# Aiden Hale's Journal

*Transcribed by*

*This is a transcript of one of the twenty-six notebooks left by Aiden (Audrey Elizabeth) Hale. Hale's journal does not lend itself to transcription. Most pages comprise scattered phrases and chunks of text distributed in space. The few pages that contain paragraphs of linear text are the exception, rather than the rule. Much of Hale's text resembles free-verse poetry or song lyrics, with line breaks used prosodically or expressively; such text has been transcribed accordingly. The transcription generally proceeds from left to right and top to bottom within each page. Other than respecting intentional line breaks, we have not replicated Hale's layouts. Hale's erratic spelling, capitalization, and punctuation have been preserved. Text added as an afterthought, either above the line or in the margin, has been incorporated into the body and marked with angle brackets, except where directly replacing canceled text. Illegible words are either conjectured, in brackets, or indicated with a bracketed question mark alone. The journal has sketches throughout; these pictures are noted only when they seem relevant and their subject matter can be deciphered. Recurring symbols include the inverted cross, a Satanic emblem, and Hale's own "dark abyss" symbol (as identified in the official report), an octagon divided into eight radial, alternately shaded slices, sometimes with spirals in the lighter slices. Bracketed comments are from the editors. Hale's brackets have been changed to parentheses for editorial clarity. Crossed-out text is included only if of particular importance. Small symbols written within lines of text are replicated typographically when feasible. The chronology of the entries, if Hale's dates are correct, differs from the page sequence and suggests that Hale filled the pages out of order. The journal was photographed as double-page spreads. The page numbers in the lefthand margin correspond to the PDF file of the facsimile, with the digits indicating the spread number (or PDF page number) and L or R indicating the left or right page within the spread. Additional editing by Peter Langman, Ph.D.*

#### LONGING ...

“The vibrant show” was one of the best I’ve ever seen. Because you were there, &  
 I got to see you at your best. To see you happy. It feels good to see you be loved, feel  
 love, and give love into the entire atmosphere. There were several loud, vibrant spirits  
 in the air, but yours made my heart scream out because your love is the LOUDEST in  
 my heart. I ache for your sake. Sounds lame but it’s true. I am better off watching you  
 from a distance where your love fills the air as the smoke <embraces every soul,> high  
 and low at the same time <whenever you [are around?]>. It’s hard to explain. My heart  
 beats loud, because of how loud your love is — <the only> loudness that attracts me.  
 Loud as in vibrant, full of light, sparkling out through your beautiful smile. Seeing you  
 dance, love on your friends, even a stranger. I saw the child I used to know again. The  
 child that knew how to smile, to be funny, to pour out your soul into what you love, who  
 you love the most; it can be overwhelming sometimes. I just can’t help it when my heart  
 flutters while you were on the dance floor. It’s just how I remember you when you were  
 a child. Your youth is still alive, and that’s what I can’t escape from. To whom ever you  
 love, it’s the sweetest child I know that stays young, baring much fruit — reach out your  
 hand to clasp another, strong <grip like your heart> but soft at the touch <as your> arms  
 when in them. I was twice 4 seconds in total. Painfully short, how I wished it could last  
 forever, if not, longer. Maybe in another life ...

- 5 According to the official report, "Her isolation and loneliness led Hale to begin believing the only true friends she could confide in were her stuffed animals, who she felt would never abandon her. She assigned them names and personalities, took them with her whenever she travelled, and began creating cartoons and digital media, including stories where they demonstrated some of the same emotions she felt" (p. 28). After her attack, several stuffed animals were found in her car's front passenger seat.

Page 19L MY BRAIN ...

I need my brain for creativity and to live out my passions. I need my brain to survive. It functions on basic sciences of motor physics & & cells to help me breath, eat, smell, sleep, move. <Yet cognitively my neurons dont work right —> It just processes information differently. <& people [illegible phrase]> I think differently Ive always been different. A lot of people run away from my difference like its the plague or something. <They isolate me> Because of my brain that I think different, say words that make no sence to the neurotypical minds of others. My brain makes me smart & brilliant imaginatively/creativly, but at all the while makes me suffer every day. Why did God make me this way? I feel wrong. I was born wrong. I'm told that I have the wrong perspective or think wrong ideas about my reality, <of life of comparison to ppl [illegible text] its not wrong, Its not right or wrong it's just true I think> <But how I think affects me in every opportunity possible to be happy.> I can't be consistent w/ anything since I left school. And since Syd died — all my efforts feel meaningless cause I don't work enough, don't make enough, don't do enough. I can't sleep right. I can't eat right. My brain taunts me. My thoughts are a never ending Abyss. A DARK ONE. Im not eating 3 meals a day like Im supposed to. Not on the job search like Im suppost to (artjob). Ive been doing to well at preparing myself to die. <In all the wrong areas — its my only way to [help do good?]> I want to die. This life is so difficult for me to accept. People have trouble accepting me in <or even think [to be in?]> thier lives b/c Im difficult to understand. Im just too different. I have to have friends like Nikki. She is all I have to share everything and she doesn't isolate me <— to hang out & do things —> She keeps me. the closest thing to Nik was Syd. <Syd kept me.> Sid understood me; when no one else did or could. She would comfort me & knew w/o me saying a word. <Their kind in my mind, was exceptionally> rare friend b/c She did see me as rare, well, I'm much more rare than people think or know. She knew that too. 1% chance of that of reality for me.

Page 19R THIS LIFE ... 2/7/23

And in that 1% I was someone — <for once — to someone> felt appreciated because I was able to exsist through her mind at that time. I will exsist if people love me, <genuinly> not use me, or choose to ignore my rarity. If they ever wished to see it, I'd have more friends. But I don't. <I tried. I'm done trying. I want to be done w/ everything.> I'm 27. My

8 Scott was Hale's younger brother.

youth is resting in the Abyss. I want to be at rest with it — w/ all my dreams. My dreams cannot be here, <so> I must die. I feel too bad. Hurt too much. Sad all the goddamned time. Either I have too much <bitch-ass> estrogen, or Im just a sad lonely boy. Relentless, ongoing, everyday sadness. Eeyore <(from Winnie the Pooh)> ☹ I would relate on so many levels. I belong in the imaginary world where I exist ☹ those characters exist [by?] perspective of my brain — my brilliance; <to see thier brilliance as [?]> I'd be happy anywhere but earth — to be stuck in a body that is destined to rot someday. I hope that day is soon. I have no one to talk to, no one of more than one. I talk to myself. Im with myself all the time. I can only see what people share on a public level. Levels of deep <private> connection I will never have in this realm. I only observe and they have things I don't have <☹ wish I had>. I have things others don't have. Human existence will never seek full contentment. I know hard work will earn dreams. <And> I don't want a free golden star to an opportuned new life. I just want another life beyond this realm <— my free ticket out on railroad of the afterlife>. Goddammit how trapped I am in myself that can't get along <w/ anyone> or understand how life should or could work ☹ to do it on my own <b/c [?] thier suggestive, prespective, tell me how>. Its simple, yet everything to me of adult life sucks — more complicated than it should be. Death is simple. <Natural for me to think, care.> My brain isnt. I should "change" mine. Its not of my nature. No one seemed to notice me — the real me. All of me. <all of my good ☹ no bad> If I can't exist here, I exist somewhere else. Anywhere but here. Here is where there is nature animals, ☹ creativity. Those forms see me. I appreciate them. I just don't exist anywhere else. I feel so sad.

It shouldn't be problem getting up at 7 every morning. But unfortunately, for me,  
it is. Ive missed several morning orders this week. I missed 3 today. God, whyyy?! I  
hate myself for not making myself get up. It's money going to someone else who actu-  
ally works consistently & gets more consistent pay. Not me. The morrow [marrow?] of  
life is hollow. I swallow bones instead cause I'd rather die hard than try to live better  
life while suffering to do so. I repeat my same patterns — can't sleep routinely, or eat,  
or stick to be more strict on myself. Do I really not give a fuck? I hate waking up that  
Im still here but no one gives a fuck if I am — No one, I mean, no one will think my life  
ment something after I die. No one by no friends but who are around my age or 3 yrs  
older. None of this shit will matter to them once Im dead. If I don't care myself to live,  
then no way they will even to notice when Im gone. It ment nothing to them alive; it  
won't after death (sure as fuck)

God, I hate those shithead politicians. And whoever he/she/they may be, they are not American, & have no care in the world about what “Land of the Free” means. Whatever fucker is taking away human rights is not of a human at all; just a robot.

Soon this goddamned country will turn out no fun like England or Europe. No guns, no gender rights, no freedom of speech or pursuing of radical ideas, no mischeif. You can’t even carry a knife in England. Fucking pussies ... And just forget about the Disability Liability Act; good look finding or keeping a job w/o that, cause no one will! I was actually identified as a male today and it felt right but embarrest of my female body.

I SHOULD NOT BE IN THIS BODY!!!

[*Crying female figure*]

The guy who runs the comic shop is cool and he has friendly customer service skills. He really knows his stuff and treats all the guys fairly. I like being called bud, bro, and man. It just is directed 100% accurate to who I am as a guy inside. If only all other men & boys could see me that way; that my body doesn't make me a female 100%. More like 5 to none. Sometimes people do identify me right away as a he since I am smaller and look younger than others my age. It helps, but when Im called a lady or ma'am — damn it it makes me not want to exist. The body in me exists only to me. Im just damn tierd of being called & identified by a gender I am not. AT ALL. At least I don't have big boobs or a butt, but yet I hate having boobs at all. They might have grown just a [wee?] bit & I want to die.

(Feb.)

The 27th was a beautiful night, just like my brown girl. She looked so beautiful that night, I could not take my eyes off her. Call it lust or pervertedness, I know who I am

attracted to, and I can't unchange that. Its like my soul is spellbound to her spirit or something. It has to be her personality; personable & and the ways she connects w/ people makes her so likable. Its why she has a whole team of supporters, and why shes loved the way she is. I just wish I was more apart of it. So many aspects I love about her — physical & spiritual the two mingle perfectly together in harmony. Yes, shes just as beautiful with her heart than her body. But for the life of me I cannot help but gaze into her beauty; her arms, her back, her hips, her lips <her hands>. Every part of her I desire to latch onto. So when her hand layed onto me after the show, its being touched by an angel. But my problem is living in hell. My mind & my body is a prison. Anything that triggers it, <or stimulates it,> only makes things worse. She made history that night even if she was nervous and her back felt clammy. Only natural to sweat with having a first live show, and shes still beautiful. She knows who she is, and all the rest of the world in time will too. She's famous to me; a star to many. Little does she know how we will soon share the same fate. She will live a legend and I will die a Shooter — hopefully to become infamous. <I will make history too> No one will forget niether of us. She will be the blessing, and I will be <the> horror to inflict pain.

Dear

Paige,

aren't parents manipulative? Its total ignorance  
when parents step in & try to change thier child's  
enviornment. Make them go to youth group & force  
christian friends in thier life because the old ones  
were a “bad” influence. I Can't fucking stand that  
shit. Parents actually believe religion can change nature.  
That could explain why I don't practice religion  
anymore. Let kids think for themselves, listening  
to parents does no damned good but to mold thier  
premature minds into a pre-formated program: like  
clones do — <the very> manipulative forms teens hate! And rebel to!  
kids are not robots,  
we are the future! Thats how its meant 2 be  
2 idea, one mind; thats all Nature needs  
You did life the way you wanted to.

My Imaginary Penis

3/11/23

My penis exsists in my head. I swear to god Im a male. I think about sexual fantasies, about how if my dick was real I'd fuck the girl I love in the ass. I want to know what thats like, but I never will because I was damned to be born this way. I swear to fuck I hate it so goddamned <so [?]>. Its a fucking curse. Having a brain like mine has its godliness but also prone to making poor ass descisions. Like putting my Aiden name

while filling out paperwork for instacart, & now my BG [background] check didn't clear & Im possibly not going to get the job. Fuck me, man. Mom just says Im young and young people make mistakes. But with me, its painfully more than that. <with being autistic and waste time all the time; myself, people, [Death?] itself.> <And the biggest shit;> The torchure of being raised a girl, and actually believed I just had to deal with it, and tried to be femenine. But that didn't last long after after high school ended & no longer I had to fear of being called a dyke or a faggot. It was only until my early 20s I finally found the answer — that changing ones gender is possible. <And who I really was I finally embraced w/o shame.> But oh fucking no, not w/ my mother. What she believes, how she grew up conservativly, and that LGBTQ — especially transgender <in her era> was an enigma, <an illness or> nearly non-existant. I might have told her once <in childhood> I wish I was a boy when shemade me put my shirt back on as a kid. But would say “Your a girl, and thats how you were born <that’s how God made me;> Some kind of bullshit like that. It made me mad. Because being a boy as a kid was when I was felt most like myself. Above, flat chest made me free. Girl puberty imprisoned me. And so does my mind. Puberty = Life sentence The people in this world adds more bullets to shoot violent thoughts into my head on <full->auto. I hate parental views; now my mom sees me as a daughter — and she'd not bear to want to loose that daughter because a son would be the death of Audrey.

Page 34L My Imaginary Penis

Pain of loosing a daughter? Thats not pain, thats selfishness. Just like any rest of the parents with that mindset. They are all full of shit. How could they <not> ever think of thier own child suffering, and that they hate their gender so bad they cut & want to kill themselves? Fucking parents like them who think of themselves first, and thier preference of conservative religion — gay shit makes them believe that the child they are given should stay that way <in how they prefer them to be out of fear or [instinct?]> Even if transgender treatment was discovered and tested during my time, I know how the situation would have turned out. My mother would not have payed a cent. Children who were able to successfully take puberty blockers and never enter a torchured puberty, those little faggots don't know how good they fucking have it. I'd kill to have parents who would let thier child be happy no matter how different it is to thier view-points or don't agree, or scared of it. They are willing to listen to their children, not the other way around. Id kill to have had those resources; 2007 was the birth of puberty blockers and a newfound discovery for treatment of non-conforming transgender children. 2007 was when I was when I was in the 6th grade. Puberty already hit me. The only reason I could conclude why it didn't bother me too much is that my boobs were small. I thought they'd stay that way forever. My autistic brain ... change in body fucked me over now, even if my boobs are still small for the most part

<It started w/ getting new underwear for my big [bears?] (my two tabbies, my lion & frog)> And there I was thinking of porn and doing plastic surgery on my boy stuffed animals <when I got home>, giving them penises b/c thier middle looked like a vagina; <the [underwear? underwent?] [?] too big section.> <Why not give volume with [nice soft cock?], flat triangle cut in betw[een] th[eir] le[gs]> No boy should ever have that. If I can't change my <own> appearance, I can pretend how it would be by my imagination of childs play through my stuffed animal's spirits through me.

Page 34R [Heads labeled "Tony" and "Ashley"]

3/11/23

Toy sex

(My Imaginary Penis.)

I can pretend to be them & do the things boys do & experience <w/ thier dicks>. My boys self as tony — my stuffed boy doll is like the boy I am in another form. <Since childhood> I constructed for him a penis, then got out my girl doll named Ashley. (who is tonys life-long boyfriend) <to have sex w/ tony> Ashley was represented as my dream girl I wish to have in real life, <as a child (I liked blonde white hot girls back then)> and tony is me; having those intimate relationships w/ a beautiful girl. Tony is a boy: inside and out. Ashley is a girl inside and out. Two straight lovers who are in full nature of themselves by awareness. I let Tony fuck Ashley in the ass <hard — numbing> and stuffed Tony's big penis in aggressively into her asshole. It took several attempts for Tony to put his dick into her vagina because he has a big dick (and was even bigger since he had an erection) finally went in and Ashley cried and moaned for a good ten minutes. Tony humped slow and gentle from vaginal sex. In but sex, he humped speedly and hard, tony grunting w/ all his strength. Then after I fucked Ashley for a good ten minutes (<Remember,> Tony is me). Then I let her suck his dick and touch his erected penis. After that they wrapped each other in thier arms & legs as a sloth hugging a tree. After love they made, gracefully sat side-by-side naked holding hands, surrounded by the scattering of thier clothes. I took pictures of thier sex positions, My <imaginary> penis was hard for hours. Rockhard as a flintstone. Hours making cloth penises for my boy bears, only to realize I missed the gym cause they closed at 7. I was mad already cause I had no work that afternoon. Walked around the mall browsing t-shirts at Spencers and got some boots for Tommy, my stuffed lion <At Build-A-Bear Workshop>. I purchased some stickers at Zummiez for my car and one sticker I got — A stripper booty illustration w "Dat Ass" on it. God, I am such a pervert. I waste too much time in my fantasies ...

That #10 backpack that looked straight at me <from a distance of boys formed around a scircle like bball dolls after [practice?] [?]> Your picture hung up on the wall — you looking straight at me. How was I playing Syd? Am I better than I was? I feel stronger, My shot is more confident. I think of you shooting the ball as you did and pretending Im in your shoes. I did feel that I was. they were my shoes, but spiritually (since #2 & your name is imprinted on the back of the soul) — its our shoes.

So no wonder I felt you more [move?] in me — made me feel strong and my passion for ball. Your spirit ever so close to me when I am surrounded by people, places, and objects that were in relation to you. Its weird feeling knowing I never thought about things like this untill you passed away. Ever since, my thoughts about death have altered significantly. I think about death every day & facinated/curious with the idea of dying too much. I know its unhealthy, but I just don't care if it is anymore. All is unknown about work. I know how unhappy I am with all the things I wish I could do. Its too late now. Im ready to die.

I thought ABOUT you ALL DAY SYD.

Anthony's living life best he can. I'm living while I can until its time. That time is soon, and it needs to be. Ive been crying about you all week so far. Anything I do what I love to do, it brings me back to you. McCabe community center Ive visited since last Saturday and my heart keeps pulling & tugging my mind to go back tomorrow and the next day and so on. I hooped for an hour, worked out in the room for an hour & 20 min, then back to the gym to watch a basketball camp Anthony was coaching. He seems like such a natural teaching about ball just like you were. Patient, kind, but honest only to push his players mentally. Basketball is a more mental game rather than physical. "Basketball is a lot like life" was what stood out to me as Anthony spoke when camp was over. Mixed feelings. Not just about the boys playing; but the boys dunking; and wishing I was a boy to do that. I watch the boys connecting & having fun w/thier friends, (reminds me being w/ you playing ball in middle school). One little boy was crying b/c 2 other boys were mean to him. I watched the pain in his face, the tears in his eyes, the way he crumbled into a ball & dug his face in. Damn it reminds me just the kid I was doing just that. And there Paige was; so kind & good to me that I forgot what I was sad about. <the protection & safty I felt around you & Paige as kids> A black former bball girl spoke in a voice that sounded a little like yours. Another black girl who hung out at the center had the eyes & lips, braces similar to Paiges physical features, & even showed the personality similar to Paige. And the red backpack 1 boy

had w/ #10 on it. <the coaches lifted the little white boy up & protected him, made sure he was safe just as you did>

3/23/23 — omw to the range, and saw a billboard on suicide only meters away from Sumner Gun & Supply. I will use guns in my suicide. Then after the time in range (while cleaning my AR), a lady got rickoshaded [ricocheted] in the leg & ankle. I saw the emts working on her leg on the floor & they took her away on the gurney [gurney]. Forshadowing on my own massacre? there was blood splatters on the floor. Police asking questions to the othe pple that were in the range.  
On the way home, I look up at the sky, & parts of clouds peeking out sunlight like heaven shining down. Forshadow of my death?  
Saw sunlight peering clouds twice in arow this week. Are the angels telling Syd Im gunna die soon?  
Huh ...

DEATH DAY  
3/27/23  
To day is the day  
the day has finally finally come!  
I can’t believe it’s here.  
Don’t know how I was able to get this far, but here I am.  
Im a little nervous, but excited too.  
Been excited for the past two weeks.

There were several times I could have been caught, especially back in the summer of  
2021.  
None of that matters now. I'm almost an hour & 7 minutes away.  
Can't believe I'm doing this,  
but I'm ready ...  
I hope my victims aren't.  
My only fear is if anything goes wrong.  
I'll do my best to prevent any of the sort.  
(God let my wrath take over my anxiety)  
It might be 10 minutes tops. It might be  
3-7. Its gunna go quick.  
I hope I have a high death count.  
Ready to Die haha Aiden
