MY EXPERIENCES AS A TARGETED INDIVIDUAL

My deepest regret is that I did not make a more diligent effort of documenting my experiences as a targeted individual along the way; however, this document is my feeble attempt at recounting my experiences thus far. First off, to anyone that may read this document, take a brief moment to pray for my soul. What I am about to do I have deep regret for; however, I feel that my options are extremely limited. Because I am a targeted individual, everything has been taken away from me. I have literally been robbed of life through psychological, financial, and emotional hardship.

I first realized that I was a target while I was working as an Assistant District Attorney for the Third Judicial District Attorney's Office in Dona County, New Mexico. I tried going to the police about my situation. On or about September 7, 2014, I went to the Las Cruces Police Department to make a report of my experiences. The interior of the LCPD office was locked, but there was a phone in the vestibule, which dispatch answered. I informed dispatch that I wanted to make a police report, and they sent an officer out to my location. I believe the officer's name was Kenneth Davis (Caucasian male that appeared to be in his 20s). The officer took notes of my experience; however, no police report was ever made. Nevertheless, there should be a record of my phone call with Dispatch. That morning, I got invited to the gun range by my girlfriend's friend's husband, Robert Kitcey (rkitcey@gmail.com). When I met up with him later that morning at Starbucks, I informed him and another guy that was with him of the police report that I had just made. If you need to get in contact with Robert, you can contact my ex-girlfriend, Danielle Nixon [REDACTED]. I don't remember the other guy's name, but he is an engineer from Michigan (Caucasian male in his late 40s or early 50s), and his wife's name is Betty (Kenyan woman who appears to be in her early 40s, with a bald haircut).

My apartment was broken into, and my phone was tampered with. I started being followed by various individuals in unmarked cars. And on one occasion, I was followed by an individual in an LCPD sport utility vehicle cruiser. Through electronic harassment, these individuals convinced me that I was guilty of a crime. As a result, I attempted to turn myself in at the Dona Ana County Detention Center on three separate occasions. I was literally escorted to the jail by about ten cars; however, no one went inside the jail with me. Each time I attempted to turn myself in, the cars waited in the parking lot (watching me go inside the jail). But the jail informed me that they had no paperwork for me. Then, each time I left the jail after being turned away, the cars that escorted me into the jail were gone.

I continued to be followed. I informed my girlfriend, Danielle Nixon, who resides in Las Cruces [REDACTED], and my friend, Kirton, who also resides in Las Cruces [REDACTED] of these instances. Because I was an over-achiever in my position, I frequently worked late. When I was in the office alone after hours, I would consistently see individuals peeking around corners at me. As a result of this harassment, I eventually resigned from my Assistant District Attorney position and traveled to Houston, Texas to get my old job back. I met with my old boss, Alfonso Kennard, on the evening of Friday, October 10, 2014, to discuss rejoining his law firm, Kennard Law, P.C. as an Associate. On that evening, Kennard offered me my old job back at a base salary of \$50,000 per year plus 20% commissions on all settlements or judgment obtained on my cases.

After we had reached terms on that agreement, Kennard called his driver, Randy [stout, Caucasian male who appeared to be in his late 40s], to take us to another place because we had been drinking and should not have been driving. Before Randy arrived, Randy's friend Edwin arrived. It was unclear to me how Edwin could have possibly known who we were, but he approached Kennard and I at the bar and claimed that he was there to meet with Randy. When Randy arrived, we had one last drink. As we were leaving, I went to my car to retrieve my ID and wallet. I returned to find Randy and Edwin whispering to Kennard. When I returned, everyone acted very unusual toward me; it was not the same jovial conversation that had preceded this occurrence. Then, we loaded up into Randy's SUV to go to the next location. As we were driving to the next location, Kennard leaned over and asked me, "if I wanted to take a bump"—suggesting that if I wanted to take a bump of cocaine Randy or Edwin could get it for me. I vehemently assured Kennard that I did not want to take a bump. Nor had I ever taken a bump.

On Saturday, Kennard would not respond to my phone calls or text messages, which was strange because for the two days prior to that he had been very responsive. Kennard's distance did not arise until after his private discussion with Randy and Edwin. As a result of this strange behavior, I informed Kennard via text message that I may have to depose him in a lawsuit. Thereafter, Kennard called me to arrange another meeting. According to Kennard, he wanted me to discuss my re-joining the firm with his partner, Terrance Robinson. We arranged a meeting for that Monday, October 14, 2014. On Monday, we met at the A-loft, which is located at 5415 Westheimer Road next to Kennard's law office. While there, we had drinks. Kennard and Robinson had two drinks, and I had one drink. Then, we went across the street to The West End Bar &

Grille, which is located at 5320 Westheimer Road to have a meal. Shortly after we arrived, Randy showed up and suggested that we go to another restaurant down the street. Because Kennard agreed to pick up the dinner tab, I agreed to go. At the restaurant, Kennard kept insisting that I join him outside to discuss matters with him. He again brought up the conversation about me taking a bump of cocaine, and I again insisted to him that I have never taken cocaine.

After dinner, Randy dropped me off at my car, which was parked near The West End. The following day, I attempted to call Kennard, but my phone number was blocked. I attempted to call Kennard a couple of times after that, but my phone number was still blocked. While I do not have last names for Randy, the driver, or Edwin, I am certain that whatever was said in that whisper cost me my job. This situation was all a part of an elaborate scheme to put me in financial jeopardy, thereby making me more amenable to harassment and less able to fight the issue. Upset and jobless, I returned to Las Cruces to continued harassment and being followed.

On the morning when I was leaving Houston, my tire was punctured and flattened while in the driveway at [REDACTED] (residence of Monica Johnson), where I was staying. When I returned to Las Cruces, I had to take my tire to On Sale Tires to have it repaired. There should be a record of that repair with On Sale Tires. Further, after returning to Las Cruces, I was subjected to a constant noise campaign designed to induce sleep deprivation in me. My neighbors played loud music, screamed, and people frequently made noise right outside my windows. Not only did this happen at night time, but this happened during the day as well. Maintenance staff, which almost never worked outside my window previously, worked and made noise right outside my window everyday.

In addition through electronic harassment, my life was constantly threatened. Fearing for my life, I decided to pack my things and move back home to Wewahitchka, FL. As I was loading my Uhaul to pack my things on October 21, 2014, my life continued to be threatened through electronic harassment. Additionally, as I was loading my Uhaul, there was a middle-aged man parked in the arroyo across the fence from my apartment complex (Quail Ridge Apartments - 251 North Roadrunner Parkway). He was driving a gray Dodge Durango 4 x 4 with a camper shell that had a Colorado License Plate, 285 YPI. This man got out of the driver-side of his truck, removed a blanket from the camper shell, and unsheathed a firearm from the blanket. Then, the most frightening thing happened. The man pointed this firearm at me, as I stood inside the trailer portion of the Uhaul truck. I jumped off the truck, ran towards my apartment, and called 911. There should be a record of this call with dispatch.

While officers were en route to my location, the man wrapped the firearm back in the blanket and put it in the right side of the camper shell. Five officers responded to the scene of Quail Ridge. These officers were acting very aggressively towards me as though I was the assailant and not the complainant-victim. Unfortunately, I was only able to get four of the officers' names: Officer Shadd; Officer Frank Gomez; Lieutenant W.C. Jackson; and Officer Guerra (who aggressively refused to give me his first name but whose badge number was L650). Officers claimed that they searched the mysterious man, but I watched this alleged search with my own eyes. They never searched his person. Nor did they even go to the right side of the vehicle, where I saw this man place the gun. They merely peeked inside the driver-side of the pickup truck, which should hardly be characterized as a search.

After talking with the man a little while longer, they came over to me and claimed that the man did not have a gun and that they had conducted a thorough search of his person and the vehicle. The continued to speak to me very aggressively and insisted that this man had driven from Colorado to Las Cruces, New Mexico to survey the land that he was on. The land that he was on is located directly behind Golden Mesa Las Cruces Independent Senior Living Community. If a survey of that property was requested, there should be documentation somewhere. I am certain that if you search, you won't find any such documentation. It does not even make sense that someone would travel all the way from Colorado to conduct such a survey, especially in light of the fact that you have to be licensed in New Mexico to conduct surveys. While it's certainly possible that this man could have been licensed in New Mexico, it is unlikely that Golden Mesa or the surface owners of the property behind Golden Mesa would not have simply hired a New Mexico-licensed surveyor. This experience, particularly the aggressive behavior of the officers, convinced me that law enforcement was very much involved in my harassment.

I am not sure what information was given to the leasing office at my apartment complex, but shortly after this incident, I received a letter on my door informing me that it was a notice to vacate my apartment. There should be a record of this notice and/or any interactions with law enforcement in the Quail Ridge leasing office. The harassment did not stop on this day with that incident. My life continued to be threatened via electronic harassment. I was literally threatened to leave Las Cruces immediately. As a result, I left several of my belongings in my apartment at Quail Ridge, which was

Apartment 1407. The leasing office should likewise have information regarding me leaving my belongings on both the interior and exterior of my apartment. One of the things that I left in my apartment was my old cell phone (a red Samsung Galaxy S3). I had gathered several license plate numbers in this phone, but because I was told through the electronic harassment that I would be left alone if I left Las Cruces and left my phone in the apartment, I did. I, however, had forwarded some of this license plate information to Altrus Campbell via text message and email. In addition, I gathered some license plate information in the iPhone that was issued to me by the Third Judicial District Attorney's Office. I sent a Preservation of Evidence email to John Willis, IT personnel with the Third Judicial District Attorney's Office, on October 21, 2014, in reference to preserving the information in that cell phone.

While traveling from Las Cruces, NM to Wewahitchka, FL, I was repeatedly tailgated and cut off by both patrol cars as well as regular cars. I was almost run off the road at one point in Kerr County, TX. Further, while I was in Kerr County, Texas, I was pulled over and officers searched my vehicle for no reason whatsoever. I did not give officers any consent to search my vehicle. Nor did they show me a warrant. They made me get out of the vehicle. They handcuffed me, and I stood in the heat with no shoes on for approximately three hours. Several officers were present, including Chief Deputy Clay Barton and Deputy Eli Garcia. There were about six more officers, but unfortunately due to the aggressiveness and hostility that the officers showed me, I was not able to get the others' information. Nevertheless, there should be Kerr County dispatch reports of the other officers that were involved. The officers held me there while a K-9 unit arrived from another county. My belongings were packed in plastic bins, and they literally opened every single plastic bin and searched it on the false claim that the K-9 had alerted to something inside the truck. The dog seemed more interested in the toy that the dog's handler was holding than anything in my Uhaul, and of course, they never found any narcotics.

I took a rest break in Houston, Texas on my way to Florida. I stopped at the residence of Monica Johnson again. While there, the noise campaign continued. In fact, they recruited the Johnson family to participate in my harassment. Marciel (pronounced Marshall) is typically a quiet and reserved person, but he was continuously speaking very loudly and screaming throughout the evening. I was sleeping on the couch in the living room. While he was in his bedroom downstairs, he had his bedroom television blaring. I believe that they were recruited to participate in my harassment based on a threat of Marshall going to jail for possession of marijuana. At about 3:00 am that morning, while I was sleeping, Monica came out of the room screaming about her daughter, Britney's car being repossessed. While it's certainly plausible that Britney's car, a red SUV, could have been repossessed, Monica went on and on about the repossession—slamming doors, dropping things, and yelling at the top of her lungs. Eventually, realizing that I was not going to get any sleep in that house, I got up and continued my journey to Florida.

Of course, the electronic and other harassment continued for the duration of my trip. I was continuously cut off and tailgated in traffic the entire way. I eventually made it to Florida. When I got to Wewahitchka, Florida (and since I have been in Florida), the harassment has continued, mainly through electronic (Voice of God – see *Dr. Robert Duncan*) harassment. This harassment has been very debilitating and impactful. They have recruited other individuals to participate in harassing me, including Buddy Parker (older, Caucasian male that is married to Ann Parker), Clifford Jones (son of Louise Jones), Roy Myers (who is my cousin and the brother of Michael Myers and Melody Williams), and Demetrious (not sure what his last name is, but he is the brother of Warren Bowers). There have been others that have been sent out to stalk me as well. Unfortunately, I don't know these other individuals' names. On one occasion, about two weeks ago, I was in Rich's IGA standing in front of a three-foot, front-facing section of Little Debbie snack cakes. Two gentlemen came into the store and walked directly over to me. One of the gentlemen stood inordinately close to me, very much in my personal space. When I turned to my right toward the direction of that man, the other man came up on my left, bumped me really hard and aggressively, and began a conversation with the man on my right. The man that bumped me did not say excuse me and stared at me as though he was challenging me to say something back. Although I don't know his name, I recognized the man on my left to be one of the Gulf County Sheriff's Office deputies.

In addition, I mailed Notice of Claim letters to the Dona Ana County Sheriff's Office, Las Cruces Police Department, New Mexico State Police, and Third Judicial District Attorney's Office on October 13, 2014. I am not sure what the status of those investigations are right now. But that event seemed to have been a catalyst for my electronic harassment being ratcheted up to the point of unbearable.

Over time, I have been collecting individuals' license plates that have been following me. As previously stated, some of these have already been transferred to Altrus Campbell via text message to [REDACTED] and email. The only person that I can personally identify that was stalking me in Las Cruces, NM is Elaine Lara, who resides at [REDACTED]. On November 14, 2014, I got hit with a directed energy weapon. It is difficult to explain exactly what this feels

like. I was also stalked by a senior-level, law enforcement officer in the Dona Ana County Sheriff's Office. Unfortunately, I cannot remember his name. He is a Hispanic male that appears to be in his late 40s or early 50s, and I know that he has a teenage son that plays football. In one discussion that we had, he stated that he worked between two candidates for sheriff on the organization chart, Captain Buckingham and Kent Yalkut. His name is either Paul Nevarez or Greg Garland. I can't remember. As I previously stated, I wish that I had done a better job at keeping records of the harassment that I have endured, but this is the best that I have.

Then, when I was being waited on, she was acting very strange. I was at the post office to send my notices of claims to the Las Cruces law enforcement entities. I was mailing the Notice of Claim that was addressed to Mark D'Antonio "restricted" mail so that he would have to sign for it. She covered up the restricted portion on the envelope. I asked her why she covered it. After I asked her that, she looked at me very surprised and swore that it was a mistake. Then she stamped restricted on the front of the envelope. But when the postage paid label printed, she covered the restricted stamp up, so I had to ask her again about covering up the "restricted" portion. And she stamped it again. In the midst of this craziness, I decided to take her photograph.

NOTES FOR MY PERSONAL STORY AS A TARGETED INDIVIDUAL – PART 1

I. Reason for the Video

- A. Heavy heart that I make this video
- B. Victim of **covert harassment** through **electronic harassment** and **gang stalking**
- C. Thousands of people in the United States are victims—known as targeted individuals
 - i. Google or YouTube targeted individuals and gang stalking and you'll find several victims that tell stories similar to the one you'll hear today

II. Gang Stalking Goals Generally

- A. The goal of gang stalking is to literally make a targeted individual **destitute and drive them insane**
- B. They employ various tactics to accomplish this goal
 - i. People will **follow you around in public places**—shopping, on your way to work, as sick as the may sound, I've even had people follow me into church functions
 - ii. They employ isolation tactics.
 - a) Convince your family, friends, neighbors, and coworkers through **payment, lies** (such as falsely accusing you of committing a crime) that they should keep an eye on you, and **blackmail** for people that actually are doing something wrong—that's right they actually employ criminals to help in your harassment
 - To the targeted individual that has not yet discovered they are a targeted individual, this experience is very troubling because you just notice that people are watching you and don't know why
 - There's a saying that “people will do anything for money,” and if they are doing it based on a lie, then they think they're doing something positive rather than participating in debilitating a person
 - b) Eventually, due to the targeted individual's own fear and apprehension from these experiences and the lies told to the targeted individual's acquaintances, the targeted individual finds himself alone

III. Gang Stalking Methods

A. Anchoring

- i. Try to convince the targeted individual that a **particular person or group** is doing the gang stalking—neighbors, coworkers, etc.
 - a) For me, control panel stalkers **tried to convince me that my neighbors** were actually the ones stalking me, and they were very successful at this for about two

months. Because I could hear someone describing what I was doing inside my apartment, I literally thought my neighbor above me had somehow installed a video camera in my home

- This was, of course, **before I knew I was a targeted individual or what a targeted individual was**

B. Brighting

- i. This method can be one of the most irritating of all. When you are driving at night, you will encounter several cars that turn their bright lights on you when they are tailgating, in oncoming traffic, or passing you.
 - a) Now, of course, it is natural that you will encounter a vehicle now and again where the person has forgotten to click their brights off or is missing a headlight and using their brights to hide that fact, but with brighting, this **will happen about ten times in one trip** in the vehicle
- ii. Another brighting technique is when they **flash brights into the windows of your home**. Individuals will frequently pull into your driveway or near your apartment window, shining their lights directly into your home.
 - a) Again, one can expect this to happen every once in awhile by happenstance, but when brighting is being employed, it will **happen several times in one night**

C. Noise Campaign

- i. This can be just as irritating as brighting. Basically, the targeted individual is subjected to a constant bout of noise to **keep them on edge**, and more importantly, **prevent them from sleeping**. A lack of sleep, as we all know, makes a person **edgy, agitated, and full of stress**
 - a) **Loud music** by neighbors
 - b) **Cars passing by** at rapid paces and blowing their **car horns**
 - c) Neighbors **screaming and talking loudly** near your home
 - Again, others are convinced to do this based on payment, blackmail, and lies that you have done something wrong or that you're crazy
 - d) Craziest tactic involved in a noise campaign is utilization of **machine-generated sounds** (e.g., dog barks, chickens calling, duck calls, etc.)
- ii. My personal experience with a noise campaign is what made me realize that I was a **targeted individual**. I traveled to Houston, TX to get away from Las Cruces for awhile because I literally was starting to question my own sanity. While I was in Houston, I was staying at my friend, **Kimberly Snagg's mom's home**.
 - a) **Every ten minutes a car came flying down this residential street** making all sorts of noise and about **every 30 minutes a horn was blowing**. Having been at this house several times and knowing that only old people lived in the neighborhood, I knew that this was unusual.
 - b) What was even more puzzling was that I started hearing the **“cock-a-doodle-doo”** of

a rooster coming from one of the houses in the back. It was the exact same cock-a-doodle-doo **without any variation** to it; it was happening at **4pm in the afternoon**; and it **continued literally for hours** on end.

iii. It was this experience that made me realize that maybe there was more to my being followed than I had previously imagined

iv. Some of my other experiences with a noise campaign

a) I was staying at my friend, **Monica Johnson's home**. And I am certain that they convinced the Johnson family to participate. While I hate to spill the beans on family, Monica's husband, **Marshall, smokes marijuana**. I am convinced that they **blackmailed** them into participating in my harassment. This of course was not the first time that I had visited them. But on this occasion, everyone was being extremely noisy, and **at about 3am**, Monica came into the living room, where I was sleeping on the couch, yelling about her daughter, **Brittany's, car being repossessed**. Also, there were **three TVs** on in the house at **full blast** throughout the night.

b) In Las Cruces, my **neighbors constantly made noise**—I went a **1.5 years with no such noise**, then all of a sudden it was nonstop.

c) **One night in particular**, the neighbor above me was playing his music extremely loud, so I put **ear plugs** in. Moments after I put earplugs in, from the neighbor's apartment next to me—the headboard of my bed literally sits on her wall—I started hearing **extremely loud sex sounds**. Again, I have lived in this apartment for **1.5 years without any such noises**, but on this night, it was extremely loud.

D. Ghosting

i. I didn't experience ghosting, but this technique involves **rearranging a targeted individual's things**—furniture while they're gone, taking clothes out of their belongings at the laundry mat, moving lawn decoration, and stuff like that

a) **Paranoia; question own sanity**

E. Mimicry

i. This involves a stalker encountering the targeted individual, and the **stalker literally mimics every movement the target makes**.

a) I only **experienced this once** when I was at the gas station in Wewa. He comes out from behind the pump and starts waiving. This particular stalker was **wearing dark shades and staring directly at me to make his presence known**. I started **washing my windows**. When I was washing the front, he was washing his front and looking directly at me. When I moved to a side window, he moved to a side window and was looking directly at me. It was very irritating and frustrating

F. Sensitization

i. This refers to an **association of a particular stimuli with harassment**. If the target encounters stalkers wearing blue baseball caps, for example, the target will start to associate their harassment to people wearing blue baseball caps.

a) The sensitization technique that was used on me was **dark sunglasses**. The goal was to make me believe that everyone wearing dark sunglasses was out to harass me. While I definitely knew that was not the case, I still **found myself looking curiously at people wearing dark sunglasses**.

G. Mobbing

- i. This refers to a stalking technique in which the target encounters **several individuals stalking them at once**. This typically happens when the target starts to realize that something more is going on or is in a frustrated state. It is **designed to scare the target**.
- a) This particular technique has happened to me on **numerous occasions**. Because I have a pretty **low anger threshold**, typically, when I have gotten upset about my experiences, that is when I experience mobbing. If I'm driving or in a store when I'm upset, **several individuals** come into my personal space at once or **several cars** (10 or so) will pass by all at once (**coupled with my stimuli of dark sunglasses**) with individuals wearing dark sunglasses and **looking directly at me** rather than watching the road.

H. Hacking

- i. This refers to **downloading of viruses and malware** on the targets phone and computer. This is used **both as a defense and for stalking**.
- a) My Experiences With Hacking
 - When I **first realized there was more going on** with my experiences than meets the eye, viruses and malware were downloaded onto my computer, which enabled them to have **remote access** to my computer. I would literally be working on my computer, and the **mouse would start moving on its own and clicking on things**.
 - One night, I was **trying to purchase a book by Renee Pittman Mitchell from Amazon** on my phone one night, and the **browser on my phone kept closing** on its own. My phone, of course, had **never done this before**.
 - When I first moved to Wewa, I got a job at **Taunton Family Children's Home**. During my first day on the job, my **work computer was compromised, and the mouse was moving on its own**. I was working on a **family law case** for a mother, whose kid was taken from her by the father, and they took control of my computer and **attempted to delete the family law document** that I had just finished to try and get the mother's child back.
 - After the family law document was almost deleted, I was **able to get the necessary anti-virus software to combat the hacking**.

I. Electronic Harassment (Sci-Fi Made Real);

- i. This technology is the **most creepy and frightening** weapon in the stalkers' arsenal.
- ii. This technology is detailed in **Dr. Robert Duncan's book, Project Soul Catcher: Secrets of Cyber and Cybernetic Warfare Revealed**
- iii. **Linchpin of the whole gang stalking program**

iv. Nanofibers

- a) Through nanotechnology and chemtrails, the control panel stalkers are able to **monitor and induce all sorts of things in a target**.

- **Bodily functions, pain receptors, and stress hormones**
- Through this technology, a target's **heart rate** can be sped up
- **Direct energy weapons**

b) My Personal Story

- This technology has been the most troubling for me in dealing with the experience of being a target. I have been **induced to have what I thought were panic attacks on two separate occasions** because my heart rate was moving so rapidly. It was a very scary experience. This, of course, happened to me **before I realized that I was a targeted individual**.
- I have experienced the **directed energy weapons on two occasions**, which is one of the most **frightening** things a person could ever encounter. I would not wish this on my **worse enemy**. In the drop of a dime, your body heats up intensely to an extremely high temperature. I literally felt a hot, tingling sensation all over my body and immediately broke out into a sweat. It made me dizzy and disoriented, and I had to stop everything that I was doing.

v. **Psychotronic Weapons: Voice of God & Image Induction Weapons (Sci Fi Made Real)**

- a) This technology is discussed in **Dr. Duncan's book**. You may also find videos about it on **youtube** by searching for "Dr. Robert Duncan" or "Project Soul Catcher."
- b) This technology sounds absolutely crazy, **BUT IT IS REAL!** Through the use of **microwave radio frequency radiation**, control panel stalkers are able to literally **induce sound, including voice, into a target's cochlea** so that they hear voices. This technology is the **linchpin** of the entire gang stalking program:
- To the targeted individual that does **not realize they are target or that this technology exists**, they start to believe that they are having a **schizophrenic or psychotic** episode. And if they **try to explain to someone else** that they are hearing voices, then that person will, of course, reach the same conclusion.
 - In essence, the person either thinks they are crazy or other people think the person is crazy. This **works in favor of the program always remaining a secret** because any target that attempts to speak out about this will instantly be **discredited as schizophrenic**. This also **further isolates** the target from acquaintances, friends, and loved ones. **BUT PLEASE REVIEW DR. DUNCAN'S TECHNOLOGY BEFORE YOU WRITE THIS OFF AS UNBELIEVABLE OR CRAZY!!!**
- c) With the image induction technology, which is based on the same bio-technological research as Voice of God Weapons, control panel stalkers are able to **induce images into a target's mind** (which is typically done while the target is **sleeping**). In addition, control panel stalkers are **able to see any images originating from the target's mind**—both **actual images** (what the target is actually looking at) and **fictional images** (images that the target is thinking about from memory or imagination)

IV. Effectiveness of Voice of God Weapons for the Overall Stalking Program

- A. Just as control panel stalkers can induce sound into a target's ear, control panel stalkers **can induce sound into a street-level stalker's ear**. In this way, control panel stalkers are able to easily alert **street-level stalkers** of the presence of a target and give them **direction as to how to interact** with the target without the target ever knowing. The **target is left in a perplexed state**, wondering how the street-level stalkers even know who they are.

- B. **Fortunately, I was able to figure this out**. Unfortunately, many targets have not and probably never will, which only further exacerbates the psychological stress that they endure.

VIA CERTIFIED MAIL, RETURN RECEIPT REQUESTED

November 17, 2014

Dear Ms. Mitchell and Other Addressees:

The purpose of this letter is three-fold. First, I would like to make a sincere plea to you not to let my personal story die. Enclosed within this letter, you will find a USB flash drive containing a personal testimony from me about the financial, emotional, and psychological pain that I have endured over the course of the past few months since I discovered that I was a "targeted individual." I have literally been forced to endure a living hell. There are thousands of targeted individuals within the United States that literally suffer each and every day at the hands of our government. Personally, I have experienced significant harassment from law enforcement in every place that I have been these past few months.

Second, over the coming days and weeks, you will hear numerous people try to label me as a person with mental health issues. If you simply google "targeted individual," "gang stalking," "Freedom From Covert Harassment and Surveillance," or "Dr. Robert Duncan,"¹ you will see that what I have experienced, albeit not widely known, is very real. In addition, you can find various videos on youtube by searching under these exact same search terms. Our government is able to capitalize on this lack of knowledge among the general population to curb sentiments towards questioning the mental health of targeted individuals rather than admitting the truth—that there is a system of covert torture of ordinary, innocent citizens that is happening within our own borders. **I have not told a single person exactly what I intend to do—and only you eight people know that I intend to do anything at all**—but my goal is to garner some much-needed media attention to the plight of targeted individuals because we are a marginalized group with few financial assets. Coincidentally, that means we get ignored.

Third, enclosed within, you will also find a sample letter to congress. Please encourage as many people as you can to send a copy of this letter to congress. My hope is that if enough people take a genuine concern into the struggles of targeted individuals, then congress will have to do something to stop it once and for all—not like the false machinations of stopping it that took place in the 1970s with COINTELPRO.

I apologize for putting this responsibility on you guys, but you are people that I know and trust. I am confident that Ms. Mitchell will not allow my story to die. I sincerely hope that you will (1) keep an electronic copy of my story for yourself, (2) provide a copy for distribution to media outlets, (3) make sure that Ms. Mitchell gets a copy [although I am sending her a copy, I fear that it may be intercepted], and (4) see to it that if my story is removed from the internet—youtube, vimeo, etc.—it will be promptly re-uploaded. I know that I am asking for a lot, but please assist me with this.

¹Project: Soul Catcher: Secrets of Cyber and Cybernetic Warfare Revealed by Dr. Robert Duncan.

Lastly, please whisper a prayer for my soul. I am still a believer, and I honestly feel that there is no hope for me. Consequently, I am making a sacrifice so that others in my same position might have a chance at a normal, harassment-free life. I realize that my methods are not the best selection—and probably will not be perceived as the selection of a Christ-follower—but I have prayed incessantly for months to no avail. There are targeted individuals that have endured this torture for decades without any relief, and what targeted individuals need more than anything is media attention.

Date _____
The Honorable _____
Office Address _____
United States House of Representatives/United State Senate
City, State, Zip _____

Dear Representative/Senator _____:

After hearing about the story of Targeted Individual Myron May and other targeted individuals, I have accepted the challenge to do what I can to make a difference. That's why I am urging you to pass a bill or resolution to begin an investigation into the targeting of United States citizens for the types of harassment outlined in my letter below:

Although not widely known by the public, targeted individuals endure a scheme of conduct designed to drive them over the edge mentally, physically, and emotionally. This scheme is referred to among the targeted individual community as "gang stalking." Gang Stalking is a systemic form of control, which seeks to control every aspect of a Targeted Individual's life. Gang stalking takes place outside in the community. It's called gang stalking because the target is followed around and placed under surveillance.

Gang Stalking Goals

The goals of gang stalking are to (a) silence an individual, (b) drive a victim insane and possibly to the point of suicide, and (c) destroy the victim's reputation and believability—as the person will be viewed as mentally ill if they complain or report such abuse. Gang stalking may also be used to force an individual to move or leave an area.

Motivations for Gang Stalking

The motivations for gang stalking vary widely. Three of the most common are as follows:

- Being a corporate or government whistle blower (particularly if you are exposing conduct that is unbecoming of law enforcement);
- Revenge for getting away with a criminal offense;
- Knowing too much about gang stalking itself—because you become a threat to exposure

Who Are The Stalkers?

For the most part, stalkers are everyday citizens that are usually acting under some type of guise (e.g., that they are doing something positive for the community; a false accusation that the targeted individual is under investigation for a crime). Other stalkers, however, are simply paid to harass a targeted individual. Sadly, many of these gang stalkers are involved in law enforcement.

Examples of Gang Stalking Harassment

Here are some of the stalking activities that targeted individuals have to endure: slashed tires, threatening phone calls, hangup calls, verbal assaults by strangers, property damage, death threats, peeping toms, being followed on foot and by vehicle, and character assassination among family, friends, neighbors, and coworkers.

Tactics Used by Stalkers

Anchoring

A technique employed by stalkers to persuade the targeted individual that a particular group is responsible for the abuse—neighbors, racial-ethnic group, etc. The goal is to trick the targeted individual into thinking an innocent bystander is the culprit of their harassment and compel the targeted individual into verbally or physically assaulting that person.

Brighting

Brighting involves the practice of repetitive flashing of a car's high beam headlights at a targeted individual. The targeted individual is flashed an inordinate amount of times from either a tailgating, passing, or oncoming vehicle. Brighting also occurs when bright lights are flashed into a targeted individual's home windows.

Electronic Harassment

Electronic harassment is the use of technological devices to spy on or cause harm to targeted individuals (e.g., exposure to high electromagnetic fields, microwave radiation, etc.). A frequent form of harassment involves beaming a low frequency tone into a targeted individual's area, which over time causes sleep deprivation, agitation, and stress. A great deal of this research is highlighted in a book written by the pioneer of electronic harassment, Dr. Robert Duncan, which is entitled "Project Soul Catcher: Secrets of Cyber and Cybernetic Warfare Revealed." Other prominent individuals in the field include Dr. Nick Begiche, Dr. John Hall, and Dr. Terry Andersen. In addition to electronic harassment, stalkers utilize nanofibers to track targeted individuals.

Ghosting

Ghosting refers to the practice of rearranging or moving a targeted individual's personal belongings to make the targeted individual question his/her sanity (e.g., moving home furniture, lawn decorations, desk decorations, etc.).

Mimicry

Mimicry is a specialized form of harassment in which the stalkers imitate every movement made by the victim.

Mobbing

Mobbing is a term that describes intense group bullying. Several stalkers descend upon a targets area in the same time period. In these instances, gang stalkers are not as discrete because they want to make their presence known to the targeted individual.

Noise Campaign

A noise campaign is an orchestrated effort to produce stress in a targeted individual by prolonged exposure to noise (e.g., neighbors playing loud music, cars passing at rapid paces, vehicle horns blowing, technological devices to induce dogs to bark, etc.).

Sensitization

Sensitization is a psychological term referring to the forced association between a stimuli and a corresponding reaction. For example, if a targeted individual is frequently harassed by people wearing blue baseball caps or sunglasses, over time, the targeted individual will believe that anyone wearing a blue baseball cap or sunglasses is a stalker coming to harass them.

Gas-Lighting

Gas lighting refers to presentation of false information for the purpose of making victims doubt their own memory, perception, and sanity.

Hacking

Hacking generally refers to the downloading of viruses and malware as well as gaining remote access to a targeted individual's electronic devices. After gaining such access, stalkers are able to delete files, modify files, and contemporaneously interfere with a target while he or she is working.

It is my hope that you will accept the challenge as I have. Again, I strongly urge you to consider passing a bill or resolution to conduct an investigation into the harassment outlined in my letter above. Thank you for your consideration.

Sincerely,
