had the key and could make an immediate entry if necessary. I then left the school and contacted Deputy Brigham at his vehicle at the North Side of the Platte Canyon High School. I relieved him and took over Incident Command at around 1225 hours. I notified dispatch that I had relieved Deputy Brigham and that I was now the Incident Commander. Sergeant Monica Jones was already at the incident command and was acting as a scribe. I continued to utilize her in that position.

I was approached by Jeff Davis, Chief of the Platte Canyon Fire Department, and advised that he had set up his Incident Command on the South end of the football field. I was also notified that he had a flight for life on scene incase we needed it. I thanked him for his efforts. I thought that the Chiefs Incident Command location was superior to our present location, as I felt we were too close to the school. I remembered the hostage taker had reported he had explosives.

I did observe a \_\_\_\_\_, leave the school. I called her over to my location and questioned her. I found that she had been a hostage, I questioned her concerning the hostage taker and specifically if he had been wiring the room with explosives or placing any kind of plastic explosive in or around the room. I was informed that the hostage taker was molesting all of the girls in the room, and that he had a handgun. The girl advised me that he was not wiring anything or doing anything with putty. The girl informed me that he had thrown his backpack oward one end of the room and did not seem to be paying too much attention to it. I asked her if she thought he had explosives in the backpack. She informed me she didn't think so. I the allowed her to go with Detective Amy Franck to a safer location where she could be further debrief.

At about this time Lt. Muldoon arrived on scene where he assisted me with Incident Command. I received a request from dispatch. They wanted to know if they could start sending busses. I advised them to go ahead. I requested that they ACCOUNT for every child.

Sheriff Wegener came out of the School and asked me to relocate to the Incident Command at the football field. I followed the directive and drove Sergeant Jones and myself to the football field. There I met with the Jefferson County Sheriff's Command Staff and others who were arriving. At this time I began to coordinate with Jefferson County and our District Attorney's Deputies to take in information and make coordinated decisions on the current situation.

I stayed close to Jefferson County as their communications were superior to our own and we were able to obtain up to the instant information from their SWAT commanders in the school. The hostage taker was releasing a hostage approximately every 30-40 minutes. We began to have information relayed to us that indicated the level of violence against the hostages was increasing. We conferred with District Attorney Molly Chilson and Deputy District Attorney Sean Paris to ascertain their opinion on breaching the door, lethal force and performing a rescue. District Attorney Molly Chilson gave us the go-ahead.

I received several cell phone calls from individuals around the area offering assistance. Joe Morales, the Director of Public Safety for the State of Colorado called and offered assistance. I requested additional Troopers for traffic control and later assistance.

Sgt. Bonnelycke was continuing to negotiate with the hostage taker, however at this time we learned that Sgt. Bonnelycke was only able to obtain responses from the hostages. The hostage taker had stopped talking. Meanwhile S.W.A.T. were continuing to set up for a tactical entry and preparing the door and wall for a breach. At approximately 1530 hours word was relayed to us that the hostage taker was making statements that the situation was going to be over at 4:00 p.m. We were very concerned by this; Sheriff Wegener, Sheriff Mink, his Command Staff, and I conferred on this information. The unanimous decision was made that we could not wait. We were additionally advised that the molestation of on the two remaining hostages was intensifying, and the hostage taker had stopped releasing hostages. Our joint recommendation to Sheriff Wegener was that we could not wait until the 4:00 p.m. deadline and we needed to make an immediate breach in an attempt to rescue the two remaining hostages. My personal opinion was that the hostage taker was going to murder the two hostages and then kill himself at or around 4:00 p.m. Based on the interview by the one hostage I spoken with earlier with I did not feel he had explosives in his backpack.

Although we made the recommendation, this was Sheriff Wegener's call. Sheriff Wegener made the right decision and ordered the breach in an attempt to rescue the two remaining hostages. A few minutes later we heard a loud explosion and a few moments later we received information that the hostage taker was down and one of the hostages was down.

The injured hostage, Emily Keyes was rushed to the football field and placed on a Flight for Life Helicopter, where she was airlifted to a hospital in Denver.

I made arrangements with the Jefferson County Sheriff's Office for one of their deputies to transport Emily's Parents to the hospital. I then walked over to Mr. Keyes' location. He was on the football field bleachers. I introduced myself to him and informed him that his daughter had sustained a gunshot wound, and was going to be transported to a hospital in Denver. Mr. Keyes asked me where Emily had been shot. I told him she had been shot in the head. I told him how sorry I was. I told Mr. Keyes I had made arrangements to have him and his wife transported to the hospital where Emily was being taken.

I reported back to the Incident Command Center where Sheriff Wegener called all of our staff together, he thanked everyone for what they did and dismissed us.

I received requests from our S.W. A.T. team to go back into the school and insure it was clear, and to make sure that all the children had been evacuated. I authorized the request. I also wanted the Jefferson County Bomb Squad to Search the school for any explosives.

| <b>Initial Offense Classification</b><br><b>Murder</b> | <b>Subject</b><br><b>Duane Morrison</b> | <b>Date of Report</b><br><b>102306</b>         |

I responded to the school and left word with Sgt. Mike Brown to stay on scene and advised him to tell Lt. Hancock that I placed him in charge of incident command at this time. Lt. Hancock was clearing the school and due to our poor communications I was unable to contact him directly.

I responded to the Bailey sub-station where I met with Sheriff Wegener and others to determine and assist with the mountain of the follow up that was needed on this incident. At this time we met with Joe Morales. I requested assistance from CBI and asked that they be assigned to lead in the investigation. Mr. Morales indicated he would pull Agents from around the State to assist us with the follow up investigation.

I continued to work with other agencies and attended a meeting at the school later that evening. I thanked all the other agencies for all their help and assistance. I formally identified the Colorado Bureau of Investigation as the agency who would lead this investigation. I advised everyone that this was Sheriff Wegener's and my decision.

I met with Park County Attorney Steve Groome and Joe Morales to discuss the day's events. After this I went to the crime scene. I did not actually enter the room, but inquired about getting a picture of Duane Morrison. I felt we needed to release a picture to the press the next day.

Two teachers then asked me if I could give them a ride to their residences, which I did. I then drove home and went off duty.

**Overview:**

These events were some of the worst I have ever had to deal with in my career. I feel that everyone performed outstandingly. I felt the assistance we received from other agencies was a blessing and we couldn't have done it without them. I feel that the decision to enter the school by Sheriff Wegener was a hard one, but the absolutely right one.

| Initial Offense Classification<br><b>Homicide / Kidnapping</b> | Subject<br><b>Morrison, Duane</b> | Date of Report<br><b>09-27-2006</b> |

On September 27, 2006 at about 11:40 am, I was working on paperwork in the Investigations Division Office in Fairplay in Park County Colorado. Detective Sergeant Bonnelycke and Detective Corporal Morgan were in the office with me. I heard Communications air that there was a man with a gun in the Platte Canyon High School and fired at a teacher. I also heard that the suspect was carrying a backpack full of explosives. I responded emergent. I followed Detective Corporal Morgan.

As I approached Platte Canyon High School, I saw a long line of students exiting from Fitzsimmons Middle School. These students had their hands in the air.

At Fitzsimmons Middle School, Undersheriff Gore informed me that he, Corporal Greeley, Deputy DeBerry and I would enter the Middle School from the south entrance. We entered the middle school. I heard on the radio that the suspect was in the English Classroom 206 in the high school. We advanced toward room 206. As I started to go up the stairs leading to the south-end of the second floor, two students came running down the stairs. I ordered the students, "Police Stop, Show me your hands". I ordered them to stop and raise their hands at gunpoint. The two students appeared to be shocked and very scared. The two students turned around and ran back up the stairs. Deputy Reynolds grabbed the two students and escorted them out of the building. I continued advancing toward room 206. I guarded a classroom entrance next to room 206 because we had information that room 206 and the next room were connected together.

I saw Detective Sergeant Bonnelycke enter a classroom hallway leading to room 206. I heard Detective Sergeant Bonnelycke start negotiations with suspect. I heard Detective Sergeant telling the suspect that he wanted to end the incident peacefully with nobody getting hurt. I never heard the suspect reply. Sergeant Hardey told me there was a window in room 206 that connected to the library where the suspect could jump to the first floor. Sgt. Hardey reassigned Deputy DeBerry and I to the first floor to secure the hallway in case the suspect made an attempt to escape the classroom from the window.

While I was guarding the hallway, Sergeant Brown advised me the SWAT team was preparing to breach the door with an explosive. Sergeant Brown advised me to plug my ears. I did not know what time I talked with Sergeant Brown. After 30 minutes or so passed by there was a big explosion and two small explosions followed by at least six quick gunshots from multiple calibers. I then heard someone's voice repeatedly requesting medical. Unknown medical personnel told me that he could not run anymore and asked me if I could deliver their equipments to the scene. I grabbed a vital sign monitor and a defibrillator from medical personnel and ran into classroom 206. I handed the vital sign monitor and a defibrillator to a medical personnel in room 206 and I stepped out of room 206.

After (V) Emily Keyes was removed from room 206, Lt. Hancock asked me to secure the crime scene and I guarded the classroom. At about 4:36 pm, I let Bomb Technician Searle and Foley with Jefferson County Sheriff's Office enter room 206. Bomb Technicians told me that they needed to clear room 206 for possible explosives. At about 4:40 pm, Bomb Technician Searle and Foley left room 206. I guarded room 206 until agents from CBI relieved me.

| Initial Offense Classification<br><b>Homicide / Kidnapping</b> | Subject<br><b>Morrison, Duane</b> | Date of Report<br><b>09-27-2006</b>     |

At about 7:30 pm, I was assigned to go to the CBI office in Denver as a representative from the Park County Sheriff's Office while CBI executed a search warrant at the suspect's last known address. CBI agents later indicated the suspect was not living at his last known address, 1300 S. Birch Street in Denver. CBI agents asked me to call two phone numbers possibly related to the suspect to find out the suspect's current address. I called a phone number in Illinois at 630-357-1741 with an address of 117 E 12<sup>th</sup> Ave Apt 6 Naperville, Illinois 60563. I spoke with a female party who verbally identified herself as **(OP) Carol Morrison (D.O.B. 07-06-1947)**. I identified myself as a detective with Park County Sheriff's Office. I asked Carol if she knew or was related to Duane Morrison from Colorado. Carol said she was not related to Duane Morrison and she did not know who he was. I thanked Carol for her time.

According to CBI agents, the suspect possibly shared an address, 2424 W. Argyle Place, in August of 1986 with **(OP) Mary Louise Morrison (D.O.B. 02-01-1926)**. I called Mary Louise Morrison at 710 Locust Street Fort Collins, Colorado 80525 with a phone number of 970-482-7633. I identified myself as a detective with the Park County Sheriff's Office. I asked Mary if she knew or related to Duane Morrison who lived in Denver area. Mary said she did not know any Duane Morrison in Denver or in Colorado. I told Mary that she might have shared an address with Duane Morrison in 1986. Mary said she did not know Duane Morrison at all. Mary asked me why I was looking for Duane Morrison. I told Mary that I could not tell her the details of the case but it was very important to find out if she was related to Duane Morrison. Mary asked me if this was a criminal investigation and I told her, "Yes". Mary sounded very disappointed. I thanked Mary for her time.

CBI agents told me the suspect might have used Rodger or Garry as his first name. I immediately called Mary back. I asked Mary if she knew Rodger Morrison or Garry Morrison. Mary said Rodger sounded familiar. Mary said there was a family that lived near her house which had two sons but that was about 20 years ago. Mary said she believed one of them was Rodger Morrison. I again asked Mary if she could remember sharing the address with anyone in 1986 and she said, "No". I asked Mary if she was related to Rodger Morrison and she said, "No".

CBI agents and I were unable to locate the suspect's current address.

On September 28, 2006 at about 6:30 am, Detective Corporal Morgan and I attended the CBI briefing at the Platte Canyon School District Building. During the briefing that morning with CBI, we were told that in the past a student at Platte Canyon High School by the name of Jeremy Black had made unwanted advances toward Emily. CBI also advised us that Black may have been harassing Emily recently at her job at the Cutthroat Café. During this briefing CBI advised that there might have been an instance involving Black in the past where he molested Emily.

I researched Jeremy Black and Emily Keyes in the in-house database before I went to Cutthroat Café. I did not find a report regarding harassment or stalking issue with Jeremy.

## CONTINUATION SHEET

|  |                                   |   |
|--|-----------------------------------|---|
|  |                                   | Case Report Number<br><b>2006001845</b> |
| Initial Offense Classification<br><b>Homicide / Kidnapping</b> | Subject<br><b>Morrison, Duane</b> | Date of Report<br><b>09-27-2006</b>     |

At about 11:05 am, Detective Corporal Morgan and I went to the Cutthroat Café in Bailey to follow-up on a lead. Detective Corporal Morgan and I spoke with (W) **Michelle Anderson (D.O.B. 04-28-1977)**, a waitress at Cutthroat Cafe. Detective Corporal Morgan asked Michelle if someone stalked Emily in the past.. Michelle said she knew Emily but Emily never told her about being stalked. Michelle said Emily talked about a group of girls at the high school that Emily referred to as the "mean girls". Michelle stated one of these "mean girls" was named \_\_\_\_\_ Michelle did not know \_\_\_\_\_ last name. Michelle said if Emily was being harassed or stalked, Emily would have told Michelle. I showed Michelle a booking photo of the suspect Morrison, taken at Jefferson County Jail on July 11, 2006. Michelle looked at the photo and said she didn't remember seeing the suspect at the restaurant. Detective Corporal Morgan and I asked Michelle if she noticed anything unusual about Emily the last time they worked together. Michelle worked with Emily the night before Emily was killed and that Emily did not show any signs of being distressed.

Detective Corporal Morgan and I spoke with another waitress, (W) **Bobbie Sterling (D.O.B. 12-18-1952)**. Detective Corporal Morgan and I asked Bobbie the same questions we asked of Michelle. Bobbie said Emily appeared to be fine the evening before she was killed. Bobbie knew Jeremy Black, but did not recall there ever being an issue between Jeremy and Emily. Bobbie felt Jeremy just had a typical crush on Emily. Bobbie said Emily did not mention any concerns she had about being harassed or stalked. Detective Corporal Morgan showed Bobbie a picture of suspect Morrison, and Bobbie said the man in the photo looked very familiar to her. Detective Corporal Morgan and I did not find a connection between Jeremy Black and this case.

At about 4:30 pm, a CBI agent (I could not remember his name) called me and requested me to respond to 9600 West Colfax Ave. in Lakewood, where Morrison lived, to meet with ATF agents and CBI agents as a representative from the Park County Sheriff's Office while they executed a search warrant. The motel manager evicted Morrison and cleaned out room 10 where Morrison stayed. There were security cameras in the motel parking lot. I assisted CBI agents reviewing the tape from the security cameras. CBI agents collected Morrison's belongings and the tape from the security cameras.

At about 11:00 pm, I assisted Detective Corporal Franck in collecting suspicious male clothing in the closet at Fitzsimmons Middle School Room 10. The clothes seemed out of place in an art classroom. I videotaped the clothes. Detective Corporal Franck placed the clothes into paper bags. Detective Corporal Franck showed the clothes to CBI Agent Grif and it was decided the Sheriff's Office would hang onto the clothes because there was a chance they could be from the teacher of room 10. I was going to try and find the teacher in the morning to see if they were his clothes. I maintained custody of the clothes until later afternoon on September 29, 2006.

On September 29, 2006, after I attended a CBI briefing at 8:30 am at Platte Canyon School District Office. I asked a member of the school staff to provide me some contact information for the teacher in room 10 at Fitzsimons Middle School. The district office staff told me (W) **Rob Henry**, art teacher & Athletic Director, teaches in the room 10. The school district office staff gave me Henry's home phone number and she told me he did not have a cell phone. I attempted to contact Mr. Henry on the phone but he did not answer the phone. I

left a message for Mr. Henry to contact the Park County Sheriff's Office as soon as possible and speak with a detective. I learned that Mr. Henry would be at the community church in the morning from unknown teachers.

At about 11:05 am, I was dispatched to assist Deputy Hannigan in an old stalking, harassment and second-degree burglary case involving (SB) **David Shaffer (10-08-57)** with a new lead at Platte Canyon Storage located in downtown Bailey. I spoke with Deputy Hannigan at the scene and he requested me to take photograph and collect evidence for the David Shaffer's case. Deputy Hannigan told me that David Shaffer was known to camp out in Bailey area and leave his belongings behind. There were two couch pillows, three pornographic video jackets, one yellow outdoor electrical extension cord, one hand saw and one small Dustbuster handheld vacuum cleaner outside the storage building. I took pictures. I asked Deputy Hannigan to book them into property as found items right away. This case is not related to Duane Morrison. On September 28, I read the letter sent by Duane Morrison to his brother. The letter mentioned about Duane's personal property and how they should be distributed. None of the items matched the items mentioned by Morrison in his letter sent to his brother.

I went to the community church to contact Mr. Henry and he was gone. I spoke with other teachers who told me that Mr. Henry went to Denver and would be back later in the evening. I was not able to contact Mr. Henry. I transferred the suspicious clothes to CBI in the late afternoon.

CBI had a lead that Morrison may have been at the homecoming football game played at Platte Canyon High School Football Field. I spoke with Mr. Schmidt, Assistant Principal with Platte Canyon High School and Coach for the high school football team. I told Mr. Schmidt I was interested in any pictures and videotapes that might capture the audience of the game. I asked Mr. Schmidt if anyone videotaped the homecoming game. Mr. Schmidt told me the school videotaped the game but only the game and would not show any audiences. I asked Mr. Schmidt for a list of his football players but he did not provide me with the list. Mr. Schmidt said he did not know which families videotaped the games from the stands. I asked Mr. Schmidt to ask his football players if anyone videotaped their homecoming game and he said he would ask his players. I have not heard from Mr. Schmidt and any football players.

Detective Corporal Franck told me about threatening emails related to the Platte Canyon High School Shooting received by a female in Aurora. Detective Corporal Franck gave me the contact information for the female party who received threatening e-mails. Detective Corporal Franck gave me the female's phone number. I contacted the female at the phone number 720-949-0957 who verbally identified herself as (OP) Gloria Poole (D.O.B. 08-17-1949) with an address of 13686 E. 14<sup>th</sup> Ave. #305 Aurora, Colorado 80011. Gloria said she spoke with Detective Corporal Franck on the phone. Gloria told me she received very bizarre e-mails referencing the Platte Canyon High School Shooting and Sheriff Wegener. Gloria said she didn't know how she got the e-mails and had already forward them to Sheriff Wegener and the FBI. Gloria said e-mails mentioned the shooting at the Platte Canyon High School but did not tell me in detail. Gloria wanted me to investigate and prosecute whomever sent these e-mails to her and find out why. I asked Gloria to forward me all e-mails she received

with full header information to me as soon as possible. I advised Gloria to contact her local police department if she felt threatened by these e-mails.

On September 30, I received 10 e-mails from Gloria. Gloria forwarded me the e-mails she received with their header information. Six e-mails appeared to be commercial SPAM, unsolicited RX online store advertisement using current news topic as their subject line to get reader's attention. Three e-mails contained one line of text that did not make any sense. Gloria explained to me in her e-mail that 1 line text contain the word "erosive" and she thought it was similar to "explosive" and another word "scopic" was a reference to some kind of scope on a rifle.

I called Gloria back and explained to her that six of bizarre e-mails she received appeared to be a type of SPAM and three other did not cross the threshold for a criminal case. I again advised Gloria to contact her local law enforcement agency if she felt threatened or in danger.

I have no further information, end of report.

| Case Report Number<br><b>2006001845.24</b>                      |                           |                                   |
| Initial Offense Classification<br><b>Suspicious Items Found</b> | Subject<br><b>Unknown</b> | Date of Report<br><b>09-29-06</b> |

On September 29, 2006 at about 9:00 am I received a call at the Bailey sub-station regarding some suspicious items found at a local storage facility. The reporting party told me he had found some items on the ground outside his storage locker and he thought perhaps they were related to the incident at the high school. The Reporting party identified himself as:

**Jay Vanish, Youth Minister, Platte Canyon Community Church.**

I asked Jay to remain where he was and not to let anyone in the area. I responded to the storage units located next door to Platte River Auto and met with Jay. Jay told me no one else had tried to get into the area. Jay showed me the items he found. I observed a blanket, some pornography videos, a small car vacuum and an extension cord.

Detective Franck had asked me to respond to the school and assist her. I called Deputy Hannigan on the radio and asked him to respond to my location at the storage units and secure the scene until a detective arrived. I explained to Deputy Hannigan that the items found looked more like something we would find with a locally known drunk, identified as David Shaffer, but it was reported as being related to the school incident and we should treat it as such. I asked Deputy Hannigan to explain the situation in detail to the detective or CBI when they arrive.

Later I spoke to Detective Goto regarding the storage units and he told me Deputy Hannigan had told him only that the items were left by David Shaffer. Detective Goto asked Deputy Hannigan why he did not handle the items from Shaffer himself. Detective Goto took pictures of the location of the items found and told Hannigan to collect them for evidence regarding Shaffer not knowing the scene was to be treated as if it were related to the school incident. I told Detective Goto what I had told Hannigan to explain to him and that he had not done what I asked.

I advised Detective Franck and Sgt. Hardey about the situation upon arrival at the high school.

I have no further information, end of report.

On Wednesday, September 27, 2006 at approximately 12:20 p.m. I was off-duty in Denver at C-470 and University Blvd. in my personal vehicle when I received a cell phone message from my Daughter that there was a "shooter in the high school."

As a member of the active shooter contact team, I called Communications via cell phone and asked "Do we have an incident at the school?" The Communications Officer informed me "Yes." I instructed Communications to advise Sgt. Hardey that I was *en route*.

I arrived at the Platte Canyon High School at approximately 12:50 p.m. and staged at the Command Post where I met with Sheriff Wegener and Undersheriff Gore. At that time, I was dressed in casual business attire but was armed and had an over-vest bearing insignia that identified me as a member of the Sheriff's office, to which I visibly affixed my badge.

At approximately 1:15 p.m., Undersheriff Gore instructed me to return to the Bailey Substation and accomplish three tasks:

- 1) Be a point of contact for the parents trying to get to the High School. I was instructed to remain at the Substation to relay information to the parents.
- 2) Establish an area for the news media.
- 3) Establish a roadblock to prevent further access south bound from the Substation.

I arrived at the Substation at approximately 1:20 p.m. Within about 20 minutes, I was informed over Bailey 2 to instruct the parents at the Substation that children were being evacuated from the High School and relocated to Deer Creek Elementary.

At 2:00 p.m., I activated a pocket digital voice recorder. The following timeline was taken from my voice recorder:

| Activity   | Time  |
|--|-------|
| Recorder Started   | 13:59 |
| I was informed to find Sandy Koch Wilmoth - I was told she believed her husband was possibly the shooter in the school.  | 13:59 |
| JeffCo Public Information Officer (PIO) "Jackie" arrived at Sub  | 14:00 |
| I spoke to Sgt. Rhodes (CSP) said he would take Deer Creek Elementary (DCE) traffic and crowd control  | 14:01 |
| JeffCo Deputies used their PA to make an announcement to find Wilmoth  | 14:02 |
| I found Sandy Koch told her to standby   | 14:04 |
| I made the announcement to Parents to meet w/kids at DCE   | 14:04 |
| I spoke with Sandy Koch and determined she was Sandy Koch, but was not Sandy Koch Wilmoth, and never used the name Sandy Koch Wilmoth, and had no information regarding the shooter in the school. | 14:06 |

|  |       |
|--|-------|
| I instructed Aux. Off. Beaman to take driver's ed car to Command Post at someone's request (no recollection as to who gave me the instructions).   | 14:09 |
| PIO addressed the parents and reinforced them to go to DCE to find their children  | 14:10 |
| PIO informed the Parents there were "No reports of Injuries;" "There are no Kids at the school;" and that the shooter was holding two females  | 14:11 |
| PIO informed Parents that the two schools had been evacuated and "there are no injuries reported" and "The bomb squad is on scene at the school"   | 14:13 |
| 100 on TAC informed: "The buses are coming"  | 14:14 |
| Other school buses are loaded at the High School and ready to go   | 14:14 |
| 100 to 126/127 "Get the buses going at the Shawnee Community Center"   | 14:15 |
| Sgt. Rhodes spoke with 100 on TAC saying he can take (guide) the buses   | 14:15 |
| 100 informed Sgt Rhodes the buses were ready to go   | 14:15 |
| Det. Officer J Carrigan arrived on-scene to man road block   | 14:19 |
| Four school buses leave the Substation en route to PCHS  | 14:21 |
| 106 reported to 101 that a 30 cal clip was discovered  | 14:41 |
| 160 reported having a hostage with her, and asked 100 for a VA   | 14:49 |
| Buses pass the Sub road block S/B on 285 en rout to DCE  | 15:04 |
| I was informed by someone to watch for a car with a person named [redacted] and if she passes the roadblock, discreetly bring her into the sub   | 15:04 |
| A female Jeffco Deputy arrived in a marked Jeffco unit with a distraught female identified to me as [redacted]; I escorted the car to the front door of the Sub station.   | 15:19 |
| Worley, Donna (DOB 10/05/46) arrived on scene and identified herself as child investigator (CFI). She informed me that she had been "with that animal" at the high school since noon. I directed her to Mary Pat Bolan (VA1) in the Sub.   | 15:20 |
| Attorneys for PCHS (Kowalski, Stuart) arrived, and per 101, I directed them to the Admin Bldg.   | 15:21 |
| CBI Agent Katskellen, (phonetic) Ronald passed my roadblock  | 15:28 |
| CBI Agent Reese, Colin passed my roadblock   | 15:29 |
| CBI Agent Andrest (phonetic), Chris passed my roadblock  | 15:34 |
| A vehicle bearing the Colorado Plate 145 HVE passed my roadblock N/B on 285 coming from the direction of the High School   | 15:35 |
| CBI Agent Hyland, Kevin passed my roadblock  | 15:35 |
| CBI Agent Schaffer, Christopher passed my roadblock  | 15:37 |
| US Department of Justice Agent Lambert, Douglas passed my roadblock  | 15:41 |
| I established a CSP chase car at my roadblock. The CSP car was at the Sub pull-out just south of the substation.   | 15:41 |
| Deputy Brigham arrived at the roadblock in a marked unit. Brigham was dressed in a tack vest with insignia that identified him as a member of the Sheriff's office. I approached Brigham's car and asked him what he needed from me. Deputy Brigham informed me that "Brown walked up to me and said 'Per 100, you're going home.'" Deputy Brigham entered the Substation and began assisting the VAs handling the phones. | 15:42 |

|  |       |
|--|-------|
| Two plainclothes, badged, JeffCo Deputies arrived and announced they were instructed to help "Jackie" the PIO.   | 15:44 |
| Jerry Wilmoth (phonetic) arrived and desired to get through the road block. Apparently Communications was aware of Wilmoth and his situation; I was not, and did not allow Wilmoth to pass. Jerry Wilmoth informed me that Rich Wilmoth was "going to do something stupid." I do not know even at the present time, the situation surrounding Jerry Wilmoth, Rick Wilmoth or why Jerry Wilmoth needed to get through the roadblock or why Communications was aware of his presence at the roadblock. I did not permit Jerry Wilmoth to pass the roadblock. | 15:45 |
| CBI Agent Wilson, Mark passed the roadblock  | 15:47 |
| Detention Officer J. Carrigan told me that he was informed that a gurney was sent in (to the high school) and "they pulled a girl out."  | 15:48 |
| I contacted Communications via cell phone and instructed Rob with Communications to page 101 and inform him that Rich Wilmoth, who was in Grant, and who had something to do with the children still held at the school "was going to do something stupid."  | 15:49 |
| Jerry Wilmoth left the substation area, and traveled N/B on to 285. I informed Communication that Wilmoth left the area. Communications informed me that they had been in cell communications with Rick Wilmoth.   | 15:53 |
| Kullingburg, (phonetic) William, Colorado Plate 403 JPS permitted N/B through the roadblock  | 15:53 |
| I gave the digital recorder to J Carrigan to man the road block, and I went into the Substation. I spent several minutes in the Substation speaking with Dept. Brigham and the VA's that were in the Sub.  | 15:55 |
| Carrigan permitted Diaz, Ben (PCFD) to pass the roadblock.   | 15:57 |
| I returned to the road block, and admitted a passenger car with people I believed to be the parents of one of the hostages.  | 15:59 |
| Detention Officer J. Carrigan escorted Mr. and Mrs. Keyes out of the Substation to an awaiting Jeffco marked car. At this point, the digital recorder may have been placed on "pause" and references to time may be unreliable.  | 16:01 |
| Smith, Gary and Skillman, Christopher US Department of Justice passed the roadblock.   | 16:02 |
| 100 announced over TAC that "all our team has been released."  | 16:06 |
| I gave Officer Carrigan the voice recorder and went to speak with the PIO. In the interim, Carrigan permitted CBI Agent Wilmoth, Carl W to pass the roadblock.   | 16:07 |
| I returned to the roadblock and informed Carrigan that 100 was scheduled to be at the Sub in approximately 20 minutes.   | 16:10 |
| A Red Cross Volunteer arrived at the Sub with relief supplies.   | 16:15 |
| The driver of a large TV van asked for permission to park in the Sub pull-off (south of the road block), I assigned an Aux. member to ride with the Driver of the van and ensure the driver did not go any further south than the pull off.  | 16:17 |

|  |       |
|--|-------|
| J Carrigan permitted a vehicle to pass N/B through the roadblock. J Carrigan questioned the driver and determined the driver had been at the school for a considerable length of time. The driver informed Carrigan that he heard one of the hostages had been killed. Carrigan requested that the driver not speak to anyone, but leave the area. | 16:19 |
| CBI Agent Mitchekee (phonetic) Charles passed the roadblock  | 16:22 |
| A passenger car approached me containing a passenger, (an _____ woman, who was identified to me as _____ the _____). I directed the car to the Sub.  | 16:25 |
| CBI Agents Allenholm (phonetic) David and Brown, Robert passed the roadblock.  | 16:29 |
| JeffCo SO Nelson, Steve and Gog (phonetic) Richard passed the roadblock.   | 16:30 |
| JeffCo SO Donnenback (phonetic) Daniel passed the roadblock.   | 16:30 |
| CBI Agent Gregg, Krista passed the roadblock.  | 16:31 |
| Sheriff Wegener arrived at the Sub.  | 16:33 |
| CBI Agent Voltz, Daniel passed the roadblock.  | 16:40 |
| JeffCo SO Dunno (phonetic) John  | 16:41 |

At this point, in time, unknown to me, the memory on the digital recorder was full.

I remained on scene until the debriefing at the gymnasium at the Administration Building. During that time, I passed several law enforcement officers through the roadblock. Since I thought the recorder was running, I did not keep a hard log of the entries.

I attended the debriefing, returned to the Substation and cleared, and called off duty.

I took no further action.

|  |   | <b>Case Report Number</b><br><b>2006001845</b> |
| <b>Initial Offense Classification</b><br><b>Murder</b> | <b>Subject</b><br><b>Duane Morrison</b> | <b>Date of Report</b><br><b>10/31/06</b>       |

On 9/27/06 at approximately 11:50 AM, I, Reserve Deputy Humke, was at the Bailey Sub Station and I was told by Sharon in the office that there had been a report of a shooter at Platte Canyon High School. I was not on duty and in plain clothes. I went to my personal vehicle and drove to the High School.

I arrived at the school at approximately 11:55 AM and contacted Corporal Wood on the north entrance of the High School. Corporal Wood went to his vehicle and gave me a shotgun. I initially took a position at the north entrance to the school. I then went to the south side and covered there for approximately 20 minutes and then went inside and contacted Deputy Gaffner. We both went to the second floor where we covered the east side until Sheriff Wegener came out and instructed us to go to the room where the suspect was held up in.

We set up outside and I covered the hallway while Sgt. Bonnelycke negotiated with the suspect. Shortly after I arrived Sgt. Hardey came into the hallway and said he believed he had a shot from an adjacent room at the suspect. I notified Sgt. Bonnelycke what Sgt. Hardey had said.

I continued to cover the hallway and directed the Jefferson County SWAT to the room as they arrived. I observed Detective Bonnelycke negotiate with the suspect and the first female was released and escorted out of the building by Deputy Reynolds at approximately 1:00 PM. She appeared to be shocked and was not crying. The second female was released approximately an hour later and was visibly upset and crying. There were two more females released shortly later and escorted out of the building. Deputy Reynolds told me that one of the females had said she had been

Shortly later one of the Jefferson County SWAT members told me that he believed the suspect might be trying to get into the ceiling because he heard him stacking furniture inside the room. I went to the room where Sgt. Hardey was located and notified him to be aware that the suspect might be trying to get into the ceiling.

At that time Sgt. Hardey opened the door to where the ladder went to the attic area. Sgt Brown and Cpl. Wood went up the ladder and cleared the attic. Jeffco Swat told me that Sgt. Brown and Cpl. Wood were making too much noise and the suspect was getting irritated because he could hear this noise. I immediately went to the ladder and went up to the top and told Sgt. Brown to come down as he was making too much noise. He and Cpl. Wood came down and the door was secured.

The suspect continued to be agitated, as he said he believed the SWAT was still in the attic above him. The negotiator assured him that there was nobody in the attic. The suspect continued to be concerned about what he was hearing and the negotiator told him that the wind was causing the shingles to rattle and that they were hearing the same thing in the hallway.

Sgt. Bonnelycke had taken a break, and a Jeffco negotiator took over for approximately an hour.

| <b>Date of Report</b><br><b>10/31/06</b>               |   |

When Sgt. Bonnelycke returned to negotiate the suspect was much less vocal. Sgt. Bonnelycke was talking primarily to Emily and was being relayed information from the suspect through her. Sgt. Bonnelycke asked the suspect to release the girls several times and was not getting an answer. Sgt. Bonnelycke was able to get the phone number of Emily's mother (303-903-2392) and the address of [redacted] who was the second hostage of [redacted] told Sgt. Bonnelycke that she is a [redacted]. At that time Sgt. Bonnelycke spoke to her [redacted] and she did not say much back to him. Sgt. Bonnelycke then said that he would talk to Emily and have Emily relay what [redacted] said because he could hear Emily better. Sgt. Bonnelycke asked the suspect if it would be OK [redacted] and did not get a response from the suspect. Sgt. Bonnelycke asked the suspect to continue to help him and release the girls. Sgt. Bonnelycke said that more time would not change anything and it was time to release the girls. Sgt. Bonnelycke asked him why 4:00 would change anything and the suspect did not appear to respond. This was a approximately 3:30 PM, according to my watch.

Jeffco SWAT had set up the explosive device and I was told that they might be detonating it at any time, so I moved behind the steel doors to the stairs and continued to listen and secure the doors. I saw the Jeffco SWAT member who was on the floor in the hall pull his eye protection down and it appeared he was getting ready to detonate the device, so I closed the steel doors. About two minutes later the device went off and it pushed the metal door open approximately 3 to 4 inches. I opened the door and went into the hallway. There was a great deal of smoke and noise, but through the smoke I saw a female standing in the hallway in front of the room where the suspect had them hostage. I yelled at her to come to me and she appeared to be disoriented, so I went closer and a SWAT member pushed her in my direction and I grabbed her hand and told her to follow me. We ran out of the hallway and down the stairs. I went with her until we reached the Jeffco patrol cars parked on the sidewalk and told her to go with them.

I returned to the high school building where I observed Lt. Hancock and two other deputies coming down the stairs with backpacks. I assisted in carrying the backpacks to the south side of the high school where they threw them down the side of the hill towards Hwy. 285. As I was returning to the building a Platte Canyon EMS Medic asked me what the situation was and I told her that I believed there were two people down with gunshot wounds to each.

I returned to the second floor location where I assisted Sgt. Hardey in holding the doors open so the EMS personnel could transport Emily through the doors and to Flight For Life.

I returned to the north side of the high school and met with Cpl. Wood, Sgt. Hardey, and Deputy Deberry. I returned Cpl. Wood's shotgun to him and we were notified to meet with Sheriff Wegener at the command ctr. We were briefed by Sheriff Wegener and he told us we were released. I cleared the scene at approximately 5:00 PM.

I have no further information at this time.

History / Investigation:

On September 28<sup>th</sup>, 2006, I was assigned to escort and security duties at the Platte Canyon Community Church located on Park County 64 in the town of Bailey. Sgt. West and Cpl. Angeloff of the Jail Division were assisting me on this detail. Our primary duties were to escort family members into the church for debriefing and to keep the media out.

While making a tour of the outer doors, I was contacted by a female party who identified herself as;

\_\_\_\_\_ was visibly shaken and asked to speak to me. We found a quiet corridor on the basement level of the church and we began to speak. \_\_\_\_\_ advised that she had brought something up during the grieving process and a "grief counselor" ask her to report that information to a police officer.

\_\_\_\_\_ advised "I've seen him before. The suspect (referring to **Morrison**). I asked her when? "I saw him at the homecoming football game. I didn't put it all together, until I saw his picture on the news." \_\_\_\_\_ began crying and her body was shaking.

\_\_\_\_\_ continued by stating; "I got there late, around 2:00pm. He looked right at me. I didn't think anything of it, he was wearing a blue and white sweatshirt. He had it pulled in real tight around his face. He kept walking around the stands. Just looking into the stands."

Based on my past training and experience, \_\_\_\_\_ reaction to the information she was providing me appeared to be appropriate. Her relaying of this information appeared to be accurate and honest. I did have some knowledge of the suspect's manner of dress on the day of the shooting (09-27-06) and was aware that \_\_\_\_\_ report was consistent in part with that information.

As to not taint any future in depth interview, I ceased any further questioning of her. I gained \_\_\_\_\_ personal information and contacted Cpl. Wood immediately. I requested that Cpl. Wood relay this information to the command center at Platte Canyon High School.

I advised that due to the nature and intensity of this investigation, that should \_\_\_\_\_ not be contacted in a reasonable amount of time, to feel free to re-contact me.

R/O had no further involvement with this witness at the time of this report.

October 19<sup>th</sup>, I met with Chris Schaefer at CBI to see what the status of the investigation was. Chris said the investigation was going well and mentioned he had some follow up questions he wanted me to talk to the hostages about and was going to email the questions to me. Chris also told me that he and Jim wanted to interview \_\_\_\_\_ and asked if I could contact \_\_\_\_\_ and see if she would talk with CBI and when would she be available. I told him I would speak with \_\_\_\_\_ when I interviewed the other victims.

On October 20<sup>th</sup>, I spoke with Mary Pat Bowen and told her about needing to speak with the hostage victims again for some follow up questions. Mary Pat told me she had to speak with the hostage victims about other items so offered to set up a time frame for the interviews and to get consent from the parents to speak with their children. Mary Pat was also going to ask the parents for their consent to interview the victims at school. I thanked Mary Pat for her help.

On October 21<sup>st</sup>, I was at the substation in Bailey and spoke with Deputy Brigham. I asked Deputy Brigham about how the information with David Shaffer and the items found at Platte Canyon Storage came about a day or two after the incident. Deputy Brigham told me Jay Vanish found the items outside the storage facility and called police. Deputy Brigham responded and thought the items looked suspicious and did not know if they were related to Duane Morrison. I asked Deputy Brigham to write another supplemental to the report stating how it was thought the items belonged to either David Shaffer or Duane Morrison. Deputy Brigham said he would write a supplemental. As we were talking about the events at Platte Canyon High School, Deputy Brigham told me he was the one who yelled at me stating \_\_\_\_\_ was a hostage that was just released and needed to be interviewed. I told Deputy Brigham I thought it was Lt. Muldoon who was telling me I needed to interview \_\_\_\_\_ and Deputy Brigham stated no it was him. (We were across the parking lot from each other and I just didn't recognize Deputy Brigham.)

On October 23<sup>rd</sup>, I called Chris Schaefer with CBI and told him the information about the confusion of the David Shaffer case. Chris told me David Shaffer was ruled out as having any information on Duane Morrison.

On October 24<sup>th</sup>, I received in my mailbox at the Sheriff's Office a letter from the Department of Transportation in Harrisburg, Pennsylvania. This letter was reference my request for information on Russell Landau the night I was investigating the suspicious letters received by the Keyes family. The letter stated Russell Landau had a valid driver's license and there were no violations, medicals or report of accidents reference Russell Landau. Also attached was a notarized letter stating the record sent is an accurate copy regarding the information I requested.

Mary Pat advised she had the interviews set up for Thursday October 26<sup>th</sup> starting sometime around noon and she had contacted all the parents and they gave permission to speak with the victims at school. The only exception was \_\_\_\_\_ she wanted to be present when we talked with \_\_\_\_\_

|  |   | <b>Case Report Number</b><br><b>2006-001845</b> |
| <b>Initial Offense Classification</b><br><b>Homicide</b> | <b>Subject</b><br><b>Duane Morrison (S)</b> | <b>Date of Report</b><br><b>11-02-06</b>        |

On October 26<sup>th</sup>, we had a snowstorm that closed the schools and the mountain pass so the interviews were rescheduled for Monday October 30<sup>th</sup>. Mary Pat Bowen attended the interviews with me. They were conducted at Platte Canyon High School in Corporal Wood's office.

On October 30<sup>th</sup>, I met with victims to ask them the questions CBI provided me. The questions were: do you recall Morrison looking through or attempting to look through any backpacks, purses or personal belongings? The victims were asked to check their purses, back packs and day timers to see if there were any notes, business cards etc. that did not belong to them. And the last question was would the victims expand on Morrison asking for their first and last names.

The first victim I spoke with was [redacted] said Morrison looked through her backpack and [redacted] looked through a light blue backpack she thought belonged to [redacted]. Morrison wanted Emily to have a cell phone and was telling the girls to call their parents. Emily thought there was a cell phone in backpack but didn't find one. [redacted] used her own cell phone and called her mom but the reception was "crackly". Emily and [redacted] tried to call their parents but couldn't get service. Emily tried using [redacted] phone to call but again couldn't get service. [redacted] mom went through her backpack and didn't find anything unusual. [redacted] said Morrison asked [redacted] and Emily for their dad's name and when Emily told Morrison her dad's name Morrison said he knew Emily's dad but didn't say how. Morrison asked [redacted] if she knew everybody's name in the classroom and [redacted] said just their first name. Emily was able to state everybody's first and last names of the students in the class. After that Morrison let [redacted] go. This was all [redacted] had to tell me.

The next person I interviewed was [redacted] didn't see Morrison going through anybody's backpacks or belongings but was told they could look for cell phones and get water if they needed it. [redacted] did not find anything suspicious in her backpack. Morrison asked for everybody's first name and some people he asked for their last names. [redacted] was not aware Morrison asked Emily and [redacted] for their dad's name. This was all [redacted] had to tell me.

I spoke with [redacted] did not see Morrison go through anybody's backpacks or personal belongings. [redacted] had all ready gone through her backpack and didn't find any suspicious notes or cards or anything that didn't belong to her. After Morrison took over the classroom he told everybody to line up at the blackboard. Morrison asked the students for their first and last names then released the students he didn't want. Morrison asked [redacted] and Emily for their last names and dad's names. When Emily told Morrison her dad's name Morrison said he knew Emily's dad but didn't say why. Morrison let the other students go. [redacted] said it was just the last seven people in the room he asked for their first names with the exception of Emily and [redacted]. Morrison never asked for any mother's names. This was all [redacted] had to say.

I spoke with [redacted] doesn't remember if Morrison went through anybody's backpacks. [redacted] had all ready checked her backpack and didn't find anything that was suspicious or not hers. Morrison asked everyone he came face to face with for their first name. Of the seven students left in the classroom, [redacted]

| Initial Offense Classification<br><b>Homicide</b> |  | Subject<br><b>Duane Morrison (S)</b> | Case Report Number<br><b>2006-001845</b> |
|   |  |                                      | Date of Report<br><b>11-02-06</b>        |

Morrison asked for their first and last names. Morrison asked Emily and \_\_\_\_\_ for their dad's names. \_\_\_\_\_ told Morrison her dad's name and then Emily told Morrison her dad's name. Morrison paused but didn't say anything. \_\_\_\_\_ never heard Morrison claim he knew Emily's dad. This was all \_\_\_\_\_ had to say.

I spoke to \_\_\_\_\_ next. Before \_\_\_\_\_ was released, Morrison and Emily were looking through backpacks for cell phones. \_\_\_\_\_ thought they looked through \_\_\_\_\_ backpack for a cell phone. They searched backpacks that were in sitting in the front of the room, along the left wall and second to the last row. Morrison told the hostages to call their parents and tell the parents the hostages were going to be safe and nobody was going to get hurt. Morrison was telling the hostages they were going to be let out soon. Morrison repeatedly told police the hostages were going to be let out every half hour but \_\_\_\_\_ said that didn't happen. \_\_\_\_\_ text messaged a friend of hers, \_\_\_\_\_ In her message \_\_\_\_\_ text \_\_\_\_\_ saying tell everyone I love them don't forget. \_\_\_\_\_ didn't get the message until later that night. \_\_\_\_\_ said they tried to use the telephone that was in the classroom but it wouldn't dial out. \_\_\_\_\_ eventually got a signal on her cell phone and called her mother. \_\_\_\_\_ told her mother she was ok/safe and that she had to go. \_\_\_\_\_ mother was saying what what. \_\_\_\_\_ got two text messages from a friend of hers in Conifer, \_\_\_\_\_ 1. The messages were \_\_\_\_\_ saying she heard what was going on and asked \_\_\_\_\_ if she was ok and to call her. \_\_\_\_\_ said she hadn't gotten her backpack yet so she doesn't know if there is anything out of place. \_\_\_\_\_ stated just recently she got her wallet and school items returned to her. Morrison had the students line up against the blackboard and was randomly asking for their names. \_\_\_\_\_ thought Morrison asked \_\_\_\_\_ and \_\_\_\_\_ for their last names. After Morrison narrowed the students down to the last seven hostages he asked \_\_\_\_\_ for her dad's name, which \_\_\_\_\_ told him but Morrison didn't say anything. When Morrison asked Emily for her dad's name and Emily responded John-Michael Morrison mumbled something to the fact he knew John-Michael. Morrison never told the hostages his first or last name but used pronouns. Morrison told the hostages to follow him. This was all \_\_\_\_\_ had to say about the questions I had. However \_\_\_\_\_ asked me questions about the student who lied on national TV saying he tried to save the girls. \_\_\_\_\_ was really upset with him. \_\_\_\_\_ asked some general questions and I answered what I could.

\_\_\_\_\_ was the only student I didn't talk to that day because her mother wanted to be present and we could not contact \_\_\_\_\_ to come to the school. Mary Pat said she would work with \_\_\_\_\_ and let me know when we could interview \_\_\_\_\_

Later that day Mary Pat contacted \_\_\_\_\_ mother and we were scheduled for Wednesday November 1<sup>st</sup> at 8:45 am at the school.

After the interviews I attempted to find \_\_\_\_\_ was not at school because she was sick.

On Monday evening, October 30<sup>th</sup>, I received a call at home from Communications asking that I contact Sheriff Wegener at his residence. I called Sheriff Wegener who told me that afternoon he learned from the school that a \_\_\_\_\_ was in the counselor's office at the \_\_\_\_\_ and told

| Initial Offense Classification<br><b>Homicide</b> | Subject<br><b>Duane Morrison (S)</b> | Date of Report<br><b>11-02-06</b> |

counselor Alice O'Shea that her parents are friends of Duane Morrison. \_\_\_\_\_ parents told her not to tell anyone. I thanked Sheriff Wegener for the information and told him I would talk with the counselor the next day and forward this information to CBI.

On October 31<sup>st</sup>, I called Chris with CBI and told him about the information I received Monday night from Sheriff Wegener reference: \_\_\_\_\_. Chris asked I contact the counselor and get more information as to how the disclosure happened and was \_\_\_\_\_ credible when she spoke with the counselor. Chris asked that I call him back and let him know what I learned.

That day I responded to Fitzsimmons Middle School and met with counselor Alice O'Shea. I asked what were the circumstances \_\_\_\_\_ came into her office and disclosed this information. Alice told me it was the on Wednesday the week before that \_\_\_\_\_ came into the office with another student who needed to talk with the counselor. It was at this time \_\_\_\_\_ blurted out her parents knew Duane Morrison stating her father and Morrison used to work together. \_\_\_\_\_ reiterated: \_\_\_\_\_ Alice didn't question \_\_\_\_\_ about this anymore. It wasn't until Alice was at a staff meeting on Monday October 30<sup>th</sup> when Dr. Walpole told the counselors they don't have confidentiality privileges with students and that's when Alice told Dr. Walpole about the disclosure by \_\_\_\_\_. I asked Alice if she remembered what time of day this happened. Alice said \_\_\_\_\_ was in the office twice that day, once at 11:00 am and then 1:50 pm when \_\_\_\_\_ came in with another student who was having problems. This is when \_\_\_\_\_ disclosed the information about Morrison. I found out the Wednesday before would have been October 25<sup>th</sup>. I thanked Alice for the information.

I contacted Chris back and told him the circumstances of \_\_\_\_\_ disclosure. I provided him with \_\_\_\_\_ parent's names and address that I obtained from Corporal Wood. I found a date of birth for \_\_\_\_\_ and gave that to CBI. Chris said they would run a work history on \_\_\_\_\_ to see where he worked and to see if he in fact worked with Morrison. CBI has not at this time asked me to do anymore follow up with \_\_\_\_\_.

On November 1<sup>st</sup>, Mary Pat Bowen and I met with \_\_\_\_\_ and her mother at the school. I asked \_\_\_\_\_ the same questions I asked the other victims a couple days prior. \_\_\_\_\_ didn't see Morrison going through anybody's backpacks. \_\_\_\_\_ hadn't gone through her backpack extensively and offered to go through it at that time but I told her she could check later and if she found anything that didn't belong to her to please let me know. Morrison asked \_\_\_\_\_ for her first and last name multiple times. Morrison asked Emily her name and Morrison said something but \_\_\_\_\_ couldn't hear what he said. Morrison asked the students for their names different times throughout the incident and asked Emily what \_\_\_\_\_ name was. When Morrison went to let \_\_\_\_\_ go she started to walk towards the door and Morrison called her back. Morrison told her to crack the door and tell those guys (meaning cops) to back off. \_\_\_\_\_ left. \_\_\_\_\_ told me she saw Morrison earlier that morning and thought he was a parent. I didn't ask \_\_\_\_\_ where she saw Morrison. \_\_\_\_\_ then asked me questions as to how Morrison got a gun to begin with and people like him shouldn't possess firearms. \_\_\_\_\_ also said she didn't necessarily feel safe with extra police in the

school. [redacted] asked about metal detectors in the school. Mary Pat Bowen and I told [redacted] her concerns were valid and gun control was a national topic and suggested turning her ideas about gun control into something positive and suggested she write the White House or a senator expressing her thoughts about gun control. I told [redacted] some people were for metal detectors in schools and some were not and it was an issue with money as well. [redacted] also talked about a student, [redacted], who talked about guns and drinking and driving and it made [redacted] very uncomfortable because she sits beside him in a class. Mary Pat and I told [redacted] she should tell a teacher about [redacted] comments and how they upset her and the teacher could either separate them or talk to [redacted] about his conversations with guns bothered [redacted] asked about the status of the investigation and I told her the timeline for the investigation to be completed was roughly the 1<sup>st</sup> of December. [redacted] wanted to know what was in the suicide note written by Morrison. I told her I couldn't reveal that information at this time and [redacted] asked when the investigation was over would they, the victims, be told what the investigation revealed before it was released to media. I told her that would be up to the Sheriff and District Attorney about what was released to the media. I told her the best I could do was look into it and confer with Sheriff Wegener, CBI and the District Attorney.

After I finished talking with [redacted] I found out [redacted] was in school and asked them to call her down to the main office. I met with [redacted] telling her who I was and what I wanted to talk to her about. I told [redacted] that agents from CBI wanted to interview her because she was [redacted] I also asked if Emily had any other friends considered to be best friends and [redacted] mentioned a girl who graduated last year. [redacted] stated she was really only Emily's best friend. [redacted] said next Wednesday, November 8<sup>th</sup>, would be better for her for an interview and she preferred sometime in the morning. I told [redacted] I would contact her parents to receive permission for CBI to interview her.

That week I contacted [redacted] and [redacted] reference interviewing [redacted] at school. After numerous phone messages, [redacted] said they wanted to cooperate and had no problem with [redacted] speaking to CBI agents and [redacted] preferred her parents not be present.

I contacted Chris with CBI and told him it was set up for Wednesday November 8<sup>th</sup> at Platte Canyon High School approximately 9:00 am for them to speak with [redacted] Chris said that would be fine and mentioned he had [redacted] letter jacket he would be returning as well as Emily's cell phone and asked if somebody would be there to sign for the items. I told Chris Detective Goto would be working the school that day and he could sign for the items. I also told Chris Mary Pat Bowen was going to be present should [redacted] need anything and I could not be there because I had SWAT training. Chris said that would be fine. I told Detective Goto about the meeting with CBI on the 8<sup>th</sup> and asked Detective Goto to give Chris the remaining reports I had reference the school shooting. Detective Goto was to turn over Emily's cell phone to either Mary Pat Bowen or Sgt. Hardey who would in turn give it back to the Keyes family.

During the last couple weeks, I have been asked by CBI agent Larry Brown to follow up on a couple of items. Larry asked about a tip that came into the tip line by a person who stated Morrison raped her. Larry didn't have the day or time the tip came in. I contacted Sharon Clarke, secretary of the Bailey substation, who was

transcribing the tip line and found the tip came in on September 28<sup>th</sup> but I cannot remember what time the tip came in. I asked Sharon if the tips had been saved to which she replied they had. I suggested we copy the saved tips onto a cassette and asked her to complete this task. At this point I was only interested in taping the tips up to the point an anonymous caller claimed Morrison raped her. That afternoon, unknown day, Sharon called back saying the tips from September 27<sup>th</sup> through September 30<sup>th</sup> were gone. Sharon didn't know what happened to them and knows she saved all tips. Sharon thought perhaps when we had the snowstorm in October, which knocked out computers, fax machine and the computers at the substation that perhaps the calls got lost. I asked that she contact Barbie McBee with the county who handles telecommunications and see if Qwest can check to see if those calls can be retrieved. I am currently working with Barbie reference this issue.

Last week I received another call from Larry Brown asking if any Park County deputies took a written statement from \_\_\_\_\_ On November 7<sup>th</sup> I sent a memo out to the two district Sergeants addressing if any deputy took a statement from \_\_\_\_\_ I have not heard from any deputy stating they took that statement. Larry told me \_\_\_\_\_ handed it to a uniformed officer but had no idea what agency.

On Friday November 11<sup>th</sup>, I received a voicemail message from Chris Schaefer. Chris wanted to know if I knew anything about student \_\_\_\_\_ was the student who went \_\_\_\_\_ shortly after the shooting and said he something to the affect he tried to help the girls in the classroom then later said \_\_\_\_\_ about his involvement. Chris was reading the report from the agency that interviewed him and had some conflict as to where \_\_\_\_\_ was that day. Chris asked if I could talk to \_\_\_\_\_ and find out exactly where he was the day of the shooting.

On November 15<sup>th</sup>, I worked a shift at Platte Canyon High School and tried to talk to \_\_\_\_\_ hadn't shown up for class that day. I left the high school and completed my tour of duty at Deer Creek Elementary and never talked to \_\_\_\_\_

On November 16<sup>th</sup>, I contacted Corporal Wood and asked if he could speak with \_\_\_\_\_ about where he was that day. Corporal Wood talked with \_\_\_\_\_ and \_\_\_\_\_ stated he never had contact with Morrison and wasn't in room 206 at all. \_\_\_\_\_ was in the computer area of that particular classroom pod, which was near classroom 206.

At this time I have not been requested to complete any further follow up investigation for CBI.

On November 16<sup>th</sup> Sgt. Bonnelycke and I met with Chris Schaefer reference the Platte Canyon shooting. I asked Chris if they found out any information reference [redacted] supposedly working with Morrison. Agent Jim Fuller said they didn't really find any connection when they did a work history on [redacted]. Chris asked if I could talk with [redacted] to find out if [redacted] actually worked with Morrison.

On November 28<sup>th</sup>, I called the home telephone number of [redacted] and spoke with his [redacted]. I identified myself and told [redacted] a call came on the tip line set up for the school that made reference to them knowing Duane Morrison. [redacted] told me some of that was true and some was not. I asked [redacted] to tell me what the connection was.

[redacted] worked at [redacted] in Aurora for fourteen years. While working there he met Tony Demo who is a brother-in-law to Duane Morrison. [redacted] and Tony are friends. Tony moved to Oklahoma in August of 2006. Shortly after the picture of Duane Morrison was aired Tony called [redacted] and said he was so sorry and said that Duane Morrison was his brother-in-law.

[redacted] said she might have met Duane Morrison at Tony's wife's funeral approximately a year and a half ago but couldn't be sure. In fact last year Tony invited the [redacted] to go to the haunted house (where Duane worked) but they didn't go because [redacted] heard the haunted house was pretty gross and her kids were too young. I asked [redacted] if she had a telephone number for Tony in case CBI wanted to talk to him. [redacted] didn't have a telephone number but thought her husband might. [redacted] and was currently out of town. [redacted] said when she talked with [redacted] onight she would see if he had a number and leave it on my voicemail the next day. I thanked [redacted] for the information.

Before hanging up [redacted] mentioned that somebody was hanging out in a locker room at Evergreen High School a month to a month and a half ago, before the shooting at Platte Canyon, and wondered if it was Duane Morrison. I told her I didn't know but would forward the information to CBI.

I called Chris and told him about the conversation with [redacted] and what the connection was with the family. Chris mentioned they recently found out Tony had moved to Oklahoma and Tony had a nationwide warrant for his arrest for lack of child support payment. I told Chris I would be down Thursday to give him my report as well as our SWAT training notes and Corporal Wood's training reference Platte Canyon.

At this time I have not been asked by CBI to follow up anything further.

End of report.

Park County Sheriff's Office

**JAIL**

To: Under Sheriff Gore Via Chain of Command

From: Deputy J. Carrigan

Subject: September 27, 2006

Date: October 24, 2006

---

On September 27, 2006 at about 1200 hours, I; Park County Sheriff's Detentions Deputy Jeremiah Carrigan; heard the report of shots fired at Platte Canyon High School broadcast on my brother's radio. After I heard the local news state that parents were to meet at the Bailey Substation of the Park County Sheriff's Office. I then responded to the substation to volunteer in any way I could. When I arrived at the substation there appeared to be only a few staff members working inside as most other personnel had already reported to the schools. I immediately began answering phone calls from news agencies, and parents demanding information on the events. At the time there had been no information given to the employees at the substation, so I stated that deputies were responding to an unknown incident at Platte Canyon High School. I apologized for the lack of information but asked that they continue to call the substation periodically to check for updates.

After answering several calls, I was asked by an unknown victim's Advocate to go to the Bailey Self Serve gas station to ask that the manager begin a running tally of items given to deputies or Sheriff's Office personnel that come in to purchase food. When I arrived back at the substation I noticed that a large group of parents had formed outside the substation. Two of the parents were walking on the side of the road towards the High School. I reported back to the Victim's Advocate and advised them that I had spoken to the manager at the Bailey Self Serve and that the tab had been set up. I then made contact with the two adult females walking along highway 285. As I approached I was able to visually identify one of the parties to be [redacted] a parent of a student at Platte Canyon High School. I then asked [redacted] and the unidentified party to return to the substation with me. Both women refused and continued walking on the highway. I repeated my request several times, stating that for the safety and security reasons I could not allow them to go to the school. The parties became very agitated and continued to be verbally non-compliant, stating, "I had no idea what they were going through." I explained to them that I did understand and that I had family members at the school, but I still was required to perform my duties as a deputy. At this time [redacted] became very distraught, and began throwing the items she was carrying at me. Her cellular phone, purse and keys struck me in the chest and legs, but did not cause injuries. I pick her belongings up and returned them to her, and again asked that she return to the substation. At this time she and the other party complied without further incident.

Upon my return to the substation I began directing vehicles into the substation parking area and performing various other crowd control measures. Park County Reserve Deputy Connell arrived and took command of the roadblock we had established at the entrance to the substation. This direction we began checking identification of any vehicle without and markings, regardless of the presence of emergency lights. Detentions Deputy Baker and Auxiliary Deputies Steve and Randy also arrived on scene and began assisting in the operation.

This roadblock was maintained until approximately 2300 hours, at which time Deputy N. Carrigan, Auxiliary Deputy Steve, Auxiliary Deputy Randy, and I moved the road block up to the Breckinridge Resort at about mile marker 219 on highway 285. At about 0000 hours on September 28, 2006 the auxiliary deputies were allowed to go home. Deputy N. Carrigan and I continued our watch

at mile marker 219 until about 0300 hours. At 0300 hours we moved the roadblock to the entrance of high school as Lieutenant Hancock requested. At approximately 0420 hours Deputy Hannigan arrived at the high school to relieve Deputy N. Carrigan and I. At which time I left the scene and reported to the jail for my scheduled shift. Sergeant Jones was made aware of my involvement in the incident and allowed me to go home to rest.

End Of Report

A handwritten signature in black ink, appearing to read 'Jeremiah Carrigan', with a stylized flourish at the end.

Jeremiah Carrigan
