
JCSO Columbine Documents Indexed by Name

Edited by ANNA LANGMAN, M.F.A.

This document is an index to the first 11,000 pages of the JCSO Columbine Documents, the 27,000 pages of reports compiled by the Jefferson County Sheriff's Office following the attack at Columbine High School. The index is arranged in parts, as follows:

- 1 Major Sections in Order · 2
- 2 Eric Harris's Sections · 3
- 3 Dylan Klebold's Sections · 3
- 4 Official Agencies · 4
- 5 Student Lists Organized by Teacher · 5
- 6 JCSO Columbine Documents Indexed by Name · 6

The bulk of the index, part 6, concerns witness statements, alphabetized by the interviewees' last names.

In some cases, teachers were interviewed with their classes, but the names of their students are omitted from the main index (part 6). We therefore have supplied them in part 5. Part 5 lists the students in classes that were located in Columbine High School's math and science hallway and in session during fifth period. These were selected for interviewing in accordance with the location and time of the attack. The students and teachers included in the reports are those who were able to be reached for comment and do not constitute complete class rosters. Teachers whose classes are listed in part 5 are flagged by a marginal asterisk in part 6.

In cases in which two people were interviewed together, they are listed separately under their respective names. Where one witness was interviewed twice, the name appears in two consecutive entries. Where a name appears in variant spellings within a single interview, both spellings are recorded here in brackets, separated by a slash. Unknown first names are represented by a long dash. In certain cases, it appears that the same person may be listed under differing spellings or otherwise identified in multiple ways. This is in keeping with how

DOI 10.64247/490267 · Version 2.0 · Revised 28 March 2026 · 58 pages
Version 2.0 revisions copyright © 2026 by Anna Langman, M.F.A.

the interviewees are identified in the original documents; even so, it is worth noting that the JCSO documents themselves may contain errors. Additionally, due to the documents' having been typewritten, any accent marks in names have been lost. A small number of unusual names have been marked with "sic."

The page numbers listed here are truncated from the stamped numbers in the JCSO files. For instance, the stamped number JC-001-001234 would be listed here as 1234. Note that these numbers do not correspond to the page numbers of the PDF files.

This index was originally compiled and posted online by an unknown researcher. It has been heavily edited, corrected, and expanded upon for School Shooters .info.
